MOSELEY-HUGHES.

Reception Last Night—Marriage This Afternoon.

Buchingham, the palatial home of Mr. and Mrs. E. B. Ficklen, in West Greenville, was the scene Wednesday night of a brilliant reception given by them in honor of their sister, Mrs. Willie Ficklen Hughes, and Mr. Bennett Williamson Moseley, on the eve of their marriage. The occasion was a happy one and was graced by a large number of our best people.

The guests were met at the door by Mr. and Mrs. Charles Skinner. In the spacious hall frappe was served by Miss Pattie Skinner and Mr. A. M. Moseley.

Mr. C. S. Carr and Miss Sallie Cotten received at the library door and within the library were the bride and groom elect who were assisted in receiving by Mr. and Mrs. Ficklen, Mr. and Mrs. L. C. Arthur, and Mrs. W. N. Brown, of Danville.

In the dining room refreshments were served by Mr. and Mrs. D. E. House, Mr. and Mrs. E. Williams, Mr. and Mrs. A. E. Tucker.

The decorations were in white and green, except in the dining room where the color scheme was pink.

In one room were several tables laden with beautiful bridal presents. The reception dress of the bride elect was white net over white silk, lace trimmings.

THE MARRIAGE.

At 5 o'clock this afternoon at Buchingham Mr. Moseley and Mrs. Hughes were united in marriage by Rev. F. G. Hartman.

James Ficklen and Douglas Arthur held the ribbons forming an aisle for the bridal party to enter the parlor. The groom entered with his brother, Mr. A. M. Moseley, and the bride with her brother, Mr. E. B. Ficklen. The bride's wedding dress was gray crepe de chine and she carried American beauty roses.

The wedding march was played by Mrs. J. B. Cherry.

Mr. and Mrs. Moseley leave on the evening train for a bridal tour extending to several northern cities.

Tobacco Heart.

It is estimated that about 20 per cent. of the young men who recently applied to enter the Naval Academy have failed in the physical test, and the failure was largely due to the use of tobacco, resulting in the irregular beating of the heart. Nowadays physicians speak of "the tobacco heart," a trouble caused by the excessive use of the weed. When the smoker develops into a "cigarette fiend," the services of a physician are necessary, but before this point is reached the heart may be permanently injured. The trouble is of gradual growth and it is only when the young man is subjected to a physical examination that the extent of the disorder becomes known.

An observant Englishman recently on a visit to the United States, said in no country in the world had he ever seen smoking carried to such excess as in America.—Baltimore Herald.

THURSDAY AFTERNOON, JULY 7, 1904.

PLAYING FOR POLITICS.

The Raleigh Post of Wednesday contains this remarkable statement:

"With two antagonistic dispensary boards operating competitive dispensaries and each board indicting the other board for selling liquor illegally, Greenville, N. C. presents a peculiar situation, calculated to furnish some highly interesting litigation.

Col. Harry Skinner, United States district attorney, arrived from Greenville, his home, yesterday and reports that the people of Pitt county are greatly wrought up over the dispensary muddle. The former aldermen in Greenville elected a dispensary board and two of the commissioners, it is charged, did not vote for the dispensary. Later when the new aldermen went into office they elected a different set of dispensary commissioners. Now both boards have a dispensary in operation and are claiming that the other board is acting in violation of the law."

It looks like a man might go as far as from Greenville to Raleigh and remember the facts long enough to tell them as they are. When Col. Skinner left Greenville Tuesday morning there was, and up to this time is, but one dispensary in operation here, and that one illegal. There is and has been no such condition as "each board indicting the other board for selling liquor illegally." There have been several indictments, but they are all against the men who are attempting to act as, commissioners, manager and assistant manager of an illegal dispensary, and these have been bound over to the Superior court in a number of cases.

It is true that the present board of aldermen, knowing that the acts of their predecessors in appointing dispensary commissioners were illegal, adopted an ordinance removing them. They also proceeded to appoint a legal board of commissioners and these are now preparing to open and conduct a legal dispensary.

It is also true that the illegal dispensary commissioners refused to stop their illegal sale of liquor after being ordered to do so, and they have no more prominent backer in this unlawful conduct than Col. Skinner himself, who is assuming to stand between them and harm when they get to the Superior court.

It is further true that no one is more elated over this "highly interesting litigation" than Col. Skinner, the republican district attorney, and he is attempting to make all the political capital possible out of it. It is astonishing, however, that there are some others, men claiming to be good democrats, who through the hope of lifting themselves into office are his willing tools. Too blind to see through his scheme, they rush forward to execute his orders given from the rear, then wait for him to go to Raleigh and get further orders from "higher up." (We apologize to the New and Observer for infringing on its phrase.)

The agitation now is purely a political play, hoping to create discord in the democratic ranks and make republican converts. It is well known that the former saloon keepers of Greenville - though they fought as long as there was any hope, as was expected - are not now

in this fight. When they found out they were beaten they gave up and closed their business at the time prescribed by law.

So the opposition now to a legal dispensary is purely a political fight under republican generalship, and we want to ask if the good democrats of Pitt county are going to allow themselves to be duped by it.

The Biblical Recorder, of Raleigh the organ of the Baptist State Convention, published a souvenir edition on the 6th, that being the seventeenth anniversary of the paper. The Recorder has had six editors during its career, and under the able guidance of the present editor, Mr. J. W. Bailey, has reached a circulation of about 10,000 copies.

The result of the elections in Charlotte and New Bern shows how the sentiment against saloons continues to grow. May it continue to increase until there is not a saloon left in the state.

The saloons were voted out of both Charlotte and New Bern by large majorities. Now let Wilmington do as well.

Firemen's Convention.

The seventeenth annual convention and tournament of the North Carolina State Firemen's Association will be held this year at Salisbury, from August 2d to 5th, inclusive. The generous citizens of Salisbury are very enthusiastic, and have arranged a prize list for State and Inter-State contests in excess of any other city that has hitherto entertained the association. Invitations have been sent to the departments in Virginia, Georgia and South Carolina in addition to every company in our own State, and the indications are that the attendance will be very large, and the event a notable one. The beneficent services of the State Association are just beginning to be realized by the property owners of the State.

It was plain as this paper stated a few days ago that the Populist contingent was too small to do business with when Senator Butler left it. The balance of power has been Butler's ambition and when he failed to represent this he was ready with bag and baggage to leave the ship. It now looks that Watson of Georgia is to go, where it remains yet to be seen. What few of these well meaning honest but deluded people who remain may well exclaim "our house is left unto us desolate."—Raleigh Times.

(CONTINUED FROM YESTERDAY)

THE STATE DEBT

After long and careful deliberation and confidence with many of its creditors, the State of North Carolina adjusted its debt upon a basis so fair and honorable as to win the approval of the financial world and to secure the ratification by nearly every creditor of the State. During the present year attempts have been made to reopen the question settled at that time by the State's wisest and best men. The Democratic party in 1904 approves the settlement made in 1879 and will forever oppose any and all attempts from any quarter to set aside the settlement then made. It will abide the mandates of the courts, but it will not consent to reopen the settlement that was alike creditable to the State and fair to the holders of its securities.

CONFEDERATE VETERANS.

The Democratic party established the system of pensioning Confederate soldiers and opened the Soldiers Home to the care of the veterans who responded to the call of the State in the war between the States. Every dollar given them was appropriated or forced by the Democratic legislatures or Democratic public sentiment. We pledge the party to a fuller discharge of a debt that can never be fully paid to these aging heroes who offered their lives as a sacrifice upon the altars of their country.

THE UNFORTUNATE CLASSES.

We point with pride to the record of the Democratic party in its care of the unfortunate classes of our State and promise to continue to enlarge our charitable institutions until all the indigent insane are cared for at the expense of the State.

IMPROPER AND ILLEGAL RECEIVERSHIPS.

Corporations being creatures of the law should be under the sovereign and amenable to the law. But being useful and necessary instruments of business all their rights should be guarded and protected by the law. Like other citizens, they should be protected from wrong oppression. Especially should they be protected from suits in form to procure receiverships, designed to wreck the properties and transfer them from their rightful owners to the possession and control of financial adventurers.

We call upon Congress to enact laws clearly defining the powers of Federal judges in the appointment of receivers, and to protect corporations against improper and illegal appointments.

FOREST RESERVE.

We favor the establishment of the Appalachian Forest Reserve and urge our Senators and Representatives to continue their efforts to secure the establishment of the same.

DEMOCRATIC RULE NECESSARY.

At no period in the history of the republic has the Democratic party been so necessary to the welfare of the people and the cause of free government, as it is today. A great conservative force, it

"I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mrs. Mattie Burge, of Martinsville, Va. "I suffered from chronic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well and I have never since been troubled with this complaint. One cannot say too much in favor of that wonderful medicine." This remedy for sale at Wooten's Drug Store, Greenville, R. L. Davis & Bros. Farmville.

stands a barrier between the reckless and organized greed and the depression of oppressed humanity. Its mission is to give peace and justice to all, monopoly and tyranny to none; to restrict the Federal Government within the constitutional limits of its authority; to resist its every aggression beyond the scope of its delegated power; to limit its power of taxation to the needs of the government economically administered; to distribute impartially the burdens of government; to preserve unimpaired the reserved rights of the States and of the people; to maintain the right of local self-government; these are and always have been among the fundamental principles of the Democratic party.

It is especially necessary to restrict the executive head of the Federal Government within the constitutional limits of his authority, and to argue that temporary expediency can justify the assumption by him of powers conferred exclusively upon the legislative department of the government, or the violation by him of plain provisions of constitutional, statute and treaty law.

WINTERVILLE ITEMS

Winterville, N. C., July 6.

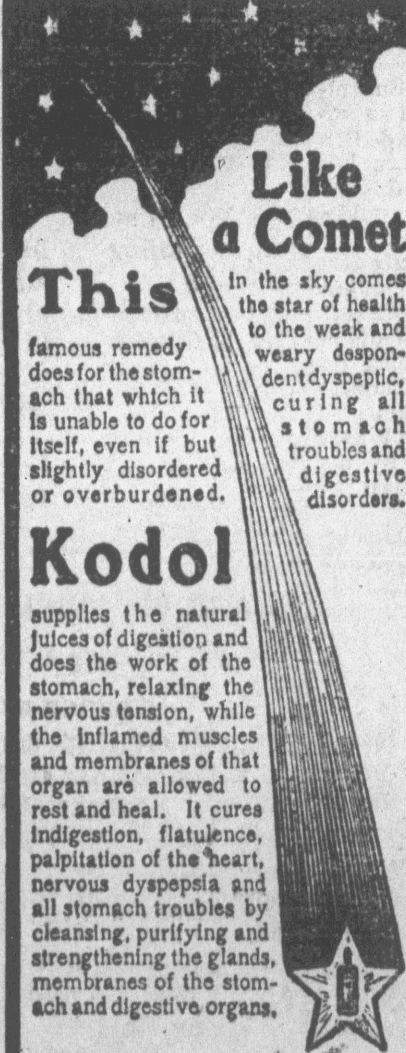

We went up to Greenville the other day—yes on the glorious fourth and the first Monday, too. We have seen much larger crowds there, but they looked awfully sober. We went over to the dispensary a little while between arrears. They were doing some biz but not much.

It is a pity that there should be such a stir over it. Why don't the two crowds make up the cases and send it up to the Supreme court or at least to some members of that court and then agree to abide by their decision.

If Mr. Hooker and his men are in the right, the action of the mayor and board of aldermen is going to cost the town of Greenville and some individuals a pretty sum, beside cutting off the revenue from dispensary No. 1.

If the mayor is in the right, (and morally he is) whether the courts sustain him or not, his determination is commendable, and Mr. Hooker and his No. 1 dispensary crowd have run against a snag that will wreck their old craft. From their persistency, one would believe that both sides think they will win. A fine of \$50 and \$11 costs in 3 or 4 cases every day can't be stood even by the Hooker faction from now, till September court, even though they are rich men, and should all the costs go against Greenville, the town would go broke.

you are right then go ahead. Many people believe the only reason men appointed under the Watts Law in violation of that law are making this fight are for political purposes. C. S. FORBES,
THE MAN'S OUTFITTER,

THE ULTRA SHOE

The salient features of The Ultra are its fine workmanship, excellence of material, desirability of style, and elegance of fit and consequent comfort to the wearer. These form the sine qua non of desirable footwear.

In addition The Ultra is equipped with our patent cushion insole, a device which gives the shoe flexibility and durability, insuring a maximum of ease and comfort to the wearer, and protecting the foot from the ill effect of the hot sidewalks of summer as well as from the dampness of wet weather. This feature alone is well worth the price of the shoe.

We present a wide range in styles and finish, and are able to meet the requirements of the most fastidious as the more conservative patron and we invite a thorough inspection of our line. Ultra in name, Ultra in character, Ultra in every feature that contributes to fit, comfort and style. In finish, material and workmanship we are proud to present to all lovers of good taste in footwear a shoe for which we have never yet had to make an apology.

Big Fire at Falkland.

About midday on Wednesday the large lumber mill, grist mill and ginning plant of J. L. Fountain & Co., at Falkland, was destroyed by fire. The fire occurred while the hands were stopped for dinner, and is thought to have originated in shavings that had blown near the furnace. The fire spread very rapidly and nothing was saved except a little of the lumber on the yard. Besides the buildings and machinery, a large quantity of lumber, several barrels of corn and about 75 rolls of bagging were destroyed. The loss is between \$4,000 and \$5,000 with only \$1,000 insurance.
