FOR PROHIBITION CAMPAIGN.

An Appeal to the Ladies to Organize for Active Work.

To the Women of Pitt:

Those of us who are engaged in trying to organize the county for prohibition find we must have the active help of the women to make our work a success.

The ladies of Winterville, Ayden and other points are organizing for the work. I earnestly request the ladies of Greenville to come together and organize and put themselves in sympathy and touch with the other temperance organization. For this purpose I request all who will to meet at the Sunday school room of the Baptist church Tuesday at 4 p. m. The Rev. Mr. T. H. King will be present and address them. The work they will be asked to do will be easy and agreeable. So let us have a large attendance.

I also earnestly request the ladies in any section of the county to meet and organize for this great work that means so much for the homes and children of many they love. We must have their active help and influence.

Thos. J. Jarvis.
Chr. Pitt Co. Anti-Saloon League.

Letter From Wife.

The following is the letter from Dr. Whitaker, omitting the name;

Dr. Whitaker:

You know my condition, and you know that I have a lot of little children, and my husband has been drinking whiskey now for four days, and is drunk now. And I want you to take this to those two bar-rooms and ask them not to let him have any more whiskey for my sake and my little children, for I feel like if he don't stop it will run me crazy. There is no one here to make him stop. I thought maybe that you could help me. Stop him and save me and my children.

That is a letter that ought to make every man in doubt resolve to vote to close and keep closed every saloon in the State. Dr. Whitaker is right in supposing that this letter will make votes for prohibition. He points out, too, that this letter gives the everlasting lie to those who say "if you don't trouble whiskey, whiskey will not trouble you."

The pathos of the above simple letter from a loving wife ought to reach every voter in the State and cause every one to help her and others like her who are being crushed because their husbands are the victims of their appetite.

Any community where whiskey is sold can furnish similar cases. They can be found in Pitt. Will not our strong men help their weaker brethren by putting whiskey out of their reach? Will not our more fortunate women use their influence and power to rescue and save the homes of their less fortunate sisters. Let us all, men, women and children of every condition, work together to drive this terrible evil out of our midst.

For County Treasurer.

I hereby beg to announce myself as a candidate for the position as Treasurer of the county of Pitt, subject to the action of the Democratic primaries of the county.

WILL SUPPORT IT.

Elder Harris Tells Why He Will Give Prohibition a Trial.

"How are you on prohibition?" we asked Elder J. M. Harris the other day.

He answered: You know that I am not theoretically a prohibitionist. But I am in favor of any law that will prevent crime. I have never heard of any one objecting to the law prohibiting any one from carrying concealed weapons. This is to prevent crime. As I see it, it is not taking away a man's liberty any more to prohibit him from making or selling intoxicating drink than it is to prohibit him from carrying concealed weapons. I am well satisfied it causes more crime, distress, mental and bodily affliction, than every other thing combined. If we can prevent it, why not do it? Is it not right to prevent anything that is or will be a nuisance?

"These are my reasons for giving the prohibition law a trial. Conditions have changed greatly within the last few years and prohibition will have a stronger sentiment behind it than was dreamed of a quarter of a century ago. All human laws are experimental, and if after a fair trial prohibition proves a failure, the same power that ordained it, can repeal or amend it. Liberty is a great blessing, but when abused it makes one a danger to society. No man liveth to himself, we are all members of society, and the common good rather than selfish gratification of appetite should be our aim. Prohibition is entitled to a trial and I am willing to co-operate as a citizen to that end."—Webster Weekly.

"Meg's Diversion April 22nd.

There will be presented at the opera house, on April 22nd, by our excellent amateur dramatic club, that beautiful drama, filled with both pathos and mirth—"Meg's Diversion." No one can afford to miss this opportunity of spending a most delightful evening and hearing the old, story again told of loving hearts, self sacrifice and final reward for deserving merits.

Notice.

The bridge across Tar river at Greenville will be discontinued to use on and after Thursday, April 9th, preparatory to the building of a steel bridge in its place. While the work of building the new bridge is in progress a ferry will be operated for the convenience of persons and vehicles in crossing the river.

FATAL FIRE AT BEAUFORT.

Miss Henrietta Roberson Loses Her Life in Destruction of Home.

Beaufort, N. C., April 4.—The home of Miss Henrietta Roberson was discovered to be on fire at two o'clock this morning, and before the fire company could get a stream on the house it was enveloped in flames. The fire made such headway that it was impossible to rescue Miss Roberson and she was burned to death in a horrible manner.

Miss Roberson was a lady of considerable local historical note, being one of two sisters who made the flag for the 10th N. C. Confederate Regiment, which was captured by the 4th Rhode Island Regiment that was returned by that regiment in the noted celebration at Raleigh, in June 1906. Miss Roberson was an invalid and aged lady, and was unable to help herself. She was highly respected and was widely known.

An Ancient Bale of Cotton.

The history of perhaps the oldest bale of cotton in the State, which is still in a warehouse at Laurens, presents some interesting and instructive reflections on the great question of holding cotton for advance in price. This particular bale was grown in the season of 1862, and three years later was worth 40 cents a pound in gold. As it weighs 444 pounds it would have brought then \$176 60, which deposited in a savings bank at 4 per cent. compounded quarterly would now amount to \$483.07. At one time in its long history, however, it would have brought only 4 cents a pound, or less than \$20. Today it is worth \$44 40. It was recently rebaled and is in excellent condition. The bale is the property of the grandson of the late Henry Thompson, who grew it in the war period of 1862.—Columbia (S. C.) Dispatch.

Early Closing of Stores.

We the undersigned merchants of the town of Greenville promise to close our stores at 7 o'clock each evening, except Saturday, beginning April 6th, 1908 and ending August 1st, 1908.

Date of Meeting Changed.

The date of the annual meeting of the stockholders of The Farmers Consolidated Tobacco Company is changed from April 18th to April 20th, on account of April 18th being on Saturday which will make it inconvenient for many stockholders to attend. The date of holding the Annual meeting will be on Monday the 20th instead of Saturday the 18th. Stockholders will please take notice.

Factories and Business.

These be dull times all over the land, but those towns which have factories in operation are suffering least. Although there is no prosperity like that built upon the rock of agriculture, agriculture alone is not sufficient for that town which would advance steadily and consistently. Off years are sure to come, years when crops are at least a partial failure and their money value is low. And in such times every one's business is affected, but, the smallest inconvenience comes to those who do not depend entirely upon any particular source of trade, but upon several.

The farming industry is the backbone of business in this section. Upon it is built the wealth and progress of our people, but we have learned too much upon the products of the farms as the basis of our commercial life. Our error has been shown to us during the past few months by the low price of cotton and other crops coming at a time when the yield is somewhat smaller than usual. Business has fallen off and every man has been more or less injured. This section would have felt the tight times less if it had been less dependent upon the farms.

Will we learn our lesson now or must we take more punishment before we consent to apply its teachings? We have our choice. We can build factories and get their benefits without giving up any advantage that we now have, or we can drift along in the same old way, depending entirely upon the farms and their business, getting along in some sort of fashion when the farmers are prosperous, suffering acutely when they meet with bad returns or low prices. We have made our bed and we must lie on it unless we decide to make a better one.—Enfield Progress.

Mr. Smith's Funeral.

The funeral of Mr. Jesse L. Smith, of Beaver Dam township, who was drowned Saturday morning, took place Sunday at the family burial ground, about 8 miles from town. The funeral was conducted by the Masonic fraternity and the attendance was very large.

Moving Picture Show.

Another moving picture show is to be opened by new parties in the building near Five Points. They are remodeling and improving the interior of the building in readiness for it.

Navy is Never Done.

A navy, like a railroad, is never done. There never comes the grateful moment when the work can be said to be finished and the sole task left to be discharged is that of operation. As the roadbed, track, equipment of a railroad must be constantly maintained and improved, so if there is to be any navy at all equipment must be constantly improved and brought up to date, even under the policy of "replacement and repair."—Boston Transcript.

Royal Crowns.

Royal crowns have tended to become lighter. Thus, one made in the middle ages weighed over seven pounds, that of George IV. weighed five and one-half pounds, while Queen Victoria's crown, containing the great ruby which belonged to the Black Prince, weighed three and one-quarter pounds.

MONDAY, APRIL 6, 1908.

There are plenty of people getting very tired of the mud-slinging going on in the campaign.

Wonder what the few Populists left expect to get out of it by having a presidential ticket in the field.

The National People's party held a convention in St. Louis last week and nominated Thomas E. Watson, of Georgia, for president.

Congressman Dalzell don't think the newspapers cut much figure, but Speaker Cannon thinks differently and calls for an investigation of the paper trust.

The negro who was recently shot by Congressman Heflin, on a street car in Washington City, says he was hurt \$20,000 worth and has brought suit against the congressman for that amount.

The Republican majority in congress is asserting its power and adopted new rules that leave not much more privilege to the Democratic minority than to sit there and listen and draw pay.

The commercial travelers would rather pay the old rate for mileage than to be put to so much trouble.—New Bern Sun.

Possibly that is just what the railroad had in mind in making such a rule.

The fellow who sent the infernal machine through the mail to Mr. Ocasar Cone, of Greensboro, was given eight years in the penitentiary. That will give him time to make up his mind that it is best not to be an anarchist.

President Roosevelt said it was all a lie when the claim was made that corporations had made contributions to the campaign fund to help secure his election. But the facts keep on coming to light that show the corporations did make the contributions as claimed, some of them big ones. And we believe that the president was fully aware of this at the time he entered such an emphatic denial.

Democratic primaries were held in three counties yesterday and it was a good day for Mr. Craig. It was to have been expected that Buncombe, his own county, would give him a solid vote. His sweep in Iredell was almost as complete, the adverse vote being surprisingly small. But the real surprise of the day was in Stanley where Mr. Horne showed up unexpectedly strong and Mr. Kitchen amazingly weak. Craig and Horne divided the county nearly equally though Horne had a majority of five over both. The primary and convention season is thus formally opened and politics will gradually increase in interest from this time until the State convention. Polk and Yancey will hold their conventions to-morrow, neither county having the primary system.—Charlotte Observer.

Deafness Cannot be cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free F. J. CLENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Kodol for Dyspepsia has helped thousands of people who have had stomach trouble. This is what one man says of it: "E. C. DeWitt & Co., Chicago, Ill.—Gentlemen—In 1897 I had a disease of the stomach and bowels. I could not digest anything I ate and in the spring of 1902 I bought a bottle of Kodol and the benefit I received from that bottle all the gold in Georgia could not buy. I still use a little occasionally as I find it a fine blood purifier and a good tonic. May you live long and prosper. Yours very truly, C. N. Cornell, Roding, Ga., Aug. 27, 1906. There's always hope for a man until he loses his self-respect.

Kennedy's Laxative Cough Syrup—the cough syrup that tastes nearly as good as maple sugar and which children like so well to take. Unlike nearly all other cough remedies, it does not constipate, but on the other hand it acts promptly yet gently on the bowels, through which the cold is forced out of the system, and at the same time it always inflammation. Always use Kennedy's Laxative Cough Syrup. Sold by Jno. L. Wooten's Drug Store.

When a wise man gets the worst of it he makes the best of it.

To have perfect health we must have perfect digestion, and it is very important not to permit of any delay the moment the stomach feels out of order. Take something at once that you know will promptly and unfailingly assist digestion. There is nothing better than Kodol for dyspepsia, indigestion, sour stomach, belching of gas and nervous headache. Kodol is a natural digestant and will digest what you eat. Sold by Jno. L. Wooten's Drug Store.

Are You About to Invest In a Piano?

If so invest in a good one, and buy it from a firm of established reputation. If there is honor in whatever house you deal with there will be worth and value in whatever goods it sells. It has always been our greatest pride in affording protection to our patrons. There are now more Steiff and Kohler & Campbell Pianos in the homes of Pitt county than all other makes combined. There must be a reason why. Below is given a partial number of Greenville people whom I sold Steiff and Kohler & Campbell Pianos, and he prospective piano buyer is referred to the following list:

C. T. MUNFORD

Not a Financial Success.

Mrs. Munro was reading items of interest from the weekly paper and making frequent exclamations of surprise or pleasure or dismay.

"Why, Edward, listen to this!" she cried. "Here's a man who makes a business of taking new tables and chairs and treating them in some way so they look as if they were a hundred years old!"

"And he makes a great deal of money by it," she added, reading on.

"Does he indeed?" said Mr. Munro.

"Well, I'd trust our Tommy to make a new table look as if it were a good deal more than a hundred years old, but I hadn't thought of it as a paying business."—Youth's Companion.

Willing to Tell.

Sometimes it is a pleasure to answer questions, even if the questioner may put them in an unpleasant way.

"What do you do for a living?" asked a lawyer, frowning horribly at a hatched faced young man who was undergoing cross examination.

"I, sir," answered the witness, hastily diving into his side pocket, "am the agent for Dr. Korker's celebrated corn and bunion destroyer, greatest remedy of the age, used by all the crowned heads of Europe, never known to fail to remove the most obdurate corns in less than twenty-four hours or money cheerfully refund."—Here the court interfered.

DANGER IN DELAY

Kidney Diseases are Too Dangerous for Greenville People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with certain and safe remedy, Doan's Kidney Pills.

Wm. Murrill, corner Washington and Tarboro streets, Rocky Mount, N. C., says: "Doan's Kidney Pills proved in my case to be a valuable remedy for kidney trouble and I have no hesitancy in recommending them to anyone afflicted with this complaint. My wife and I both used them for backache and other annoyances arising from disordered kidneys and they brought us prompt relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Greenville Co to Markt, reported by J. R. & J. G. Moye

A LESSON IN ECONOMY

A STENOGRAPHER in a prominent business house, who operated a typewriter where the carriage had to be raised to see what was written, wasted eight minutes in one hour in lifting that carriage.

She was employed eight hours per day. On this basis she lost 64 minutes that day.

She would lose in one year of 300 working days 320 hours.

She was paid \$2.50 per day for eight hours' work, 35.7 cents per hour.

Her employer, therefore, would have paid her \$114.24 in one year, for which he received no equivalent.

There were ten stenographers employed in this office, and if they all lost the same amount of time, he would have paid in one year \$1,142.40 for which he enjoyed no benefit.

In ten years he would have paid \$11,424.00 for nothing.

Every business man using a typewriter that does not write in sight, but on which you have to raise the carriage to see the writing, is losing money in the same proportion.

WHICH IS BETTER—
to have that saving of money in dividends, or pay it out for wasted time?
