NUMBER 6233

WAKE FOREST

COLLEGE NOTES

STARTS OFF THE YEAR'S WORK.

(Classes and Societies Organize—Some Important Committees Appointed.)

WAKE FOREST, N. C., Sept. 18.—On Friday the senior class met and elected the following men as officers for this year: M. A. Huggins, president; C. L. Betts, vice president; H. D. Ward, secretary; T. E. Bobbett, treasurer; W. B. Edwards, historian; L. G. Bullard, prophet; D. S. Kennedy, poet; J. C. Jones, statistician; P. P. Green, testator.

Last Saturday morning, by the action of the two societies, the following men were appointed as members of the debate council for this year: S. C. Hilliard, of the Phi Society, president; Scruggs, of Eta Society, secretary; Sharp, of Phi Society; R. R. Blanton, of Eta Society; J. C. Jones, of Eta Society.

On Monday the junior class met and elected the following men as officers for its class this year: G. G. Stanley, president; B. Holding, vice-president; Harvard, secretary, Wyatt, treasurer; Bancroft, poet; Waff, historian; Marsh, prophet.

Tuesday the student body elected the following men as members of the senate committee: J. C. Cabanis, chairman; J. C. Jones, J. M. Rice, S. A. Edgerton, H. Beam, N. S. Pruitt, G. N. Howard, A. R. Phillips, R. Benton, and E. P. Yates. This list of men are to look after the welfare and care of the freshmen class, also to deal with any form of hazing indulged in by any member of the student body. Through this committee some more of his good thoughts of the great and good old Book that has so wonderfully held together the nations of the world, as they put into their government the teachings of the Bible.

Just a few days ago, the student body elected the following men as members of the honorary committee, whose business is to eliminate and put out of the student body all firms of cheating and dishonesty: J. A. Ellis, chairman; M. L. Barnes, W. J. Crain, W. G. Pruitt, A. L. Allen, A. J. Hutchins, A. H. Martin, E. D. Johnson, N. O. Williams and E. W. Lane.

Miss Elmore Reonick, of Evansville, Ind., is visiting Mrs. Crazier.

The plans of the managers of the athletics of Wake Forest College have developed, and it is quite pleasant to let this news go out to the friends of the college. On Wednesday we had a campaign for the purpose of raising one thousand dollars from the student body, so as to build a better foundation for the athletics in our college. At the close of the day we had raised by subscriptions from the students, one thousand dollars and seventy cents (\$1,000.70). This means more to the college than any step the students heretofore have taken.

Mr. Herbert Potat left today for New York City, where he will work for the next nine months.

Mr. J. Turner leaves tomorrow for Atlanta, where he resumes his work as Y. M. C. A. secretary at the University of Georgia.

To show that there is really and truly a great spirit among the fellows and that there is more unity in the student body now than at any time heretofore in the history of the college, it is only necessary to mention the happy and delightful occasion of Friday evening of last week. The Y. M. C. A. gave a banquet in honor of the present freshmen class. On this occasion Mr. R. S. Pruitt spoke to the fellows on "The Value of the Two Societies." Dr. Potat spoke on "Youth." His address was strongly and impressively put, showing the energy and power of youth, and the great possibilities that are wrapped up in every youth of today. Too, he showed the great door of opportunity that is now inviting the youths of today to come in and prepare for the noble and true life—the Christian, the Christ life. Mr. Turner, Y. M. C. A. secretary in the University of Georgia, also delivered a strong and impressing talk on "Character."

Revenue Officers in Conference.

DETROIT, Mich., Sept. 18.—The first general conference ever held by United States internal revenue officers began in this city today and will continue over tomorrow. Between 200 and 300 officers are in attendance. Numerous matters relating to the betterment of the internal revenue service are scheduled for discussion.

BACK FROM OKLAHOMA.

Mr. Cox Attended The National Farmers' Union—Took Side Trips.

Mr. J. Marshall Cox, of Chicod, one of the delegates to the meeting of the National Farmers' union, at Shawnee, Oklahoma, got back a day or two ago. He had a fine trip and enjoyed it, saw a fine country and fine people, but says he likes Pitt county best.

Mr. Cox left home in time to see the country. He made some stops, one of which was Hot Springs, Arkansas. He indulged in a hot bath, and says some other hot country must be mighty close, there.

At Shawnee he found delegates from almost every state, every one a total stranger, except the other one from this state. He was very much impressed with the meeting and its action. There was great unanimity in the determination to get better prices. He says it was a great meeting. Returning he stopped at Montgomery, Alabama, to take part in the great meeting being held there by merchants, bankers, farmers, professional men and others in the interest of financing the cotton this fall.

Mr. Cox says Oklahoma is a fine country, but crops are not good on account of the dry weather. Cotton will be short and corn has suffered, too. He also saw much fine country en route, going and coming.

BIG MEETING OF ODD FELLOWS.

All the States of the Union and Provinces of Canada Represented.

INDIANAPOLIS, Ind., Sept. 18.—The opening day of the sovereign grand lodge meeting of the Independent Order of Odd Fellows was a busy and enthusiastic one. Every representative entitled to a place on the floor was in his seat this morning when the session began. All of the states of the union and the provinces of Canada were represented. John B. Cockrum, grand sire, occupied the chair. The visitors were welcomed by Governor Marshall, former Vice-President Fairbanks and U. Z. Wiley, past grand master. Following the opening formalities the regular business of the convention was taken up. There will be no election of officers by this convention. St. Louis delegates have started a spirited contest for the convention of next year.

GOOD ROADS CONGRESS.

The Most Notable Gathering Ever Assembled for Improved Highways.

CHICAGO, Ill., Sept. 18.—What bids fair to be the most notable gathering ever assembled to advance the causes of improved highway was ushered in here today with the arrival of delegations from many parts of the United States and Canada for the fourth International Good Roads Congress. The sessions of the congress will continue through the remainder of the month. The program will include addresses by many of the most notable good roads experts of America.

COULDN'T CARRY ALL OF IT.

Bank Robbers get Over Quarter Million—Leave \$100,000 Untouched.

NEW WESTMINSTER, B. C.—Three hundred and twenty thousand dollars in cash was stolen from the bank of Montreal early today and the robbers escaped. Three men entered the bank by an unprotected rear window, dug through the brick wall into the vault, wrecked the cage door, blew open the safe and took approximately \$320,000 in gold and bills. They left \$20,000 in gold on a bed where they piled their loot, and \$80,000 more unmolested in the safe.

CIVIL COURT IN SESSION.

Judge Whedbee Will Hold First Court in New Court House.

A civil term of Pitt Superior court opened in the city hall this morning, with Judge Frank Carter presiding.

The new court house is not quite completed, the furniture being delayed in shipment, but it will be in readiness for use in a short while. The first court in the new building will be the November Criminal term, and an exchange of judges has been made by which Judge Harry W. Whedbee will preside at the first term in the new court house.

We have no proof that the Lord loveth the cheerful giver of advice.

HOW TO TAKE BEST CARE OF LAND

VALUE OF WINTER COVER CROPS

Prevent Land From Washing As Well As Make it More Productive.

Every farmer owes it to himself, to his family and to posterity, to take the best care of his land that he possibly can; to maintain its fertility and to keep it from washing away.

Investigators, whether scientists or practical farmers, have found that winter cover crops of any kind prevent land, in a large measure, from washing, and when turned under the following spring make it more productive than if no crop had grown on it.

An experiment covering a number of years, in one of the north western states, showed that more plant food was lost from the land during the months when no crops were grown on it than was taken off in the regular summer crops. If this was true in that state where they have long and cold winters when leaching is impossible for weeks at a time, how much more could it be true in North Carolina with her open winters when plant food can be leached from our soils almost any week, during our winter months.

A ton of green rye contains, according to good authorities, about 6.6 pounds nitrogen, 3 pounds phosphoric acid, and 14.6 pounds potash. A ton of green wheat contains 10.8 pounds nitrogen, 3 pounds phosphoric acid, and 14 pounds potash. Green oats contain just a little less plant food than does green wheat. A ton of green crimson clover contains 8.6 pounds nitrogen, 2.6 phosphoric acid, and 9.8 pounds potash. Red clover, bur clover and the vetches contain more plant food in their green state than crimson clover does. The wheat and rye mentioned above was probably grown on fertile land which explains their high percentage of nitrogen, for it is an established fact that crops grown on rich land contain more nitrogen than when grown on poor land. For that reason grain grown on rich land has higher feeding value than that grown on poor land. It may be well for us to remember this when growing grain for our own feeding purposes.

Rye, wheat and oats take nitrogen from the soil and store it in the plant, thus saving much of this costly element of plant food that would otherwise be leached from the land by our winter rains. The stools or bunches and their roots and leaves retard the flow of water and act as brakes which will prevent to a large degree the washing of our rolling lands. The clovers save the land from washing in the same way and in addition to this are beneficial by being able to take nitrogen from the air through the agency of bacteria which adds to the fertility of the soil. But to grow these latter crops successfully the soil must contain the bacteria peculiar to the particular crop grown.

It has been the experience of many of our farmers that any crop grown after a winter cover crop, when turned under at the proper time in the spring, and disked well before and after turning, will produce a great deal more, often as much as 50 per cent more, than if no winter cover crop had been grown. The seed for a cover crop will cost from one to five dollars an acre according to kind and quantity of seed used. This should save to the soil and add to the next year's crop more than twice the cost of the cover crop.

Sow at the rate of 15 to 20 pounds crimson clover seed per acre and cover lightly with harrow or cultivator. These can be sowed in growing crops, on stubble land, or after peas. Sow from 20 to 30 pounds of vetch per acre, if sown with small grain, and if sown alone put from 40 to 50 pounds per acre. Rye should be sown at the rate of one to one and a half bushels per acre.

An application of manure, or from 200 to 500 pounds acid phosphate per acre and 25 to 50 pounds muriate of potash on sandy or gray land, will be helpful to the clovers and vetches. For rye or other small grain it may be better to add 2 per cent nitrogen to the above.

It is now time to commence putting these crops in. When put in cotton fields it is better to sow immediately after the pickers, as in that way no cotton will be knocked out in covering the seed. Put in the crop that will succeed

NORTH CAROLINA HAPPENINGS

GATHERED FROM EXCHANGES

And Briefly Stated for The Reflectors Busy Readers.

A year or two ago one Freeland Tharpe attempted to kill a Miss Ball of Elkin, who was teaching school in Wilkes county. The girl was seriously wounded but recovered. Tharpe attempted the murder because he was in love with the girl and she did not favor his suit. He did his best to kill her and it is not his fault that she is alive today. Tharpe was sentenced to the penitentiary for a few years—probably five or seven. It was a light sentence considering the nature of his crime. Now an attempt is to be made to secure his pardon.

Chief of Police John J. Fowler was notified late yesterday afternoon by Mr. M. L. Winner that he had found Mr. Adolph Nelson, who disappeared from his boarding house Monday morning, wandering in a swamp about 12 miles from the city. It was stated that Mr. Nelson was in a practically nude state and that he was in a fearful condition from exposure to the weather and insects. It is stated that Mr. Nelson could not tell Mr. Winner how he came to be in such a state, or how he got so far in the woods from the city.—Wilmington Dispatch.

Amos Koonce, a colored tenant on Mr. Jim Williams' place, about four miles south of Kinston, alleges that he fell into the hands of thieves and robbers Friday evening, while trying to separate himself from his hard-earned coin in a way peculiar to the town niggers, and exhibited a broken head and various other wounds which he received for his pains when he "waked up" and went back to get his "roll" which he claims to have been stolen from him.—Kinston Free Press.

Work on the foundations of the new repair shops of the A. C. L. at South Rocky Mount is practically completed and the work of putting up the steel frame will start the first of October. This means that by spring Rocky Mount will have the largest repair shops on the whole A. C. L. system, those at Waycross, Ga., being smaller than the enlarged Rocky Mount shops.—Rocky Mount Record.

At 4 o'clock yesterday afternoon, Glenn Keck, a negro lad, fell beneath the wheels of the city water wagon and more than 5,000 pounds of weight was massed above the revolving cycles as they passed over his stomach. The boy was able to rise with the help of witnesses to the accident, but he died in frightful agony less than 15 minutes later.—Greensboro Record.

KANSAS STATE FAIR OPENS.

Largest Collection of Agricultural Exhibits Ever Shown in State.

HUTCHINSON, Kan., Sept. 18.—The Kansas state fair was formally opened this morning under auspicious conditions. In conjunction with the fair there is to be a celebration of the semi-centennial of Kansas and for this reason the management has been working hard to make the exhibits of more than ordinary interest this year. The result is the largest and best collection of agricultural, horticultural and live stock exhibits ever shown in this state, notwithstanding the very dry season. The big day of the fair will be Tuesday of next week, when President Taft and the governors of a score of states will be here to take part in the semi-centennial celebration.

Meet to Discuss Bills of Lading.

NEW ORLEANS, La., Sept. 18.—Representatives of Southern cotton exchanges, bankers and business men assembled in this city today to discuss the phases of the Liverpool bill of lading plan and to devise measures for the protection of the mutual interests of those engaged in handling and financing the Southern cotton crop.

best, in your locality and experiment with other crops in a small way until you are assured they will make satisfactory growth on your land and under your conditions.

T. B. PARKER.

Director Co-operative Experiments, N. C. State Department of Agriculture.

MISS JENNIE HERNDON.

Died at Watts Hospital of a Complication of Diseases.

Miss Jennie, daughter of Dr. and Mrs. W. T. Herndon, died at Watts hospital this morning at 2 o'clock.

Miss Herndon was a native of Wake county. She was graduated in Elon College in 1896 and afterwards was a member of the college faculty, teaching elocution and expression. For a number of years, Miss Herndon was secretary of the alumni association, having the honor of delivering the address to the alumni association in 1910. Miss Herndon also taught in Greensboro one year and in Greenville, N. C., two years and was elected a member of the graded school faculty of Durham, but illness prevented her from beginning her new duties this year.

Miss Herndon had been ill for three months with a complication of diseases, and, five weeks ago, was taken to the hospital.

Miss Herndon had made many friends throughout the state, and was deeply loved by all who knew her.

She is survived by her mother and father, two sisters, Mrs. J. T. Moffit, of Asheboro, and Mrs. W. K. Scott, of Winston-Salem, and by one brother, Mr. Carl M. Herndon, of Durham.

The funeral services will be held from the Christian church Sunday afternoon at 3:30, conducted by Rev. J. O. Atkinson, of Elon College, and Dr. W. S. Long, of Chapel Hill.

The pall-bearers will be Professor Smith, Dr. Carr, Prof. Ragsdale and Mr. Brown, of Greenville; Professor W. P. Lawrence, of Elon College, and Mr. Claude Edwards, of Durham. The floral bearers will be Dr. L. M. Edwards, D. L. Boone, Paul Edwards and Dr. McPherson.—Durham Sun.

ATTRACT ATTENTION.

Divorce Suit Brought by John Bancroft, Jr., Against His Wife.

Wilmington, Del., Sept. 18.—The suit for divorce brought by John Bancroft, Jr., against his wife, Madeline Du Pont Bancroft, and the counter suit brought by the wife are set for trial at the term of the Superior court which opened here today, and the case promises to be the most sensational in the history of the commonwealth of "peaches and troubled politics." As matters now stand, only the unexpected can stop the suits begun by husband and wife. The latter is the eldest daughter of Alfred I. Du Pont, the millionaire vice-president of the Du Pont Powder company. Mr. Bancroft brought his suit on statutory grounds, denying the paternity of his wife's infant son. In the papers filed in the case Mr. Bancroft called the child Max Helder, Jr., and made it a codefendant. Mrs. Bancroft in her counter suit, charges her husband with unfaithfulness and extreme cruelty. She also pleads not guilty to his charges against her.

RAILWAY ASSESSMENTS STAND.

About Half Million Increase in Their Taxes.

RALEIGH, Sept. 16.—The state board of equalization today overruled the exceptions and dismissed the complaints of the three railroads which filed petitions last week declaring that railroad property was assessed at its true value, while other property, especially real property, was assessed at much less than its real value in money. In an opinion and order today the commission says that in the case of railroad property there was practically little difficulty in making the assessments, since the assessments were based on the earnings of the roads. In the case of real estate, however, it is difficult to get at the earning power and for this reason lands will always be a subject of controversy. The railroads concerned are the Seaboard, Southern and Atlantic Coast Line. The opinion and order were written by Commissioner Travis.

Colorado State Fair.

PUEBLO, Colo., Sept. 18.—Colorado's annual state fair opened its gates today at 8 a. m. for a week's business. All departments of the exhibition are unusually well filled this year, while the racing programme is the best ever offered here.

School Begins Wednesday.

The teachers are arriving and everything will be in readiness for the opening of the graded school on Wednesday. The outlook is for a very large attendance.

MOVEMENT OF TRAINS

Time of Arrival and Departure.

Atlantic Coast Line.

The Weather.

Cloudy tonight and Tuesday; moderate northeast winds.

THIS DATE IN HISTORY.

September 18.

- 1709—Samuel Johnson, famous English writer, born. Died Dec. 13, 1784.
- 1710—Exposition against the French sailed from Boston to Port Royal.
- 1766—Jonathan Garver, who was the first to explore much of the Upper Mississippi country, arrived at Green Bay, Wis.
- 1851—The "New York Times" made its first appearance.
- 1861—Gen. Simon B. Buckner and a Confederate force occupied Bowling Green, Ky.
- 1862—Confederates recrossed the Potomac into Virginia, having been in Maryland two weeks.
- 1879—Daniel Drew, who made, and lost, millions in Wall street, died in New York City. Born in Carmel, N. Y., in 1779.
- 1890—Dion Bouccault, noted actor, died in New York City. Born in Dublin, Dec. 26, 1822.
- 1893—The Earl of Aberdeen assumed office as Governor-General of Canada.
- 1901—Field Marshal Count Von Walderssee, commander-in-chief of the international forces in China, arrived at Hong Kong.

SANTE FE SHOWS PROGRESS.

Sends Out Demonstration of Fourteen Cars.

TOPEKA, Kan., Sept. 18.—To show the progress of American railroad building and operation for the past thirty years, the Santa Fe road today started out a demonstration of fourteen cars which will be operated over all the lines of the country between Topeka and Albuquerque. Heading the train is one of the monster Mallet locomotives recently constructed in the shops of the company in this city. Following close behind is an old style wood burning locomotive operated by the Santa Fe some thirty years ago. The train also includes the old style and the latest improved types of flat cars, box cars, coal cars, passenger coaches and cabooses.

TOO MUCH ECONOMY BAD.

Greenville Must Wait Longer for Its Public Building.

WASHINGTON, D. C.—On account of the failure of the appropriations committee of the house during the extraordinary session of the Sixty-second congress to make an appropriation of some \$200,000 for clerk hire and expenses of the supervising architect's office Architect J. Knox Taylor announced today that the erection of several hundred public buildings, appropriations for which have already been made, will be delayed from two to three years. In this list Oxford, Monroe, Hickory and Greenville, N. C., are included.

Waco Has Tallest Skyscraper.

WACO, Texas, Sept. 18.—The office building recently completed in this city by the Amicable Life Insurance company was formally dedicated and opened today. The structure is twenty-one stories high and is said to be the tallest office building in the Southwest.

Big Stakes at Detroit Meeting.

DETROIT, Mich., Sept. 18.—Detroit's second grand circuit race meeting, held in connection with the Michigan state fair, opened today and will continue until next Friday. The programme provides for twenty events, among the winners of which \$45,000 will be distributed.

Bound Over to Court.

At the preliminary hearing before Justice C. D. Rountree on Friday afternoon, Mr. W. W. Moore was bound over to Superior court in two cases, one for assault and one for selling liquor.

The Daily Reflector.

(Every afternoon except Sunday)

Six months, 1.50
One month, .25
One week, .10
Above prices apply to both mail and city delivery.

Advertising rates may be had upon application at the business office in The Reflector Building, corner Evans and Third streets.

All cards of thanks and resolutions of respect will be charged for at 1 cent per word.

All notices of entertainments for profit, whether for schools, churches, lodges or any other institution, will be charged for at the rate of one-half cent a word.

Entered at the post office at Greenville, N. C., as second class mail matter.

MONDAY, SEPTEMBER 18, 1911.

ELECTRICAL DEVELOPMENT.

The Reflector has recently been saying something along the line of electrical development and the great possibilities to come from it. The South is making great strides in this direction, and in this connection it is interesting to note that the Daily Bulletin of the Baltimore Manufacturers Record, reports the organization of a great company with a capital of \$27,000,000 to develop electricity in Georgia. Several local electric and water powers have been acquired, and starting out from Atlanta all the surrounding country is to be electrically connected and supplied with power.

North Carolina is waking up along this line, and through it can be seen the greatest development ever dreamed of. The day is coming when not only all our power for manufacturing and other work will be supplied by electricity fed from great central plants, but a great network of inter-urban trolley roads will bring all towns and communities together almost like one great city. The Piedmont section of the state, and as far eastward as Raleigh, is being covered with this electric power, and the towns and country further east offer too inviting a field to be left out. It is coming down this way and we should get in line for it.

In the hereafter the ice king will wish often that he had a few blocks to get himself on cold storage, while the coal baron will wish the supply of fuel would hurry and give out. They both will have occasion to recall how back here on earth they let the poor melt for want of ice and freeze for want of coal.

A long between seasons strip of weather, in which there will be little use for the ice man and no use for the coal man, would help out conditions greatly and make a better prospect for something being left for Christmas.

With sugar so high the preserve crop will likely be smaller than usual.

What Newspapers and a Board of Trade Can Do.

What can be accomplished toward the progress of a city by a live commercial organization working in conjunction with hustling newspapers is well exemplified in the city of Charlotte.

That Charlotte is taking the lead over all the other cities in the state and fast becoming one of the leading cities of the Piedmont section cannot be disputed. Without any special industrial or commercial advantages—in fact with many commercial and industrial disadvantages—Charlotte has undergone a phenomenal development. When the

Not a Word of Scandal.

W. P. Spangh, of Manville, Wyo., who marred the call of a neighbor on Mrs. said: "she told me Dr. Kink's New Life Pills had cured her of obstinate kidney trouble, and made her feel like a new woman." Easy, but sure remedy for stomach, liver and kidney troubles. Only 25c at all druggists.

cause for this development is sought. It is not hard to find. It lies in the progressive spirit of the residents, lead by the newspapers in conjunction with the commercial organizations.

Less than five years ago a score or more of young business men of Charlotte banded themselves together to promote the industrial development of the city. They formed the Greater Charlotte Club. Their efforts were discounted at first, and they met discouragement of every kind for several years. They persisted and today their work is bearing fruit many fold. At the time of the organization of the club Charlotte was undergoing a quiet growth in population such as other cities of North Carolina are now undergoing. The club, aided by the newspapers, began to herald abroad the advantages of the Queen City and instead of being known as the rural village where the Mecklenburg Declaration of Independence was signed, Charlotte began to be looked upon as the metropolis of the state. Once this idea got abroad, it was not long until Charlotte began to take unto itself some of the attributes of a metropolis. These attributes have steadily grown in number and increased in dimension until the visitor to Charlotte today is kept awake nights by the noise of construction work on new business buildings which the people of the Queen City allege cannot be made to mount skyward fast enough by daylight. There are many other signs of progress that are impressed upon the mind of the visitor also, and before leaving if he does not think that it is the most progressive town to be found in several states it is not the fault of the people who live there.

All of which is to say that Durham might be made to travel faster on the road which Charlotte is travelling if business men would get together in a more wide awake boosting organization. Durham has more capital and natural resources on which to base her growth along industrial lines than Charlotte has or will have for many years. The only difference is that the people of Durham do not let the outside world know about the advantages.—Durham Sun.

And the same thing applies to other towns.

Bailey's Retirement.

Senator Bailey's asserted intention not to seek re-election to the United States senate from Texas has caused widespread comment. He has for some time been one of the most criticised men in America.

"With still eighteen months to serve it is extremely doubtful if he could retain his seat for another term. Like Senator Hale, of Maine, last year, and probably from the same misgivings, he displays discretion in not courting defeat," says the New York World.

"At no time would Senator Bailey's retirement have caused less regret throughout the country. His public career has been disappointing. When he entered the house in 1891 at the age of 28, he immediately commanded attention. Of handsome appearance, a facile and forceful speaker, who passed for an orator, with gifts of intellect of an unusual order, he was altogether a brilliant and attractive figure. At thirty-four he was the nominee of the Democrats for speaker of the house. In 1901, at the age of thirty-seven, he was elected to the senate, a promotion fully justified by his talents and his record.

"For the last ten years Bailey's reputation has been steadily crumbling away. In 1907 he had a hard and bitter fight for re-election to the senate, that promised a harder one next year if he had not given timely notice of withdrawal from public life.

"By the lack of sincerity Senator Bailey has trifled away his opportunities. At a critical moment he wanted the courage and the conscience to be frank with his constituents in regard to his private relations with Standard Oil interests: With what looked like sheer perversity he made himself a constant embarrassment to his party in principle, he espoused the worst causes, made himself Lorimer's leading advocate and voted for excessive protection when the tariff was under revision."—Norfolk Ledger-Dispatch.

Help Enforce Prohibition.

If you want to see North Carolina's prohibition law respected as it should be, even by its enemies, then let its friends get in after the blind tigers and put them out of business. If our officers are careless about enforcing the law, then get in after the officers and make them do their duty or put them out of office. But if, on the other hand, they are disposed to do their duty, give them all the support

and backing they need. If the friends and advocates of law can not be depended upon to help enforce it, to whom are the officers to look for support when the test comes? Don't criticise them when they have tried to enforce the law, but have fallen short of what you may have expected or demanded of them, but give them only the more loyal and earnest support and thereby encourage them to a more diligent and faithful performance of duty. Her ein North Carolina we are too much given to depending altogether upon the officers to enforce the law while we stand off and criticise instead of backing them. This is one reason why there are so many unpunished violators of the prohibition law in our state.—Henderson Gold Leaf.

A Dreadful Sight.

to H. J. Barnum, of Freeville, N. Y., was the fever-sore that had plagued his life for years in spite of many remedies he tried. At last he used Bucklen's Arnica Salve and "write: "It has entirely healed with scarcely a scar left." Heals Burns, Bolls, Eczeme, Cuts, Bruises, Swellings, Corns and Piles like magic. Only 25c at all druggists.

OUTWITTED OFFICERS.

Hid in River and Breathed Through a Quill—Still Doing Business.

A Fee county moonshiner who had been up to Siler City (Ike London's town) to dispose of his sawpaw to thirsty Chathamites and who was leisurely returning home found himself pursued by a band of revenue officers. In his flight for safety he soon stumbled upon the northern bank of Deep River. There was no bridge or boat in sight; he could not swim, Uncle Sam's men were close behind him, and he knew that if he let the officers catch him Judge Connor's court was ahead of him and he would probably have to wear stripes the balance of his days. Ben Hur in the heat of the chariot race with the Roman never made his plans more quickly or executed them more effectively than did this dispenser of Lee county corn juice. Somebody who had smacked his lips over his moonshine betrayed him but he would outwit the whole layout. With his knife he hastily cut one of the reeds that grew on the bank of the river. Then he stopped up his ears and nostrils with wet clay from the margin of the stream, took the reed into his mouth and waded out into deep water, where he remained submerged, with upturned face, but allowing the upper end of the reed to project above the surface. On came the revenue officers, following the moonshiner's track to the brink of the river. The officers remained waiting on the river bank for half an hour, but no sign of the moonshiner appeared. They concluded at last that he was a sorcerer who had vanished into thin air. Then they disappeared and the moonshiner, who had been under water all this time, breathing through his reed, came out. He managed to keep under cover and make his way back to a more comfortable place of safety in Lee.

No Need To Stop Work.

When your doctor orders you to stop work, it staggers you. "I can't you say. You know you are weak, run-down and failing in health, day by day, but you must work as long as you can stand. What you need is Electric Bitters to give tone, strength and vigor to your system, to prevent breakdown and build you up. Don't be weak, sickly or ailing when Electric Bitters will benefit you from the first dose. Thousands bless them for their glorious health and strength. Try them. Every bottle is guaranteed to satisfy. Only 50c at all Druggists

Social and Personal

D. J. Wheeler, Jr., Reporter

Miss Annie Thomas, of Florida, came in Sunday to visit her mother, Mrs. A. B. Thomas.

Mr. J. R. Whichard, of Atlanta, came in Saturday evening to be present at the funeral of his mother, Mrs. V. H. Whichard.

Prof. W. H. Ragsdale and H. B. Smith, Dr. R. L. Carr and Mr. W. L. Brown left Sunday morning for Durham to serve as pall-bearers at the funeral of Miss Jennie Herndon. They returned Sunday night.

Mr. E. G. Thomas spent this morning in Farmville.

Misses Lucile Cobb, Mary Shelburn, and Rubelle Forbes returned this morning from Arthur.

Mr. J. B. James left this morning for Elizabeth City.

Mr. E. V. Smith left his morning for Edenton.

Mr. W. L. Barnhill has accepted a position at White's drug store.

Mrs. S. F. Worthington, of Winterville, is visiting Mrs. Alice Vincent.

Mr. Conrad Lanier has returned to Chapel Hill, where he will attend the University.

Mr. J. L. Starkey has returned from a visit in Wilmington.

Mr. B. G. Abeyounis left Sunday for the northern markets to purchase new fall goods.

Miss Roland Jenkins spent Sunday at Hassells.

Mr. and Mrs. B. F. McLemore spent Sunday at Hogwood.

Mr. Jesse Hill left Sunday afternoon for Durham to accept a position on The Durham Sun.

Rev. C. B. Mashburn, pastor of the Christian church at Farmville, concluded a meeting at Old Ford church in Beaufort county, Sunday night with 38 additions. He spent a while here between trains today en route to Riverside church in Craven county, to conduct a meeting there.

Mrs. W. J. Boyd and little daughter, of Ayden, came up this morning to visit relatives.

Dr. W. D. Morton, of Rocky Mount, was here today.

"THIS IS MY 52ND BIRTHDAY."

Gilbert M. Hitchcock.

Gilbert M. Hitchcock, the Omaha editor and former member of congress was born in Omaha September 18, 1859. He was educated in the public schools of his native city, supplemented by two years' study in Germany and a law course at the University of Michigan, from the law department of which he graduated in 1881. For four years after his admission to the bar he engaged in the practice of law in Omaha. In 1885 he established a daily newspaper in that city and ever since has been its editor and publisher. Mr. Hitchcock has been active in politics for many years and has long been one of the leaders of the Democratic party in Nebraska. He was elected to the fifty-eighth congress, defeated for reelection to the fifty-ninth, elected to the sixtieth congress, and re-elected to the sixty-first congress, from which he retired last March.

Death of Mrs. Hanrahan.

Mrs. Sarah Hanrahan, the widow of the late W. H. Hanrahan, died at her home, Pleasant Hill, near Grifton, N. C., Friday, 15th. The remains will be brought to New Bern this afternoon to be interred in Cedar Grove cemetery tomorrow, Sunday. The deceased was a Sainly Christian woman of venerable age, and a devoted communicant of the Episcopal church.—New Bern Sun.

Mrs. Hanrahan was the widow of W. H. Hanrahan, and was a Miss Worthington, of a prominent family. She is the last in the county to bear the name.

Funeral of Mrs. Whichard.

The funeral of Mrs. V. H. Whichard who died Saturday morning, took place Sunday afternoon in Cherry Hill cemetery and was attended by a large number of friends and relatives. The service was conducted by Rev. C. M. Rock, assisted by Rev. C. C. Ware. The pall-bearers were Messrs. C. W. Hearne, F. M. Wooten, R. C. Flanagan, O. L. Joyner, Charles Cobb, G. E. Harris, J. J. Harrington, W. B. Wilson, R. L. Humber, A. L. Blow, B. B. Sugg, J. C. Tyson and J. L. Starkey.

Library Hours.

The hours for the opening of the public library have been changed to between 4 and 6 p. m., same days as heretofore.

Late Melons.

We do not recall a year in which so many fine watermelons were coming in as late in the season as now.

Literature that improves the mind is what people want their children to read because they never would themselves.

John Robinson's circus is heading this way and will be along some time in October.

A Baby Camel.

The Mighty Haag Railroad shows have the youngest living baby camel in captivity today, having been born in winter quarters at Shreveport, prior to the shows leaving there. The baby without doubt is the finest specimen of Siberian camel that can be found in America today. The camel has been named after General Lee, and bids fair to have as tender a spot in the hearts of the amusement going people as did its name-sake in the hearts of the American public.

When visiting the Mighty Haag Railroad shows, which exhibit at Greenville, September 29th, don't miss seeing the baby camel.

Two With Appendicitis.

Last week Mr. Heber Barber was taken to a hospital in Washington for an operation for appendicitis.

Miss May Best was also taken with appendicitis last week, and her condition became so serious that she was carried to Washington Saturday night for an operation.

Big A. C. L. Strike.

Between 350 and 375 members of the Car Workers union at the A. C. L. shops walked out at 9 o'clock this morning. The men at the Florence shops went out yesterday, went back to work this morning and went out again immediately afterwards. Union leaders say that by nightfall the walk-out will have extended over the entire A. C. L. system. The men say there will be a general strike unless their demands are granted.—Rocky Mount Record.

Forced to Leave Home.

Every year a large number of poor sufferers, whose lungs are sore and racked with coughs, are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. R. Nelson, of Calamine, Ark., when all else failed and I gained 47 pounds in weight. Its surely the king of all cough and lung cures." Thousands owe their lives and health to it. Its positively guaranteed for Coughs, Colds, LaGrippe, Asthma, Croup—all Throat and Lung troubles. 50c & \$1.00. Trial bottle free at all druggists.

NOTES FROM THE LABOR WORLD.

Tampa, Fla., has 10,000 cigar makers.

Beginning May 1, 1912, Cleveland lathers will receive \$5 per day.

Toronto, Canada labor men may enter municipal contests next January.

Some of the diamond "cleavers" of Amsterdam receive as much as \$120 per week.

The Building Trades Council of Los Angeles is conducting a free employment bureau.

The average age at which factory employes begin work in Hungary and Spain is ten years.

Boston Stationery Firemen's union has established a school for members in general steam engineering.

The city council of Murphysboro, Ill., passed a resolution giving preference to union labor on all city work.

Nearly 60 per cent. of the steel trust employes are foreign born, and nearly two-thirds of these are of the Slavic race.

Since 1878 the Cigarmakers' International union has paid out in sick, death, strike and out-of-work benefits more than \$7,000,000.

The French minister of labor and social thrift has instituted a permanent committee for studying the indications approaching periods of industrial unemployment.

The United Association of Plumbers by an agreement entered into without friction, has established the eight-hour day at Springfield, O. This makes nine crafts in the city now enjoying the shorter workday.

Activity in trade union movements continues all over Germany in nearly all cases the men are winning, and a steady all-round advance both in the reduction of hours and in the increase of wages is practically certain.

In Los Angeles, Cal., the Garment Workers' union has more than doubled its membership within the last year and practically every union garment worker is employed, so great is the demand for the garment workers' label.

During the last ten years nearly ten thousand cracker bakers have been eliminated from the trade union movement through the tactics of the cracker trust, which is said to be financed by the same men interested in the steel trust.

An agreement has been concluded by the theatre managers and the Theatrical Stage Employers' union of Toronto, Ont., as the result of which the members of the union will receive a uniform average increase in wages amounting to 25 per cent.

The workmen's compensation laws of California and Wisconsin went into effect on September 1. They make the employers liable for any injury sustained by an employe in the performance of his duty, abolish the contributory negligence and fellow servant defenses in actions for damages brought by injured employes and provides for a system of compulsory industrial insurance. In Wisconsin nearly one hundred industrial concerns have already signified their acceptance of the law.

HELPFUL WORDS.

From A Greenville Citizen.

Is your back lame and painful? Does it ache, especially after exertion?

Is there a soreness in the kidney region?

These symptoms indicate weak kidneys;

There is danger in delay. Weak kidneys fast get weaker. Give your trouble prompt attention. Doan's Kidney Pills act quickly. They strengthen weak kidneys. Read this Greenville testimony.

J. J. Perkins, 426 Fourth street, Greenville, N. C., says: "I am confident that Doan's Kidney Pills are a good kidney medicine, and I feel justified in recommending them. My supply was obtained from the John L. Wooten Drug Co. and the results of their use showed that they can be relied upon to bring relief from kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Independence Day in Chili.

SANTIAGO, Chili, Sept. 18.—The ninety-ninth anniversary of the declaration of Chilian independence was celebrated with elaborate festivities throughout the republic today.

OSLER RIGHT; YOUTH SUCCEEDS AGE

Gray Hair is First Sign of Age. Harmless Remedy Restores to Natural Color.

Osler isn't the only man who turns down old age. In the business world the "young man" is always the one who picks plums. It is an age of "new thought," "new talent," etc., and the old man is passed by in the race.

One of the first signs of coming age is the appearance of gray hairs. When you see them, act promptly. Weyth's Sage and Sulphur Hair Remedy will correct this sign, which so often deceives people into thinking that age is really upon them. It is a well-known fact that Sage and Sulphur will darken the hair. Weyth's Sage and Sulphur combines these old-time remedies with other agents, which remove dandruff and promote the growth of the hair.

The manufacturers of this remedy authorize the druggist to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, MOYER'S PHARMACY.

Partridge Adopted Chicks.

Mr. Timothy Vanderford, who lives on Dr. Morrison's place two miles west of town, found in his meadow several days ago a mother partridge tenderly hovering over two small chicks, and when the burly man came in close range, the mother-bird began a terrible fluttering and issued defiant sounds from his little throat, until after the little biddies had been caught. The chicks were taken to the house, and it is said that the bird followed them and visits their little prison—for they were so wild that cooping was necessary to keep them on the barn-yard premises. The chickens are about five weeks old, and cannot be accounted for as to how and why the bird adopted them.—Mooreville Enterprise.

Scotland and Township Plan.

This is the way it is going all over the state. Says the Wilmington Star: "Laurel Hill township, Scotland county, sets the pace for voting bonds to build good roads. The Laurinburg Exchange of Thursday, states that on Tuesday a \$50,000 bond issue carried almost unanimously at a special election. Only three votes were cast against progress. All the Scotland townships have now voted road bonds, the aggregate issue being \$130,000. It would be useless to compliment the people of Scotland for their progressiveness. Their enthusiasm for improved highways, backed by township issues of from \$20,000 to \$50,000 in all townships, speaks for itself. Scotland is a magnificent county, and its good roads will make it an ideal county." First thing you know Scotland will be up with Iredell, and Iredell leads the state as a bond voting county.—Charlotte Chronicle.

No, Cordelia, hospitality isn't necessarily dispensed in the free ward of a hospital.

The best part to a girl of being kissed by a man is not letting him so he'll do it again.

School Notice.

Next Saturday and next Monday, September 16th and 18th, I shall be in the office of the graded school to classify new pupils and assign them to the grades.

I urge all persons who expect to enter their children for the first time to bring or send their children for classification on Saturday or Monday. No pupils can be classified on Wednesday, the date of opening.

This notice does not apply to beginners in the first grade.

H. B. SMITH,

Superintendent of Schools.

September 13, 1911. 9 18

Rheumatism Yields to MILAM

Read The Proof: Former U. S. Postmaster Recommends Milam.

Gentlemen—My niece suffered for many years with a trouble pronounced by her physicians as Uric Acid Rheumatism, and although he treated her, she never obtained relief. Being well acquainted with MILAM and knowing it had been used successfully very frequently in similar cases, I determined to put her on it. She took six bottles with the happiest results. I regard her as being entirely relieved, and will always take pleasure in recommending MILAM for Uric Acid troubles.

Yours truly, C. T. BARKSDALE

Danville, Va., July 18, 1910.

Spent \$3,000 on Rheumatism.

Norfolk, Va., July 23, 1910. About five weeks ago I was induced to take Milam for an aggravated case of Rheumatism, for which I had spent over \$3,000 for all known remedies and tried many doctors, went to Hot Springs, but received no benefit whatever. For fifteen years I have been a sufferer, each spring I have been in bed and incapacitated for work until this spring, which I am glad to say, I have been attending to my business, feel fine, splendid appetite, and feel confident that I will be a cured man from Rheumatism.

I wish to say that Milam has done all you claim it will do in my case, so far, and I look forward to a speedy recovery, and would not take five times the amount of the price of the medicine for what it has done for me so far.

Yours very truly, C. H. WADE

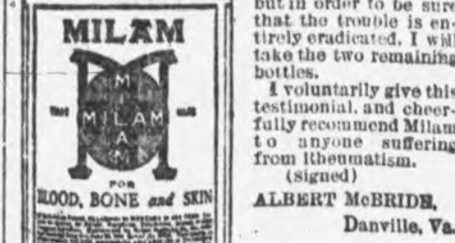

Business, Cor. Church and Lee Streets

Rheumatism Entirely Gone.

I was a great sufferer from Rheumatism and decided to try MILAM. I bought six bottles, and am now on my fourth bottle. I can truthfully say that I have never taken a medicine that has done me as much good. My Rheumatism is entirely gone, my complexion is greatly improved and my appetite good—in fact, I have not felt so well in a long time. I would not take \$50.00 for the good your medicine has done me, but in order to be sure that the trouble is entirely eradicated, I will take the two remaining bottles.

I voluntarily give this testimonial and cheerfully recommend Milam to anyone suffering from Rheumatism. (Signed) ALBERT McBRIDE, Danville, Va.

IT'S Guaranteed Ask the Druggist

Foxhall Pleases Them Every Day.

One of the best pleased bunch of tobacco farmers that has been seen on the tobacco market in many a day was at the Star warehouse today. Although Monday is considered an off day, and there is not usually very much tobacco on the market, Foxhall said nearly 30,000 pounds, and, not a patron of this house was heard to complain at prices. Several farmers were heard to remark that Foxhall never seemed better pleased himself than when he was pleasing his customers. He has certainly done this on his sales this year, and the way the farmers are taking their tobacco to the Star is evidence that they look upon him as their friend.

Massachusetts Labor Federation.

HAVERHILL, Mass., Sept. 18.—Representatives of the various trades unions throughout the state, and in large numbers, were assembled in this city today, when the Massachusetts branch of the American Federation of Labor opened its annual convention. The convention will continue its sessions until all of its business is concluded, which will probably be late in the week.

Grandfather Clause Hearing.

ENID, Okla., Sept. 18.—The so-called "grandfather clause" cases were called for hearing today before Judge Cotter in the Federal court. The defendants are Jack Beall and Jack Guinn, of Kingfisher county, who are under Federal indictment for refusing negroes the right to vote for congressmen at the last election by enforcing the grandfather clause provision of the state constitution against them.

SALE OF REAL PROPERTY.

North Carolina.—Pitt County. In the Superior court, before D. C. Moore, clerk.
E. E. McLawhorn, Benj. J.)
Cash and wife, Laura V.)
Cash, C. E. McLawhorn,)
Joseph Tripp and wife,)
Bessie Tripp,)
vs.
Lena May McLawhorn,)
Bethra E. McLawhorn,)
and L. R. McLawhorn.)
By virtue of a decree of the Superior court of Pitt county, made by D. C. Moore, clerk, on the 16th day of September, 1911, in the above entitled special proceeding, the undersigned commissioner, will, on Monday, the 16th day of October, 1911, at 12 o'clock, noon, expose to public sale, before the court house door in Greenville, to the highest bidder, for cash, the following described tract or parcel of land, to-wit: The first tract situate in Contentnea township, Pitt county, North Carolina, adjoining the lands of Luke McLawhorn, Theophilus Slaughter, W. H. Williams, and others, containing 60 acres, more or less. The second tract lying and being in Beaver Dam township, Pitt county, adjoining the lands of Ruel Willoughby, George Hemby, Robert Cobb, and others, and containing 37 1-2 acres, more or less. This sale will be made for the purpose of making partition among the heirs-at-law of J. R. McLawhorn.
This the 16th day of September, 1911.

9 18-1td-3tw. Commissioner.

NOTICE TO CREDITORS.

Having qualified before the Superior court clerk of Pitt county as administrator of the estate of Dr. G. F. Thigpen, deceased, notice is hereby given to all persons indebted to the estate to make immediate payment to the undersigned; and all persons having claims against the said estate are notified that they must present the same to the undersigned for payment on or before the 18th day of September, 1912, or this notice will be plead in bar of recovery.
This 18th day of September, 1911.
ROBERT STATION,
Administrator of G. F. Thigpen.
S. J. Everett, Atty. 9 18-1td-5tw
Perhaps no man is as big a coward as his wife imagines he is.

Killed Negro in His Yard.

GREENSBORO.—David Settle, the youngest son of the late Judge Thomas Settle and one of the best known farmers of Guilford, is being held in custody of Guilford county authorities pending a full investigation and explanation of circumstances leading up to and attempting the death of Bob Allen, a negro, whose body this morning lies within an arm's length of the front door of Settle's bachelor quarters, 12 miles from Greensboro. Settle made several contradictory statements about the killing. To Sheriff Jones he said over the telephone that he had killed a man "mostly intentionally;" to another he said the negro had shot himself and to others he said he killed the negro in self defense. It is not believed that the deceased was armed. Allen was a tenant of Settle's farm and lived with his father-in-law, Sol Noal, another tenant.

President Taft in Michigan.

DETROIT, Mich., Sept. 18.—Michigan welcomed President Taft today with genuine cordiality. The presidential train reached Detroit shortly before 7 o'clock this morning and despite the early hour a large crowd was on hand to catch a glimpse of the nation's chief executive. The car was immediately switched around the city and taken to Pontiac where the president delivered a short address and then returned to Detroit to attend the opening of the Michigan state fair. At luncheon the president was the guest of the Detroit commercial bodies. A ride about the city occupied the remainder of the afternoon.

McNamara Unavoidably Absent.

MILWAUKEE, Wis., Sept. 18.—For the first time in eight years, J. J. McNamara, the international secretary, was not on hand when the International Bridge and Structural Ironworkers' Union met in annual convention in this city today. The convention will adopt strong resolutions in the case of McNamara, who is in jail in Los Angeles on dynamiting charges, and will take steps also to aid in the defense of the accused man and his associates who are to be placed on trial next month.

Noted Author is 84.

BOSTON, Mass., Sept. 18.—John T. Trowbridge, whose famous old poem on "Darius Green and His Flying Machine" has just been republished, quietly observed his 84th birthday anniversary today at his home in Arlington. He was born in New York state, taught school in Illinois when a young man, but came to Boston in 1848 to do journalistic work, and has been writing ever since. Mr. Trowbridge is the only survivor of New England's famous group of authors and poets, which included Whittier, Holmes, Emerson, Lowell and Longfellow.

Nebraska Bankers Meet.

OMAHA, Neb., Sept. 18.—The Nebraska Bankers' association began its annual meeting in Omaha today with a large representative attendance of bankers and financiers from all parts of the state. The prominent speakers to be heard during the two days' session include Virgil M. Harris, of St. Louis, and Col. Fred E. Farnsworth, secretary of the American Bankers' association.

Junior Golf Championship.

NEW YORK, Sept. 18.—The first junior championship of the Metropolitan Golf Association will be held on the links of the Country Club at Plainfield, N. J., tomorrow. The tournament is open only to boys 17 years old and under, who are members of or have playing privileges at clubs belonging to the Metropolitan Golf Association.

FARMS FOR SALE.

The R. G. Chatman farm on Creeping Swamp, Pitt county, containing 350 acres.
The Dennis Smith farm, on Indian Well Swamp, Pitt county, containing 349 acres.
Two tracts 60 acres each on Indian Well Swamp, Pitt county.
Also several farms in Craven county running from 50 to 2,000 acres, nicely located. Any of the above mentioned farms can be bought for cash, or deferred payments, or will trade for smaller farms. If not sold, will rent.

Up in Boston.

Five election officials in Boston—think of that—refused to serve unless a negro official should resign. How the glory of New England has departed. It was their proud boast that the just and liberty-loving people of that section entertained no such narrow and unfair sentiments as those held by the benighted South.—Ex.

DON'T SUFFER WITH Neuralgia

when a 25 cent bottle of Noah's Liniment is guaranteed to drive this terror away—or money refunded. At the first twinge, applied as directed, Noah's Liniment will give immediate and effectual relief. It quiets the nerves and scatters the congestion, penetrates and requires very little rubbing.

Noah's Liniment is the best remedy for Rheumatism, Sciatica, Lame Back, Stiff Joints and Muscles, Sore Throat, Colds, Strains, Sprains, Cuts, Bruises, Colic, Cramps, Neuralgia, Toothache, and all Nerve, Bone and Muscle Aches and Pains. The genuine has Noah's Ark on every package and looks like this out, but has RED band on front of package and "Noah's Liniment" always in RED ink. Beware of imitations. Large bottle, 25 cents, and sold by all dealers in medicine. Guaranteed or money refunded by Noah Remedy Co., Inc., Richmond, Va.

A tantic Coast Line

The Standard Railroad of the South Ramifies the "Nation's Garden Spot" through the States of Virginia, North Carolina, South Carolina, Georgia, Alabama, and Florida

Four Famous Trains: "New York and Florida Special." (January and April) "Florida and West Indian Limited," "Palmetto Limited," "Coast Line Florida Mail."

Dining cars—a la carte service. All year around through car service from New York to both Port Tampa and Knights Key, connecting with steamships to and from Havana.
