ANOTHER AYDEN FIRE.

Block of Buildings Destroyed Sunday Morning.

At about 1:15 o'clock Sunday morning the town of Ayden, 10 miles south of Greenville, was visited by another disastrous fire, destroying property to the value of \$12,000, with a little less than \$1,000 insurance. It was just four weeks, almost to the hour, since that town had a fire in which the losses were about \$40,000 with only about \$9,000 insurance.

This last fire, like the former, is supposed to be of incendiary origin. It started in the rear of J. W. Taylor's jewelry store and could not be checked until several buildings had been destroyed. It was only by most heroic efforts that the large stores of J. W. Quinerly & Bro., W. M. Edwards & Co. and Cannon & Tyson were saved.

Following is a list of the losses so far as could be obtained:

W. C. Coward, damage to moving furniture, \$200, insured.

Zeno Lyons, damage to stables, \$100, no insurance.

J. H. Byrum, building \$750, insurance \$500; stock \$600, no insurance.

H. C. Venters, stock \$300, no insurance.

D. L. Failey, stock \$300, no insurance.

J. W. Taylor, jewelry store and stock \$300, no insurance; store occupied by E. Tripp, \$750, insurance \$450.

Edwin Tripp, stock \$800, insurance \$300.

G. W. B. Garriss, vacant store \$500, no insurance.

J. W. Cox & Co., stock \$1,000, no insurance.

J. J. Smith, two store buildings, market and stables \$800, insurance, \$450.

J. F. Keel, stock \$300, no insurance.

Miss Annie L. Smith, damage to millinery stock about \$400, no insurance.

I. J. McLawhorn, market and fixtures \$40, no insurance.

W. C. Jackson & Co., damage to stock about \$500, insured.

Dr. M. M. Sauls, damage to stock about \$1,500, insured.

Knights of Pythias Officers.

Waffle irons of aluminium are new and are said to give satisfaction. They retain the heat better than iron and make no smoke, as they require but little grease.

A Real Friend.

"I suffered from dyspepsia and indigestion for fifteen years," says W. T. Sturdevant of Merry Oaks, N. C. "After I had tried many doctors and medicines to no avail one of my friends persuaded me to try Kodol. It gave immediate relief. I can eat almost anything I want now and my digestion is good. I cheerfully recommend Kodol." Don't try to cure stomach trouble by dieting. That only further weakens the system. You need wholesome, strengthening food. Kodol enables you to assimilate what you eat by digesting it without the stomach's aid. John L. Wooten.

MONDAY, JUNE 9, 1902.

A certain mineral spring company in this State has hit upon a plan looking for a lot of free advertising from North Carolina newspapers. For the best articles about the springs and hotel premiums of one, two, three and four weeks' board are offered. We do not expect the project will get as much free advertising as the promoters anticipate.

Oats Cut and Cured in The Milky Stage.

The main crop of oats is usually seeded early, but it is customary in some sections, where hay is not extensively grown, to sow oats as late as the first of June, cutting the crop when the seed is in the milky stage. The nutritious matter in the stalks is thus arrested on its way to fill out the heads, and as the stalks will be green when cut they will also be more digestible than the straw of oats grown for seed. The oats are cured in the same manner as hay, with the exception that the farmer may, if preferred, use the harvester and binder, which will bundle the oats when the crop is cut. All kinds of live stock relish oats thus cured, and the bundles are passed through the feed cutter, and the cut feed, consisting of the grain and stalks, will be in a more palatable form than many other kinds of food. The farmer thus utilizes to the best advantage a large mass of digestible material, and he avoids the expense of threshing and cleaning the grain. It is an advantage to grow such a crop where there seems to be probability of a short hay supply, and the oats will give good results on sandy soils on which no profitable hay crop can be grown. All kinds of weeds will also be lessened, as oats grow rapidly and keep weeds down. While it is not maintained that oats grown and cut in the milky stage should be substituted for the matured oat crop, yet it will pay any farmer who has a field to spare to sow it to oats and try the food on his cows as a variety in winter. The result will be that less grain will be required and the cows will respond liberally in yields of milk compared with some foods which are not produced at such little expense.—Philadelphia Record.

A New York department store, after a 30 days' test with an automobile delivery wagon, demonstrated that the vehicle did work which formerly necessitated the services of six horses and two wagons (with the necessary drivers) and that a saving of \$216 a month over their present system was indicated.

A Chinese Sawmill.

It is a strange sight to see a Chinese sawmill and the peculiar manner in which the work is accomplished. It consists of a log that has been hewn square and placed upon supports, on which a single Chinaman nearly naked stands and manipulates a large saw, which comprises the motive power and the requisite machinery, and by a very slow process the lumber is cut in thickness to meet the demands of trade. It is said there are no other kinds of sawmills in all that country. And to think that such a state of affairs exists in an empire over a thousand years old and among a people in some respects so proficient! The reason for this no doubt is the immense population that struggles for existence. Very cheap labor is the result, the average wages being from 10 to 20 cents a day.

Spring Fever.

Spring fever is another name for biliousness. It is more serious than most people think. Atorpid liver and inactive bowels mean a poisoned system. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. No pills. Never gripe. "I have taken DeWitt's Little Early Risers for torpid liver every spring for years," writes R. M. Eversly, Mountsboro, Va. "They do more good than anything I have ever tried." John L. Wooten.

New Lease of Life for an Iowa Postmaster.

Postmaster R. H. Randall of Dunlap, Ia., says: "I have been a great sufferer from indigestion and resulting evils for years. Being unable to obtain permanent relief, I resolved to try Kodol Dyspepsia Cure. Before I had taken one bottle I knew I had found what I had long looked for. After a few bottles I was cured of a soreness in my left side that I had not been free from for over ten years. I am better today than for years. Kodol Dyspepsia Cure has given me a new lease of life. "If any suffering person will use Kodol Dyspepsia Cure, I believe, if it is a diseased stomach from which they suffer, that they will receive permanent relief. Anyone wishing can have a sworn statement as to the genuineness and truthfulness of this statement."

This testimonial is the voluntary statement of a man who has suffered, found relief and wants others to receive the same benefits. Kodol Dyspepsia Cure will cure any case of stomach trouble. It rests the stomach by digesting what you eat. The rest alone would restore health. But Kodol Dyspepsia Cure also contains tonics which build up the organ and hasten the good results. You don't have to diet. Kodol Dyspepsia Cure will digest what you eat. Helps children, too.

Kodol Dyspepsia Cure Cures all Stomach Troubles.

Prepared only by E. C. DeWitt & Co., Chicago. The 51. bottle contains 2 1/2 times the 50c. size.

MISS FAY LEE,

President of the Shakespearian Club, Kansas City.

"Your booklet came to my home like a message of health when I had suffered with headache, backache and bearing-down pains. I was weak, nervous and hysterical and had not consulted any doctor, thinking it would pass away in time, but instead I found that the pains increased and were more frequent. I decided to try Wine of Cardui and in a short time was much improved. It seemed to act like a charm. I kept up the treatment and the result was most satisfactory. Words fail to express my gratitude for the suffering that is now saved me. I am in fine health, physically and mentally. I can only say 'thank you,' but there is much more in my heart for you."

Miss Fay Lee.

BEARING-DOWN pains are the worst that women know. If you are suffering from this trouble you need not be uncertain about it. The pains in the abdomen and back that feel as if heavy weights were pulling down on the nerves of the stomach are "bearing-down pains". They may not be particularly severe at present but they are growing worse. That headache which nearly drives you distracted now is caused by the terrible

nervous tension. The nerves soon begin to give way under the strain. You perhaps jump at any unusual disturbance, or laugh or weep, hysterically, at no apparent cause. That is what Miss Fay Lee, 608 1/2 North Seventh Street, Kansas City, Kansas, was coming to when she rescued herself by taking Wine of Cardui. The Wine made her a strong, healthy woman again, as it has made a million other women strong and healthy. By inducing regular menstruation the entire system is relieved of the terrible wasting drains. The ligaments which hold the womb in place are strengthened by a healthy flow and that organ is returned to its normal position. Returning health is the result. This is what Wine of Cardui has done for thousands of the best women in America.

If you need advice write The Ladies' Advisory Department, The Chattanooga Medicine Company, Chattanooga, Tenn., describing all your symptoms freely, and a letter of advice will be sent you. Secure a \$1.00 bottle of Wine of Cardui from your druggist to-day.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

Make Brick.

Work on buildings in progress
here has recently had to stop sev-
eral times and been hindered be-
cause of inability to get brick fast
enough. This is another argument
that Greenville should have a plant
for making brick. There would
be money in such an enterprise as
well as a saving to builders.

The young ladies composing the

The Arion Trio assisted in the
music. The offertory at the morn-

The North Magnetic Pole.

There are three things about the
North magnetic pole that have
not been discovered—exactly
where it is, whether it is a certain
point or a large area and whether it
moves as to position or subject
change. An expedition is now
being sent out in Norway to determine
these things, if possible.
