## Ricks & Wilkinson

This is Greenville's

Fastest Growing Store.

# WHY?

BECAUSE no other store Anywhere is so diligent in the interests of the buying public to which it looks for support.

BECAUSE nothing but absolutely reliable merchandise is admitted here at any price--that point is of vital import.

BECAUSE the prices we ask are the lowest known to the merchandise world for goods of the quality we sell.

BECAUSE every sale that we make is backed by an absolute personal guarantee of satisfaction to the smallest detail.

BECAUSE every thing is done to promote your personal comfort while shopping, and to fulfill the most exacting requirements.

And so we might continue to name reason after reason almost without end. No really careful buyer will pass the offers we make without investigating them. Look at this double column full of Economy opportunities for this week:

White India Linen, White Persian Lawns, White Piques. The prices start at 5½c and by an easy rising scale run up as high as 75c.

### NEWSY HAPPENINGS AND BUSINESS NOTES.

WINTERVILLE, N. C., May 20.

The A. G. Cox M'fg. Co. are now in their new office and conveniently and comfortably situated to transact business more rapidly and satisfactorily to all concerned. If possible they can now fill orders more speedily than ever before and to all patrons who have in the past or may honor them in the future they can and do guarantee a prompt attendance to all business entrusted to their charge.

Well, the boys and girls, one would naturally suppose have left us, and a greater majority of them have, but thank goodness we are not entirely forsaken. There are right many here yet, and to be sure, it does seem to us the prettiest we ever did see. You may call us cranky if you want to, but we love a pretty girl and we don't care who finds it out. Whenever thy smile on us, why, well, we smile some, too.

Never in the history of the A. G. Cox M'fg Co. has there been such rush of orders. This is no exaggeration, but an actual fact. In many States, in almost every county of North Carolina, their goods of manufacture are finding their way and building up a reputation for themselves which has already placed them in the best class of goods manufactured of their kind. One half of the people of Pitt county do not realize what an industry there is in their very midst.

Miss Tarshy Kirkendoll, of Ayden, spent commencement with Miss Minnie Clinard.

Misses Lydia Roberson, of Robersonville, and Addie Cox, of La-Grange, two of the school pupils, remained over until Monday, when they left for their homes.

Rev. J. N. Booth, of Greenville, requested us to make mention of the speech he delivered at our commencement. Well, we suppose we have always been noted for our great kindness of heart and that speech was simply immense.

J. E. Green, who has been absent during the strawberry season assisting in shipments on the main line of the W. & W. R. R. is back at his old post, and we are all glad to have it so.

B. F. Manning and R. G. Chapman went to Washington yesterday and returned the same day.

F. O. Cox has had a new coat of paint put on his house and now he has one of the prettiest little homes in the place. He used the "Powderpaint" for which he is sole agent in Eastern Carolina. This is the best cold water paint and took the highest award at the Pan-American last year. See him and get particulars.

Misses Vivian Roberson, of Robersonville, and Bessie Moore, of Kinston, who have been visiting here have returned home.

### Storm Interfered.

The storm interfered with the lawn party by the T. J. Jarvis Chapter Daughters of the Confederacy after they had arranged the court house square for it. The tables were moved in the passage of the court house where they sold the ice cream.

CARD FROM GEN. ROBERTS.

To My Democratic Fellow Citizens of the First Congressional District of North Carolina.

At the Convention to be held in the district during the summer or early fall to nominate a candidate to represent the district in the Congress my name will be presented for nomination for that position.

In making this announcement it is due to you to say, that I stand firmly and immovably on the time honored principles of the democratic party as announced from time to time in its national platforms, and it will be my purpose to secure such legislation as will promote the best interest of the people on questions of tariff reform, improvement of rivers and harbors in our State, secure inland navigation, reduce the burdens upon labor and agriculture, foster manufacturing and mechanic arts and the expansion of commerce.

In regard to State policies; candor compels me to say that I am unalterably opposed to the position taken by some prominent members of the Democratic party in the State on some questions which vitally concern our people. It seems to me that some of our friends have gone wild or become mad on the subject of universal education. I am forever and eternally in favor of white supremacy in the State, and to that end favor the education of the white race to the full extent of every resource and all the means at our command. But reason, common sense, experience, justice and our economic and industrial conditions constrain me to take the position that it is folly and madness, insanity and suicide to extend the same equal privileges of education to the negro race by taxation. In the first place, the negro is not like the white race, and the reason is, because God has not made them alike. It is not the fault of the negro. The leopard cannot change his spots nor the Ethiopian his skin. Secondly, only two years ago in order to free ourselves from certain intolerable and unbearable evils, destructive alike to the best interests of both races, brought about in the counties with large negro populations by the unfortunate enfranchisement of the negro, we were forced to make an effort to amend the State Constitution. The main provision incorporated in the amendment, to remedy the evils we were suffering, was the educational qualification in order to eliminate the great mass of negroes from the electorate. Now by this howl for universal education, it is proposed to destroy the only provision in the amended Constitution which gives any protection to decent government in the negro ridden counties, and thus place them in the

**HEARNE & COMPANY,**  
GROCERS.

same position they were before the constitution was amended. It is idiotic to suppose that the negro educated will not continue to vote against every interest of the white and against his own interests in these negro counties, and every other county, just as he has done for more than a third of a century. The negro is by nature and instinct opposed to the white race. He thinks he must hold the offices and govern.

In corroboration of my position, I have only to refer to that fact that only a few days ago, a delegation of the best educated negroes of the South waited upon President Roosevelt to solicit his aid in behalf of the measures pending in Congress to defeat the purposes of the amended Constitutions of several of the Southern States, which restrict the suffrage of the negro. This negro committee also went before the committee of Congress which has these measures in charge. The education of these prominent negroes does not teach them that the only hope of good government, peace and prosperity for both races in the Southern States depends upon a restricted suffrage for their race for a great number of years. Again, the conferring upon the negro the privileges of education irresistibly hastens the social equality of the races, leads to miscegenation, confusion and destruction of society with untold evils which every good citizen must deplore. There is in the heart of a vast majority of the negro race an over-weening desire for social equality. Possibly

this is natural but the preservation of the civilization of the South demands that it be resisted to the bitter end. There is a place in our industrial condition for the negro and he is valuable in his place, but that place is not in the learned profession, among the elite of society, or as a social companion. Educated, he is less adapted for the place where his services are most demanded and most valuable in our economic system, and we do him great wrong to unfit him by education, to become a valuable citizen. Besides, to continue to levy enormous taxes upon the white race in their improvised condition to confer useless education upon the black race is gross injustice and oppression upon the white race. We are collecting annually money in large amounts from the white race and spending it upon the black, and leaving the children of those who pay the money uneducated. This is a wrong and outrage which must cease. The ridiculous argument often made that we must educate the negro or he would barbarize us is answered by the experience of the past two hundred years. The efficiency and salvation of the negro depends upon his contact with the white race, but this contact and relation must be one of inferiority and superiority. Educate him and he becomes alienated from the white race and worthless as a rule.

In taking the position I do, I desire to say that I do not advocate denying all privileges of education to the negro. Certainly the poll

tax which he pays should be expended on his education, supplemented by such other sums as may be equitable, and his protection and right before the law should be jealously guarded and assured. I am and always have been a true friend to what I conceive the best interest of the negro race.

These and other interests, the details of which cannot now be discussed will be presented for your consideration and upon them I stand and respectfully solicit your votes. Respectfully,  
W. P. ROBERTS.
