ALLEN GANG IS STILL AT LARGE

Latest Despatches Would Have Them In North Carolina

HIDING IN THE DEVILS' CAVE

Diversity of Reports in the Hillsville Tragedy Make it a Matter of Guessing More Than Anything Else as to Present Whereabouts of Murderers.

HILLSVILLE, Va., March 18.—With the presence of Judge Staples, sent here by Governor Mann to establish order and prepare for the trial of the outlaws who wiped out the whole court, confidence seems to have returned to the village. The grand jury was charged by Judge Staples and this fact alone seems to have done a great deal towards inspiring confidence on the people here. Warrants have been issued for the arrest of the criminals. Floyd Allen was taken to Roanoke with his son. In spite of the seventeen wounds that make a sieve of his body Allen seems to be resting at ease. He is heavily guarded. The Allens were what is usually termed wild to do. They never had such intercourse with the Hillsville people and "mixed" only with other mountaineers.

From dispatches dated Hillsville, Roanoke, Richmond and Mount Airy, a diversity of facts is gathered which alleged later dispatches contradict and nullify.

From the most reliable source of information it is gathered that the Allen gang has left Virginia soil and has taken refuge in the Devils Cave in North Carolina. People acquainted with the nature of the country immediately surrounding this cave say that were it to be true that the bandits have "made" this point of advantage they will be able to hold their position for quite a long time and their capture would be very difficult without a great loss of life. In the meantime the posse after the gang is said to be 100 strong, headed by two detectives.

Sheriff Dudley Captures Still

Sunday Morning Drive Brings Sheriff Back With a Still Captured Near Arthur—Good Work.

About two o'clock yesterday afternoon Sheriff Dudley made his way into town with something hitched back of his buggy. Upon close examination that something proved to be a still that the sheriff had captured near Arthur, about twelve miles from here.

The fact that a still we being operated in the neighborhood of Arthur was communicated to the sheriff and therefore the capture. The operators must have been notified that something was going to happen, as they were not in evidence when Sheriff Dudley made his appearance.

The still is not very big. It might hold about 45 or 50 gallons.

BEAR THIS IN MIND!

Spring Cleaning Prescribed for Greenville by Mayor F. M. Wooten.

APRIL 1ST, TO 4TH, IS SET ASIDE FOR THIS PURPOSE

Should Receive the Earnest Co-operation of Every Resident as Our Health Depends Upon the Sanitary Conditions of Our City.

In response to the request of the Civic League and to help that worthy organization in its efforts to remove trash, garbage and all unsightly and unhealthful refuse from the streets and lots of the town. And for that special purpose, the first four days in April, that is, beginning with the first day in April are set apart and declared "Clean-up-Days" for the town.

During these four days the entire force of the town's employees will make a special effort to assist the citizens in this beneficial work in every way it possibly can. And for this purpose all other work will be postponed during this time in order to make the Clean-up-Day as effectual as possible.

We are now almost on the eve of warm weather and we know that it is the most opportune time to get rid of all decaying matter and to avoid as many flies and as much sickness as possible during the coming summer. I, therefore, beg all citizens, both white and colored, to join in with the Civic League workers and clean up all premises and the side walks of the town.

And finally I urge you to take the cleaning habit now and by your example illustrate its value to your fellowmen and by all means have your premises cleaned up by Thursday, April 4, 1912 and as far as possible keep them so. And as a result of your diligence see if the health of your own family as well as that of your neighbor is not improved.

Beginning with Monday morning, April first and continuing until Thursday night, April the fourth, 1912, so far as authority is vested in me to that end, I command every person in the town of Greenville to clean up his premises as required by the ordinances. And do it willingly!

F. M. WOOTEN, Mayor.

WILMINGTON RAISES SUM FOR A MILITARY COMPANY

\$75,000 FOR NEW Y. M. C. A. MATTER HAS BEEN TALKED ABOUT

Y. M. C. A. BUILDING FUND WHIRLWIND CAMPAIGN BROUGHT TO A SUCCESSFUL CLOSE

WILMINGTON, March 18.—Closing a 10 day campaign for 75,000 for a new Y. M. C. A. with a sensational finish and raising over \$20,000 on the last day the citizens of Wilmington today wrote the fair nae of the city high in the firmament of civic progress and public pride putting themselves on record as standing firm in their determination to keep pace with the flying feet of time to insure the welfare of the young men of the municipality. The campaign came to end Saturday night at a banquet to the active campaign workers in the association gymnasium at which time final result of the work was announced.

The records show that 2,753 subscriptions were made amounting to \$77,583, a sum of 2,583 more than was asked for. Saturday night the people of Wilmington were rejoicing over the success of the campaign and at 10 o'clock, when the long hand in the big campaign clock at Front and Princess streets was moved up to the \$75,000 mark, a mighty shout went up to heaven from the huge crowd of people who had assembled to see the token of success.

Stealing at Both Ends.

Chief of Police Kilpatrick returned Friday evening from Greenville, where he went for Elliott Patterson, colored, who is wanted here for larceny. He came back without his prisoner. Patterson and another negro named Willie Jones, were both tried before Mayor Wooten of Greenville for various offenses and held for Pitt county court. Both are wanted here for larceny, shooting, etc., and will be kept for the Lenoir county authorities when Pitt is through with them.—Kinston Free Press.

These are some of the negroes caught here last week, and the above shows that they have been stealing at both ends of the line. There seems to be a gang of them going through the towns in this section.

Superior Court.

A two weeks term of civil court opened this morning with Judge A. H. Foushee presiding. Only two cases were heard at the forenoon session today, one being a claim delivery over a cow and the other a divorce.

Nap Burnett Losing Nerve

Young Man Accused of Killing Belcher Near Farmville Seems to Realize His Position as Date Approaches.

With the criminal term nearer every day, Nap Burnett, lodged in the local jail, under accusation that may mean the chair or life imprisonment seems to be losing the buoyancy that was his when brought over here by Chief Smith of Farmville.

He seems to realize as the day of his trial approaches that his chances to prove his innocence of the shooting that did away with Belcher, are slimmer. He is not as alert as he was when first seen by a representative of The Reflector, and it seems very much as if he was losing his nerve.

On the other hand, Bill Nichols, the only witness to the tragedy, has not changed his demeanor and talks freely whenever addressed.

Both sides have engaged the best counsel in Greenville and it would appear that when Burnett's case comes up his counsel will put up a strong fight to clear the prisoner, although Belcher's statement just prior to his death from the bullet wounds, will play a very strong part in the trial.

Carolina Club's Secretary Reviews Situation

MANY ACTIVITIES ARE IN LINE

Although it is not customary for the hospitable unassuming people of Greenville to boast to the outside world of what they are doing, I think in this case that our fellow citizens of the state should know something of the splendid progress that is being made by the people of our quiet little city.

Altho' "Uncle Sam" gave us a black eye in putting our population at 4,101, it seems to have aroused the pride and determination of all Greenvilleans to show what so few people could really do. Thus determined and realizing that organization and co-operation could accomplish things that individualism etoin etoin eticipate, a call was made to the enterprising citizenship of the town and as a consequence a business organization known as the Carolina Club was perfected in December 1911. The prime purpose of this organization was the upbuilding and advancement of Greenville and Pitt county along all lines of development and since the day of its birth the club has continually striven for progress and attainment. Through its system of advertising excursions of home seekers and individual home seekers have been among us and become very interested in our many advantages. Many inquiries have been received and answered and our prospects along these lines are very bright.

The development of enterprises has not been backward, for during the month of March a Cooperaage company was organized here with a capitalization of \$100,000.00 and a paid in capital of \$75,000.00. This company will carry on all kinds of lumber and cooperaage work and operate rail road lines throughout the county. It will mean much in the way of development for Pitt county. EXIT DR. WILEY.

A natural sequence to this heading would be "Enter Benzoate of Soda" but unfortunately we are not talking about a comedy of international reputation with Lehar music.

Dr. Harvey W. Wiley, the noted pure food expert is "tired of public service". At least that's the way the diplomatic Doctor put it. To any one who has been keeping pace with the intrigues been carried on in the past two or three years by the "inmates" of the department of agriculture, Chief Wilson, Solicitor McCabe et als, it is easy enough to read between the lines of Dr. Harvey's reason for leaving "public service". He has become disgusted with the whole thing and rather than continue the uphill fight he is going to tell the people from the lecture platform, how slowly but surely they are being poisoned by the food trusts. Perhaps it has occurred to the Doctor that this means of acquainting the people with what they are made to eat, will be a great deal more effective than through the barrier of opposition set up by the above referred gentlemen of the Department of Agriculture. And, he may be right.

Throughout his long term of untiring work at the Bureau created for him as an annex to the Department of Agriculture, the noted food expert has been fearless in his prosecutions of food poisoners. He has scored heavily against them in several occasions. In fact he has done, practically single handed and against the interests, some things that the whole government has been unable to accomplish against other trusts. He has fought for the people of the United States, combines with unlimited means and in many occasions has been victorious.

The trusts were afraid of him and used their vast means to displace him. Be it said, in honor of truth, when this displacing seemed imminent some months ago, President Taft came to the rescue and more firmly than ever sat Dr. Harvey in his pure food throne. Yet, the interests managed to surround him with their friends and have their friends stand on the way of Harvey's measures whenever possible. In that manner they have neutralized some of the excellent work performed by him, but they never totally eclipsed him. Whatever has prevented President Taft from further championing Dr. Wiley may be answered in many different ways. We choose to think, the coming election may be one of them. Perhaps we are wrong.

"Tired of public office" says Wiley, yet he is going to waste not time in reaching the lecture platform, from where, we feel sure, he will continue his campaign against the food-poisoners and in that manner make his services for the public more effective.

Dr. Wiley's retirement from the office may be called a national calamity, that furnishes a good proof of

the corruptiveness of our government.

There is no use on earth in having a good public servant if we are not going to trust implicitly on him and give him our fullest endorsement and backing.

GREENVILLE'S SPRING CLEANING

We are going to have it. From the first to the fourth of April inclusive, we are to have a general cleaning-up time and if everybody goes at it like the lady in the labels of Dutch Cleanser, Greenville will be ready to welcome summer without a tremor. We all know it is our duty to do our part of the work and should go at it as if we meant it. Not in a half hearted manner. Besides we are the ones to reap the benefit from this general clean up and while it is true that we are not going to receive dollars and cents for our part of the work in this spring cleaning contest, it is just as true that we will not be the recipients of the very just criticisms sent our way by people who are forced to tell us of these shortcomings, through their latent interest in our town.

Much credit is due to the ladies of the Civic League for their persistence towards this movement. Their indefatigable efforts towards having a bigger, brighter and better Greenville have been the cause for changes which are very much for the best and it is easy to see that their civic pride is with them all the time. Mayor Wooten is also to be congratulated for his part in this work and if we are to take into consideration that our mayor is a very busy man, we certainly have to hand it to him for what he is doing.

Whichard writes in his Greenville Reflector: "If Cowan comes up to take a spin with us in that automobile there will not be any need for headlights with us two on the front seat." Both men are our friends and we stand ready with a club to go after the first guy who intimates that there will be two light-heads on the front seat.—Greensboro News.

Said like a man. More pie for you, Bob.

"The discovery of neither of the poles, North or South, is troubling us," remarks Whichard, of the Greenville Reflector, "as we never expect to try and visit either of them." How selfish. Whichard, because think of the comforting warmth your red hair would furnish to either frigid region.—Wilmington Dispatch.

Yes, but if this head went along and made it too warm there would be no job for the igloo builder.

There may be various opinions on the question, some favoring one thing and some another, with all equally honest in their opinions, but we do not believe Pitt county will ever have a system of good roads until there is a bond issue sufficient to build them.

The Reflector man is finding that he has many friends in the News and Observer automobile contest. Letters are coming telling of votes being sent in for him and the home folks in both town and county are doing their part to help him win.

Some of the local joints of iniquity are finding out that Greenville has police officers who are on their job. And let us add here that it is the duty of every law abiding citizen to give these officers loyal support.

The advance mosquito has appeared. We had hoped the severe cold of the winter had been sufficient to kill out all of his tribe and also that of his pesky cousin, the fly. But it seems not so.

Because a man should have a contrary opinion of a law is no reason why he should violate that law or be instrumental in leading others to do so.

Some people are making themselves very big dances over that stock law matter.

Taft And The Tariff

Looking up and scrutinizing public records is the order of the day. What is President Taft's tariff record? Summarized briefly and comprehensively, it is as follows:

In his letter of acceptance July, 1908, Mr. Taft said: "The tariff in a number of the schedules exceeds the difference between the cost of production abroad and at home, with a reasonable profit to the American producer. The excess offers a temptation to those who would monopolize production and sale of such articles." In his inaugural address, he said "It is imperatively necessary that the tariff bill be drawn in good faith in accordance with the promises made before the election."

On July 16, 1909 when the Aldrich-Payne bill was under discussion, an official statement from the White House said: "The President is committed to a Downward Revision of the tariff, which he promised."

Meanwhile Mr. Taft had had his alliance with Aldrich and Cannon and the other "standpat" leaders, and the Aldrich-Payne bill, revising the tariff upward, was passed and promptly signed by him.

At Winona, Minn., September 17, 1909, President Taft met the storm of criticism by declaring: "This is the best tariff bill that the Republican party has ever passed and, therefore, the best that has been passed at all."

During a tour in September, 1910, he repeatedly admitted that the wool schedule—Schedule K—was "indefensible."

And on August 17, 1911, he vetoed the LaFollette bill, which revised the wool schedule on the terms later justified by the report of the tariff board.

When the campaign orators begin to talk about acrobatic stunts, this record cannot be honestly overlooked. It shows most remarkable covorting of the President's "judicial mind." Is that what this country needs in President?—Greensboro News.

Why Woodrow Wilson?

to why Woodrow Wilson should be the nominee of the Democratic party for President, there are many answers that could be easily made. That Mr. Wilson has shown his fitness to be the President of this great country is a fact that is clearly recognized. He has the ability, the courage, the honesty, the information, that should be the qualifications of a President. He has shown that his course is mapped out as one directed by the chart of the people's interest and that he is the foe of the special privilege class which grows fat upon the masses. His career as governor of New Jersey has revealed him to the people as a man who believes in practical remedies for practical ills.

The Sampson Democrat, of Clinton, heading an editorial "Why Woodrow Wilson?" says:

"Why nominate Woodrow Wilson for President? Why should he be selected from the other three candidates if those three be worthy of so great an honor. The answer is not difficult. The hope of Democratic success is in progressiveness. The party is committed to progressive principles. It won its victory in 1910 because the people of the United States were tired of the alliance between the Republican party and the special interests. The Republicans themselves have recognized this and all of their candidates are shouting out the fact that they are progressives. If then, the Democratic party must continue its policy of progressiveness, the man who stands for and is the soul of the movement should be nominated. This man is Wilson. No one of the candidates has qualified himself as a progressive as has Woodrow Wilson. No candidate has shown a better blend of statesmanship and practicality to carry out these things than Woodrow Wilson. The favorite son of no section, but a man liked and loved in all sections, he will make the strongest candidate that the Democratic party can put out. A scholar without frills, a student as was Jefferson, a rugged American like Lincoln, he will, if elected, make one of the greatest presidents we ever had.—Raleigh News and Observer.

Orphan Children's Concert.

We have the pleasing information that the singing class from the Oxford Orphanage will begin a tour of the state Monday, March 18, 1912.

We understand, on account of the growing demands for visits from the class, already many most cordial invitations having been received from Masonic Lodges in North Carolina, the management of the institution has deemed it wise to divide the tour into three trips, in order to give the children of the class a rest between each trip.

The first of these trips will be thru the northeastern portion of the state. The second will cover a portion of the Piedmont and Western, and the third trip will take the class through a portion of the Piedmont and Southeastern section. The class never gives a concert in a town except by invitation and the dates are fixed considerably in advance of the entertainments which must be very necessary in such a continuous tour.

The class is composed of ten girls and four boys, the teacher and gentleman in charge.

Our people have learned to look forward and expect an entertainment of unusual attractiveness and excellence, given by the bright and well-trained girls and boys of this noble institution. The concerts last year were largely attended and reports of a delightful and most enjoyable hour spent at the concert exercises were received. Besides the pleasure, no cause appeals to us strongly than the cause of the orphan child.

The concert given by the children themselves, is of real merit, in the interests of a most worthy cause, naturally and rightly enlists our hearty sympathy and support. We most earnestly urge the active, hearty co-operation of all our people, and we believe it will continue to be secured, as heretofore, in helping the needy little ones.

We wish to express the sincere hope that the tour of the States by the boys and girls this year will result in greatest success and blessing.

But One Leads South.
So many countries of the earth,
So many lands of such great worth;
So stately, tall and fair today
shine
So royal, all—but one is mine.
So any paths that come and go,
Busy and freighted, to and fro,
So many that I never see
That still brings gifts and friends to
me;
So many paths go and come,
But one leads South—and that leads
home.
Oh, I had rather see the face
Of that dear land a little space
Than have earth's richest, fairest
things;
My own or touch the hands of kings,
I'm homesick for it! When at night
The silent road runs still and white—
Runs onward, southward, still and
fair.
And I know well its going there,
And I know well at last 'twill come
To that old candle-lighted home—
Though all the candles of heaven are
lit,
I'm homesick for the sight of it!

My new pattern hats, which were designed by Miss Louise C. Pars, are already in and new millinery and dress goods are arriving daily at the Big Store. I am better prepared this season than ever to meet the wishes of the ladies wanting the best in millinery and dress goods and invite them all to come and examine style and quality.

LOCAL BRIEFS

Court week.
We had another pretty Sunday.
The roads and streets are a little dryer, but there are yet plenty of bad holes in them.
Yesterday was St. Patrick's day and several here wore the green in honor of the day.
This was the prettiest spring day we have had so far.
Greenville Lodge 254 A. F. and A. M. meets tonight.
Meeting Postponed.
The meeting of the End of the Century Book Club has been postponed until Tuesday, March the 26th.
Men's Prayer League.
Owing to the funeral Sunday afternoon no meeting of the Men's Prayer League was held in the Christian church. The same place, subject and leaders are continued for the meeting next Sunday.

Some College Girl Don'ts.

Don't flirt with the handsome young fellow down town. His wife may not like it.
Don't go through the village streets chewing candy or anything else. If you must chew, try the rag.
Don't retire with undrawn curtains. The rubber industry flourishes in other places than in South America.
Don't believe the village chap that tells you that he loves every hair on your head. He probably means every one on your beaureau.
Don't be a freak. The squirrels have enough nuts to attend to now.
Don't study too hard young friends might think you are going to work for a living.
Don't kiss each other in public. It's awful to see a woman doing a man's work.

Nineteen Miles a Second.

Without a jar, shock or disturbance, is the awful seep of our earth through pace. We wonder at such ease of nature's movement and so do those who take Dr. King's New Life Pills. No griping, no distress, just thorough work that brings good health and fine feelings. 25c at all druggists.

Flowers.

D. J. Whichard, Jr., is the local agent of J. L. O'Quinn and Co's. nursery at Raleigh and will be glad to have your orders for designs or cut flowers of any kind. Orders left with him receive prompt attention and at the same prices as if the customer orders direct from the nursery. Place your Easter orders as far in advance as possible.

TRAINING SCHOOL NOTES

On Friday evening, March the fifteenth, the Young Woman's Christian Association of the Training school held its annual meeting for the election of their officers. Miss Willie Greene Day was honored with the presidency. Miss Day has been secretary of the association during the past year and has been actively interested in her work. Miss L. D. Pittman was elected vice president. Miss Ethel Perry, secretary and Miss Ruth Moore re-elected treasurer. Miss Moore, assisted by Miss Graham, has kept the finances of the association in such good shape that the girls realized she was the best one for the place. The president and her cabinet including the committee chairman which she is to appoint, go into office the first of April when the old officers which have been faithful and loyal turn over their duties.

PROSPERITY TO STAY

(Continued from 1st Page).

All good things come together and in this case it seems true, for during this same month the ever appreciative people of Greenville were awakened to the realization that an up-to-date \$5,000.00 steam laundry had been installed and was seeking their patronage as had been promised in "Our Greenville, Yours if You Come".

Our last, not least, but possibly greatest attainment in recent years is the incorporation of a hotel company. This company will build within a few months a modern \$60,000.00 hotel. Of all the improvements needed by a town it is a commodious hotel, sufficiently large to entertain the traveling public, conventions, etc., that visit the town. Through the energies of Messrs. B. W. Moseley, W. H. Dail, C. T. Munford and others this fact was finally driven home in the minds of a sufficient number of Pitt county's business men to make the hotel dream a live realization.

Carolina Club does not claim that it was directly responsible for all of this progress, but it does claim all credit for the new hotel and that through its organized co-operative efforts these other improvements have naturally come. We beg in this way to suggest a similar movement for our sister towns of the state.

Bryan Banquet to be Big Affair.

LINCOLN, Neb., March 18.—Democratic leaders who share the opinion of William Jennings Bryan that only a "progressive" should be named to head the national ticket this year are gathering in Lincoln today to talk over the situation. The ostensible purpose of the round-up of the leaders at this time and place is to attend the banquet to be given here tomorrow night in celebration of Mr. Bryan's fifty-second birthday. The banquet has been an annual affair for some years past, but this year it is to take on more of a national aspect than ever before. Plans looking to that end have been going on quietly for some time and it is expected that several score of the leading progressive Democrats of the nation will be in attendance. The toast list of the banquet will contain only speakers from outside Nebraska. Among them will be Senator Core of Oklahoma, George Fred Williams of Massachusetts and Frederick Townsend Martin of New York.

To Test Battleship Florida.

WASHINGTON, D. C. March 18.—The steaming trials of the super-dreadnaught Florida are expected to engross the undivided attention of naval men this week. The interest in the trials is due partly to the fact that the Florida is to be one of the largest and most formidable fighting machines afloat, but more especially in the first battleship to be built in a government yard in many years. A close comparison naturally will be made between her performances and those of her sister ship, the Utah, which has just been turned out at a private yard.

The Florida and the Utah are the latest and mightiest fighting units in the United States Navy and one or the other will supersede the Connecticut as the flagship of the North Atlantic fleet. If she comes up to the expectations of her constructors, 22 knots will be reeled off by the Florida, propelled by the enormous turbine engines of the Parsons type. When she sails she will represent an expenditure of nearly \$10,000,000. As compared with the next largest ships in the United States Navy—the Delaware and the North Dakota type—the Florida and the Utah are ten feet longer, 1825 tons greater displacement on even terms as to the main battery, but with two more of the 5-inch guns in the secondary battery. When completely manned the Florida will carry 940 men and 60 officers and will have a larger steaming radius than any vessel now in commission.

Taft to Visit New Hampshire.

Concord, N. H., March 18.—In response to an urgent call from his friends in New Hampshire, President Taft has agreed to visit the granite state tomorrow and will deliver public speeches in Nashua, Manchester and Concord. His visit is designed to check the spread of the insurgent movement. Next to Massachusetts, no state in this section of the country has attracted so much attention in the anti-Taft campaign as New Hampshire, because of the prominence of Governor Bass and his activity in behalf of Roosevelt.

The Roosevelt men may be said to have the inside track thus far, because they already have an active organization within the Republican ranks. Following the meeting at which Governor called together some forty leading progressives of the state and at which a tacit indorsement of Roosevelt was made, there was a conference which called upon the Republican state committee to hold a presidential primary.

Governor Bass and his friends in the Roosevelt camp will be given a hard fight by Senator Gallagher and his old guard. General Frank S. Streeter, who was appointed by President Taft on the boundary commission, is the active leader of the Taft campaign and he has with him a very large number of the so-called "old-line" Republicans who will stand by the President to the end. They believe that the President's visit tomorrow is certain to result in a solid Taft delegation from New Hampshire to the national convention.

The Farmers Demand a Parcels Post.

MADISON, Wis., March 18.—In pursuance of an organized movement started some time ago, thousands of Wisconsin farmers today observed "parcels post referendum day" by writing letters to their representatives in Congress asking for a genuine parcels post law. In support of their demands the leaders of the movement point out that there are about 42,000 rural mail carriers, who travel altogether nearly a million miles each day, dropping mail into about four million rural mail boxes. This service causes a loss to the government of about half a million dollars a week. The average outward load of the rural mail carrier is only about twenty five pounds, and the return load would be increased several fold, the farmers would have an express service connecting them with the cities and villages, and the great deficit incident to the present imperfect rural mail service would be wiped out.

That the last legislature passed an act forbidding the sale of 22-caliber rifles that are commonly used in 22-rifles, and can be used in 22-pistols, without paying a license tax. It was well I did, for today I am working and believe I owe my life to this great throat and lung cure that has cheated the grave of another victim." Mrs. Godfrey Well Again.
VINELAND, N. J.—Mrs. Allen T.
Godfrey who has been in bad health
for some time, has just written the
following letter telling of her re-
covery:
"Everyone who is in broken health
ought to know that Vinol will build
the 'up and make them strong. It
restored my strength and vigor after
I had been in a badly run-down con-
dition for several months, and I ne-
ver fail to give Vinol a good word
now."
This is one more proof that our de-
licious cod liver and iron remedy,
Vinol, which is free from cod liver
oil, is a remarkably strengthening and
vitalizing medicine.
Men and women who are weak and

in poor health, unable to sleep or eat
well, and who have given up hope of
ever being strong again should cer-
tainly take Vinol, without waiting
another day, for it is exactly what
they need.
There is no risk at all, for it is so
sure to do good that we guarantee it
absolutely and will refund the money
if you are not satisfied. Moyes' Phar-
macy, Greenville, N. C.

trouble with the kidney secretions.
For some time my kidneys did not

subject to backache and had pains
when passing the kidney secretions.
I used a box of Doan's Kidney Pills
as directed and they gave me relief.
This was nearly a year ago and I
have had no need of a kidney medi-
