1601 Lives Lost WHEN TITANIC PLUNGED TO Bottom of Sea

Side of Monster Vessel Split Open
by Glancing Blow from Berg--
Bulkheads Detained Awful
Moment of Sinking

"NEARER MY GOD TO
THEE" PLAYED AS THE
TITANIC WENT DOWN

(Special to the Reflector)

NEW YORK, April 19.—A steady downpour drenching the thousands who crowded adjoining thoroughfares and docks received the rescuing Cunarder Carpathia, when it docked here last night at 9 o'clock. Physicians nurses and ambulances from every hospital in the city were hurried to the docks and every available official was on hand to facilitate the landing of the surviving passengers of the Titanic. As soon as the Carpathia docked it was finally ascertained the list of rescued passengers was only 739, placing the number of souls lost in the disaster at 1,340. Whatever clinging hope was entertained that the total of rescued would be larger than at first learned from wireless reports, was dashed when the Cunarder had unloaded her cargo of terrified survivors.

Passengers on the Titanic gave diversified accounts of the terrible happening. Various as these stories were they all agreed in that the Titanic was struck a glancing blow by the gigantic iceberg when making a speed of about 23 knots. Mr. J. H. Moody, a quartermaster of the ship and helmsman in one of the life-boats was on the bridge with the second officer who was in command. Close to midnight the officer sighted the iceberg a quarter of a mile off and gave the command: "Port Your Helm!" The order was executed but too late as several moments later the Titanic was shaken from stern to stern as it came into collision with the submerged part of the berg. The Titanic was split open amidship as though it had been made of cardboard; a shower of icy water and lumps of ice drenching the upper decks. Capt. Smith was immediately on deck and ordered that everybody put on life preservers and have the boats lowered. When the ship was struck the majority of the people on deck were men and the first boat lowered was filled with them. An instant later the decks were crowded with terrified women and children. Officers and members of the crew as well as some of the men passengers rushed to the boats and in some instances, gun in hand, saw to it that only women and children with the necessary men to man the boats took their place within them. After the first moment of panic the work of saving women and children went on orderly, every man submitting to the grim rule of the sea: "Women and children first." Officers and crew displayed the greatest heroism and self denial in superintending the rescue.

Before the last lifeboat had been lowered the Titanic was heavily listing the port and as this last boat made away from the fated vessel it was seen to deepen quickly forward. Women in the boats saw the rest of the passengers crowd to the back-decks. They plainly heard the band

playing "Nearer My God to Thee" and the following instant the monster ship had been engulfed in the Atlantic.

Some women refused to leave the ship and would rather meet death by their husbands than be saved. Among them was Mrs. Isador Straus, the New York merchant prince's wife.

Capt. Smith remained in the deck till the last second and was seen to jump into the sea as the Titanic was sinking to its deep grave. Accounts of some of the passengers to the effect that Capt. Smith had committed suicide as had some of his officers was strongly denied by other passengers.

NEW YORK, April 18.—The following tabulation of the passengers and crew on board the Titanic, together with those saved and lost, has been compiled from the figures in the statement issued by the committee of passengers.

Approximate number of passengers aboard:
First class, 330; second class 320; third class, 750; officers and crew 940; total 2,340.

Number of passengers saved by Carpathia:
First class 210; second class 125; third class, 200; total passengers saved 535. Members of crew saved: officers 4; seamen 39; stewards 96; firemen 71.

Total members of crew saved 210. Total saved, passengers and crew 745.

Total number perished 1,595. First and second cabin passengers 650.

First and second cabin passengers saved 335.

Total cabin passengers lost 315.

POISONERS MUST SERVE 10 YEARS

BURRILL CASEY AND WIFE MUST GO TO PRISON AND SERVE A SENTENCE

RALEIGH, N. C., April 18.—Through the finding of no error by the Supreme court in the trials and sentences in Craven county superior court, Burrill Casey and Leona Sasey must serve sentences of ten years each, for poisoning Joseph Whitty, a well-to-do farmer, who was Leona Casey's first husband, she and Burrill Casey having been married about a month after the death of Joseph Whitty. The woman is less than 20 years old, and has one child. Whitty was 46. The poisoning was with arsenic, the body having been found in a thorough state of preservation one year after the burial without embalming fluids used by the undertaker.

The Caseys are now confined in Craven county jail where they have awaited the decision of the Supreme court on their appeal. The child, who was born a few months after their arrests, is still with the mother, but it is learned that it will be placed in an institution for such unfortunate children when he mother and father leave New Bern for the state penitentiary to start on their sentences.

TO PROBE INTO BIG DISASTER

Congress To Carry On Wide
Scope Investigation Into
Titanic Wreck

SUBPOENA ALL ABOARD

WASHINGTON, D. C., April 18.—Bearing subpoenas for certain persons aboard the Carpathia, whose names were not disclosed, Senator Smith, of Michigan, and Senator Newlands, of Nevada, two members of the senate subcommittee which will take the first steps in the congressional investigation of the Titanic disaster, went to New York today to meet the rescue ship. Senaor Bourne, the third member of the subcommittee, joined them there tonight.

The subcommittee intends to subpoena everyone on the Carpathia who might throw any light upon causes of the catastrophe. Any doubts as to the powers of the senate to command testimony by J. Bruce Ismay, managing director of the White Star line, or other officers of the company, because they are foreign subjects, were dispelled today. Secretary Nagel, after talking with President Taft, declared there was no question of the jurisdiction of the senate to summon any witnesses who are in the United States' territory.

Secretary Nagel, Supervising Inspector Uhler, of the steamboat inspection service; Sergeant-at-arms Ransdell, of the senate, and his assistants, accompanied the senators with a party of others who went to meet friends or relatives aboard the Carpathia.

MECKLENBURG HAS CLUB

CLARK CLUB STARTED WITH A
LIST OF 550 MEMBERS—
LIST IS GROWING
DAILY

CHARLOTTE, N. C., April 18.—William M. Wilson, manager of Chief Justice Walter Clark's campaign in Mecklenburg county in his race for the United States senatorship, today gave out the following statement:

"Five hundred and fifty Democratic voters of Mecklenburg county have within the last two weeks enrolled themselves in the Mecklenburg Clark club, signifying their intention to vote and work for Clark in the primaries. Considering the fact that practically all of the local courthouse politicians are lined up for either Kitchin or Simmons and that Clark is making his campaign here without a machine, but with only his great and consistent record to recommend him, the above figure is a very cheering indication of what the people at large really want. The great wage earning class and laboring men of the town have come out for Clark almost unanimously, the Confederate Veterans have rallied to their companion in arms practically to a man and the results from the farmers, wherever we have been able to reach them, are very gratifying. When we have had the opportunity of reaching the voters in the country we expect on account of Clark's insistent demand for immediate legislation in favor of a parcels post for rural districts, to run the membership in the Clark Club up to fully 1,500.

STATE AND COUNTY NEWS

FROM FALKLAND.

Two Popular Young Couples Wed—Big Sturgeon Caught.

Monday night the home of Dr. and Mrs. Jenness Morrill was the scene of one of the most brilliant receptions given in Falkland in many a day. The occasion was a reception by them in honor of Mr. and Mrs. C. A. Marslander, who some days previous had surprised their friends by hurrying themselves away to Hymen's altar, without the consent of the bride's parents. They then took a trip to Wilmington, returning here Sunday. The reception followed Monday night and was a most pleasant mingling of their many friends, who tendered the happy couple their best wishes for long life and continued happiness. Mr. and Mrs. Marslander are making their home temporarily with Mr. and Mrs. C. H. Mayo. Mr. Marslander is book-keeper for the firm of J. L. Fountain and Company and Mrs. Marslander is the only daughter of Mr. and Mrs. J. H. Smith.

Last night the beautiful little Presbyterian church was the scene of a pretty marriage. The happy couple of this occasion being Mr. Preston Pierce and Miss Effie Satterfield. The ushers were Messrs. Roy Little and Clarence Pierce. About 8:30 to the time of the wedding march rendered by Miss Janie McAlister, the bridal party entered the church. First came Mr. Ira Satterfield with his cousin, Miss Hettie Satterfield, then Mr. Lonnie Pierce with Miss Lela Moore of Wilson. Then came the bride and groom. The attendans took positions on either side of the altar and the bride and groom under a beautiful floral arch facing the minister, Rev. Robert King. Then followed the solemn ceremony ending with pronouncing them "man and wife" and asking blessing upon them. The bridal party then repaired to the home of the groom's parents, where a reception was had. Many friends were present offering congratulations and good wishes and joining in the pleasure of the occasion. Many handsome, valuable and useful presents were received by the young couple. The groom is a son of Mr. and Mrs. W. T. Pierce and the bride is a daughter of Mr. and Mrs. G. W. Satterfield. They are at present making their home with the groom's parents.

The first sturgeon caught by the local fishermen about here in near twenty years was caught near the Falkland landing Monday. It weighed 304 pounds and lacked only three inches of being ten feet long. It was one of the largest ever caught this high up. It was a great curiosity as many people never saw one before and when brought up here attracted numbers of people to look at it.

Little is heard of politics around here. Mr. J. H. Smith, who is a candidate for the Democratic nomination for the legislature (House) is not talking much yet, but is said to be "sawing wood and saying nothing," and is in the hands of his friends.

Falkland is justly proud of its school. A nice two room building and an additional music room, a large library and an enrollment of near fifty pupils, with two teachers, Misses Janie McAlister of Wadesboro and Essie Ellington of Greenville, shows what is being done along educational lines. The effort to make it a local town district was defeated by one vote. The people can soon vote on it again and expect to then carry it by a good majority.

Falkland is unfortunate now in its mail facilities. Rural routes have cut off much of its patronage that by all rights should be Falkland's. It now receives its mail by rural service and letters that should be mailed at Falkland are carried right on by to another office, miles away. The government should not allow such discrimination and the people should look better after the matter. The usual cry of late seasons and farmers behind in heir work applies to Falkland farmers as well as to others. Some have planted some cotton, some haven't planted corn. Many are hauling fertilizers and much work is being done. About all of last years cotton has been picked and preparations for another big crop going on.

REAL ESTATE! REAL ESTATE!

A Bargain Today--A Fortune Tomorrow!

A GREENVILLE KLONDIKE

"Opportunity," so it is said, "knocks at every man's door once in a life time."

There are men in Greenville today, who can buy many broad acres because they heeded the knock of cheap real estate a few years ago. They had foresight enough to buy where others were afraid. The present price of all real estate seems high: it looked that same way ten years ago. You have only ten years longer to learn that the opportunities in real estate at present prices mean a fortune to you. In the past, right now, and in the future, some one has sung and will continue to sing the old tune about "at such and such a time I could have bought it for one-fourth its present value."

Real estate itself must have an opportunity. The broad acres of a swamp miles away from the steam whistle and thoroughfares of life, have but poor show to advance in valuation. Purchase real estate that stands along the highway of travel, or where men come and go, and there is hardly anything under the sun to hold the price down. A piece of good property in a live spot, is like a rolling snow-ball—the oftener it changes hands, the bigger it gets. Have you never noted the fact that the more readily a piece of property can be sold the more valuable it is? And it is always worth more in ready cash in the hands of the last holder than in the first.

Right here in Greenville, there is some of this class of real estate, some that has not got to wait for Greenville to grow. It matters not what you pay for it, it is always worth just a little more than you gave. Old Father Time is a great auctioneer and while he takes the bid slow, he never goes backward.

I have right in the heart of the town, on Dickinson avenue, an opportunity that knocked at my door and I bought it. This property lies within a very short distance of the Norfolk Southern depot, and only about two blocks from Five Points. It is far too good a parcel of land to stand undeveloped. It should today be speaking for the material improvement of the town and remunerating some investor with dividends. I have not the money to hold or improve it. On the other hand, I am not forced to sell it. But it is entirely too good to remain in my hands, undeveloped. There are people in Greenville and Pitt county, who need it, and need it badly. I will not stand in the way of progress and yet I cannot give it away. The property is known as the John Corey land and runs along nearly the entire length of the new street recently opened from Dickinson avenue, with its paved street and side-walks. I will take pleasure in showing it to anyone.

If money is scarce with you, I will sell for one-fourth cash and the balance on easy terms. Somebody will buy it; it may be you or your neighbor. If it be your neighbor, no doubt, in a few years, you will be telling your children, "Why, I could have bought that property in 1912 for one-third what it is worth today."

This offer will not last long. It is too good to go a begging.

The Praise That Comes From Thankful Greenville People.

One kidney remedy never fails. Greenville people rely upon it. That remedy is Doan's Kidney Pills. Greenville testimony proves it always reliable.

Mrs. Joseph Fornes 1116 S. Washington St., Greenville, N. C., says: "I have taken Doan's Kidney Pills with the most satisfactory results and I know that they are a good kidney medicine. About a year ago I was troubled my symptoms of kidney complaint. I suffered from dull, nagging backache and I also had headaches and pains through my kidneys. Dizzy spells annoyed me and I noticed that kidney secretions were unnatural. Doan's Kidney Pills, procured from the John L. Wooten Drug Co., brought me prompt relief and a short time ago I again used them, they acted as effectively as before. I know that this preparation lives up to the claims made for it."
