Great Cut in Prices of High Class

Wash Dress Fabrics and Silks

Although most houses wait until the end of the season to make reduction, it has never been our policy to do so. We put a time limit on goods, and if not sold within that period, they must go. This week we offer among other great values many of our finest novelties at prices far below cost of importation, an opportunity customers can thoroughly appreciate with the season all before them.

All of our White Goods, Lawns, Dimities, Silks, Chiffons, Mercerized Gingham, Piques, in white and figured, have been reduced 25 per cent.

Also 10,000 yards Challoys and Scotch Lawns 4½c yard. Fine sheer quality, pin dots, rosebud all over effects, fancy stripes and figures, white and tinted, full assortment. Lot not broken. (This quality elsewhere 7c yd.)

### KING EDWARD ILL.

#### And the Coronation Has Been Postponed.

For some days the papers have been speaking of the illness of King Edward, of England, and intimating that it might be of such a nature as to interfere with his coronation which was set for this week and in which all the world felt more or less interest. Some looked at the reports of the King's health lightly, while others received the situation gravely.

A telegram received by THE REFLECTOR this afternoon shows that the situation is grave and the condition of the King serious. It reads:

"Coronation postponed. King Edward ill, and at last report was sinking fast."

### Judicial Convention.

At a meeting of the Democratic Executive Committee of the Third Judicial District of North Carolina, held at Kinston on June 6th, 1902, the Judicial Convention of the Third Judicial District was called to meet at Kinston N. C., on Thursday, July 10th, 1902, at 12 o'clock m., for the purpose of nominating a Democratic candidate for solicitor of said district.

By order of the committee.

### Oldest Office Holders.

Some weeks ago Mr. Capron, of Rhode Island, was bragging that he had the oldest office holder from the point of continuous service to be found anywhere in the United States. It was told in the Post at that time how Mr. Hasley Perry Clark, of Richmond, R. I., had been town clerk there for fifty years, being eighty five years old, and was still holding on. Every year this veteran went before the people and was triumphantly re-elected. In his felicitous and inimitable style Mr. Capron wrote this Rhode Islander a letter of congratulations, assuring him that the country was proud of so faithful a public servant.

But Mr. W. W. Kitchin, now comes along and wrests the palm from Mr. Capron. "I have a constituent," says Mr. Kitchin, "who has held office continually for fifty two years. He is John Laws, Register of Deeds in Orange county, my district. I am confident that he has held office continuously longer than any other man now living in America, certainly longer than has Mr. Capron's constituent. Laws has been re-elected biennially. A few years ago he was terribly scared. The Pops and Republicans made a combination against him. It was a close shave, but Laws won out by six votes."

—Washington Post.  
On June 28th. inst, if he lives, Roswell Beardsley will have been postmaster in North Lansing for 74 full and consecutive years. He was appointed by President John Quincy Adams. The first year his salary was \$19.52, and it has never been more than \$200. He is said to be worth \$150,000.—Montour Falls (N. Y.) Free Press.

### ADVISED TO LEAVE.

As Greenville Would be Better off Without Him.

People of Greenville have expressed much indignation over the sad death of the girl, under the name of Bessie Miller, which occurred Sunday. This was not the girl's real name, as will be seen from what follows:

The indignation grew to such a point that a number of representative citizens, including men of different trades and professions, consulted together to decide upon a course of action in regard to the author of the girl's ruin.

After consultation a committee of twenty-one of these citizens went to the factory, where the man worked, just before 6 o'clock Monday evening and asked to see him. The man was called into the office of the factory when the spokesman of the committee read the following note and handed it to him:

"MR. JULIUS NEWTON,  
Greenville, N. C.,

"Your conduct, which in the general opinion of this community, has caused the death of Miss Ada Brooks, has been such as to cause the people of this community to feel extremely indignant, and has led them to the conclusion that you are no longer a fit subject for a citizen of this community. Your conduct is almost an unnatural crime. We advise you that it will be to the interest of good morals, and to your interest that you leave this community as speedily as possible, not to exceed 48 hours from this date.

"This 5 o'clock p. m. June 23, 1902."

When this was handed to him Newton's only words were, "Why, I don't see how I caused her death!" But the committee turned and walked quietly away, not one of them answering him.

It was agreed among the committee that no violence should be used and no words spoken to Newton except such as were in writing in the note. There was no disguise or secrecy about the matter, but it was the open, quiet and determined method of outraged citizens to rid the community of a man unworthy the name, and to show that they mean to protect our womanhood.

We understand that Newton left Greenville this afternoon.

O. W. HARRINGTON,  
Sheriff.

HERE'S a big difference between getting fitted and staying fitted in Summer Clothes. It is easy enough for a clothier to put a coat on you, button it up nicely, smooth out the wrinkles and say "That's a good fit." But how is it after the first rain, or when you have worn it a month? That's when the tailoring shows—if there's any tailoring in it. Whether you pay us \$5.00 or \$1.00 for a Flannel, Crash or Serge Suit, we owe you a fit all Summer. Don't forget it. We are as anxious as you can possibly be to have it a success. If we fail, it's on us—so you see you are safe.

TUESDAY, JUNE 24, 1902.

A baseball league has been formed of clubs in Kinston, Tarboro and Wilson. There will be two days of ball each in town every week.

There are eighteen Mormon elders at work in this State with headquarters at Greensboro. The strangest part of it is they find encouragement in thier work.

The withdrawal of Mr. D. L. Ward from the race for the nomination for Solicitor of this district, leaves the field clear for Pitt county's candidate, Mr. L. I. Moore, and the Judicial convention will no doubt give him the nomination by acclamation. Mr. Moore well deserves this honor.

THE REFLECTOR has received the annual report for the year 1901 of the State Commissioner of Labor and Printing. It is a book of nearly 700 pages and covers completely the statistics of the State's labor institutions. We have also received the Auditor's report for last year.

Certainly the younger generation in this State sees too many North Carolinians mocked by political ambition. Think hard to find one man who has won in the game, and at once you can count two score who have been hurt. Tenure of office is always short, the pay demands economy without saving; and then there is the inevitable return homeward and the loss of interest in a life's work. Then follows vain longing for more flesh pots, wasted efforts and, may be, bitterness and oblivion. This is an unvarnished picture of realism.—Idle Comment in Charlotte Observer.

Yet with all these after disadvantages to the office seeker, you find the larger majority of men desiring public position, often willing to give up a good business secure to it.

Robert Hill, who lived near Kinston, was killed Monday morning by a freight train on the Atlantic & North Carolina railroad. A bottle half filled with whiskey was in his pocket. The man had gone to sleep with his head next to the track and the train knocked his brains out.

## Leads Them All.

'One Minute Cough Cure beats all other medicines I ever tried for coughs, colds, croup and throat and lung troubles,' says D. Scott Currin of Loganton, Pa. One Minute Cough Cure is the only absolutely safe remedy which acts immediately. Mothers everywhere testify to the good it has done their little ones. Croup is so sudden in its attacks that the doctor often arrives too late. It yields at once to One Minute Cough Cure. Pleasant to take. Children like it. Sure cure for grip, bronchitis, coughs. ## OUR RALEIGH LETTER.

Special Correspondent of Reflector.

RALEIGH, N. C. June 23.

We hear and read a great deal about the "campaign of education" in North Carolina now, adays, and the work appears to be progressing most admirably. But there is a feature of this question about which little or nothing has been said in print, thus far, and yet there is a strong undercurrent at work that is going to force it to the front when the General Assembly meets next winter—to wit, the inequality of the burden placed upon the several classes of citizens to foot the bill of the largely increased appropriations for public education.

I was talking with one of the ablest leaders of the last Senate (who will be re-elected this year), and he said the sentiment in his section demanded a decided reform along this line. It is also true, he added, that "a very large proportion of the white tax payers are determined not to be taxed so disproportionately to provide long term and high grade schools for negroes, and to foot the bills for their 'higher education,' while the negroes themselves contribute practically nothing, many not even paying poll tax." Another prominent eastern public man asserted that "the education of the country negroes is stripping the farms of laborers and is decidedly injurious to the agricultural interests of the State," etc. Another declared that the position taken by some of the advocates of "universal education" was a false one; that the "book learning" crammed into the average country negro's head was a positive injury to him, because it unfitted him for following the plow and caused him to become a town loafer and criminal. And so it goes.

## THE CULTURE OF NORTH CAROLINA WOMEN.

But there is one feature of education about which there is no question, and that is the splendid work of the private educational institutions with which North Carolina is now blessed, and at which the young men and women can secure the best there is to be had at a cost that is so small as to make it a marvel, when its excellence is considered, at some of these insti-

tutions.

It looks as though the Seaboard Air Line is to get into Asheville finally—sometime in the future. Advices from Asheville Saturday state that the contract has been signed for the building of a line of railroad from Rutherfordton to Asheville, and that is to be completed in 1906.

The Judicial Convention of the Tenth District holds the record so far—B. F. Long being nominated Judge at 3 o'clock on Friday morning after 412 ballots.

The Mississippi firm of Wells & Co., suing the Gastonia and Avon cotton mills for price of raw cotton furnished, secured a verdict for \$70,000 at Charlotte Friday, all that was asked.

The family of Senator Simmons, who have been in Washington all the winter and spring, will return to Raleigh this week.

## A Real Friend.

"I suffered from dyspepsia and indigestion for fifteen years," says W. T. Sturdevant of Merry Oaks, N. C. "After I had tried many doctors and medicines to no avail one of my friends persuaded me to try Kodol. It gave immediate relief. I can eat almost anything I want now and my digestion is good. I cheerfully recommend Kodol." Don't try to cure stomach trouble by dieting. That only further weakens the system. You need wholesome, strengthening food. Kodol enables you to assimilate what you eat by digesting it without the stomach's aid. John L. Wooten.

For North Carolina: Partly cloudy and warmer tonight and Wednesday.

### A Good Memory.

At a little dinner the other night the statement was made that the colored race had longer memories than white folk. Mark Twain, who was present, agreed with the remark, and to prove it told the following:

"Some years ago, when South, I met an old colored man who claimed to have known George Washington. I asked him if he was in the boat when General Washington crossed the Delaware, and he instantly replied: 'Lor', massa, I steered dat boat.'

"Well," said I, 'do you remember when George took a hack at the cherry tree?'

"He looked worried for a minute, and then, with a beaming smile, said:

"Why, suah, massa, I dun drove dat hack mahself."—New York Tribune.

But the "Deadbeat" is Thick Skinned.

If a person who neglects to pay his bills only knew how often he was alluded to as a "deadbeat" and how many times his name is exchanged in the course of a day's conversation, he would certainly make an extra effort to pay what he owes. It must be very unpleasant for a person to be walking along the street and be spotted by the business men as a person who will not pay. This does not allude to persons who, through sickness or misfortune, are unable to pay.—Durham Sun.

W. M. Carroll says he is ahead when it comes to setting hens; that he set a hen on 15 eggs and she came off yesterday with 36 little chicks.—Kinston Free Press.

### Spring Fever.

Spring fever is another name for biliousness. It is more serious than most people think. Atorpid liver and inactive bowels mean a poisoned system. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. Safe pills. Never gripe. "I have taken DeWitt's Little Early Risers for torpid liver every spring for years," writes R. M. Everly, Moundsville, W. Va. "They do me more good than anything I have ever tried." John L. Wooten.
