Dewey Took \$130,000.

New Bern, N. C. Aug. 7.—As the days go by more of Dewey's dealings come to light. When the first examination of the bank was made it was thought that \$75,000 would cover the amount that was taken by the departed cashier, but as each day passes the amount grows larger and up to tonight the figures have reached the \$130,000 mark, and yet it is not safe to say it will stop at that. The directors today decided to offer a reward of \$4,000 for the arrest and delivery of the missing cashier. This is an increase of \$3,500 over the first reward offered. Every detective agency in the country has been informed of the reward and it is thought Dewey will be caught and brought to justice.

Boycotting the A. T. Co.

Kinston N. C. Aug. 7.—A large and enthusiastic meeting of the local retail grocers and general merchants association tonight started a movement calculated to accomplish great good for tobacco growers throughout the South. Resolutions were passed boycotting all American Tobacco Company products. These resolutions will be forwarded to all similar associations in the state asking concurrence. It is hoped by this means to force the trust to pay living prices to farmers for raw material that is now below the cost of production, caused by the trust's high handed dictation of prices.

Hanged for Highway Robbery.

Birmingham, Ala. 7.—Will Jones and Will Hudson, negroes were hanged in the jail yard here today for highway robbery. Both negroes had their necks broken. Jones made a statement on the gallows that his name was Isaac Pitts and that his home was in Atlanta. Hudson went upon the gallows smoking a cigar. He made a statement on the gallows acknowledging that some months ago he shot a policeman's helmet off in Birmingham trying to kill him. He joked and laughed on the gallows and just before leaving his cell said he was born in Mexico, Mo., and had killed twenty two men in his life.

To Answer Charge of Murder.

Raleigh, N. C., Aug. 8.—Today Zack Thaxton, colored, will complete a one year's sentence in the penitentiary for larceny in Edgecombe county, and when he steps out at Hillsboro convict camp as he presumes to be free again, he will be taken in hand by a deputy sheriff from Norfolk who will be there with requisition papers and take him in custody. Thaxton will be carried to Norfolk to answer the charge of one of the most cold blooded murders ever committed in Virginia.

Negroes Appeal to Pius X.

Colorado Springs, Col. Aug. 6.—The negro educators association here has adopted resolutions appealing to Pope Pius X to intercede in the race problem in the United States. The resolutions say there are "hundreds of thousands of negroes who are affiliated with Roman Catholic church and the Protestant church, the ruling power of this country, has persistently refused to take any action looking to a stopping of indiscriminate lynching.

The man who fails in life has only one consolation, and that is to blame the world and cuss out the universe.

Some of us travel so far to find happiness that we lose our way, and misery has to find it for us.

Trouble Among Negroes and Whites.

Henrietta, N. C., August 7.—A cutting affair took place last night as a result of an ugly race feeling which had been brewing for several days, in which Otis Bird colored, was badly cut and may die and Virgie Cudd, White had one finger cut off and a bad bruise on the back of the head with the butt of a pistol in the hand of Bird. The negroes have been holding a meeting at their church in the south west side of town for a few days and a crowd of white boys have been attending at night and making disturbances by engaging in rude conduct and vile language. They have been disturbing the negroes on their way to and from services by throwing rocks at them and so on. Complaints against the very indecent conduct of the white boys were made to the superintendent of the Henrietta mills and he increased the force of night watchmen to try to catch up with guilty ones. In the meantime as the result of this feeling a rude and offensive negro cursed a very quiet peaceable and inoffensive white boy in the streets a few days ago.

AYDEN ITEMS

AYDEN, N. C., Aug. 8, 1903.

Misses Jennie Barwick and Mary Hodges, of Kinston, came Thursday to visit friends and relatives.

Clayton Barwick, of Ft. Barnwell, was in town Thursday.

Eld. S. B. Steven, national evangelist of the Free Will Baptist church, is in town again.

Alex, Graham, of Charlotte, was here Thursday night and made a speech in favor of the graded school.

Prof. W. H. Ragsdale was here yesterday to look after the interest of the graded school in the election ordered for same. Seeing that everything was passing off smoothly, he soon started for Winterville, accompanied by J. J. Stroud.

Dr. L. C. Skinner, F. G. Buhman, Stancel Hodges and D. R. McGlohon went to Winterville Friday evening.

The election held yesterday went for the school by a majority of about two thirds.

Taylor and Jenkins, of this place, ran an excursion for colored people to Norfolk yesterday. W. F. Hart, Dan and Ben Taylor, Walter Adams, A. P. Lunceford, R. F. Johnson, of Ayden, and Sam Dudley, of Greenville, went with the managers to keep order.

Maj. J. B. Neal, of Scotland Neck, is in town, working insurance.

Almost Prohibitory.

The ordinance adopted by the board of aldermen forbidding the riding of bicycles on any of the sidewalks of the town is almost equal to prohibiting their use in town entirely. This is true because most of the streets are in such condition that a bicycle cannot be used on them. Take Dickinson avenue for instance, which is so sandy in dry weather and so muddy in wet weather that a bicycle running on it is out of the question. The ordinance is hard on the owners of wheels, but maybe the town will have better streets some day.

Circus Train Wrecked.

Durand Mich. 7.—An air brake on the second section of Wallace Bros. circus train refused to work in the grand trunk railway yards here early today causing a collision between the two sections in which twenty two people were killed and over a dozen injured.

THE MAN,

WHO regulates the prices, has marched through our store and left unmistakable signs of his visit. Wherever a broken lot or incomplete assortment was found in any department down went the price. No, we do not propose to advertise a grand clearance sale—Goods Sold Regardless of Price—Clothing at Half Price or Less Than the Cost of Manufacture—suits at the cost of the thread with which they are sewed. Such nonsensical advertisements are simply a burlesque and an insult to public intelligence. Here's our statement: We have made great reduction on all broken lots in every department. We have not marked them up and then marked them down. Simply cut the original prices. Now then, come and see for yourselves. Let the goods and prices do the talking. This is what constitutes a fair, square reduced price sale, and this is our straightforward and honorable way of doing it.

"Too Much of a Good Thing"

That's what we have—too much Silk Mull, Mercerized Pebble Cloth, Mercerized Chambray, etc., for the season. The season really lacks two months of being over, but we must reduce stock for fall goods. Consequently we are making great reductions in Wash Silks, White Goods, Embroideries, Percales, etc. The profit goes to you if you take advantage of these reductions at once. We will not carry them over. You'll not have another chance to get the same goods for anything like the same money. Note these prices:

Mercerized Pebble Cloths, was 30c., now 20c.

SATURDAY AFTERNOON, AUGUST 8, 1903.

The outlook for the Raleigh & Pamlico Sound railroad grows brighter every day. At every point along the line it is being taken up with contagious energy and enthusiasm. Elections have been ordered in Raleigh, Wilson and the Pitt county townships affected. Washington is quietly but effectively pulling for the eastern round house and repair shops of the road. So far there has been no objection worth mentioning, and it may be said that there is not a cloud in the sky of evil portent to the hopes of those who are striving for the enterprise.

A woman in Chicago who had been married five or six times, three of them to one man, was suing for divorce from her sixth, and in anticipation of the success of her suit wrote to her former three-time husband: "Please marry me just once more, dearest Frank." But dearest Frank was as cold as an Iceland winter's day and his heart was as hard as the rocks on a New England farm. This is what he answered: "Nay, nay; I have had three trials with you and have got enough. Have positively married you for the last time." That was enough to disturb the equilibrium of a tombstone, to say nothing of a tender, loving young heart of six marriages, but Chicago women are not constructed on that model.

So many people are disposed to start backwards, so to speak. Here are a lot of colored people up in New York who held a meeting and adopted resolutions calling upon President Roosevelt to use his influence with congress to stop lynching. They might accomplish much more in this direction if they would exert their own influence on their race to stop the crime that causes lynching.

Lynching does not seem to stop the commission of the unnamable crime by other negroes, but it would probably be worse than it is if none of them were lynched.

We wonder if it will be any consolation to the depositors of that wrecked New Bern bank to reflect that the wreckee belongs to one of our best families.

The union depot at Washington will cost \$14,000,000 and will be the finest one in the world. Maybe Durham can get some satisfaction out of this.

If the census of Canada were taken just now it would probably contain a name somewhat similar to that of the hero of Manilla bay.

North Carolina may well rest easy when she has placed the carved images of Vance and Macon in Statuary hall at Washington.

Bob Glenn is not making much noise about that governorship, which makes things look a trifle dubious for the other gentlemen.

Any will made by the late Cassius M. Clay is as good as another, as they were all made by a crazy man.

A New York congressman returned a free railroad pass. He ought to be expelled from congress.

Of course the railroads object to the assessments. What have they got lawyers hired for?

One man who deserted his wife and five children recently, leaving not one penny in the house, laughed and said to a companion: "Nell will get along. She is a good manager."

"Get along!" The work that that woman has done to keep her loved ones together would make you cry. She is wrinkled; her joints are swollen and her back bent, and sometimes rheumatism touches her. From morning till night the foul steam from a washtub fills her lungs. And there is so much of the great hearted woman in her that she doesn't even hate the cur who left her. There are a thousand cases, ten thousand—how many? They are all about you. Punish the wife deserters. Don't spare them.—Winston-Salem Journal.

If Senator Gorman can keep his boom from being talked to death he will stand the best show.

Arthur Pue Gorman's boom appears to be the kind that won't come off.

Song.

In Love, if Love be Love, if Love be ours,
Faith and unfaith can ne'er be equal powers;
Unfaith in aught is want of faith in all.

It is the little rift within the lute
That by and by will make the music mute,
And ever widening slowly silence all.

The little rift within the lover's lute,
Or little pitted speck in garnered fruit
That, rotting inward, slowly moulders all.

It is not worth the keeping,—let it go;
But shall it?—Answer darling; answer, No,
And trust me not at all, or all in all.
—Alfred Tennyson.

Another woman in breeches! All grading work for a railroad was stopped by Mrs. Mary McKenna, at Martinette, Wis., a few days ago. She says that the railroad company has not paid her enough for her property. She dressed herself in man's attire, pulled a slouch hat over her eyes and, with a stick in one hand and a revolver in the other, drove a crew of one hundred Italians off her property. The Italians fled like scared sheep and Mrs. McKenna is still in control of the situation. A woman like that is calculated to move things.—Wilmington Star.

Next Judge O. H. Allen mentioned gambling. He said this was a speculative age. That men were restless and nervous and wanted to make money fast. They cannot wait to make it in the regular way. They wished to get money without working for it—that is get something for nothing. He called attention to the fact that while there was some difference between this and stealing, that it was, in effect about the same—getting something for nothing. He urged the jury to do their duty here.—Oxford Public Ledger.

Taken With Cramps.

Wm. Kirmse, a member of the bridge gang working near Littleport, was taken suddenly ill Thursday night with cramps and a kind of cholera. His case was so severe that he had to have the members of the crew wait upon him and Mr. Gifford was called and consulted. He told them he had a medicine in the form of Chamberlain's Colic, Cholera and Diarrhoea Remedy that he thought would help him out and accordingly several doses were administered with the result that the fellow was able to be around next day. The incident speaks quite highly of Mr. Gifford's medicines.—Elkader, Iowa, Argus.

This remedy never fails. Keep it in your home, it may save life. For sale by Wooten's Drug Store, Greenville; R. L. Davis & Bro. Farmville.

SAVE THE CHILDREN.

Ninety nine of every one hundred diseases that children have are due to disorders of the stomach, and these disorders are all caused by indigestion. Kodol Dyspepsia Cure is just as good for children as it is for adults. Children thrive on it. It keeps their little stomachs sweet and encourages their growth and development. Mrs. Henry Carter, 705 Central St. Nashville, Tenn., says: "My little boy is now three years old and has been suffering from indigestion ever since he was born. I have had the best doctors in Nashville, but failed to do him any good. After using one bottle of Kodol he is a well baby. I recommend it to all sufferers. 'Kodol digests what you eat and makes the stomach sweet.' Sold by J. L. Wooten.

Sick Headache.

"For several years my wife was troubled with what physicians called sick headache of a very severe character. She doctored with several eminent physicians and at a great expense, only to grow worse until she was unable to do any kind of work. About a year ago she began taking Chamberlain's Stomach and Liver Tablets and today weighs more than she ever did before and is real well," says Mr. Geo. E. Wright of New London, New York. DEWITT IS THE NAME.

When you go to buy Witch Hazel Salve look for the name DeWitt on every box. The pure unadulterated Witch Hazel is used in making DeWitt's Witch Hazel Salve, which is the best salve in the world for cuts, burns, bruises, boils, eczema and piles. The popularity of DeWitt's Witch Hazel Salve, due to its many cures, has caused numerous worthless counterfeits to be placed on the market. The genuine bears the name of E. C. DeWitt & Co., Chicago. EAT ALL YOU WANT.

Persons troubled with indigestion or Dyspepsia can eat all they want if they will take Kodol Dyspepsia Cure. POTENT PILL PLEASURE.

The pills that are potent in their action and pleasant in effect are DeWitt's Little Early Risers. W. S. Phipot of Albany, Ga., says "During a bilious attack I took one. Small as it was it did me more good than calomel, blue-mass or any other pills I ever took and at the same time it effected me pleasantly. Little Early Risers are certainly an ideal pill." Sold by J. L. Wooten.

GRIMESLAND ITEMS.

Grimesland, N. C., Aug. 7, 1902.

Prof. Ragdale will address the people of Grimesland and Chicod township on the subject of education, on Thursday August 13th. Hon. J. Bryan Grimes, secretary of state, has been invited also, and we hope he will be here. We want everybody to come, especially the heads of families, and let us some means by which we may be able to better educate our children. The meeting will be called to order at about 3 o'clock p. m. Let the fathers and mothers come out and take half day's schooling. It will do them good. The railroad question came before the town commissioners Monday night. The necessary papers reached here Monday afternoon and we did not have time in which to get the thirty necessary signatures on the petition for a bond election, so the matter went over to a called meeting tonight, at which time I suppose some action will be taken in the matter. It seems to us that our prorata of bonds is too high in proportion to value of real estate in Grimesland. Ed. Clark, of Black Jack, is spending a few days with Harvey Boyd.

Miss Lizzinia Moore is expected home this afternoon from Greenville, accompanied by Miss Hernie Ragdale. John Gibson and D. G. Moore went to Centerville yesterday. W. E. Proctor went to Washington last night to assist in transferring the large crowd which visits the Riverside park from Washington every Wednesday night.

PACTOLUS ITEMS.

Pactolus, N. C., August, 1 1903.

J. J. Satterthwait and R. R. Fleming, Jr., went to Greenville Monday.

H. G. Huntley returned from Wilmington Monday. His little daughter, Pauline, is very sick.

The new mail route from Grimesland to Pactolus is now in operation. This gives Grimesland people their mail much sooner than heretofore.

R. L. Brown, of the A. C. L., is in town for a few days doing some work which we are glad to have done.

New goods coming every day. Few more pieces of summer lawns will be sold cheap at C. E. Bradley & Co's.

Horace Davenport, of Speed, is spending a few days with the family of J. R. Davenport.

Wanted—Four or five small pigs—C. E. Bradley.

Miles to go.

Washington, D. C., Aug. 6.—The retirement from active service of Lieut. General Nelson A. Miles will be announced at the war department Sunday morning. General Miles has already prepared a farewell address to the army, which will be issued on the day of his retirement from office. General Miles will be succeeded in rank and duties by Major General S. M. B. Young, who will be promoted to be lieutenant general and will at the same time be assigned to the command of the army.

Well Wishes.

Throughout your life may all your days be bright;
May you and sorrow meet where ways divide;
May joy come to you with each morning's light,
And stay until the morrow's night has died.

May sickness meet you but to pass you by;
May all your years be good, and full, and long;
May friends, both staunch and true, stand ever nigh,
May all your days be as one glad, sweet song.

FARMVILLE CORRESPONDENCE.

Farmville, N. C., Aug. 7, 1903.

In looking out for items of interest we see some improvements going on. The Methodist church, now under process of erection, is being weather boarded, and will soon be covered, and from the plans we think the church will be a very handsome structure. We have looked forward to the completion of this church with great pleasure.

Our merchants, always looking after the interest of their customers, are buying and securing large quantities of goods of all kinds suitable to the fall trade, we also learn that several car loads of goods will be received by several individual firms in a few days.

The farmers are nearly through with curing tobacco, but, although the present prices are very low, the fine prospects for a cotton crop and the high prices we believe will be maintained for this staple will enable the farmer to meet all his demands and have a surplus left. There should be an understanding among the farmers that they will not put tobacco crops on the market. Do this and you can force the tobacco trust to pay higher prices, or they cannot get your tobacco. The farmers must organize and force these monopolies to pay a remunerative price and not allow them to set the prices for your hard earned crops. By thorough organization the farmers of this state can set prices on their money crops if they will keep out of debt, and say to the buyers, "my crop of tobacco is worth so much, take it at that price or I will hold it." The speculators would then come to terms or the factories would cease running. Judgment and business tact are just as essential to the farmer's welfare and success as to the manufacturer or merchant.

Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder.

If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each.

Kodol cures indigestion, dyspepsia and all stomach disorders. I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy, I seldom need it, as it has cured me. Mrs. J. W. COOLBAUGH, Milo Center, N. Y.

Kodol Digests What You Eat.
