Crop Report.

The weekly Crop Bulletin for week ending Monday, June 20, 1904, says: During the first half of the week the weather over the entire state was too cool for the growth of all crops, and their progress was retarded slightly; but the latter part was warm, and all vegetation made a fresh and vigorous start. The amount of rainfall was deficient, especially in the eastern half of the state where the crops in general are suffering for want of moisture.

The wheat harvest is in full progress. About three-fourths of the wheat is cut, the weather being very much in favor of this work. The crop is excellent, and is considered the best for years.

Considering the cool and dry weather, cotton is doing very well. The plant is rather small, but has a good healthy color; chopping is about over, complaints of lice are very few. The oat crop is fair in a few central counties, but in general it is not doing very well. Corn is being worked the second time, and is doing quite well in most sections.

Washington Defeats Greenville.

Greenville was defeated by Washington in the latter town yesterday in a one-sided, yet interesting game of Base Ball, to the tune of 7 to 1.

Washington succeeded in piling up her runs in the first four innings.

After that she received five successive goose eggs. Costly errors at critical stages of the game was the cause of Greenville's defeat.

The following is the score of innings.

Greenville 0 0 0 1 0 0 0-1
Washington 3 1 2 1 0 0 0-7
Batteries—White, James and King, Greenville.
Davis and Maxwell, Washington.
The same teams will play in Greenville the latter part of next week. Let everybody turn out and cheer our boys to victory.

Masonic Opera House 30th.

The presentation of the beautiful drama "Forgiven" will take place in the Masonic opera house on Thursday night, June 30th. This is a most beautiful play, full of romance, love, pathos and sarcasm. The parts are well taken and practice rehearsals are being had regularly. It is indeed a most attractive and interesting play. The Masonic fraternity with the ladies and helpers are to be complimented and congratulated for selecting such an artistic attraction.

Improving Lawn.

The lawn next to the court house and Masonic temple is being leveled and put in good condition. A stone coping will be put around it.

THE WEATHER

Partly cloudy tonight, showers and cooler in central portion. Thursday fair.

The Bright Jewels of the Methodist church realized \$15.50 at their lawn party given at the residence of Mrs. Wiley Brown, last night.

J. H. Starkey has bought out the grocery business of Hearne & Co. See his advertisement in this paper.

7,000 Russian Casualties.

New Chwang, June 20.—A Russian officer who was wounded in the battle at Vafangow, (Telissu) told an Associated Press correspondent that the losses on both sides were severe. He placed the Russian casualties at at least 7,000. He says no soldier in the world could withstand the Japanese as they have been fighting lately. Their artillery fire, he claims, is marvelously effective. The Russians fought stubbornly but were unable to withstand the enemy's dashing persistency. Several hundred wounded Russians have been sent north owing to a lack of hospitals and surgeons. All the available transportation has to be used for supplies at the expense of the sick and wounded. The Japanese buried most of the Russian dead after the battle.

It is estimated on information obtainable that the Japanese force moving northward is 70,000 strong, with 90,000 men in the aggregate engaged in the operations at Port Arthur. Several Japanese spies have recently been captured a few miles south of New Chwang. The Russians are becoming more vigilant and are watching newspaper messages closely.

Bidding On Water Works and Electric Lights.

Today was the time for the board of internal improvements to receive and open bids for the construction of electric lights and water works plants for Greenville. Representatives of about twenty five different construction companies are here. The board met at 11 o'clock this morning but the result of the bids cannot be given yet.

Metcalf to Succeed Cortelyou.

Washington, June 20.—It can be stated with definiteness that Representative Victor H. Metcalf, of the third California district, will succeed Secretary George B. Cortelyou, as the head of the Department of Commerce and Labor. No change will be made in the department until the close of the present fiscal year on the 30th instant.

Sunday School Disappointed.

The Baptist Sunday school had selected tomorrow as the date for their excursion to Yankee Hall and picnic there. It was learned this morning that boats could not be had for the trip tomorrow and the excursion had to be cancelled. This is a disappointment to the school but could not be avoided.

Now that bids are in work is expected to begin on the town improvements in a short while.

Miss Jessie Lee Sugg returned today from a visit to Farmville.

FOR Gentlemen.

You do not mind confessing that you like nice things--Good Shirts--nice Handkerchiefs--comfortable Hose--sensible Underwear--pretty Ties--correct Collars and Cuffs--stylish Hats and Gloves and good linen generally, do you? We have all these things. The prices are lower than elsewhere, and the assortments, we believe, are selected with greater care, more thoroughly, and with a view of having something truly out of the ordinary. The men who buy these things are appreciative dressers themselves. Drop in any day. Our time is yours. Money back if you want it, making trading absolutely safe.

WEDNESDAY AFTERNOON, JUNE 22, 1904.

The Greensboro racket begins tomorrow.

The gentlemen have not much longer to wait.

Great will be the disappointment of somebody at Greensboro.

No, the agony will not end when the state convention is over. The squable will then wax warm for places on the county ticket.

It is strange that men who are citizens of a town and ought to have the good of their town at heart, will sometimes act in a way that is detrimental to the interest of themselves and the town.

A dispensary campaign is in progress at Wilmington. The Messenger of that city has declared that it is neutral on the subject and will take sides neither for nor against it. That is a rather dodging position for a newspaper to take on a great moral issue. It would be more manly to get on one side or the other—if it favors the whiskey side say no, and vice versa.

Norfolk is having a trouble that is quite like Greenville's case, though the dispensary is not the point in controversy. In that city a reform board was elected for the coming fiscal year, and the board soon to retire has taken advantage of every point possible in an effort to tie the hands of the incoming administration. Reading an editorial on the subject in the Norfolk Virginian-Pilot we could feel that it applied almost as well to the situation in Greenville.

North Carolina, in common with other Southern states, goes through the form of pensioning the most needy of her ex-confederate veterans—doing, perhaps, as much as she is able for them; but unfortunately, very little. An item in our Raleigh letter published yesterday, stated that it is not thought there will be much increase, if, indeed, any, in the number of pensioners this year. "The death rate," it is added, "has increased considerably and is greater this year than ever." There is nothing strange about these facts until we go to contrast them with Uncle Sam's experience in the matter of pensions—then it seems that there is something wrong. And there is—Charlotte Observer.

Saint John's Day.

The annual celebration of St. John's Day by the Masons of North Carolina will be held at the Oxford Orphan Asylum Saturday, June 25.

Special communication of the Grand Lodge of Masons before noon.

Interesting and profitable exercises in the grove during the afternoon.

Prof J. B. Carlyl, of Wake Forest, will be orator of the day.

Songs by the children of the Oxford Orphan Asylum.

Many who attend will carry baskets and will enjoy a picnic dinner.

Tables provided in the beautiful grove.

Barbecue will be sold on the grounds.

The railroads have been asked for special rates.

A pleasant and profitable day is promised those who are present.

We know where the chicken got the axe, but we would like to know where it got the radium that makes its price so high.—Wilmington Star.

Raw onions are said to cure the rheumatism, but no doubt your friends would prefer that you continue to have the rheumatism.—Durham Sun.

In the Democratic platform John Sharp Williams places special emphasis upon honesty in all the departments of the government. This same emphasis would not come amiss when the national platform is made.—Raleigh Times.

The report of the sheriffs of the various counties to the corporation commission show that in North Carolina there are 828 lawyers, 1,278 physicians, 289 dentists, 116 photographers, 355 hotels, 9,132 merchants and 1,064 corporations.

The American Bankers' Association in their session in Atlantic City the other day discussed this question: "How to borrow money without security." Gentlemen, if you find out how it can be done write at once full particulars immediately if not sooner to yours truly.—Wilmington Star.

Original Observations.

Dissipation is nature's sweet destroyer.

The thief likes to take things on the quiet.

All things come to him who waits—especially trouble.

A title of nobility guarantees neither morality nor brains.

When poverty becomes a crime the world will be one vast prison house.

No law can be passed to prevent a man from making a fool of himself.

As a rule those people live the longest who don't do everything at once.

You can always tell the fastidious man by his sending twenty-seven cuffs and collars to the laundry accompanied by a single shirt.

After marriage the question as to who is speaker of the house is quickly settled.—Orange Va. Observer.

The Liberty of the Press.

Nearly ever newspaper man who can write at all has been trying his hand on the above subject of late. Many good things have been said, others not so good, and some rather indifferent, not to say bad. There is, however, a whole chunk of truth contained in the following from Durham Thrift:

We are not of those who regard the license of the press as an unmitigated evil. The great sin of the press (in our opinion) is its silence when wickedness is seated in high places. Even the best editors shrink from the duty of denouncing the wrong-doing of party leaders, whom they must support under penalty of being charged with disloyalty to their friends.

Some prominent and useful papers are swift and persistent in the detection and exposure of wrong-doing by men of the political party whose injury they wish to effect, while they pass by in silence or with faint rebuke, if they do not openly defend similar practices of their own party men.

The press is now the first estate in this realm, and well would it be if its purity and disinterestedness were equal to its ability and opportunity.

BENSONIZER LUNG CURE

NO MORE EXILE FOR CONSUMPTIVES.

A Cure at Last Obtained, After a Searching Investigation, by St. Louis Interests.

A few months ago the attention of a few scientific and philanthropic gentlemen of St. Louis was directed to an entirely new method of combating that most dreadful of all diseases, tuberculosis, commonly called consumption. Out of 115 test cases, 77 were completely cured and 28 have shown such improvement that their ultimate recovery is but a question of a few weeks.

So astonishing have been the results and absolute cures in cases pronounced incurable by all old methods that a company has been formed and is now prepared to furnish at a normal cost, this cure to all sufferers of the "White Plague." One of its chief features is that patients can remain at home, surrounded by friends and relatives, and in a great many instances, especially the incipient or early stages of the disease, pursue their daily vocations and still become completely cured.

Patients receiving the same treatment here in St. Louis have completely recovered as rapidly as those in Colorado, New Mexico and Texas. The wonderful results in question have been accomplished by the Bensonizer, and the company which controls this marvelous medical device have located their main office at 417 North Seventh street, St. Louis. They have also located a factory on Easton avenue and a laboratory has been built at Hillside, Mo. The cure will be known as the Bensonizer Lung Cure, and Mr. C. P. Benson, the discoverer of the fluid inhalants which are used, will personally have charge of the affairs of the company. Mr. Benson will personally meet all who call at the office of the company on Seventh street, and will answer all communications from sufferers who are unable to make a personal call. —From the St. Louis Globe Democrat.

AYDEN ITEMS.

AYDEN, N. C., June 21, 1904.

Mrs. W. M. Edwards and children returned from Kinston yesterday morning.

Miss Bertha Dawson, of Winterville, was visiting friends here Sunday.

Miss Nannie Frizzelle, who has been visiting Mrs. J. J. Edwards, has returned to her home in Ormondville.

J. J. Edwards returned from Hookerton Monday.

Rev. W. L. Bilbro, of Dover, is here on a visit to the family W. L. Bilbro, Jr.

Prof. T. H. King is on a visit to Chase City, Va., and Mrs. King and child are visiting her parents in Franklinton.

We learn from the REFLECTOR, our friend Dr. P. H. Burruss spent last Sabbath in the city on the banks of the placid meandering Tar.

The colored people had a large religious meeting here Sunday. There was a large crowd present and everything passed off pleasantly.

Anyone doubting Contentnea being a very large and wealthy township it is only necessary to convince them if they will just tackle the tax list.

The old man and us have come to grief. During the absence of the madam and children we kept house. For a change of diet we bought a chicken and not being quite ready we placed it under a bucket for keeps. After sometime being ready we turned the bucket up and the chick had kept, she was there, but dead, with a sad smile we turned away in fearful thought of what might have been.

Triumphs of Modern Surgery.

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced; pipes take the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, burns and life injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by the old treatment, Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by Wooten's Drug Store, Greenville, R. L. Davis & Bros. Farmville.

The Anti-Saloon League appears to be weakening its hold as the campaign warms to its work, and the old party spirit waxes stronger. It may be that some people who protested long and loud against the nomination of liquor candidates will fall by the wayside, but there are still those among us who are determined to support no candidate for office, no matter what pressure may be brought to bear, who is not out and out opposed to the liquor traffic. —Charity and Children.

Sued by His Doctor

"A doctor here has sued me for \$12.50, which I claimed was excessive for a case of cholera morbus," says R. White, of Coachella, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by Wooten's Drug Store, Greenville, R. L. Davis & Bros. Farmville.

Reform Needed in Our Jury System.

The Progressive Farmer has more than once called attention to the need of certain reforms in our jury system. Last October, after the conclusion of the Haywood murder case, we argued that in the matter of preemptions challenges of venire men, the prosecution should have the same number of challenges as the defense. We showed that this is the tendency in other States, and that for the country over, the prisoner is not allowed even twice as many challenges as the prosecution, while in North Carolina he has five times as many. We are not bloodthirsty, and we would give the prisoner every reasonable concession. But it is enough, in all conscience, that he should have twelve chances to one before an unbiased jury—having only to convince one jurymen of his probable innocence to escape while the State must convince twelve jurymen of his positive guilt in order to convict. It is enough, as we then said, for the prisoner to have twelve chances to one before the jury, without the additional advantage of practically selecting that jury.

These facts and the need of action are brought more impressively to mind by a letter now before us written by an officer of long experience in our Superior Courts. The figures given by him are nothing less than amazing and ought to lead to an irrepressible demand for the legislation which, as he himself declares, is so much needed.

"I understand," he writes, "that between 50 and 100 men have been killed in Watauga county since the war, 90 in Ashe, and an even larger number each in Madison and Mitchell. Yet only one man has been hung in Watauga in 24 years, not one in Ashe, probably one in Mitchell, and not one in Madison save one man carried there from Buncombe and tried in a case removed. These are not very definite, but approximate facts I obtained in that section.

"Now there are very many good citizens in that country. But life is not one of the things held sacred by a large population, and the reason for it is, in large part, that the courts are powerless to protect.

"I know this from long experience: That the state cannot get a fair trial in this state in contested murder cases. I know this. A safe, a reasonably safe remedy, lies in jury reform, or at least in jury reform and in rational and expeditious procedure. Legislation is needed."

This last sentence ought to ring in the ears of all men chosen to represent the people in our next legislature, and it would be well if our party platform makers would also remember it "Legislation is needed."—Progressive Farmer.

Chamberlain's Stomach and Liver Tablets Better than a Doctor's Prescription.

Mr. J. W. Turner, of Truhart, Va., says that Chamberlain's Stomach and Liver Tablets have done him more good than anything he could get from the doctor. If any physician in this country was able to compound a medicine that would produce such gratifying results in cases of stomach troubles, biliousness or constipation, his whole time would be used in preparing this one medicine. For sale by Wooten Drug Store, Greenville; R. L. Davis & Bros. Farmville.

Thrown From A Wagon.

Mr. George K. Babcock was thrown from his wagon and severely bruised. He applied Chamberlain's Pain Balm freely and says it is the best liniment he ever used. Mr. Babcock is a well known citizen of North Plain, Conn. There is nothing equal to Pain Balm for sprains and bruises. It will effect a cure in one-third the time required by any other treatment. Come Home, Father.

Father, dear father, come home with me now,
For mother is out to the club,
You said you were coming right home from your work
To get the dear children some grub,
The cook has gone out—her club also meets—
The janitor's gone on a spree,
And poor brother Bennie has swallowed a nail,
And no one to help him but me.

Father, dear father, come home with me now;
There's scrubbing and sweeping to do.
While mother is solving the problems of state
The children are crying for you.
The socks must be darned, the patches tacked on,
The beds must be turned back to air,
And mother's shirt waist must be ironed tonight,
Or she will have nothing to wear.

Father, dear father, come home with me now;
It's lonely without any man;
And mother will grieve when she comes from the club
If things are not fixed spick-and-span.

Don't swear, dear popper; it isn't polite;
The children in hearing might be.

So let business slide, for dear mother, you know.
May bring home a few friends to tea.—Council Bluffs Nonpareil.

THERE ARE VERY FEW WOMEN WHO DO NOT KNOW SOMETHING OF THE PHENOMINAL POPULARITY OF

Queen Quality

THE FAMOUS SHOE FOR WOMEN

The price is not the only thing that has made these shoes famous. There are other shoes at about the same price. The difference is in the shoes. No such shoes were ever offered before. THE OXFORDS ARE SOLD AT 50c LESS than the boots, as there is less material and less labor required to make them.

THE SPRING STYLES

have created more shoe Talk among the smart dressers than any other line ever shown in Greenville.

Any Last or Toe or Heel or Leather, we have it

WEAR THE "QUEEN QUALITY"

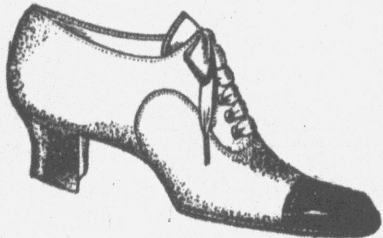

and you will have the satisfaction of knowing that you have the best shoe in America for \$3.00. They fit where others fail. Sold exclusively by

C. S. FORBES,
The Man's Outfitter.

THE ULTRA SHOE

The salient features of The Ultra are its fine workmanship, excellence of material, desirability of style, and elegance of fit and consequent comfort to the wearer. These form the sine qua non of desirable footwear.

In addition The Ultra is equipped with our patent cushion insole, a device which gives the shoe flexibility and durability, insuring a maximum of ease and comfort to the wearer, and protecting the foot from the ill effect of the hot sidewalks of summer as well as from the dampness of wet weather. This feature alone is well worth the price of the shoe.

We present a wide range in styles and finish, and are able to meet the requirements of the most fastidious as the more conservative patron and we invite a thorough inspection of our line. Ultra in name, Ultra in character, Ultra in every feature that contributes to fit, comfort and style. In finish, material and workmanship we are proud to present to all lovers of good taste in footwear a shoe for which we have never yet had to make an apology.
