Why They Married.

An editor recently sent out circular letters to a large number of married men, his subscribers, asking them why they married. Here are some of the answers:

I didn't intend to do it.
Because I did not have the experience I have now.

That's what I have been trying for eleven years to find out.

I yearned for company. Now we have it all the time.

I thought it would be cheaper than a breach of promise suit.

Because Sarah told me five other men had proposed to her.

That's the same fool question my friends ask me.

I wanted a companion of the opposite sex. N. B.—She is still opposite.

The old man was going to give me his foot, so I took his daughter's hand.

Because I asked her to have me and she said she would; I think she has got me.

Because I thought she was one among a thousand; now I think she is a thousand among one.

I was lonely and melancholy, and wanted some one to make me lively. She makes me very lively.

The Aims of Japan.

"What do you propose to do with Manchuria?"

"Oh, Manchuria belongs to China. All that we shall seek is to secure an international guarantee that it shall always belong to China, and that China shall never hand it over to any other power."

"And the Russian railway?"

"Oh, that will be made international and strictly and exclusively commercial, with its access to the sea at Port Arthur."

"I see; you propose to reproduce in the far East the settlement made in the near East after the Crimean War. Korea Japanized as Egypt is Anglicised, without annexation, and an international guarantee of the integrity of the Chinese Empire in Manchuria. The railway is to be the Bosphorus and Port Arthur the Constantinople of the far East, with free access for trade, but hermetically closed for all purposes of war. And do you think the Russians will ever agree to that?"

"Not willingly, of course," said the baron. "But possibly. Who can say?"—From "Baron Suyematsu on the Aims of Japan," in the American Monthly Review of Reviews for August.

A Currituck Giant.

Mr. M. B. Forbes, of Camden county, who is attending the summer school, boasts of teaching the most ponderous pupil this country has ever produced. His name is Lewis Lewark, son of John Lewark a fisherman on Albemarle Sound. He is 21 years old and weighs 710 pounds. When he went to school to Mr. Forbes he weighed over 500 pounds and his mother told Mr. Forbes that Lewis weighed 150 pounds before he was weaned. He exhibits himself sometimes, going to Virginia Beach, Norfolk and other nearby places.

He will not venture far from home—is afraid of an accident or that he will get sick. He sleeps on an iron bedstead, and has a chair especially constructed for his use. He spends his time with his father on the beach.—Chapel Hill News.

Clean Up.

At this season when melan choly and other decaying matter are plentiful, care should be taken in keeping streets and lots as clean as possible. Sickness may be prevented with proper care and plentiful use of lime.

COUNTY COMMISSIONERS.

Jurors for September Term of Court.

The board of county commissioners met in regular session on Monday, 1st, all the members being present. There was little to occupy their attention outside of routine business of allowing accounts and issuing the monthly orders for paupers.

The following jurors were drawn for September term of Superior court:

Josephus Hardee, Jacob Mc Lawhorn, J. H. Cobb, B. F. Crawford, E. S. Edwards, J. L. Perkins, Joe G. Garris, S. G. Worthington, W. H. White, J. B. Speight, Furney Laughinghouse, J. B. Roebuck, Thos. Carson, W. B. Williams, Jr., E. T. Robinson, W. F. Barnhill, F. P. Rodgers, John B. May, Wm. J. Mills, R. H. Garris, H. Burnett, J. I. Nobles, B. E. Patrick, Heber Briley, McG. Nelson, J. W. Gay, C. E. Rountree, W. E. Proctor, J. A. Lang, Eugene Wilson, John Nobles, Jr., Jas. H. Joyner, W. B. Burney, C. A. Hyman, J. A. Teel, W. E. Warren.

The September term of court being designated for only one week, a petition was sent to the governor asking that it be made a two weeks term.

Glad To See Him.

We had the pleasure of a call from our good friend, Mr. O. L. Joyner, of Greenville, N. C., last week. Mr. Joyner was in the city on business for his company, the Tobacco and Planters Mutual Hail and Fire Insurance Company of which Mr. Joyner is president.

Mr. Joyner reports his company in a most prosperous condition. He says this has been a great year for hail storms, and farmers have been making frequent calls on the treasurer.

Hail insurance is becoming more popular each year, and farmers everywhere are becoming more impressed with their value and importance. Mr. Joyner is a tobacco dealer and warehouseman at Greenville, where he does an extensive business. He is enthusiastic over the success of the Farmers' Co-operative Warehouse Company, which he organized. Mr. Joyner is one of the State's most progressive men, and we are always glad of an opportunity to talk with him.—Winston Tobacco Journal.

Judge to Resign.

It is understood that Judge George H. Brown, Jr., who is at present the judge of the First Judicial District, and one of the Democratic nominees for associate justice of the Supreme court, will shortly tender his resignation to Governor Aycock to take effect on October 1st, says the News and Observer.

It is highly probable that the First District will then hold an election and nominate a judge, who will be elected for the full term, instead of at the expiration of Judge Brown's term, as would be the case if the new judge were appointed by the governor in stead of elected.

After the convention has met and picked the man from the several candidates for the honor, Governor Aycock will doubtless appoint the nominee judge to preside for the period between the date of the appointment and January 1st, when he would be sworn in after election.

Boston girl who coughed up a penny and was cured of consumption will be subject of envy to those who have coughed up young fortunes to doctors and never got cured.—Atlantic Journal.

THURSDAY AFTERNOON, AUGUST 4, 1904.

The wife of Gen. Nelson A. Miles died Tuesday night at West Point, N. Y. The country sympathizes with him.

Russia is raising recruits to go to the aid of General Kuropatkin. At the rate the Japs are taking his men off he will need more.

Wilmington is going to have another street fair, but profiting by past experiences will confine the coming event to side streets.

We had hoped peace was declared between the two Raleigh morning dailies and that there would be no more cross firing. That hope seems blasted.

Theodore Roosevelt, Jr., son of the president, is doing the St. Louis exposition and was given a bit of cheap notoriety by being made manager for 24 hours of the Inside Inn, the great world's fair hotel.

Judge Parker is rooted up now for sure. In the Texas democratic state convention ex Governor Hogg in a speech made sneering references to the democratic candidate for president and complimented Roosevelt.

Our neighbor town Washington is in the throes of a contempt case. The chief of police of that town was ordered to jail for contempt of court upon refusing to pay a fine imposed upon him by a justice of the peace. Steps were taken for a writ of habeas corpus.

Up to the present time President Roosevelt has failed to show any symptoms of the nervous prostration with which it was expected he would be seized when notified of his nomination for the presidency. Somebody must have "tipped it off" to Teddy before the notification committee "put him wise."—Asheville Citizen.

The only and best and surest way to get a start in the world is to do what you can get to do and do it the best you can. Don't be afraid of work. Men do not hire you to look at it. If they wanted to do the work themselves they would not hire you. Some people are looking for a snap. The snaps are all taken. Don't waste your time looking for them. Just take an honorable job of any kind and do it a little better than your employer expects and stick to it until you get something better. If you try any other plan you will struggle along in poverty all your life.—Durham Sun.

Nearly all the North Carolina newspapers seem to be exceedingly prosperous. They are flourishing and showing marked energy and enterprise. From the weekly up to the best daily all seem to be enjoying good health and vigor. It is a splendid sign, showing that the people of North Carolina, from the mountains to the sea, are in a prosperous condition and are reading the newspapers, thus informing themselves of what is going on in State and nation. There is scarcely a paper that comes to our table which has not made some kind of improvement during the past year. We hope to see a continued increase along this line. It shows a healthy condition of affairs all over North Carolina.—Wilmington Dispatch.

NOT EVERY BOY AND GIRL SHOULD GO TO COLLEGE.

We long to surrender the notion that all boys and girls should be sent to one college. We have seen not a few that should not have been sent to any college. There is a large class of boys who will learn will develop more rapidly at work than at school. Send them to school and they will become loafers. There are others (and they are many) who cannot take classical or literary education and who have no use whatever for it, but who may prosper mightily by agricultural or mechanical training. We are glad that farming is becoming popular again, and that young men are finding out that agriculture is at once one of the greatest, most fascinating and profitable studies. Likewise there is great practical and educational value in the mechanic trades, and many young men will find preparation in them more likely to make men of them than the mere study of books. We do not hesitate, therefore, to advise some parents to put their boys to work, and others to give them a strictly practical education in the A. and M. College.—Biblical Recorder.

T. G. BRITTON FOR LEGISLATURE.

BETHEL N. C., July 30th. 1904.
EDITOR REFLECTOR:
There are some things in regard to the candidacy of T. G. Britton who offers to represent the people of Pitt county in the house of representatives, that the voters of the county ought to know. He is a young man of exceptionally good character and would not only render efficient service as a legislator, but his amicable disposition, intellectual strength and high moral character would easily put him in front ranks of the ablest and most successful law makers of our State. Mr. Britton not only graduated with honors from Chapel Hill, but personally he has the highest appreciation of the faculty.
Pitt county has reasons to congratulate herself upon having such a representative, and especially as the success of any people largely depends upon the character of their representatives. As Mr. Britton, however, is a comparative stranger to some of the voters of the county I feel that the foregoing facts are really due to a all concerned
BETHEL.

Among the most interesting departments in the compact abstract of the census of 1900 is that relating to mortality. Pneumonia takes the lead in fatality, with consumption a close second. Next come heart disease, diarrhoeal diseases, diseases of the kidneys, apoplexy, cancer, old age, bronchitis and cholera infantum in the order named. It is worthy of notice that the statistics indicate a greater number of deaths from whooping cough than from suicide, and a greater number from suicide than from scarlet fever. Measles and whooping cough are not far apart in mortality, and each kills more than appendicitis. Diphtheria kills more than typhoid fever. The general impression that whooping cough doesn't amount to much is not sustained by the census figures. Parents who purposely let their children catch whooping cough and other "little" diseases will do well to take notice.—Norfolk Landmark.

With the Brooklyn Rapid Transit company using college men as conductors and the Kansas farmers using college men as harvest hands, the problem of what we shall do with our graduates appears in a fair way of being solved.—Atlanta Journal.

stomach. When the breath is bad
the stomach is out of order. There
is no remedy in the world equal to
Kodol Dyspepsia Cure for curing

Nothing on the Market Equal Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This fact is well known to drug-
gists everywhere, and nine out of
ten will give their customers this
preparation when the best is asked
for. Mr. Obe Witmer, a prominent
druggist of Joplin, Mo., in a circular
to his customers, says: "There
is nothing on the market in the
way of patent medicine which
equals Chamberlain's Colic, Cholera
and Diarrhoea Remedy for bowels
complaints." For sale by J. L.

A Warning to Mothers

Too much care cannot be used
with small children during the
hot weather of the summer months
to guard against bowel troubles.
As a rule it is only necessary to
give a child a dose of castor oil to
correct any disorder of the bowels.
Do not use any substitute, but
give the old fashioned castor oil,
and see that it is fresh, as rancid
oil nauseates and has a tendency
to gripe. If this does not check
the bowels give Chamberlain's Col-
ic, Cholera and Diarrhoea remedy
and then a dose of castor oil, and
the disease may be checked in
its incipency and all danger avoid-
ed. The castor oil and this rem-
edy should be procured at once and
kept ready for instant use as so
as the first indication of a
bowel trouble appears. This is
the most successful treatment
known and may be relied upon
with implicit confidence, even in
cases of cholera infantum. For
sale by J. L. Wooten.

Like a Comet

This famous remedy does for the stom-
ach that which it is unable to do for
itself, even if but slightly disordered
or overburdened.

Kodol supplies the natural
juices of digestion and
does the work of the
stomach, relaxing the
nervous tension, while
the inflamed muscles
and membranes of that
organ are allowed to
rest and heal. It cures
indigestion, flatulence,
palpitation of the heart,
nervous dyspepsia and
all stomach troubles by
cleansing, purifying and
strengthening the glands,
membranes of the stom-
ach and digestive organs.

BENSONIZER LUNG CURE

NO MORE EXILE FOR CON-
SUMPTIVES.

A Cure at Last Obtained, After
a Searching Investigation,
by St. Louis Interests.

A few months ago the attention of a
few scientific and philanthropic gen-
tlemen of St. Louis was directed to an
entirely new method of combating that
most dreadful of all diseases, tuber-
culosis, commonly called consumption.
Out of 115 test cases, 77 were complet-
ely cured and 28 have shown such im-
provement that their ultimate recovery
is but a question of a few weeks.

So astonishing have been the results
and absolute cures in cases pronounced
incurable by all old methods that a
company has been formed and is now
prepared to furnish at a normal cost
this cure to all sufferers of the "White
Plague." One of its chief features is
that patients can remain at home, sur-
rounded by friends and relatives, and
in a great many instances, especially
the incipient or early stages of the
disease, pursue their daily vocations
and still become completely cured.

Patients receiving the same treat-
ment here in St. Louis have complet-
ely recovered as rapidly as those in
Colorado, New Mexico and Texas.
The wonderful results in question have
been accomplished by the Bensonizer,
and the company which controls this
marvelous medical device have located
their main office at 417 North Seventh
street, St. Louis. They have also lo-
cated a factory on Easton avenue and
a laboratory has been built at Hill-
side, Mo. The cure will be known as
the Bensonizer Lung Cure, and Mr. C.
P. Benson, the discoverer of the fluid
inhalants which are used, will person-
ally have charge of the affairs of the
company. Mr. Benson will personally
meet all who call at the office of the
company on Seventh street, and will
answer all communications from suf-
ferers who are unable to make a per-
sonal call. - From the St. Louis Globe
Democrat.

Free booklet on request.

C. S. FORBES,
THE MAN'S OUTFITTER,

THE ULTRA SHOE

The salient features of The Ultra are its fine workmanship, excellence of material, desirability of style, and elegance of fit and consequent comfort to the wearer. These features are in a class of shoes that are unequalled in the world.

In addition The Ultra is equipped with our patent cushion insole, a device which gives the shoe flexibility and durability, insuring a maximum of ease and comfort to the wearer, and protecting the foot from the ill effect of the hot sidewalks of summer as well as from the dampness of wet weather. This feature alone is well worth the price of the shoe.

We present a wide range in styles and finish, and are able to meet the requirements of the most fastidious as well as the more conservative patron and we invite a thorough inspection of our line. Ultra in name, Ultra in character, Ultra in every feature that contributes to fit, comfort and style. In finish, material and workmanship we are proud to present to all lovers of good taste in footwears a shoe for which we have never yet had to make an apology.

A Beautiful Sermon.

A preacher in Kansas the other day delivered a brief but very beautiful sermon. Here it is: "A word to you all. Post mortem praises and love are in the air. People stoop to kiss the dead who never stoop to kiss their living; they hover over open caskets in hysteric sobs, but fail to throw their arms around their loved ones who are fighting the stern battles of life. A word of cheer to the struggling soul in life is worth more than the roses of Christendom piled high on casket covers. The dead cannot smell the flowers, but the living can; scatter them broadcast in their pathways therefore, and pluck out the thorns before it is too late.

But if you are unhealthy,
