

## COL. WATTERSON ATTACKS GOVERNOR WOODROW WILSON

Louisville Publisher Reveals Secrets of  
Conference

"SCHOOL MASTER, NOT STATESMAN"

Col. Watterson Says He is Sorry He Has to Appear Either as a Witness or a Party to the Misunderstanding Between Harvey and Wilson—Declares He Must be Cautious in Order to be Fair Both to the Public and the Two Principals.

LOUISVILLE, Jan. 18.—Regretting that I must appear either as a witness or a party to the misunderstanding which has been between Col. George Harvey and Gov. Woodrow Wilson, I shall have to speak with some particularity in order to be just alike to the public and the principals.

The conference between us in my apartment at the Manhattan club was held to consider certain practical measures relating to Gov. Wilson's candidacy. Col. Harvey stood toward Gov. Wilson as much as I had stood five and thirty years ago toward Mr. Tilden. This appealed to me.

Col. Harvey had brought the governor and myself together in his New Jersey home eighteen months ago, and, as time passed, had interested me in his ambitions. I was hoping I might find in Gov. Wilson another Tilden in point of intellect and advisability. I yet think Col. Harvey made no mistake in his choice of a candidate, but the circumstances leading to the unfortunate parting of the ways between them leads me to doubt whether, in character and temperament, it may be merely in the habits of a lifetime. Gov. Wilson is not rather the schoolmaster than the statesman.

I have from Col. Harvey and Gov. Wilson statements, according to the memory of each, touching what did actually happen and was spoken on the occasion named. These do not materially differ. They coincide with my own recollection. Nothing of a discourteous kind, even of an unfriendly kind, passed during an interview of more than an hour.

## T. R. NOT NEEDED TO ATTACK HARVESTER

Roosevelt Was to Have Helped At First

THEN REFUSED TO GIVE ANY ADVICE

F. J. Lowe Had at First Asked Roosevelt What He Should do to Bring About Prosecution of Trust—Can Now do Without Advice.

WASHINGTON, Jan. 18.—F. J. Lowe of New York today told the house committee on rules that he asked Theodore Roosevelt last autumn what he should do, to bring about a prosecution of the Harvester Trust and Col. Roosevelt replied: "You'd better come to see me later about that."

"Later," said Mr. Lowe. "I was astonished to find that Mr. Roosevelt had placed a clean bill of health on the United States Steel Corporation and had called the American Tobacco and Standard Oil Companies trusts. I also received a letter from Mr. Roosevelt stating that he could give me no advice on the Harvester Company and asking me to 'drop in any Friday morning, and I'll explain why.'"

Mr. Lowe appeared before the committee, which is considering the advisability of investigating the Harvester trust, in the interest of independent manufacturers of farming implements. He told the committee that 51 per cent of the stockholders of the Steel, Sugar, Beef and Bankers' trusts also control the International Harvester Company. He charged that the department of justice had "chloroformed" every attempt made to prosecute the Harvester Corporation.

## ANOTHER FIERCE FIRE COSTS N. Y. MILLION

Seven Story Storage Plant Partially  
Burns

GIMBELS AND WANAMAKER LOSE

No Loss of Life is Reported From  
Fierce Fire Which Victimises  
Gimbel Bros. and John Wanamaker  
to the Extent of \$1,250,000.

NEW YORK, Jan. 18.—The 7-story warehouse of the Terminal Storage Co., occupying a full city block near the North river water front between 27th and 28th streets, and containing merchandise valued at more than \$1,000,000, was swept by fire early today.

The fire was discovered a few minutes after midnight. It was not under control until 6:45 o'clock, when the loss was estimated at \$1,250,000. Five alarms, sounded in quick succession, summoned to the scene practically every available piece of fire fighting apparatus from all Manhattan and this was reinforced by five fire boats, which were tied up to the steamship piers a block away and pumped millions of gallons of North river water through the long lines of hose distributed at high pressure along the 13th avenue side of the building.

The Terminal Storage Company's warehouse was of brick and concrete and was regarded as one of the most modern buildings in that part of the city.

Seven stories in height, it was the largest structure of its kind in New York and one of the largest in the world. Its contents, consisting mostly of goods awaiting delivery to the big New York department stores, was naturally of the most inflammable nature.

## CUBANS WILL STICK TO GOMEZ

Will Help President Check Attack of  
Veterans

INTERVENTION NOT LIKELY NOW

Cuban People Pledge Themselves to  
Help Their President Curb Efforts  
of Veterans to Disrupt the Island.

HAVANA, Jan. 18.—An official statement was given out today regarding the conference held last night at the palace between President Gomez and representatives of all the political factions and the veterans.

"The meeting terminated with everyone breathing words of patriotism, a fact which filled the president with optimism because he found in his old companions in arms and in all the others present a firm determination to save the republic, as might be expected from those professing their love for the Cuban fatherland."

Details of the terms of agreement reached at the conference have not been given out yet, and possibly they will be the subject of further conferences.

It is probable, however, that one of the first actions to be taken will be the passage by congress of an act revoking the annulment of the civil service law, and thus putting an end to the pernicious attempts of the veterans to divide the Cubans into classes contrary to the constitution.

Congressman Manuel Sacedes, representing the veterans, said that they would now be satisfied with what they had already gained, although they still believe that the president's action in forbidding officers to attend meetings of the veterans was unconstitutional.

## L. C. HATCH SENTENCED TO THE ROADS

Judge Allen Imposes Sentence of 12  
Months On Roads

SENTENCED MAN APPEALS CASE

Man Accused of Beating Wife With  
Horsewhip is Found Guilty by Jury  
—\$2,000 Bond Required by Court  
For His Appearance.

L. C. Hatch, the former owner of the 5 and 10 cents stores in this town was tried Thursday before Judge Allen for beating his wife with a whip. Other beatings were waived aside. There was also an incident in which a spittoon figured prominently, but the crime for which Hatch was tried Thursday was for beating her with a 10 cent whip. Evidence was too strong against the accused man and although his lawyers tried their best to break down Mrs. Hatch on the witness stand and repeatedly questioned her as to alleged misconduct, it did not take the jury long to return with a verdict of guilty. Judge Allen imposed a sentence of 12 months on the roads. Counsel for the accused appealed the case and his honor named a \$2,000 bond. Up to the time of going to press this bond had not been submitted and the wife-beater is in the jail house, pending the efforts of his friends and counsel to obtain the bond.

## PRESIDENT ON SPECIAL MESSAGE ADVISES ECONOMY

Taft Strong For Economy in Every Department

WHERE DOES ALL THE MONEY GO TO?

In a Special Message President Taft Declares Himself for Strict Economy—Advices That All Administrative Officers Be Put Under Civil Service.

WASHINGTON, Jan. 18.—How the people of the United States may have saved for them millions of dollars annually in the operation of their government machinery was outlined by President Taft today in a message to congress on "economy and efficiency in the government service."

"What the government does with nearly \$1,000,000,000 each year," said the president, "is of as much concern to the average citizen as is the manner of obtaining this amount of money for the public use."

Probably the most radical proposal advanced by the president in today's message was that all administrative officers of the government in the departments at Washington and in the field be put under the civil service; be removed from the influence of politics and that their terms of office be not limited as at present to four years. Such officers should not be appointed by the president with the necessity of senate confirmation, he said, but upon merit. "The extension of the merit system to these officers and a needed readjustment of salaries," said he, "will have important effects in securing greater economy and efficiency. The view that these various officers are to be filled as a result of political consideration has for its consequence the necessity that the president and members of congress devote to matters of patronage time which they should devote to questions of policy and administration."

## TENN. PREACHER EXPLAINS HIS LOVE

Says He Loved Miss Coe as His Own  
Daughter

DECLARES FRIENDS MUST JUDGE

McFarland, Tenn. Pastor Suspected  
of Killing Girl, Ready to go to Pittsburg and Tell Story to Grand  
Jury.

GREENVILLE, Tenn., Jan. 18.—"As to my innocence or guilt, my friends will have to judge for themselves from my past record," declared Rev. Dr. W. D. McFarland today, before the arrival of an officer who was to take him to Pittsburg to answer a coroner's charge that he was responsible for the death of his former secretary, Elsie Dodds Coe.

"I am expecting an officer to reach here from Pittsburg today," said the minister to the Associated Press, "and I will tell my story to the grand jury. My friends will have to judge for themselves as to my innocence or guilt from my past record. So far as I know Miss Coe had never strayed from the paths of virtue. She was like a child to me. I loved her as my own daughter."

Dr. McFarland declined to say whether he had been in Pittsburg this month, declaring it was "nobody's business but his own."

McFarland admitted he knew Rollin McConnell, said to have been mentioned in Miss Coe's dying statement as having been responsible for her condition.

McFarland is held in jail here. The confinement appears to have broken him down considerably, according to the jailer, who says the minister's nervous condition permits him little sleep.

Dr. McFarland's wife is in a hotel here, and probably will accompany him to Pittsburg.

## GOV. WILSON WILL NOT SPEAK ON HARRER'S BREAK

Also Refuses to Discuss Attack By  
Col. Watterson

HE MIGHT ANSWER LATER PERHAPS

New Jersey Governor Arrives in Detroit But Refuses to Discuss Situation in Harper's Case—Harvey, Harper's Editor is Also "Mum" on Wilson's Breach—Parting Between Gov. and Publisher Reported Days Ago.

DETROIT, Jan. 18.—Governor Woodrow Wilson, of New Jersey, who reached Detroit shortly after noon today, positively refused to discuss the statement given out last night by Henry Watterson with reference to the Col. George B. Harvey's case. He said he might prepare a statement on the matter later in the day.

LOUISVILLE, Ky., Jan. 18.—That he had hoped to find in Woodrow Wilson another Tilden, but had found "rather a schoolmaster than a statesman," was the declaration of Henry Watterson, the veteran Kentucky editor and Southern Democrat, in a statement made here to the Associated Press in connection with the break between Governor Wilson and Col. George Harvey.

"Regretting that I must appear either as a witness or a party to the misunderstanding which has arisen between Col. George Harvey and Governor Woodrow Wilson," reads the statement. "I shall have to speak with some particularity in order to be just alike to the public and the principals."

NEW YORK, Jan. 18.—A report was published about ten days ago that there had been a breach between Governor Woodrow Wilson and Colonel George Harvey, editor of Harper's Weekly. Friends of the governor said his enemies could not distinguish between the support of Harper's Weekly and that of Wall street.

## PRICE OF BUTTER WILL BE HIGHER

Will Cost As Much As 60 Cents a  
Pound Shortly.

EXHAUST OF SUPPLY THE CAUSE

Wholesalers Announce That in a Few  
Days Butter Will Reach a Price of  
60 Cents Per Pound—Supply is  
Very Short.

NEW YORK, Jan. 18.—Butter at 60 cents retail within a few days, with indications that it will go higher still, is prophesied by wholesalers here who profess themselves unable to supply the demand, even at a considerable premium above the present wholesale price of 42 cents.

According to G. W. Martin, president of the Merchandise Exchange says there is no combination to keep butter of the market so as to force the price skyward, but the explanation is in the fact that the supply is exhausted.

Cost of French Wines Also Bounds Upward.

NEW YORK, Jan. 18.—The latest increase in the cost of living is noted in a jump skyward of the prices of French wines. The increase varies from 25 cents to a dollar a quart on the popular champagnes. Many and varied are the explanations given, but by most dealers the blame is placed on the workings of the tariff.

"If the weather gets warmer the price of butter will probably not go higher; it may fall," said D. Pender, of the Pender Grocery Company, yesterday. "The butter people are still talking higher prices, but unless the weather gets colder again, I hardly believe there will be an increase."

FRIDAY, JANUARY 19, 1912.

CALLING DAY.

From tonight till tomorrow noon Greenville is going to entertain about forty visitors from other states and Greenville is in a flutter of expectancy. Some of these visitors may become in time citizens of this community, and naturally we feel like the rich mother entertaining a titled foreigner. Of course this is only figuratively speaking, or writing.

There is but little doubt that we will know what to do with the people that are honoring us with their presence and we are not afraid to say that when they return to their homes they will speak favorably of Greenville and its people.

We are proud of what we can do and usually say so. So, it is not to be wondered we are so sure of pleasing our visitors. We would have liked to put them up in a big modern hotel, but perhaps when they bring their families next time, we will be in a position to do it. We sincerely hope so. We will show them one of the finest court houses in this part of the country, and they will be shown over as imposing a temple of learning as is the privilege of any town to possess when we take them over the Training school. This will take place tonight. Tomorrow morning we will drive them over the prettiest and most fertile land in North Carolina.

We, in the name of the town of Greenville, welcome the visitors to our midst.

The juggling of statements is being cleverly kept up in the matter of Wilson and Harvey. Perhaps Waterson will make a clean breast of it. Perhaps he will not. He has expressed that it will be very difficult to tell the people all he knows and also do justice to the principals in the Harper's Weekly skit. Can he do it? Of course everybody knows that Col. Waterson is cleverness personified.

That Washington dispatch stating that Cape Lookout has been favorably reported as a harbor of refuge for vessels, and that the government will spend something like \$3,500,000 on the work, is good news for Eastern North Carolina. The future of this section is rich in prospect.

There are yet some blind tigers, and not all of them beyond the sound and not all of them beyond the sound done by the present court is a good start toward breaking them up, and every one in the county can be stopped if the people just say it shall be done.

The present term of court came just in time to rescue Greenville from the grip of the cold. Things have been warm enough around the court house to freeze out the North Pole.

They say cotton is king, and it is certainly a hard master of its subject.

Money in the Bank.

Have you ever stopped to consider just what it means to have money in the bank? While most of us have known that such things as savings banks have been in daily operation many years, it is amazing to note that comparatively few people really know anything about the savings bank plan or what it means. This has reference more particularly to that class of citizens who are wage-earners, and who have not adopted the method of carrying on their business transactions through banks. They seem to think that the amount of money they handle is too small to bother with a bank account, and that on account of its smallness the banks will not give them the same consideration that is given to the man with a large account. That's an erroneous notion.

Only in a general sort of way the public realizes that it is a good thing to "have money in the bank". The fact that this or that man may pay his bills with a check always in spires confidence. People say of such a man, "He has money in the bank." No matter how small may be your earnings if it is a good plan to adopt banking methods. It enables you to tell exactly what you spend your money for. In many transactions it is both a record and a receipt.

Mr. Working Man, Mr. Wage Ear-

ner, do you realize that you can have money in the bank without any material effort at saving on your part? Suppose you save your dimes—just the 10-cent pieces you get when change is made in your daily purchases or payment of bills. You never miss a dime when you spend it. It is a small and elusive coin that slips away from you almost before you know it. Few men do not get at least two dimes with their change every day.

Suppose you put those two dimes away—put them in a savings bank. In a year's time your dimes will amount to seventy-three dollars. Once in a while you will have more than two dimes in a day, and they should go to the savings account also. With anything like thrift you can save more than \$100 a year in dimes alone. There are savings banks in Greensboro that will accept and pay interest on small deposits.

Think it over. It's a good thing. Start a bank account today, if you haven't one already, and see if you can't save more than one hundred dollars worth of dimes before the year is ended. The ease with which it can be done will surprise you if you go at it in earnest. You will ever afterwards be thankful for the suggestion that caused you to become interested.—Greensboro News.

# Breaking World's Plowing Record!

That a full acre of ground can be turned in less than five minutes with one outfit seems an impossibility, but to those who have seen it done it appears easy. It is a fact that not long ago the world's record for plowing an acre was broken on the great farm of Purdue University, Lafayette, Ind., when an acre was turned evenly and perfectly in the astonishing time of only 4 minutes and 15 seconds. This was done by a 50 Base Oliver Engine Gang Plow made by the celebrated plow concern of that name in South Bend, Indiana's great and growing manufacturing city. Three 30 horse-power tractors supplied the motive power.

The Oliver Engine Gang Plow is something new, although its quick popularity is attested by the fact that hundreds of them are already in use in Canada, the Dakotas and other western states. The test of the 50 furrow plow on the Purdue farm demonstrated the practicability of this wonderful modern invention and this was also further proven in a more recent exhibition in South Bend where a 55 bottom gang plow pulled by three great 45 horse-power gasoline tractors, was shown to an admiring crowd of men and women assembled on one of the Oliver farms. Moving pictures of the plow in operation were made for exhibition purposes.

We are selling the one horse and two horse Oliver Chilled Plows, the best and cheapest line—quality considered.

We solicit your patronage. Come to see us.

# Girls whisper!

# ask if he has saved his money

The wise old matron says that when poverty comes in at the door love flies out the window.

Girls, do not make the mistake of marrying a spendthrift. Before you consent to wearing the engagement ring ask if HE has saved his money—no matter how much. The man who lives beyond his income will not make a good husband. Insist on him having an account at THIS bank—THEN accept his ring.

# NEWS THROUGHOUT THE NORTH STATE

North Carolina News : : : In Brief

### "It's Raining Ain't It", All Dead Man Said.

ASHEVILLE, Jan. 18.—When Robert G. Smith, an aged resident of South Hominy, closed his eyes and apparently ceased to breathe, his friends thought him dead. They prepared him for burial, arranging a shroud about him and naming the hour for service.

Several hours after these preliminaries, mourners who were gathered about the room observed a movement of the aged citizen's arms.

Mr. Smith, half rose, opened one eye, and exclaimed: "It's raining, ain't it!" then he sank back. Despite these manifestations of life, the shroud was not removed, and twenty-four hours later Mr. Smith was again pronounced dead. Burial will take place today.

Mr. Smith had suffered from tuberculosis for years. He was seventy years old.

### Elizabeth City is Thawing Out.

ELIZABETH CITY, Jan. 18.—After being practically suspended for three or four days on account of ice and extreme weather, business yesterday resumed its normal state and today the streets and business houses are scenes of activity. In fact, people flocked on the streets and visited the merchant establishments in larger numbers than usual, due doubtless to the fact that after so many days indoors the bright sun and sidewalks that are no longer slippery and treacherous held unusual attraction.

For the first time in nineteen years skates were seen on Paquotank river and all water transportation was suspended. Yesterday and the day before the young people of the city had the times of their lives and it is probable that they enjoyed an experience that will not be afforded them again in many years, when they glided about on the big river with never a shrill whistle to warn them of an approaching steamer.

## RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage, a Simple Remedy for Dandruff, Falling Faded, Gray Hair.

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy, and gradually restored the natural color.

One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days, on account of souring quickly. This objection has been overcome and by asking almost any first class druggist for Wyeth's Sage and Sulphur Hair Remedy the public can get a superior preparation of sage, with the admixture, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair, but will also stop the hair from falling out and make it grow.

Get a bottle from your druggist today. Use it and see for yourself how quickly dandruff goes and gray hairs vanish.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

### In Memory of General Lee.

ATLANTA, Ga., Jan. 19.—The 105th anniversary of the birth of General Robert E Lee was celebrated throughout the South today. In practically all of the Southern states the day is observed as a legal holiday. Banks and public offices were closed and in most places the schools were opened only in the forenoon to allow commemoration exercises to be held.

### Taft Rally in Wisconsin.

MILWAUKEE, Wis., Jan. 19.—All arrangements have been completed for the conference and banquet to be given tomorrow by Republicans favoring the nomination of President Taft. It is expected the rally will be attended by a thousand or more of the prominent party leaders of Wisconsin.

### A Girl's Wild Midnight Ride.

To warn people of a fearful forest fire in the Catskills, a young girl rode horseback at midnight and saved many lives. Her deed was glorious but lives are often saved by Dr. King's New Discovery in curing lung troubles, coughs and colds, which might be ended in consumption or pneumonia. "It cured me of a dreadful cough and lung disease," writes W. R. Atterson, Wellington, Texas, "after my father in our family had died with consumption, and I gained 87 pounds." Nothing so sure and safe for all throat and lung troubles. Price 50c and \$1. Trial bottle free. Guaranteed by all druggists.
