APPROPRIATION BILL CAUSES TUMULT IN HOUSE

District of Columbia Bill Has Stormy Passage

ONE NEAR PERSONAL ENCOUNTER

Numerous Outbreaks of Temper, Personal Insults Etc. Mark the Passage of the District of Columbia Appropriation Bill—Kentuckian Calls Chicago Member a Coward But Later Shakes Hand With Him.

Numerous outbreaks of bad temper, one near personal encounter, and a tumult of sharp words and hot debate, were injected into the consideration by the house yesterday of the District of Columbia appropriation bill. Out of the day's proceedings there developed unmistakably the intention on the part of the Democratic majority not to increase the total amount carried by the bill as reported from the committee on appropriations. There may be a slight reduction in the total, but certainly no increase. Also it was shown that men in the house willing to be real champions of the District are scarce. Spasmodically, as the spirit moved them, a member now and then would rise and say a kind word but there was no member ready to keep at it all the time.

The sensation of the day came when Representative Ben Johnson, of Kentucky, chairman of the committee on District affairs invited Representative Madden, of Illinois, to go outside the chamber with him for the purpose of settling their difficulties. Mr. Madden declined the invitation, saying he was "no prize fighter."

The house worked hard, and managed to pass 113 pages of the bill yesterday. The contests and discussions grew wholly from the refusal of the committee to grant increases of salaries. The criticisms were from four different angles. There as Representative Burdison, in charge of the bill on the floor, who fought to push the measure through the house with a change.

SIX BELOW IN WASHINGTON

Coldest Waves Experienced in Capital in 18 Years

30 DIE IN CHICAGO LAST WEEK

Inclimency of Weather at National Capital Causes Much Suffering—West Continues to Suffer in the Grip of the Cold Wave—Many Deaths Reported.

From the zero point at 8 o'clock yesterday morning, and reaching 8 degrees above, the highest temperature of the day, at 4 o'clock in the afternoon, the official thermometer at the weather bureau registered the coldest period, 6 degrees below zero, at 12, midnight. The kiosk on Pennsylvania avenue, at a point which is always several degrees warmer than the vicinity of the weather bureau, recorded the temperature at 4 degrees below zero at midnight. The needle of the thermograph, which traces the rise and fall of the temperature throughout the day, went out of business about 11:30 p. m. in trying to reach for a lower mark than the chart provides for.

A brief respite from the intense cold is promised for today. According to the official forecast, the temperature will rise, and the day will be fair. Earlier on Saturday forecasts were posted to the effect that snow would probably fall late last night or on Sunday.

The records for yesterday at the weather bureau were as follows: 8 a. m., zero; 10 a. m., 2 degrees above; 12:05 p. m., 2.6 degrees above; 4 p. m., 8 degrees above; 6 p. m., 5 degrees above; 8 p. m., 3 degrees above; 10 p. m., 1 degree above; 11 p. m., 5 degrees below; 12 midnight, 6 degrees below.

CHINESE EMPEROR TO FLEE FROM ORIENTAL CAPITAL

Manchus About To Renounce Their Rule In East

HAVE LOST EVERY CHANCE TO WISE

Almost Full Regiment of American Troops Now in Chinese Waters—Republican Government Plans Sea Expedition—Terms Offered by Rebels Likely to be Accepted by Dowager Empress.

Pekin, Jan. 13.—The abdication of the emperor is expected to take place within three days, but events may occur to give the Manchus a new lease of life, as they often have in the past when matters seemed hopeless.

Yuan Shih Kai's secretaries make no secret of the preparations, and the premier this afternoon conferred for two hours with Hsu Chih Chang and Shih Shu, the throne's guardians, respecting measures to be undertaken.

It is understood that plans are being arranged for the departure of the imperial family to Jehol. The imperial guard probably will act as an escort, unless the flight from Peking is secret, which is not improbable, before the abdication proclamation appears.

It is said that the Manchus have considered and have agreed to accept the terms offered by the republicans some days ago—protection and respect, such as would be accorded to a retired foreign monarch residing in Jehol or the summer palace near Peking for use of the emperor; other members of the imperial family to retain their personal wealth and property, all Manch pensioners to continue for a fixed term, and the payment of a large annual pension to the court, said to be 10,000,000 taels (about \$6,500,000).

HARMON CITES TRUST RECORD

Tells of His Efforts As Attorney General

HELPED IN ALL TRUST PROSECUTION

Ohio Governor Speaks at East St. Louis Ill. and Explains His Anti-Trust Views—Has Always Done All in His Power to Curb Corporations.

EAST ST. LOUIS, Ill., Jan. 13.—"Oh! for an hour of Andrew Jackson!" This slogan summarized the views of Gov. Judson Harmon of Ohio in a speech tonight before the Democratic club here at a celebration of the one hundredth anniversary of the battle of New Orleans in the war of 1812.

"Jackson urged a graceful reduction of tariff taxes," said the governor, "especially on necessities, at a time when they were levied mainly for revenue. When recently we saw a president led against his just inclination to sign and praise a tariff bill which broke his own and his party's promise of reform, and then, in the face of his express admissions, veto bills for reductions passed by congress under direct command of the voters of the entire country, men everywhere exclaimed, as they did in the days of the vacillating Buchanan: 'Oh! for one hour of Andrew Jackson!'"

"Now we find the business of the entire country disturbed and halting because our wretched system of favor taxes has brought its certain result. Unnatural competition was stimulated by these and then suppressed by the formation of trusts and combinations.

"The supreme court first enforced the anti-trust law. It was in a proceeding by the government against the Trans-Missouri Freight Association. Soon after it did the same in two other cases against the Joint Tariff Association and the Addystone and other pipe companies.

NEWS THROUGHOUT THE NORTH STATE

North Carolina News : : : In Brief

Guano Plant Burns.

Tarboro, Jan. 13.—The plant of the F. S. Royster Guano Company, near here was completely destroyed by fire this afternoon.

The loss is estimated at \$100,000 at least, but the plant is well covered by insurance.

In addition to the plant itself, three freight cars on the siding were partly burned.

The fire was discovered at 3:30 o'clock this afternoon, in No 2 engine room, and before the fire department could arrive from headquarters, two miles away at Tarboro, the flames were beyond control.

Fortunately, it being Saturday afternoon, only two men were in the building at the time, and they escaped without injury.

This is the second plant of the Royster Company to be destroyed by fire within the last two days, one of their Norfolk mills being burned yesterday. The fire is still burning, and there is no possibility of saving the buildings or their contents.

None of the local officers of the company would make any statement this afternoon as to the amount of the loss, but it is known that there were 11,000 tons of unmixed fertilizer in the building.

The damage to the fertilizer material, excluding salvage, cannot be less than \$100,000, and any extra salvage recovered will not be more than sufficient to cover the value of the building. The cause of the fire is not known at present.

Gladden Escapes.

Shelby, Jan. 13.—Frank Gladden, on trial here for last three days on charge of being an accomplice of John Ross, who was convicted, the first of the week of murdering John Dixon and his wife, prominent former of this county, was acquitted by the jury tonight after eight o'clock.

The evidence on which Gladden, the white man was indicted and tried, was chiefly furnished by the convicted negro—and the jury refused to believe his testimony. The jury was out only two hours.

It is understood that Gladden will be kept in jail and later placed on trial for the killing of Mrs. Dixon. But the evidence will be the same practically, then as now, and it is doubtful if any jury would convict him.

Dies in Drug Store.

Wilmington, N. C., Jan. 13.—Mr. John J. Sheehan, superintendent of transportation of the Tidewater Power Company, died suddenly early this afternoon in the drug store of Jarman and Mintz, near Front and Princess streets.

He had gone there to get something to relieve him of an attack of heart trouble, which he suffered from while about his duties, only a few years from the drug store.

He had been a sufferer of stomach trouble for some months. He was 45 years old, and leaves wife and little daughter, also his mother, a sister, and a brother.

CONDENSED NEWS ITEMS FROM EVERYWHERE

What the World is Doing—Told by Wire

Nebraska Farm Gathering.

LINCOLN, Neb., Jan. 15.—Today ushered in what in many respects the most notable week of the year for the Nebraska farmer. It is a week when the numerous state organizations in which he is particularly interested holds their annual joint gathering in the capital city. Among the organizations that will meet during the next few days are the state association of corn growers, horticulturists, live stock breeders, swine breeders and beekeepers. Meetings of the county assessors, road improvement associations and rural life and agricultural extension conferences will add to the attendance of visitors, while an additional attraction will be furnished by the big exhibition of farm products.

For Amateur Cueists.

NEW YORK, Jan. 15.—The big event of the week for devotees of the green table sport will be in the Class C tournament, which has its opening tonight at the Morningside Academy in this city. This tournament is a new one on the list of fixtures held under the auspices of the National Association of Amateur Billiard Players. The contestants are limited to amateur players who have never surpassed a grand average of 5 in tournament competition and at the same time are capable of a speed of at least 3. Nearly a score of players have entered in the initial tournament and some interesting competition is expected.

McKeesport Comes of Age.

MCKEESPORT, Pa., Jan. 15.—McKeesport put on gala attire today in celebration of the twenty-first anniversary of its incorporation as a city. In honor of the anniversary the chamber of commerce arranged a programme of historical exercises and a jubilee banquet.

Trial of Alleged Murderer.

ARKANSAS CITY, Ark. Jan. 15.—The case of W. C. Alexander, accused of killing J. P. Kelley at Pine Bluff some time ago is to be called up for trial in the Desha county court here this week. The case was brought here on charge of venue from Jefferson county.

Convention of Meat Packers.

WASHINGTON, D. C., Jan. 15.—The annual convention of the American Meat Packers' Association met in the capital today, with headquarters at the New Willard Hotel. The sessions will last three days and will be devoted to the discussions of various matters pertaining to the packing industry and its outlook. The attendance includes large delegations from Chicago, Kansas City, Omaha, St. Louis, Cincinnati, Pittsburg, Philadelphia and several other cities.

Ohio State Poultry Show.

CDLUMBUS, O., Jan. 15.—The annual exhibition of the Ohio State Poultry Association was opened here today and will be continued until the end of the week. The show this year is one of the largest and most representative in the history of the association. There are several thousand birds on exhibition, including nearly every variety of chicken known to the fancier.

Advertising Men's Golf Tourney.

PINEHURST, N. C., Jan. 15.—What promises to be one of the most successful golf tournaments ever held by the Advertising Golf Association opened on the Pinehurst links today. The tournament, which will last through the entire week, will be unusual in character as the programme provides for a number of novel events in addition to the regular championship contests.

Marine Men Meet in Detroit.

DETROIT, Mich., Jan. 15.—Detroit is to be the center of interest this week for all vessel owners and marine employes on the great lakes. During the week there will be held the annual meetings of the Lumber Carriers' Association, the Shipmakers' Association and the Licensed Tugmen's Protective Association.

Corn and Grain Growers.

MITCHELL, S. D., Jan. 15.—The annual convention of the South Dakota Corn and Grain Growers' associations opened here today to last until Friday. Prominent farmers from all parts of the state are present. A leading feature of the week's programme will be the lecture by a number of well known agricultural experts.

SEVEN TURKISH GUNBOATS SUNK BY ITALIANS

Disarmed Turkish Vessels Are Sent To Their Doom

MANY SAILORS ARE DROWNED

Gunboats Had Been Previously Disarmed at Egyptian Port But Are Shelled by Italians in Red Sea—Government Reports Fall to Tell of Disarmament—First Naval Battle a Farce.

ROME, Jan. 13.—The first important naval battle in the Turco-Italian war was fought in the Red sea on Jan. 7. An Italian cruiser squadron sank seven Turkish gunboats after a sharp conflict.

A large number of Turkish seamen went down with their ships, but others were rescued by boats from the Italian warships. A Turkish yacht was captured and is being brought to Italy.

The above is the version of the affair given by the Italian government, but a dispatch sent from this city to a London news agency throws an entirely different light on the encounter. It says:

"The Turkish vessels destroyed by the Italian warships were those which took refuge at Suez several weeks ago. As a result of protests by Italy the Egyptian authorities disarmed the vessels and the Turkish commander subsequently obtained permission to leave. While departing the flotilla was overtaken by the Italian warships and sunk."

The government version, which fails to mention the disarmament, continues:

The Turks were believed by the Italians to be preparing to convoy a military expedition which was to cross Egypt and join the Turkish forces in Tripoli.

H. K. THAW TO PROVE SANITY

Would Not Harm Anybody If set Free, He Says.

CHANGES WERE NOT MADE FOR HIM

His Wife Trying to Have Case Brought Before Pennsylvania Court—In Sase of Freedom Thaw and His Mother Will go Immediately Abroad.

Harry K. Thaw, who was acquitted of the murder of Stanford White four years ago on the ground of insanity, gave an exclusive interview yesterday to a reporter for The World, who saw him in one of the wards of the state asylum for the criminal insane at Matteawan.

Thaw is much stouter than he ever was, his complexion is rosy, his eyes are clear and have lost the peculiar rolling effect they had when he was on trial in the criminal branch of the supreme court. He said he weighed about 185 pounds. His hair is thick, but is becoming gray, especially on the sides. He wears gold-rimmed spectacles. Dressed in a black and gray mixed suit, he wore a large turn-down collar and a plain four-in-hand necktie.

"You know," said Thaw, "when a man is confined behind bars in the state prisons and here in Matteawan he needs friends much more than persons do under ordinary conditions. You don't find patients abused here as they were before the change of administration took place. All that has passed."

Dr. J. W. Russell, acting superintendent of the Matteawan asylum, happened to pass through the ward at this time. Thaw saluted him and Dr. Russell returned the greeting pleasantly.

The Weather.

Fair and colder tonight and Tuesday; cold wave extreme west portion; brisk northwest winds.

UPHEAVAL IN ARMY CIRCLES AT WASHINGTON

Many High Officers Must Leave the Capital

ORDER GIVEN BY ARMY HEAD

House Committee on Military Affairs to Consider Plan Presented by Mr. Simson, Head of War Department—Changes to be Made in Hay Bill.

A comprehensive military plan for the United States will be completed by the war college and general staff of the army before the end of the present session of congress, according to a statement made by Secretary of War Stimson before the house committee on military affairs last night.

Earlier in the afternoon Secretary Stimson caused a sweeping change to be made in the status of a number of important army positions here in Washington. The order detached Brig. Gen. William W. Wotherspoon from duty as president of the war college and assigned him to duty as commander-in-chief of the department of the gulf, at Atlanta, in place of Brig. Gen. Albert L. Mills, who becomes president of the war college.

The officers, who, under the order, are expected to leave Washington are Brig. Gen. W. W. Wotherspoon, Maj. Johnson Hagood, general staff; Capt. C. D. Rhodes, general staff; Capt. J. A. Mors, Twenty-fourth infantry; Capt. S. D. Embick, general staff; Maj. Paul F. Stroub, general staff; Maj. R. E. Callan, coast artillery corps; Capt. J. A. Logan, Jr., Lieut. Col. J. T. Knight, quartermaster general's office; Lieut. Col. O. S. Stanley, quartermaster general's office; Maj. Frank B. Cheatam, quartermaster general's office; Maj. A. B. Brewster; Lieut. Col. J. T. Thompson, ordnance office; Lieut. Col. George F. Downey, pay office; Maj. T. H. Rice, ordnance office; Lieut. Col. M. M. Ireland, medical corps; Maj. I. S. Russell; Col. H. P. McCain, adjutant general; Lieut. Col. B. Alvord, adjutant general, and Lieut. Col. John Biddle porter, judge advocate.

MORSE REJECTS TAFT'S AID

Convicted Banker Afraid of Trip to Hot Springs.

IS GRADUALLY GROWING WEAKER

Attending Physicians Think That Treatment Would do the Banker Very Little Good—Morse's Condition Bad, in Spite of Reports of Army Physicians.

Charles W. Morse, the convicted New York banker, may not accept the privilege of treatment at Hot Springs, Ark., as a prisoner-patient, in accordance with the authority granted by President Taft. It is understood that Morse has declined to leave the army hospital at Fort McPherson, Ga., at this time, possibly because he believed himself physically unequal to the trip to Arkansas.

Officials here are reticent in regard to the matter. Wardens William H. Moyer, David Baker, of the Fort McPherson hospital, sent telegrams yesterday explaining the situation. These were laid before President Taft, but not made public. All details for making the transfer, so far as the prison authorities were concerned, had been arranged, the time of departure only depending upon Mr. Morse's readiness.

Atlanta, Ga., Jan. 13.—The condition of Charles W. Morse is growing weaker daily, and it is impossible to tell when he will be able to stand the strain of the proposed trip to Hot Springs, Ark., according to officials at Fort McPherson tonight.

Physicians in close touch with Morse's case are authority for the statement that the proposed action of the government in removing Morse to Hot Springs for treatment will re-

MONDAY, JANUARY 15, 1912.

The thermometer is very low spirit-ed.

It gives some people great anguish to separate from a dollar.

Those towns that are hunting for a slogan should do like Greenville—get a good one.

Some folks want to know can a wheel fly. The Charlotte Observer tells about one that flew.

Here is a new one: We heard it said of a man that he drank so much liquor that the corn in it gave him pellagra.

There was many a person who spent the most of Sunday in bed, and no doubt it was the warmest and most comfortable place to be found.

The proposition for a new hotel in Greenville is put up to you in a business like way. Now the question is, do you want it bad enough to go after it?

Here is one who would personally be glad if they would hold no voting primaries at all, but make nominations in the old fashioned way through delegated conventions. And not a few people will read this who are thinking the same way.

The News is the name of a little daily paper recently started at Fairmount, in Robeson county with Mr. P. H. Wilson as editor. It is the first daily paper ever published in Robeson county, and looking at it takes our mind back for seventeen years, when The Daily Reflector was just a little smaller than The News.

Last week was one of great educational activity in Greenville. The superintendents of our schools met here and discussed problems of the greatest interest to the development of education in our county.

Meetings were held at the Training school and many addresses and lectures were made and read. Principals of high schools in our county were told just what to do to further enlarge their circle of education and at the close of these meetings they all left with the satisfaction of time well employed.

Of what importance this educational gathering is to our county it would be impossible to define. Suffice it to say that in developing education we increase brain power and in doing so we are fitting the coming generation with an asset without equal in the development of a county. Educators that took part in the meetings and conferences just held in the Training school should be acclaimed as the benefactors and well-doers of our county in that they are doing all within their power to give our boys and girls a chance.

Education, not just primary education, is so necessary that it would be an impossibility to do without it and dis-

March in a line of progress. Without the higher education offered in high schools the young people of the county might attain something somebody, but with higher education paving the way, they will get there quicker and in larger numbers. Which is what Pitt county needs to be the greatest county in the state.

"THIS DATE IN HISTORY."

- January 15.
1751—The first colonial assembly of Georgia met.
1759—British Museum first opened.
1782—Thomas Willey, founder of the Independent Order of Odd Fellows, born. Died Oct. 19, 1861.
1825—Robert G. Harper, twice candidate for vice president of the United States, died in Baltimore. Born in Virginia in 1765.
1861—The inaugural address of Gov. Curtin of Pennsylvania pledged the state to the national cause against secession.
1864—Society for promoting aerial navigation formed in Paris.
1865—Edward Everett, statesman and orator, died in Boston. Born April 11, 1794.
1891—Indian war in the Northwest ended with the submission of hostile Sioux.
1905—Thomas H. Carter elected United States senator from Montana.

"THIS IS MY 30th BIRTHDAY."
Crown Princess of Sweden.

The Duchess of Scania, who in the ordinary course of events will one day become the Queen of Sweden, was born January 15, 1882. She is the eldest daughter of His Royal Highness the Governor-General of Canada and the Duchess of Connaught. Princess Margaret Augusta Victoria Charlotte Norah, to give her full baptismal name, was married in 1905 to Prince Gustavus Adolphus of Sweden, who has since been created Duke of Scania. They have three children—Prince Gustavus Adolphus, Duke of Westerbotten; Prince Sigward, Duke of Upland and Princess Ingrid.

Congratulations to

- W. H. P. Faunce, president of Brown University, 64 years old today.
Mrs. Ella Flagg Young, superintendent of Chicago public schools, 67 years old today.
Charles P. A. Landry, Speaker of the Senate of Canada, 66 years old today.
Job Harriman, Social Democratic candidate for vice-president in 1900 and recently an unsuccessful candidate for mayor of Los Angeles, 51 years old today.

Aspiration.

Help me to live
With eyes that see good in everything;
With lips whose need is but to smile and sing;
With hands whose dearest task is helpfulness;
With heart afire to comfort in distress.

Help me to live

With all the joy of springtime just begun;
With all the warmth of shadowless summer sun;
With all the purity of winter's snow.
—Margaret Caroline.

OSLER RIGHT; YOUTH SUCCEEDS AGE

Gray Hair is First Sign of Age, Harmless Remedy Restores to Natural Color.

Osler isn't the only man who turns down old age. In the business world the "young man" is always the one who picks the plums. It is an age of "new thought," "new talent," etc, and the old man is passed by in the race. One of the first signs of coming age is the appearance of gray hairs. When you see them act promptly. Wyeth's Sage and Sulphur Hair Remedy will correct this sign, which so often deceives people into thinking that age is really upon them. It is a well known fact that Sage and Sulphur will darken the hair. Wyeth's Sage and Sulphur combines these life-time remedies with other agents, which remove dandruff and promote the growth of the hair.

The manufacturers of this remedy authorize the druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

Don't look led before your time. Get a bottle of Wyeth's Sage and Sulphur today, and see what an improvement it will make in the appearance of your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

\$1.00 Per Plate.
was paid at a banquet to Henry Clay, in New Orleans in 1842. Might cost for those with stomach trouble or indigestion. To day people everywhere use Dr. King's New Life Pills for these troubles as well as liver, kidney and bowel disorders. A safe, safe, sure. Only 25 cents at all druggists.

TRUST INVESTIGATION.

Investigation Into The Methods of Shipping Trust.

The House Rules Committee of which Representative Henry of Texas is chairman, today began hearings on the resolution introduced a short time ago by Representative Humphrey of Washington directing the appointment of a special committee to make a thorough investigation of the Shipping Trust. The resolution of Representative Humphrey directs an investigation into the methods and practices of various lines of ships, both of the United States and foreign countries, engaged in the United States' overseas or foreign commerce. It further directs an investigation of American ships and railroads interested in or controlling the coastwise commerce of the United States as to the methods of these lines in forming conferences, pools, or other combinations in violation of the anti-trust laws.

Attorney-General Wickersham and Secretary of Commerce and Labor Nagel are to appear before the committee and tell what steps, if any, have been taken by the government to investigate or prosecute the Shipping Trust for alleged violation of the anti-trust laws. Samuel Untermyer, the New York corporation lawyer, also is expected to tell what he knows of the combine. Others who have been asked to appear before the committee include numerous influential factors in maritime shipping from New York, Boston, Philadelphia, Baltimore, New Orleans and other points.

If certain influential Democrats in the House have their way an investigation into the so-called Money Trust and Harvester Trust will be linked with the inquisition into the Shipping Trust, the three inquiries combining to make the most sweeping corporate investigation yet undertaken by the government. So confident are Democratic leaders that this far-reaching investigation will be ordered by the House of Representatives that they are already considering the personnel of the investigation committee. The tentative plans call for a committee of seven members. The Democratic caucus will be asked to nominate seven of the committeemen in the event the House adopts the proposed plan. There will be four Democrats, one insurgent and two regular Republicans.

To make sure of progressive republican representation on the committee, it is desired by the Democratic leaders that the caucus name a progressive republican. In that event Representative C. A. Lindbergh, author of the resolution for the investigation of the Money Trust, is to be named. After a series of informal conferences among Democratic leaders it seems likely the members of the special committee chosen by the Democrats may be Rufus Hardy of Texas, chairman; Joshua W. Alexander of Missouri, Henry T. Rainey of Illinois, possibly Martin D. Foster of Illinois and C. A. Lindbergh (Progressive) of Minnesota. The selection of two Republican members would be left to the Republican caucus for nomination to the House.

Mr. Alfred Sternberg, of Baltimore, spent Sunday and today here.

Remember the name—Doan's—and take no other.

LOCAL BRIEFS.

Pick-Ups And Hand-Me-Downs.

Court week. It is bad on everything and everybody. Criminal court this week and civil court next week.

Greenville Lodge A. F. and A. M. meets tonight. Only those who had to do so felt like working today.

People over the county had a tough time getting in to court.

Rural mail carriers are having a rough time on their routes in such weather as this.

Trains cannot make schedule in this weather, and they are lucky to run at all.

The ladies of the Round Table will meet with Miss Bessie Harding, Tuesday afternoon at 2 o'clock.

J. S. Mooring is well fixed in his new store in the Rialto building.

On account of the weather the ladies of the Baptist church will not have the prayer services each day this week.

Asks to bring in their offerings for foreign missions.

RETURN OF FARLEY.

Cardinal Farley is to Receive Great Welcome.

NEW YORK, Jan. 15.—The extensive preparations for the welcome to Cardinal Farley are virtually completed.

HIGHLANDERS' SPRING DATES.

All Players Are to Report at Atlanta on March 4.

JUDGE ALLEN IN FINE ADDRESS TO GRAND JURY ADVOCATE OF PRISON REFORM

The January criminal term of Pitt superior court opened this morning with Judge Oliver H. Allen presiding and Solicitor C. L. Abernethy representing the state.

The following compose the grand jury for the term: W. A. Bowen, foreman; W. E. Hooker, C. L. Tyson, A. E. Arris, John S. Congleton, J. P. D. Buck, J. H. Wilson, H. V. Staton, J. F. Buck, W. H. Arnold, C. F. Sumner, W. H. Congleton, W. P. Buck, J. O. Williams, G. C. Buck, Ollen Warren, Jr.; A. C. Crandall, George Washington.

Judge Allen said he could not undertake to go in to all the catalogue of all crimes on the statute books, but would say that a crime is the commission of any wrong act that is forbidden by law.

Another fruitful source of crime is the use of intoxicating liquors. Many horrible crimes are traceable to this.

ed. We have not made progress in improving and reforming the criminal classes. Every prison should be a reformatory as well as require prisoners to work.

Speaking of the jury system Judge Allen said trial by jury is the bul-work of our history. He has no patience with the criticism of verdicts brought by juries as he thinks they make fewer mistakes than the governors and legislators.

THE HAPPENINGS AROUND WINTERVILLE PERSONAL AND BUSINESS ITEMS

Something Going On Down There All The Time.

Mr M. B. Bryand of Washington was in town Monday.

If the weather continues cold and snowy you will find comfort in the heavy shoes, rubber boots and overshoes at A. W. Ange and Co's.

Stock law or no stock law if you need any wire fencing The A. G. Cox Manufacturing Co., of Winterville, N. C. are agents for the Pittsburg Perfect Electric Welded fence and they will be glad to furnish you.

Rev. W. E. Cox of Wilmington, spent Thursday night with his mother, Mrs. E. E. Cox.

Mister, has you thought about how easy it is to ruin a young horse by working or driving him with a broken harness.

Harrington, Barber and Company are selling the best rubber roofing.

On Wednesday evening Dec. 10th, at the home of the bride's father, Mr. C. T. Kittrell, his daughter, Bessie, was married to Mr. Grover D. Manning.

I wish to thank my many patrons for their kind patronage during the past year and beg to say that I am still in the barber business at the same old stand and am prepared to give perfect satisfaction.

For years J. S. Donahue, So. Haven, Mich., a civil war captain, as a light-housekeeper, averted awful wrecks but a queer fact is, he might have been a wreck himself, if Electric Bitters had not prevented.

ed. We have not made progress in improving and reforming the criminal classes. Every prison should be a reformatory as well as require prisoners to work.

Judge Allen said he supposed a great county like Pitt had a great county home. (Looking over the bar to see if this was affirmed a number of head shakes told him the contrary.)

Speaking of the jury system Judge Allen said trial by jury is the bul-work of our history. He has no patience with the criticism of verdicts brought by juries as he thinks they make fewer mistakes than the governors and legislators.

P & O

STALK CUTTER

The Parlin & Orendorf Co., Canton, Ills., made the first Stalk Cutter ever built, over 50 years ago; today they are building the best Stalk Cutter on the market

You need weight in a Stalk Cutter to do good work. You get it in this one—and with weight you get strength. The P. & O. is practically indestructible. Beware of light, flimsy stalk cutters—you will rue the day you buy one. This one will last a life-time. What do the manufacturers themselves think of it? "Back it up with an unqualified guarantee." That is putting it pretty strong—what more can you ask?

HIGH SCHOOL MEN ADJOURN

Meetings of Training School Most Successful

NEW HIGH SCHOOL OFFICERS ELECTED

The High School Superintendents and Principals of the North East Division of the state, who have been in session in the city for several days, held their final meeting at the Training school Friday night. Before adjourning the routine business of the association was attended to and the following officers were elected for the ensuing year:

H. H. McLean, of Farmville, president; D. B. Bryan, of Rich Square, vice-president; J. T. Jerome, of South Mills, secretary.

Previous to this meeting of high school men, the County Superintendents' Association for the same district held a meeting and many of these men remained over to attend this meeting. Prof. W. H. Ragsdale is president of the county association, and has been since its organization. During the session of these two educational bodies of the eastern part of our state many of the problems relating to the public schools and their betterment were discussed. It was noticeable that in all the discussions there was an interest and a professional spirit manifested as has been seldom seen in such meetings; the truth is, the cause of public education in the north eastern section of the state has been materially advanced by these days of meetings.

In addition to a large number of the members of these two associations there was present with us Supt. J. Y. Joyner, Prof. N. W. Walker, State High School Inspectors, Profs. W. A. Bivens and L. C. Brogden of the state department of education. Prof. Harold Barnes, supt. of elementary education of Girard College, Philadelphia was present and entered into the discussion of both associations and his remarks were much appreciated and will doubtless be exceedingly helpful in the solution of our problems. Prof. Wright, of the Training school, by request thoroughly explained the purpose and work of the school. Prof. Austin, of the science department delighted the high school men by giving them an outline of what we realize to be the proper conception of the course of science which is practicable for our schools—in fact, the entire faculty of the institution were present during the meetings of both associations and their presence added much to the interest of the work. One of the most pleasing events that occurred during the meeting, happened Thursday evening after the adjournment of the associations. The young ladies of the senior class who have as a part of their course this year, household economics, which includes cooking, served to both associations and the visitors with delicious refreshments. These delicacies were much enjoyed and were second only to the pleasure realized from seeing these beautiful young women so charmingly do the serving. Such meetings mean much for the present and more for the future. It will be seen that Pitt county is highly honored in having the presidents of both these leading educational associations.

MORSE REJECTS TAFT'S AID

(Continued from 1st Page).
sult in little good to the prisoner-patient. Morse is suffering from hree incurable disease, and arteriosclerosis—and it is said the treatment at Hot Springs will do little for him. It is Morse's wish to make a visit to Norheim, Germany, near Carlsbad, in the hope of benefiting his heart, and thus prolonging life a few years.

Public Sale of Valuable Real Estate
Not having sold the piece of land that I have advertised, located near the East Carolina Teachers Training school, and containing about thirty acres, I will sell this piece of property at a public sale to the highest bidder on Friday, January 19, at 2 o'clock at the court house door. It is very valuable for residence or farming purposes, and situated about one half mile from Pitt county court house. I can be found at the store of F. V. Johnston, and will give any information desired concerning same.
J. B. JOHNSTON.

Funeral of J. A. Duncan Today.
Durham, Jan. 18.—The remains of Mr. J. A. Duncan, who died in Canada Friday morning, at 9:30, arrived yesterday. The funeral will be conducted from the First Presbyterian church, of which he was a member, by Dr. H. Leyburn, at 3 o'clock in the afternoon.

EDUCATIONAL PROGRESS IN PIT COUNTY

Wonderful Forward March Has Been Made

CREDIT TO COUNTY AUTHORITIES

North Carolina is making a marvelous advancement in the line of education at the present time. From a historical standpoint she has had a vast amount to overcome, much more than nearly any other state in the union. Her condition at the close of the civil war was such that it was absolutely necessary to look after the material side of life before the educational side could be considered.

It was about 1877 during the period that Governor Jarvis was governor of North Carolina, and Mr. Scarborough was state superintendent of public instruction that a beginning was made in the line of educational advancement. Conditions, however, were very much against rapid development and it has taken many years to accomplish very much in this direction.

It was only in 1900 North Carolina had the lowest per capita for schools and the lowest productive power per capita of any state in the union with the exception of one. It was the poorest state in dollars and cents, and the most illiterate with one exception. It was in the year 1900 that Governor Aycock made a whirlwind educational campaign throughout the state, and in conjunction with your present State Superintendent Joyner, began that marvelous educational career that is attracting the notice of educational circles throughout the country at the present time.

The per capita expenditure for educational increased from sixteen cents in 1870 to fifty-one in 1900. This expenditure more than doubled in the six years following 1900. Some one writing in the Educational Review in Boston in 1907, made a statement, that the educators in North Carolina are using educational methods and educational practices at the present time that are better than those used in the north. Since 1900 under the efficient direction and supervision of state superintendent Joyner and his corps of associates education in North Carolina has advanced in a surprising manner. System and organization have become a necessary part of the school system. It is Superintendent Joyner's idea that all phases and plans of the educational system should be thoroughly correlated one with another for the purpose of attaining efficient results, and this idea has been and is being carried out at the present time.

Public high schools are springing into existence rapidly in every part of the state. Rural libraries are increasing every month. Boys' Corn clubs are being organized, and the boys are not only learning how to take care of the future farms, but they are also teaching their parents how to make the ground much more productive than it has ever been before. The good roads movement is in full swing in North Carolina. In 1911 the south spent forty-four million dollars in the making of good roads. With the exception of Texas, North Carolina was far in the lead, spending more than four and one-half million dollars for that purpose. The people of North Carolina, in rural districts, are beginning to realize Benjamin Franklin's adage, that "God helps them who help themselves," and instead of relying altogether upon the state educational fund, they are ardently beginning to vote for local tax. The statistics compiled by State Superintendent Joyner show that in these local tax districts the educational facilities are not only much greater and better, but that almost invariably the school terms are appreciably longer. One of the most startling things to an outsider is the fact that since 1902 North Carolina has built on an average of one school house every day in the year including Sunday. This is a record that it will be difficult to duplicate any where else. School houses are not only being built rapidly, but through the influence of the Women's Association for the Betterment of Public Schools in your state there is coming to be a much better and a much more cultural environment about every school house than you have ever had before. The women of North Carolina deserve great credit for their part in the upbuilding of the school system of the state.

Your child labor law is a most excellent one. Your compulsory attendance law, altogether at the present time not as effective as it ought to be, is still an excellent beginning in the right direction, and in my judgment, it will be only a comparatively short time until you will have a state's compulsory attendance law requiring the attendance of all children during the full school terms, with the truant officers to see that the law is carried in-

Idaho's First Extra Session.
BOISE, Idaho, Jan. 15.—The first extra session of the Idaho legislature convened today in response to the call of Governor Hawley. The work of the session will be confined to the consideration and action upon the proposed revision of the revenue laws of the State.

Western Stock Show at Denver.
DENVER, Col., Jan. 15.—The annual National Western Stock Show opened here today and will continue until January 20. The exhibition is the largest in the history of the organization. At the stockyards for the event are thousands of thoroughbred cattle, blooded horses, pedigree sheep and fancy hogs. Attendance from the southwestern and middle western states during the week is expected to be unusually heavy.

Frightful Polar Winds.
Blow with terrific force at the far north and play havoc with the skin, causing red, rough or sore chapped hands and lips, that need Bucklen's Arnica Salve to heal them. It makes the skin soft and smooth. Unrivaled for cold sores, also burns, boils, sores, ulcers, cuts, bruises and piles. Only 25 cents at all druggists.

PARK FOR OUTLAW LEAGUE.

Old National Grounds in Louisville Could Easily be Obtained.

Louisville, Ky., Jan. 13.—If Louisville obtains a franchise in the proposed "outlaw" league in the Central west, of which William Niesen, of Chicago, is said to be the principal promoter, the club probably will play at the old National League grounds, at Twenty-eighth street and Broadway.

This place is about twelve blocks farther from the business center of the city than Eclipse park, used by the association team. The grounds are now in the hands of real estate men, who will be glad to lease them for baseball purposes.

His Pride—Her Dust.

"Your marriage to this piebald American heiress, my son," said the Countess De Broque, "will humble our ancestral pride in the dust."
"That's all right, mother," rejoined the titled son. "She has agreed to furnish the dust."—Exchange.
