Sunday was a day much enjoyed at the Memorial Baptist church, even though the weather was disagreeable. Interesting short talks were made on different features of the church work by Messrs. J. W. Bryan and W. M. Pugh Prof. W. H. Ragsdale and Rev. J. E. Ayscue. The choir furnished good music for the service.

It was also intended to make the day rally day for the Sunday school, but the weather was so bad many children could not get out and the rally was postponed until next Sunday. Still the record for the day reached 166 which was a remarkable attendance on such a disagreeable morning.

NEWS OF BETHEL.

M. O. Blount's Home Burned—Senator Overman to deliver Address on May 8th.

Bethel, N. C., April 8th, 1907.

Saturday night between eleven and one o'clock the fine new residence of Mr. M. O. Blount, on corner of Railroad and James streets, one of the handsomest homes in the town was burned to the ground. The fire was caused by the accidental overthrowing of an oil stove, and it made such rapid headway that though Mr. Blount, his son Marvin, and Mr. J. D. Bryan labored strenuously to extinguish the flames, it was early apparent that the house was doomed. Practically nothing could be saved from the second floor where the fire started.

The lack of water prevented any checking of the fire. It was only owing to the united and earnest efforts of neighbors that the fire did not spread to the nearby buildings. At one time the Blount hotel, 200 feet away, caught fire. The heavy rains of Friday night and Saturday were fortunate for the town, for without them no power could have prevented the rapid spread of the flames and the probable destruction of the town from the rain of sparks and cinders blown upon the roofs by the high wind.

Mr. Blount had just completed his home and but for a recent storm having blown down his wind mill would have had water in his house sufficient to have saved it. His loss is about \$5,000; insurance \$2,300. Mr. J. D. Bryan, Mr. Blount's salesman, and Miss Jones, of Virginia, the milliner for Blount & Bro., who were inmates of the home, lost all their effects.

The management of the graded school are happy to announce that Senator Lee Overman, of North Carolina, will deliver the address before the graduating class on Wednesday, May the eighth. The patrons of the school consider themselves more than fortunate in having this opportunity to hear the State's most graceful, ornate and forceful speaker; and hope that every one that can, will come to hear this great leader of the people and true friend of education.

The graduating exercises will occur immediately after the address; the certificates will be presented to the five graduates by Senator Overman.

The school children and the friends of the school enjoyed a rare treat on Friday night, March 29th, in the lecture of Hon. Henry Blount, of Wilson.

It was truly a feast of reason and

flow of soul.

It was a succession of word pictures, of humorous and witty sketches and anecdotes and burning eloquence. Any one who has not heard Mr. Blount has a treat in store for him. We hope to have him in Bethel again.

Hon. S. M. Jones' baby daughter is very ill with bronchitis, having just recovered from measles.

Mr. Bill Manning's two little girls have been quite low with pneumonia, but are mending.

There are still quite a number of cases of measles in the community, but the disease will soon wear itself out for lack of material, as there will soon be none left who have not had that trying experience.

Misses Blanche Mayo, Bertha Waldrop and Effie Grimes went to Pocatello, Friday to visit the Misses Davenport.

ANOTHER TRAIN PUT ON.

All Eastern Branches of A. C. L. Now Have Double Daily Service.

Bethel, N. C., April 8th, 1907.

The Atlantic Coast Line has begun a double daily passenger train service on the Plymouth branch of that road, and also on the end of this branch between Weldon and Farmville. While this has made a change in trains, it does not effect the schedules at this point, trains arriving at the same hour as before.

A new train has been put on to leave Weldon at 8:15 a. m. for Kinston and return to Weldon at 7:30 p. m. This train passes Greenville going South at 11:18 a. m., and going north at 4:26 p. m. Capt. J. S. Barr is in charge of the new train.

Capt. Bill Wooten, who has formerly been running the special between Tarboro and Kinston, will now run the train between Tarboro and Plymouth. All connections are made the same as heretofore. The additional train makes excellent service for both branches of the road. The Washington branch already had double service.

The lack of water prevented any checking of the fire. It was only owing to the united and earnest efforts of neighbors that the fire did not spread to the nearby buildings. At one time the Blount hotel, 200 feet away, caught fire. The heavy rains of Friday night and Saturday were fortunate for the town, for without them no power could have prevented the rapid spread of the flames and the probable destruction of the town from the rain of sparks and cinders blown upon the roofs by the high wind.

Mr. R. O. Jeffress, whose leg was broken about seven weeks ago by his horse running against a tree with him, is able to be brought down the street on a rolling chair. His host of friends are glad to know that he is getting along nicely and hopes soon will be well.

We would like April better if it was treating us better.

If we have only their word to take for it, why is not Mr. Harriman as worthy of belief as Mr. Roosevelt?

In the past week we have glanced over the bank statements published in a number of our exchanges, and find that for the size of the towns the banks in Greenville and Pitt county are the peers of any of them.

RANDOM REFLECTIONS.

By a Contributor.

So far, Senator Foraker has not laid the blame on the president for the Ohio floods.

They are going to erect a statue of "Quiet" in Boston. A sort of set-off for Thos. W. Lawson.

The recent flurry in Wall street has thrown a great many second-hand automobiles on the market.

The baseball fan is no longer counting the days to the opening game. He is now counting the hours.

Philadelphia feels a little better since the San Francisco evidences of contentment with corruption.

When those 800 Chicago boiler makers struck, the resulting silence must have been almost deafening.

Of course, Senator Burton will try to get even with the president, but his jail record is a disadvantage.

"Missouri stands by the mule" says a Georgia exchange. But if she doesn't want "to be shown" she will stand near the head of the mule.

The fact that Mr. Richard Mansfield has declared for Roosevelt for a third term, is a sign that the third term idea is rather unpopular.

Abe Ruef is staggering under a burden of \$650,000 bail. It looks to Abe as though the courts proposed to bond him for the full amount he stole.

Chicago has just passed through the throes of a mayoralty contest, but New York doesn't know yet who was elected two years ago.

A Chicago News suggest Taft and Fairbanks as a harmony ticket. A sort of "streak o' lean and streak o' fat" proposition.

If the earthquake was sent upon San Francisco for its sins, why didn't it destroy Abe Ruef and Schmitz instead of so many acres of improved real estate.

Perhaps one reason the railroads object to lower passenger rates is that they will have more damage suits to pay, because they will carry and kill more people.

This chilly weather is certain to kill the blooms on the peach trees, and the peach trees are equally certain to be groaning under their load of fruit next summer.

Chicago dispatches say that a change is to be made in the sub-treasury. Some change is needed to fill up the hole made when \$173,000 was abstracted from the sub-treasury not long ago.

King Edward says he will not play bridge with any young lady not twenty one years old. Some young bridge player must have made several grand slams when King Edward was playing for a pound a point.

"I have been so busily occupied that I have had neither time nor inclination to even think about politics, State or National," remarked Senator Foraker a few days since. Has the Senator no fear of being assigned to the Annanias club?

Richmond is raising a monument to Edgar Allen Poe, that will cost \$5,000. It is to be doubted if the living Poe ever saw it is much money. Was it not the mother of Burns that remarked when the dead poet's admirers raised a monument, that he had asked for bread and they gave him a stone? Still, it is well to make amends in the late remorse of love and appreciation.

It's a pleasure to tell our readers about a Cough Cure like Dr. Shoop's. For years Dr. Shoop has fought against the use of opium, chloroform or other unsafe ingredients commonly found in cough remedies. Dr. Shoop, it seems has welcomed the Pure Food Drug Law recently enacted, for he has worked along similar lines for many years. For nearly 20 years Dr. Shoop's Cough Cure containers have had a warning printed on them against opium and other narcotic poisons. He has thus made it possible for mothers to protect their children by simply insisting on having Dr. Shoop's Cough Cure. Sold by Bryan's Drug Store.

A LIQUID GOLD CURE AND LAXATIVE COUGH SYRUP

The Red Clover Blossom and the Honey Bee on Every Bottle.

"A Cold or a Cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For the want of moisture the bowels become dry and hard." Nearly all other cough cures are constipating, especially those containing Opium. Kennedy's Laxative Honey and Tar moves the bowels, contains no Opium.

KENNEDY'S LAXATIVE HONEY AND TAR

Relieves Colds by working them out of the system through a copious action of the bowels.

Relieves Coughs by cleansing and strengthening the mucous membranes of the throat, chest, lungs and bronchial tubes.

For Croup, Whooping Cough, La Grippe, Influenza, Bronchitis, and all Coughs, Colds, Lung and Bronchial affections nothing is equal to Kennedy's Laxative Honey and Tar. Children like it.

In 25c, 50c and \$1.00 bottles at the Lab. of E. G. DeWitt & Co., Chicago, U.S.A.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Inactivity. It is not, positively, not only weak heart in a hundred is, in fact, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing force. The Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and failing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this powerful prescription—was directed to these weak and wasting nerves, especially the Heart's Strength; it offers real genuine heart relief.

If you would have strong, healthy, strong digestion, strengthen these nerves—re-establish them as needed, with
