TOWN MATTERS.

Proceedings of Board of Aldermen.

The Board of Aldermen held their regular monthly session Thursday night, all the members being present. It was a busy session and kept the members at work until nearly midnight.

The standing committees had no regular reports to make.

The special committee appointed to confer with the former Mayor relative to the employment of F. G. James, attorney, to prosecute W. A. Bright, reported the matter attended to and recommended that the attorney be paid \$100 for his services.

The special committee appointed to look into the error of L. M. Savage in listing taxes for 1901 reported it was found an error had been made and recommended that the taxes on \$1,350 be refunded to him.

The special committees to confer with the Board of County Commissioners relative to purchasing a clock for the court house tower, and the establishment of a hospital in Greenville, reported that they had been before the Commissioners but that body had not yet taken definite action in the matters.

Mayor W. H. Long was appointed as the representative of the town on the Board of Incorporators of the hospital.

The Tax Collector made a special report showing the amount of special taxes he had collected for the interest on bonds and for graded school, about \$3,750 for the

former and \$750 for the latter, and that pending the injunction now awaiting decision by the Supreme court he had deposited this money with the Greenville Banking & Trust Company to await such decision and the orders of the Board of Aldermen.

The special committee to look after the bond matter also made a report that they had looked into the matter as set forth by the Tax Collector and found his report correct, and recommended the adoption of an order approving his course and also the appointing of a special accountant to go over the tax books and prepare a complete statement to be rendered to the incoming Board. This was adopted and A. L. Blow was appointed as such accountant.

The Tax Collector, Policemen and Chief of Fire Department filed their monthly reports.

The finance committee presented their report on the purchase of the lot from P. R. and W. E. Hooker, on the corner of Fifth and Cotanch streets, on which to erect market house, city hall, &c. The lot is 80 feet front on Fifth street and 164 feet deep, the price being \$2,800, terms \$1,000 cash and two notes for \$900 each, one payable Dec. 1st, 1902, the other June 1st, 1903. The report was adopted, the deed accepted and the order and notes for the purchase executed by the Board.

A bill by L. I. Moore for \$150 for expenses incurred in connection with sale of bonds was presented and deferred for consideration until next meeting.

The Board opened and canvassed the returns of the Registrars and

Judges of the election for Aldermen, held on the 2nd inst., and declared the result in accordance with a notice published in another column by the Clerk.

Accounts were allowed amounting to a little over \$1,700, this including the \$1,000 cash payment on lot.

FRIDAY, JUNE 6, 1902.

After many futile efforts at peace, the Boer war in South Africa has at last been brought to a close. While it has been a bitter struggle, and both sides equally determined, the English no doubt are more glad than the Boers that the end is here. England has gained nothing by it except an acknowledgment by the Boers of King Edward—a very empty honor—while the Boers got all they asked except absolute independence. It was a costly victory, the price running beyond 20,000 men killed and wounded, and \$800,000,000, far more than England can ever get out of it. It was a victory only a little better than defeat, if any. England's prowess has suffered in the eyes of the world, and what she has gained in her victory will hardly compensate for her loss of prestige.

Census Report on Agriculture in North Carolina.

Washington, June 3.—The census report on agriculture in North Carolina shows that on June 1, 1900, the State had 224,637 farms, valued at \$194,655,920. Of the valuation 27 per cent. was in buildings and the remainder in land and other improvements than buildings. The farm implements and machinery was \$9,072,600 and live stock \$30,106,173, making the total value of farm property \$233,834,693. The total value of farm property \$233,834,693. The total value of farm products for 1899 was \$89,309,638, of which 23 per cent. was in animal products and the remainder in crops, including forest products, the products for 1899 exceeded those of 1889 by 78 per cent. The gross income upon investment was 34 per cent.

A. L. Blow for the Senate.

OAKLEY, N. C., June 6, 1902.

EDITOR REFLECTOR:

Permit me through your paper to make just one suggestion to the voters of Pitt, as the time is near to select officers for the various offices, and that is this: Let's send that true and much abused Democrat A. L. Blow to the next Senate of North Carolina. I don't know whether he would accept or not, but we don't think he is that kind of a Democrat to back if he was to receive a unanimous nomination. We are confident every man in the county can vote for him, except a few of the old time radicals. Let's hear from the voters about this affair.

DEMOCRAT.

Postoffice Facts.

A pamphlet recently issued by the postoffice department gives the following statistics, showing the growth of the postal service since the Revolutionary war:

In 1789 there were only 75 post-offices established, the length of the post routes being 2275 miles, and the gross revenue of the department being only \$7510. The expenditures for the same year were \$7360, and of this only \$1657 was paid in salaries to postmasters.

There were in 1901 76,594 post offices in operation, 511,808 miles of post routes, and 466,146,059 miles of mail service performed. The gross revenues of the department were \$111,631,103, the expenditures \$115,039,607, and \$19,113,590 was paid as compensation to postmasters.

From June 30, 1847, to June 30, 1851, 4,603,200 postage stamps were issued, while in the single year 1901 4,329,273,696 stamps were used by the people of the United States.

In 1853, the year in which stamped envelopes were first issued, 5,000,000 were used, while in 1901 the total was 712,813,000.

The first year's issue of postal cards—1873—numbered, 31,094,000, while in 1901 659,614,800 were issued.

The registry system was started in 1855, and in that year the number of registered pieces was 629,322. In 1901 they numbered 20,814,501.

In 1865 money orders to the amount of \$1,360,122 were issued, while in 1901 the total amounted to \$274,546,067.

The number of pieces of matter of all kinds mailed increased from 500,000 in 1790, to 7,424,390,329 in 1901.

Leads Them All.

"One Minute Cure beats all other medicines. It cures colds, coughs, croup and throat and lung troubles," says D. Scott Curran of Loganton, Pa. One Minute Cure is the only absolutely safe remedy which acts immediately. Mothers everywhere testify to the good it has done their little ones. Croup is so sudden in its attacks that the doctor often arrives too late. It yields at once to One Minute Cough Cure. Pleasant to take. Children like it. Sure cure for grip, bronchitis, coughs. John L. Wooten.

If the rooster is a crocus the crow must be a caucus.

Although variety is the spice of life, some fellows stick to cloves.

When a woman loses her power to make a man jealous it's all off.

It isn't always safe to judge a man by the way he acts on Sunday.

When people marry for fun they deserve all that's coming to them.

Some people never take a hint, and wouldn't know what to do with it if they did.

Only a man with a whole lot of money can afford to act as though he hadn't a cent.

No, Maude, dear; when a man is in the pink of condition he shouldn't have that sort of a nose. "This is quite a come down for me," remarked the inventor of the airship as his machine collapsed.

No matter how stupid a girl may be, never say she is dull, or she may be tempted to eat you just for spite.

A woman is never satisfied until she ruffles a man's temper, just to see how he will act.

Spring Fever.

Spring fever is another name for biliousness. It is more serious than most people think. Atorpid liver and inactive bowels mean a poisoned system. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. Safe pills. Never gripe. "I have taken DeWitt's Little Early Risers for torpid liver every spring for years," writes R. M. Everly, Mountsville, W. Va. "They do me more good than anything I have ever tried." Extra Hour for Listing.

H. A. Blow, Tax Lister, will next week remain in his office an extra hour each evening—from 6 to 7 o'clock—to give working men and laborers who are engaged until 6 o'clock an opportunity of listing taxes after they have finished their days work. This is quite an accommodation to those who cannot get away from their work until 6 o'clock and they should all take advantage of it and list their taxes next week.

A pig headed man is one who doesn't think as we do.

A Real Friend.

"I suffered from dyspepsia and indigestion for fifteen years," says W. T. Sturdevant of Merry Oaks, N. C. "After I had tried many doctors and medicines to no avail one of my friends persuaded me to try Kodol. It gave immediate relief. I can eat almost anything I want now and my digestion is good. I cheerfully recommend Kodol." Don't try to cure stomach trouble by dieting. That only further weakens the system. You need wholesome, strengthening food. Kodol enables you to assimilate what you eat by digesting it without the stomach's aid. John L. Wooten.
