Productive Pearls.

Some months ago the Commonwealth printed a series of illustrated articles on pearls and how to find them in mussel shells. Recently Mr. J. M. Tillery has found a pearl in a mussel shell and doubtless by continuing his search he would find others. Mr. H. W. Mixon found a pearl in an oyster shell a year or two ago. He put it away in a safe place and recently when he opened it he found that the pearl had grown to twice the size it was when he put it away and there were two other small pearls in the package.—Scotland Neck Commonwealth.

THE SENTIMENT GROWING.

The almost unanimous vote by which the resolution declaring for the distribution of the public school money according to the taxes paid by the two races was adopted by the county convention Thursday, is significant, and shows how rapidly this sentiment is spreading. Many men are becoming outspoken in their disapproval of a law that will not permit them to tax themselves for the education of their own children without having to pay an equal sum for the benefit of an inferior race that has so far, with here and there individual exceptions, proven unworthy and unappreciative of what the white people have done toward educating them. There is a general tax levied by the State, the fund arising from which is divided between the races, the monies arising from fines, penalties, forfeitures, liquor licenses and such being distributed in the same way, yet if the white people, who pay about 97 percent of the taxes, wish in any town, community or district to levy a special tax upon themselves to make longer and better schools for their own children, they are not permitted to do so unless the special taxes they pay are also divided between the races as are the general taxes. People are beginning to look upon such a law as this unjust, and the tendency of feeling is toward a constitutional amendment that will change it.

The recent decision of the Supreme court upon the Greenville graded school bill has largely increased this sentiment. There has been a practice among county school boards to apportion the school money between the races so as to keep the schools for each open the same length of time, and as it cost more to conduct the white schools they received a larger portion of the money than the colored schools. But the Supreme court says this is contrary to the law and that the money must be apportioned per capita. Such a distribution of the funds would keep the negro schools open twice as long as the white schools and be an unjust discrimination against the latter. Yet this is the law, according to the opinion of the Supreme court, and it is no wonder there is a desire to change it.

For Job Printing in all the latest styles send us your orders.

We heard a prominent Judge of the State say a few days ago that from the standpoint of an investment the State had never made a poorer one than the money put into the negro schools. He said that since 1875 North Carolina had spent \$7,000,000 for the education of the negro, yet every court docket in the State is crowded with criminal cases and 90 percent of these criminals are negroes upon whom this money has been spent, the old time laboring negro forming but a small percent of the criminal class.

The Governor of Massachusetts has at last honored the requisition of the Governor of North Carolina for the return of Monroe Rogers, a negro wanted in Durham for arson. Rogers was arrested in Massachusetts and several prominent negroes in that State petitioned the Governor of Massachusetts not to permit him to be returned to North Carolina, claiming that he could not get a fair trial and that there was danger of his being lynched. The case has attracted considerable attention, much unnecessary ado being made over it. Rogers will get a fair trial when he gets back to Durham, and nothing will be said about lynching him.

To My Friends.

It is with joy I tell you what Kodol did for me. I was troubled with my stomach for several months. Upon being advised to use Kodol, I did so, and words can not tell the good it has done me. A neighbor had dyspepsia so that he had tried most everything. I told him to use Kodol. Words of gratitude have come to me from him because I recommended it.—Geo. W. Fry, Viola, Iowa. Health and strength of mind and body depend on the stomach, and normal activity of the digestive organs. Kodol, the great reconstructive tonic, cures all stomach and bowel troubles, indigestion, dyspepsia. Kodol digests any good food you eat. Take a dose after meals. John L. Wooten.

Some people blow their own horns because no one else is willing to undertake the work.

[Not Over-Wise.

There is an old allegorical picture of a girl scared at a grass-hopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For Sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy Farmville, N. C.

When ill news comes too late to be serviceable to your neighbor, keep it to yourself.

Dysentery Cured Without the Aid of a Doctor.

"I am just up from a hard spell of the flux" (dysentery) says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy, Farmville.

A man's own good breeding is the best security against other people's ill manners.

His Sight Strengthened.

"While picknicking last month my 11-year-old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, Iowa. "He rubbed the poison off his hands into his eyes and for a while we were afraid he would lose his sight. Finally a neighbor recommended DeWitt's Witch Hazel Salve. The first application helped him and in a few days he was as well as ever." For skin diseases, cuts, burns, scalds, wounds, insect bites, DeWitt's Witch Hazel Salve is cure. Relieves piles at once. Beware of counterfeits. John L. Wooten.

It is the richest who is content with the least; for content is the wealth of nature.

Boy Cured of colic After Physician's Treatment Had Failed.

My boy when four years old was taken with colic and cramps in his stomach. I sent for the doctor and he injected morphine, but the child kept getting worse. I then gave him half a teaspoonful of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and in half an hour he was sleeping and soon recovered.—F. L. Wilkins, Shell Lake, Wis. Mr. Wilkins is book keeper for the Shell Lake Lumber Co. For sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy, Farmville.

He who has not a good memory should never take upon him the trade of lying.

It Needs a Tonic.

There are times when your liver needs a tonic. Don't give purgatives that gripe and weaken. DeWitt's Little Early Risers expel all poison from the system and act as tonic to the liver. W. Scott, 531 Highland ave., Milton, Pa., says: "I have carried DeWitt's Little Early Risers with me for several years and would not be without them." Small and easy to take. Purely vegetable. They never gripe or distress. John L. Wooten.

The man who never in his life was foolish was never a wise man.

A Necessary Precaution.

Don't neglect a cold. It is worse than unpleasant. It is dangerous. By using One Minute Cough Cure you can cure it at once. Always inflammation, clears the head, soothes, and strengthens the mucous membrane. Cures coughs, croup, throat and lung troubles. Absolutely safe. Acts immediately. Children like it. John L. Wooten.

The Landmark has little sympathy with many of the damagesuits brought in the courts. There are cases of course in which the claims for damages are just, but the mania for bringing damage suits purely to get money has grown until damage suits are brought on all sorts of pretexts and in many cases amount to little less than downright robbery under the form of law. But there is one damage suit now pending in Asheville in which The Landmark is pleased to appear for the prosecution. It is against a man whose dog bit several little children and the amount asked for is \$5,000. We don't care if the plaintiff recovers \$10,000. He should at least get the full amount asked for. And we hope that every person hereafter bitten by a dog will bring a suit for damages and recover.—Statesville Landmark.

Tobacco Barn Burned.

This morning about 2 o'clock O.

finest barn of tobacco he had and
was a barn of picked wrappers.
The loss is about \$250.

Strong Test.

Frank Wilson has a very novel
way of advertising The Dutchess
Trousers. In his show window he
has a pair of one dollar trousers,
one leg of which is tied near the
ceiling and to the other leg is sus-
pended a keg of nails weighing 108
pounds. This is done to show
that the trousers will not rip.

S. M. Dickens, Chief of Police

He came here to run his dog with
one of W. C. Hines for practice.
Both dogs were taken across the

the boy and finally found him up
a tree.
