INSURGENTS ARE AFTER TAFT'S SCALP

La Follette Will Give HIM a Race for Nomination

GOOD DEMOCRATIC PROSPECTS

President Taft's Record Is The Weight That Will Drown Him—Mall Clerks Are Making Protest Against Dangerous Positions.

(By Clyde H. Tavenner).

WASHINGTON, D. C., Sept. 2.—Has Taft committed suicide? Has he, in renewing his warfare on the insurgents, committed a fatal political blunder, both for himself and the Republican party generally? These queries have aroused discussions that are raging like a blizzard of words in political circles all over the United States.

Still another question that is being asked and re-asked, especially by Republicans, is: If the president does succeed in driving the progressives out of the Republican party, where will he drive them to? And the conclusion most generally reached is that it is written on the cards that the next president is to be a Democrat. It is practically agreed that if a stand-patter is nominated, the progressives will smash him; and if a progressive is nominated, the stand-patters will smash him.

La Follette After Taft's Scalp.

Senator Robert M. LaFollette will give President Taft a hard race for the 1912 nomination. It is declared that the Wisconsin senator believes absolutely that he will win.

The progressive Republican or LaFollette headquarters in Washington is a bee-hive of industry. From this headquarters the progressives are being organized in every nook and corner in the country. It is possible to present today the substance of the claims which the insurgents make. They declare they expect to control, well in advance of the Republican national convention, the delegates from Wisconsin, Minnesota, North Dakota, Oklahoma, California, Washington, Kansas, Nebraska, South Dakota, Montana, Oregon, Iowa (in part).

The Southern states will be pressed to take up the anti-Taft fight, on the ground that Taft's nomination will be equivalent to defeat, and that if the party hopes for continuance of the loaves and fishes of patronage of Southern states, it must give its support to the nomination of a man with a chance to win.

Taft's Record "Indefensible."

Nearly three-fourths of Mr. Taft's term of office has passed into history. He has had sufficient time to have made progress on lines along which he promised to proceed when he was a candidate for the high office he holds. He made his campaign on a tariff revision downward issue, and today the country is in the grip of a higher tariff tax than ever before in its history, in spite of the fact that the president has had two separate and distinct opportunities to keep his word. In his three years of office President Taft can be credited with having kept Ballinger in office until the country was nauseated; to have almost succeeded in his attempt to give Alaska away to Guggenheims, and with having quietly co-operated with the food dopers in their campaign to drive Dr. Harvey W. Wiley out of public life. To this "indefensible" record should be added the president's action in framing rejected peace treaties with two nations with whom we are not in the slightest danger of ever going to war.

Mall Clerks Persecuted.

How are the railway mail clerks to make effective their protest against having to work in wooden cars when they are forbidden by departmental gag rules to criticize their condition, or disclose it to the public, or even petition congress for relief? This is a query that promises to perplex the railway mail clerks as long as Postmaster General Hitchcock remains at the head of the service. There are 1,000 wooden mail cars in

BIG WAGES RUIN BOYS.

Reasonable Wages Best For Both Men and Boys.

CHICAGO, Aug. 31.—Civil service messenger boys at \$10 a week are a failure. R. A. Widowson, secretary to the civil service commission, says so, and adds that he would like to find an exception to his rule. While he is seeking for one to prove that he is wrong, the work of his office is piling up and he is forced to have \$20-a-week clerks to do the bulk of his messenger work.

Good messenger boys at \$10 a week are impossible," he says. "You can take a youngster working for a corporation at \$3 a week, work him like a dog, kick him around, abuse him in every way, and he sticks closer to a brother.

"But one of these young princes, that condescend to take the civil service examination! Well, I should say not."

The trouble, according to Mr. Widowson, is that the boys cannot stand prosperity. Used to receiving small wages and smoking cigarettes with the rest of the gang, they soon take to smoking cigars and playing poker when their envelope contains \$10 instead of \$5. Advertisements have been inserted in the newspapers calling for boys whose heads will not be turned by money.

TRADE REPORT.

The Trade Conditions Generally Show Improvement.

RICHMOND, Va., Sept. 1.—Bradstreet's tomorrow will say for Richmond and vicinity: Trade conditions are irregular with a general tendency towards improvement. Copious rains have fallen throughout the district this week, but most crops have been so badly damaged by the long continued drought that the rain will not benefit them, however, late plantings of tobacco, corn and peanuts will be benefited and pasture lands improved. From North Carolina come reports that the cotton crop is in excellent condition and more than an average yield is assured. Wholesalers of shoes and manufacturers of trunks report excellent sales in the far South and in the Western states. Dry goods are fairly active, manufacturers of cotton goods generally have curtailed their output but look forward to better conditions in the near future. Some tobacco is being offered in the bright districts and good prices are being realized. The apple crop in Virginia is better than at first reported and in some sections will equal that of last year. Retail trade is quiet and the season as a whole has been rather disappointing. Collections are only fair.

German Veterans At Omaha.

OMAHA, Neb., Sept. 1.—Hundreds of German veterans, members of the National German Veterans' association, have arrived in Omaha for their annual convention, which will hold forth here during the next few days. In conjunction with the convention of the national association will be held the annual meeting of the Western Veterans' association, embracing the states of Kansas, Iowa, Nebraska, and South Dakota. The two organizations will join in a big parade next Monday.

Don't Want The Negro.

MUSKOGEE, Okla., Sept. 1.—Farmers in Muskogee county, the most populous Negro county in the state, have organized a "white farmers congress and immigration bureau," for the purpose of discouraging the negro who seeks to locate in that part of Oklahoma and to encourage the white farmer.

Members of the organization are required to take an oath that they will not sell or lease a piece of land adjoining that of a white farmer to a negro.

use. They are run between heavy all-steel cars or between a steel car in the rear and the engine and tender in front. In the event of a collision or derailment the wooden mail car is invariably crushed like an egg shell. Yet Mr. Hitchcock, who is outdoing the "Father of all the Russians" in his imposition of a despotism and a reign of terror among the thousands of government employees over whom his word is law, says the railroad mail boys must make no protest. If they do not like their conditions, they know what to do! That is his ultimatum.

DR. BASNIGHT LOCATES HERE.

Has Office In The New Edwards Building.

Dr. Thomas G. Basnight has located in Greenville and occupies a suite of offices in the Edwards building on Evans street, just north of the court house.

Dr. Basnight is not unknown to a great many people of Pitt county, as he practiced medicine at Stokes several years, at which place he was held in high esteem and enjoyed a large practice. He comes to Greenville for a larger field and Greenville is fortunate in being selected by him, as he had flattering inducements from a number of places wanting him. He is a native of Washington county and was educated at the University of North Carolina, where he then took a two years' course in medicine, then going to the University of Maryland, where he finished the four years' course, graduating in 1904. On one of his vacations while at the latter university he spent the summer in the Mercy hospital, Pittsburg, Pa., doing general work. In 1905 he located at Stokes, where he remained until some months ago, when he went to the University of Maryland to take a post graduate course.

PAROLE SOON FOR J. P. WALSH.

The Former Chicago Banker to be The First Considered.

LEVANWORTH, Kan., Sept. 1.—When the parole board meets at the Federal penitentiary here this month the first case to be considered will be that of John P. Walsh, the former Chicago banker. Mr. Walsh entered the penitentiary January 19, 1910, convicted of having violated the banking laws. Recently President Taft refused to grant him a pardon, but it is believed he will be paroled when the board meets. At the direction of Attorney General Wickham the outstanding indictments against Mr. Walsh have been quashed, thus removing the last obstacle in the way of paroling the prisoner. Mr. Walsh this week entered upon his seventy-fifth year and is one of the oldest inmates of the Federal prison.

EXCHANGE CLOSES FOR HOLIDAY

Stock and Cotton Exchanges Closed For Labor Day.

NEW YORK, Sept. 1.—At the end of business today the New York stock exchange and cotton exchange and other leading exchanges of the metropolis closed for the Labor Day holiday and will not resume business until Tuesday. The only exchange to remain open tomorrow is the coffee exchange, which decided against a Saturday holiday because of the interest in the September contract, deliveries on which it is presumed might be interfered with.

Girls Young Men Should Not Marry.

SHARON, Pa., Aug. 31.—"Do not marry the young lady who allows herself to float around the neighborhood in a top buggy or automobile until 2 o'clock in the morning with a counterfeit sport with a weak jaw and weaker morals," was the advice given young men by Rev. E. N. Asky, of the Oakland avenue M. E. church, in a sermon Sunday night on "Whom Shall a Young Man Marry?"

"Do not marry the young lady who insists on changing partners six nights a week in the front parlor with the lights turned down low." "Don't marry the young lady who has been pawed over by every yap in the community."

Farmers' Convention Closes.

RALEIGH.—The North Carolina Farmers' Convention closed its annual session at A. & M. College here today fifth of the election of Mr. W. J. Shuford, of Hickory, as president, and the re-election of Prof. I. O. Schaub, of the A. M. College, as secretary. The session has been especially successful in the value of papers and addresses on practical problems of farming. The attendance was disappointingly small, less than three hundred.

Ware's 150th Anniversary.

WARE, Mass., Sept. 2.—Decorated as never before in her history the town of Ware today began a celebration of its one hundred and fiftieth anniversary. An attractive program of festivities extending over three days has been prepared.

NEWS FORECAST FOR COMING WEEK

OPENING OF OHIO RIVER DAM.

Cities and Towns of Ohio Hold Their Primary Elections Tuesday.

WASHINGTON, D. C., Sept. 2.—President Taft, in the intervals between his games of golf and other outdoor amusements at Beverly, is expected to put in more or less time blocking out his speeches on the tariff, currency reform, reciprocity and other subjects on which he will speak on his coming western trip.

The political campaign in Canada will be carried on vigorously during the week. Sir Wilfrid Laurier will continue his speech-making tour in support of reciprocity in Ontario, with meetings in Windsor, Stratford, Sandbury and other places. Mr. Borden, the opposition leader, will carry his campaign into the Maritime provinces.

The week will see the formal opening of the big government day in the Ohio river at Fernbank, near Cincinnati, the largest movable wicket dam in the world and the only one made entirely of concrete and steel. The completion of the dam marks one of the most important steps in the plan to make the entire Ohio river navigable the year round.

The cities and towns of Ohio will hold their first primary elections next Tuesday under the new Kimball corrupt practices act. The new law provides for the widest publicity in the matter of campaign expenses. The penalty for the violation of any of its provisions is forfeiture of office, in addition to fine or imprisonment.

The New York legislature will reconvene Wednesday to take up the matter of the proposed new charter for the city of New York.

Thursday is the day set for the Democratic primaries in Virginia, the result of which is expected to determine the two United States senatorships. Senators Martin and Swanson are candidates for re-election and are opposed by Representatives Glass and Jones.

Governor Harmon is to be the speaker at a Democratic barbecue to be held in Boston Saturday. The event will be of interest to political circles as the speech will be the first that the Ohio governor has delivered in the east since his name became prominently mentioned in connection with the presidential nomination.

The important gatherings of the week will include the conventions of the National Farmers Union, at Shawnee, Okla.; the United Typothete of America, at Denver; the National Association of Letter Carriers, at Rochester; the National Association of Postoffice Clerks, at Jacksonville, Fla.; the International Photo-Engravers' Union, at Detroit; the Ohio River Improvement Association, at Cincinnati; the American Institute of Banking, at Rochester, and the International Tax Conference, at Richmond, Va.

Jilted After 200 Miles Tramp.

KANSAS CITY.—Love sustained Mrs. Martha Williams, 58 years old while she walked from Springfield, Mo., to this city, 200 miles, with Walter Stewart, to whom she expected to be married upon their arrival here.

It turned to hate when Stewart refused to make her his wife. In the municipal court yesterday she appeared as prosecuting witness against Stewart, whom she had arrested. She said he had violated his promise to marry her and that he refused to aid her until she could communicate with relatives. Stewart, who is 45 years of age, was fined \$100.

Discovered Again.

LEXINGTON, Ky., Sept. 1.—The Buffalo gnat has been fixed upon by Henry Garman, a government bacteriologist and entomologist, as the cause of pellagra.

Just how the gnat communicates the disease is not known but scientists believe they are on the right track and eventually will find a cure for the disease. The Buffalo gnat exists in great numbers all through the South.

To Visit Newport News.

HALIFAX, N. S., Sept. 2.—Following a two weeks' stay at Halifax, the German cruiser Victoria Louise, sailed today for Newport News. She has about 50 cadets of the German navy on board.

GOOD ADVICE TO FARMERS.

Plant Some Tobacco Land In Crimson Clover.

During the past several years I have urged the tobacco farmers to plant some of their land in crimson clover as a means of making a good quality of early hay, at the same time improving their land and furnishing abundant grazing for milch cows and hogs during the early spring. Any farmer can take a small piece of tobacco land after the tobacco has been taken off, cut down the stalk, break the land thoroughly and harrow it until it is in fine condition and secure a few bushels of dirt to the acre from a field where crimson clover has been grown, spread this broadcast upon the land, and sow from twelve to fifteen pounds of clover seed to the acre, and have a fine winter and spring pasture, besides a ton and half of good hay if cut. The crimson clover will ripen and should be taken from the land in time to plant a corn crop the same year. I have had a piece of land that I have improved with crimson clover that would not make over ten bushels of corn to the acre ten years ago. I can now get from forty to sixty bushels.

The trouble is in getting the soil inoculated in the beginning. I have grown successfully crimson clover and will be glad to supply any farmer sufficient soil to inoculate his land.

MECHANICAL WOMAN A WONDER.

Walks, Talks and Does Other Things, But Will She Cook and Mind Baby?

Boston.—John W. Belcher, of Center street, Newton, has just finished a mechanical figure of a woman which walks, talks, writes and smiles. The life size figure stands 5 feet 8 inches, weighs 185 pounds, is dressed in a red silk gown of the latest design, can move lips, eyes, mouth, arms, legs and fingers.

Nearly seven years ago Mr. Belcher, who had previously spent about 10 years in search of perpetual motion, began the construction of the figure. To make the figure talk, sing and answer questions the inventor uses a phonograph.

New Centre of Population.

WASHINGTON.—The centre of population of the United States was announced by Director of the Census Durand to be in the western part of the city of Bloomington, Monroe county, Ind. This is eight miles further west than the location announced July 17, when Director Durand placed it four and one-quarter miles south of Unionville in the same county.

The exact center of the longitude of population is 86 degrees, 32 minutes and thirty seconds west, difference of nine seconds, or eight miles from the previous announcement. Bloomington is in Southern Indiana. Ten years ago the center of population was six miles southeast of Columbus Ind., 39 miles east of its new location.

The change in the location of the center of population since July 17 is due to the discovery of an error made in the census office.

Prisoner Gave Wife Food.

LAWRENCEBURG, Ind.—Louis A. Weiss, 28 years old, prisoner in the county jail, on a charge of petit larceny, was caught passing a bundle containing food to his wife. Weiss has been in jail several weeks, and his wife has been a daily visitor. The jailer noticed they seemed very much devoted to each other, and began to take notice of the visits, and caught Weiss passing her the bundle.

He took it from her and on examination found that it contained bread and meat, the food allowed Weiss by the county. When Weiss was asked about it, he acknowledged with some reluctance that he had been giving his allowance of solid foods to his wife every day, just to keep her from starving until he could get out.

Honor Memory of John Howard.

LINCOLN, Neb., Sept. 2.—In accordance with an act passed by the last Nebraska legislature, all the penal and reformatory institutions of the state kept a holiday today in celebration of the birthday anniversary of John Howard, the famous philanthropist and author of prison reform. The observance is to be an annual event.

DURHAM.—Judge J. Crawford Biggs this afternoon tendered his resignation as judge of the ninth Superior court district of North Carolina, to take effect September 18, at which time he concludes the Watauga court at Boone.

WILMINGTON.—Following rains, said to have been the heaviest on record, Atlantic Coast Line passenger train No. 67, Fayetteville, N. C., to Bennettsville, S. C., plunged into a trestle two miles south of Red Springs, N. C., today. The engine passed over safely, but the tender, mail, baggage and passenger coaches went through. All miraculously escaped except Conductor Alex Campbell and Express Messenger Jesse Talbot, both of Fayetteville, who were only slightly hurt.

RALEIGH.—A suit of great importance, if the report is correct, is to be begun in Raleigh to set aside the will of the late Mrs. Florence P. Tucker, in which over a million dollars is involved, rumor having it that three of her daughters are to contest it on the ground that its terms are not in accordance with the property bequeathed by their father, the late Maj. R. S. Tucker.

Some miserable miscreants, with nothing better to do, and with a devilish disposition to do something down right mean, went out to the graded school building Wednesday and amused themselves with knocking out the beautiful and costly colored glass windows. They broke a dozen or more.—E. City Advocate.

Last year Wilmington's August cotton receipts were one bale. This year the August receipts were 477 bales.

The Greenville Reflector wants the Gold Leaf to tell it what a "whiffn-puff" is. We are not sure that our information is absolutely accurate, but a Henderson man says it is "a big ado about nothing." It is a part of the business of newspaper people to "run down" such things and "sift" them. Now and then you find a person who has done something that in the judgment of the doer ought to be worth at least a column in the paper, while the newspaper man can see only two to five lines in it. PELLAGA A STOMACH POISON.

Prominent Southern Physician Thinks It Is Not Contagious.

"Pellagra is positively not contagious," states Dr. Roy Harris, secretary of the state board of health, "as it is the result of poisonous foods instead of germs." Dr. Harris is one of the best informed physicians in the South, and his opinion on any medical question carries weight. "In reality it is ptomaine poisoning caused by eating corn products from diseased grain, and the whole agitation and fear of pellagra is due to ignorance of people who should be better informed."

Dr. Harris contends that one person cannot catch pellagra from another, and says that no one need be afraid of sleeping even in the same room with a person afflicted with the disease. "It is simply caused by what is eaten, and nothing else," says the doctor.

According to Dr. Harris this disease could be prevented by an act of the legislature preventing the shipping of Western corn into the South, and he believes that if such an act were passed that pellagra would be unknown in Georgia in five years. Western corn, to a great extent, is damaged badly by the weather during the winter. It is then shipped South, and the diseased grain causes a kind of ptomaine poison which is called pellagra.

"Unless taken at an early stage, the disease is practically incurable, being recurrent," said Dr. Harris. "This means that after the patient has apparently been cured, and there is no rash in his body, it is apt to break out again in a couple of years, worse than ever.—Atlanta Journal.

Fight About Dry Weather.

In this good state the folks are getting together here and there and praying for rain. Down in South Carolina, it seems, they fight over the dry weather. Says a dispatch from Spartanburg: "Thompson and Dillard's store, on Morgan square, one of the largest in the city, was the scene this afternoon of a fight between Magistrate T. O. Fowler, of Reidsville, and Robert G. Gibbs, a farmer, of Ewitzer, in the course of which, after the men had battered each other's faces with their fists and been separated, Magistrate Fowler drew a revolver and fired four times missing Gibbs, but wounding Mrs. Jones F. Thompson, a saleslady, and breaking a show case and a plate glass window. The quarrel started in an argument over the effect of the drought on crops.—Exchange.

SHE GAVE UP ALL HOPE

Physicians Failed To Help Mrs. Green, But She Finally Found Relief in Cardui.

Meetez, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well.

One day, I decided to try some Cardui. It did so much for me that I ordered some more, and it cured me! Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardui will do for sick women."

A few doses of Cardui at the right time, will save many a big doctor bill, by preventing serious sickness. It tones up the nervous system, and helps make pale cheeks fresh and rosy. Thousands of weak women have been restored to health and happiness by using Cardui. Suppose you try it. It may be just the medicine you need.

A Story of a \$50 Bill.

A most charming Philadelphia woman came to New York for the day and her husband handed her a \$50 bill for tips and small change.

At the station in Philadelphia she left the Pullman to buy a periodical, leaving her bag carelessly on the seat. There was another woman occupying the adjacent chair. Upon her return the Philadelphia woman opened her bag and found no \$50 bill.

She made no accusation, but when the other woman fell asleep she quietly opened her bag and abstracted the bill.

In New York they bowed amicably and parted. When the Philadelphian returned home her husband asked her if she had enjoyed the trip.

"Yes, but I spent all the money," she replied.

"All the money," said the husband. "Why, I was worrying over the fact that you left your \$50 bill on your dressing table."—New York Telegraph

Miss Herndon Very Sick.

Her many friends in Greenville have been pained to hear of the continued illness of Miss Janie Herndon, a teacher in the graded school for the past three years. Miss Herndon is in the Watts hospital, at Durham. None of the reports which friends here have received indicate much hope for her recovery.

The first year Miss Herndon taught here she was very ill for quite a while. She resumed her work in the spring, and taught the next year, and also last year. She resigned her position in Greenville to accept a splendid place in the Durham graded schools this year.

During her stay in our midst, Miss Herndon was very popular, and her large circle of friends here deplore her illness.

TO MOVE MONDAY.

Gaiety Theatre Will Be in Edwards Building.

The Gaiety Theatre will be in the Edwards building, just beyond the court house, Monday night. Opera chairs have been put in and the place is very attractively arranged. A five-piece orchestra will furnish music for the opening night and everybody is invited to go. A fine picture program will be shown.

Sumner I. Kimball.

Sumner I. Kimball, who has been superintendent of the United States life-saving service ever since it was created, two score years ago, was born in Lebanon, Me., Sept. 2, 1834, and received his education at Bowdoin College. He studied law and was admitted to the bar in 1858. The following year he was elected to the Maine legislature. In 1862 he went to Washington and became a clerk in the Treasury Department. In 1871 Congress passed an act authorizing the Secretary of the Treasury to establish stations on the coasts of Long Island and New Jersey, and to employ crews of trained surfmen. This was the beginning of the life-saving service, of which Mr. Kimball was made chief officer and superintendent. Under his direction the service has been extended to all the ocean and lake coasts of the United States.

THE HAPPENINGS AROUND WINTERVILLE

SCHOOL SOCIETIES ORGANIZE.

Notes in Social Circles And Business Establishments.

WINTERVILLE, N. C., Sept. 2.—Miss Clara Braxton returned this week from Jonesboro, where she has been spending the summer.

Whether it is run on roads worked by local tax, roads worked by special tax, sand-clay roads, or bonded roads, the Hunsucker buggy will stand. Bad roads are not near so rough when riding in this buggy.

Winterville has the best opening for a good barber shop of any place in Pitt county.

Harrington, Barber & Company have received a nice lot of crockery, every piece guaranteed against cracking by general use.

Mr. J. F. Stokes, of Greenville, was in town Wednesday looking after some business of the Pitt County Publishing Company.

The Union Mercantile Company are still selling their spring and summer line of pants at greatly reduced prices. Come to see them and get your part of the bargains.

Miss Lucy Belle Langston returned Wednesday evening from Robersonville, where she visited friends.

The A. G. Cox Mfg. Co. has just received a nice assortment of harness. Come and look them over.

Among the new arrivals in town is a daughter at Mr. and Mrs. Willford Buck's.

Look at these prices. As long as they last, we are offering our entire line of low quartered shoes at cost, \$4 slippers at \$1.10 and \$3.50 at \$2.75. Now is your chance to get a pair cheap. Union Mercantile Company.

Mrs. M. L. Barker and Mrs. Addie Barnes spent Wednesday and Thursday visiting friends at Chocowinity.

If you have been examining the cuts of buggies we have been running in The Reflector and have not found a style that suited you, don't get it into your head that we can't please you, for we can. Come to see the A. G. Cox Manufacturing Company and they will convince you.

Messrs. J. F. Harrington, J. R. Johnson and A. B. Braxton attended the opening sales of the tobacco market yesterday.

Remember we keep a nice line of coffins and caskets on hand. We can also furnish excellent hearse service. A. G. Cox Mfg. Co.

Miss Lala Chapman, who is teaching in Martin county, came in last night to spend Saturday and Sunday at home.

Harrington, Barber & Company are busy at their mill daily building carts and doing general repair work.

Miss Annie McLawhorn returned home last night from a visit at Robersonville.

The Union Mercantile Company is giving 10c tickets for every 50c worth of cash trade and that ticket gives you a guess at a \$30 gold watch. Also we redeem these tickets on payment of any of our jewelry. Come and get your part of these tickets while they are going.

Miss Eva Langston, who is teaching at Gold Point, came in last night to spend Saturday and Sunday at home.

Get your job work done at Harrington, Barber and Co's mill, or if you want anything built, it will pay you to bring it to town.

Laughing Theodore and Miss Sarah Barber attended the show at Ayden last night.

Miss Louise Satterthwaite, of Pactolus, came in last night to spend a few days with friends in and near Winterville. She is an old Winterville High school student, and we are all glad to see her.

A. W. Ange and Co., are busy opening up an immense shipment of goods, and as soon as they can see what they have they will tell you through the Winterville department of the Reflector. Watch what they have to say.

Messrs Henry and Earnest Langston left today for Wake Forest. Henry will resume his studies and Ernest will enter.

The safest man is the man who has a bank account. When you establish yourself with a good bank, you feel secure and your mind is at peace. Try it today. Bank of Winterville.

Rev. C. J. Harris left this morning for Arthur, where he holds services tomorrow.

Last night the elegant home of Mr. and Mrs. Chas. McLawhorn was the scene of much fun and amusement when Miss Myrtle McGlohorn entertained her friends in honor of Miss Louise Satterthwaite. Progressive games and conversation were played and music was also furnished. Cake and cream were served.

Louisville Aviation Meet.

LOUISVILLE, Ky., Sept. 2.—A three-day aviation meet began at Churchill Downs today under the auspices of the Louisville lodge of Elks. Among the participants are several of the aviators who were conspicuous in the recent Chicago tournament.

To The Good People of Greenville

The report having been circulated in Greenville that I am a mulatto and that I have taken a negro in co-partnership with me, I take this method of telling the citizens it is all untrue and ask a continuance of their patronage. I am a full blooded German-Jew. Both of my parents are Hebrews, now living in Germany. I can prove my birth. As for taking a negro in co-partnership with me, I have done nothing of the kind. White labor from the north being too high to bring here for my patronage, and, as I had to have some help, I simply hired a negro to work for me on piece work basis. This is nothing more than a great many other people do and I am sorry to be so criticized and misrepresented.

Thanking you for the liberal patronage that you have given me, and asking a continuance of same, I am,

I. ORNOFF, German-Jew.

F. W. Carroll, secretary.
S. O. Roberson, treasurer.
Prof. Jno. R. Carroll, critic.
Ivan Bennett, supervisor.
M. H. Smith, marshal.

The Philo-Altean Society organized also with the following officers: Miss Clyde Chapman, president. Miss Blanche Cox, vice-president. Miss Olivia Cox, secretary. Miss Bertha Edwards, treasurer. Miss Lillie Dickens, chaplain. Miss Dora E. Cox, critic. Miss Elizabeth Adams, supervisor. Misses Fannie Belle Roberson and Lisbie Coburn, marshals. Miss Myrtle Roberson, chairman of social committee.

\$10.18 Per Hundred Average Made at Gum Warehouse Opening Sale.

To my Farmer Friends:
The tobacco market opened Friday and there was a mighty scramble for the highest average, but I am willing to leave the matter to those who followed the sales, and they, no doubt, have been convinced that there was none which exceeded \$10.18, which was the average made on the Gum warehouse floor. I am going to stay on top and invite all farmers to observe my sales and see for themselves if selling with the Gum warehouse does not put money in their pockets. If it be a fact that money talks, then sell your tobacco at the Gum warehouse.

Remember our opening average was \$10.18 per hundred.

IMPORTANT COTTON NOTICE.

To All Cotton Buyers, Farmers and Ginners.

NORFOLK AND PORTSMOUTH COTTON EXCHANGE.

Norfolk, Va., July 19, 1911.—This exchange views with alarm the abuses that have grown up in preparing cotton for market and deem it our duty to protest against these abuses, to state what they are, and how they can be corrected.

The troubles have appeared in the last few years and have grown each year. The loss which primarily is paid by the ginner and producer of cotton, incidentally reaches the mill agents, exporters and mills. The abuses are these: First, the excessive use of bagging; second, weight of bagging used; and third, the weight of the bales.

Regarding the excessive use of bagging, each bale should be covered on the upper and lower sides, in the press box, and on the heads, and no more. The quality of covering considered sufficient to cover a bale is 22 pounds, which includes bagging and bands, and any excess over this will be deducted.

Second: As to the weight of the bagging used, it was only a few years ago when the bagging weighed 2 1/4 pounds, 2 pounds and 2 1/4 pounds to the yard, the heaviest being 2 1/4 pounds; now we hear of bagging weighing 3 and 4 pounds per yard. This is selling bagging and not cotton. We would strongly protest against anything heavier than 2 1/4 pounds, and in case where the bagging exceeds 2 1/2 pounds we advise the ginners that just claims and deductions will be made against such excessive weight.

Third: The weight bales have become more in evidence as the heavy weight bagging has increased. While there are rules against bales of cotton under 400 pounds, and as all sales made both for domestic and foreign shipment are required to weigh an average of 500 pounds per bale, it is urged that shipments destined to Norfolk shall average in weight as near 500 pounds per bale as possible, because on bales weighing 400 pounds or under a deduction may be made.

These suggestions are made purely with a view of saving the producer and ginner of cotton from further loss by correcting these abuses.

NORFOLK AND PORTSMOUTH COTTON EXCHANGE.

Greenville, N. C., Aug. 26, 1911.—In co-operation with the late ruling of the cotton exchanges, regarding the excessive use of bagging, and light weight bales, we the undersigned as representative buyers for the mill and export trade, in this section, hereby agree to make proper deduction for any excess in weight over 22 pounds per bale, for the covering of cotton including bagging and ties and dock \$1 per bale for any bale weighing under 400 pounds.

Six yards of bagging is all that is required to wrap a bale, and no bagging weighing over 2 1/2 pounds per yard will be accepted without proper deduction for excess weight, and every bale of cotton should weigh as near 500 pounds as possible.

A HARMLESS WAY TO DARKEN THE HAIR

A Little Sage and Sulphur Makes Gray Hairs Vanish—A Remedy for All Hair Troubles.

Who does not know the value of sage and sulphur for keeping the hair dark, soft, glossy and in good condition? As a matter of fact, sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for the hair and scalp troubles, especially premature grayness, than sage and sulphur, if properly prepared. The Wyeth Chemical Company of New York put up an ideal remedy of this kind, called Wyeth's Sage and Sulphur Hair Remedy, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Moyer's Pharmacy.

WANTS BANKERS TO GIVE BOND.

Wilmington Wants Security From Its Banks for Its Funds.

At a special called meeting of city Council held at 10:30 o'clock today at the city hall an important resolution was adopted, the tenor of which is to the effect that on account of the failure of local banks to give bond for the security of funds deposited with them, as provided for in Section 5 of the Act of the general assembly passed at the 1911 session, Council declares that any obligation imposed thereby in regard to deposit of said funds is no longer binding. Therefore the Councilman in charge of finance is directed to make any such arrangements as he may see fit for handling the funds of the city and report his action to Council for conformation. —Wilmington Dispatch.

Ugly Fight At Picnic.

Jesse Waller is at the point of death in the Kinston hospital, and Wright Faulkner is badly, though not necessarily fatally, wounded, at his home a few miles northeast of the city, as a result of knife wounds inflicted by Thurman Andrews, of Jones county in a general row at a picnic at Kelly's mill, today. Waller was disemboweled by a double knife thrust across his stomach, and has only slight chance of recovery, and Faulkner has half dozen or more gashes on various parts of his body, including one clear to the hollow in his left side. After the row both injured young men were rushed to the city to medical assistance.—Kinston Free Press.

Too Cold to Put on Steam?

If extremes meet this winter it will be a swinger. On July 18th, the mercury on the subweather station in Greensboro went to 107 while on the streets it was several degrees higher. From 90 to 100 was the way the old thing showed up during June, July and most of August. If the mercury is to go down at the ratio it went up, think of what it will be! Went up, think of what it will be! —Greensboro Record.

She Kept Her Word.

"If you kiss me again," declared pretty Miss Lovely firmly, "I shall tell my father."

"That's an old tale," replied the bold young man. "Anyway its worth it," and he kissed her.

Miss Lovely sprang to her feet. "I shall tell father," she said, and left the room. "Father," she said to her parent when she got outside. "Mr. Bolder wants to see your new gun."

A minute later when father appeared in the doorway with his gun in his hand, there was a crash of breaking glass as Mr. Bolder dived through the window.—Milwaukee News.

DANDRUFF

Read what a prominent North Carolina physician writes regarding the great Dandruff Cure—

TO-BAC-TON

"I have been affected with dandruff for just ten years and have tried various remedies for same, but found nothing that would cure it. After using TO-BAC-TON for one month am entirely relieved of trouble. I heartily recommend this remedy to anyone affected with same disease."

W. C. LINVILLE, M. D., Winston-Salem, N. C.

This is only one of many letters praising TO-BAC-TON, "The Greatest of All Hair Tonics." If you are suffering with Dandruff, if your hair is falling out or your scalp giving you trouble, use TO-BAC-TON.

Different from any other hair tonic—it contains no alcohol or grease, which is injurious to the scalp. It is principally made from the juice of the tobacco leaf, which is recognized by physicians as the most effective germicide. TO-BAC-TON is delightfully perfumed. The ingredients are stimulating and healthful. This wonderful Hair Tonic prevents Baldness, cures Dandruff, all diseases of scalp and makes beautiful, luxuriant hair.

Get a bottle today at your drug store or ask your barber to give you a TO-BAC-TON application. You can't lose a cent because TO-BAC-TON is guaranteed to give satisfaction.

For Sale at All Drug Stores at 25c, 50c or \$1.00 Bottles.

FREE! Our booklet, "The Indian Weed." It tells you all about the care of the hair.
