## MILLIONAIRE STOKES'S CONDITION STILL CRITICAL; UNABLE TO ATTEND SHOW GIRL'S TRIAL

Miss Ethel Conrad and Miss Lillian Graham are Now Under Hot Cross Examination Fire

### PROSECUTING ATTORNEYS ARE LOOKING UP THE PASTS OF THESE GIRLS

#### Wife of Millionaire Stokes Exchanges Fiery Glances with "Shooting Show Girls in New York Court.

NEW YORK, Dec. 14.—The trial of the "shooting show girls" hurried to its close today. The attorneys expected to finish their summing up in time to let the jury have the case before adjournment tomorrow. Lillian Graham and her friend, Ethel Conrad, and W. E. D. Stokes, the middle-aged millionaire they shot, have completed their testimony.

The attorneys for the defense said that barring unforeseen delays they would finish final arguments today, leaving tomorrow for the prosecution and Justice Marcus' charge to the jury.

Although both sides would like to examine Stokes a little further, his condition would prevent his appearance in court for at least two weeks; and the attorneys have decided to close the trial without taking any more of his testimony.

Stokes' physician who spent nearly the whole night at his bedside, said this morning that the millionaire had passed a very bad night and that his condition was critical.

#### Mrs. Singleton III.

Soon after court opened the attorneys for the defense said they had learned that Mrs. Singleton was on the verge of nervous prostration and unable to take the stand. The defense had expected Mrs. Singleton to corroborate several important points in the defendant's testimony, among others the assertion that her sister, Miss Graham, feared Stokes because Mrs. Singleton had told her that Stokes killed Al Adams, known as the "policy king." A coroner's jury found that Adams committed suicide. This left only a new witness, Police Inspector John H. Russell, who was called by the prosecution to tell about the arrest of the defendants and the first examination by the police. The witness said he did not notice on Miss Graham's throat the marks she testified had been left there by Stokes' fingers.

The defense then renewed the motion to strike out all of Stokes' testimony on the ground that it had not had sufficient opportunity to cross-examine.

The motion was denied and without any further preliminaries the defense began to sum up.

The closing address to the jury was made by Attorney Robert M. Moore. "It does not matter whether Miss Graham was 19 or 24 that day at Lexington," said Mr. Moore, "but all the evidence proves she was only 19. Her letters were the letters of a girl—a foolish girl—impressed by the attentions of this well-known man."

The attorney pictured Stokes as taking Lillian Graham's \$1,700 "not because he wanted the money—he was a millionaire—but because he wanted Miss Graham; he wanted her to have to come to him for her money; he wanted her in his power."

Stokes' testimony that Miss Graham told him of her relations with other men, Mr. Moore said, was "contrary to human experience, because the man a woman loves or from whom she is trying to get money is the last she would tell of such things."

#### TO PASS ON EVIDENCE.

One Of Most Important Cases Before Supreme Court.

SPRINGFIELD, Ill., Dec. 15.—One of the most important and interesting cases to come before the Illinois Supreme court, in which the docket call was commenced today, is the appeal in the case of Thomas Jennings, the negro convicted in Chicago and sentenced to death for the murder of Charles D. Hiller, a clerk of the Rock Island railroad. Miller was shot in his home on the night of September 18, 1910, while defending his daughter from an intruder who had entered through a bedroom window. In the scuffle the intruder was shot through the hand and in making his escape he left bloody finger prints on the balcony rail. The section of the rail was cut out and held by the police to assist in the identification of the murderer. Jennings, an convict, was arrested on suspicion and was convicted of the murder. His conviction was brought about almost wholly by the finger-print evidence. A day or two before he was to be executed his attorneys obtained an appeal in order to have the Supreme court pass on the validity of the finger-print evidence. It is said to be the first test case of its kind ever carried to the higher courts.

## KAMLOOPS CENTENARY TO BE CELEBRATED

### PACIFIC FUR CO. SETTLEMENT.

Opening Ceremonies Will Take Place In August of Next Year.

KAMLOOPS, B. C. Dec. 14.—The preliminary preparations for celebrating the centenary of the founding of Kamloops in 1812 by the Pacific Fur company, are now well in hand. His royal highness, the governor general, Lord Strathcona and other noted personages are expected to attend the opening ceremonies which will take place in September of next year and will usher in the festivities extending over an entire week.

The early history of Kamloops is full of interest. After the post had been established at Astoria by the partners of the Pacific Fur company, one of their number, David Stuart, made an exploring tour to the Shuswap country in the fall of 1811. Finding the district offered a lucrative field for trading he so reported upon his return to Astoria and at a meeting of the company, the first to be held at Astoria, early in 1812, Stuart was authorized to establish another trading post between Fort Okanagan and New Caledonia, where the North West company had posts.

Before proceeding in this task Stuart sent Alexander Ross upon a trading excursion. Ross followed the route taken a few months earlier by his superior and arrived at "Cumcloups," as he named the Indian village at the mouth of the North Thompson river. Later he retraced his steps and on August 24 David Stuart in his turn went to Kamloops and carried out his instructions to build a fort. Soon after that the North West company established a post at the same place, in charge of a clerk in the service named La Roque. This was the beginning of Kamloops, founded by the same men who established Astoria at the mouth of the Columbia. Its growth, leading to the settlement of the interior of the province, and its present commercial importance fully warrant an elaborate celebration of the city's centenary.

## BIG STEAMER ASHORE ON AFRICAN COAST

### ROYALTY ABOARD STEAMER

The Steamer's Position So Serious That British Man-of-War Is Sent To Her Aid—Women And Children Taken Ashore.

GIBRALTAR, Dec. 14.—The steamer Dolphin, from London for Bombay, conveying Princess Royal Louise Victoria Alexandra Dagmar, sister of King George V. with her husband, the duke of Fife, their daughters and many other passengers on their way to Egypt has gone ashore on the Moroccan coast at the entrance to the straits of Gibraltar.

Her position is considered so serious that the British cruiser Weymouth has been ordered to leave for the scene with life saving apparatus. Rough weather prevails.

With the aid of the French cruiser, sent from Tangier, women and children aboard the Delhi were taken ashore. Princess Louise and her children were among those rescued but the Duke of Fife remained aboard. The governor of Gibraltar is preparing to receive the princess and her suite. It is not believed the Delhi will founder.

## PRESIDENT TAFT AND McNAMARA'S

First Executive Initiated Dynamiters Investigation

### WAS APPRAISED DURING HIS VISIT

President was always in Touch With Doings During the Los Angeles Trial

LOS ANGELES, Dec. 14.—President Taft personally initiated the government's investigation both here and at Indianapolis into the dynamiting conspiracy in which the McNamara brothers figured.

The president when he visited Los Angeles on October 16, was appraised by Oscar Lawler, then an assistant of District Attorney John D. Fredericks, of the strong case built up by the latter against the McNamara brothers.

#### President Will Act.

President Taft was told that the McNamaras were not the only guilty persons and he gave his orders two days after he left Los Angeles. The president heard details of alleged tampering with witnesses and of inability of state authorities to bring offenders in other parts of the country to justice. The president's action went a long way toward clearing a perplexing situation.

The local federal authorities had declined to take any action until they received word from Washington.

It is said that Mr. Lawler pointed out to Mr. Taft the number of labor leaders who were involved.

When the question as to the stand labor unions might take if the president assumed an inquiring attitude in the case arose, it is said Mr. Taft told Lawler he would proceed regardless of the political elements involved.

#### CHRISTMAS PRESENTS.

The Christmas Rush Is Approaching High Tide.

CHICAGO, Ill., Dec. 15.—The Christmas rush at the Chicago post office is approaching high tide, and it is already apparent, despite the doleful theory of many merchants that the high cost of living has reduced the public generally to the purchase of necessities only, that all records will be broken this year in the value and value of holiday presents sent by mail. The bulk of the excess of Christmas matter so far is in the foreign mail division, but next week the clerks will be working day and night in their struggle to keep up with the avalanches of domestic mail. During the present week the foreign-born residents of Chicago have sent tens of thousands of money orders to gladden the folks in their old homes in Italy, Ireland, Germany, Scandinavia and other parts of Europe, to say nothing of Asia and Africa.

## SUSPECTED A. C. L. TRAIN ROBBERS

### ARRESTED IN SOUTH CAROLINA

Prisoners May Be The Desperados Who Held Up Train.

ATLANTA, Ga., Dec. 14.—Three men suspected of having been implicated in the hold up of an Atlantic Coast Line train near Hardeeville, South Carolina, Wednesday, were arrested as they got off a Central of Georgia train here this morning. They had come from the direction of Savannah.

The men gave the names of C. D. Gibson, Edward Gibson, the former's brother, and J. L. Putman. The first two answer the description of the robbers who held up the train. They are being held at police headquarters awaiting further advices.

They deny they are the men wanted and declare they were in Statesboro, Ga., and were on their way to Dalton, Ga., to visit Putman's father.

The arrests were made on information of a train conductor whose suspicion was aroused.

## TO BE TRIED FOR TRIPLE MURDER

Killed Father, Mother and Brother on Farm

### WAS ABOUT TO BE MARRIED

Fired Farmhouse with Paraffine But Gave Alarm too Quickly to Conceal Crime.

BOONVILLE, Ind., Dec. 15.—The people of this section of Indiana are looking forward with great interest to the opening on next Monday before Judge Roberts of the trial of William Lee, charged with the murder of his father, Richard Lee, his mother, Emilie Lee and his brother, Clarence Lee. It is stated upon reliable authority that the prosecution as well as the defense, are fully prepared for the trial and no postponement or other delay of the proceedings is expected.

The crime with which William Lee is charged, was unusually brutal and heinous. The murderer, who has fully confessed his deed, is a young man of twenty-one years. His father was a fairly well-to-do farmer near Boonville. It is said that there were frequent quarrels over money matters between William Lee and his father and that the young man was considered the "black sheep" of the family. The young man was engaged to the daughter of a farmer in Newburg, not far from here, and was to be married on August 24, last. On the evening before the day set for his marriage William Lee returned from Newburg, where he had made preparations for the wedding, and came to see his father. It is believed that a quarrel arose over the amount of money which William Lee claimed as his share in the sale of certain property owned by the family.

#### TWO TEAMS DROP OUT.

The Six-Day Bike Race In New York.

NEW YORK, Dec. 14.—Up to a late hour tonight none of the riders in the six-day bicycle race at Madison Square Garden showed signs of weakening and while every member of the thirteen teams was liberally decorated with plasters and bandages, the result of mending the injuries from spills, every one of them declared he felt strong enough to go on until the finish.

There were no changes during the day's riding in the relative positions of the teams until after 11 o'clock when Lapiz and Van Houwaert lost a lap in a ten-minute sprint. This puts them in a tie for last place with Galvin and Wiley, these two teams being two laps behind the eight leaders and one lap behind the three second division teams.

#### GOOD SEASON IN PROSPECT.

Most Successful Basket Ball Season Is Expected.

NEW YORK, Dec. 15.—Everything is in readiness for the opening tomorrow of what is expected to be the most successful season of basket ball since the sport was taken up by the eastern colleges. There are six teams in the intercollegiate league this year, Dartmouth having been added to the original five—Yale, Pennsylvania, Columbia, Cornell and Princeton.

Never have six teams seemed so evenly matched at the start of a season as do the entrants for this year's college honors. Columbia, winner of the championship last year, again has a strong team in the field. Pennsylvania, with four veterans from last year, is well satisfied with the outlook. Dartmouth, the newcomer in the ranks, faces the season with excellent prospects. Cornell believes it has a winning team, and optimistic reports have been received also from Princeton and Yale.

In the opening series tomorrow Princeton and Cornell will play at Ithaca, Columbia and Dartmouth at Hanover, Pennsylvania and Princeton at Princeton. During the season each team will play one game at home and one abroad with each of the other teams, and an exciting series of matches is in prospect.

#### Mormon Academy Dedication.

THATCHER, Ariz., Dec. 15.—A party of high officials of the Mormon church came here today from Salt Lake City to assist at the dedication of the Latter Day Saints' academy. The academy, which has just been completed, is designed to be one of the most important educational institutions of the Mormon church.

## WILMINGTON YOUTH TO ANSWER CHARGES

### FATHER BRUTALLY MURDERED,

And Young Dowdy Being Held To Answer Charge.

WILMINGTON, Dec. 14.—An unusual situation developed today in the investigation of the murder of Mr. W. R. Dowdy, who was beaten to death with an axe Sunday night, when the coroner's jury empaneled to inquire into the matter was unable to agree upon the principal point at issue before them, whether Charles F. Dowdy, son of the deceased, who was arrested, Monday, should be held for Superior court to answer the charge. Five jurors signed a statement fixing young Dowdy with the responsibility of his father's death, while the sixth juror fails to agree to so much of the findings as involves the said C. F. Dowdy. The verdict on its face, therefore, shows, as Assistant City Attorney Peschau expressed it, that the jury agreed only upon the death of the deceased by violence.

He advised the coroner not to hold young Dowdy and the coroner has acted upon this advice. However, Dowdy remains in jail, as he was arrested upon a warrant issued by Justice Harriss and committed. The magistrate said this afternoon that he would hold the accused for preliminary investigation and this hearing may take place in the recorder's court. The magistrate in the case was foreman of the coroner's jury and one of the five who voted to hold the prisoner.

The situation probably has not been paralleled in North Carolina. Dr. C. D. Bell, the coroner, frankly stated tonight that there is not a scintilla of evidence with which to connect young Dowdy with the crime and intimated that had the jury returned a verdict holding Dowdy responsible that he would probably then not have issued a mittimus to hold the accused, he being the sole judge in the matter, according to the opinion of the assistant attorney.

#### Amusing Incidents in Hatch vs. Hatch Case Enlivened by the presence of Washington Lawyer.

The case of Hatch vs. Hatch in the Civil court went to the jury a little after 4:30 Wednesday afternoon and 25 minutes later the jurors filed back into the court and Mrs. Hatch had won every issue.

After an examination of witnesses characteristic because of the absence from the witness stand of L. C. Hatch, the husband in the case, and which came to an end Thursday evening, addresses to the jury by counsel consumed all of Wednesday.

Much eloquence was made to ring inside the court house and arguments which seemed exhausted were turned over into new food for talk by the gentlemen of the bar who had charge of the case. Messrs. Wooten, Harding and Ward, the latter from Washington, stood by Mrs. Hatch, whilst Messrs. Skinner, James and Dunn were engaged on L. C. Hatch's side. Col. Skinner closed for the husband and H. S. Ward for the wife. If Col. Skinner made a fine address, such as he is wont to make, Mr. Ward's address to the jury was about the finest piece of elocution and argument that has been heard in the new Pitt county court house. Time and again he literally picked his opposing brothers to pieces and in more than one occasion had the court in suppressed laughter over his ready humor and piercing sarcasm. Specially was his improvised "Mary, quite contrary" rhyme appreciated by the occupants of the court-room. The opening of his address to the gentle- whilst the thunderous remarks made at the closing of it were well measured to sweep aside anything that men of the jury was a masterpiece, may have stood in his way to proving his client innocent of the charge preferred by her husband.

A series of marital disarrangements between L. C. Hatch and his wife was the cause for the trial in question. Most of our readers remember that not very long ago Mrs. Hatch was forced to leave her husband for alleged ill-treatment and it would appear that since then the husband had had time to recollect that his wife had been unfaithful to him. That was the charge brought against Mrs. Hatch, Tuesday, and the charge that the husband was unable to prove in the trial.

Many interesting exhibits were presented to the court during the progress of the trial, amongst them photos that show Mr. and Mrs. Hatch in the professional "tights" in which they both appeared during the early period of their married life. Also certain raiments, purported to have been worn by Mrs. Hatch when called upon to perform oriental dances in the pursuit of their early troubadour lives.

Mrs. Hatch was in court Wednesday afternoon with her baby in her arms and often during the trial lifted a handkerchief to a pair of eyes that seem to have done much crying lately.

FRIDAY, DECEMBER 15, 1911.

They have commenced grooming Mr. Taft for another run.

A man in New Britain, Conn., refuses \$75,000 rather than take a wife. Perfectly understood. He had some.

They caught an English spy in Leipzig yesterday. His name is Max Schultz. Not unlike Ike Bloom, from County Cork, Ireland.

We expect most of us would do like the Connecticut man who fell dead when informed he had been left \$1,180,000. The shock would be too great.

With the numerous burglaries there it is easy to guess that Wilmingtonians bar the door when they go to sleep, even if the Star does say it is warm enough to go bathing.

The quality of blind tiger liquor puts a taper in the graveyard now and then, but there are others who place little enough value on their lives to go right on drinking the stuff.

Judge Gary, the steel corporation magnate, has given his wife a diamond necklace costing \$500,000. It has over 100 perfect stones in the string. Perhaps a little reference to the 100 companies he has on a string.

Dr. Fabius Julius Haywood, one of Raleigh's oldest physicians, was stricken with apoplexy in capitol square, Thursday, and died shortly after being removed to his home. He was a gallant Confederate soldier, and seventy years of age.

The Salisbury Post should not be making such a do over the last census figures showing nearly ten thousand more women than men in North Carolina. The women are always the best part of everything, and the state is perfectly safe with them in the majority.

Some years ago a man and woman were married at Atchison. They saved up \$5,000. The woman died. The man married a second wife and she died. Then he married a third wife and she outlived him. He left her \$10,000. She married a second husband and started him up in business with the \$10,000 which her first husband bequeathed her. She died recently and her husband is worth \$50,000. There is now a big kin row on because the man with \$50,000 won't care for the grave of his first wife's husband and also the two graves of the two wives the first man lost.

**A Word To The Wise.**  
It is not only patriotic, but it is wise to buy at home. We have been sending too much money out of the South during these years when there was no occasion for it. This very striking example of how we are fooled by far away birds is noted by the Wilmington Star:  
"A Wilmington lady bought a buffet in New York, paid the freight on it, quoted the bill for the drayage and

**Ends Winter's Troubles.**

had to go to the expense of having it uncrated and put up. She found out that it was manufactured at High Point, N. C., and some just like it were on sale in Wilmington at less price than she paid in New York. Certainly she is sore about it, but she says nobody advertised that they had furniture for sale and consequently they lost a sale and caused her to lose money and help New York."

**Time To Pay.**  
No subscriber to a newspaper should be willing for a new year to come in with his subscription due for the past year. He ought to show enough appreciation of his newspaper to pay for it before the year is out. There are a large number who owe The Reflector and they should make it a point to pay before the year is out. The date after your name on the paper will show whether you are one of those in arrears. Friends, don't let it take so much pleading to get you to come pay what you ought to pay cheerfully and without being asked for it. We do not like to have to print these reminders in the paper, but you force us to it by your failure to pay.

**WARRINER WANTS OUT.**  
Was Sentenced To Six Years In The Penitentiary.

COLUMBUS, O., Dec. 14.—The state pardon board at its meeting tomorrow is expected to consider and act upon an application for the parole of Charles L. Warriner, who was sentenced to six years in the penitentiary following his confession to having misappropriated \$643,000 of the funds of the Big Four railroad. Warriner was for many years local treasurer of the Big Four at Cincinnati. His arrest and trial, in which evidence was introduced to show that Warriner had given alleged "hush money" in large amounts to Mrs. Jeannette Stewart Ford, attracted country-wide attention. With the usual allowance of time off for good behavior, Warriner would complete his sentence in three years nine months and eighteen days. He has now been in the penitentiary two years. During the whole of that time he has occupied one of the best clerical positions in the main office of the prison.

We are fortunate indeed to be able to profit by the experience of our neighbors. The public utterances of Greenville residents on the following subject will interest and benefit thousands of our readers. Read this statement. No better proof can be had.

For a long time my back ached and I had dizzy spells and headache. The kidney secretions also annoyed me and I had bad pains through my loins. When I read of Doan's Kidney Pills, I got a box from the John L. Wooten Drug Company, and their use as directed relieved me. **Lightning Kills Few.**  
In 1906 lightning killed only 169 people in this whole country. One's chances of death by lightning are less than two in a million. The chance of death from liver, kidney or stomach trouble is vastly greater, but not of Electric Bitters be used as Robert Madsen, of West Burlington, Ia., proved. ### "THIS IS MY 62nd BIRTHDAY."

#### Washington Connor.

Washington E. Connor, who figured prominently in Wall street affairs for many years, was born in New York, December 15, 1849, and received his education in the public schools of the metropolis. At the age of 22, after having served an apprenticeship as a clerk in a banking house, he became a member of the New York stock exchange. Six years later the firm of Washington E. Connor & Co. was formed, with Jay Gould, as one of the partners. In many of the great stock market deals with which the name of Jay Gould was associated, Mr. Connor participated. Familiar with the railroad and other business in which Jay Gould had taken a leading part, Mr. Connor, long after the death of the noted financier, was frequently commissioned by the Gould heirs to consummate various railroad plans. His association with the Gould interests continued until his retirement from active business a short time ago.

#### HAIR HEALTH.

If You Have Scalp or Hair Trouble, Accept This Offer.

When we promise your money back for the mere asking if Rexall "93" Hair Tonic does not do as we claim it will, you certainly have no reason for even hesitating to try it. We do not ask you to obligate yourself in any way.

We could not afford to so strongly endorse Rexall "93" Hair Tonic and continue to sell it as we do, if it did not do all we claim. Should our enthusiasm carry us away, and Rexall "93" Hair Tonic not give entire satisfaction to the users, they would lose faith in us and our statements, and in consequence our business prestige would suffer.

Therefore, when we assure you that Rexall "93" Hair Tonic will promptly eradicate dandruff, stimulate hair growth and prevent premature baldness, you may rest assured we know what we are talking about.

We honestly believe that Rexall "93" Hair Tonic will do more than any other human agency toward restoring hair growth and hair health. It is not greasy and will not gum the scalp or hair or cause permanent stain. It is as pleasant to use as pure cold water. It comes in two sizes, prices 50 cents and \$1.00. Remember, you can obtain it only at our store—The Rexall Store—Moye's Pharmacy, Greenville, N. C.

## Don't Judge A Manure Spreader By Looks

Every manure spreader is of a Cloverleaf that looks like a manure spreader. You can't judge a manure spreader by its looks because there are many features which are found in the construction of one machine that are not found in others. Cloverleaf manure spreaders are the most easily operated, the strongest and best machines on the market. If you will examine one critically, you will agree with us that the

is the best machine you ever looked at. Drop in. Let us discuss the manure spreader proposition. Let us explain the many meritorious features found in Cloverleaf construction. Better still, buy one, then you will be in a better position to know why you can't judge a manure spreader by its looks. If you are not ready to buy, call and get a catalogue. It is filled with valuable information on soil maintenance and fertility. We are reserving one for you. Won't you call and get it today?

### DARING STEEPLE-JACKS 710 FEET ABOVE STREET.

NEW YORK, Dec. 14.—A daring pole climber, 710 feet above the street level, perched on the shoulders of an assistant who in turn was standing on another's shoulders, formed a trio of steeple-jacks today declared to have plied their trade at a greater altitude than ever before reached by members of their profession. Their leader, proceeded with his task of gilding the top of the city's highest tower overlooking Madison Square.

"No trick," at all," the chief of the steeple-jacks said when he quit work. "If I could have rigged a Bo'sun's chair, climbed up alone and sat on the peak kicking my heels awhile before beginning with the brush there would have been some variety to the job. It was the highest job a steeple-jack ever tackled, but height is of no consequence to men in our business."

### Saved His Wife's Life.

"My wife would have been in her grave today," writes O. H. Brown, of Muscadine, Ala., "if it had not been for Dr. King's New Discovery. She was down in her bed, not able to get up without help. She had a severe bronchial trouble and a dreadful cough. I got her a bottle of Dr. King's New Discovery, and she soon began to mend, and was well in a short time." Infallible for coughs and colds, its the most reliable remedy on earth for desperate lung trouble, hemorrhages, lagrippe, asthma, hay fever, croup and whooping cough. 50c, \$1.00. Trial bottle free. Guaranteed by all druggists.

LONDON, Dec. 15.—The house of commons was prorogued today, and will not resume its session until the middle of February.

HOT BLAST Heater

The air enters at the top, drives the combustible gases into the fire where they are burned—prevents the escape of heat up the chimney—doubles the heating power of the fuel.

We sell Wilson Hot Blast Heaters for either wood or coal.
