NINE-TENTHS OF PEOPLE FAVOR CLARK.

GRIMESLAND, N. C., June 14, 1902
EDITOR REFLECTOR:

Please give space in your paper for a short article in defence of Judge Clark. I see in King's Weekly an article, "Come, let us as good Democrats reason together. The political situation is serious and muddled. The opposition to Judge Clark means danger," &c., &c., &c.

What are the facts as the rank and file of the Democratic party see it? Nine-tenths of the party endorse Judge Clark for Chief Justice of Supreme Court. Why? Because as a Superior Court Judge and as Associate Justice of Supreme Court his very able and fair decisions have met with the hearty approval of the people. He has rendered the State immense service in other ways for which every true Confederate soldier and sympathizer with the cause for which they gave up so much should feel grateful. This service was rendered without reward or the hope of reward. But few men in the State could have done this work so well. The charges made by and through Gov. Russell, the railroad and other corporations' agent have all fallen flat. Why do I say so? Have not nine counties out of ten that have held their convention endorsed Clark? Shall nine-tenths of the party allow the four hundred McKinley Democrats, the agents of the Southern railroad, Gov. Russell and a few Democrats who swallow all they read in the Raleigh Post, to dictate the nominations of the Democratic party?

God forbid.

It means something to the railroads to be able to control the Supreme Court for the next eight years. It behooves the people to see that this combination of Republicans straight, Republicans in disguise and railroad Democrats are thwarted in their efforts.

Pitt county appreciates the past valuable services of Judge Clark, and believes when the county convention meets, nine tenths of her vote, if not ninety-nine one hundredths, will be cast for Judge Clark. Henry King (Editor of Kings Weekly) is not in touch with the people upon this point. I first knew Walter Clarke thirty-six years ago when the seventeen-year-old boys were made men in Gen. Joe Johnson's army before old Sherman. If he had not been splendid material he would not have been made Major of his Regiment at the tender age of seventeen. He made a fair soldier as a boy. His life since the war as a man and as a public officer has been "par excellence."

J. J. LAUGHINGHOUSE.

A Real Friend.

"I suffered from dyspepsia and indigestion for fifteen years," says W. T. Sturdevant of Merry Oaks, N. C. "After I had tried many doctors and medicines to no avail one of my friends persuaded me to try Kodol. It gave immediate relief. I can eat almost anything I want now and my digestion is good. I cheerfully recommend Kodol." Don't try to cure stomach trouble by dieting. That only further weakens the system. You need wholesome, strengthening food. Kodol enables you to assimilate what you eat by digesting it without the stomach's aid. John L. Wooten.

FARMVILLE ITEMS.

FARMVILLE, N. C., June 14.
The educational rally at Farmville the 11th was very much enjoyed and a large crowd was present from near and far. Gov. C. B. Aycock delivered an able address that morning, his main topic being Education. We thank him very much for his presence and hope we will again have the honor of a visit from him very soon.

Misses Janie Tyson, Lucy Forbes Alice Lang, Lena King, Minnie Tunstall, Sudie Harding and Mary Moye, of Greenville, were here at the rally Wednesday.

John Gay and Walter Patrick, of Greenville, were in town Wednesday.

Miss Effie Vines, of Tarboro, is visiting her cousin, J. T. Dixon, near here.

Miss Effie Vines and Mrs. Hulda Dixon went to Greenville yesterday morning.

Miss Nannie Moye Lang, who has been attending school at Morganton, returned home Wednesday to spend vacation.

Work has begun on W. M. Lang's new brick store which is rapidly going up.

There was an excursion from Farmville to Norfolk the twelfth. A few from this place went and several from other stations.

There was a special train from Tarboro here Wednesday. Several came to hear the Governor's address.

S. M. Pollard went to Wilson yesterday on business.

Miss Letha Burnett, is visiting her aunt, Mrs. R. M. Nichols, at Falkland.

Misses Daisy Carman and Ellen Tyson spent Wednesday night in town with Misses Pearl and Fannie Moore.

W. B. Pollard, who has been travelling through the eastern and central part of the State, returned home yesterday.

John R. Davis is quite sick. We hope he may soon improve.

The children's day exercises will be held in the church fourth Sunday night in this month. Everybody is invited, especially those who are interested in the missionary cause.

Mrs. Charlotte Dead.

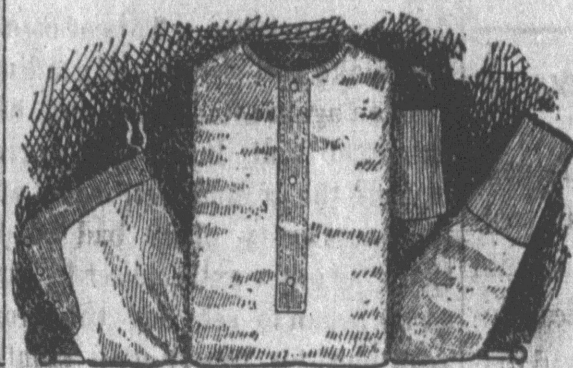

Mrs. S. A. Charlotte died about noon today at the home of her niece, Mrs. W. H. Laughinghouse, in South Greenville, with whom she lived. Mrs. Charlotte was 75 years old and had been in feeble health for some time. She was twice married, but left no children, and no nearer relatives than nephews and nieces. She was a member of the Methodist church and an earnest Christian, a kind hearted woman whose life was marked with many good deeds.

The funeral will take place Tuesday afternoon at 4 o'clock, services being conducted in the Methodist church by Rev. H. M. Eure. Interment will be in the Methodist cemetery.

Spring Fever.

Spring fever is another name for biliousness. It is more serious than most people think. Atorpid liver and inactive bowels mean a poisoned system. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. Safe pills. Never gripe. "I have taken DeWitt's Little Early Risers for torpid liver every spring for years," writes R. M. Everly, Moundsville, W. Va. "They do me more good than anything I have ever tried." John L. Wooten.

GOING AWAY?

IF SO, see that your trunk contains a good stock of vacation stuff. You'll need Outing Shirts, Ties, Collars Cuffs, Fancy Hosiery, and perhaps

a suit of nice Underwear. All the fixings a gentleman needs and a good assortment of each sort at prices with which he will not think of finding fault. Step in before you leave.

THE BIBLE IN OUR SCHOOLS.

The subject of more Bible teaching in our public schools and colleges is attracting more than usual interest just at this time, occasioned perhaps by the wide spread disbelief in certain parts of the Book, and the apparent indifference with which unorthodox opinions of ministerial candidates are viewed by church licensing boards.

Recently two of the great religious denominations in their respective general assemblages have deplored the utter lack of Bible training, or a very careless kind at least, and urged that more attention be given to the study of the Bible in our institutions of learning. They are right in taking this bold stand, and should never let up until they see the Bible taught in every school in the land. This has been objected to by some on the ground that the Bible is a sectarian book. But this is wide of the real truth. It is sectarian only in the eyes of those who are so narrow minded as to pervert any truth that they may further their own selfish ends. The Bible is a book for all, a source of living joy for the readers of its pages, with always a word of sympathy for those who are in need of comfort, and it cannot be this and be sectarian at the same time. The Bible is just what it should be, and just what we need, and what we must have. So let us see the Bible firmly established in all our schools, and we will soon see its fruits in the birth of a nobler and truer christian manhood.

THE CROP OUTLOOK IN THE EAST.

There is no doubt that the farmers in Eastern North Carolina this year intended to largely increase their tobacco acreage—that is increase it to the extent of their capacity to cultivate and house it successfully. I have taken little stock in the reports sent out from various parts of the country early in the season that the tobacco crop would be the largest that had ever been planted.

As above stated I think it was the intention of our farmers to increase to their full capacity to cultivate and save, but this year more than any that I have ever noticed there have been more difficulties and hinderances in the way of planting the crop. In the first place we have had an unprecedented cold, wet, late spring which prevented many farmers from getting plants, and in many instances farmers rode twenty miles to get plants to finish their crops that had been partially set with a different kind of tobacco. I know one farmer that says he rode fifty

WHAT URGES YOU TO PATRONIZE THIS STORE ?

EVERYTHING THAT GOES TO MAKE A SATISFIED CUSTOMER.

HEARNE & CO., GROCERS.

miles for plants and after getting enough to get over his crop at least one-fourth is dead, and of what he has left there are at least a dozen different varieties. This of course will make bad curing and grading.

Then again after the winter had extended well into the spring leaving the ground wet, sour and in almost every other bad condition, the other extreme set in just as we began to set out the crop. And now for nearly two months we have had an almost unbroken drought. From every section comes the complaint of bad stands.

On the eleventh of May I rode from Greenville through the country to Wilson and I never saw such a poor stand of tobacco in my life. It was then very dry and farmers were setting out and watering. It is now the fourteenth of June and we have not had a good rain yet—of course there have been little showers that have helped wonderfully, otherwise I don't believe there would be half a crop in all this eastern belt—and the plants that are living look weakly and yellow. I saw several crops on the Wilson road that I know did not have half a stand. Last week I rode over several miles of country and crops were poor and farmers discouraged. If there is rain within the next few days a great many farms will replant even at this late day, but it will be only chance if this late tobacco amounts to much.

Now under these conditions how shall we look at the situation? I don't believe there is over 75 or 80 per cent. of a perfect stand and at present this does not look at all encouraging, but we must recollect that since this tobacco was set we have had no rain to wet the ground and the plant has not been benefitted by the fertilizer, meantime the roots have been going deeper in search of moisture and the plants that are alive are be-

coming well set and as soon as we have rain the fertilizer will become immediately available and the roots that have already worked themselves all amongst it will take new life and soon become strong, healthy plants.

While the crop at present does look bad and discouraging yet let us be cheerful and not lose hope. The one thing to keep a constant watch upon is the condition of the plant. If it shows signs of buttoning out the surest and best preventive is to get your plow just as close to the plant as you possibly can without touching it and go down deep. The leaves may wilt and look very sick but in a few days you will see big change. This is almost a sure preventative of premature buttoning. Constant plowing is also necessary. Because it is dry and you raise a lot of dust is no reason for stopping but an argument to continue stirring the ground.

New Lease of Life for an Iowa Postmaster.

Postmaster R. H. Randall of Dunlap, Ia., says: "I have been a great sufferer from indigestion and resulting evils for years. Being unable to obtain permanent relief, I resolved to try Kodol Dyspepsia Cure. Before I had taken one bottle I knew I had found what I had long looked for. After a few bottles I was cured of a soreness in my left side that I had not been free from for over ten years. I am better today than for years. Kodol Dyspepsia Cure has given me a new lease of life. "If any suffering person will use Kodol Dyspepsia Cure, I believe, if it is a diseased stomach from which they suffer, that they will receive permanent relief. Anyone wishing can have a sworn statement as to the genuineness and truthfulness of this statement." This testimonial is the voluntary statement of a man who has suffered, found relief and wants others to receive the same benefits. Kodol Dyspepsia Cure will cure any case of stomach trouble. It rests the stomach by digesting what you eat. The rest alone would restore health. But Kodol Dyspepsia Cure also contains tonics which build up the organ and hasten the good results. You don't have to diet. Kodol Dyspepsia Cure will digest what you eat. Helps children, too.

Back In Warehouse Business.

Our tobacco farmer friends will be pleased to hear that Mr. G. F. Evans will again re enter the warehouse business.

Mr. Evans will be one of the proprietors of the Greenville warehouse next season—which means there will be lively times on sale at the Greenville, for the farmers say old man Guss is a hustler. It was about twelve years ago when he ran the first warehouse on the Greenville market. He has since that time been continuously connected with the tobacco market, and many hundreds of dollars has he put in the planters pockets by his superior judgment of the golden weed.

Runaway.

Sunday afternoon three daughters of Mr. W. S. Fleming started in the country. While crossing the river bridge their horse became frightened and run away. One of the young ladies was thrown out on the dam beyond the bridge, another was thrown out near the Wilson place, while the other kept her seat and tried to hold the horse, until there was a collision with a cart just this side of the cross roads when she also was thrown out. Neither of them was seriously hurt though all were more or less bruised. The buggy was not very badly damaged. Mr. Frank Johnston, who was driving out on that side of the river took the young ladies up and brought them home.

Picnics.

The Baptist and Disciples Sunday schools will both have picnics next Thursday. The former will go about two miles down the river, and the latter will go to Boyd's Ferry, and possibly run on down to Washington. Both contemplate a big time.

Ready to Yield.

"I used DeWitt's Witch Hazel Salve for piles and found it a certain cure," says S. R. Meredith, Willow Grove, Del. "Operations unnecessary to cure piles. They yield to DeWitt's Witch Hazel Salve. It cures skin diseases, all kinds of wounds except no counterfeits." John L. Wooten
