MASS MEETING FARMERS SATURDAY

Held Under Auspices of the Farmers' Union

LARGE ENTHUSIASTIC GATHERING

Congressman Small And Others Make Good Speeches on Solution of the Present Cotton Problem--Resolutions Adopted--Farmers Urged to Raise Home Supplies.

Judge Whedbee ordered a recess of court at 11 o'clock Saturday morning to give way for the farmers to use the court room for the mass meeting to discuss the cotton problem.

A large crowd of farmers, business and professional men were present at the mass meeting which was called to order by Mr. W. H. Moore, and Mr. R. L. Little was chosen secretary.

Congressman John H. Small addressed the meeting. He commended the Farmers' Union for its work and said every farmer in Pitt county should be enlisted under its banner.

The Farmers' Union also stands for improved highways. It is realized that the old system of building and maintaining the public roads is antiquated and no longer practicable.

You must consider the cotton problem, the subject which this meeting was called to discuss in the same way. There must be co-operation and organization. The world needs 13,000,000 bales of cotton from the South.

One step mentioned as a solution to the cotton problem, is the cotton warehouse. Here co-operation is also needed, as no one man can build a warehouse. In this you need not only the co-operation of the farmers, but of the business people in town as well.

After Congressman Small's speech, on motion a committee consisting of Alston Grimes, H. G. Mumford, G. T. Tyson, R. R. Cotten was appointed on resolutions.

While the committee was out Ex-Governor Jarvis was called on to address the meeting. He said he was (Continued on 3rd Page).

ENDORSES THE CIVIC LEAGUE AND GOOD WORK IT IS DOING.

All Citizens Should Take An Interest In Improvements.

The town of Greenville is quite fortunate in having in its midst such an organization to work for its elevation and development as the Civic League. These few ladies that have banded themselves together with a definite purpose that stands for something, deserve much credit, and should have the sanction and support of every true citizen that loves his town.

The same treatment and care that an intelligent individual gives himself is good for the community in which we live. Our streets and other public places should be kept clean and made to have as good an appearance as possible.

As to improvements of our streets, of course that is a matter for the board of aldermen to take up to push, and to accomplish. Owing to the Training school, water and lights, and other improvements that you have already made, the town is bonded and in debt, and there does not seem to be much capital for the aldermen to operate with.

These suggestions are made in the spirit of interest that I have in Greenville, and I hope you will take them for what they are worth. Such improvements can be made at very little cost to any one.

A special party of investors and home seekers from Ohio will visit Greenville early in December, so lets clean up and get ready to show them what we really have.

Faces Second Trial. ALEXANDRIA, Va., Nov. 13.—In the circuit court of Alexandria County the case of Louis Vondermiller, charged with the murder of his brother-in-law, John Reeves, came up today for its second trial.

Self-defense and insanity were the justifications of the homicide offered by the defense.

CONTEST DEPARTMENT RUSHED TO LIMIT ALL THROUGH RED-LETTER-DAY SATURDAY

ALL STRIVE TO MAKE IT THEIR BIGGEST DAY--BIG OFFERS BRING MANY NEW SUBSCRIBERS AS WELL AS RENEWALS.

WATCH FOR AN IMPORTANT ANNOUNCEMENT TOMORROW

IMPORTANT ANNOUNCEMENT WILL BE MADE IN TOMORROW'S ISSUE--WATCH FOR IT--READ IT CAREFULLY--AND ACT QUICKLY.

Saturday, the 11th. And what a day it was. It seemed that every young lady in the race was intent upon leaving the other behind and making it her Red Letter day.

The contest department was busy from early morning until considerable afternoon o'clock at night, waiting upon and issuing votes to a steady stream of subscribers and contestants, which began their assault upon the Contest Department as early as nine o'clock in the morning.

Owing to the big rush in the Contest Department the Contest Manager was obliged to count the votes for this issue earlier than usual, and for that reason a large portion of the votes which were polled on Saturday do not appear to the various candidates' credit.

WATCH FOR TOMORROW'S PAPER. Every contestant should keep their eyes open and watch tomorrow's issue of The Reflector for an important announcement. Don't forget tomorrow's paper; it will be of great importance to all that are striving to win a prize.

Until further notice no contestant will be permitted to poll more subscription votes on any one day than will place her 10,000 ahead of the leader of the day before; for example, if one leader today has 25,000 votes to her credit, no contestant may poll more votes for the list tomorrow than will make her total 35,000.

Table listing names and amounts for District Number 1, 2, 3, 4, and 5. Includes names like Mrs. T. M. Mooring, Miss Eva Thomas, Miss Alma House, etc.

YOUNG LADY KILLS A 'POSSUM.

Instead of Feasting on Chickens He Made a Feast.

A few nights ago residents in the vicinity of Pitt and Third streets were awakened by two quick shots from a pistol, followed a moment later by a third shot.

This For The Ladies.

Though C. T. Munford's big store is exceedingly busy with the special sale in progress there, the millinery department is going right ahead as usual filling orders.

Council Bluffs, Iowa, will vote next week on the question of adopting the commission plan of government.

MURDERER TO BE TRIED IN VIRGINIA THIS WEEK

ANOTHER FAMOUS MURDER TRIAL

Ben Hubbard to be Tried for the Killing of Dr. Pettit.

LOVINGSTON, Va., Nov. 14.—The people of Nelson county are looking forward with much interest to the trial of Ben Hubbard, who is to be arraigned tomorrow on the charge of having murdered Dr. James Pettit.

The murder of Dr. Pettit occurred on the afternoon of September 25 last in front of the Virginia Hotel, in full view of hundreds of country folk who had congregated here, it being court day.

The six shots were fired so quickly that he one in the crowd could have stopped Hubbard, but when he had finished shooting a farmer came up and pinned his arms behind him and took the weapon from him.

Hubbard has declined to make any statement concerning the tragedy beyond admitting the killing and declaring that he was justified. As to the motive for the shooting, about all that has been definitely learned is that Dr. Pettit was called in last spring to attend Hubbard's wife who was in a delicate condition.

In the coming trial Commonwealth's Attorney Whitehead will be in charge of the prosecution. John L. Lee, one of the foremost criminal lawyers of Virginia will be the leading counsel for the defense.

ANOTHER WORD TO SUBSCRIBERS

Those In Arrears Should Let Us Hear From Them.

We regret to have to call attention to this so frequently, but subscribers who owe for The Reflector are not paying up as promptly as they should do. A large number are now in arrears and the money is needed to help meet the obligations of the paper.

American Federation of Labor.

ATLANTA, Ga., Nov. 13.—With President Samuel Gompers in the chair, the annual convention of the American Federation of Labor began in Atlanta today with an attendance of prominent labor leaders from every section of the United States, together with fraternal delegates from the labor bodies of Canada and Great Britain.

EVANGELIST CALLED HOME

Telegram Announces Sudden Death of His Child

MEETING CONTINUED BY PASTOR

Evangelist Holcomb Leaves For His Home in Mississippi and Slagers Remain to Assist The Pastor--Sunday's Services Were Inspiring And Had Great Interest.

Rev. H. R. Holcomb, of the Home Mission Board, who arrived here last Thursday to take charge of the meeting in the Baptist church, received a telegram Saturday announcing the sudden death of his baby and left that evening for his home in Mississippi.

Though he was here but two days and held only four services, he made a deep impression upon all who heard him by his earnestness and consecration. The meeting seemed so full of promise under his leadership that there were many regrets that he must leave, yet it was recognized that God's hand was in all this and that really He was leading.

Sunday afternoon a service was held for men at which a splendid talk was made by Rev. R. L. Walton, of the Presbyterian church, on "Show Thyself a Man." At the same hour a prayer meeting for women was held in the Sunday school room led by Mrs. Blankenship.

The meeting will go on through this week with two services each day, at 3:30 and 7:30 p. m. The pastor states that he would appreciate it if the business men who desire to lend their influence to the meeting would close their stores at 7 o'clock in the evening so as to give all an opportunity of attending services.

Prof. and Mrs. Blankenship sing at each service and the people love to hear them. The choir and congregation are also doing good singing.

The butchery going on in China is about as brutal as history has recorded.

The Reflector is laboring to upbuild Greenville and Pitt county. Do you help it do this when you send your work away to help build up enterprises in other towns?

Mr. Carnegie has loosed his purse strings again and set aside another \$25,000,000 for the founding and aiding of libraries and educational institutions. This gift is bestowed upon a corporation which will have charge of its disbursement, investing the principal and applying the income to the purposes indicated. Mr. Carnegie has been liberal in his benefactions.

The opportunity The Daily Reflector offers for effective advertising in this section is not equalled in any other source. It has a large circulation and it is growing larger every day. It not only covers Greenville, but it goes into every section of the county covered by rural routes. Hundreds of farmers read this paper every day in addition to the people in the towns. If you want to reach the largest number of people with your advertisement you can do this through The Daily Reflector.

North Carolina Farmer.

He took me to his home in an automobile (and he has a right to run one, for his net income in 1910 was \$10,000); and we got out and went into a hall lighted with electricity; when I went to my room I found the house was fitted with an up-to-date system of waterworks, and there was a typewriter on my friend's desk and a telephone sat beside it. And this man is a farmer and has made his money farming. His name is W. S. Cobb, county of Robeson, State of North Carolina; age, 36. Eighteen years ago he was an ordinary looking 18-year-old Southern farm boy, with eighty acres of land, two mules, one horse and some one-horse power plows, and just one thing else: plenty of pluck. Now he crops 900 acres of land, has twenty-seven horses and mules, besides a gasoline engine, a shredder, a hay press, a manure spreader, a grain drill, a corn binder, a wheat binder, harrows, listers, cultivators and the like, his neighbors call him "Senator Cobb" (for he is a member of the upper house of the general assembly), and he expects to sell \$80,000 worth of his stuff this year.—Clarence Poe, in the World's Work.

Saved Many From Death.

W. L. Mock, of Mock, Ark., believes he has saved many lives in his 25 years of experience in the drug business. "What I always like to do," he writes, "is to recommend Dr. King's New Discovery for weak, sore lungs, hard colds, hoarseness, obstinate coughs, la grippe, croup, asthma, or other bronchial affection, for I feel sure that a number of my neighbors are alive and well today because they took my advice to use it. I honestly believe it's the best throat and lung medicine that's made." Easy to prove he's right. Get a trial bottle free, or regular 50c or \$1.00 bottle.

The more reasons a girl thinks she has for loving a man the more they are in her imagination.

Starts Much Trouble.
If all people knew that neglect of constipation would result in severe indigestion, yellow jaundice or virulent liver trouble they would soon take Dr. King's New Life Pills, and end it. It's the only safe way. Best for billiousness, headache, dyspepsia, chills and debility. 25 cents at all druggists.

MADE BALE TO THE ACRE.
And Enough Corn And Forage For Nearly Two Years.
The management of the state prison since the Democrats returned to power in 1898 is one of which the party and the state have a right to be proud. Under the Republican administration it lost money and at one time became an object lesson of bad management, and some of its employees were guilty of crime worse than those of which many of the convicts had been convicted.

With the election of Governor Aycock, all that changed. The management was capable and it made a good record; the record was improved under Governor Glenn, and it continues to improve under Governor Kitchin. When the Republicans ran the prison, the state had to issue bonds to pay the deficit. Now the penitentiary earns more than the cost of maintaining the convicts, and in addition money is turned into the state treasury.

I was talking yesterday about the good management of the farms under Superintendent Laughinghouse shortly before meeting him on the street. He looked like a man who had been doing a good year's work for the state. He is a farmer and a good farmer and he knows it and has a right to be gratified at the success of the state farms under his practical direction. "We have made the best crops on the state prison farms ever made," he said in answer to a question. "We put 1,500 acres in cotton and we will make 1,500 bales. We will gather 5,000 bushels of corn. We have made enough long forage to support the state prison for nearly two years. Besides, we have built spacious barns and doubled the room for caring for stock and storing our provender. Best of all, we are building up the dykes on Roanoke river and if there is no big freshet next spring we will so protect our lowlands on the Roanoke that we will raise so much corn as to surpass the whole state. The breaking down of the dykes years ago has caused much of the state's land to grow up in bushes. As soon as we get the dykes finished the state can grow corn to beat Egypt."

That is good news and will please all North Carolina, whose people will congratulate Captain Laughinghouse and all the other officials, directors and employes who have worked together for the good results which they have brought about.—Raleigh News and Observer.

Balked at Cold Steel.

"I wouldn't let a doctor cut my foot off," said H. D. Ely, Bantam, Ohio, "although a horrible ulcer had been the plague of my life for four years. Instead I used Bucklen's Arnica Salve and my foot was soon completely cured." Heals burns, boils, sores, bruises, eczema, pimples, corns. Surest pile cure. 25 cents at all druggists.

FOR SALE.

Bids will be received for the F. M. & S. Q. Carlisle stock of furniture, rugs, matings, etc., one new piano and one hearse included in stock, which inventories \$2,500.00. The hearse originally cost \$1,400.00, but inventoried at \$400.00. If not sold privately same will be sold at public auction on Monday, Nov. 20, 1911, at 12 m.

GOOD NEWS.

Many Greenville Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in Greenville are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is had no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

Mrs. E. G. Worthington, Washington street, Greenville, N. C., says, "I have been so greatly benefitted by Doan's Kidney Pills that I am glad to recommend them. My back ached nearly all the time and I could not rest well. The kidney secretions caused me annoyance and it was plain that I was suffering with kidney trouble. Doan's Kidney Pills which I got from the John L. Wooten Drug Co., relieved my aches and pains and improved my condition greatly. I cannot praise this remedy too strongly."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Dr. Francis S. Packard
of Greensboro, N. C.
One Day Only

Consultation and Examination Confidential, Invited and FREE

From a Late Snapshot

To see all of his regular Patients and such new Cases, as may wish to consult him. Dr. Packard enjoys a state-wide reputation, among the profession and the Public of North Carolina, where for more than 25 years he has devoted his entire time to the Study, Treatment and Cure of Chronic Diseases. The Doctor has had wonderful success in his chosen work, that of curing chronic sufferers, Men, Women and Children. The Patients he has restored to Health after they had given up all hope of being Cured are numbered by the Thousands. He is a kind, generous, democratic gentleman to meet, of high scholarly attainments, and dignified personality. Coupled with a Brotherly interest, in all who seek his advice. He does not take a Patient for Treatment unless he can foresee a Cure of the Case. The most commendable feature of his work, and one that appeals to the ordinary sick person, is the fact of his charges being so reasonable and moderate as to make it within the reach of even the very poor. At no time do the charges amount to more than \$7.00 a month or about \$1.50 a week. He gives his own medicines, and there are no extra Charges. It takes him never more than from four to six Months to Cure a Case under Treatment. All Cases, even those who have been given up as Incurable or Hopeless, have been Cured and restored to perfect health by this Brilliant Physician and the wonderful methods he employs.

If you want to meet him and have him examine you, go to see him, and talk the matter over with him. It will cost you nothing if he does not put you under treatment. If he takes your case, it will cost you a very small sum to get well.

Remember the date, Saturday, Nov. 18, and come early.

THINK THIS OVER.

This Offer Should Gain the Confidence of the Most Skeptical.

We pay for all the medicine used during the trial, if our remedy fails to completely relieve you of constipation. We take all the risk. You are not obligated to us in any way whatever, if you accept our offer. There's a mighty broad statement, but we mean every word of it. Could anything be more fair for you?

A most scientific, common-sense treatment is Rexall Orderlies, which are eaten like candy. Their active principle is a recent scientific discovery that is odorless, colorless, and tasteless; very pronounced, gentle, and pleasant in action, and particularly agreeable in every way. This ingredient does not cause diarrhea, nausea, flatulence, griping, or other inconvenience. Rexall Orderlies are particularly good for children, aged and delicate persons.

If you suffer from chronic or habitual constipation, or the associate or dependent chronic ailments, we urge you to try Rexall Orderlies at our risk. Remember, you can get them only at our store. 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Sold only at our store—The Rexall Store, Moyes Pharmacy, Greenville, N. C.

We were glad to see our old friend, Mr. W. L. House, in town Friday. He moved his family to Florida last year and we understand is succeeding finely.

Mr. R. H. Garris is having built on his premises near the Baptist church a garage and we hear he will move from his beautiful country home and try a sample of city life.

Mr. J. E. Jones from the Ghent section of our town, has moved his family to the Joe E. Jones residence, on Lee street.

Mr. Bill Phillips, of Lee street, is the proud father of a boy.

The Literary Digest has printed a picture of the governors in assembly, while Gov. Kitchin, in his toast, remarked that he drew his salary and pardoned criminals, and was the only governor that had no veto powers. We are surprised that some people are so biased as to argue that it is in the governor's power to dissolve the American Tobacco company and the Standard Oil trust at will.

The Literary Digest has printed a picture of the governors in assembly, while Gov. Kitchin, in his toast, remarked that he drew his salary and pardoned criminals, and was the only governor that had no veto powers. We are surprised that some people are so biased as to argue that it is in the governor's power to dissolve the American Tobacco company and the Standard Oil trust at will.

Dennis Dupree, a worthy colored man, who lived near here died last night. Dennis was above the average negro for intelligence and integrity, and had been suffering from abscess of kidney and hip joint for a year or more.

MASS MEETING FARMERS SATURDAY

(Continued From 1st Page).

raised on the farm and always felt an interest in the farmer. It was needless to refer to the interest he took, while governor, in the agricultural department of the state, nor to the interest then and since in the education of the children of the state. No man would be more delighted than he to be able to give a solution to this cotton problem. The law of supply and demand prevail, and if more of an article is raised than there is a demand for it is hard to tell how the price of such article can be kept up.

If you farmers bring to town a coop of chickens, a load of potatoes or other things like that, we people go out to ask you what you will take for it and you fix the price. It is not so when you bring in a bale of cotton. You take the bale of cotton to the merchant or cotton buyer and ask him what he will give you for it. The merchant or buyer cannot tell you until he asks the commission man in Norfolk or New York, and the commission man in turn has to ask Liverpool. So the farmer has no voice whatever in fixing the price of his cotton.

He said he did not know what solution to offer for this problem, but could not see the wisdom of the warehouse plan. With the statistics furnished the whole world on the cotton crop, the buyers know just how much cotton is stored in the warehouses and that it must come out on the market sooner or later. While he did not see what could be done to raise the price of the present large cotton crop, he advised every farmer who could do so to hold his cotton until next spring, as he felt sure the price would be higher then.

His advice to the farmers was to learn how to produce more at less expense, and never buy a bushel of corn, a bale of hay, or a pound of meat. These wagons coming to town haul out corn, hay and meat do not indicate wise farming and there ought to be a change. The smoke house and barn should be on the farm and enough raised on the farm to supply it. The farmer who raises at home all his needs, can snap his finger at the price of cotton and not trouble himself about it. To do this our system of farming and running the farm on time should change.

The committee on resolutions made the following report, which was adopted:
Whereas, our cotton is now selling below the cost of production, and, whereas, we believe there is a systematic organization to depress the price of cotton;
We Resolve, That we urge all members of the Farmers' Union, and citizens who are in sympathy with this cause, not to sell a bale of cotton beyond their absolute necessities at the present prices. We ask the co-operation in this matter of every business man, banker, merchant and manufacturer. We also urge the reduction of 25 per cent. in acreage of cotton for the coming year, and pay more attention to raising of stock, grain and all home supplies. We ask the department of agriculture, both state and national, to make a statement of how many cotton mills there

are, and the number of bales of cotton consumed each year by them.
R. R. COTTEN,
G. T. TYSON,
H. G. MUMFORD,
ALSTON GRIMES,
Committee.

Speaking on the resolution Sentaor R. R. Cotten urged co-operation of all interested in helping the farmer to hold his cotton until the price gets better.

G. T. Tyson also urged the farmers to hold their present cotton, and hereafter give more attention to home supplies. He also referred to the tenant system as a bad one, as it caused too much of what is known as distress cotton. We make our own wheat and corn cheaper than the West can raise it for us. We are going to be "hewers of wood and drawers of water" as long as we buy our supplies instead of raising them.

W. F. Evans was called on and said he did not know what solution to offer for raising the price of cotton, but he thought the warehouse proposition was the most practical that has been made. The farmers must get together, hold their cotton and say to the commission man and manufacturer "We've got the cotton, but you cannot have a pound of it until you pay us our price." It is all right to raise our own supplies, but cotton will continue to be our staple crop and we must do something to manipulate the price.

President Moore thanked all who spoke for the interest each had shown, and urged the farmers to live more at home and have less of the disease of "store-eatus" than heretofore.

A vote of thanks was extended the court for adjourning to give way for this mass meeting.

LAND SALE.

By virtue of a decree of the Superior court of Pitt county, made in Special Proceeding No. 1588, entitled Hugh Sheppard and others, against Mrs. D. J. Whichard and others, the undersigned commissioners will sell before the court house door, in Greenville, on Monday, November 27, 1911, at 12 o'clock, noon, the following described real estate:
That property lying on both sides of Sutton lane; one lot known as the home place of the late Hugh A. Sutton and wife, adjoining the lands of Mc G. Ernil and others, and one other lot known as the small house and lot in front of the above described property and running through to Evans street, adjoining the lots of W. H. Ragsdale and others; both lots being conveyed in a deed from J. J. Perkins to Elizabeth P. Sutton, which deed appears of record in the office of the register of deeds of Pitt county in Book Q-Q, page 39; said two lots containing about one acre.
Said property will be sold first in several building lots and afterwards offered as a whole. Plots of the property can be seen by application to either of the commissioners.
Terms, one-half cash, balance payable in six months, or all cash to suit the purchaser.
This October 25, 1911.
ALEX. L. BLOW,
J. B. JAMES,
Commissioners.

Strayed.

PROF. OSLER IS RIGHT.

Youth Succeeds Age. Gray Hair First Sign of Age. Harmless Remedy Restores Color.

Osler isn't the only man who turns down old age. In the business world the "young man" is always the one who picks the plums. It is an age of "new thought," "new talent," etc., and the old man is passed by in the race.

One of the first signs of coming age is the appearance of gray hairs. When you see them act promptly. Wyeth's Sage and Sulphur Hair Remedy will correct this sign, which so often deceives people into thinking that age is really upon them. It is a well-known fact that Sage and Sulphur will darken the hair. Wyeth's Sage and Sulphur combines these old-time remedies with other agents, which remove dandruff and promote the growth of the hair.

The manufacturers of this remedy authorize the druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

Don't look old before your time. Get a bottle of Wyeth's Sage and Sulphur today, and see what an improvement it will make in the appearance of your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agent, Moy's Pharmacy.

WRECK ON NORFOLK SOUTHERN.

Passenger Train Runs Into An Open Switch.

Saturday afternoon the west bound passenger train on the Norfolk Southern ran into an open switch just below Simpson. The engine and combination car left the tracks and turned over on the side. The fireman, a colored man, jumped off and sustained a broken leg. The passenger coaches remained on the track, and while some of the passengers were considerably shaken up, none received serious injury. The accident caused the train to be delayed several hours.
