A Marriage Interrupted.

What might have been an interesting gretnagreen-affair was nipped in the bud by the police yesterday.

John Odom, a young white man well known in the city and now engaged as a huckster at Front street market, wooed and won an attractive young girl, Annie Potter, aged 15, who lives with an elder sister and works at the Delgado mill. News of the intended marriage reached the prospective mother in law, who lives twelve miles from Wilmington on the W. C. & A. railroad, and as the couple, happy in anticipation of the nuptial event, were arranging for the ceremony, the mother of the girl arrived on the scene and by advice invoked the aid of the police. Of course the age of the girl was the grounds for legal interference and the prospective groom also found trouble when he went to get license. The girl remained true to her lover and disappeared from her sister's home when her mother appeared upon the scene.

A warrant was sworn out for Odom, charging him with abduction and he with the girl were brought down to the City Hall where a compromise was effected by which Odom was released and the mother and girl were seen safely on the afternoon train for home by Policemen B. R. King. The prospective groom remains resolute in his purpose to marry the girl and it is said he left on the same train with mother and child.—Wilmington Star.

A Chicago newspaper says that the Southern people are now "going in more for business and less for politics," and that it is a healthy sign. The picture drawn is rather exaggerated, but interesting. The writer says that when an election comes on, the laboring men and business men quit work and spend days and nights and money trying to elect their candidate to the legislature. He adds that when elected, the candidate does not even thank his workers and the workers do not expect that or any reward or hope of reward. They are in the fight for the fun of the thing, or to prove to their neighbors what good partisans they are. The writer also says the leaders know that the people will vote for the nominee whatever they may be, and so they don't care; hence the folly of the whole business.—Winston Journal.

Dr. Eugene Grissom, a native of this State who was for many years Superintendent of the North Carolina Insane Asylum, committed suicide in Washington City Sunday.

Mother Always Keeps It Handy.

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once and now, at the age of seventy-six, eats anything she wants, remarking that she fears no bad effects as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. J. L. Wooten.

He chose as a theme, "The Resurrection of the Dead." Sunday night he entertained us with "Evolution and Revolution." A large audience attended each lecture and all seemed to enjoy and appreciate it. He is expected to be here again Thursday night.

Smallpox in United States.

During 1901 smallpox occurred in every state and territory of the union. The number of cases reported for the six months ended December 30, 1900 was 7,796, with 137 deaths, a mortality of 1.75 per cent. For the six months ended January 30, 1901, 30,710 cases were reported with 552 deaths, a mortality of 1.79 per cent. For the whole year the number of cases was 38,506 and deaths 689, showing a mortality of 1.79 per cent. During the year ended June 30, 1900, there were 15,053 cases reported with 735 deaths, a mortality of 4.8 per cent. It is believed that the cases reported this year, as well as the deaths, were more in accordance with the exact figures than those during the preceeding year, and the percentage of deaths of 1.79 per cent, is deemed to be the correct mortality.—Baltimore Sun.

TUESDAY, JULY 29, 1902.

WANTS TO KNOW, YOU KNOW.

The Greenville REFLECTOR asks The Observer a question and says it will not take for an answer such an answer as we gave The Richmond Dispatch when it asked why mules' manes and tails are sheared and those of horse are not. The question? It is thus put by our contemporary:

But our question—How is it possible for the negro to carry on his head a bundle or package of any shape or nature imaginable—anything from a watermelon to a waiter laden with an epicurean dinner, and yet never the least harm happens to it. Is it because of some peculiar cranial construction, or does he walk with a steadier gait, or what? With an impatience born of an intense desire for knowledge, we pause for a reply that will settle this much mooted question.

"There are some things," said Lord Dunderbary, "which no feller can find out." There are some questions to which this Encyclopedia of Universal Knowledge yields no answer. A detective was brought to Charlotte some ten years ago to find the slayer of Policeman Moran. The murderer was known and the detective followed the clew to a certain point and then gave up the chase. "I would know," said he, "what a white man would have done at that point, but you never can tell what a nigger's going to do." John R. Morris had a colored tenant in his kitchen at Beaufort who was supposed to be dying. Dr. Davis had been to see him and as he came around the house after one of his visits Morris asked him about the condition of the patient. He gapped as he answered: "He may live ten minutes or ten years. You can't tell anything about a nigger. I gave one up yesterday and as I drove along the sound this morning I saw the blank blanked blank of a blank in the water up to his waist, fishing for crabs." But the question. The writer of this edifying thesis, when living in a neighboring town, once saw a negro boy come out of a drug store carrying on his head a beer bottle filled with a yellow fluid, presumably kerosene oil. The negro saw a country dog, half scared and casting furtive glances on either side, trotting down the middle of the street. The hero of the beer bottle reached down, picked up a rock and shied it at the dog and went his way, the bottle remaining meanwhile untouched and secure upon its perch.

When a man asked a manufacturer's agent the price of a saw mill and was told he could sell him a good one for \$500, the agent was asked another question: "If I had \$500 what the devil do you suppose I would want with a saw mill?" Does our friend of The Greenville REFLECTOR seriously suppose that if we knew why that bottle didn't fall off when the little nigger stooped to pick up the rock, and more particularly when he shied it

at the dog, we would be burning the 4 a. m. electricity, sweating blood and suffering constant loss of gray matter in an effort to conduct a newspaper, instead of being at the head of some large educational institution, wearing a white crayat and going around making speeches?—Charlotte Observer.

And thus the question goes unanswered.

So many elopements among married people is a sad reflection upon the morals of North Carolina. Inside of a week three women have left their husbands and run away with other men—all of these cases being reported from Greensboro. Wonder if present day society is not largely responsible for such disregard of marriage vows and wanton wrecking of homes. The want of continence in men and chastity in women is most deplorable.

The closing five months of the year will be full of business for Greenville. Everything should be made to count on carrying the town forward. If we had more manufacturing enterprises with large pay rolls it would seem like fall time all the year around. Greenville does not simply want to hold its own but should be climbing up all the time.

Notice.

The County Board of Education will meet on the first Monday in August for the purpose of filling all vacancies in the various communities in the county, and also for making any changes in the committees which may be necessary. All persons having any business of this character will meet the Board on the above named day.

WILL MAKE AFFIDAVIT

New Lease of Life for an Iowa Postmaster.

Postmaster R. H. Randall of Dunlap, Ia., says: "I have been a great sufferer from indigestion and resulting evils for years. Being unable to obtain permanent relief, I resolved to try Kodol Dyspepsia Cure. Before I had taken one bottle I knew I had found what I had long looked for. After a few bottles I was cured of soreness in my left side that I had not been free from for over ten years. I am better today than for years. Kodol Dyspepsia Cure has given me a new lease of life. "If any suffering person will use Kodol Dyspepsia Cure, I believe, if it is a diseased stomach from which they suffer, that they will receive permanent relief. Anyone wishing can have a sworn statement as to the genuineness and truthfulness of this statement."

This testimonial is the voluntary statement of a man who has suffered, found relief and wants others to receive the same benefits. Kodol Dyspepsia Cure will cure any case of stomach trouble. It rests the stomach by digesting what you eat. The rest alone would restore health. But Kodol Dyspepsia Cure also contains tonics which build up the organ and hasten the good results. You don't have to diet. Kodol Dyspepsia Cure will digest what you eat. Helps children, too.

Kodol Dyspepsia Cure Cures all Stomach Troubles.

ENDORSES WHITE.

HOLLAND, N. C., July 28 1902.

EDITOR REFLECTOR:

Belvoir desires to second the
nomination of Samuel T. White
for Treasurer. He is a young man
of business and enterprise, who
has successfully managed his own
business, and is in every way ca-
pable of taking care of the funds
of the County of Pitt.

He is deserving of the place and
has been prominently mentioned
for the position heretofore. He is
well known in the county, and
everywhere his word is regarded
as a bond. No young man in the
county of Pitt bears a better re-
putation for honesty and capability
than S. T. White, and we say
nominate him for Treasurer.

B. V.

Down in Hyde.

Rev. F. A. Bishop returned
Monday from a trip through Hyde
county. He tells us that on a
former trip down there, a few
weeks ago, he never saw more
promising prospect, but that the
recent brought has changed this
and now everything seems to be
parching and withering.

Daughters of Confederacy.

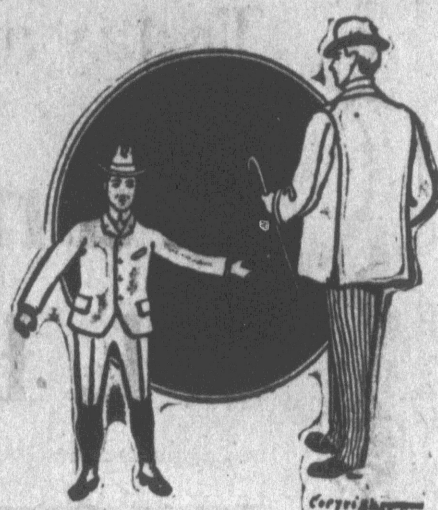

The T. J. Jarvis Chapter of the
Daughters of the Confederacy will
meet with Miss Lillian Carr, Wed-
nesday, July 30th. at 5 p. m.
MISS HELEN FORBES, Pres.
MISS LEE BROWN, Sec.

John Landingham, aged 16, was
drowned while bathing in a pond
near Winston Sunday. He could
not swim, and Joseph Helton,
who was with him, has been ar-
rested on the charge of taking
Landingham out in deep water
and deserting him.

Poisoning the System.

It is through the bowels that the
body is cleansed of impurities. Con-
stipation keeps these poisons in the
system, causing headache, dullness and
melancholia at first, then unsightly
eruptions and finally serious illness
unless a remedy is applied. DeWitt's
Little Early Risers prevent this trou-
ble by stimulating the liver and bow-
els. These little pills do not act vio-
lently but by strengthening the bowels
enable them to perform their own work.
Never gripe or distress, Jno. L.
Wooten.

**BREAK INTO
THE HOMES
OF THE
PEOPLE BY
ADVERTISING
IN THE
REFLECTOR**

A REFLECTOR advertisement will walk into the
homes every day and will let your wants be known
to the people.

A REFLECTOR advertisement will bring custom-
ers for your goods, find tenants for your house, find
employment or employees, in fact fill any reasonable
want you may have.

THE REFLECTOR goes into the homes of the
people and is read for what it carries them, hence
the place to tell your wants is in THE REFLECTOR.

The cost of an advertisement in THE REFLECTOR
is the easiest part.
