CLARK, CONNOR, WALKER.

Named for Supreme Court Judges-Beddingfield For Commissioner-Joyner for Superintendent.

The Democratic State convention met at Greensboro Wednesday and nominated the following ticket:

For Chief Justice Supreme Court, Walter Clark, of Wake.

For Associate Justice of Supreme Court, from the East, Henry G. Connor, of Wilson.

For Associate Justice of Su-Platt D. Walker, of Mecklenburg. For Corporation Commissioner,

Eugene C. Beddingfield, of Wake. For Superintendent of Public Instruction, James Y Joyner, of

The convention was a large one, every county in the State being represented. Judge Clark's nomwe have made a selection ination was by an overwhelming vote on first ballot. Judges of Superb Sack Suits Brown and Connor were presented for the nomination for Associate Justice from the East, and the vote was very close, Connor winning by only five and one third votes on first ballot. Walker was nominated for Associate Justice from the west on third ballot. Beddir, field won for Corporation Commissioner on first ballet and Joyner was nominated by welama mation for Superintendent of Publie Instruction.

> Greensboro took care of the convention in splendid manner and the delegates were delighted with it as a meeting place.

When it was learned this morn ing that the Supreme Court ticket nominated by the State convention was Clark, Connor and Walker, a wit remarked to THE REFLECTOR, "That is C. O. #### Goes to Virginia.

Rev. J.B. Morton, former pastor of the Presbyterian churches at Tarboro and Greenville, has accepted a call to the church at Pulaski City, Va. In a note to THE REFLECTOR Mr. Morton says his next will be his last visit to Greenville. He adds: "It makes me sad to think of it. I shall always remember gratefully the people of Greenville. Their kind hospitality and cordiality touched me at the first and has continued to the last an unbroken chain which binds me to them with ties that time cannot sever."

We call that good husbandry when a widower in clover weds a widow in her weeds.

#### Poisoning the System.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dulness and melancholia at first, then unsightly eruptions and finally serious unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress, Jno. L. Wooten.

It is not for us to settle the issue between Senators Simmons and Pritchard in the matter of the possible game about the late amend ment to the constitution leaders have it mind to play the fall. We refer to the matter to say that we hope there will be no reopening of the race contention that has distressed us so much in the past. However the courts may at last dispose of the amendment it is a righteous enactment and will be, if left alone, a blessing to the whole state. It will bode no good to either of the parties to attack it. If we understand the matter aright all classes, if the political agitators are expected, are satisfied with it and will be glad to see it stand. There are isines enough of ample importance without dragging this now settled matter into the campaign .- Lumbar Bridge News.

#### MANUFACTORIES AID TOWN BUILD ING.

The Manufacturers' Record recently discussing the enormous industrial growth of Memphis, enumerated at least a score of new enterprises employing in the aggregate more than 2,000 people. This would mean an increase of that town's population of probably 5,000 or more. The lines of manufacture include everything to from a wheelbarrow up to the Mayo, returned to her home Monhighest grades of goods made.

Manufacturing and town building go hand in hand. Look at a town building up rapidly, and you will find that there are numbers of industrial enterprises, and not necessarily large ones, either, which are continually going up. They serve to attract new people to the town, thus providing sustenance for all new comers.

Industrial enterprises draw new population, the increase of population demands more business establishments and more dwellings, more business and more dwellings mean more taxes, more town improvements, more advantages in every way. But the benefits to be derived from a goodly supply of manufacturing enterprises cannot be estimated in dollars and cents, so manifold and varied are they.

But it will be argued that there by falsehood acts. is no need to manufacture things unless there can be a market for them. This is a stock argument in fact. Yet it is a truth that there never was a thing made that could not be sold if the proper effort were put forth. And if a gin of profit, too. These are facts, not theory. They have been demonstrated to the entire satisfaction of all who have investigated the matter.

The State convention has spoken and the candidates are named. Now the thing to do is put aside all differences that existed before the nominations and let harmony prevail throughout the rank file of the party

#### Lots of Money for Our Farmers.

The price at which primings in South Carolina are selling are high, but they are no higher, grade considered, than prices that ruled for theold crop the past several months. There is an advance in comparison with the opening of last year. If the new crop fetches from beginning to end as much as the old did the latter part of the season, the growers should be satisfied. A good yield-which is likely from the present outlook-will put a lot of money in circulation in this section of the country. -Winston Tobacco Journal.

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo, "Two years ago I got her to try Kodol. She grew better at once and now, at the age of seventy-six, eats anything she wants, remarking that she fears no bad effects as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is noture's own tonic. J. L. Wooten
