TUESDAY, SEPTEMBER 12, 1911.

Mount Aetna is getting on bad behavior again and is causing much alarm over threatened eruptions.

In the effort of the powers, to straighten out affairs in Morocco, Germany shows a disposition to demand more than her share.

Beattie thinks the verdict of the jury was very unfair to him. "No thief e'er felt the halter draw With good opinion of the law."

It is easier to keep them home than it is to get them back after they are gone. Every time North Carolina lets a son leave she loses that much.

In some instances sub-way tickets come high in New York. The retail price is only five cents each, but a man who stole two was fined \$500 and sentenced to prison for a year. It would have been cheaper to walk.

Enterprising moving picture film manufacturers thought they would reap a harvest from scenes of the recent Beattie trial, but cities both North and South are prohibiting the showing of the pictures.

We learn from Whichard that "no one has any kick" about Greenville's new op'ry house. Save the chorus girls, of course.—Wilmington Dispatch.

Oh, you shut up about our new op'ry house. There ain't no pesky chorus girls about it at all, so there is not even a kick from that quarter.

This summer a Munchausen writer has sent out several sensational articles from Hendersonville for advertising, but the reported finding of the dead body of a prominent young lady, in a lake near that town on Sunday, seems to disclose a tragedy as real as it is mysterious and shocking.

When a preacher gets a reputation as being a good hand in performing marriage ceremonies, it sometimes stands him in well. One in New Orleans kept a record of twenty-seven years and in that time married 10,036 couples at which he received an average fee of \$5, the total footing up over \$50,000. It pays to be a marrying preacher.

The papers are commenting on the fact that a colored man carried the first bale of new cotton to Warrenton. That thing occurs down this way often. For three years in succession the same colored man has been the first to bring a new cotton blossom to Greenville, and for two years the same colored man brought in the first bale of new cotton. There are some good colored farmers in Pitt.

**NECESSITY OF ORGANIC MATTER IN SOIL.**

(Continued from 1st Page).  
ize any excess of acid formed along side of it. Mr. H. W. Conn, the leading authority on soil bacteriology in the United States makes this significant statement in his excellent work on agricultural bacteriology. "Decomposition in itself will produce an alkaline condition since ammonia resulting from ammoniacal fermentation will neutralize the acid. If, therefore, a vigorous decomposition of organic matter is going on, little attention need be given to the matter of acidity."

In poorly drained soils where decomposition of the organic matter goes on slowly, only small amounts of ammonia are formed, and these escape readily into the air while the organic acids tend to accumulate and remain in the soil moisture and render the land acid. Here is where your strip of litmus paper would be turned red by the wet soil. Such land is found in some of the mountain valleys and some of the low-lying lands of the eastern part of the state, and occasionally areas in the Piedmont section, but soils in North Carolina are well drained and if the green manure is handled as Mr. Brown, of Rowan, handled it no fear need be entertained from excessive acids accumulating in the soil.

**Largest Tobacco Sale Yet.**

Today I had on my warehouse floor nearly 50,000 pounds of tobacco, which is the largest sale made on the Greenville market during the present season, and I wish to say to my farmer friends that it was not only a big sale in pounds, but a big sale in prices. I am selling it higher and higher every day, and am going to continue to do so.  
Everybody knows the record of the Star warehouse, and that it has always led in high prices. I do not want any farmer to sell on my floor unless I can make it to his interest to do so. My sales in the past have made thousands happy, and I am making sales every day that will satisfy you if you will bring your next load to me at the Star.  
F. D. FOXHALL, Manager.

**Gentry at The Gum.**

I want to ask every farmer who reads this to bring me his next load of tobacco. I am anxious to become acquainted with all the farmers in Pitt and adjoining counties and show to them that I am no stranger in the tobacco business. I can get as much for your tobacco as can be gotten on any warehouse floor, and am quite sure that I can give you one of the best sales ever made. All I ask is that you bring me your next load and give me a trial. There is not a warehouse on the Greenville market which has averaged more for tobacco than has the Gum. Come on and let me make good what I say.  
J. J. GENTRY, Manager.

**Tax To The Limit.**

Mr. Buchan told the Hoke county commissioners that they might tax his property to the limit for good roads; it would come back tenfold.—Southern Pines Tourist.

**MRS. MCGILL BROKE DOWN**

Gives the Real Facts In Regard to Her Case and Tells How She Suffered.

Jonesboro, Ark.—"I suffered a complete break down in health, some time ago," writes Mrs. A. McGill, from this place. "I was very weak and could not do any work. I tried different remedies, but they did me no good. One day, I got a bottle of Cardui. It did me so much good, I was surprised, and took some more.

Before I took Cardui, I had headache and backache, and sometimes I would cry for hours. Now I am over all that, and can do all kinds of housework. I think it is the greatest medicine on earth."

In the past fifty years, thousands of ladies have written, like Mrs. McGill, to tell of the benefit received from Cardui.

Such testimony, from earnest women, surely indicates the great value of this tonic remedy, for diseases peculiar to women. Are you a sufferer? Yes? Cardui is the medicine you need. We urge you to try it.

## America's Foremost Lady Composer.

Very few lady composers have met with such great success as has Henrietta Blanke-Belcher, who for the past ten years has been one of the principal writers for Jerome H. Remick & Co. She first made a reputation as a waltz writer, and some of her waltzes, especially the new "Polaris Waltzes," are having a world-wide popularity. On the program of the coronation ball recently given in London these waltzes held the place of honor, being put on just before the intermission, and comment was made that it was the only number on the dancing program written by an American composer. She has lately written some very high-class songs, and the song, "Love Dreams," is one of the popular songs of the day. Her latest and probably her best song, "My Only One," is, however, destined to outrival it in popularity, since it will appeal to almost all music lovers and not alone to those who only see merit in the modern classics. The Lyric is worthy of the musical setting that Miss Belcher gave it, and will appeal to those who seek merit in both the words and music of a song. We append the refrain:

The stars above may shine so bright,  
My only one!  
But you will be my guiding light,  
My only one!  
Your presence, dear, means more to me  
Than all the dreams of life to be;  
Your kiss is blissful ecstasy,  
My own one! My only one!

## LOCAL BRIEFS.

**Pick Ups and Hand-me-Downs.**

Odd Fellows meet tonight. The demand for cotton pickers and tobacco stemmers is stripping many houses of servants.

The merchant who is advertising in The Reflector is not realizing now what he is missing, but he may after a while.

It is the general remark that cotton never opened faster. And the fields indicate a short crop.

If Wilmington people keep up the mass meeting idea long enough they may find out what they want.

## Ready-to-Wear Suits.

The lady who wants to appear well, especially on the streets and in public places, is careful about her dress. She wants it to be correct in style, fabric and fit. C. T. Munford's big store has anticipated the wants of the ladies in this particular, and his fall stock of ready-to-wear goods are perfections of the season. His tailor-made coat suits are correct in every detail, the quality and color blendings being such as will please the most exacting taste. Every lady who wants to be well dressed will not fail to visit Munford's big store and see his stock before buying.

## Large Breaks Today.

There were large breaks on the tobacco market again today, the sales at the four warehouses aggregating more than 150,000 pounds. It was noticeable that prices continue at satisfactory figures, but farmers want to be careful about marketing the crop too fast. The short crop this year ought to guarantee good prices for all of it.

## Greenville Connections.

The matter of the connection between the Coast Line at Greenville and Kinston, upon petition, has come up before the corporation commission for adjustment. It is undoubtedly a fact that the poor connections made are an inconvenience to the traveling public, and the cause of serious delay and loss of time and money. We hope that the adjustment can be made so that satisfactory connections and a better train service will result.—Kinston Free Press.

## DISCUSS DEEPER WATERWAYS

**One Thousand Delegates Assembled in Richmond This Morning.**

RICHMOND, Va., Sept. 12.—The betterment of waterways throughout the entire country, but mainly in the eastern part of the United States, is the subject to be discussed by the 1,000 delegates who assembled in Richmond today for the annual convention of the Atlantic Deeper Waterways Association. The purpose of the convention is to pass upon measures that may best bring about the deepening of such waterways and to promote the project for a chain of inland waterways from Boston to Beaufort, North Carolina, and thence to the Keys of Florida. Several of the links in the proposed inter-coastal route are already completed or under construction.

## Chance for Walsh.

LAVENWORTH, Kans., Sept. 12.—More than ordinary interest attaches to the meeting of the Federal parole board which met here today. It is expected that before the meeting adjourns action will be taken in the case of John R. Walsh, the aged Chicago banker, who is serving a term in the Lavenworth penitentiary for violation of the banking laws. Mr. Walsh has now served one-third of his sentence of five years and since all of the outstanding indictments against him have been dismissed he is eligible to parole.

## Real Star-Sprangled Banner.

BALTIMORE, Md., Sept. 12.—Old Defenders' Day, the anniversary of the battle of North Point, where the Marylanders made a successful resistance to the British invasion in 1814, was observed as a legal holiday in Baltimore today in accordance with custom. It was the battle of North Point that inspired Francis Scott Key to write "The Star-Sprangled Banner," and one of the interesting features in connection with today's celebration was the unfurling of the original flag that inspired Key to write the national hymn over the ramparts of historic Fort Henry.

## GRANDMOTHERS'

## BEAUTIFUL HAIR

Color and Beauty of the Hair Preserved with a Harmless Remedy Made from Sage

Druggists everywhere comment on the fact that they are selling large quantities of sage for making old-fashioned "sage tea," such as was used by our grandmothers for promoting the growth of their hair, making it fluffy and beautiful and restoring its natural color.

The demand for this well-known herb for this purpose has been so great that one manufacturer has taken advantage of the fact and has placed on the market an ideal "sage tea," containing sulphur, a valuable remedy for dandruff and scalp rashes and irritations, called Wyeth's Sage and Sulphur Hair Remedy.

The manufacturer of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

### MAINE HAS GONE WET.

A Close Vote and Small Majority the Result.

PORTLAND, Me., Sept. 12.—Unofficial returns tonight indicate that prohibition has been voted out of the constitution of the state of Maine by a majority of about 1,400 votes. About 25 small towns had not reported and the vote of these together with errors incidental to the collection of returns by telephone, still left the exact result in some doubt. Some one hundred and twenty thousand voters cast their votes on the question. With the 25 towns missing the vote was 60,878 for the repeal and 59,653 against the change in the constitution.

### ENGLAND'S FAMOUS ST. LEGER.

Thousands Gathering to Witness the Running.

LONDON, Sept. 12.—Thousands of racing enthusiasts will gather at Doncaster tomorrow to witness the running of the St. Leger, the last of the great classic races of the season. The latest quotations on the event show King William to be the favorite, with Lyacon and Prince Palatine as second and third choice, respectively.

The St. Leger never fails to attract a crowd that is second only in point of numbers from a flat-racing event to the Derby at Epsom. Tomorrow's race will be the 136th contest for the great event named after a certain Colonel St. Leger, who nearly a century and a half ago lived at Doncaster. It was he who suggested the race. It was in the early part of 1776 that "a sweepstakes of 25 guineas each for three-year-olds" was inaugurated. The distance was two miles, which was reduced in 1813 to 1 mile 6 furlongs and 193 yards. Later on it was further reduced to 61 yards, which is the present distance.

### MACCABEES TO BOOST RATES.

Great Camp Opens Today With Prospect of Lively Meeting.

PORT HURON, Mich., Sept. 12.—The special session of the Great Camp of the Knights of the Modern Maccabees, called to take action on the proposed increase in assessment rates, opened today with every prospect of a lively meeting. Like other fraternal insurance orders the Maccabees has reached that stage of its career when an increase in rates appears to be necessary to meet the losses resulting from the maturity of the first class of certificates issued to the early member and carrying old age annuity as well as death benefit. A considerable element of the membership is strenuously opposed to the increase in assessments. Their representatives will introduce a resolution to meet the loss not by a raise in rates, but by abolishing a number of highly paid offices that are declared to be sinecures and by otherwise reducing the expenses of maintaining the order.

### WITHDRAW AFFIDAVITS.

Railroads Back Down on Estimate of Valuation.

The Atlantic Coast Line and the Southern Railway, having filed affidavits from citizens of Davidson and Wilson counties as to extremely low valuation for taxes of property in those counties—from 25 to 50 per cent—are now calling back those affidavits.

These affidavits were filed to show that the railroads were being put at much higher assessment rates than other property, and after these were filed before the Corporation Commission in the plea for reduction by the railroads the commission sent out notices to the county commissioners and county assessors of Davidson, Forsythe, Wilson and Pitt to appear in Raleigh on September 20 and give testimony as to these matters; to say why, if the affidavits were correct, the commission should not increase the property assessments in those counties and equalize them with other counties.

On Saturday the Southern Railway withdrew one of its affidavits as to Davidson county. Yesterday the Atlantic Coast Line withdrew all of its affidavits as to assessment values in Wilson county, these having been filed by various citizens.—News and Observer.

From a Late Snapshot

To see all of his regular Patients and such new Cases, as may wish to consult him. Dr. Packard enjoys a state wide reputation, among the profession and the Public of North Carolina, where for more than 25 years he has devoted his entire time to the Study, Treatment and Cure of Chronic Diseases. The Doctor has had wonderful success in his chosen work, that of curing chronic sufferers, Men, Women and Children. The Patients he has restored to Health after they had given up all hope of being Cured are numbered by the Thousands. He is a kind, generous, democratic gentleman to meet, of high scholarly attainments, and dignified personality. Coupled with a Brotherly interest, in all who seek his advice. He does not take a Patient for Treatment unless he can foresee a Cure of the Case. The most commendable feature of his work, and one that appeals to the ordinary sick person, is the fact of his charges being so reasonable and moderate as to make it within the reach of even the very poor. At no time do the charges amount to more than \$7.00 a month or about \$1.50 a week. He gives his own medicines, and there are no extra Charges. It takes him never more than from four to six Months to Cure a Case under Treatment. All Cases, even those who have been given up as Incurable or Hopeless, have been Cured and restored to perfect health by this Brilliant Physician and the wonderful methods he employs.  
If you want to meet him and have him examine you, go to see him, and talk the matter over with him. It will cost you nothing if he does not put you under treatment. If he takes your case, it will cost you a very small sum to get well.

Remember the date Saturday, September 23rd, and come early.
