## THE McNAMARAS PUT ON TRIAL

### Some Facts Concerning the Los Angeles Case.

### STRONG ARRAY OF COUNSEL

#### Defendants Charged With Complicity In Alleged Dynamiting of Los Angeles Times Building That Wrecked The House and Plant and Killed Several Employees.

- \* The Defendants—John J. and James B. McNamara, members of the International Association of Bridge and Structural Iron Workers.
- \* The Charge—Complicity in the alleged dynamiting of the Los Angeles Times building, Oct. 1, 1910, resulting in the death of twenty-one men.
- \* Chief Counsel for the Prosecution—District Attorney John D. Fredericks.
- \* Chief Counsel for the Defense—Clarence Darrow, of Chicago.
- \* Number of Witnesses to Testify—Seven hundred.
- \* Estimated Cost of the Trial—\$900,000.

LOS ANGELES, Cal., Oct. 10.—Not since the trial of the officials of the Western Federation of Miners for the alleged assassination of ex-Governor Steunenberg, of Idaho, has a trial in this country excited the interest in labor circles and among the public generally as is manifested in the case of the McNamara brothers, who are about to be brought to the bar to answer for alleged complicity in the dynamiting outrage that resulted in the destruction of the Los Angeles Times building and the death of twenty-one men working there, on October 1, 1910. The long and bitter fight waged by the Times against the labor unions and their methods, the confession of Ortie E. McManigal alleging that an organized band of labor leaders made a business of destroying the lives and property of antagonistic to the labor unions, and the active and generous support given by the American Federation of Labor and other labor organizations in aid of the accused men, have fed the popular imagination and led the public to believe that the trial will result in startling disclosures.

The specific charge upon which the trial will proceed is covered by indictment number 6,946, relating to the death of J. Wesley Reeves, an employee of the Times at the time the building was destroyed. The eighteen other indictments will be set over pending the trial for the alleged murder of Reeves, who was private secretary to the general manager of the Times.

The lines of battle planned by Clarence J. Darrow, chief counsel of the defence, and District Attorney John D. Fredericks, who will conduct the prosecution, already have been pretty clearly revealed. The prosecution will first seek to establish that the Times building was destroyed by an explosion of dynamite. Then will come the testimony of relatives to establish the number of victims, corroborating evidence and the confession of McManigal. This will be followed by the identification of witnesses who will swear that they knew J. B. McNamara as J. D. Bryce in Los Angeles and in San Francisco during September and October of last year. An endeavor will be made to trace the accused almost to the Times building, where the explosion occurred. The case against J. J. McNamara will be centered upon correspondence furnished by McManigal, and books found at McNamara's office and the clocks and wire found in Indianapolis. In this matter Detective William J. Burns will be called as a witness.

The defence will attack the allegation that the building was destroyed by dynamite, will assert that the explosion was caused by gas and will call experts. In attacking the McManigal confession the defence will call witnesses to establish an alibi for the McNamara brothers. In every instance where the McNamaras are identified by McManigal at a certain time and place the defence is expected to call witnesses to show that the men were in other localities. Ex-

### DAIRY SHOW OPENED.

#### The Exhibition Will Continue Until Wednesday.

MILWAUKEE, Wis., Oct. 10.—The International Dairy Show, the second of its kind held in this city was opened today at the big auditorium in a formal manner by Secretary of Agriculture Wilson. The exhibition, which will continue until Wednesday of next week, is by far the greatest and most important ever held in the West. More than one thousand heads of cattle, representing nearly every known breed, are exhibited on this occasion and practically every section of the United States, as well as Canada and several countries of Europe and of South America have contributed to this big and instructive exhibition. Among the most interesting features are model plants of dairies, butter and cheese factories, etc., all under the strict supervision of government experts selected by the Department of Agriculture. Among the prize animals exhibited are some of the most famous milk cows of the world, among them Pauline Wayne, the pride of the white house stables.

### RAILWAY COMMISSIONERS

#### Many Important Topics Slated for Discussion at 23rd Annual Meeting.

WASHINGTON, D. C., Oct. 10.—So many important topics are slated for discussion at the twenty-third annual meeting of the National Association of Railway Commissioners, which began here today, that the sessions will continue five days instead of three as heretofore. The convention is composed of the members of the Interstate Commerce Commission and the railway commissioners of the various states. The president is H. Hudson Durr, of Florida.

The present meeting promises to be of much importance, especially in view of the great question of whether the states have the power to regulate interstate rates raised by the Judge Sauborn decision. The commissioners also will discuss railway capitalization, car service, demurrage, telephone and telegraph rates, express service and express rates, and skippers' claims on common carriers.

### Lincoln Memorial Unveiled.

COUNCIL BLUFFS, Ia., Oct. 10.—Many distinguished veterans attending the forty-first annual reunion here of the Society of the Army of the Tennessee took part this afternoon in exercises at the unveiling of a memorial to Abraham Lincoln. Gen. Greenville N. Dodge presided and among the speakers were Gen. Frederick D. Grant, Bishop Samuel Fallows, and Miss Harriet Lake, of Independence, Ia., representing the Daughters of the American Revolution.

### Large Tobacco Sales Continue.

Things are moving along at high speed and at high prices out on the tobacco market. The warehouses are having large sales again this week, and the farmer who brings his tobacco to the Greenville market goes home more than satisfied with prices.

### Large Persimmon.

Mr. J. T. Wells, who farms on the lands of Mr. J. L. Woolard, in Martin county, was here today and had with him a Japanese persimmon that weighed 10 ounces. It was a fine specimen of the fruit.

### Carnival Next Week.

The big carnival ad in this paper tells you of the attractions Johnny Jones will bring to town next week. You can get ready for your share of the amusement.

Experts on handwriting will be called to prove that letters alleged by McManigal to have been written by J. J. McNamara were not written by him, but were written by some person who attempted to simulate the writing of the union leader.

Unless all signs go astray the trial will occupy weeks. The defence alone will subpoena 350 witnesses. These will come from all parts of the United States, about 150 of them from San Francisco and vicinity. District Attorney Fredericks estimates that the prosecution will summon a similar number, bringing the total up to 700. The cost of service on these witnesses and the expense of bringing them to Los Angeles, probably will make the trial the most expensive that the country has ever known. Mr. Darrow estimates the probable expense of the defense at \$400,000, while it is believed it will cost the prosecution not less than \$500,000.

## AT THE CHRISTIAN CHURCH LAST NIGHT

### ANOTHER EXCELLENT SERMON.

#### Audience Large and Attentive—Tonight, "Carry Your Corner."

Another audience that almost filled the house, unusual in size for Monday night, heard Evangelist Boblitt discuss the interesting subject, "Is Hell a Played-Out Doctrine?" at the Christian church last night. Mrs. C. C. Ware sang an old favorite solo entitled, "The Ninety and Nine." More than the usual proportion of the audience was men.

The Scripture reading for the occasion was a portion of the 16th chapter of Luke, which gives the graphic account of Dives, the rich man who was clothed in purple and fine linen and fared sumptuously and Lazarus, the beggar, laid at the door of Dives and miserably neglected by him, and thus having an impassable chasm fixed between them when they appear in eternity. The text was Mt. 25:46, where Jesus says in contrasting the destiny of the wicked and righteous, "These shall go away into eternal punishment, but the righteous into eternal life." The speaker gave instances to prove that the fact of hell had been over emphasized and exaggerated in the Dark Ages and up until the last century, and even now by a few who are fanatics. All this exaggeration of hell tended to create a popular reaction to the opposite extreme, which is quite as untrue a position as the other. He declared that the doctrine of Hell is so intimately involved in the word of God that it would take him a half hour at least to read the passages bearing upon it alone. The words of the text are the words of the infinitely tender Christ, Himself. A horrible truth is not made any more horrible by its revelation. The lighthouse warning the sailor of the fateful rocks or treacherous shoal is not a menace to him, but rather a protection. God warns us because of His infinite love for us. There could never be a Heaven, were there not a Hell. It is philosophically impossible. How could anything be right, unless it were possible that it be wrong.

Mr. Boblitt then offered a sweeping argument, saying that Hell is a necessity of immortality, as supported by nature, reason, and revelation, and a necessity of law, the law of right and wrong being a generally recognized and most awful law, and perforce carrying an awful penalty, inasmuch as the premise, "Every law implies or exercises a proper penalty" must be conceded as true, a necessity of love, for our God who is distinctively the God of Love, also a "consuming fire," and love is so just that anyone not willing that the Grace of Christ shall atone for his sins, must pay the penalty himself, and the necessity of atonement, for the Heavenly Father should certainly have not sent his only Son to be tempted and slain in this miserable world of sin, had not it been as it is expressly stated again and again, to save the souls of men from Hell. The evangelist then gave a forceful exhortation to all that they might believe in Christ and serve Him, not from fear, but from love which is the nobler emotion.

The evangelist was gratified with the attendance last night. Tonight he will preach a practical and very helpful sermon on "Carry Your Corner." There will be special music. Let everyone come who will.

### MONUMENT UNVEILED.

#### An Everlasting Memorial Unveiled in Atlanta Today.

ATLANTA, Ga., Oct. 10.—An everlasting memorial of bronze and marble was unveiled here today as the crowning feature of a three days' celebration to commemorate the famous Northern peace tour of the old Gate City Guard of Atlanta directly after the close of the "reconstruction period." The unveiling ceremony was made the occasion for a grand parade in which famous military and patriotic organizations of a dozen of the Eastern and Southern states participated. Governor Baldwin, of Connecticut, representing the North, and Governor Smith, of Georgia, representing the South, shared the honor of dedicating the memorial. Short addresses were delivered also by Mayor Reyburn, of Philadelphia, Mayor Preston, of Baltimore, and Mayor Smith, of Hartford, Conn.

The monument occupies a commanding position at one of the entrances to Piedmont park. It consists of a bronze group, designed by Allen G. Newman, of New York, surmounting a large granite pedestal. The group is of heroic size, representing Peace preventing a member of the Gate City Guard from shooting.

### NOTED YEGGMEN ON TRIAL.

#### For The Robbery of a Jewelry Store Early in 1910.

BOSTON, Mass., Oct. 10.—Jacob and Joseph Goldberg, alleged to be leaders of one of the boldest and cleverest bands of yeggmen that ever operated in America, were placed on trial here today for the robbery of a jewelry store early in 1910. After the robbery the Goldbergs and a third member of the band were arrested in New York with a quantity of the stolen jewelry, it is said, in their possession. Before the extradition proceedings were concluded the three men were released on bail and promptly fled to Europe. Inspectors of the Massachusetts police trailed the trio over Europe and finally located two of the men in prison in Austria and the third serving a term in Russia. At an expense of thousands of dollars the inspectors waited on the other side until the men were released and then returned with them to Boston. One of the Goldbergs is alleged to be the inventor of the famous "can-opener," an exceedingly clever device by means of which the band was able to rip open the backs of the strongest safes with little difficulty.

### BANKERS URGE IMPROVEMENTS.

#### Endorses Demonstration Farm Work by Department of Agriculture.

SPRINGFIELD, Ill., Oct. 10.—In connection with the Illinois Bankers' Association, which opened its annual meeting here today and under the auspices of the organization a meeting of the "banker-farmers" is to be held here, which will open tomorrow and close on the following day. Among those in attendance at the gathering are many of the most prominent bankers of the state and nine railroad presidents, including James J. Hill, president of the Great Northern railroad. The object of the meeting is the endorsement of the demonstration farm work carried on by the Department of Agriculture of the United States in different states of the union and the discussion of promoting scientific methods and far reaching improvements in farming in this state. In view of the fact that Illinois is one of the leading agricultural states of the union, the subjects to be discussed by the banker-farmers at this gathering are of the greatest importance to the commonwealth.

### Anniversary of Cuban Revolution.

HAVANA, Oct. 10.—The forty-third anniversary of the beginning of the great struggle for Cuba's independence, which lasted from 1868 to 1878 was generally observed throughout the republic as a holiday today. ### PITT COUNTY CLUB.

#### Our Boys in University Organize for The Session.

CHAPEL HILL, N. C., Oct. 10.—The Pitt County club held its first meeting this year Monday night in the Y. M. C. A. building, twelve of the members being present. The meeting was called to order by J. C. Lanier, Jr., last year's president. Nominations were then received for the office of president for the coming year. Mr. Bruce Hooker was nominated and unanimously elected to this office, after which he proceeded to preside over the meeting and the election of the other officers followed. Mr. Loyd Horton was elected vice president, and D. C. Moore, Jr., secretary and treasurer. The business of the club was then transacted and immediately after the adjournment the boys gave some yells for Pitt county.

The Pitt County club is increasing in numbers every year and it is now one of the largest clubs represented at the university. Through such an organization as this the boys are brought into closer touch with one another and are inspired with the grand old Pitt county spirit. The club this year has a membership of fourteen, the largest in its history. This speaks well for Pitt county, and for county progress.

D. C. MOORE, JR.,  
Secretary.

"If self-preservation is the first law of nature," you should get to doing something for your town; for when you help your town you help yourself.

The Durham Herald gives out a bunch of truth when it says:

"If good roads are worth five thousand dollars a mile in such counties as Durham, Guilford and Mecklenburg, they should be worth a few hundred dollars a mile in any county in the state."

Here is another one from the Durham Herald that hits the nail on the head, drives it home and clinches it:

"There should be sufficient sentiment in any community in favor of law enforcement to insure adequate punishment when one is convicted of violating the prohibition laws."

We understand that some Durham people are talking about coming down and looking at Pitt county's new court house. The gentlemen will receive a cordial welcome if they come. We can show them the best court house and jail in the state, and no doubt our excellent board of county commissioners can give the Durhamites some good pointers in building.

Locke Craig has made the formal announcement of his candidacy for governor in 1912, though that was hardly necessary. We all regard him as a candidate, and what is more most of us are for him. It is something The Reflector very seldom does, take sides for a candidate before he is nominated but does not mind saying that it favors Locke Craig for governor next time.

If Greenville is to receive a share of the good things passing around,

she must at least put herself in a receptive attitude. Enterprises and business are like people in some respects—wait for an invitation. In the past Greenville made some effective efforts along this line that did much for the town, but we should not rest too long on past achievements. Be up and after something else. The town ought to be kept going forward all the time without even a let up for rainy days.

## ONE MILLION DOLLARS FOR A GOOD STOMACH.

This Offer Should Be a Warning to Every Man and Woman. The newspapers and medical journals recently have had much to say relative to a famous millionaire's offer of a million dollars for a new stomach. This great multi-millionaire was too busy to worry about the condition of his stomach. He allowed his dyspepsia to run from bad to worse until in the end it became incurable. His misfortune serves as a warning to others.

Every one who suffers with dyspepsia for a few years will give everything he owns for a new stomach. Dyspepsia is commonly caused by an abnormal state of the gastric juices or by lack of tone in the walls of the stomach. The result is that the stomach loses its power to digest food.

We are now able to supply certain missing elements—to help restore to the gastric juices their digestive power, and to aid in making the stomach strong and well.

We know that Rexall Dyspepsia Tablets are a most dependable remedy for disordered stomachs, indigestion, and dyspepsia.

We want you to try them and will return your money if you are not more than satisfied with the result.

Three sizes, 25 cents, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, Moye's Pharmacy, Greenville, N. C.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. ## How To Get More Out Of Your Hay Crop

WHETHER you feed or sell your hay, it should be baled. Baled hay takes up much less room and nets a better price than loose hay. It is always ready for any market at top price, while loose hay must be sold near home, at whatever you can get.

## I H C HAY PRESS

have many points of strength, simplicity, and convenience found in no other presses. They are equipped with a compound lever and a toggle joint plunger, which gives them great compressing power. A 500 pound pull on the sweep of a 16x18 I H C press gives 76,800 pounds pressure in the bale chamber.

The bed reach is only 4 inches high and very narrow. The bale chamber is very low—easy to reach over to tie the bale.

If you examine an I H C hay press you will appreciate its value as a money saver and money maker.

## Summer Wanderings.

I had a good time at the beach;  
They set a splendid table.  
An Ethel was a perfect peach,  
Or was it Mabel?

I like the mountains, I confess,  
For there I met a fairy,  
Whose name was Genevieve, I guess,  
Or maybe Carrie.

I found the lakeside fine, indeed,  
One maiden coy and clever  
Named May or Fay declared she'd  
Be true forever.

And for the farm I have a place  
Deep down in my affections.  
I also have of Ruth or Grace  
Fond recollections.

just outside of town, Miss Kate Whit-  
aker and Mr. G. H. Johnson were  
quietly married by Rev. B. F. Huske,  
of New Bern.

Miss Whitaker, who was formally a  
nurse at St. Vincent hospital, Nor-  
folk, came down Sunday evening to  
visit Mrs. Hall.

Mr. Johnson followed Monday with  
a small party of friends, and it was

fidential, Invited and FREE.

From a Late Snapshot

To see all of his regular Patients and such  
new Cases, as may wish to consult him.  
Dr. Packard enjoys a state wide reputation,  
among the profession and the Public of  
North Carolina, where for more than 25  
years he has devoted his entire time to the  
Study, Treatment and Cure of Chronic  
Diseases. The Doctor has had wonderful  
success in his chosen work, that of curing  
chronic sufferers, Men, Women and Child-  
ren. The Patients he has restored to  
Health after they had given up all hope  
of being Cured are numbered by the  
Thousands. He is a kind, generous,  
democratic gentleman to meet, of high  
scholarly attainments, and dignified per-  
sonality. Coupled with a Brotherly inter-  
est, in all who seek his advice. He does  
not take a Patient for Treatment unless  
he can foresee a Cure of the Case. The  
most commendable feature of his work,  
and one that appeals to the ordinary sick  
person, is the fact of his charges being so  
reasonable and moderate as to make it  
within the reach of even the very poor.  
At no time do the charges amount to  
more than \$7.00 a month or about \$1.50  
a week. He gives his own medicines,  
and there are no extra Charges. It takes  
him never more than from four to six  
Months to Cure a Case under Treatment.  
All Cases, even those who have been  
given up as incurable or Hopeless, have  
been Cured and restored to perfect  
health by this Brilliant Physician and the  
wonderful methods he employs.

If you want to meet him and have him  
examine you, go to see him, and talk the  
matter over with him. It will cost you  
nothing if he does not put you under  
treatment. If he takes your case, it will  
cost you a very small sum to get well.

Remember the date, Sat-  
urday, Oct. 21, and come  
early.

## LIVED ON RAW EGGS

Mr. Richard's Experience With Dif-  
ferent Diets. Peaches and  
Buttermilk for Three Years.

Cecilton, Md.—Mr. George Richards,  
of this place, during the past 12 years,  
has probably tried more different diets  
than the average person would ever use  
in a lifetime.

What he has to say about his experi-  
ments, must therefore be highly interest-  
ing to anyone suffering from indigestion  
or stomach troubles of any kind.

He says: "For more than 12 years,  
I suffered with stomach troubles, and  
paid hundreds of dollars for doctor bills  
and medicines. I was also operated on  
for piles.

I lived on dried peaches and buttermilk  
for nearly three years. The only thing  
that would not give me pain was raw eggs.

I was a physical wreck. I could not  
sleep, and was as near crazy as a man  
could well be.

I must say that after taking two 25-cent  
packages of Theford's Black-Draught  
it did me more good than all I ever spent  
for other medicines.

I have been working daily on the farm  
ever since, and I am as hard as iron."  
This purely vegetable remedy has been  
in successful use for more than 70 years.  
Try it. But be sure that it's "Theford's."
