### THE PLATFORM.

Following is the platform adopted by the Democratic State convention:

We congratulate the people of North Carolina upon the adoption of the suffrage amendment to our State constitution and upon the benefits that have resulted therefrom and we pledge the Democratic party to faithfully maintain it by every legitimate means and we demand that the Republican party shall declare its purpose either to accept or reject it, and until it is accepted as a finality by all parties we declare it the duty of the white people to stand together for its protection.

The Democratic party, representing the intelligence, the virtue and the manhood of the people of the State recalls with pleasure the entire absence of scandals during its administration of public affairs and the gratifying advancement that has been made amongst us in all industrial lines. We have fostered agriculture and promoted manufacturing and have given to capital full security and have protected the rights of labor. We pledge the party to a fair and just system of taxation and we demand that all subjects of taxation shall bear the just and equal proportion of the burdens of government.

We renew our pledges for the extension and improvement of the public school system of the State, so that it may keep pace with the needs and conditions of our people and point with pride to the great

impetus and progress in this great work during the last two years and call attention to the fact that this year, for the first time in the history of the State, every school district has been able to maintain a public free school for four months as required by the constitution. We believe that the permanent prosperity of the people of this State depends largely upon the construction and maintenance of good roads and we pledge the party to the hearty support of all wise measures to that end. We heartily commend and endorse the administration of Governor Charles B. Aycock and other State officials for their faithful execution of the party's promises insofar as the same has been possible thus early in their terms of office.

We likewise extend our appreciation and endorsement to United States Senator F. M. Simmons and to our Democratic Representatives in Congress and congratulate them and the people of the State for their faithful and official services to the State in councils of the nation.

We affirm our allegiance to the Democratic party and its principles as enunciated in its national platform. We denounce the policy of imperialism as inaugurated by the Republican national administration and declare it to be obnoxious to our form of government and fraught with danger to the very existence of the republic. We denounce as oppressive and illegal those combinations of capital known as trusts and monopolies that stifle competition, throttle in-

dividual effort and destroy the generous spirit of rivalry that should exist in the commercial world.

We denounce the deceptive and sorry course of the Republican party in Congress in furthering the existences of the trusts by its refusal to enact legislation restraining them and to enforce in good faith the existing laws against them that party, being in the full control of all branches of the government.

We denounce the present iniquitous unjust and trust creating protective tariff, imposed upon the people by the Republican party, and demand its immediate revision, to the end that all unjust burdens shall be removed and especially upon the necessities of life. Its provisions enable the trusts to export from the people unreasonable profits and to sell their products to consumers at home at greater prices than are charged for the same goods to the foreign consumer. We demand, therefore, that all such trust made goods be placed on the free list. We favor the establishment of the Appalachian Park and urge that our Senators and representatives in Congress use their best effort to secure its establishment.

We again appeal to the people with a confidence that it is only from the Democratic party that there can be expected an honest, capable and efficient administration of the government of the State, and point with pride to its past history in the administration of the affairs of State, and challenge a comparison with the iniquities of fusion and Republican rule. "We promise the people of the State a continuance of that honest, safe, conservative and economical government which has always characterized Democratic rule and pledge our best efforts for the advancement of the material prosperity and happiness of the whole people.

That we favor making all nominations by our party for State and district officers by primaries is hereby instructed to formulate a system to regulate primary nomination for the United States Senate and all State and district nominations and we demand the enactment by the General Assembly of appropriate legislation for the regulation of such primaries; that an oath shall not be required of any voter in such primaries; that the State executive committee is instructed to call at such time as they think wise a primary to nominate a United States Senator to succeed Senator Pritchard but such primary shall not be held on the day of the general election.

### By Moonlight.

The Sunshine Sisterhood had a moonlight excursion down to Red Banks, Thursday night, on Mr. G. E. Harris' gas boat Nina. They served refreshments at the banks and had a delightful trip.

### Poisoning the System.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dullness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress, Jno. L. Wooten.

### To The People Of North Carolina.

At the annual convention of the King's Daughters and Sons held in Raleigh last May, it was unanimously resolved by those delegates present, that a reformatory for white boys, within our borders should be the State work of this branch of the order. The first duty of all Circles is the relief of suffering nearest them, so that local charities consume most of their means. But with the generous and philanthropic citizens of North Carolina, (who never fail to appreciate and aid a good work) to help us, we are not deterred in this great undertaking by lack of money. We need the moral support of men and women throughout the Commonwealth in this matter, and pledges of financial aid from all who can make them.

After securing some pledges of this nature, we will petition the Legislature for an appropriation for this greatly needed institution. Several States having such schools, write that the results are entirely satisfactory, and that the boys discharged from them make good citizens. So the schools may be re-

garded as important factors in the education of the young, which is the great question of the day. The information is also given that the expense of a boy for twelve months is one hundred dollars, and that a Sheriff is given this sum for feeding a prisoner. A good and faithful servant by investing this amount in such an institution, would be commended for his well doing, as his talent would serve the manifold purpose of training heart, mind and body, of one of God's creatures. The undersigned committee for this work, bespeak your interest and help in their labor of love, and solicit responsive letters from readers of this card. Mrs. Wm. H. Burgwyn, Weldon. Mrs. F. A. Olds, Raleigh. Mrs. T. A. Briggs, Raleigh. Miss S. Chadbourn, Wilmington. Mrs. Wm. Overman, Salisbury. Mrs. T. J. Jarvis, Greenville. Mrs. A. L. Blow, Greenville. Mrs. J. B. Cherry, Greenville. ## HEED THIS ADVICE.

The Democratic press should counsel forbearance and concessions for the sake of harmony. Stop abusing every Democrat who does not think as you do or favor your candidate for Congress, Governor or President. Grant to others the same right you reserve for yourself. Don't think it is the essence of Democracy to always be abusing banks and like financial institutions, transportation companies and manufacturers. Let us give them their rights, but do not let them oppress the people. Do not stir up strife between capital and labor, but rather respect the rights of both, remembering that in all conflicts between the two both suffer.—Suffolk Herald.

Good advice is this, and sensible. But it would seem with many that the only way to become popular with the masses were to abuse every one who holds a contrary opinion, to condemn corporations, financial institutions, and all like concerns, assuming apparently the most abject ignorance as being inseparably associated with the great masses of our people. Yet it is a notorious fact that they are more discriminating in their tastes than ever before, and are not long to be fooled by the fulsome flattery of the demagogue, with his loud assurance of love for the dear people.

## UNUSUAL LIGHTNING FATALITIES.

At Tillery, in Halifax county, last Tuesday three negroes were killed and two others knocked insensible by a bolt of lightning.

The same paper also contains an account of a similar fatality in another section where three white persons were killed and two severely stunned by the shock.

Already many people have noted the unusual number of fatalities resulting from lightning, and wondering the cause. This year will certainly be memorable in history for the frequency and calamitous nature of the mine explosions, and the extraordinarily large number of deaths caused by electric storms.

Another mine horror is reported from Pennsylvania in which fifty persons lost their lives by an explosion of powder in a mine.

## Acts Immediately.

Colds are sometimes more troublesome in summer than in winter. It's so hard to keep from adding to them while cooling off after exercise. One Minute Cough Cure cures at once. Absolutely safe. Acts immediately. Sure cure for coughs, colds, croup, throat and lung troubles, Jno. L. Wooten.

This hail-stones-as-big-as-eggs business has got to go way back and sit down now. The wild and woolly West scoops in the prize by a report, from out in Minnesota that during a storm Wednesday hail nine inches in circumference fell.

In closing a long editorial on the mistaken ideas people have concerning hydrophobia and kindred troubles belonging peculiarly to the canine family the Richmond Dispatch makes this very timely and sensible observation:

"But this is not saying that our city dog catchers should not be active in exterminating worthless curs that roam our streets. Aside from the remote possibility of some one of them being infected with the germ of rabies, severally and collectively they are an unmitigated nuisance, because of their habit of making night hideous."

## Vacation Days.

Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and wounds. "I used DeWitt's Witch Hazel Salve for sores cuts and bruises," says L. B. Johnson, Swift, Tex. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeits, J. L. Wooten.

## Care of Cut Glass Carafes.

The lawn parties, piazza teas and other outdoors entertaining proves hard on the glassware that must be used frequently in the summer breezes and dust. It is especially disastrous for the cut glass carafes, which will probably be in greater demand than any other glassware, for serving the ice water and the summer beverages.

The glass will soon acquire a dingy, cloudy look unless it is intelligently cleansed at regular intervals.

For cleansing the inside of the carafe fill it half-full of strong ammonia water and place in this some small pieces of potato peel; then shake vigorously and rinse with clean water. This will remove every possible stain from summer beverages, as well as the dingy-looking rims that frequently stain the glass from standing water.

For the outside of the cut glass use a small brush—an old tooth-brush will be the best if the bristles are sufficiently stiff. Scrub every part of the glass with a little pure soap rubbed on the brush; then scrub with clean water until all the soap is rinsed away, and set the glass aside to dry without rubbing with a cloth, and the cut glass will shine like new—Philadelphia Record.

## Recipe of Beef.

Few cooks know as good a recipe for ragout of beef as this: Melt and brown thoroughly half an ounce of butter; add an ounce of flour and stir till brown and smooth; pour in slowly half a pint of stock, same quantity of boiled and drained Spanish onions; stir until sauce thickens and add a pound of cold roast beef cut into nice neat slices. Cook slowly until the beef is heated through; remove slices and arrange on a dish, each overlapping the other; pour sauce over it, garnish with chopped gherkins and decorate with horse-radish.

## Crash Portiere.

A unique portiere or panel slide is of heavy, coarse, dark gray crash, in the center of which is painted in tapestry colors a large conventional design of two peacocks on either side of a rosebush, with a background of brownish green. The whole is outlined with heavy silk in the prevailing colors. The effect is striking and at a distance bears a resemblance to old tapestry.

## PERSONAL NOTES

Brief Mention of People Met With in the Social World

R. O. Jeffers returned this morning from Norfolk.

Jesse Speight left this morning for Norfolk and Virginia Beach.

Miss Mattie Phillips, of Kinston, is visiting Miss Kattie Tunstall.

Mrs. H. C. Hooker and child left Thursday evening for La-Grange.

R. M. Moye has taken a position as salesman with L. M. Savage, near the depot.

Rev. F. A. Bishop left this morning for Hyde county and Ocracoke.

C. D. Rountree, wife and Miss Rosalind, returned on today's freight from Seven Springs.

D. D. Haskett has taken a position as book keeper with the Greenville Manufacturing Co.

Herman Sutton, of Kinston, spent Thursday here with his uncle, H. A. Sutton, and left for home today.

F. G. James, W. L. Brown, R. W. King, B. F. Tyson and H. T. King returned Thursday evening from the State convention at Greensboro.

T. W. Skinner came in Thursday evening from Danville to get ready for the new tobacco season. He will buy on this market for M. P. Jordan & Co.

### Be Careful.

This is the season for much care around the tobacco barns. The loss of a barn and contents by fire not infrequently knocks the profits off a crop.

### Excursion 28th.

Get ready for Hatch Bros' excursion from Kinston to Norfolk on the 28th, returning 29th, giving nearly two days in the city. The fare from Greenville is \$2.

### An Ancient Gold Mine.

A gold mine that was evidently worked by the natives a thousand years ago has been discovered in Erythraea, the Italian protectorate at the southwestern end of the Red Sea. There are seven long galleries and other workings and tools of various kinds. The Italian Government will resume the long suspended work.—Philadelphia Record.

### Double Sales.

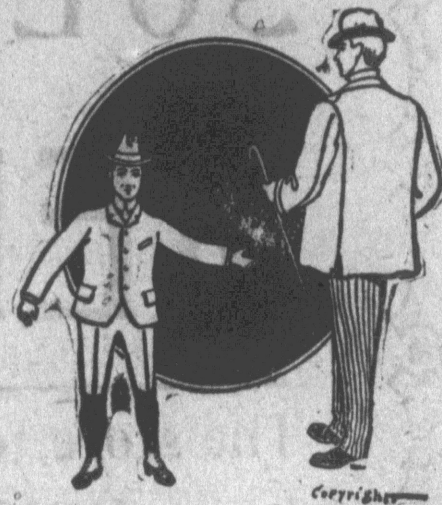

The coming season for the Greenville tobacco market looks most auspicious. The farmers have splendid crops and so far are making good cures. A departure with the warehouses the coming season will be the inauguration of double sales, that is there will be a double force of buyers and sales will be in progress at two houses at the same time. This will be a decided advantage to the warehouses, the buyers and the farmers. It will prevent any more blocked sales, will avoid keeping the farmers waiting all day for the last sale and will also give the buyers time to get each day's purchases moved to the factories before night.

Orders for **JOB PRINTING** are solicited. Best work.

### Mother Always Keeps It Handy.

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once and now, at the age of seventy-six, eats anything she wants, remarking that she fears no bad effects as she has 'her bottle of Kodol handy.' Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. J. L. Wooten

## BREAK INTO THE HOMES OF THE PEOPLE BY ADVERTISING IN THE REFLECTOR

A REFLECTOR advertisement will walk into the homes every day and will let your wants be known to the people.

A REFLECTOR advertisement will bring customers for your goods, find tenants for your house, find employment or employes, in fact fill any reasonable want you may have.

THE REFLECTOR goes into the homes of the people and is read for what it carries them, hence the place to tell your wants is in THE REFLECTOR.

The cost of an advertisement in THE REFLECTOR is the easiest part.
