ALL SUMMER GOODS MUST WALK.

We are anxious to sell—yes, but we are not so anxious for money that we will jeopardize our business by offering stuff we cannot stand back of. We are as jealous of our good name as we are proud of our business. Come this week and see how far a dollar bill will travel.

Mr. Wilkinson is in the northern markets buying Fall and Winter goods, and all summer goods must suffer great cuts. We mean carry over.

Charlotte Wireless Messages.

It is now possible to send a message from Charlotte to an outgoing or incoming vessel by the aid of the Marconi wireless telegraphy. The Postal Telegraph Company has posted a notice giving what is probably the first commercial recognition to the new system accorded in this State. The notice reads as follows, and is dated August 9, 1902:

"Messages may be accepted for transmission and sent prepaid to incoming and outgoing vessels fitted with the Marconi system of wireless telegraphy, via Sagaponack, Long Island, at the rate of \$2 per message of ten words, address and signature not counted, and 12 cents for each word over 10, in addition to the regular commercial tolls to Sagaponack, L. I., which is now connected by direct wire. Messages should be addressed 'S. S. . . . via Sagaponack, L. I.'"

"Notice should be given to sender that, if for any reason the message is not delivered on board the vessel to which it is addressed, the amount received for transmission, less land line tolls to Sagaponack, L. I., will be refunded. Messages are at 'sender's risk.'"

"Notification on the arrival of vessels fitted with the Marconi system can be furnished those desiring such service, about five hours prior to the vessel being sighted at Fire Island."—Charlotte Observer.

Guns for Capital Grounds at Raleigh

The steamer Compton will today bring up from Fort Caswell two big guns which the war department has donated to Governor Aycock to be placed on the capitol grounds. These guns belonged to Confederate armament at Fort Caswell, and when the emplacements were made for the modern guns, the old guns were dug from their resting place sixteen feet under the sand. They will weigh 7,500 pounds each and will be delivered at the Seaboard Air Line depot for shipment to Raleigh.—Wilmington Messenger. 22nd.

About The Dance.

Dancing is the chief source of amusement among all savage tribes. The more savage and uncivilized the people the more popular the dance. The dance is not the product of a highly cultured people, but a relic of a former age of mental and moral weakness. This fact is worth the careful study of Christians.—The Christian at Work.

The Trial of Wilcox.

Elizabeth City, N. C., Aug. 21.
—Owing to a delay in the printing of the brief of the Wilcox murder trial, the action of the Supreme Court of North Carolina may be delayed for six months. Should the document not reach the court by tomorrow night another six months in jail will confront the prisoner.

They are striking lots of oil in Louisiana these days. A well was bored at Welsh, a new locality, and before they got ready to "turn it in" a few days ago it turned itself in, and with a great rush of oil and gas, blew the piping out and blew the derrick all to pieces. After hard work they got it muzzled and think they have "the greatest gusher in the world."—Wilmington Star.

Get a free sample of Chamberlain's Stomach and Liver Tablets at Wooten's drug store, Greenville, and Farmville Pharmacy, Farmville. They are easier to take and more pleasant in effect than pills. Their use is not followed by constipation as is often the case with pills. Regular size, 25c. per box.

A real estate dealer in Maine has an advertisement in the New York Journal of lands for sale and offering great inducements to settlers. Some of the advantages of the locality set forth by him are that there are "no flies, no mosquitoes and no negroes" in the locality. How the northern negrophobists would sneer and howl if such an advertisement should appear in a southern paper. No southern man would think for a moment of holding out the absence of negroes in the section as an inducement to would-be-purchasers. Yet the negro is told that these northerners are more friendly to him than the northern whites.—Wilmington Messenger.

THE PLACE FOR HEALTH.

Editorial Correspondence.]

BEAUFORT, N. C., Aug. 22, 1902.

After spending a few days most pleasantly at Morehead we crossed over to spend the remainder of our health and rest vacation at this delightful place. There is not a more ideal seacoast resort than Beaufort, and it has been crowded with visitors this season. Miss Sarah Davis' popular house and other boarding houses have been full, and even the private residences on the water front were opened to boarders, yet all who wanted to come could not be accommodated. It is said a large hotel will be built here by next season.

Beaufort is a thriving town and shows progress. A splendid bank is among the recent additions to its business interests. The government recognizing the splendid location has just built a fish laboratory here to make a study of the products of the waters and to further the immense interests connected therewith. A large steamer is also here to bring in specimens to the laboratory.

Prof. S. D. Bagley, once a citizen of Greenville, has a graded school here.

When writing from Morehead we should have spoken of the pleasure of hearing Rev. A. W. Setzer, a former Greenville pastor, preach last Sunday. He has been at Morehead nearly three years and besides serving the church has awakened such interest along educational lines that led to the establishing of an associational school and a large building is now going up for it.

WASHINGTON LETTER.

From Our Regular Correspondent:

WASHINGTON, D. C. Aug. 21.

The echoes of the unsavory Philippine transport scandal have hardly died away, but another is ready to take its place. This time it concerns the lighter system at Manila. As may be shown, it is necessary to transfer goods for Manila to lighters which, in turn, land them at the wharves and warehouses. These lighters are employed by the quartermaster in charge and are paid at a given rate per trip; the rate being based on their tonnage capacity. When the situation first became known, the officials of the Treasury department demanded that a register be furnished them showing the names, speeds and capacity of the lighters. Since then the Treasury officials have apparently paid no attention to the disbursements made for lightering purposes by the army quartermasters, and no more than was necessary was revealed by the War department. Recently, however, the Treasury department, availing itself of the figures already furnished it and the reports of

the quartermasters as filed monthly with the auditor for the War department, has been making some comparisons which have proved the old adage that "comparisons are odious." The amounts paid out for freight far exceed the capacity of the lighters, tonnage and speed taken into consideration, and the auditor has demanded an explanation of the discrepancy. Secretary Root is in Europe in blissful ignorance of the discoveries of the auditor and until he returns it is not probable that any of his subordinates will dare to make a statement, but in the meantime a secret investigation will be made and possibly a scapegoat will be selected.

The determination of the Grand Army of the Republic to invite General Miles to head their grand parade at the encampment to be held in Washington next October, is a source of serious annoyance to the friends of the President. Of course, General Miles is the most distinguished member of the G. A. R. He is the most noted survivor of the Civil war, since Grant, Sherman, Sheridan and a number of others have passed away. Coming from the people, without the aid of a West Point education, General Miles has attained the highest rank in the army and that, together with the fact that he served shoulder to shoulder with the men of '60-'65, makes him dear to the G. A. R., but he is in disgrace with the administration. Colonel-President Roosevelt has had occasion to scold him and would have retired him had not an influential delegation of senators and representatives gone to the White House and threatened to blockade all legislation recommended by the President if he did; and being in the black books of Colonel-President Roosevelt, he has no right to occupy a position of honor or importance in the G. A. R. parade, and especially in Washington. It is even hinted that if the General accepts the invitation the Colonel Commander-in-Chief will prolong his stay in the west so that he will not be in Washington on the day of the great procession, but the time is still distant and it is probable that his better advised friends will not allow him to so seriously affront the veterans during the time they are guests in the nation's capital.

Save the Children

All stomach and bowel troubles in child or adult are due to a single cause—Indigestion. Flux, colic, cholera morbus, diarrhoea, dysentery and all complaints of like nature, are the result of undigested foods fermenting in the stomach. The only way to prevent fever and to cure such troubles without injury to the membranes lining the stomach is to restore perfect digestion.

KODOL Digests What You Eat

Kodol is the new discovery which cures all stomach and bowel troubles by removing the cause. This famous remedy checks fermentation, cleanses, purifies and all of the nourishment, health and strength it contains.

Cures Indigestion, Dyspepsia and all Stomach Troubles.
 "Kodol Dyspepsia Cure is just the thing for dyspepsia and stomach troubles. It has helped me more than anything else in a long standing case of catarrh of the stomach."

To My Friends.

It is with joy I tell you what Kodol did for me. I was troubled with my stomach for several months. Upon being advised to use Kodol, I did so, and words can not tell the good it has done me. A neighbor had dyspepsia so that he had tried most everything. I told him to use Kodol. Words of gratitude have come to me from him because I recommended it.—Geo. W. Fry, Viola, Iowa. Health and strength of mind and body depend on the stomach, and normal activity of the digestive organs. Kodol, the great reconstructive tonic, cures all stomach and bowel troubles, indigestion, dyspepsia. Kodol digests any good food you eat. Take a dose after meals. John L. Wooten.

A woman with a winning face;
 But with a heart untrue,
 Though beautiful, is valueless
 As diamonds formed of dew.
 Exchange.

Not Over-Wise.

There is an old allegorical picture of a girl scared at a grass-hopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For Sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy, Farmville, N. C.

Too much innocent amusement is not innocent, but morally bad.

Dysentery Cured Without the Aid of a Doctor.

"I am just up from a hard spell of the flux" (dysentery) says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy, Farmville.

Too be happy is of far less consequence to society people than to appear so.

His Sight Strengthened.

"While picknicking last month my 11-year-old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, Iowa. "He rubbed the poison off his hands into his eyes and for a while we were afraid he would lose his sight. Finally a neighbor recommended DeWitt's Witch Hazel Salve. The first application helped him and in a few days he was as well as ever." For skin diseases, cuts, burns, scalds, wounds, insect bites, DeWitt's Witch Hazel Salve is cure. Relieves piles at once. Beware of counterfeits. John L. Wooten.

You can no more filter your mind into purity than you can compress it into columns.

Boy Cured of colic After Physician's Treatment Had Failed.

My boy when four years old was taken with colic and cramps in his stomach. I sent for the doctor and he injected morphine, but the child kept getting worse. I then gave him half a teaspoonful of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and in half an hour he was sleeping and soon recovered.—F. L. Wilkins, Shell Lake, Wis. Mr. Wilkins is book keeper for the Shell Lake Lumber Co. For sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy, Farmville.

In any controversy the instant the participants feel anger, they cease to strive for the truth.

It Needs a Tonic.

There are times when your liver needs a tonic. Don't give purgatives that gripe and weaken. DeWitt's Little Early Risers expel all poison from the system and act as tonic to the liver. W. Scott, 531 Highland ave., Milton, Pa., says: "I have carried DeWitt's Little Early Risers with me for several years and would not be without them." Small and easy to take. Purely vegetable. They never gripe or distress. John L. Wooten.

A man who does not know how to learn from his mistakes turns the best schoolmaster out of his life.

A Necessary Precaution.

Don't neglect a cold. It is worse than unpleasant. It is dangerous. By using One Minute Cough Cure you can cure it at once. Always inflammation, clears the head, soothes and strengthens the mucous membrane. Cures coughs, croup, throat and lung troubles. Absolutely safe. Acts immediately. Children like it. John L. Wooten.

Rape Committed at Seven Springs.

The extra train service for the summer between New Bern and Morehead City was discontinued yesterday. Except on Sundays the train east in the morning will not go any farther than New Bern. As plain as the announcement seemed to be the other day in telling that the train would be discontinued between New Bern and Morehead City, many people have misunderstood it. Many thought the train running from Goldsboro to Morehead City would be discontinued entirely. This train will run on its regular schedule, but will not go any further east than New Bern, except on Sundays, and then it will, as usual, go down to the seaside. —Kinston Free Press.

New Town Bell.

The Board of Town Aldermen
has purchased a new bell to be
used to strike the 11 o'clock p. m.
hour, instead of using the fire
alarm. The bell has arrived and
it is hoped that it will be placed
high enough to be heard all over
town.

Big Hail Storm.

Julius H. Barnhill, of Bethel
township, was here today and told
us there was a big wind and hail
storm in his section Friday night.
The track of the hail storm was
about a mile in width. He said
that his crop and many others
were practically ruined, and that
the hail was two inches deep on
the ground. A few of those dam-
aged had insurance against hail,
but the greater number had no in-
surance at all.

Burglar Not Caught

W. C. Hines returned Friday
night from Washington with his
blood hounds, where he had been
to track the burglar who attempted
to break in the residence of Mr.
Jas. L. Fowle. He said that his
blood hounds and also one of Hur-
ricane Branch tracked the burglar
from the foot of the ladder under
the window, to the wharf. They
then crossed the river, and the
dogs found the track and ran it
about half a mile to the road across
the bridge, and there lost it. It
was thought by some that the man
probably got into a buggy there
and thereby prevented the dogs
from following him further.

**BREAK INTO
THE HOMES
OF THE
PEOPLE BY
ADVERTISING
IN THE
REFLECTOR**

A REFLECTOR advertisement will walk into the
homes every day and will let your wants be known
to the people.

A REFLECTOR advertisement will bring custom-
ers for your goods, find tenants for your house, find
employment or employees, in fact fill any reasonable
want you may have.

THE REFLECTOR goes into the homes of the
people and is read for what it carries them, hence
the place to tell your wants is in THE REFLECTOR.

The cost of an advertisement in THE REFLECTOR
is the easiest part.
