#### Ready to Yield.

"I used DeWitt's Witch Hazel Salve for piles and found it a certain cure," says S. R. Meredith, Willow Grove, Del. Operations unnecessary to cure piles. They always yield to DeWitt's Witch Hazel Salve. Cures skin diseases, all kinds of wounds. Accept no counterfeits. John L. Wooten.

#### They Get Prizes.

Friends of THE DAILY REFLECTOR carriers are again reminded that the boys are working for prizes this month, the one bringing in the largest list of new subscribers getting a \$2.50 gold piece in addition to commissions, and the next largest a silver \$1. Any one can help the boys win the prizes. They are hustling after names.

#### Spring Fever.

Spring fever is another name for biliousness. It is more serious than most people think. Atorpid liver and inactive bowels mean a poisoned system. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. Safe pills. Never gripe. "I have taken DeWitt's Little Early Risers for torpid liver every spring for years," writes R. M. Everly, Moundsville, W. Va. "They do me more good than anything I have ever tried." John L. Wooten.

#### Resolutions of Respect.

Hall of Covenant Lodge  
No. 17 I. O. O. F.

Whereas, We have again been so forcibly reminded that "Death is abroad in the land and the spoiler is among the works of the Almighty." This time the blow has fallen on our much beloved Bro. W. H. Ragsdale in the death of his devoted wife. Therefore resolved 1st. That we extend Bro. Ragsdale our heartfelt sympathy in this his saddest hour and pray that the all seeing eye of God will always be upon him and his dear children to protect and guide them through this world and bring them an undivided family to that happy home beyond this land of parting and weeping.

2nd. That a copy of these resolutions be sent to Bro. Ragsdale, to the papers of our town for publication, and a copy by spread upon our minutes.

#### A Real Friend.

"I suffered from dyspepsia and indigestion for fifteen years," says W. T. Sturdevant of Merry Oaks, N. C. "After I had tried many doctors and medicines to no avail one of my friends persuaded me to try Kodol. It gave immediate relief. I can eat almost anything I want now and my digestion is good. I cheerfully recommend Kodol." Don't try to cure stomach trouble by dieting. That only further weakens the system. You need wholesome, strengthening food. Kodol enables you to assimilate what you eat by digesting it without the stomach's aid. John L. Wooten.

#### Potatoes.

The prices quoted for potatoes today were as follows:  
New York, \$3.25, to \$4  
Philadelphia, \$3.25 to \$3.75.  
Pittsburg, \$2.50 to \$3.75.

#### NEWSY HAPPENINGS AND BUSINESS NOTES.

WINTERVILLE, N. C., June 11.

Those having orders with us for tobacco fines can get them any time.—A. G. Cox Mfg Co. If you need an extra set or any repairs come at once.

The infant child of Mr. and Mrs. B. F. Gray died last Saturday night and was buried Sunday evening at the Byrd burial ground.

Those wishing canned fruit of the very best quality had better apply to the Winterville Canning Co. at once, or immediately soon after as possible, or they will be disappointed. Their goods are finding a ready market. This is not an ad. We are only trying to look out for our friends and we know they will appreciate our effort.

Mrs. M. G. Bryan and Bruton, who have been visiting over in Bethel, have come home.

Testimonial—A. G. Cox Mfg Co.—In answer to your inquiry of the 30th May as regards your Economic Back Bands will say we like them. Our customers like them. We think it the best back band in use for either wagon or plow. Fits either a poor or fat horse, quick and easily adjusted. We think every farmer and every wagoner should use them. Truly, Dixon & Hooker.

Misses Effie and Hattie Kittrell went to Farmville yesterday.

Most of the young people were out of town Sunday.

B. F. Manning & Co., have just received a car load of hay and a car load of flour.

Mrs. Alex Evans and Annie Nelson went to Greenville yesterday to spend a few days visiting.

Mrs. Mary Smith and Annie Stox returned from Chocowinity and Vanceboro Monday.

Mr. and Mrs. A. G. Cox spent Saturday and Sunday with Mr. and Mrs. Samuel Mumford, of Ayden.

J. F. Harrington is attending the picnic at Farmville today.

W. H. Worthington, the colored barber, is at his post strictly every Saturday. He is getting lots of patronage too.

The A. G. Cox Mfg. Co shipped two car loads of tobacco fines this week.

Life has many changes and its variations are great, the human kind however rarely feels its effect. All fools are not dead. We are living.

C. A. Fair requests all who have laundry to send off next week to have it at his store not later than next Monday evening, 16th.

Where there is a will there is a way, it is said, but what we want to know where is the way and what are the means for writing items for a paper on a hot summer day, and that too when everybody has gone to Farmville to hear Governor Aycock speak. Tell us, [Your good items are the best answer.—ED.]

#### Low Water.

The water is so low in the river that steamers find difficulty in getting up to Greenville. The gasoline boat transfers passengers and freight when the steamer cannot get up to the wharf.

## BE SURE YOUR SINS WILL FIND YOU OUT.

This from the Durham Sun will doubtless remind some others of similar little omissions to fulfill obligations on the part of the gentleman named. It says:

"The Times says that Mr. Pannill, of a paint company in this State, is in Raleigh painting that town red, with his roof paint. We would like to see Mr. Pannill up this way and have him settle about two bills he is owing this office. He can then get his paint out, and we would have a better opinion of his way of doing business."

There is a hit right, and it being reprinted in the Henderson Gold Leaf, from which we clipped it, leads to the belief that that paper also run up against the roof paint man. Some years ago this same Mr. Pannill beat THE REFLECTOR out of an advertising account, and thinking then we were perhaps his only victim no squeal was made about it, though several efforts were made to get him to square up. Still it looks, from the above papers having something to say on the subject, as if he had been working his game generally.

It is not often that the North Carolina newspapers find swindling advertisers in this honest old State, but they do sometimes meet with them. And this reminds us that a certain military school with a hyphenated name, in a town less than a hundred miles from Greenville, still has the advertising bills for last year unpaid, if we are informed correctly. At any rate that is the way with THE REFLECTOR account, and we know of one other paper without a response to numerous requests for remittance.

## THE BENEFITS TO BE DERIVED FROM MANUFACTURING PLANTS.

The railroad shops are a great boon to Salisbury. There are over 1200 employes paid off every week at that point and at Spencer, the location of the shops, near by. While we do not know the average wage of these people, it is fair to assume that they are good, and from this we can know somewhat of the benefits Salisbury derives from such a source.

Manufacturing enterprises are the very life blood of any town or community, and in fact there is no real progress without them. There is nothing to stimulate the growth that is desired.

For example, suppose Greenville had a score of industrial plants of various kinds, employing in the

# HEARNE & CO., GROCERS.

aggregate 1,000 people at an average wage of \$5 per week, can any one measure the value of such earning capacity? There would be a weekly discharge in our midst of \$5,000, and one interesting feature about it is, that all this money is brought here from a distance, and distributed among our own people. In the majority of cases, money so earned is seldom spent out from home, but it is all put in immediate circulation in the community where earned, and every person is a participant directly or indirectly of the benefits accruing from this disbursement. It is that much extra money added to our present supply. And this is what counts in a material sense.

Here is a proposition for our business men to consider. There certainly must be idle money here seeking profitable investment, and many manufacturing enterprises of a few thousand dollars capital would easily pay dividends of 8 and 10 per cent. Now is a good time to move in the matter.

## OUR FARM PRODUCE EXPORT TRADE.

Our exports of farm produce for the year 1901 amounted to \$952,000,000, the largest agricultural export trade ever known. It was more than export value of all other industries combined, being 65 per cent of our entire foreign bought merchandise.

There is in this an object lesson for all who are employed in farming. That there is money in good farming nobody will deny. If carried on properly the profit is about as great as in almost any other line of industrial enterprise. And with the great difference between the cost of modern machinery for the farm and that for manufacturing plants, the farmer can easily see his advantage. And the prices now obtained for all farm products are higher than they have been for many years. The demand is much greater than the supply.

The active demand for an arti-

cle and the small cost entailed in making preparations are important factors to consider when engaging in any enterprise. The farmers have the chance of reaping a golden harvest, if they will only take advantage of the fine opportunity offered them. It will not so happen often in a life time.

The state of Oregon has just elected a Democratic governor, which indicates that the Democratic party of that state has returned from its rainbow chasing to pursue a course dictated by reason and honesty.

### Almost Appalling.

The situation from continued  
dry weather in some sections of  
the county is becoming almost ap-  
palling. A number of farmers  
tried several times to get a stand  
of tobacco, but the plants died as  
fast as they were set out. Then  
they planted the land in cotton  
and there has not been enough  
rain to bring the cotton up. The  
weather report continues to indi-  
cate fair and warmer weather,
