GENERAL NEWS.

Some of the Happenings Over the Country.

South Boston, Va., March 27.—This afternoon at 5:30 o'clock five young men went out above the power house dam on Dan river in a naphtha launch, which capsized, drowning J. W. Mebane, owner of the boat, Esley Owen, the banker, and James Clarke, son of a policeman.

Washington, March 27.—President Taft today revoked the order of President Roosevelt ordering the marines ashore and as a consequence all will go back to the ships.

Effington, Ill., March 27.—The bank at Watson was robbed of \$5,000 in cash today by cracksmen, who also got \$6,000 worth of valuable papers. Bloodhounds have been put on their trail.

Lincoln, Neb., March 29.—A telephone message from Fairfield early today says a masked bandit held up the conductor of a local train on the Chicago, Burlington & Quincy Railroad last night and robbed the passengers in the day coach. The sum procured was not large. The man escaped.

Lexington, Va., March 27.—Three persons, Mrs. Annie Miller, wife of Frank Miller, and her two children, a son, Hite, and a baby, are dead from burns sustained as a result of a fire which destroyed their home on Kerr's creek in Rockbridge county, near here yesterday. Mrs. Miller devoted all of her energies in trying to save her children, and in doing so she and two of them received fatal injuries. Another child, Elizabeth, escaped injury.

Baltimore, March 28.—Thomas Fitzgerald, general manager and one of the receivers of the Norfolk & Southern Railroad, died today at the Church Home and Infirmary, of carcinoma of the stomach, in his fifty-sixth year. Prior to becoming one of the receivers of the Norfolk & Southern Mr. Fitzgerald was for forty-two years in the employ of the Baltimore & Ohio Railroad, of which he became general manager, rising to that position from the humble place of water boy. His death had been expected momentarily for more than a week past.

Washington, March 27.—According to the present plans of Representative Payne the house will vote on the tariff bill on April 10. The vote will be brought about by a resolution peaceably put through the house if possible, but if this cannot be done the party lash will be applied in the Republican caucus.

Rally Day at Christian Church.

Next Sunday will be the great rally day for the Christian Sunday school. Every member of the Sunday school and church is requested to be present. All Sunday schools of the town are especially invited to be present to hear Dr. J. C. Caldwell, of Wilson, at 7:45. Every member of the school should come and bring one with them.

An Easter Festival

HE WAS ONLY SMILING.

Winterville, N. C., March 30. Editor Reflector:

I noticed in your paper of yesterday about my being up to your town laughing.

I want to inform you and your readers that I was only smiling, as I have not permission in your town to laugh, and if you and your readers will come to Winterville anytime where I have permission to laugh, I will give them a hearty laugh.

C. T. Cox.

[If Friend Cox was only smiling then, we certainly would like to hear him laugh sure enough, and here's one who is going to accept the invitation to go to Winterville and enjoy hearing the real article.—Ed]

Change in Library Hours.

Beginning April 1st the library will be open on Tuesday, Thursday and Saturday of each week from 4 to 3 p. m. Persons using the books of the library should note these changes in the hours of opening.

CHARLESTON WANTS NEXT IRRIGATION CONGRESS.

Spokane, Wash., March 29.—Delegates from the Southern states to the meeting of the National Irrigation Congress in Spokane the second week in August probably will make a concerted effort to have the 18th session of the organization take place somewhere in the South.

James Cosgrove, of Charleston, S. C., secretary of the sanitary and drainage commission for Charleston county, intimates this in a letter to Arthur Hooker, secretary of the local board of control of the 17th congress. He says:

"I would like to have you think over the proposition to have the sessions after the Spokane meeting somewhere in the South. Personally, I believe Charleston would be the right place and I have no doubt that our people would arrange to entertain the delegates royally."

Mr. Cosgrove says that it will be a pleasure for him and the residents of Charleston to take up with their representatives in congress the matter of the invitation to the president to attend the congress in Spokane, adding:

"I trust we will be able to have President Taft attend the sessions, as I recognize it will be of inestimable benefit to all who attend to have him deliver an address."

Regarding the reference to having the 1910 congress in the South, Mr. Hooker said:

"The proposition submitted by Mr. Cosgrove is a novel and an attractive one and if formally presented to the congress by our Southern friends, I am of the opinion that the delegates would give it every consideration."

COX'S MILL ITEMS.

Cox's Mill, N. C., Mar. 29.

The closing exercises of Miss Lela Roach's school at the McGowan school house will take place Wednesday night, 31st. Prof. Ragsdale, of Greenville, Prof. Lineberry and Rev. Mr. King, of Winterville, will entertain the audience with good speeches on educational lines. There will also be music, both vocal and instrumental, by the school.

Mr. and Mrs. W. F. Carroll went to see Macon Tucker and family, near Greenville, yesterday.

Miss Roland Cobb, of Conetoe, is visiting the Misses Carroll.

Farmers are getting along nicely with their work and the planting of corn will begin in a few days. Much fertilizer has been hauled.

Our section is almost self sustaining so far as meat, corn and hay are concerned and I think the farmers are going to try to raise more this year than ever. When a farmer makes his own supplies at home low prices of cotton and tobacco don't hurt him so very bad.

Not Impossible.

Most men are trying to bore a two inch hole with a gimlet. The only way to do this is to take a life policy and die, or an endowment and live to pay it up in The Old Mutual Life of N. Y. H. Bently Harriss will show you the way. 30 1td 1tw

Mrs. W. M. Forest, next door to Bank of Ayden, in Ayden, will make a special display of spring millinery of Tuesday and Wednesday, April 6th and 7th. All ladies cordially invited.

STATE NEWS.

Happenings of Interest in North Carolina.

Chapel Hill, March 28.—Dr. Charles Alphonso Smith of the department of English, has accepted the call to the University of Virginia.

New Bern, March 27.—Whirled around a shaft and his life beaten out against the floor and another shaft about two feet away, was the fate of Joseph E. Hawk, a prominent lumber man, in James City yesterday. He arrived at the mill at an early hour to aid in some repairs and was assisting in putting on a heavy belt when a set-screw on the shaft caught his overcoat with the above results.

New Bern, March 27.—On account of an epidemic of smallpox, Jones county court, which was to open Monday, March 29, has been postponed indefinitely by Judge C. M. Cook. For some time smallpox has raged around Trenton, the county seat, and the condition does not improve much, so it was thought best to postpone this term of court for the present.

Indians on the Warpath.

Oklahoma City, Okla., March 28.—Five companies of Oklahoma militia marched tonight against Crazy Snake's band of Creek Indians, halfbreeds and negroes, entrenched in the Hickory Hills, 7 miles from Henryetta.

A battle is regarded as inevitable, as the heavily-armed troops set out either to capture or exterminate the murderous band, which since Thursday has caused the death of six men, the wounding of many others, and brought about a condition of terror. Leaving Henryetta at 3 o'clock with seven miles to go, and encumbered with arms and equipment, it was expected the troops could not reach the Indians before 7 o'clock.

Crazy Snake's men number about 200, all armed with modern rifles and plentifully supplied with ammunition. They had prepared for two months for this final stand against lawful authority. They sent out word today that they would fight to the death.

Crazy Snake's band strongly entrenched itself early in the day and was reinforced from time to time.

Too Fast on the Avenue.

People living on Dickinson avenue beyond the Atlantic Coast Line railroad, are complaining of fast driving out that way and have asked The Reflector to say something about it. The sand-clay road which has been built from the railroad crossing cut for two miles makes a splendid roadway, and it seems that many people going out for a drive, as soon as they cross the railroad put their horses out very much beyond the speed limit of the town ordinances. In fact some races between drivers have been noticed on this street within the town limits. Such fast driving through the residence section of the avenue is dangerous and should be stopped before some injury is done.

Misses Addie and Carrie Johnson cordially invite all ladies to attend their opening of spring millinery opening at Ayden on Tuesday and Wednesday, April 6th and 7th, up stairs over J. R. Smith Co's. store. 3 30 1td & w

Whoever mutilated those records in Raleigh is carrying the crime further by trying to put it on a scape-goat.

The wireless cuts some capers occasionally, the report that the battleship Mississippi had been blown up being one of them.

With so many towns getting mills and large factories, it looks like Greenville should be able to secure at least one. They are needed here as much as in any place that could be mentioned.

The way it has started off shows that Charlotte is going to get at least two months of good advertising out of it, to say nothing of what will come after. It is the very best kind of advertising too. And Charlotte deserves it all.

Elsewhere in this issue is a card from Mayor Whedbee relative to sidewalks and curbing along Evans street and Dickinson avenue that should have the attention of property owners along these streets. The town did the work of constructing these sidewalks in good faith, and the property owners should show their appreciation by doing their best to help the town meet its obligations.

Since the first of January The Reflector has been offered, and refused, enough whiskey advertisements to fill more columns of the paper than all the business men of Greenville occupy. One man the other day offered \$50 cash down for a small ad., and when it was declined said he did not see why we "could not put in these advertisements for good money like many other newspapers." Other papers conduct their business to suit themselves and with that we have nothing to do and no criticism to offer, but The Reflector makes a standard for itself and tries to live up to it. The paper needs the money bad enough, but does not want to make any that way. If the paper can not live on the side of morality and right it will cease to live.

H. E. C. Bryant, Washington correspondent of The Charlotte Observer, gives the following as the latest in regard to the eastern judgeship;

"The eastern judgeship of North Carolina is giving Mr. Taft some worry; he is between the devil and the deep blue sea. Good men—fine lawyers—have come up here and said that Republicans of the district would make first-rate judges. Two weeks ago the president did not believe that he could get a suitable man from his party but recently he has come to the conclusion that the endorsements of Seawell, Hicks, Skinner and others are just as good as those of Democrats suggested. To get at the truth he would have to go to North Carolina and study the qualifications of the endorse-

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

ers. Democrats have so mud-died the waters that it looks like the safest thing for him to do is to appoint a Republican. Messrs. Duncan and Adams, through Postmaster General Hitchcock, are making a desperate fight to have the position go to a Republican, and it looks now as if they would win. Seawell's chances at this hour are better than those of any other man mentioned for the place."

Missouri is trying to pass a law that should be hailed with joy by every candidate for office, present or prospective. The legislature has before it an act to prevent a candidate from in any way "entertaining" a voter. Under its provisions a cigar or a drink could not be considered him could not entertain or any of his friends. The drink part of it would not cut any ice down this way, yet it would be received with acclamation, for custom has made all candidates an "easy mark," and when he is nominated and starts out on his campaign his leg is pulled all day and far into the night. A voter does not walk right up and demand money. He wants to "borrow" a few dollars. If it is not forthcoming he proceeds to put the candidate on the black list and he will work against him, even if the opposing candidate does not pay him a cent. He wants revenge and too often he gets it, as can be testified to by thousands of men holding office.—Greensboro Record.

One of the largest churches in Massachusetts has officially barred from worship all women who refuse to remove their hats before entering the church auditorium. The trustees say that "the fancy millinery of the present time attracts so much attention that women spend more time examining hats than they do listening to the sermon." What will the trustees do with the declarations of Paul in the 11th Chapter, 1st Epistle to the Corinthians, wherein it is said, "but every woman that prayeth or prophesieth with her head uncovered dishonoreth her head."—Charlotte Chronicle.

Why He Bolted.

At one of the London clubs one evening Mr. Montagu Williams met Lord —, who had just lost his father. The young lord was naturally melancholy, and the lawyer proposed visiting a theater opposite, which proposition was accepted. There was a slight fire in the theater, whereupon the young lord was among the first to bolt, "like a rabbit," out of the building. Returning leisurely to the club, Mr. Williams found there his young friend quietly smoking a cigar.

"What on earth made you bolt that way? You seemed frightened out of your wits (not a difficult matter perhaps). Don't you know that on such an occasion if everybody got up and rushed out a panic would ensue, with very likely fatal consequences? Why on earth couldn't you sit still, as I did? There was nothing serious the matter." Upon this, with the most patronizing air, the young gentleman replied, "Oh, yes, that's very well for you, but

you've not just succeeded to a peerage and £20,000 a year."

Forced to Surrender.

The young man had asked the father for his daughter and been refused.

"Then you will not give me Jane?" he hoarsely demanded.
"I didn't hear in Volapuk, did I?" sneered Jane's father.

The young man paused at the door.

"I am considered a good looking fellow," he said. "Ladies turn and stare after me as I pass along the street. Your cook smiled at me to-night while I lingered at the side door. I returned the smile. Now I will follow up this favorable impression. I will make love to the cook. In a week we will elope!"

The old man turned pale.
"Don't talk like that!" he gasped. "You wouldn't be cruel enough to rob us of our cook! No, no! Not another word! Jane is yours!"—

STATEMENT IN RESPECT TO PAYMENT FOR CURBING AND GRANOLITHIC SIDEWALKS ON DICKINSON AVENUE AND EVANS STREET.

Editor Reflector:

Some confusion having arisen in respect to the time in which the property owners were permitted to pay for the curbing and granolithic sidewalks in front of and adjacent to their property, and having been requested to make a statement in respect to the same, and with a view to stating the facts in respect thereto, I beg leave to submit the following:

That under Chapter 115, section 7, sub section 5, the Board of Aldermen of the town of Greenville had the power to require property owners to construct and keep in repair such sidewalks adjacent to their property and in such manner as said board should direct, and should any owner of said property refuse or fail to construct or repair such sidewalks, after twenty days notice, the Board of Aldermen should have the same constructed and repaired and the costs thereof added to the taxes paid on said property in the tax list of the next succeeding year, and collected as taxes are collected upon property listed for taxation. And under said act, the Board of Aldermen of the town of Greenville, gave notice to all the property owners on Evans street and Dickinson avenue up to A. C. L. railroad, requiring them to put down a certain class of curbing and to pave the sidewalks adjacent to their property with granolithic pavement. The property owners failed to do this and the town of Greenville caused the same to be done at the cost of forty-three (43) cents per running foot for the curbing, and 96 8-10 cents per square yard for the granolithic pavement, and caused the same to be charged upon the tax list of the town in accordance with said act.

Quite a number of the property owners and also both railroads, have paid for the work, and the remaining property owners who failed to pay have been charged the actual cost of putting down these improvements, as provided above, and the same will be collected as taxes are collected by the tax collector of the town.

I desire to say that the Board of Aldermen have never agreed, since I have been mayor or before

CHILDREN WHO ARE SICKLY.

Mothers who value their own comfort and the welfare of their children, should never be without a box of Mother Gray's Sweet Powders for Children, for use throughout the season. They break up colds, cure feverishness, constipation, teething disorders, headache and stomach troubles. These powders never fail. Sold by all drug stores, 25c. Don't accept any substitute. A trial package free to any mother who will address Allen S. Olmsted, Le Roy, N. Y.

that time, as I am informed, that any further time should be given for the payment of said improvements, and the same are to be paid for as taxes collected for the year. The town has executed its note, which will become due in a very short time, to cover the expense of putting down said pavement and curbing with the expectation that the property owners who passively assented to these improvements would come forward and pay for the improvements adjacent to their property. These improvements have added quite a good deal to our town, and, in my opinion, were an absolute necessity, and the town authorities do not desire to have any disagreement with any property owner in respect to the same, and I am making this statement with a view to asking every person who is liable for the improvements, as above stated, to come forward as promptly as possible and pay for the same, in order that the town may be in a position to pay its note executed for this work to the contractors.

If there should be any dispute as the number of square yards of paving or as to the number of running feet of curbing, for which any property is liable and has been charged, the board or myself will take great pleasure in correcting any error which may have crept in. But I desire earnestly to appeal to every person who is interested in the development of the town to pay this assessment at the very earliest date possible.

There was no agreement that the property owners should have any further length of time than is prescribed in the law above quoted.

Very Respectfully,
H. W. Whedbee, Mayor.
