### RAIN STOPS THE GAME.

Greenville Had Two And Ayden Nothing.

What started out to be the most brilliant game played on the local diamond this season, Tuesday afternoon, was interrupted by a rain that came in the midst of the fourth inning.

The contestants were Greenville and Ayden, and it being the last game of these teams here of the second series of the Coast Line League, great interest centered in it. Knowing it was to be a pitchers' battle between White for Greenville and Robertson for Ayden, the attendance was large, many coming from neighboring towns.

The game started beautifully with Greenville at the bat, James the first man up. He let Robertson's first ball go by unnoticed, but squared himself for the second toss and swatted it for a safe hit that put him on first. Smith came next and bunted out, pitcher to first, advancing James to second. Utley put one over to second that beat him to first but James went to third. Lutterloh fanned, leaving James on third, but it was seen that our boys could find Robertson's twirls, and enthusiasm ran high.

Ayden came up to face White, and the little wizzard put them to guessing. He struck out both Lutz and Graham, while Nagle touched one to short who put him out at first and there was nothing doing.

The second and third innings passed with equally brilliant playing on both sides, nobody getting further than first.

In Greenville's fourth Utley went to first on a hit. Lutterloh came up and the fans gave him an encore. He knew they were expecting him to do something and he met the occasion by just slamming the sphere over the fence for a home run, bringing Utley in ahead of him. The grand stand broke out in a storm of applause, in which Jupiter Pluvius joined with roaring thunder and flashing lightning and by the time Greenville finished this half a rain was on that stopped the game. When the shower was over the diamond was rather wet, and though Greenville offered to go on with the game Ayden declined and it was called off by Umpire Fenell, of Tarboro, and the spectators were given rain checks for this afternoon when the same teams try it again.

At the time the game was called Greenville had finished four innings with two runs, and Ayden three innings with no runs. Greenville had made six hits and Ayden one. White had struck out three and Robertson two.

### Three Cheers For White.

Come everyone, give three cheers for White,  
He may be little, but he's alright.  
He throws those balls with force and speed.  
And always puts Greenville in the lead.  
Up comes Stafford, who's an expert, no doubt.

## INVITING VISITORS TO THE SOUTH

### All-South-Conference To Be Held In Memphis, October 9.

WASHINGTON, D. C., Aug. 16.—Managing Director Dawe, of the Southern Commercial Congress, will leave Washington early in September direct for El Paso, Texas. He will meet there Col. D. C. Collier, director general of the Panama-California exposition of San Diego. Mr. Dawe and Col. Collier will then travel rapidly over the states of the South in order to explain in large cities before all leading commercial organizations the purpose of the All-South-Conference to be held in Memphis, October 9th. The itinerary so far arranged includes El Paso, San Antonio, Houston, Little Rock, Shreveport, Monroe, Vicksburg, Meridian, Birmingham, Montgomery, New Orleans, Savannah, Charleston, Raleigh, Chattanooga and Nashville.

This All-South-Conference is called by the Southern Commercial Congress, the Southern Commercial Secretaries Association, the Business Men's Club, of Memphis; the Chamber of Commerce of Atlanta, the Chamber of Commerce of Houston, the Progressive Union of New Orleans, and the Panama-California exposition of San Diego. The purpose of the conference is to voice an invitation to all citizens of the United States to visit the South and witness its advancement for the transition in recent years has been so rapid that a large proportion of the public have no adequate knowledge of conditions. It is also the purpose of the conference to urge Pacific coast tourists to traverse the South and use the liberal stop-over privileges granted by the Southern railroads.

## CLERICS TO NOMINATE REYES.

### Another Important Turn Given To The Mexican Presidential Campaign

MEXICO CITY, Aug. 16.—Another important turn will be given to the Mexican presidential campaign by the convention called to meet today at Monterey, which it is expected will nominate General Bernardo Reyes to succeed Diaz. General Reyes, who is regarded by many persons as the strongest man in Mexico today and the one best fitted to solve the vital problems now facing the republic, has repeatedly stated since his return from his exile in Europe that he would not become a candidate for the presidency if by so doing he would embroil the country in civil discord. Lately, however, he has manifested a disposition to listen to the appeals of his friends and it is generally believed he will accept the nomination and contest for the presidency against Madero and Gomez. General Reyes will have the united support of the Clerical party.

## Friends Observe 225th Anniversary

MEDIA, Pa., Aug. 16.—In the village of Concordville, in the country made historic by the battle of the Brandywine, the Society of Friends held an all-day celebration today to mark the 225th anniversary of the Concord Friends' monthly meeting. Congressman Butler, President Swain of Swarthmore College, and other men of note delivered addresses.

And spits on the ball and throws it all about.

The Kinston boys' faces brighten up in a squinch,  
They think, to beat Greenville with their new pitcher, a cinch.

But when White gets in the box and shows them his style,  
Their countenance falls and stays down for a while.

Robertson comes next with his curve and his drops,  
And Ayden's catcher beat Kinston's, for he "held what he got."

Here White came to the box, and, Oh, what exciting fun  
In the fourth inning we were two to their none.

But the rain commenced falling, and my, how it fell  
Until where the diamond was no one could tell.

I don't know where they'll finish, but I'm not afraid,  
For when you say White, why that's a "nough ced".

White may be little, but of him we are proud,  
He's what one would call "little but loud."

## NEWS THAT IS OF INTEREST TO TAR HEELS

### GATHERED FROM EXCHANGES.

#### And Briefly Told For The Reflector's Busy Readers.

RALEIGH.—Mr. Job P. Wyatt, a prominent merchant of this city, who cut his throat Friday in a moment of melancholia due to ill health, died this morning at 9:40 o'clock.

ASHEVILLE.—According to W. C. Watts, of Elk Park, in the new county of Avery, the "town" of Newlands has been selected as the county seat of Avery and will soon be laid out for a town. The commissioners were given 65 acres for the site.

GIBSON.—Randolph Rachels, who was helping put up Z. V. Pates' ginery at this place, fell from a scaffold and was killed today about 10 o'clock. His head was crushed and neck broken. He was about 24 years old, and leaves a wife and one child.

RALEIGH.—News reached Raleigh today of the destruction of 150 acres of cotton, 15 miles north of here by caterpillars. These insects, when they appear, usually do their work in September and on rich land, but this year they came on the land mentioned in August and during a dry season. It is not yet known whether the blight of the caterpillar is general.

DURHAM.—George T. Luquire, a cotton mill operative of East Durham, died this morning about 3:30, after having taken an overdose of morphine. The cotton mill man suffered greatly last night with toothache and took the medicine to allow him to sleep. It is not thought that he meant to kill himself. The story came from him that he was suffering and it is not believed that he really knew what he was doing. He was forty-four years of age, and leaves a wife and four children.

One of the sharp bolts of lightning that were darting so promiscuously in this vicinity yesterday afternoon found lodging at the new home of Mr. W. O. Page, on the Wrightsville turnpike, near the demonstration farm. The lightning was of rather freakish nature. It first hit the chimney of the house, dislodging several bricks, and brightly illuminated the whole structure. The members of the family were sitting in the house and were only slightly shocked by the electrical disturbance. The bolt dashed from the house and played havoc with a cypress stump several hundred feet away. Very little damage was done.—Wilmington Dispatch.

## NEGRO BUSINESS MEN MEET

### Scores of Colored Men Who Have Made A Success.

LITTLE ROCK, Ark., Aug. 16.—Between seven and eight hundred delegates, among who are scores of colored men who have made a success in commercial enterprises and other who represent prosperous towns controlled entirely by negroes, are attending the twelfth annual meeting of the National Negro Business League which was opened in this city today. Booker T. Washington is the president of the league, the object of which is to inform the world of the progress the negro is making in business and to stimulate local business enterprises among the members of the race. The present meeting will continue its sessions until Saturday. The progress being made by the negroes of Oklahoma has induced the officers of the league to set aside tomorrow morning as Oklahoma Day, when the delegates from that state will tell of the growth and prosperity of the town of Boley, which is inhabited and controlled entirely by negroes. One of the evidences of the town's prosperity is found in the fact that it has just installed a \$35,000 light and power plant.

## With The Boxers.

Matt Wells and Phil Brock will meet in Philadelphia August 18.  
Jack (Twin) Sullivan and George Cotton have signed to box in Buffalo the latter part of this month.  
Kid McCoy, who says that he is a genuine "come back," will meet "Gunboat," Smith in San Francisco if some promoter will stage the bout.  
Jimmy Clabby will make another trip to Australia under the management of Hugh McIntosh. He will leave for that country next month.

## WILLIAMSTON POLICEMAN SHOT FROM AMBUSH

### DIES OF WOUND AN HOUR LATER

#### Negro Named Brad Bagley Charged With The Murder.

A telephone message from Williamston to The Reflector gives particulars of a murder which occurred in that town Tuesday night. While on his way home about 9 o'clock, Chief of Police W. R. White, was shot from ambush and died about an hour later.

People passing saw a negro, named Brad Bagley, run from the scene of the shooting, and he was arrested. A gun was also found that is thought to belong to Bradley. Another strong circumstance against the negro is that Policeman White arrested him about a week ago for selling whiskey, and this is thought to be the reason that Bagley waylaid and shot the officer.

Bagley was placed in jail immediately after his arrest. At first there was much excitement with considerable sentiment to lynch the assassin, but the better temper of the people prevailed and it was deemed best to let the law take its course.

The coroner's inquest and preliminary trial were held today, and Bagley was remanded to jail to await the action of the grand jury at the next term of Superior court.

## HOTEL MEN OF NORTHWEST

### Plans For The Elimination of Hotel Deadbeats and Hotel Crooks.

GRAND FORKS, N. D., Aug. 16.—Plans for the elimination of the hotel deadbeat and the hotel crook are up for discussion at the annual convention of the Northwestern Hotel Men's Association, which met in Grand Forks today for a session of two days. The convention is one of the best attended in the history of the association, many of the leading hotels of Minneapolis, St. Paul, Omaha, Sioux City, Duluth and other cities of the Northwest being represented. R. W. Johnston, of Waterloo, Iowa, is the president of the association and the presiding officer of the convention. The visiting bonifaces are being handsomely entertained by the hotel men of Grand Forks.

## SEC. WILSON 76 YEARS OLD.

### Appointed by President McKinley Through Four Administrations.

WASHINGTON, D. C., Aug. 16.—Secretary of Agriculture Wilson, who is away on his summer vacation—the most of which is spent in attending agricultural meetings and preaching scientific agriculture to the farmers—reached his seventy-sixth birthday anniversary today. Secretary Wilson was appointed to office by President McKinley in 1897 and has managed to weather the storms through four administrations and incidentally has attained the distinction of holding to his portfolio longer than any other cabinet officer in the history of the Federal government.

## STRONG SUBJECT FOR LECTURES

### First Onion Improvement Lecture Train Started Today.

LAFAYETTE, Ind., Aug. 16.—What is believed to be the first onion improvement lecture train ever operated in this county was started on tour today under the joint auspices of the Chicago, Indiana and Southern Railroad Company and the agricultural extension department of Purlus University. The tour will cover a section of the state which has been found especially adapted to the cultivation of onions. At numerous points lectures will be given on the selection of varieties, cultural methods, fertilization and kindred topics.

## Sing McDowell's "1620."

PETERBOROUGH, N. H., Aug. 16.—A notable three days' music festival in memory of Edward McDowell, the famous composer, who made Peterborough his home during the latter years of his life, opened here today under the auspices of the Edward McDowell Memorial Association. The opening feature of the program was McDowell's "1620," sung by a chorus of seventy voices, the singers in Puritan costumes. The soloists included Gilwyn Miles, George Harris, Adele Gruenger and Edith Castle.

## DEMOCRATS ACTIVE.

### Pennsylvania Democrats Assembled in Harrisburg Today.

HARRISBURG, Pa., Aug. 16.—The members of the Democratic State Central Committee assembled here today for a meeting, the purposes of which are to consider proposed changes in the party rules, to be recommended to the next state convention for its approval, and to carry out plans for the redistricting of the state, so as to abolish the nine districts now existing and to establish 32 divisions, one for each congressional district.

## MONTANA PIONEERS MEET

### The Annual Reunion of the Society of Montana Pioneers.

BUTTE, Mont., Aug. 16.—The trail blazers of the early days, including several millionaires who have not forgotten the state where they dug their fortunes from the mines, though they have since found homes in New York and other cities, rounded up here today for the annual re-union of the Society of Montana Pioneers. The meeting will continue until the end of the week and will be devoted entirely to features of entertainment.

## TOGO ENDS NEW YORK VISIT

### The Programme Was Concluded Today.

NEW YORK, Aug. 16.—The rapid-fire programme of social and official functions with which New York has entertained Admiral Togo, and which the Japanese naval expert admits has made the past few days one of the most strenuous periods of his life, was concluded today with a luncheon given by Maj. General Frederick D. Grant, at Governor's Island. Early this evening Admiral Togo and his party departed for Boston, where two days are to be spent before the trans-continental journey is begun.

## COUNTY OFFICERS

### In Convention With Nearly Eight Hundred Members Present.

MASON CITY, Ia., Aug. 16.—County auditors, treasurers and supervisors of Iowa to the number of nearly eight hundred, gathered here today for the annual meetings of their respective state associations. The sessions will last three days and will be divided between Mason City and Clear Lake. A wide range of subjects relating to the duties of the county officers will be discussed.

## Bennington Anniversary Observed.

MONTPELIER, Vt., Aug. 16.—The 134th anniversary of the battle of Bennington, in which the New Hampshire militia under General Stark defeated the British and which historians regard as the turning point in the Revolutionary war, was observed as a legal holiday throughout Vermont today as usual.

## ELKS MEET AT OLYMPIA

### The Annual State Convention of Elks Meet Today.

OLYMPIA, Wash., Aug. 16.—The annual state convention of Elks met here today with many members of the order in attendance from Seattle, Spokane, Tacoma, Port Townsend, Bellingham, Hoquiam, and other cities. The gathering will last three days and many novel features of entertainment will intersperse the business sessions.

## Fruit Men Discuss Problems.

OSHKOSH, Wis., Aug. 16.—Wisconsin fruit growers met here today and opened the annual summer meeting of the State Historical Society, which will last over tomorrow. The programme includes addresses, discussions of horticultural topics and laboratory work by well known experts, including several from the University of Wisconsin.

## Want To Adopt Commission Plan.

VICTORIA, B. C., Aug. 16.—Official representatives of the chief cities of British Columbia met today to consider the proposed revision of the municipal clauses act so as to admit of a commission form of government, which Vancouver and one or two other of the large cities of the province are seeking to adopt.

## BEST TO ISSUE BONDS FOR GOOD ROADS

### STRONG ARGUMENT IN ITS FAVOR

#### The Same Road Tax Now Paid Will Provide For The Bonds.

Editor Reflector:  
The voters of Greenville township are about to pass upon the question of issuing bonds for the building of sand-clay roads. There has been some tendency to discuss the question with feeling and to enter into personalities. It strikes me that it is entirely a business proposition, and we, as voters, should so consider it.

The question seems to be this: Shall we continue to pay a road tax of 15 cents and have improved roads or shall we pay the same tax and by borrowing \$50,000 with a bond issue have a modern road system?

The bill makes twenty cents the largest tax that can be levied and provides that there shall be laid aside each year out of this tax a sum sufficient to pay the bonds when they become due.

Experts and practical business men say that the fifteen cents tax now levied and collected, if properly applied, will pay the interest on the bonds, provide a sinking fund and pay the expense of maintaining the roads.

Let every voter figure on the proposition for himself.  
We now pay a road tax of fifteen cents, a sand and mud tax of many dollars; and we can borrow the money and use it to pay back the amount borrowed with everything to gain for the community.

The sand-clay road is a permanent improvement, is cheaper, and for all purposes is regarded as equal to the macadam road.

## GREENVILLE'S HEALTH RATE.

Not long ago The Reflector spoke of the remarkable scarcity of sickness in Greenville. Since then we have seen a bulletin issued by the North Carolina Board of Health, giving the mortality report for 1910 of a number of towns in various sections of the state. This report gives the death rate of Greenville as 4.8 per 1,000 population, which is lower than any other town in this section, and is surpassed by only a few other places in the state. The towns credited with a lower death rate than Greenville are Wadesboro, 1.2; Wilmington, 1.9; Lenoir, 3.0 and Oxford, 3.0. The rate of several other towns compared with Greenville are Edenton 10.6; Elizabeth City, 16.8; Kinston, 14.6; New Bern, 13.6; Plymouth, 9.6; Raleigh, 19.2; Rocky Mount, 14.6; Scotland Neck, 13.3; Tarboro, 13.3; Washington, 8.4; Wilson, 9.8. This bears out the oft repeated claim of The Reflector that Greenville is the healthiest and best town in Eastern Carolina.

The state of Missouri seems to be drawing on North Carolina for Baptist preachers. Rev. W. M. Vines, pastor of the First Baptist church in Asheville, is soon to go to St. Joseph to take a pastorate in that city, and Rev. Fred D. Hale, former pastor of the First Baptist church in Wilmington, has accepted a call to a church in Joplin.

The State Farmers Convention will be held in the A. and M. College, Raleigh, on the 29th, 30th, and 31st of this month. An interesting program has been arranged and it will be an occasion of much benefit to farmers. Those who stop at the college will be furnished rooms free, and meals will be served at 25 cents.

Faith in Charlotte is shown in the fact that \$300,000 of water works bonds of that city sold at a premium of \$1,995, and \$100,000 of school bonds at a premium of \$300. The bonds bear interest of only 4 1-2 per cent. And a Charlotte banking firm was the purchaser, which is still more to the credit of the city.

Mr. Bryan might save time and worry by coming right out and saying who he wants to have the Democratic presidential nomination, instead of going through the form of setting up so many questions to the would-be candidates.

The Durham Herald is right in thinking it would be a greater benefit to the country if the government would spend the money for roadways that is now spent in waterways.

Togo and Hobson have not come face to face.

## A Peek Into His Pocket.

Would show the box of Bucklen's Arnica Salve that E. S. Loper, a carpenter, of Marilla, N. Y., always carries. "I have never had a cut, wound or bruise, or sore it would not heal," he writes. Greatest healer of burns, boils, scalds, chapped hands and lips, fever-sores, skin-eruptions, eczema, corns and piles. 25 cents at all druggists.

The sun does not stand still, neither does Greenville. But the latter would move faster if there were manufacturing enterprises to help the moving.

That Boston girl who swam the twenty-one miles from New York to Coney Island, may expect her mail to bring many proposals of marriage.

Lynchings are bad affairs in any section, but it is no worse for them to occur in the South than in the North and West.

If Arizona and New Mexico get a chance at President Taft you can imagine what they will do for him.

Just wait; you will be complaining enough about the cold by and by.

## We Must Make Our Hay.

Talking about making cotton, tobacco, peanuts, and your other cash crops, there is no reason why we should not add corn and hay to our general money products. We have started out well as a corn growing country and we must not stop until North Carolina produces all its own corn and some to spare for other consumers.

So far as hay is concerned, we ought to be ashamed to buy a bale raised in another state, yet a few days ago the Star's Oxford correspondent mentioned that Granville county is this season getting hay from Mexico paying as high as \$150 a carload for freight charges alone. The Granville people appear to be waking up to the absurdity of such a thing, for our Oxford correspondent mentioned later that a whole carload of clover seed was received there by a mercantile firm during the past week. This shows that the Granville farmers are going to plant clover, but they should not forget the other forage crops that go along with it. They will find that diversified hay raising will pay as well as diversified crops generally. When one kind of hay crop fails some other might flourish, and so it would be a good idea for the farmers to write the State and National Agricultural Departments and acquire all the knowledge they can about the forage plants which will flourish in this region.

We have just got to raise our own hay and we may as well get at it. We can produce all we want around Wilmington and if one feels like disputing it he should go to Mr. Geo. W. Trask's place and see a fine crop of peas and crab grass following his regular truck crops. Let our farmers get down to business and become entirely independent as producers of all the great variety of crops that can be abundantly and profitably raised in North Carolina.—Wilmington Star.

Department of Agriculture. Before 1889 the department of agriculture was simply a bureau. Before the Fiftieth congress adjourned it passed a bill making the bureau a department and the commissioner of agriculture a secretary and a member of the cabinet.

## DIRE DISTRESS.

It Is Near at Hand to Hundreds of Greenville Readers.

Don't neglect an aching back. Backache is the kidney's cry for help.

Neglect hurrying to their aid Means that urinary troubles follow quickly.

Dire distress—Bright's disease.

Mrs. Joseph Fornes, 1116 S. Washington street, Greenville, N. C., says: "I have taken Doan's Kidney Pills with the most satisfactory results and I know that they are a good kidney medicine. About a year ago I was very much troubled by symptoms of kidney complaint. I suffered from dull, nagging backaches and I also had headaches and pains through my kidneys. Dizzy spells annoyed me and I noticed that the kidney secretions were unnatural. Doan's Kidney Pills, procured from the John L. Wooten Drug Co., brought me prompt relief and a short time ago when I again used them, they acted as effectively as before. I know that this preparation lives up to the claims made for it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## A Costly Mistake.

In the opinion of The Post the state makes a costly mistake in changing its school text-books every five years, or rather in having a commission pass upon these books every five years, which amounts largely to the same, since 60 per cent of the books were changed by the commission which concluded its work Saturday. The change, it is estimated, will cost the parents of the state \$60,000 a year, a paltry sum it may be said when divided up among all, but it is at the same time throwing away money, and the state is wrong in placing this expense on the public. Besides this, there is the commission to pay at \$5 per day, which amounts to something. Then, too, if the change of books was of any great advantage to the school there might be some excuse for it. Not since the old "blue back" speller and Davies arithmetics have been discarded have there been any spellers or arithmetics used in the schools that excelled them, and the folly of changing is too apparent for discussion. The Post stands squarely against these changes of school books until it sees better reason than giving patronage to some favorite book concern, or to some author who knows as much about the real value of his book in the school room as Jack rabbit does about a kangaroo's nest.—Salisbury Post.

## Overdoing It.

Borus (who has just submitted manuscript)—You don't like it because it's somewhat facetious. You forget that "a little nonsense now and then is relished by the best of men."

## Perseverance.

S'pose the fish don't bite at fast;  
What be you goin' to do?  
Chuck down your pole, throw out your  
bait,  
An' say your fishin's through?  
Uv course you hain't; you're goin' to  
fish,  
An' fish, an' fish, an' wait  
Until you've ketch'd your basket full,  
An' used up all your bait.

S'pose success don't come at fast;  
What be you goin' to do?  
Throw up the sponge and kick your-  
self,  
An' go to feelin' blue?  
Uv course you hain't; you've got to  
fish,  
An' bait, an' bait ag'in,  
Bimeby success will bite your hook,  
An' you will pull him in.

### "THIS IS MY BIRTHDAY."

Thomas O. Davis.

Hon. Thomas Osborne Davis, a  
member of the Senate of Canada, was  
born in Sherrington, Quebec, August  
16, 1856, and received his education  
from private tutors. In early life he  
emigrated to the West and took up  
his residence at Prince Albert, Sas-  
katchewan. In his new home he  
soon became active in public affairs  
and was elected successfully to the  
offices of councillor, mayor and pres-  
ident of the school board. His en-  
trance into Federal politics came in  
1896, in which year he was elected  
to the House of Commons for Sas-  
katchewan, in place of Sir Wilfred  
Laurier, who vacated the seat to ac-  
cept Quebec East. Mr. Davis was re-  
elected to the House of Commons in  
1900, and the following year he was  
elected Whip for the West. His ap-  
pointment to the Senate dates from  
September 30, 1904.

### AN ALLIGATOR'S NEST.

Messrs. John Bennett and "Tuck"  
Savage Made Interesting Find.

Disavowing at the outset any de-  
signs upon Col. Wade Harriss' Men-  
dacity Medal, the Star chronicles here  
the particulars of a most interesting  
find made yesterday at Carolina Beach  
by Mr. John N. Bennett and Constable  
W. B. Savage, of this city. When en-  
joying an outing in what is known as  
the "Big Pond," in the sound, above  
Mr. H. A. Kure's place, they came up-  
on an alligator's nest from which they  
took 42 alligator eggs in the process  
of hatching. Mr. Bennett brought  
some of the eggs to the city and last  
night in the Star office in the presence  
of a number of gentlemen, cracked  
one of the shells and disengaged from  
the thin, filmy formation just inside  
the shell, a young alligator, fully eight  
inches in length and exhibiting every  
sign of life. The alligator lays her  
eggs in the marshes and covers them  
with a formation of mud, mud and  
sticks when the sun is allowed to  
hatch the youngsters out, according  
to the alligatorists in this neck-o'-the-  
woods, and the nest unearthed yester-  
day contained eggs almost ready for  
the hatching. To the uninitiated, the  
breaking of the shell and the produc-  
tion of the young alligator last night  
was a most interesting spectacle.—  
Wilmington Star.

the best flour at the lowest prices,  
see Harrington, Barber & Company.

Mr. H. J. Langston left Saturday  
for Washington, where he conducted  
services Sunday.

The Union Mercantile Company has  
just received a nice line of ready-  
made clothing. Something that will  
please the young men as well as the  
old ones. They also want you to  
inspect their made-to-order garments,  
which are sure to please.

Misses Kate and Clyde Chapman  
left Saturday to spend a few days  
with friends at Coxville.

There will be services at St. Luke's  
Episcopal church next Sunday at 4  
p. m., by Rev. W. J. Fulford, of Ayden,  
who has charge of the work here,  
Ayden and St. John's. A cordial in-  
vitation is extended to all.

See Harrington, Barber & Company  
for your low-priced hats for men and  
boys.

Misses Mamie Chapman and Rosa  
Causey spent Sunday and Monday

with friends in Ayden.

We are just opening up the most  
attractive line of ties, string or four-

## An Honest Debt.

An honest debt is never outlawed  
according to God's bookkeeping, the  
obligation of restitution is a perman-  
ent obligation, says the Transcript,  
and while a temporary inability to  
pay excuses one for the time the duty  
of reimbursing the unpaid creditor  
remains a conscientious burden until  
fully discharged. The parable of the  
unjust servant might furnish a profit-  
able subject for meditation for those  
inclined to be forgetful in this mat-  
ter; like him they are very apt to be  
exacting toward those who owe them  
anything, refusing to their fellows  
what they ask for themselves; see  
what happens to him. "His Lord be-  
came angry, delivered him to the tor-  
turers until he paid all the debt."—

## Escaped With His Life.

"Twenty-one years ago I faced an  
awful death," writes H. B. Martin,  
Port Harrelson, S. C. "Doctors said I  
had consumption and the dreadful  
cough I had looked like it, sure  
enough. I tried everything I could  
hear of for my cough, and was un-  
der the treatment of the best doctor  
in Georgetown, S. C., for a year, but  
could get no relief. A friend advised  
me to try Dr. King's New Discovery.  
I did so, and was completely cured.  
I feel that I owe my life to this great  
throat and lung cure." Its positively  
guaranteed for coughs, colds, and all  
bronchial affections. 50c and \$1.00  
Trial bottle free at all druggists.

**Central Mercantile Sale.**  
The big sale of the Central Mercantile stock began this morning, and the inside of the store presented a busy scene. Such prices as prevail there can be had but seldom, and people are anxious to take advantage of them.

**Political Opinion.**  
A man's pocketbook is his politics, but few will acknowledge it.

Forty years ago an observant citizen of this country made this assertion. He said he made up his mind on it when as a boy he went to his first election. He explained that he did not mean all men could be bought outright for cash, but that one's interest actuated him. It seemed a rather broad assertion at the time but it is about true.

In 1874 there was published in Greensboro the North State, a Republican paper. Numerous Federal officers lived in the city and all were making big money. On South Elm street was opened the first up-to-date store for women. The owner was a true blue Democrat. The Republicans patronized the big store, spending a lot of money with it. One day the owner of the North State sent his advertising man to see the proprietor of the store and he was told that inasmuch as all the Republicans in town were patronizing the store, he ought to advertise. The proprietor, a mighty clever man, replied that he was aware of this, but he could not get the consent of his mind to put a single cent in a Republican paper.

In a week after this the ad. man was invited to call at the store, with the result that a contract for a column for one year was made.

What caused the change of heart on the part of the proprietor? The owner of the Republican sheet wrote him a note, telling him if he could not show some appreciation of the trade received from the Republicans they would cease their patronage, even if they had to send to New York to buy goods.

Was this not a verification of what the old man said?

But this is not all; this same store owner a few years afterwards voted for a Republican President and kept it up as long as he lived. His business, so he vowed, was affected by the tariff! And the very same state of affairs exist today.

Truly a man's interest governs his politics.—Greensboro Record.

**Invention Against Fire.**

A man from South Carolina has patented a shingle made of metal, which resembles the wooden ones in size and shape. But the metal shingles interlock by reason of a series of ribs and channels. They are more durable than the old kind, and being absolutely fireproof, are especially adapted for use on garages and similar buildings, where the fire risk is great. It is claimed that, when once properly installed, they will last as long as the walls of any structure.—Louisville Courier-Journal.

**LAND SALE.**

By virtue of a decree made by his honor G. S. Ferguson, judge presiding at the May term, 1911, of Pitt Superior court, in the civil action entitled Tripp, Hart & Co., et als, against Miss Martha Smith, W. B. Smith et als, the undersigned commissioner will sell at public auction, before the court house door, in Greenville, on Monday, the 18th day of September, 1911, the following described tract of land, situate in the county of Pitt and in Contentnea township, near the town of Ayden and being the place whereon W. B. Smith formally resided:

Beginning at the Ayden road, Frank Tripp's corner and runs with Frank Tripp's line in a southern direction to the middle branch; thence up said branch to Offie Dall's line; thence with Offie Dall's line a northern direction to the Alfred Forbes line; thence a straight course with said Forbes land and the avenue to Mary Ann Cannon's corner; thence around with her line to the Ayden road; thence with the said Ayden road to the beginning, containing twenty five acres, more or less.

Terms to be announced at sale. This August 15th, 1911.

J. B. JAMES, Commissioner.

**Personal Notices.**  
Editor Way, of the Henderson Gold Leaf, has announced the inauguration, in his shop, of a novel scheme of reform in the matter of printing personal notices. He thus refers to it editorially:  
The Gold Leaf has come to the conclusion that it can find a better use for its news columns than to fill them up from week to week and month to month with the doings and movements of people who have not enough pride in their own community to help support a good local paper. There are people in this community who will twist around in various ways to get their names or some little thing they have done in the paper and then go over and borrow their neighbor's paper to see what it said about them. Those who support their home paper loyally should always have the right of way in its columns, and so far as the Gold Leaf is concerned this will hereafter be its policy.

Now, then, there is a bit of shop talk that might be made the topic of much discussion. The result will be interesting. In the first place, how is Editor Way going to determine the merits of each case? If a notice is sent in that Miss Sallie Smith has gone to Grassville to visit her old school chum, Miss Annie Jones, how is the editor to determine whether Dick, Tom or Harry Smith is the father of Miss Sallie, or whether she is the daughter of a widow, and has a brother who takes the paper in another town. And is Buck, Jim or Alex. Jones the father of Miss Annie? And if a young fellow gets married without first attending to the duty of subscribing to the paper must the auspicious event go unrecorded? And if a citizen of the town dies before subscribing to the paper, must the flowers on his grave wither without their beauty being heralded to the absent friends and relatives—just because a stingy cousin once borrowed a copy of the paper?

Candidly, Brother Way, we don't believe you can work the thing. If you do, we hope you will join the press association before the next meeting and be on hand to tell the boys how you did it.—Greensboro News.

**THE GAIETY THEATRE.**

Last Night Far Surpassed Others As Feature Photography.

The class of pictures the above mentioned theatre are exhibiting are increasing in excellence as much so as their attendance. For last night far surpassed all others as feature photography and first class pictures, one of the most highly praised was that of "The Still Alarm," which received applause from start to finish and was pronounced to be one of the best that has ever been exhibited in Greenville.

The Greenville people now have one of the best advantages to witness an educational subject that they have ever had, and they are becoming more popular every day. They are a class of pictures that are different from what we have been heretofore seeing and are worthy of any one's time in witnessing their high class performance.

We especially call your attention to their programme for tonight that appears daily on third page, and judging from the criticism that they have received elsewhere, it will be another feature night with them.

Greenville now has a good picture show and something that is more educational as a whole than an entertainment, and is worthy of a liberal patronage in order to live up to their past.

**Has One Spotted Bob?**

We are not going to tell you it is; but the department of bachelors of the North Carolina Press association is going to suffer depletion. The signs are unmistakable.—Greensboro News.

**Kill More Than Wild Beasts.**

The number of people killed yearly by wild beasts don't approach the vast number killed by disease germs. No life is safe from their attacks. They're in air, water, dust, even food. But grand protection is afforded by Electric Bitters, which destroy and expel these deadly disease germs from the system. That's why chills, fever and ague, all malarial and many blood diseases yield promptly to this wonderful blood purifier. Try them, and enjoy the glorious health and new strength they'll give you. Money back, if not satisfied. Only 50c at all druggists.

**Notice.**

We wish to announce that our land is posted and to warn people not to hunt on it. We have stock in the grounds and have had several cattle shot, supposed to have been shot by stray bullets fired by people shooting at marks. Unless this shooting on our property is stopped, we shall have to indict all persons we can catch on it carrying or using fire arms.
