BRYAN ELIMINATES HIMSELF FROM THE PRESIDENTIAL RACE

Under No Consideration Will He Run He Says

HE IS NOT TO BE FORCED LIKE T. R.

Convention is Likely to go to Baltimore, Unless Committee Change Views—Bryan Very Much Still in Politics—Woodrow Wilson's Boom Seems Now to be on the Decline.

With William Jennings Bryan definitely eliminating himself even from consideration as a candidate for the Democratic nomination for president; the Guffey and Palmer forces of Pennsylvania battling over the office of committeeman from that state, and Baltimore and St. Louis in the final struggle for the honor of holding the convention, it became apparent last night, on the eve of the meeting of the Democratic national committee, that the following program would be put through today:

Baltimore, unless certain committeemen change opinions formed last night, will get the convention.

James Guffey, of Pennsylvania, will be seated as committeeman from the Keystone state over the vigorous protest of Mr. Bryan, who is expected to make a sensational attack on his old enemy.

A subcommittee will be appointed to consider the Guffey-Palmer contest, and will be asked to report within an hour.

In the Vertress-Montcastle contest from Tennessee it is probable that a committee will be appointed and delegated to go to that state and take testimony. It is not likely that there will be an immediate decision, as in the Guffey-Palmer contest.

Mr. Bryan is expected to furnish all the sensations of the meeting of the committee. Aside from his threatened attack on Guffey, which he would not discuss when interviewed last night, it is known that he will make a fight to have the committee adopt a rule which will provide for presidential primaries throughout the states.

R. R. SYSTEMS HIS DEMORALIZED

Service in the West Tied Up By the Cold Wave

SOME TRAINS ARE SIXTY HOURS LATE

Intense Cold Ties up Railroad Traffic Out West—All Systems Are Thrown Out of Gear—Water Main's Freezing Cause Damage.

CHICAGO, Jan. 7.—All local cold weather records since January, 1883, were broken today when the thermometer in the federal observatory registered 16 degrees below zero after three continuous days of below zero weather. Although there was a rise of 15 degrees during the day, it is possible the 1883 record will be broken before tomorrow, as the temperature continued 1 degree under the zero mark tonight.

KANSAS CITY, Jan. 7.—The records for cold weather over Missouri, Kansas, and Oklahoma for several years were broken today, 6 to 22 degrees below being reported. An upward turn of the mercury, however, gives hope that there soon will be relief from the extreme cold.

Train service has been demoralized, and tonight it is only partly relieved. Trains in western Kansas are still held by the snow, and many Missouri towns report all trains running late. West of Salina, Kans., the Union Pacific Railway was reopened today and trains are moving—60 hours behind schedule.

The Weather.

Fair tonight and Wednesday; colder tonight except extreme west portion; high west winds.

FANATIC COMMITS DOUBLE MURDER IN NEW YORK

Aged Couple Are Found Dead, Horribly Mutilated

VICTIMS' SON FINDS THE BODIES

Although no Suspicion Has Been Attached to Anybody, Police Believe the Crime to Have Been Committed by Some Religious Maniac—Murdered Couple Were Old People.

NEW YORK, Jan. 7.—A case of double murder found in an East Side house today is one of the most shocking in details of any since the Guldenuppe dismemberment and the "Jack the Ripper" series of crimes. Isaac Futterman, 80 years old, and his wife, Rachel, 72 years old, were found dead in their room, their bodies terribly mutilated.

The police believe the aged couple were practically tortured to death, and in the absence of any well-established motive for such a crime think the Futtermans were victims of a religious maniac.

Futterman was a retired manufacturer, who had accumulated a small fortune, but always had refused to leave the East Side neighborhood, where he settled when he came from Russia many years ago. He was a zealous church worker, and aided in founding the synagogue in his district which he and his wife attended.

The couple lived alone. Their three children dwelt in other parts of the city. One of these, Aaron Futterman, superintendent of a brass factory, discovered the bodies on his weekly visit to his parents. The father's body lay on a sofa and the mother's on a bed. Each was only partially dressed.

UNION OF BANKS SUGGESTS ALDRICH

Monetary Commission Plan Is Now Completed

WILL BE PRESENTED TO CONGRESS

Aldrich Monetary Plan Before Congress—Commission to Act as Federal Agent Does Away With One-Man Power.

The monetary commission's long-awaited report, detailing a plan to reform the currency system, will be laid before congress today. It proposes a perfection of a national reserve association, which is to be a cooperative union of all the banks—in effect, an evolution of the clearing house idea extended to include a central organization.

The report includes a bill to make effective the plan as it now stands, and to repeal all national banking laws which would conflict with its operation.

Few basic changes have been made in the improved plans which Mr. Aldrich submitted to the commission several weeks ago. It is proposed to incorporate the national reserve association with a capital equal to 20 per cent. of all the banks which become members. Before the association can begin business \$100,000,000 in cash capital must be paid in. All national banks may become members, as well as all state banks and trust companies which conform to certain standards of reserve and capitalization.

In Porto Rico twenty-two new local labor unions affiliated with the American Federation of Labor have been organized in the last year, while several which had been temporarily suspended were re-installed in the federation.

NEWS THROUGHOUT THE NORTH STATE

North Carolina News : : : In Brief

Midwinter Golf at Pinehurst. PINEHURST, N. C., Jan. 9.—Many well known golfers of the north and south participated today in the opening of the ninth annual midwinter tournament of the Pinehurst Country Club. The tournament will continue until the end of the week.

Real Leap Year Marriages.

Greensboro.—Mrs. Flora Cook, a middle aged white woman of High Point, set up an unique sort of record in Guilford during the past week, when with one trip to Greensboro she bought marriage licenses for herself and son, who is just of age. Saturday evening the licenses were returned properly signed and the fact became public that Mrs. Flora Cook and Calvin A. Wagner were married Thursday morning and an hour later Peter Cook and Miss Hattie Hayworth were married. Peter Cook is 21 years old and a son of Mrs. Flora Cook. The mother and bride attended to all the arrangements and financed both weddings.

School Bond Registration Closes.

DURHAM.—The registration books for the school bond election closed Saturday evening, after several strenuous days of campaigning to get the voters to place their names on the books. The election is to be held

January 16, when the question of issuing \$50,000 in bonds for the erection of new schools buildings in the city will be decided.

Pastor Accepts Call.

ALBEMARLE.—Rev. Alexander Miller of Williamston, S. C., has accepted a call to become pastor of the First Baptist church of this place. Mr. Miller preached here last Sunday morning and night and his congregation seems to be delighted with him. For the past four months this church has been without a pastor and the news of the calling and acceptance of Mr. Miller was gladly received here, as well as among other denominations as Baptists, as his ability as a pulpit orator is reported to be great. He comes to Albemarle highly recommended as a pastor.

Burgin Assumes Duties Today

GREENSBORO.—W. O. Burgin of Thomasville, recently-elected secretary of the Greensboro chamber of commerce, writes that he will report here Monday and assume the duties of his office. He will bring with him Mrs. Burgin, who until her marriage in December was Miss Greif of Lexington. Retiring Secretary McLean will give his time to Travelers' Protective Association and Knights of Pythias duties, he being state secretary and state councillor, respectively, of the two orders.

CAROLINA CLUB HOLDS MEETING

Rev. C. M. Rock Speaker of Evening—Delivers Masterful Address To Members of Club

MANY MATTERS OF INTEREST BEFORE THE CLUB

The members of the Carolina club held their monthly meeting Monday night and three more members were unanimously admitted into the organization. Matters concerning the business of the club were threshed out and committees appointed to inquire into certain matters of interest to the community were heard from.

Mr. B. W. Moseley reported in favorable terms as to the Hotel to be built in Greenville by Proctor Bros., of Grimesland. He also announced that the city is almost assured of a modern steam laundry, as he has rented a house to a gentleman who intends to establish such a laundry business in our town.

Prof. Wright was called upon by the chair to give the present members of the club an account of what transpired with the board of governors in the meetings held late in December and more recently, in regard to the matter of entertaining the ladies of the Federated clubs, which will be in session in our midst some time in February. As far as was explained by Prof. Wright the board of governors acted in direct accordance with the financial welfare of the club and every member of the club expressed himself in accordance with their action in the matter. However the board of governors decided at Monday night's meeting to leave the question to the members of the club and upon a ballot being taken the present members unanimously moved that the Ladies of the Federated clubs be tendered an invitation to a reception.

On Thursday, the 4th, Mr. J. Benj. Higga tendered his resignation as secretary to the board of governors and Carolina club, owing to other pressing business, and upon his resignation being accepted on Saturday the 6th, Mr. D. M. Clark was appointed to the office.

When the business of the club was ended Mr. Albion Dunn who occupied the chair introduced Rev. Rock as the speaker of the evening. Rev. Rock, as we should here say Mr. Rock, as he stood before the club not as a minister but as a business man with business suggestions

of sterling value, spoke to the members about the business possibilities of our community.

Again the note of unity was struck forcibly in a masterful manner by Rev. Rock. Co-operation was the strain throughout his talk and no doubt that today Greenville's business men feel better for his speech. No man who heard Rev. Rock last night can doubt the sincerity of his words, nor his conviction that Greenville has all the making of a great town. To a certain state undeveloped, yes, but nevertheless very much in evidence. The speaker declared himself in favor of all that is progressive for us, but progressive in a healthy manner. He declared himself a fervent advocate of business, but business with honesty and co-operation for its motto. He dwelt at length upon certain lines of business and industries that could be advantageously exploited by our moneyed men for the benefit of the whole community. He explained that he has the utmost confidence in Greenville and his people, otherwise would not be with us. Rev. Rock had the attention of his audience at all times and in more than one occasion interspersed his speech with characteristic stories which proved him a master at story-telling, and amused the present members as much as the rest of his speech interested them.

There is no danger in saying that the best talk given at the club was Rev. Rock's Monday night. To some of his hearers it must have been a pleasant surprise to know that a minister of the gospel can be as manly a man as Rev. Rock. It is too bad that more of us do not hear him from the pulpit, for as he explained Monday night, how is he to suggest betterments for the community if some of the business men will not go and hear him?

In closing his speech, Rev. Rock asked every business man in Greenville to co-operate with him in the up-building of our community and we can safely say that his words sank deep in the hearts of every member of his audience Monday night.

MORGAN'S YACHT IS DAMAGED

Although Every Ship of Atlantic Fleet Suffered Damage, no Lives Are Lost Except in Salem—Dixie and Torpedo Boats Seek Refuge in Island of Bermuda—The Corsair Morgan's Yacht Has Crew Transferred.

NEW YORK, Jan. 7.—Wireless messages received here tonight report the United States torpedo boat destroyer Terry helpless near Cape Hatteras. The vessel was in communication with the steamer Tagus and the battleship South Carolina. Further wireless advices from vessels in communication with the Terry were to the effect that the destroyer's turbine engines and pumps were out of commission, that all her stores were ruined, and her wireless apparatus not working.

The revenue cutter Onondaga was reported by the South Carolina to be in the immediate vicinity of the Terry.

Warships Speed to Rescue.

NORFOLK, Jan. 7.—Appeals for help from all parts of the Atlantic ocean came thick and fast tonight, and several warships are now rushing to the assistance of the torpedo boat destroyer Terry which is lying helpless 40 miles south of Cape Hatteras.

The cruiser Prairie, which has been at anchor in Hampton Roads since Friday, was ordered to the assistance of the destroyer, and the cruiser Salem, herself badly crippled as a result of the storm and which was nearing Cape Henry on her way to Norfolk to receive repairs, was also ordered to look out for the helpless little craft.

PROBABILITY OF A THIRD PARTY

Bryan-La Follette Conference Causes Unrest

R. R. STATION A MEETING PLACE

William J. Bryan and Leader of Progressives Withdraw From Crowd and Hold Animated Conversation—Politicians Hint at Third Party in Race.

Col. William Jennings Bryan and Senator Robert M. LaFollette had a conference at the Union Station last night upon their arrival in the city the former from the south and the latter from the west. The meeting between the three-time presidential candidate of the Democratic party and the progressive Republican, who is seeking to wrest the nomination from President Taft, was said to be accidental.

No sooner was it known that the progressive leaders of the two parties had come together than tongues began to wag, and third party talk flew thick and fast about the hotel corridors. It was not wholly confined to members of the Democratic national committee, who were gathering, too, showed a lively interest.

All day the Democratic committeemen had been seeking methods of dealing with the several perplexing questions scheduled to come up at today's meeting, but nearly every possible solution advanced seemed to depend upon the probable attitude of the Nebraska leader.

Progress was slow because of the general desire to consult Mr. Bryan, and his arrival, scheduled for 4 p. m., was awaited with great impatience. Finally it was learned that his train had been blockaded by a wreck and was two hours late.

Fifteen representatives in the present congress are members of trades unions.

GOVERNOR FOSS TO INTERCEDE FOR RICHESON

Pastor Found Guilty Of First Degree Murder

LIFE IMPRISONMENT PUNISHMENT

It is Rumored That Gov. Foss Will Let Justice Take Its Course Through Coming Trial But Will Intercede and Have Richeson's Penalty of Death Changed to Life Imprisonment.

BOSTON, Jan. 7.—If the Rev. Clarence V. T. Richeson, who yesterday, in a written statement, confessed the murder of his former sweetheart, Avis Linnell, is condemned to death in the electric chair, Gov. Foss will recommend to his council that the minister's sentence be commuted to life imprisonment.

The governor will not discuss the case for publication, but probably after the court has sentenced Richeson to death, he will. The majority of the governor's council, it is said, will vote in favor of the governor's recommendation.

No leniency for Richeson on the part of the district attorney is expected, and not a less plea than that of murder in the first degree will meet with his approval, according to a statement which he reiterated today, so that the only hand that seems able to stay Richeson's march to the electric chair is that of Gov. Foss, acting under the advice of the council.

Richeson is expected to appear in court late tomorrow afternoon and ask to be permitted to change his former plea and be adjudged guilty of murder. Whether Judge George A. Sanderson and District Attorney Pelletier will accept this change or will put aside the confession for future consideration in order that the regular procedure may be followed and a jury called upon to pronounce the verdict was not announced tonight.

Richeson learned today from the papers that his confession was known throughout the land, but while he read the various accounts, he made no comment upon them. He passed a quiet day. Even his counsel did not visit him.

FOR CONTROL OF PANAMA CANAL

Laws Of Canal Of Panama Before The House

FIGHT ON PENSION BILL IS NOW ON

Inquiry Into Senator Lorimer's Election—Ill. Senator to Testify—New Laws for Panama Canal Discussed in House.

Legislative machinery to provide for operation of the Panama canal and control of the Canal zone will be started tomorrow, when the house committee on interstate commerce will hold its first meeting to frame a program for hearings and other preliminary work as a basis of the bill which will be reported out to the house later in the session.

Chairman Adamson and his committee have just returned from a trip to Panama, where they conferred with Chief Engineer Goethals and other officials. Mr. Adamson has voiced the opinion that the progress and quality of the work done there is entirely satisfactory. Mr. Adamson said Col. Goethals might be summoned to Washington.

The question of preferential rates to American shipping and the problem in the president as to the amount of tolls or to make specific legislative provision for the rates in the bill will be fought out in the committee. The senate committee on interoceanic canals has made no plans, being disposed to wait upon the house.

TUESDAY, JANUARY 9, 1912.

In olden times when two countries went to war every landlord owed it to his king to "put up" one or more soldiers according to the landlord's means or the size of the town through which the soldiers were passing. Today in Greenville if we want to accommodate 10 or 20 visitors we have to go all over town and spread them in braces, here and there in the magnificent and modern hostilities we have. History does repeat itself.

Co-operation, unity, unity and co-operation. The same tune with slight variations. And we believe if we were to hear this "solo" as often as we heard "every little movement has a meaning all its own" we would be a great deal better of right here in Greenville.

If a man is got the blues and wants to freight it to the next station get right next to him and help him dispel the gloomy thoughts. Don't just tell him "here's yer lid, now watcha wanna go for?" Make him stay. A bird in the hand is worth two in the bush. But of course it does not follow that a boil on your neck is worth two buidions on the other fellows foot. Moral; keep the good fellow. At least something like this was said at the Carolina club last Monday night. And Rev. Rock said it.

And just think what a nice place to work this weather. A modern steam laundry with the warm steam to keep the feet in condition. We want emancipation from the oriental race in Greenville. He may be despotic as to the way he delivers his work, but the time is coming when the celestial import will not put it all over us.

And the hotel lobby is not "ye" worst place to gather in these cold nights. A stove wherein burns the coal that produces warmth and happiness glows in the center of this lobby. A servant of African descent looks after the stoves' appetite and sometimes Crocchia's band happens along and it feels good.

Some days are cold; Some days not warm; But summer, oh, summer, When will you come?

"The train was on time and as he stepped to the platform a polite porter relieved him of the weight of his suitcase. Presently he strolled into the well appointed corridor of the hotel, modern in every detail. He was shown a room in which an open fire kept the atmosphere of the apartment gloriously balmy. A touch to the electric button and a smiling attendant was ready to take his orders."—Dream of a drummer (beg pardon, commercial traveler) as he approaches Greenville in a Norfolk Southern train.

The rising of President Sun in China reminds us that we once had Mrs. Moon over here.

Just wait a few days and you will see some balmy Eastern North Carolina weather that will make you forget this spell of snow and ice.

We are ready for both Raleigh and Charlotte to announce the coming of the next big men. Both of those towns have auditoriums, you know, and they draw.

Memorial to Dr. Knapp. The south owes a great deal to the late Dr. Seaman A. Knapp, head of the demonstration work of the department of agriculture. He taught the south many useful lessons, he inspired the south to greater activities on the farm, he saved the south an immense amount of labor that had been wasting and he set before the south a new program of achievement. His work was a success. His demonstration projects were enlightening. His suggestions and direct teachings to the farmers were well-advised and always worth following. The south ought not to be slow in making some memorial to him and The World's Work makes the very admirable point that this memorial should be in the form of a model farm somewhere in the south, a farm of only a few acres, cultivated according to the methods of Dr. Knapp, and made to produce maximum. It makes the further good point that nobody seems to know exactly what a few acres of land in Virginia, the Carolinas, Georgia or more southernly states can produce when the Knapp methods are strictly applied. This is so. There have been a number of experimental stations, and a number of farmers here and there have set aside an acre or so of their land upon which to make practical tests of varieties of seed or different applications of fertilizers. Nothing has been done of any far-reaching extent to select some four or five or ten acres, cultivate the crops according to the most scientific principles, and precisely according to the advice and suggestions as made by Dr. Knapp. This would be a fitting and a worthy memorial for the south to make and it ought to be done. The west will help. The west appreciates what Dr. Knapp did for the agricultural interests in general and the north will help.

We should be pleased to see the movement take definite shape and we would be more pleased to see memorial farm established in some of North Carolina's fertile fields to serve ever as a model of instruction and practical aid for North Carolina farmers and the farmers of other states. Charlotte Observer.

A Little Off in Their Belief. Speaking at a banquet while he was in Charlotte last week, Col. Henry Watterson, according to The Observer, "repudiated not only the aspersions which have been cast on the Mecklenburg Declaration, but referred in similar vein to what he called the ridiculous and groundless aspersions on the character of Nancy Hanks, mother of Abraham Lincoln, to the myth that Marshal Ney was not executed and numerous others." While The Landmark was never committed to the theory that Marshal Ney died in North Carolina, it is proper to say talking of myths, that there are many people who believe that the mysterious Frenchman who taught school in this section of North Carolina in the long ago, and whose bones now lie in Third creek graveyard, Rowan county, was none other than the real Marshal Ney; and furthermore, that these same people—and many others believe that the evidence is fully as strong as the evidence that supports the Mecklenburg Declaration.—The Statesville Landmark.

Robert Mathison, who has an international reputation as an expert in charitable and correctional work and as an educator of the deaf and dumb, was born in Kingston, Ontario, January 9, 1843. He was educated in Bradford and for some time was editor of a newspaper in that city. His interest in charitable work dates from 1872 when he was appointed to a position in the asylum for the insane at London, Ont. Six years later he became one of the superintendents of the Central Park prison in Toronto which position he held until 1870 when he was appointed superintendent of the institution for the deaf and dumb at Belleville, Ont. In recognition of his services for the education of the deaf and dumb Mr. Mathison received the honorary degree of M. A. from Galloway College, Washington, D. C., some years ago. In 1906 he resigned his position at the Belleville institution to become supreme secretary of the Independent Order of Foresters of Canada.

Rev. Robert King at Training School.

Rev. Robert King, of Richmond, who preached regularly at the Presbyterian church last summer, conducted Y. W. C. A. services at the Training school on Sunday evening. His theme was "The Harvest is Ripe." He appealed to the students to take Christian teaching with them into the communities where they will go to teach; they will become leaders and the salvation of the people among whom they work will rest largely with them.

Mr. King was an earnest, impressive talk.

By consent of Governor Kitchin, Judge O. H. Allen and Judge Justice have exchanged courts for next week, and Judge Allen will preside over the court of Pitt county that being next Monday.

Mr. D. S. Smith's Child.

The Reflector had the wrong name in stating Monday that a child of Mrs. Lillie Smith had broken a leg. It was a little daughter of Mr. and Mrs. D. S. Smith, who met the accident. The little girl, Rena, was out sliding on the snow and fell down. Fortunately she did not break any bones, but the leader in the leg, and she was badly bruised.

Farmers Advised to Sell Early.

The Greenville Tobacco Board of Trade advises those farmers selling on the Greenville market who yet have tobacco on hand, to prepare it for market and sell it as early as possible. This advice is given because that owing to the scarcity of certain grades so late in the season there is a probability of the buyers being called off on those grades.

New Postoffice for Greenville.

Messrs. Dresbach and Clark have been advised by the government to make a survey of the site in which the new postoffice building is to be erected, requesting the mentioned gentlemen to make their report before the 10th of the present month.

This is good news for Greenville and shows that we are to have a postoffice in this town in keeping with the magnificent court house.

Mr. W. B. James Dead.

Mr. William Blount James passed away about noon today at his home on Washington street, after an illness of about a month. He was a son of the late Dr. John G. James and was 42 years of age. He is survived by a wife and two sons, Masters Will and Dink, also by two brothers, Col. F. G. and Dr. D. L. James, and two sisters, Mrs. H. L. Fennell, of Wilmington and Mrs. H. A. White, of Greenville. He had many relatives and friends who are grieved by his death.

The funeral will take place at 3:30 o'clock Wednesday afternoon in Cherry Hill cemetery.

Governor Plaisted of Maine has called a special session of the legislature to meet in March to consider the liquor laws, rearrange the congressional districts and revise the election laws of the state.

NORTH EASTERN DIVISION COUNTY SUPERINTENDENTS

WILL MEET IN GREENVILLE

Meeting of High School Principals Will Follow Superintendents.

Beginning tomorrow there will be educational meetings here the remainder of the week.

The North Eastern Division of the County Superintendents' Association meets here tomorrow night and will continue its sessions until Friday at 12 o'clock. These meetings will all be held over at the Training school. All the high school principals in this division of superintendents will meet here Friday morning at 10 o'clock and continue until Saturday at noon.

Tomorrow evening at 7:30 o'clock the first meeting will be held in the auditorium of the Training school. There will be an address by Prof. Harold Barnes, of Gerard College, Philadelphia. This meeting is open to the public and the people of Greenville are cordially invited to be present. I trust that our people will avail themselves of the privilege of hearing this distinguished educator. Heretofore our people have not shown with their presence proper appreciation of these educational gatherings, and it hurts the town in the opinion of our visitors who come to these meetings.

We bespeak for Prof. Barnes a great gathering tomorrow evening in the auditorium of the Training school.

DRIVE OUT CATARRH A FILTHY DISEASE

Ely's Cream Balm a Simple Remedy Relieves Instantly All Distressing Symptoms.

If you are subject to frequent colds, or if you have any of the distressing symptoms of catarrh, such as stuffed up feeling in the head, profuse discharge from the nose, sore in the nose, phlegm in the throat causing hawking and spitting, dull pain in the head or ringing in the ears, just anoint the nostrils or rub the throat or chest with a little Ely's Cream Balm, and see how quickly you will get relief.

In a few minutes you will feel your head clearing, and after using the Balm for a day or so the mucus discharge will be checked, the pain, soreness and fever gone, and you will no longer be offensive to yourself and your friends on account of the constant hawking, spitting and blowing.

Shake off the grip of catarrh before it destroys your sense of taste, smell and hearing and pollutes your whole system. In a short time you can be completely cured of this distressing disease by using Ely's Cream Balm. This healing, antiseptic Balm does not fool you by short, deceptive relief, but completely overcomes the disease. It clears the nose, head and throat of all the rank pollution, sores, heels and strengthens the raw, sore membranes, making you proof against colds and catarrh.

One application will convince you, and a 50 cent bottle will cure you. It is guaranteed. Get it from your druggist today. If you are spraying the nose, throat or ears, ask for Ely's (Liquid) Cream Balm.

DISSOLUTION.

The firm doing business under the name of Greenville Wholesale Co., was dissolved by mutual consent on January 6th, 1912, S. E. Gates, having sold his one-third interest in the business to D. S. What the World is Doing—Told by Wire

Interesting Session for South Carolina Lawmakers.

COLUMBIA, S. C., Jan. 9.—The general assembly of South Carolina began its annual session today. An interesting session is forecasted. As the personnel of both houses remains unchanged from last year it is a foregone conclusion that efforts will be made to enact the several important measures passed at the last session but which were prevented from becoming law by the wholesale vetoes of Governor Blease. Probably among the first matters of importance to come up will be the action of the two houses as to whether or not the governor's veto will be sustained on the numerous bills he failed to sign. It will require a two-thirds majority in each branch of the assembly to override the veto.

New Jersey Lawmakers Meet.
TRENTON, N. J., Jan. 9.—The New Jersey legislature met today and organized for its regular annual session. The session promises to be one of more than ordinary importance. The Republican majority was elected on a platform pledging a number of important reforms. The party leaders are determined that the reform measures demanded by the people shall go through and that the legislature shall be of such a character that Governor Wilson will not dare to exercise his right of veto without endangering his chances to secure the Democratic presidential nomination.

Annual Meeting of State Conference on Taxation.

BUFFALO, N. Y., Jan. 9.—The State Conference on Taxation which was organized last year in Utica, began its second annual meeting in this city today. The session, which will last several days is attended by numerous representatives of public organizations interested in taxation and officials of municipalities throughout the state. The conference will give its attention to the existing methods of assessment and taxation in the state of New York, the details of the tax laws and suggestions for improvements. It will not, however, concern itself with the details of local or state expenditure or any theoretical matters.

South Dakota Conservation Congress.
Sioux Falls, S. D., Jan. 9.—The South Dakota Conservation, Dry Farming and Good Roads Congress, for which preparations have been making for several months, met in this city today with a large representative attendance. Bishop O'Gorman delivered the invocation at the opening this afternoon and Mayor Burnside made an address of welcome. Former United States Senator Pettigrew was one of the speakers. The sessions will last three days. Governor Eberhart of Minnesota is on the program for an address Thursday morning.

For Masonic Home.
GREENSBORO, N. C., Jan. 9.—Interesting ceremonies attended the laying of the cornerstone here today for the home to be erected for the aged and indigent members of the Masonic fraternity in North Carolina and their widows and orphans. Grand Master R. N. Hackett presided at the ceremony. The institution, which is rapidly nearing completion, occupies a

Public Sale of Valuable Real Estate

Not having sold the piece of land that I have advertised, located near the East Carolina Teachers Training school, and containing about thirty acres, I will sell this piece of property at a public sale to the highest bidder on Friday, January 19, at 2 o'clock at the court house door. It is very valuable for residence or farming purposes, and situated about one-half mile from Pitt county court house. I can be found at the store of F. V. Johnston, and will give any information desired concerning same.

Poultry Show Opens in Boston.
BOSTON, Mass., Jan. 9.—The sixteenth annual exhibition of the Boston Poultry and Pet Stock Association opened in Mechanics Building today and will be continued until Saturday. The exhibits embrace more than 4,000 high class chickens, turkeys, ducks, pigeons, rabbits, cats and other varieties of poultry and pet stock. The exhibitors represent a dozen or more states and various parts of Canada.

Wisconsin Fruit Growers.
MADISON, Wis., Jan. 9.—What promises to be one of the best annual conventions in the history of the Wisconsin State Horticultural Society assembled in the capital today and will continue in session over Wednesday and Thursday. The feature of the opening session was an address by W. H. Manchett of Sparta on "The New Era in Horticulture in Wisconsin". The programme provides for addresses by well known fruit growers and horticultural experts from several states.

Price of Shoes to Go Up.
New York, Jan. 9.—The family shoes will cost more this year than they did in 1911. According to the statements made by members of the National Boot and Shoe Manufacturers' Association, who began their annual meeting in this city today, an advance is absolutely necessary because of the increase in the cost of raw material. It is expected that an advance of from five to seven per cent will be made in the wholesale prices of shoes, after the fall samples have been sent out in March.

Government May Take Action.

Washington, Jan. 9.—Officials of the department of justice intend to keep a close watch on the prices of shoes this year in consequence of the report that the prices to consumers will be materially increased. If the advance is made, the government in all probability will institute an investigation to determine whether or not it resulted from a combination in violation of the Sherman anti-trust law.

Maple Sugar Makers Meet.

Burlington, Vt., Jan. 9.—The nineteenth annual convention of the Vermont Maple Sugar Association began here today in connection with the state dairymen's convention. President G. H. Soule of Fairfield delivered the opening address. One of the interesting features of the gathering is an elaborate exhibition of maple products, sugar and syrup, and of sugar making apparatus.

Ed Catton Pardoned.

RALEIGH.—Governor Kitchin today granted a pardon for E. C. Catton, Mecklenburg county, who has served since December, 1909, on an 18-months sentence to the roads. Catton has been stricken with pellagra and his life is endangered. The solicitor who prosecuted recommends the pardon, as do the county authorities, and the brother of the man is anxious to take the patient into his home and do what he can for him. The pardon is conditioned on good behavior.
