DR. JAMES AT NEW BERN.

Invites Them to Come Over at Corner Stone Laying of Training School.

The Red Men had a big day in New Bern on the 4th. Among the features of the day was a parade of the order in Indian costume. The procession drew up in front of the court house where an address of welcome and response were delivered. From the New Bern Sun we take this account of that part of the exercises:

"Mayor Jas. A. Bryan made the address of welcome in a happy vein in which he gave the visitors the freedom of the classic and historic city of New Bern and expressed his pleasure that so many were here. He was followed by Dr. D. L. James, of Greenville, who responded for the visiting Red Men. He spoke eloquently of Redmanship and paid a tribute to the beautiful city which was acting the hospitable host on the occasion. In concluding the speaker, in a spirit of badinage, extended a cordial invitation to the New Bern Red Men and citizens to come over to Greenville to the laying of the corner stone of the Eastern Training school for teachers. The humor was well appreciated by the crowd, who applauded generously as they did, only more so, when Mr. Henderson, who arose to introduce the next speaker, countered neatly on Mr. James by extending a similar invitation to the laying of the corner stone of the Teachers' Eastern Training school which the State of North Carolina is going to establish here soon."

The Thomasville Orphanage.

Mr. Archibald Johnson, in Charity and Children, this week, gives a good report of the condition of the Thomasville Orphanage, an institution which he well says will not suffer by comparison with the best. In a review of the Thomasville institution, he says it stands among the foremost of its kind in the land. It is behind some of them in some respects and ahead in others; but on an average he does not know an orphanage anywhere that surpasses it. "Our orphanage," says Charity and Children, "has always been blessed with a constituency that cannot be matched at all. The Baptist people of North Carolina are as fine white folks as can be found in the world. Dr. Jacobs accuses us of stepping a little too high at this point, but will back on the facts and let the speak. Where on the face of the earth can a denomination of a single State be found who freely and joyfully gave \$52,000 is their orphanage work in a single year!" It is, indeed, a fine record. The Baptists of North Carolina have made the orphanage at Thomasville a denominational pride. They have been fortunate in the character of the men selected for its management and in the summing up of the good conditions that prevail, that fact should count for much.—Charlotte Chronicle.

Notice.

The regular examination for the white teachers will be held in Greenville on next Thursday, 11th, and for the colored teachers on Friday, 12th.

WINTERVILLE ITEMS.

Notes From Our Hustling Neighbor.

Winterville, N. C., July, 6th. Miss Hulda Cox and Mrs. Maggie Butt and children left Friday for Seven Springs where they will spend some time with relatives.

Miss Janie Kittrell returned from Grifton Friday, where she had been visiting relatives.

R. H. Hunsucker, our excellent undertaker, has just made a beautiful hearse. It would do credit to any town many times the size of Winterville.

Mr. and Mrs. A. G. Cox spent Friday in Greenville.

Miss Lula O'Connor left Thursday morning for Greenville and Norfolk. She spent several days with Miss Olivia Cox.

Our farmers must be getting ready for curing tobacco from the number of trucks and flues being carried out daily.

Miss Hattie Lou Whitfield returned to her home in Kinston Friday, after having spent some time with Miss Olivia Cox.

Mr. and Mrs. Clyde Daugherty went to Kinston Friday to visit relatives and friends.

George Kittrell spent the 4th of July in Richmond, Va.

Misses Maggie Brown and Mabel Petty, of Simpson, spent Friday night with Misses Carrie and Henrietta Wesson.

Mrs. H. M. Hardee, of Norfolk, came in last night to spend some time with relatives here.

M. G. Bryan and L. F. Elliott went to Greenville Friday.

Mrs. R. G. Chapman and daughter Clyde spent Friday afternoon at the home of J. McDixon.

San Francisco and the Japanese.

The Japanese are objected to on the broad American ground of non-assimilability, but the Japanese question has been unfairly introduced at this time. There is practically no racial prejudice, but the workingmen have been urged not to patronize the Japanese restaurants, for instance, because they are conducted by nonunion help, and when union men were found in an establishment they were rudely disciplined. This is a phase of the boycott, and does not rise to the dignity of an international question. San Francisco may be exposed for these reasons to occasional turbulence,—a manifestation of "Western exuberance," or "frontier ruffianism," as it has been called,—but shall we condemn the air because it is the element of storms and hurricanes?

These tempests which sweep over Democratic communities sometimes clarify the atmosphere, and are soon over; and out of our local troubles will come a clearer government, a better conception of the labor question by employer and employee, and a stronger loyalty to law, which, like a rock, stands unshaken under the folds of the flag, guaranteeing a square deal, equal rights, and stable rule.—From "The Case of San Francisco," by Ex-Mayor James D. Phelan, in the American Monthly Review of Reviews for July.

Greenville Boy Again.

Thirty-two dentists successfully passed the examination for licenses before the board at Morehead City last week. In the list we see the name of Edward Greene, of LaGrange. He is a former Greenville boy and we are glad to hear that he is doing well in his new home.

Ill From Imagination Two Amusing Instances From Real Life.

A great many people suffer more from imagining they are ill than from any real illness. They can feel their condition grow gradually worse until they reached the point when they actually expect the realization of the worst.

One of the worst cases of this kind the writer knows. He lives in one of the southeastern counties of the State. Two incidents will illustrate the condition of his imagination. "I am not feeling at all well today," "I am feeling just awful today," and many such like were the answers to his friends' inquiries as to his state of health each day. One day he was out fishing on the river. He was fishing for big fish with live bait. He had provided himself with two live minnows. One he put on his hook and the other he stuck in the pocket of his shirt, which was over near the region of his heart. He was fishing away when, all of a sudden, the little minnow in the pocket gave a kick. The man threw down his pole and began calling for help. He thought his heart was producing the flutter and it took his friends some time to convince him otherwise.

On another occasion this same man came near dying from the result of a fishing trip. This time he had caught only one fish when he was called suddenly to house. In his haste he stuck the fish down in his coat pocket. He hung up his coat at home and never thought of the fish any more. As he did not have occasion to use the coat again for several days the fish had had time to petrify. When the man did put on the coat again the odor of the fish struck him strong. He assigned the cause to his bad breath and went around half dead to let his friends and relatives know of his near approach to the end. This continued nearly all day before the doctor could be seen. The doctor did not approach near, as it was not necessary. He took his patient's word for it being due to his breath. The doctor ordered him home to bed immediately, where he would visit him in a few minutes. The man started for his room and in preparing to take his bed happened to stick his hand down in the pocket, discovered the cause and again saved his life.—Ex.

Farmer Joyner Again.

Notwithstanding the fact that Mr. Andrew Joyner lost much time recently from his farm work by running around with Gov. Glenn and other nabobs in the eastern part of the State trying to locate that training school, he is yet on top. He came down town this morning in high glee and said he had cucumbers as large as a man's leg. They do not grow like the ordinary kind, but dive down in the ground like a potato.—Greensboro Record.

Five-Year State Teachers' Certificate.

All applicants for five-year state certificates are required by law to file with their applications "a statement from the county superintendent of public instruction of the county in which the applicant last taught, that the applicant holds a first-grade certificate and has taught successfully at least one year."

2. The examination for these certificates will cover all the subjects named in section 4087 of the public school law.

3. The examination will be held by the county superintendent at the regular time and place fixed by section 4162 of the public school law for the examination of teachers for county certificates.

New County Born.

Raleigh N. C., July 4.—A delegation of citizens is here today from the new county Lee, created out of portions of Chatham and Moore, to certify to returns of the recent successful election for the establishment of a county, and receive the proclamation by Governor Glenn, proclaiming the birth of the county, this being issued by Private Secretary Arrington in the absence of Governor Glenn.

It was the special desire of the Lee county citizenship that the proclamation be given out this date, so "The Glorious Fourth" would be the official birth day of the new county. The new county starts with especially bright prospects.

Handy Cook Book.

The Ladies Aid Society of Memorial Baptist church have published a handy cook book which they are selling for 25 cents a copy. The book contains about 75 pages of useful recipes for cooking various articles, these all classified under headings. The recipes are such as have been tried by Greenville housekeepers with good results, and the name of the lady who used and recommended each recipe is given with it. The book also contains several pages of advertisements of Greenville business men.

Weather.

Partly cloudy in eastern, showers tonight or Sunday in western portion.

It appears that Greenville made the best bid for the eastern training school and now Greenville is naturally wondering why she did not get it.—Charlotte Chronicle.

PERSONAL POINTS.

People who Come and Go.

Willie Dixon went to Rocky Mount today.

H. W. Whedbee went to Raleigh today.

Mrs. W. B. Wilson left this morning for Littleton.

Satisfactory to Him.

An automobile dashed along the country road. Turning a curve it came suddenly upon a man with a gun on his shoulders and weak, sick looking old dog besides him. The dog was directly in the path of the motor car. The chauffeur sounded his horn, but the dog did not move—until he was struck. After that he did not move.

The automobile stopped and one of the men got out and came forward. He had once paid a farmer \$10 for killing a calf that belonged to another farmer. This time he was wary.

"Was that your dog?"

"Yes."

"You own him?"

"Yes."

"Looks as if we'd killed him."

"Certainly looks so."

"Very valuable dog?"

"Well, not so very."

"Will \$5 satisfy you?"

"Yes."

"Well, then here you are." He handed a \$5 bill to the man with the gun, and added pleasantly: "I'm sorry to have broken up your hunt."

"I wasn't going hunting," replied the other as he pocketed the bill.

"Not going hunting? Then what were you doing with the dog and the gun?"

"Going to the woods to shoot the dog."—Youth's Companion.

Run Over By Bicycle.

Master Derwood Denmark, son of Mr. Kleber Denmark was run over by Mr. Shonnie Hargett, who was riding a bicycle, and painfully, though it is not thought seriously hurt this afternoon at 4:15 o'clock. It was of course purely an accident. The little fellow was thrown violently to the ground and his lip seemed to be rather badly cut.—Kinston Free Press, 5th.

Industrial Education at A. & M. College.

"The world is demanding men who can do, as well as think," says President Winston. "The best equipment for a young man today is technical skill, knowledge, and power. A century ago education was for the few, and was designed to equip them for the learned professions; today education is for the many, and is intended to fit them for life's practical work."

The advertisement of the North Carolina College of Agriculture and Mechanic Arts appears in another column. This college has courses of instruction in Agriculture, 194 students; Civil Engineering, 104 students; Electrical Engineering, 108 students; Mechanical Engineering, 71 students; Cotton Manufacturing, Chemistry, and Dyeing, 52 students. Besides the regular four-year courses there are short courses and special courses in Machine Work, Drawing and Designing, Carding and Spinning, Weaving, Cloth Analysis, Agriculture, any Dairying.

Next session begins September 4, 1907. For catalogue, etc., address President Winston, West Raleigh, N. C.

He "Muched" The Dogs.

Here is a new one on The Observer, which has fancied that it was pretty well up on our colloquialisms and elliptical phrases; We had a paragraph last week about a Methodist steward in Carteret county having been impeached by bloodhounds who professed to have trailed him to his field from the ruins of a store which had been burned, it was believed by an incendiary. The story of a correspondent of The Newbern Journal who told of his trial and discharge recited, we remember, that the dogs did not bay him when they found him, but that he "muched" them and they lay down at his feet. Now comes the owner of the dogs trying to give them a good character through the medium of a communication in The Kinston Free Press and incidentally: adducing evidence against the steward and says among other things: "So far as his muching up the dogs that was afterwards and when they lay down it was when I carried them back to the road."

Now does that jar you or not? He "muched" the dogs, as to his "muching up the dogs," etc. We have submitted the matter to an Iredell man, a Catawba man, a Cabarrus man, a Providence man, a South Carolina Seceder and an Italian, all in this office, and none of them ever heard of "muching" a dog or that "much" is a verb.

And yet the Century Dictionary gives this as No. 2 under the third definition of "much": "To make much of; coax; stroke gently. (Prov. Eng. and U. S.)" So be hanged if "much the dog" isn't good, after all.—Charlotte Observer.

SATURDAY, JULY 6th, 1907.

Perhaps the best thing in connection with "Greater Raleigh," is the announcement that people who visit the city next fall to attend the State fair will not be charged double fare on the street cars.

Vanceboro has entered the race for the Eastern training school and it is said will offer fifty acres of land and \$25,000 for it. That is a big offer for a town the size of Vanceboro.

A Charlotte man 103 years old went on the excursion to Wilmington last week and is said to have enjoyed himself as much as the youngest passenger. Another man 84 years old, near Siler City, has cut over 300 shocks of wheat and oats this season. What would Dr. Oster say to this?—Clarkton Express.

It would be a good thing if the trust on white newspaper could be haled to court and made to stop its gouging. We are told that an advance of 15 per cent. caused by the rise in the price of pulp, is due July 15th. This thing cannot last. To show the rascality in it, let a bill be introduced in Congress when it meets in December, removing the duty on wood pulp and in two days the price of paper will take a tumble. That's how much justice there is in it.—Greensboro Record.

But congress thinks more of the trusts than it does of the newspapers and the people, so it is not likely that such a bill will be introduced.

The New York Journal of Commerce, which has a crop-reporting system of its own gives the July condition of cotton 74.2 per cent. This compares with 69 last month, a rise of 5.2 points; and with 82.7 the same time last year, 81.2 in 1905 and 83.2 in 1904. This is the lowest condition in June on record, the nearest approach to it being in 1900 when the government's estimate was 75.8. Texas and Alabama increased 6 points and 8.4 points respectively, while North Carolina declined 3.2 points. All other States except Missouri showed moderate improvement. The striking feature of the present report, says The Journal, is the universally favorable weather conditions, continuing two or three weeks. Reports are generally conflicting, but compared with a month ago they showed much improvement. The crop had such a late start that plants are still small and stands generally poor. Cultivation is excellent and with a few exceptions fields are clean and free from grass.—Charlotte Chronicle.

The "D.L. Line" of Forty.

Mrs. Eddy was forty when she discovered Christian Science, just as Mrs. Stone was forty when she wrote "Uncle Tom's Cabin." Scott began the Waverley novels when he was forty-three, Mohammed was fifty-two when the Hegira marked the beginning of his great work. Swedenborg was fifty-four years old when what is called his illumination began, and if Newton and Darwin had regarded themselves as past their best at forty there would now be neither the "Principia" nor "The Origin of Species."—Reader Magazine.

CONDENSED STORIES.

How Mrs. George Gould Entertained an Uninvited Guest.

Mrs. George J. Gould is as democratic as her sister-in-law, Helen Miller Gould. Recently Mrs. Gould accompanied her multimillionaire husband on an inspection trip through the southwest. In New Mexico it happened to be necessary to attach the Atlanta, the Gould car, to a regular passenger train for a few hours. At a lonely siding a shabbily dressed woman and a lanky little old-fashioned girl of seven or eight boarded by mistake the car. Bewildered, the woman and child

"I RECKON THIS MUST BE ONE OF THEM PARLOR CARs."

shrank into a corner. "I reckon this must be one of them parlor cars," said the woman.

Mrs. Gould at once drew the stranger into a chair, beckoned a maid, and in a few minutes a delicious luncheon was spread before them.

Over the meal the woman told her story. Her eldest daughter was to marry a stockman at Las Vegas, and she was making her first railway trip in a dozen years to be present. Only one thing she lacked to make her perfectly happy—she was too poor to buy the brooch she had longed to give as a wedding gift.

Mrs. Gould left the table and took a jewel case from her safe. From this she selected a handsome oriental brooch, a gorgeous piece of enamel work fringed with stones and made of gold. Smiling, she asked, "How would this do?"

Tears started to the woman's eyes as she exclaimed: "Oh, can you spare it? It must be worth five or six dollars."

Mrs. Gould succeeded in reassuring her and the luncheon was finished. When the train reached Las Vegas the bride was in ecstasy over the magnificence of the hundred dollar brooch.—New York Journal.

Commendable Example.

The popular after dinner speaker rose to respond to a toast.

"Gentlemen," he said, "the unexpectedly flattering manner in which your toastmaster has introduced me this evening reminds me of a story which strikes me as being appropriate to the occasion. By the way, how many of you have heard the story of the Pennsylvania farmer and the young wolf he bought for a 'coon dog'? Will those who are familiar with it from having listened to it half a dozen times or more please raise their hands?"

An overwhelming majority of his auditors raised their hands.

"Thanks, gentlemen," he said. "I shall not inflict it upon you."

With their rapturous applause still ringing in his ears he sat down. He made the hit of the evening.—Chicago Tribune.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's "cure." Send for circulars, free. F. J. GHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Weak Kidneys

Causes more trouble than any other organ of the body. The function of the kidneys is to separate impure blood and water in the process of circulation, and to remove them and their attendant poisons from the body through the bladder. Therefore when the kidneys become diseased and weak they are naturally unable to perform their work properly, and pains in the back, inflammation of the bladder and urinary disorders are the result. It is imperative that a prompt relief be afforded, which is impossible unless you remove the cause.

DeWitt's Kidney and Bladder Pills promptly eliminate poisons from the system and at the same time make the kidneys well and strong.

For Weak Kidneys, Backache, inflammation of the bladder and all urinary troubles DeWitt's Kidney and Bladder Pills are unsurpassed.

Machinery is digging the Panama canal a thousand times quicker than the shovel dug the Erie.

Machinery produces the L. & M. paint at 50 times less cost for labor, than if made by hae.

The L. & M. gives the best job in the world, because L. & M. Zinc hardens

L. & M. White lead and makes L. & M. paint wear like iron for 10 to 15 years.

It only requires 4 gallons of Linseed Oil at 60 cts per gallon, to paint a moderate sized house.

If any defect exists in L. & M. Paint, will repaint house for nothing.

A Throbbing Head

A seething

It isn't always the cheerful man who does the most cheering.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, which is a Book on either Dyspepsia, The Heart or the Kidneys. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves". Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write to-day for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by Bryans Drug Store.

Many a married man sil-is a ent hero.

A prompt, pleasant, good remedy for coughs and colds, is Kennedy's Laxative Cough Syrup. It is especially recommended for babies and children, but good for every member of the family. It contains no opiates and does not constipate. Contains honey and tar and tastes nearly as good as maple syrup. Children like it. Sold by J. L. Wooten's Drug Store.

Drivers of delivery wagons are always there with the goods.

Get a free sample of Dr. Shoop's "Health Coffee" at our store. If real coffee disturbs your Stomach, your Heart or Kidneys, then try this coffee imitation. Dr. Shoop has closely matched Old Java and Mocha Coffee in flavor and taste, yet it has not a single grain of real coffee in it. Dr. Shoop's Health Coffee Imitation is made from pure toasted grains or cereals, with Malt, Nuts, etc. Made in a minute. No tedious wait. You will surely like it. Sold by T. E. Hooker & Co.

It's a pity that poet can't live on food for reflection.

All stomach trouble are quickly relieved by taking a little Kodol after each meal. Kodol goes directly to the seat of the trouble, strengthens the digestive organs, supplies the natural digestive juices and digests what you eat. It is a simple, clean, pure, harmless remedy. Don't neglect your stomach. Take a little Kodol after each meal and see how good it makes you feel. Money back if it fails. Sold by John L. Wooten.

We would never suspect how good some people are if they didn't tell us.

Bert Barber, of Elton, Wis., says "I have only taken four doses of your Kidney and Bladder Pills and they have done for me more than any other medicine has ever done. I am still taking the pills as I want a perfect cure." Mr. Barber refers to DeWitt's Kidney and Bladder Pills, which are unequalled for Backache, weak kidneys, inflammation of the bladder and all urinary troubles. A week's treatment for 25c. Sold by J. L. Wooten's Drug Store.

A man's idea of a close friend is one who will loosen up occasionally.

There is no case of indigestion, no matter how irritable or how obstinate that will not be speedily relieved by the use of Kodol. The main factor in curing the stomach of any disorder is rest, and the only way to get rest is to actually digest the food for the stomach itself. Kodol will do it. It is a scientific preparation of vegetable acids containing the very same juices found in a healthy stomach. It conforms to the Pure Food and Drugs Law. Sold by John L. Wooten.

When you want a letter badly, it's a sure sign it won't come.

For scratches, burns, cuts, insect bites and the many little hurts common to every family, DeWitt's Carbolized Witch Hazel Salve is the best remedy. It is soothing, cooling, clean and healing. Be sure you get DeWitt's. Sold by J. L. Wooten's Drug Store.

A pawnshop where we could hock our troubles would fill a long-felt want.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made alone for Piles, and its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel-capped glass jars 50cents. Sold by Bryans Drug Store.

Music has charms in the country where the houses are a mile apart.

Mother who give their children Kennedy's Laxative Cough Syrup invariably endorse it. Children like it because the taste is so pleasant. Contains honey and tar. It is the original laxative cough syrup and is unrivaled for the relief of croup. Drives the cold out through the bowels. Conforms to the Pure Food and Drug Law. Sold by J. L. Wooten.

When you feel the need of a pill take DeWitt's Little Early Riser. Small, safe pill, sure pill. Easy to take, pleasant and effective. Drives away headaches. Sold by John L. Wooten's Drug Store.

FOR THE LITTLE ONES.

The Game of My Pond Requires Quick Thought and Action.

Take a piece of stout cord about a yard long, tie one end to a cane and on the other end make a knot that will slip quickly about any object put in it. This rod and line are for fishing. The players now sit around a table, one holding the rod. In the middle of the table is a circle marked by crayon or a circular piece of paper.

The fisherman cries, "My pond!" At that every player puts his forefinger in the circle. The fisherman then cries, "Your pond!" The fingers then go rapidly back. He may call these commands rapidly and try to catch a player in "his pond" when he should be in "my pond." At such an error a forfeit is paid.

Meanwhile the fisherman tries to slip his knot over some finger, and when he does so that player becomes the fisherman.

The Celestial Equator.

The terrestrial equator is an imaginary circle around the earth, equally distant at every point from the north and south pole, thus dividing the earth into two equal hemispheres. The celestial equator is simply the terrestrial equator extended upward or outward to the heavens. The ecliptic is the apparent path of the sun around the sky. It is called the ecliptic because it is in the path that eclipses of the sun and the moon take place. The zodiac is an imaginary belt extending about nine degrees on each side of the ecliptic. It gets its name from the Greek word "zo-on," animal, the allusion being to the names given by the ancients to the twelve signs of the zodiac, through which the sun appears to move during the year.—Chicago News.

Riddles.

What is it that goes around and around and never once stops? The earth.

When does a man's hair resemble a packing box? When it stands on end.

Who steps in after tea? U.

What is it that occurs once in a minute, twice in a moment and not once in 100 years? The letter "M."

What most resembles half a cheese? The other half.

When may a man's pocket be said to be empty and yet have something in it? When it has a hole in it.

What word is it which has five letters, yet when two are taken away it leaves one? Stone.

What Vaudeville Means.

Vaudeville entertainments in our theaters have become so popular and so general that some interest attaches to the queer origin of the term. It is a corruption of Vaux de Vire, the name of two picturesque valleys of Normandy. It was originally applied to a song with words relating to some story of the day. These songs were first composed by a fuller, who lived at Vire, and, having become quite popular in France, they were called by the name of their native place, Vaux de Vire. The origin of the name was soon lost sight of, however, and it took its present form, vaudeville.

To Make Invisible Ink.

Take one ounce of chloride of cobalt and add to it four times its bulk of water. Write with a clean quill pen upon paper. The writing will be invisible, but on warming it gently before the fire or lamp the letters will appear. If the writing be allowed to get cold it will disappear again, but will reappear if again warmed.

The Moving Cross.

Cut a little cross out of fine tissue paper. Stick a needle through

its center and then force the point of the needle in the top of a cork.

Place the hollowed palm of your hand on one side of the cross. It will soon move and begin to turn around upon the needle.—Philadelphia North American.

Our Flag.

I'll tell you all about our flag. With its red and white and blue; How it came to have so many stars And pretty stripes so few.

The thirteen stars are for thirteen states That first into our Union came; For each new state we have added a star.

But have kept the stripes the same.

And these stripes reach from east to west.

On both the oceans' shores, And over all this proud flag waves And the "bird of freedom" soars.

—Philadelphia Ledger.

are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart.

Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.

MRS. LORING N. CHOLS, Penn Yan, N. Y.
I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential.

Dr. Shoop's Night Cure is the local.

Dr. Shoop's Restorative, the constitutional.

The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment.

The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, easing nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy.

Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

Dr. Shoop's Night Cure

The Savory Seamless Roaster.

Is far superior to any other Roaster made, not an ounce of substance lost. Other roasters waste from 10 to 20 per cent. The Savory seamless roaster needs no water, grease or attention of any kind. It simply asks to be let alone. Retains all juices and flavors, renews the youth of the toughest fowl. One great feature of the Savory roaster is the oval bottom, with the ordinary flat bottom roaster the moisture brought out of the meat by cooking has no chance to accumulate and is burned and dried up in the bottom of the pan. In the oval bottom this meat juice flows continuously to the lowest point of the bottom, where it is turned into steam and condensed on the surface of the meat. This condensation continues until the roast has become heated through to the temperature of the atmosphere in the roaster, when the condensation stops and the brown ing of the roast begins.

The Savory roaster is self basting and self browning. The bottom is raised off the oven by the outside heat-retaining jacket, which applies a uniform heat to the roast from all sides. The Savory roaster is in a class to itself. Is guaranteed to give satisfaction when used according to directions. Buy one, take it home, go by the directions, use it thirty days, if not all we claim forth, return it to us and we will give you back your money, providing the roaster when returned, is in good condition. See our window display of the Savory roasters. We will be glad to show you. Call and see them.
