UNIVERSITY PRESI-DENT INSTALLED

AT REGULAR OCTOBER MEETING. EXERCISES TAKE PLACE TODAY.

With Address by Mayor Roberts.

BURLINGTON, Vt., Oct. 6.-Burlington in all her history never saw ers met on the first Monday with all such an assemblage of distinguished men and women as was here today BEEN PASSED THROUGH to attend the inauguration of Dr. Guy Potter Benton as president of the University of Vermont. One hundred or more of the prominent colleges of the United States and Canada sent their representative scholars to do honor to the man selected to succeed the late President H. H. Buckman, and to carry the policies of that distinguished educator to their supreme fulfilment; some of the foremost scientific and learned societies of America sent distinguished delegations; alumni, who have made their mark in business and professional circles, returned once again to bid god-speed to alma-mater on the academic journey she is about to make under a new guiding hand. Altogether it was a most memorable day in the annals of a historic town and a historic

The programme for the day began this morning with an address of welcome by Mayor Roberts, and was followed by the presentation of messages of greeting from the many educational institutions represented. When these formalities were concluded the assemblage listened to brief addresses delivered by a number of the noted educators present. Prof. Norman W. DeWitt, of the University of Toronto, spoke for the foreign universities, and President William O. Thompson, of Ohio State University, presented the greeting of the state universities. Among the other prominent speakers were the following: President Arthur T. Hadley, for the Association of American Universities; W. W. Jordan, for the agricultural and mechanical colleges and experiment stations; Dr. Andrew F. West, of Princeton, for the universities of the east; President Edmund J. James, of the University of Illinois, ident John N. Tillman, of the University of Arkansas, for the universities of the South; President William A. Shanklin, of Wesleyan University, for the universities of New England; President John H. Finley, of the Col-Harry A. REVIVAL SERVICES AT

The Program Began This Morning Four New Files Were Found in Their The Congregation Continues to Grow Cell

WINDOW

A Wall Should be Built Around The Jail That Will Prevent Any Com-Their Friends on The Outside,

Pitt county has a new jail, possibly one of the handsomest and best constructed prison buildings in the state. This prison has been in use only about a month, yet there has been an attempted breaking out on the part of the prisoners that came near being successful.

Thursday Sheriff Dudley discovered that the fastening to one of the cells was cut nearly in two. He asked the prisoners about this, but of course none of them knew anything about it. This did not satisfy the sheriff, and when he made a search of the cell he found four new files. These files had been passed through a window to the prisoners by some one on the outside.

The county has spent considerable money building this modern jail, and now enough more ought to be spent to enclose the jail with such a wall as will prevent any access or communication with prisoners by persons on the outside. Some days ago a man passing the jail saw a man standing by a window talking to the prisoners. The window was raised and bars permitted sufficient space for hands to be reached between them, and tools or weapons could be given the prisoners in this way. The Reflector spoke of this at the time and said that no one should be allowed access to or communicate with a prisoner in the jail except in the presence of an officer.

A jail is intended as a place to keep the prisoners confined in safety, but no jail is going to hold them if they way out. This new jail ought to be enclosed with a wall high enough of the windows. The jail, matters not how good a building it is, will not lege of the City of New York, for city be safe until this step is taken, or colleges and universities; President some officer stays in or about the

THE CHRISTIAN CHURCH

Larger Each Night.

An audience that comfortably filled the auditorium heard Mr. Boblitt preach again at the Christian church last night on the old and interesting subject, "Young Jen Gone Wrong." Mrs. C. C. Ware sang "Where is My Wandering Boy Tonight," which was a most appropriate accompaniment of munication With Prisoners From the sermon and produced a very visible effect in preparation for the ideal, and the evangelist being in splendid physical condition, both preacher and audience were at their best. The Scripture lesson of the evening was the familiar account of the prodigal son, found in Luke, 15th chapter. The text was Lu. 13:3-Except ye repent, ye shall all in like manner perish." He said that the burden of the messages of great preachers of all times had been repentance, for instance, Jesus, Himself, in His own preaching and in His commission to the Seventy, John the Baptist, in the wilderness and before Herod, John Knox, before Queen Mary, of Scots, and Savanoralo, before the Florentines. He said that many people could not understand the true nature of repentance because they had no proper conception of sin. Sin was explained as rebellion against God, proceeding from the heart, debasing life, receiving death wages, and in its very nature calls for condemnation from God and man. Salvation through Jesus Christ meets and conquers the power of sin. Repentance is vastly important in God's plan of salvation because it purifies the heart and leads to a changed life. Repentance stands between faith and action, and is not mere sorrow, not even Godly sorrow, for the Bible says "Godly sorrow worketh repentance" and we ought to confuse cause with effect. Repentance is clearly defined as a change of will determined by Godly sorrow for sin, leading to a changed life. A man may have seemed to ing, for the sake of policy, or business, or material advantages, but and strong enough to prevent any that such a reformation had a false Northbound. person on the outside getting to one basis. He mentioned various hindrances of repentance, as vanity, selfsufficiency, love of sin, delusiveness of sin, and procrastination. He com- Eastbound. mended such motives for repentance 1:09 a. m. as, gratitude toward God, considerateness toward those who have "pass-TABLET TO FIRST PRESIDENT. ed over the river," and conviction of sin and the righteous judgment of God. The evangelist then gave a lengthy, thrilling account of the ex-

> The evangelist and pastor were gratified with the attendance last night, and they confidently expect to see larger crowds still, as everything seems favorable to a real revival. The ladies are quite generally complying with the evangelist's request to come without hats, and the congregation is responding more liberally in the song services. The subject tonight is Miss Vernessa Smith will sing tonight. Miss Vernessa Smith will ing tonight. A warm welcome is extended everyone who will attend.

George Westinghouse 65 Years Old.

BULLETIN ISSUED ON COTTON DISEASE

NUMBER 6250

ANOTHER VERY STRONG SERMON IMPORTANT TO COTTON FARMERS

Disease Carried From Season to Season on Seed of Infected bolls.

The North Carolina agricultural experiment station has issued the following bulletin with regard to a serious cotton disease:

There is a disease of cotton which is yearly attracting increased attention throughout the cotton belt. It is known as cotton anthracnose.

It is most easily recognized when on the boll, where it forms ulcersermon to follow. The weather being like spots, which, as they age, become pink in the centers. The spot may enlarge so as to affect the whole ball. The diseased part of the boll usually fails to open and often the contents rot. Enquiries from various sections of the state are being received almost daily at the experiment station concerning the disease. It has also been especially severe in Alabama and Georgia during recent years, so severe in the latter state that the legislature has made a large special appropriation for its investigation.

Although the disease is seen and re ognized more prominently in the bolls, it also occurs on the leaves and stems. Cotton growers should know that this disease is carried from season to season on the seed, and that seed from a sick boll, even though very slightly diseased, may raise a diseased plant, and this in turn may spread the disease to the whole crop of the next season. There is no satisfactory treatment, and the one point to be remembered is that seed from diseased fields is likely to carry the disease, in fact, almost sure to do so. Even seed from clean fields which has passed through a gin in which diseased cotton has been ginned is dangerous. It is of utmost importance for the grower to be sure that his cotton seed does not come from a field or from a region where this disease prevails.

"THIS IS MY 73rd BIRTHDAY." Bishop Gabriels.

Rt. Rev. Henry Gabriels, Roman Catholic bishop of Ogdensburg, N. Y., who recently celebrated the golden jubilee anniversary of his ordination to the priesthood, was born in Wannegem, Belgium, October 6, 1838. His early education was received in the public schools of his native place. Later he attended academies in Audenarde and Ghent, and completed his studies at the celebrated theological school of Louvain, from which he was graduated in 1864. The same year he came to America to accept a place on the faculty of St. Joseph's Seminary at Troy, N. Y. Here he remained as a professor theology until 1871. In that year he became president of the seminary and continued to direct its affairs until 1892, when he was chosen bishop of Ogdensburg. Bishop Gabriels is the author of a book on Pubrics and of a well-known translation of "Rudiments of Hebrew."

ALBERMARLE PRESBYTERY AT FALKLAND CHURCH

JUST CLOSED A GOOD SESSION.

A Strong Minister to be Secured for Greenville Church-

Several ministers were here this morning en route to their respective homes after attending the sessions of Albemarle Presbytery, held this week with the church at Falkland.

There were twelve ministers, nine lders and a large number of visitors at the Presbytery. Rev. J. F. Coleman was moderator and the opening sermon was preached by Rev. J. C. Shive, of Wilson.

The Greenville Presbyterian church was placed under the same synod committee that has in charge the Chapel Hill church. This committee looks after getting the strongest men to fill churches in towns where state insti-

tutions are located. Rev. Robert King, of Richmond, was admitted to the Presbytery. He will supply the churches at Falkland, Fountain and Bruce once a month.

An elders and deacons meeting will be held in Wilson, November 14th.

Off to Association.

A large number of people were on the Norfolk Southern train this morning going to a Primitive Baptist Association at Sandy Grove church in Beaufort county.

Look at Your Date.

Reader, look at the date after your name on the margin of this paper and see if it is not time you were coming after a subscription receipt. The Rev. J. H. Shore went to Kinston date ought to be a sufficient reminder without the necessity and expense of mailing you a statement. Help us give you a good paper by making prompt payment.

It's Equal Don't Exist.

Home Comfort Assured by Using Cole's Original Hot

It means comfort and health for you and your family to have comfortable living rooms-We want to sell you one of these truly marvelous heaters—

We know it will give you more home comfort for the money you spend for fuel than you have ever had before-

The same comfort you would get from the most costly Hot Water or Steam Heating Plant you could buy. And besides—Cole's Hot Blast Heater is better because you can regulate it perfectly—

Cole's Hot Blast Heater gives a steady even heat day and night using for fuel the cheapest grades of soft coal. It is as clean as the highest priced Hard Coal Heater and costs you less than half the money—costs less than half to operate throughout the winter because your fuel bill will be cut in two. Surely this is the Heater you want and will have this winter.

This Original Hot Blast Stove has patented features which insure an everlasting air-tight and gas-tight construction. No leaky stove will hold fire—remember that.

Cole's Patented Hot Blast Draft insures perfect burning of the gases in coal which makes this heater the greatest fuel saver ever known. Soft coal is half gas and is wasted with other stoves.

We are authorized by the Cole Manufacturing Co. to sell this heater on the most rigid guarantee ever made by any stove manufacturer. The Remarkable Guarantee is-

"1-A saving of one-third in fuel over any lower draft stove of the same size, with soft coal, slack or lignite.

"2-That Cole's Hot Blast will use less hard coal for heating a given space than any base burner made with the same size fire pot.

"3-That the rooms can be heated from one to two hours each morning with the soft coal or hard coal put in the stove the evening before. "4-That the stove will hold fire with soft coal from Saturday night until Monday morning.

"5-A uniform heat day and night, with soft coal, hard coal or lignite. "6-That every stove will remain absolutely air-tight as long as used.

"7-That the feed-door is and will remain smoke and dust-proof. "8-That the Anti-Puffing Draft will prevent puffing.

"All we ask is that the stove shall be operated according to directions and connected with a good flue. "(Signed) COLE MANUFACTURING CO., Not Inc." 'Makers of the Original Patented Hot Blast Stove.)

Think what this economy of fuel means to you. Think of the comfort—no kindling or rebuilding of the fire in the morning. Simply open the draft. You live in an even temperature which means health to your family. - Uneven temperature means colds or worse.

Burns any kind of fuel-Soft Coal, Hard Coal, Slack, Lignite or Wood. Over 60,000 of Cole's Hot Blast Heaters sold during the year of 1909. Come in at once and make your selection.

All Sizes--Price is \$12.00 and Upward According to Size and Finish

Handsome, Durable. Economical and the most heater made.

Ladies', Misses' and Junior Suits and Coat Suits

THE LATEST AND NEWEST FALL STYLES

Our new fall styles of suits and coats are now here, exclusive and classy. Severely plain tailored, and also fancy trimmed, in all the newest fabrics, plain serges, fancy serges, mannish effects, and fancy mixt: res, in all the prevailing shades. Averts Awful Tragedy.

Timely advice given Mrs. C. Willoughby, of Marengoa Wis., (R. No. 1) prevented a dreadful tragedy and saved two lives. Doctors had said her frightful cough was a "consumption" cough and could do little to help her. After many remedies failed, her aunt urged her to take Dr. King's New Discovery. "I have been using it for some time," she wrote, "and the awful cough has almost gone. It also saved my little boy when taken with farm for rent to person who can a severe bronchial trouble." This matchless medicine has no equal for throat and lung troubles. Price 50 cents and \$1. Trial bottle free. Guar-

Eczema of 26 Years Standing Cured.

The Milam Medicine Co , Danville, Va. Dear Sirs—In January last I wrote you regarding MILAM. You said you would cure me or refund the money. Well, you can keep it all My face is entirely well. I feel better than I have in years in any way. Am finishing up my 6th bottle now, and think after 26 years of Eczems am cured. With best wishes.

Psoriasis-A Vilolent Form of Eczema

Milam Medicine Co., Danville, Va.

Gentlemen—I have been afflicted with a torturing skin disease pronounced by the physicians to be "Psoriasis," and have had it for teryears. No treatment of the physicians ever relieved me, and I continued to grow worse and was unable to do my work. By the advice of my physician I commenced to take Milam on March 8th last. I am now far on the road to recovery and feel that I will be entirely cured. I am now at work and feel no inconvenience from it.

"I take great pleasure in giving this certificate and think Milam it a great medicine.

Yours truly. J. W. PINCHBACK
