NEW MASONIC TEMPLE.

The Laying Of The Corner Stone and
Dedication.

GREAT MASONIC DAY IN GREENVILLE.

Greenville Lodge no. 284, A. F. & A. M. now has a beautiful home of its own, and Thursday, June 30, 1904, marks a date that for years to come can be pointed back to with pride by every member of the lodge. That is the date set apart for the laying of the corner stone and dedication of the temple.

At the first recollection of this writer the lodge owned a lot on the corner of Pitt and Second streets on which was a two-story frame building, the upper floor used for the meeting of the lodge and the lower floor as a school room. To many of us that old school room will ever be held in blessed memory.

This lodge building was considerably removed from the centre of town and as the years rolled on and the lodge increased in membership it was found that the quarters were too small. In planning for more convenient quarters it was decided to secure a lodge room down town. When the Rialto building was being erected arrangements were made with the owners to construct a good lodge room for the Masons on the corner near the court house.

As soon as this was completed the lodge moved in and for several years held its meetings there. In the meantime the old lodge property was used for school purposes and for awhile a school for girls was conducted there under the direction of the lodge. The building was burned while being thus used.

The first steps taken by the lodge towards securing a temple in which to make itself a permanent home was near the close of 1899. At that time the two-story portion of the Rialto building in which the lodge quarters were located was purchased by THE REFLECTOR to make a home for the paper. This purchase necessitated the Masons looking about

for other quarters and the outcome was that the lodge settled upon the idea of building a temple. Arrangements were made with THE REFLECTOR for the lodge to continue using its same quarters until the plans for building the temple could be carried out.

Enterprises of such magnitude must of necessity move slowly, but the earnest efforts of the Masons were crowned with success. Their old lot was sold and they bought the Delaney lot near the court house on which to build the temple. Work on the building was started Aug. 10, 1903, and on the first of April, 1904, the lodge moved into its own quarters.

The temple is a handsome building representing an outlay of about \$20,000. It is three stories, the first floor being devoted to suites of offices, the second floor a modern opera house, the third floor lodge rooms. The town as well as the Masonic fraternity are to be congratulated upon having such a creditable building.

After getting the building completed the next step was to arrange for laying the corner stone and formally dedicating the temple. Owing to circumstances at the time of starting the building the corner stone could not be laid then and was deferred until the completion of the temple.

Below is the program:
Masons meet at Masonic temple oper house at 10 a. m.

Laying corner stone at 10:30 by the Grand Lodge.

Public installation of officers. Dedication of temple.

Oration by Prof. J. B. Carlyle, of Wake Forest.

Dinner at Center Brick warehouse.

Music for the occasion by Osceola Band.

GREENVILLE WON.

The home team showed its superiority over her old rival (Washington) yesterday afternoon at Munford's Park, by a score of 17 to 8.

It was thought that the storm would delay the game but about 4:45 the Washington aggregation turned up in new uniforms, black and old gold, which of course showed up fine, but we must say they were soon trampled upon by the red and blue.

The game was full of errors, but the manner in which the home boys used the wood, and not knowing how to meet the sphere on the part of Washington was the cause of the result.

The scores by inning was as follows:

Greenville 3 0 3 1 2 2 1 4 1-17
Washington 0 2 3 0 2 0 1 0-8

Tickets to Raleigh.

I have received information that the Atlantic Coast Line rail road will sell tickets to Raleigh to the summer school on next Monday and Tuesday by way of Weldon for the same price as by Selma. I would advise all the teachers in this county who expect to go to buy tickets by way of Weldon, this will put you in Raleigh about 4 o'clock p. m. If you go by way of Selma you will not reach Raleigh until 12 o'clock at night. You can buy tickets at your rail road station at one fair plus twenty-five cents.

WEDNESDAY AFTERNOON, JUNE 29, 1904.

The kidnapping of Americans and holding them for ransom is becoming monotonous.

The negro who was arrested for burning the Burlington hotel has confessed the crime. Let him swing.

Charlotte never says a word about having the state convention. It gets almost everything else it wants.

Wilmington has fifty-eight saloons. No wonder the people there are becoming aroused on the question of a dispensary.

Some South Carolina farmers have found another insect that is a menace to the cotton crop. Don't the poor cotton have a hard time?

As Raleigh is saying that city could furnish a warehouse in which conventions can be held, Greensboro has begun talking for an auditorium.

The outgoing board of aldermen have chosen another anti-dispensary man as a dispensary commissioner. Trying three wrongs to make a right, as it were.

McBee and Finch get a continuance and their suspense goes on awhile longer. In the meantime the railroad continue to do business at the old stand.

When a man starts out for office "for the good of his country" or at the "solicitations of many friends," you can make a mental note that the salary attached to the office is at the bottom of the desire.

Say what you will against him, Grover Cleveland's name continues to be spoken in connection with the presidency. That name may have something of a magnetic effect in the St. Louis convention.

An Ohio man has gone into the courts of New Jersey asking that a receiver be appointed for the Standard Oil Company. The object of the action is to bring about a dissolution of the company, which it is charged exists contrary to the anti-trust laws of the United States. We hope the Oil man will win out in his case.

By way of contrast with a national convention recently held, it can be said that the convention to be held in St. Louis next week will be no cut and dried affair. The delegates are not going there knowing that there is only one man for whom they can vote, and that they must vote for him or nobody.

Republicans Circulating Campaign Documents.

Chairman Rollins, of the republican state executive committee, has had printed in circular form and distributed as a campaign document an editorial from the Wilmington Messenger of June 1st, entitled "Whither Are We Drifting." The editorial condemns Mr. Daniels for criticising Judge Purnell and upholds the latter in his arbitrary and illegal attempt to punish Mr. Daniels.—Chatham Record.

The wholesale freight traffic on Sunday ought to be stopped. Corporations no more than individuals can disregard the divine law with impunity. Cannot the next state legislature get a stiff enough backbone to stand by God and his law rather than to yield to wicked overtures of sinful corporations?—Burlington Herald.

New International Questions.

Every war brings to the front new questions of an international character to be passed upon by the different governments and to add new chapters to international law. Already two such questions have been brought out by the war between Russia and Japan. One of these involves the treatment of the wireless system of telegraphy, the others the use of floating mines at sea. These are two of the new problems which the present war has brought to the front. There may be others. In any event, there will be something for the international laws of the foreign departments to busy themselves about after hostilities have been concluded, if not before.—Atlanta Constitution.

Key to Pronunciations.

Senator Stone of Missouri tells a story illustrating the differences of pronunciation in different parts of the country. "It is related," says the Senator, "that when the first tide of New England settlers began to drift to Kansas, the Missourian tied a cow at each crossing of the Missouri river. If the emigrant said 'cow' he was permitted to cross, but if he pronounced it 'keow' he was told to return to the East, because the natives were satisfied that he was an evil minded abolitionist. The Kansas people evened up by tying a bear on their side of the river and if the emigrant said 'bear' he got the right hand of fellowship, but if he pronounced it 'bar' he got an hour to get back to Missouri, because he was an advocate of slavery."—Pittsburg Dispatch

A Careless People.

The carelessness and oversight of a hurrying people is exemplified by the report of the dead letter office at Washington that there are on the average, 213 letters and parcels without an address whatever received there daily. Considerably more than half of them contain money. Last year the dead letter office received 259,255 letters, all containing postage stamps, and besides these \$5,831.95 in postage stamps that had gotten out of the letters were found loose in the mail bags.

The dead letter office returns what it can, but the carelessness or ignorance which misdirects letters is very apt to record no return address for the enlightenment of the postoffice.

In consequence while there were in the past year, 2,545,379 letters sent to the dead letter office, which were subsequently delivered to their owners, and 5,806 returned to the writers, there were 6,111,494 that gave no clue and were destroyed.

There will be sold at public auction 5,702 pieces of merchandise that came to the dead letter office in the last year, and cannot be delivered, also 939 parcels of books and 476 pieces of jewelry.

The non-delivery of these objects probably cost much disappointment regret and sense of loss to as many unknown parties. The postoffice with all its vigilance cannot altogether supply the lack of care and intelligence in directing matter confided to the mails. The defect in the original address may be due not to carelessness, but to lack of proper information on the part of the sender, but the lack of the return address makes the original error final and fatal.—The World's Crisis.

Sued by His Doctor

"A doctor here has sued me for \$12.50, which I claimed was excessive for a case of cholera morbus," says R. White, of Coachella, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by Wooten's Drug Store, Greenville, R. L. Davis & Bros. Farmville.

A Starting Test.

To save a life, Dr. T. G. Merritt of No. Mohopany, Pa., made a startling test resulting in a wonderful cure. He writes, a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney trouble. Try them. Only 50c at Wooten's Drug Store.

A Sure Thing

It is said that nothing is sure except death and taxes, but this is not altogether true. Dr. King's New Discovery for consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. Van Metre of Shepherdstown, W. Va. says "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for Croup, Whoop Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by J. L. Wooten Drug Store. Trial bottles free. Reg. U. S. Pat. 50c \$1.

For a Hundred Years.

For a hundred years or more Witch Hazel has been recognized as a superior remedy, but it remained for E. C. DeWitt & Co. of Chicago to discover how to combine the virtues of Witch Hazel with other antiseptics, in the form of a salve. DeWitt's Witch Hazel salve is the best salve in the world for sores, cuts, burns, bruises and piles. The high standing of this salve has given rise to counterfeits, and the public is advised to look for the name "DeWitt" on the package, and accept no other. Sold at Wooten's Drug Store.

Triumphs of Modern Surgery.

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced; pipes take the place of diseased sections of veins; anti-septic dressings are applied to wounds, bruises, burns and life injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by the old treatment. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by Wooten's Drug Store, Greenville, R. L. Davis & Bros. Farmville.

C. S. FORBES,
THE MAN'S OUTFITTER,

THE ULTRA SHOE

The salient features of The Ultra are its fine workmanship, excellence of material, desirability of style, and elegance of fit and consequent comfort to the wearer. These form the sine qua non of desirable footwear.

In addition The Ultra is equipped with our patent cushion insole, a device which gives the shoe flexibility and durability, insuring a maximum of ease and comfort to the wearer, and protecting the foot from the ill effect of the hot sidewalks of summer as well as from the dampness of wet weather. This feature alone is well worth the price of the shoe.

We present a wide range in styles and finish, and are able to meet the requirements of the most fastidious as the more conservative patron and we invite a thorough inspection of our line. Ultra in name, Ultra in character, Ultra in every feature that contributes to fit, comfort and style. In finish, material and workmanship we are proud to present to all lovers of good taste in footwear a shoe for which we have never yet had to make an apology.

It is easy enough to cry "BEST" but that which convinces is the test. We make strong claims for

"Dorothy Dodd Shoes."

So strong perhaps as to excite skepticism in the minds of those who do not know. We, however, ask but a trial that our contentions may be proved or disapproved in all fairness. We are showing a beautiful line of

"Dorothy Dodd Shoes"

In the seasons newest styles, Oxfords, Strap Sandals, Gibson Ties, Etc.
