BOARD OF ALDERMEN HOLD MEETING

Civic League Asks Appointment of Health Officer

PROHIBIT SMOKE ON COTTON YARDS

The Board of aldermen met in regular monthly session Thursday night, with the mayor and six members present.

The report of the committee in regard to the sidewalk on Fourth street was adopted.

The street committee instructed to remedy the trouble with the drain pipe through the property of E. B. Ficklin.

The order passed at February meeting to put a 6-inch pipe on Ninth street from Evans to Cotanch street, was rescinded and the following adopted instead: That the water and light commission be instructed to lay a 6-inch pipe on Cotanch street from Tenth to Ninth streets and then up Ninth street to the Greene mill road.

The petition of the Sutton heirs in regard to Eighth street extension was referred to the street committee.

The claim of J. F. Davenport and wife in regard to sidewalk on Fifth street was referred to the street committee.

Aldermen VanDyke, Tunstall and Ficklin were appointed to take under consideration a proposition of D. M. Clark to rent a part of the town commons.

Fire Chief Overton reported that the fire company was willing for the fire horse to be used for cleaning black lots adjacent to Evans street in the fire district, provided the town would furnish a driver and keeper for the horse and arrange a nearby place to empty the trash. The committee having the matter under consideration recommended that the town dispose of an old horse and use the fire horse for the street sprinkler as well as for hauling trash in the fire district, and that a driver be provided at a salary of \$30 per month.

The Civic League through Alderman Ficklin asked the board to appoint a health officer for the town.

A motion was adopted that the officers be more diligent to abate nuisances.

W. L. Hall requested the adoption of an ordinance prohibiting smoking on the cotton yard. This was referred to the ordinance committee.

The term of C. O'H. Laughinghouse as a member of the water and light commission having expired, nominations were declared in order. The names of C. O'H. Laughinghouse and T. R. Moore were presented, Laughinghouse receiving 2 votes and Moore 4, the latter being declared elected.

The sympathy of the board was expressed for Policeman W. H. McGowan, who is very sick, and a committee consisting of Aldermen Tyson and Edwards was appointed to visit the officer and provide for him as may be found necessary.

J. C. House and N. L. Tripp were placed in nomination as driver of the fire horse, House receiving 4 votes and Tripp 2.

The officers made their report for the past month, and bills were approved by the finance committee and ordered paid.

The leading spirit in the movement is Richmond Pearson of Asheville, who was in the diplomatic service during the Roosevelt administration. Roosevelt supporters declare they can muster sufficient strength in the 8th, 9th and 10th congressional districts to offset any support which may be brought by State Chairman Morehead to Taft from the Republican voters in the eastern districts.

NEW METHODIST CHURCH.

March 10, 1907—March 10, 1912.

Those who attended the service at the new Methodist church Sunday, March 10, 1907, will remember the down pour of rain, the great congregation and the great sermon. It was the first service in that beautiful church. The sermon was preached by Dr. Kilgo. The rain came down in torrents but the people braved the storm and the church was filled with a great congregation, the other churches joining in the service.

The 10th of March this year comes on Sunday and our Methodist friends are preparing to fitly celebrate this fifth anniversary of the occupancy of their new church. We sincerely hope this may have a good day and a great congregation.

Section 3319, Revisal of 1905: If any person shall allow his live stock to run at large within the limits of any county, township or district in which a stock law prevails or shall prevail pursuant to law, he shall be guilty of a misdemeanor and fined not exceeding \$50 or imprisonment not exceeding 30 days.

More U. S. Troops Ordered to Mexican Border

Number of Troops Already Patrolling Border are Unable to Prevent the Shipment of Rifles and Ammunition to the Rebel Natives—As Soon as Secretary of War Stimson Reaches Capital, Orders Will be Issued for More Troops to Proceed to Border

FOREIGN NATIONS ARE ARMING THEIR COUNTRYMEN IN MEXICO

Belief in Current Report That Mexico's Foreign Minister Will Hold as Hostages Foreigners, if Foreign Troops Invade the Country. Situation Growing Worse Daily.

WASHINGTON, March 7.—President Taft will order additional troops to the Mexican border on the return of Secretary of War Stimson from Chicago tomorrow. This was decided today following a conference of the President and the Mexican Ambassador. The movement will be for the purpose of tightening up the guard to prevent the shipping of arms from the United States into Mexico.

Word from the army officers on the frontier today indicated that the exodus of Americans from Mexico is continuing. These officers reported also that the constant changing of movements in Mexico made it impossible for the small patrol along the border effectively to enforce the neutrality laws prohibiting the shipment of arms an ammunition.

It was made known at the White House and State Department that the situation in Mexico is growing worse and that the revolutionists, who are located principally in the northern states, are getting ammunitions of war direct from this country.

The situation was aggravated considerably today by the report that Manuel Calero, the Mexican Minister of Foreign Affairs, had said that

his people would hold as hostages Americans and all other foreigners and their interests in Mexico should foreign troops be landed on Mexican soil.

Big Hotel Coming Our Way

Decision Will be Reached Within a Few Hours.

With the presence in town today of Mr. J. O. Proctor and the announcement made out yesterday in The Reflector to the effect that the committee in charge of subscriptions to hotel stock, had reported a subscription of over \$19,000 much activity was felt today in business circles.

It is hoped by all concerned that the solution will be reached within a few hours and that very shortly will see the building of the much needed hotel.

In the meantime tenants of the Proctor Bros. offices and stores in Greenville have been notified to clear the premises by the first of the coming April.

This in itself is a good indication that building activities will soon commence.

Scott had dogs, ponies and motor sledges. Scott's party comprised sixty men. He participated in a former expedition towards the south pole.

The N. S. flyer bringing the Raleigh mail and which usually reaches us at 9:40 came in this morning about four and one-half hours late.

For some time past the N. S. trains had been coming in pretty regular and this morning's set back was a surprise.

The usual convention at the post office window and lockers were disappointed faces when told that mail would not be delivered for some two hours. As is always the case when anything of the kind happens the N. S. says nothing about it. Not even what caused the delay. Undoubtedly this particular train jumped the rails somewhere.

THE MYRTLE HAWKINS CASE

GRAND JURY INVESTIGATING DEATH

GRAND JURY MEANS TO FATHOM MYSTERY SURROUNDING DEATH OF OSCEOLA LAKE WOMAN

HENDERSONVILLE, March 7.—Intense interest centers in the fact that the grand jury sitting in the March term of the Henderson county superior court today took up the consideration of the case of Myrtle Hawkins, whose dead body was found floating in the waters of Lake Osceola last September. This action follows persistent reports that additional evidence had been discovered since the finding of the coroner's jury to the effect that Myrtle Hawkins came to her death at the hands of a person or persons unknown.

Solicitor Hall Johnson, who is conducting the case in behalf of the state and who has worked on it with unremitting energy and ceaseless care stated tonight that today's examination of witnesses had brought out much new evidence. He declined to state whether or not he thought an indictment probable, but it is the general impression here that a true bill will be returned against those alleged to be responsible for the girl's death. The finding of the jury will probably be made known tomorrow.

Every means was tried to get the animal to go but to no avail and finally he was turned and led back to the stall. High Point badly needs another horse.

MORE ABOUT THE STOCK LAW.

We are in receipt of a letter from one of our Pitt county farmers. This gentleman most ably discusses the question that worried so many farmers together last Saturday to our court house. The writer of this letter looks at the matter with the coolness and judgment derived from a thorough knowledge of his subject. Furthermore, being a farmer, as already mentioned, he is in the very best position to discuss the question of Stock Law.

For the benefit of the many interested in this issue we gladly publish letter referred to.

Editor of Reflector: A word as to the stock law controversy. A great deal has been said about "the people ruling," but our people have decided that the men of wealth and intelligence shall rule your anti-stock law men. Did you never hear that before?

The most progressive and the wealthiest portions of the state and county are in the old stock law territory. So many believe.

They have found the law a blessing to them. Consequently being benevolent citizens they naturally want to include others under the same law. Besides they do not want to pay more tax than is necessary and, of course, they wanted the fence shortened in order to diminish their taxes. What can be more reasonable? There are a great many more voters in the territory interested in that fence who want the fence where the last Legislature said it should be, than there are who wish it to remain where it was. If the people are to rule then all interested should be consulted.

The nature of the stock law is such that it is unwise to call an election upon the subject.

Some anti-stock law men are so unreasonable and are so determined to have their way that it is nearly impossible for the voters to cast their votes as they wish. An election upon a stock law creates neighborhood quarrels and factions, bulldozing and threatened burning. Any very common man will insult the most venerable and respected citizen and do so publicly if he happens to have enough of his friends near so that there is little danger of his being hurt.

Nearly all stock laws have been passed upon petition and there has always been more or less kicking for a while, but in a short time all except very old people become reconciled and perceive that the stock law is profitable to the greatest number.

The average renter can make more and cheaper pork in a pen sixteen feet square, two-thirds of it sheltered and with a good floor, than he will raise in the open range. I know men who have tried each way and I know the pen was the preferable place from a financial and humanitarian standpoint.

There are few laws that do not abridge some men's liberties, but civilized men submit to this curtailment of their privileges on the principle—"The greatest good to the greatest number."

What is the good of vilifying Senator Cotten, a man known and respected throughout all eastern North Carolina. A good farmer, a good neighbor, a progressive citizen. A man who allowed a law to pass that he honestly thought would be a benefit to a very considerable number of those who voted for him and did

not think it would be of serious detriment to any. Besides, everybody who knew Senator Cotten knew him to be a stock law man, and they knew he would be only too glad to have this fence changed should a sufficient number petition him. The mistake these people made was in sending one of their own persuasion to the House. Having failed in this they should have been quietly acquiesced and I believe they would had not some lawyer given them bad advice. A wise lawyer is a useful citizen, but one who talks so much that he does not have time to think can't if the people are not wise stir up much trouble.

Sincerely,
JUDSON HARMON, JR.

HELP TO BUILD IT.

Since our issue of last Monday, in which we announced that \$18,000 had already been subscribed towards the building of the modern hotel we need so badly, other people have come forward and subscribed.

The committee appointed by the Carolina Club to make a canvass of the business men who might become interested in the proposition are working faithfully and although in most instances their efforts do not go for nothing, if they should happen to call on you, it is your duty as a citizen of Greenville to give them a hearing and if the condition of your business permits it, put down your name for a few hundred.

Whether you have made up your mind to subscribe to some of the stock or not, they will not keep you long and what they will say to you will more than likely interest you. It is not a "wild cat" scheme which they will present you and in all probability you will "come through."

It will not only be a matter of immediate returns for your investment. It will also be a source of pride and satisfaction to you, to help Greenville class with such towns as are thoroughly competent to take care of the transient trade and to have them go away with nothing but good words for the comforts enjoyed during their stay in our midst.

In this paper is a statement of the Home Building and Loan Association that appeals to the interest of every citizen of Greenville. It makes a showing that ranks with the best conducted associations and is gratifying to every stockholder. The association is now nearly six years old and its first series of shares will mature next September. That it has nearly \$90,000 loaned on first mortgages indicates what it is doing for the community. The Reflector does not believe that any other enterprise ever started in Greenville has been of as much benefit to the town as this association.

A man in Asheville was given a 30 day's sentence for selling liquor, and the county commissioners hired him out to his wife for \$500 for the term of the sentence. She ought to make him be good, at least for thirty days.

Up in New York they have discovered some counterfeit \$1 bills that even the bankers could not detect. You need not be afraid of getting any of them down this way.

The weather around this 4th of March should be sufficient to induce congress to change the date for the presidential inauguration before next March comes.

Some people have the disposition to want you to give them a load of wood and then ask you to cut it up for them.

If the parcels post will put the express companies out of business, for goodness sake lets have the parcels post.

Instead of planting more cotton, some farmers could pick out what is now in the field and be that much ahead of the game.

It will be just like the ground hog to give us ten days more of it when he comes out again on the 12th.

Now that the south pole has been discovered, it is all right to say we reach from pole to pole.

No cause of complaint if you look at it right,
No room for a shadow in love's world light;
No reason for worry and trouble for you—
You don't have to live the way some people do!

Suppose that you did, ah, then you might cry,
And call the world weary and wish you could die!
No cause to complain when the thought comes to you—
You don't have to live the way some people do!

No! Not in distress and in want and in grief,
Not in darkness and sorrow and pain like a thief!
You have the fresh beauty of life, and the dew,
The hope and the dream and the sunshine for you!

No cause for complaint if you realize all
The lot that to some people's bound to befall:
No pouting, and passing impatience from you—
You don't have to live the way some people do!

So blessed and so happy compared with some lives,
It is yours to be thankful that here mid the hives
Of struggle and toiling Fate takes care of you—
You don't have to live the way some people do!

CHRISTMAN'S OINTMENT.

The following extract from a recent letter will be of interest to all sufferers from skin diseases:
802 W. 181st St., New York, N. Y.
"I would like to see it (Christman's Ointment) sent to all parts of the world and if I were a young woman I would do all I could to introduce it everywhere, but I have just passed my 69th birthday and am very weak yet from the terrible disease that developed on my face and neck during the fearful heat of July last and which your ointment cured me after five months of great suffering. Nothing sold here or recommended by doctors equals Christmans Ointment. I have sent some friends in New Jersey and California your address."

CHILD WOULD NOT EAT.

Constant Cough Weakened Him.
A healthy child ought to be "hungry as a bear" at meal time. Poor appetite means failing health. The best thing you can do for a child that won't eat is to give teaspoonful doses of Vinol. This is wonderfully good in bringing back lost appetite and it is so pleasant that children take it eagerly.
Mrs. E. Stranger of Bronx Borough, N. Y., says: "My little son, three years old, had bronchitis for a year. The cough disturbed his rest and he lost his appetite. I gave him Vinol for a while and it stopped his coughing and brought back his appetite. His health has improved wonderfully. He likes Vinol."

It is the tonic iron and strengthening sod liver elements in Vinol (it contains no oil), that make it so strengthening and blood-enriching. It makes weak, pale children strong and rosy and we guarantee it to do exactly what we tell you—if it does not you get your money back. Moyer's Pharmacy, Greenville, N. C.,

MADAME RACHELLE'S ADVICE TO BEAUTY SEEKERS

R. V. T.—Sallowness of the complexion is usually caused by a faulty diet and lack of exercise. Consult a physician about it if former, keep out in the air as much as possible. Sleep with windows open.
Miss M. K.—Your druggist can supply you a preparation known as Wilson's Freckle Cream which I can recommend as a very effective freckle remover. It acts quickly and its bleaching properties are entirely harmless. Follow the directions on the package and protect the face from all undue exposure to the wind and sun. The cream sets for the jar, and if your druggist is out, you may obtain it direct from the Wilson Freckle Cream Company, Charleston, S. C.
