#### NEWSY HAPPENINGS AND BUSINESS NOTES.

WINTERVILLE, N. C., Aug. 2.

A bright, blue-eyed, golden haired, rosy cheeked boy of four summers was in our office yesterday. He was a very little picture. Indeed he was one of the prettiest children we ever saw. It even cheered our old bachelor heart to look at him. He was the little son of Mr. and Mrs. W. C. Jackson, of Ayden. Such children carry sunshine wherever they go.

Another car load of buggies shipped by the Hunsucker Carriage Co. Wednesday. In a week or two they will have another car load ready for shipment. These buggies catch the young man's eye, touches the young girl's heart and makes the old lady and gentleman smile as they see them and the temptation to possess one of them is so great, there is no peace in the family or rest for the bones until their aim is accomplished. Hence the result of the popularity of this buggy.

Miss Vallie Blanchard, of Cary, was visiting Misses Rosa and Mimie Cox last Friday and Saturday.

W. J. Jackson, one of our oldest and most prominent farmers, living near here, is seriously ill with typhoid fever. His son, Rev. J. B. Jackson and wife, of Goldsboro, who have been spending several days at his bedside returned to their homes Friday. The father we are pleased to learn is some better.

Mrs. W. J. Wyatt and children, of Raleigh, after spending some time visiting relatives in and around Winterville, have returned to their home.

J. E. Green spent Monday night in Griffon.

Little Anna Belle Kittrell, of Kinston, is on a visit to her numerous cousins here.

John L. Phelps, Internal Revenue Collector, of Plymouth, was here Wednesday.

Fordyce C. Harding, of Greenville, came down Thursday.

Rowan Cooper spent Thursday in Greenville.

The farmers from this section who attended the tobacco sales at Greenville yesterday are very highly elated over the good prices paid for the filthy weed.

Mrs. C. A. Fair & Co. would call the attention of ladies that they have just received a special line of ribbons in all shades and colors which they will sell at remarkably low prices.

Prof. G. E. Lineberry was in Greenville yesterday.

It has rained four consecutive days and the prospect for the other six are good.

Mrs. J. R. Johason left yesterday to visit relatives at Littlefield.

#### Not Over-Wise.

There is an old allegorical picture of a girl scared at a grass-hopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For Sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy Farmville, N. C.

#### The Farmers Warehouse.

The full page advertisement of the Farmers Warehouse in this issue will attract the attention of every reader and direct each to facts worthy of consideration. Mr. O. L. Joyner has been one of the proprietors of this house since it was built. Even before this he has been identified with the market since its beginning. He was one of the builders of the Eastern Warehouse, the second to be erected here, and for several years was manager of that house. He spent more time, money and energy in putting the Greenville market on a footing and giving it a reputation throughout the tobacco growing States, than any other of our citizens.

Associated with him this season is Mr. W. H. Dail, Jr., who has been identified with the market several years. As an office man about a warehouse he has no superior, and like his senior partner, every one has confidence in his judgment.

Another important addition to the Farmers Warehouse this season is Mr. W. H. Jenkins, the

veteran warehouseman, of Henderson, who will be auctioneer. He is well known also on the Greenville market.

The Farmers Warehouse has an excellent corps of helpers, every man fitted for his place, and the farmers can look for only the best of treatment when they go there.

#### The Planters Warehouse.

People who have tobacco to sell will be especially interested in the large advertisement of the Planters Warehouse in this issue. Mr. B. E. Parham is now proprietor of this house. He was among the first buyers the Greenville market and has all along enjoyed the distinction of being a liberal bidder and one who gave the farmers the best prices that could be had. The same characteristic will mark him as a warehouseman. He has a well trained force of helpers about him and the Planters Warehouse is going to draw patronage on its merits.

## The GREENVILLE WAREHOUSE,

The Pioneer of the Market, is right with you this season, and in better shape than ever to take care of the farmer and get the highest prices for his Tobacco. It is conceded that we have the BEST LIGHTS OF ANY HOUSE ON THE MARKET, and nothing in the way of hard work in the interest of those selling with us will be left undone.

---

Past records prove what we can do for you. G. F. Evans---Old Man Gus---is back to his first love. He was the first proprietor of the Greenville Warehouse, and after trying others has learned none is so good as this. and he is here again to make high prices talk at the old Greenville.

---

R. S. Evans and D. S. Spain, the other members of the firm, are right at home on the floor of the Greenville, having been connected with it for several years. The farmers know them and know how hard they WORK FOR HIGH PRICES.

The new season is on us and we are ready for business. If you want the best prices to be had every time bring your Tobacco to the "Old Reliable."

# SALISBURY'S RETREAT

WHEN Lord Salisbury laid down the reins of government the other day and retired from public life, he had not far to go to find the rest and seclusion for which he gave up the premiership of Great Britain. Twenty miles out of London, standing in the center of a great estate, is Hatfield House. It is the home to which the

MANTEL IN DINING ROOM, HATFIELD HOUSE.

sturdy old statesman has retired, and it is one of the lordliest in all England.

Although past the allotted threescore and ten, Lord Salisbury is in good health and will doubtless enjoy many years of life in the quiet of his country home. He is a large landholder, owning about 20,000 acres and several fine country residences, among them Walmer castle at Deal, but Hatfield House, Hertfordshire, where he was born, will be the home of his declining years.

Hatfield House has been for centuries one of the notable homes of England. It became a place of interest more than 700 years ago, and since that time "the crown, the miter and the coronet," the armorial bearings of the house of Cecil, have held sway over its destinies.

The present structure was reared in the days of James I., but parts of the building antedate that period. Notable among these old parts of Hatfield is the "palace," which was the home of the Princess Elizabeth in the reign of her sister, Queen Mary.

The estate belonged to the Saxon kings until it was given by King Edgar to the monastery of St. Ethelred at Ely. The manor house became the residence of the prelates and was occasionally used as a royal residence until the reign of Henry VIII., when it was deeded to the crown. Prince Edward, afterward Edward VI., lived

At the palace, and it is said that he was there when the news of his father's death reached him, and that his accession to the crown took place at the stately hall. A few years after he became king the young monarch conveyed Hatfield to his sister, the Princess Elizabeth, afterward Queen

## TREATY WITH COLOMBIA FOR RIGHT OF WAY NEARLY READY.

United States Will Have Complete Control of Six Mile Zone—Compensation For Colombia—Provisions of the Treaty.

President Roosevelt seems to have wasted no time in starting negotiations to carry out the terms of the isthmian canal law, with the result that the treaty is practically completed. The Colombian congress will probably meet in October to ratify the treaty.

Attorney General Knox assigned Assistant District Attorney General Russell to clear up the legal features of the transfer. The exact status of the new and the old canal companies must be ascertained, and Mr. Russell has authority to visit Paris in making his researches.

Secretary Hay and Minister Concha of Colombia have been negotiating the necessary treaty between this country and the Central American state.

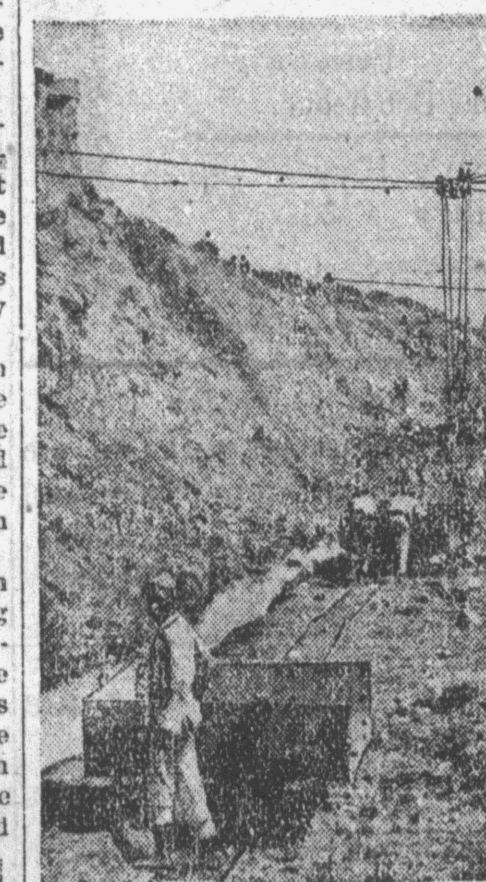

It is the expectation that the treaty now in process of negotiation with Colombia will be one of the most comprehensive and important international documents ever issued from the state department. Every possible contingency that may arise in the future will be guarded against so far as that is possible and especially with regard to the rights and interests of the United States.

The protocol signed last winter governed Secretary Hay and Minister Concha to a large extent in the drafting of a treaty. The amount to be paid Colombia for her relinquishment of exclusive rights to the United States will be \$7,000,000 in gold, payable on the exchange of ratification of the treaty.

In addition Colombia is to receive an annuity at the end of fourteen years, to be determined by mutual agreement at that time. This annuity is expected to be \$600,000 a year, as the immediate payment of \$7,000,000 covering the period of the next fourteen years is considered a basis for placing the annual rental at \$600,000.

The territory through which the canal will pass and which will be ceded in perpetuity to the United States will be absolutely under the control of this government, although to avoid possibility of local trouble it is likely that there will be no specific expression of conveyance of "sovereignty."

The treaty, in all probability, will not only authorize the Panama company to convey to the United States all its holdings on the isthmus, including the railroad, but will contain a positive provision insuring exclusive privileges to the United States of con-

PANAMA CANAL, EMPERADOR CUTTING.

structing and operating an isthmian canal. The United States will also be given the right to protect the canal, which right will enable it to erect fortifications and, of course, to garrison the defensive works with American soldiers. The right to protect the property will give the United States the right to defend it even against troops of Colombia in the event of a revolution in that country.

Sanitary and police regulations will be enforced by a joint commission appointed by both governments. The United States will be asked to construct and maintain at each terminus of the canal a port for vessels, with lighthouses and other aids to navigation, breakwaters, dikes, jetties, coal- ing stations, docks and other appropriate works, all the expense therefor to be borne by this country.

In addition to this the United States is to maintain drainage and sanitary works and construct hospitals along the canal, while aqueduct and drainage works are to be erected in Panama and Colon. The cost of providing this water supply, however, is not to fall upon the United States without compensation, inasmuch as water rents are allowed to be collected by the United States, provided they meet the approval of Colombia.

In transferring the rights of Colombia to the United States there will be a transfer of such jurisdiction over the six mile zone as will permit the exercise of complete American authority. Assistant Attorney General Russell

Pascoe, also a member of the commission.

Sibyl—It's merciful they don't put their thoughts into words.—Baltimore Herald.

**The Bedroom Candle.**  
A woman who has a country cottage says that whether one has gas, gasoline, lamps or electricity in one's house it is always well to have a candle in each room. When a big storm comes, either the electric light wires and poles will be blown down, connections or machinery stopped, power house flooded, or in some way the gas or electric light is cut off.

For some purposes, such as carrying from one room to another and keeping in a bedroom to make a quick light in case of sudden emergency, candles are safe, clean, convenient and cheap. Any one who once adopts the custom of keeping a candlestick in each bedroom will never abandon it. Have low, plain candlesticks, easy to keep clean, not easily broken and with a saucer shaped base, broad enough to catch all the drips and impossible to upset, and you will be glad a dozen times a year that you have them, and if you never allow a lamp carried from one room to another you will be less apt to collect your insurance.

**For Baby's Comfort.**  
When there is a baby in the house, his comfort during the warm weather should be considered before anything else and every effort made to keep him healthy and good natured. His meals should be given regularly and his diet confined to the simple articles of food that you have found to agree with him. Even then he is apt to have an attack of summer complaint, and it is well to have a remedy at hand, especially if you live some distance from a doctor. The following remedy has been used for years and has proved very effective. It is composed of equal parts of camphor, peppermint, laudanum and rhubarb. When they are well shaken, put one drop in a teaspoonful of water and give a dose every hour or two until relieved. A tea made of wintergreen or peppermint is good for the colic.

**Self Heating Sadoron.**  
The improved sadoron shown in the drawing seems to have been invented especially to aid the busy housewife who has a large ironing to do on a hot summer day, as she can keep right on with her work long after the fire in the range has gone out and the room has cooled to a more comfortable temperature. Besides, there is no changing of irons to replace the one rapidly cooling through use, the one iron doing all the work without change and being ar-

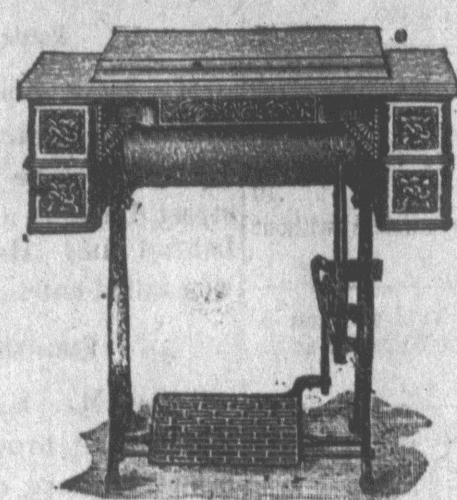

**INDEPENDENT OF THE RANGE.**  
ranged to keep the temperature of the smoothing surface at just the right degree to suit the operator. The iron comprises a hollow chamber formed in the casting, in which a horizontal tube having perforations on the underside and a feeding tube connecting the burner with the globe-like reservoir above. The reservoir is supplied with any volatile oil and in passing to the burner is adapted to be transformed into gas through the action of the flame, which also impinges against the comparatively thin undersurface of the iron to maintain the proper temperature. By adjusting the valves the flow of the liquid from the reservoir and the pressure of the gas entering the perforated tube can be easily altered. The inventor is H. B. Swartz of Wooster, O.

**In the Sickroom.**  
Absolute cleanliness and tidiness are necessary in a sickroom. The furniture should be simple and capable of being easily cleansed. Avoid all kinds of woolen draperies and let the curtains be of white washable material. If possible, all medicines and the attendant paraphernalia should be kept out of sight of the patient in an adjoining room. Glasses, spoons, etc., should be washed as soon as used and placed ready for the time when they will again be needed.

**International Tennis.**  
The committee of the United States National Lawn Tennis association having charge of the international lawn tennis competitions for the Dwight F. Davis International Challenge cup announces that they will be played Wednesday, Thursday and Friday, Aug. 6, 7 and 8, on the courts of the Crescent Athletic club of Brooklyn at Bay Ridge, N. Y.

## THE DAILY REFLECTOR For Some Reflector Subscriber.

THE REFLECTOR has purchased a No. 9, ball bearing, rotary motion, drop head Wheeler & Wilson Sewing Machine, the retail price of which is \$60, and is going to make a present of this splendid machine to a subscriber of the paper.

The plan of giving away this valuable prize is as follows:

We have printed 1,000 tickets, numbered consecutively, and beginning the 1st day of August every person who pays \$1 on subscription either to THE DAILY REFLECTOR or THE EASTERN REFLECTOR will be given one of these tickets. Those who pay \$1 get one ticket, \$2 two tickets, and so on. It matters not whether you are an old subscriber paying up back dues or a new subscriber paying in advance, every dollar paid counts the same and gets a ticket.

One blank ticket has been sent to a person outside of the State to be numbered, the number to be known to no one but himself. This ticket after being numbered is sealed in two envelopes, these two enclosed in another envelope and mailed to Mr. J. L. Little, Cashier of the Bank of Greenville, to be kept in the bank by him until all

the 1000 tickets are out, when the one at the bank will be opened and the number announced, and the person holding the ticket with the same number will be given the machine.

If you are already a subscriber to THE REFLECTOR now is a good time to pay up all arrears and some in advance, getting a ticket for every dollar paid. The more tickets you get the larger number of chances you have at the machine. If you do not take THE REFLECTOR now is the best time to subscribe, get the campaign, home and general news, and at the same time have a chance to get this fine sewing machine. The sooner the tickets are out the sooner somebody will get the machine. Tell your neighbor about this and get him interested.

Everybody knowing anything about sewing machines knows that the Wheeler & Wilson is the best. If you want to see it and have its good qualities shown you go to Sam White's store any time after Aug. 15th and he will take pleasure in showing you how it works, and telling you that THE REFLECTOR is going to give some subscriber a valuable prize in this Wheeler & Wilson Sewing Machine.

**Longest Ball Game.**  
There has been much discussion among the baseball wisecracks about the record for extra innings. The longest game recorded was played on May 11, 1877, at Boston between the Manchester (N. H.) professional team and Harvard college, resulting in no score after twenty-four innings. The second longest game was twenty-two innings, between Tacoma and Seattle, played at Tacoma on May 10, 1891, and resulted 6 to 5 in favor of Tacoma.

**An Insult Guide.**  
A German has just compiled a handy little book of insults. The work contains 2,500 invectives, which are classed under the headings of insults for men, insults for women, insults for either sex, insults for children and collective insults for syndicates, groups and corporations.

**Open the Door of Your Heart.**  
Open the door of your heart, my lad,  
To the angels of love and truth  
When the world is full of unnumbered joys  
In the beautiful dawn of youth.  
Casting aside all the things that mar,  
Saying to wrong, Depart!  
To the voices of hope that are calling you  
Open the door of your heart.

Open the door of your heart, my lass,  
To the things that shall abide,  
To the holy thoughts that lift your soul  
Like the stars at eventide.  
All of the fadeless flowers that bloom  
In the realms of song and art  
Are yours if you'll only give them room  
Open the door of your heart.

Open the door of your heart, my friend,  
Heedless of class or creed,  
When you hear the cry of a brother's voice,  
The sob of a child in need.  
To the shining heaven that o'er you bends  
You need no map or chart,  
But only the love the Master gave.  
Open the door of your heart.  
—Moses Gage Shirley in Boston Transcript.

## EIGHT PAGE PAPER TODAY.

THE DAILY REFLECTOR feels somewhat like a newspaper today, so far as size goes, giving its readers eight pages instead of four. Of course it is the increased advertising patronage that enables us to give you a double size paper, but it gives us opportunity to say that if such patronage was only continuous this size paper could be issued every day rather than occasionally. Not only could the size be increased, but press dispatches and better news service could be added as well. This is a matter THE REFLECTOR has long wished for, to be enabled to furnish telegraphic news every day, but the patronage has not yet reached the point of affording it. While there are many patrons who stand regularly by the paper, there has not been that disposition on the part of all business interests to look upon it as an institution for the advancement of the town, to feel a town pride in it, and to realize that the more patronage they give the paper the more they help themselves and their town. However, we hope matters are gradually working to a better cooperation with the paper for the upbuilding of the town, and as this comes the paper will give more signs of improvement. You can look for another double size issue next Saturday.

The Western and Pacific sections of our country have recently been visited by earthquakes. Sections of Nebraska were visited by a shake a few days ago, and now comes news of one in California that covered a territory fifteen miles long by four miles wide. A village was almost entirely destroyed and much damage done.

A sad death occurred in the Southern depot at Greensboro, Thursday afternoon. Miss Augusta Southern, of Avalon, aged 18, was taken from the train sick, and died in ten minutes after reaching the ladies' reception room. In company with a sister she had left home only a few hours before to go to a health resort.

## His Sight Strengthened.

"While picknicking last month my 11-year-old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, Iowa. "He rubbed the poison off his hands into his eyes and for a while we were afraid he would lose his sight. Finally a neighbor recommended DeWitt's Witch Hazel Salve. The first application helped him and in a few days he was as well as ever." For skin diseases, cuts, burns, scalds, wounds, insect bites, DeWitt's Witch Hazel Salve is cure. Relieves piles at once. Beware of counterfeits. John L. Wooten.

We did not know editors could live so high, but Josephus Daniels, of the Raleigh News and Observer, is laid up with the gout. We are sorry for him.

## Rattle Snake.

Mr. Luke Smallwood was the center of attraction late Friday afternoon, as he went along the street dragging a big rattle snake behind him. He says the reptile was killed out in the woods.

## Remembered Us.

Today Mr. E. A. Baldree, of Winterville, brought us a pair of brown Leghorn chickens raised by himself. Besides being a good painter by trade, he is something of a fancier and likes to raise poultry. He is a deaf mute but one of the most industrious men we know, and a warm friend of THE REFLECTOR.

You can place your orders with THE REFLECTOR for Job Printing with full assurance of getting the best to be had for the money.

"I am just up from a hard spell of the flux" (dysentery) says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy, Farmville.

# Kodol

Digests what you Eat

# Dyspepsia Cure

Nature never makes a mistake and the preparation which duplicates its action cannot fail. Kodol Dyspepsia Cure never fails because it digests your food by nature's own process. Its effect is equally prompt on both occasional and chronic cases of indigestion, dyspepsia and stomach trouble of every kind. It digests what you eat while the stomach rests. No dieting is necessary. Eat all the good food you want. "We have been selling Kodol Dyspepsia Cure for the past two years and have also used it," write Bowman & Sons, of Valley Forge, W. Va., "and never heard of a failure. We are so confident of its merits that we sell every bottle under our personal guarantee." Kodol Dyspepsia Cure never fails.

### The Weather.

For North Carolina: Local rains  
tonight and Sunday.

When you wake up with a bad taste  
in your mouth, go at once to Wooten's  
drug store, Greenville, and Farmville  
Pharmacy, Farmville, and get a free  
sample of Chamberlain's Stomach and  
Liver Tablets. One or two doses will  
make you well. They also cure bilious-  
ness, sick headache and constipation.

### A PLAIN TALK ABOUT OUR BUSINESS.

It is safe to say our stock covers  
a wider range of useful and orna-  
mental articles in a smaller com-  
pass than any other firm in this  
portion of the country.

We are ever watchful to be able  
to supply all those little necessities  
known as specialties which other  
merchants omit because the de-  
mand is small or the profit slim.

For instance where else will you  
find the old time tin Cash or Deed  
Box, with lock and key? To be  
sure the demand is small, and so  
is the margin. But we have them,  
and so many other things of like  
nature that to name them would fill  
a volume. You'll often hear it  
said, "If you can't find it elsewhere  
go to Zeno Moore & Bro."

Then too our prices are right,  
to cheaper than everybody or  
everything, but above the market  
on nothing. We are not of the  
kind to cut the price on a well  
known article and then pull you  
for that on which you are not post-  
ed. Everything must bear a fair  
and proportionate profit. Follow-  
ing this rule, and by the most  
watchful care in buying—and by  
glancing down the cash—we some-  
times buy goods under value. In  
that case we sell them under value.

Where else can you get any kind  
of covered tin bucket for 5 cents?  
We offer one holds 14 qts. We  
don't shoot off our lips advertising.  
We verify what we say.

Whether it is goods or informa-  
tion you want, a visit to our store  
will pay you, and be appreciated.

Yours truly,  
ZENO MOORE & BRO.

### It Needs a Tonic.

There are times when your liver  
needs a tonic. Don't give purgatives  
that gripe and weaken. DeWitt's  
Little Early Risers expel all poison  
from the system and act as tonic to  
the liver. W. Scott, 531 Highland  
ave., Milton, Pa., says: "I have  
carried DeWitt's Little Early Risers  
with me for several years and would  
not be without them." Small and  
easy to take. Purely vegetable. They  
never gripe or distress. John L.  
Wooten.

# WE OPEN THE BALL

At the end of last year it was shown by facts and figures that the

## Farmers Warehouse

led the whole market by over a quarter of a cent a pound for the entire season.

This year the Sales Committee selected the

## FARMERS

to open the new season with the first sale, and our prices on that day have already told their tale.

We take this occasion to thank our many friends who in the past have given us their patronage. To every one, rich and poor, without distinction, we are profoundly grateful, and to our past record we point with pride and the consciousness of having done our best.

## We Don't Propose to be Behind

We shall spare no effort this year to take the best care of our customers. In backing this assertion we have the best facilities of every kind. Mr. Joyner this year will look exclusively after the sales.

We have secured the services of Mr. W. H. Jenkins, that veteran warehouseman of the Henderson market, whose genial smile and cordial hand shake is pleasantly remembered by many of our farmer friends. For twenty years he has been connected with the warehouse business of Henderson and thoroughly understands it from start to finish. He will assist, and as auctioneer will see that no pile goes until it has reached the top notch.

Mr. W. H. Dail will have charge of the office and see that you get your check as soon as your tobacco is sold.

We have a competent man for every place and if you will bring us your tobacco we will guarantee you fair treatment, honest weights and the cream of prices at all times. Thanking you for past favors and hoping to be remembered by you again, we are

## The Greenville Warehouse.

Of course the readers cannot fail  
to notice the full page advertise-  
ment in this issue of THE REFLEC-  
TOR. The Greenville Warehouse  
is the pioneer of the market, being  
the first built in Greenville, and  
from the start it made the market  
and town have both had a won-  
derful growth. Mr. G. F. Evans  
was its first proprietor, and though  
the management changed several  
times as other house were added to  
the market in succeeding years,  
the Greenville has always held its  
own and been a strong factor in  
the market.

Now "Uncle Grs" is back to his  
first love and is senior member of  
the splendid firm in charge of the  
Greenville Warehouse. One of  
his associates is Mr. D. S. Spain, a  
young man long identified with  
the market and a hard worker for  
the interest of the farmers. Mr.  
R. S. Evans, the other member of  
the firm, is a hustler from start to  
finish and has had valuable expe-  
rience as a warehouseman.

This is a strong team at the  
Greenville Warehouse, and they  
have with them a corps of excel-  
lent assistants. Your interest will  
be well cared for when you carry  
your tobacco to the Greenville  
Warehouse. Read the advertise-  
ment and heed what it tells you.

### One Nought Too Many.

In a rush about THE REFLECTOR  
office, Friday afternoon, the proof  
sheet of the opening of the tobacco  
market was overlooked, an one  
warehouse was given credit of  
having 500,000 pounds on sale. It  
should have been 50,000. And  
some dollar marks should have  
been left out.

### Fought the Officer.

Friday afternoon Chief of Police  
J. T. Smith had somewhat of an  
exciting time with two white men  
on the street. He had arrested  
one of the men and was leading  
him with uppers to the lock up.  
As they were going along the other  
man ran up and made tight on  
the officer, and when the grip was  
loosened on the first man he began  
fighting the officer also. Capt.  
Smith had to use his billet and a  
few blows had one man down and  
the other at bay. And next they  
knew the officer had two men ar-  
rested, both of them bleeding  
freely.

### A Necessary Precaution.

Don't neglect a cold. It is worse  
than unpleasant. It is dangerous.  
By using One Minute Cough Cure you  
can cure it at once. Always inflam-  
mation, clears the head, soothes and  
strengthens the mucus membrane.  
Cures coughs, croup, throat and lung  
troubles. Absolutely safe. Acts im-  
mediately. Children like it. Jno. L.
