## Consumers Will Pay Packers' Trial

Exorbitant Meat Prices Result of Nine Years War Against Beef-Barons

### NEXT TRIAL WILL REALY DECIDE ISSUE

WASHINGTON, D. C., June 8.—Is the beef trust bigger than the United States government?

Made bold by its victory, after a nine years delay in the courts, in the famous trust busting suit started against it by former president Roosevelt, this trust has boosted meat prices to the highest figure ever known in this country, not even excepting war times. The trust gives a shortage in the supply of live stock as its reason for this increase in prices.

That this excuse is only a subterfuge is shown by the last report of the government bureau of statistics, which shows that instead of a shortage in the live stock supply there has been a steady increase.

"The supply of cattle that reached the seven principal western markets in April was greater than in any April of the last decade," the report says. "The number of cattle shipped to Chicago last month was 13 per cent greater than for the same month last year and 40 per cent greater than for April of 1910. There was a proportionate increase in the supply of hogs and sheep, also that the quality of these animals was fully up to the standard of former years indicated that the supply of dressed meat now on hand in the packers' warehouses is greatly in excess of the amount held there last year."

This report shows that the beef trust has made up its mind to force the consumer to pay the cost of the nine year's suit it has just won. All the big fees paid out to lawyers for keeping the packers out of the penitentiary will be taken from the pockets of the consumers. Nothing must interfere with the trust's dividends!

A subcommittee of the Judiciary committee of the Democratic House of Representatives has begun an investigation of the beef trust and its report will be an answer to the question as to whether the beef barons are more powerful than the United States government.

**A Cost of Living Secret.**

In cold storage at Detroit, Mich., are 15,000 quarts of fresh berries. They are held out of the market to keep the price high. Thus capital uses refrigeration, invented to benefit man, for the purpose of exploiting man.

## N.C. Land Deal Being Aired in Washington

WASHINGTON, June 7.—The house probe into the department of agriculture's transactions concerning the everglades in Florida, together with a swamp-land tract at Lake Matamuskeet, N. C., is nearing an end. The committee on expenditures in that department today heard supplemented testimony by J. O. Wright, the state drainage engineer of Florida, who was formally in the government employ. Mr. Wright reiterated his testimony about his securing an option on some of the North Carolina land for W. M. Hays, the assistant secretary of agriculture but pointed out that none of the officials had in any way participated in any of the commissions which he had drawn on account of land deals.

**People in Harnett Can Live at Home and Board at the Same Place.**  
DUNN.—The citizens of Dunn and the surrounding country do not fear any inconvenience from the scarcity of high price of food for the next few months. There is a fine crop of big blues in Sampson, a heavy crop of black berries in Harnett from which to make pies and tarts the crop in Cumberland is unusually good and from the looks of the wheat crop and the amount of honey being brought to market why should any one want to go to a better country.

## Senator Dixon Upset Alabama Contest

CALLS IT "COLD BLOODED PREMEDITATED THEFT"

CHICAGO, June 7.—Senator Dixon at the Roosevelt headquarters issued a statement tonight exonerating members of the national committee.

"Until the roll was called on the ninth Alabama district," says the statement, "I was not prepared to believe that a majority of the national committee was prepared deliberately to murder the Republican party.

"The nation might as well know the truth. Three minutes before the roll was called on the contest Senator Murray Crane, of Massachusetts, walked over to Mr. Stephenson, of Colorado, who holds the proxy of Senator Scott, of West Virginia and said to him: 'We simply cannot afford to go on record in this case against seating the Roosevelt delegates; the case is so plain the country will not stand for it.'

"Mr. Stephenson replied: 'We have to do it. Of course there is no justification in fact, but if once we establish a precedent we will have to yield in other cases.'

"The theft was cold blooded, premeditated and deliberate. With the record of the roll call of the ninth Alabama congressional district, I now deliberately charge that a majority of the national committee, in violation of their sacred trust as trustees of the Republican party, in fear and hatred of Theodore Roosevelt have entered into an agreement among themselves to unseat all and every Roosevelt delegate regardless of right.

**Arkansas to Hear Hendrix**  
FAYETTEVILLE, Ark., June 8.—Bishop E. H. Hendrix of Kansas City has arrived here to preach the baccalaureate sermon tomorrow at the University of Arkansas.

## Soldiers May Join Sailors in Island

Force in Readiness to Depart for Cuba as Soon as Developments Guarantee Landing

### BEFORE ANOTHER STEP TAKEN PRES. GOMEZ MUST SAY SO

WASHINGTON, June 7.—The army today took steps to share with the navy in the American demonstration in Cuba.

Early in the day the general staff gave a preliminary test to the machine it has constructed when it issued orders to the quartermaster general to put in readiness for Cuban service the four big army transports at Newport News and at the same time notified the proper military officers at the various army posts where are located the organization which go to make up the expeditionary force, to have the men ready to entrain at a moments notice.

Within six hours word came from Quartermaster General Aleshire that the big transports had been put in commission with full supplies and coal and augmented crews and coal and were ready to sail the moment or for the troops to entrain was not the troops were placed aboard.

The order for the transports to sail given and it was said at the state department that word would not be given until the marine forces already landed and now being distributed among the threatened plantations in eastern Cuba proved insufficient to afford the necessary protection, or that conditions on the island as a whole had assumed such a phase as to demand present intervention. At present it cannot be asserted that President Gomez's hold has so weakened as to warrant the United States in proceeding to meet its treaty obligations to intervene.

## The Morning After the Night Before

WILL PROBABLY CHARGE WITH STEAM ROLLER

RALEIGH, June 7.—While the indorsing of Governor Wilson by the Democratic convention caused most interest in the state just at this time, the action of the convention in voting down the minority report of the platform committee will be more far reaching in its effect. The friends of Senator Simmons are saying that the convention tied the hands of Governor Kitchin, who has been attempting to read the senator out of the party and that the governor cannot hope to continue what they regard as his groundless attacks on a Democrat endorsed by a great majority of the convention. That this majority was fair is indicated in the nomination of E. L. Travis and George P. Pell, two Kitchin men and the first ballot. Had the senator's friends desired to nominate the convention they would have done so, Simmons' people declare, but they merely sought to have the convention indorse the record of the state's representative in Raleigh and Washington.

Governor Kitchin is expected to take comfort in his defeat. He will have what his friends regard as a club to fight the senator. Mr. Kitchin is expected to announce from 100 platforms that the convention was packed with Simmons men for the purpose of securing an indorsement. He will certainly do his best, his friends say, to emerge from this contest with flying colors. The future will determine how well he succeeds.

## Taft's Friends Apply Well Oiled Steam Roller

President So Far Has Won Every Contest Alabama and Arkansas Decided in His Favor

### IDAHO SENATOR TELLS GATHERING WILL NOT SUBMIT

CHICAGO, June 7.—Twenty four delegates from Alabama and Arkansas were added today to the Taft column by the action of the Republican national committee on the so-called Roosevelt contests from those states. All of the contests presented before the committee today were decided in Taft's favor and in all but two the decision of the committee was unanimous although one roll call test apparently had shown 15 anti-Taft votes.

The cases decided today were those of the six delegates at large and the two each in the first, second, fifth and sixth and ninth congressional districts in Alabama and the four delegates at large and the two each in the first and second districts of Arkansas.

There remain to be heard of the Arkansas contests those in the third, fourth, fifth and seventh districts.

The contest over the six delegates at large from Arizona was postponed until a later day on motion of Committeeman Penrose, of Pennsylvania. In view of the bitter feeling between the Taft and Roosevelt adherents, the meeting was surprisingly peaceful, although it opened with a contest which seemed to forecast a degree of friction, which however, failed to materialize. This contest arose over a renewal by Senator Borah, of Idaho, of his motion of yesterday which would permit only eight members of the committee to demand a roll call instead of 20 as provided by the existing rules.

## Little Girl Narrowly Escapes Death

GOLDSBORO, June 7.—A little girl 6 years of age, daughter of C. G. Harris, of this city, narrowly escaped death from an electric shock here this afternoon about 2:30 o'clock. She was running along the street in front of her home and came in contact with a wire of the Bell Telephone Company that had been blown down and lay across the city electric light wires, carrying 2,200 volts. The child was rendered unconscious and slightly burned on the arm and leg, but recovered consciousness in half an hour and at last reports was doing nicely.

## Roosevelt Sends A Representative

OYSTER BAY, N. Y., June 7.—State Senator William Flinn, of Pittsburgh, was despatched post haste to Chicago by Colonel Roosevelt tonight to act as the ex-president's representative in the fight before the national committee over seating contested delegates. The decision was reached after a conference at Sagamore Hill tonight in which the situation at Chicago, as told to the colonel over his private wires from the seat of war, was discussed.

Colonel Roosevelt was careful to explain that the leadership of his fight would remain where it has been in the hands of Senator Dixon, his campaign manager.

"Senator Flinn starts for Chicago at once," he said. "He is going at my request. Senator Dixon will be in charge. Mr. Flinn will assist him."

The decision to send Mr. Flinn to Chicago was reached so suddenly that he was barely able to catch the last train tonight from Oyster Bay intending to take a midnight train from New York to the west.

## N. C. Delegates Favor Gov. Wilson

New Jersey Governor Indorsed "As the Most Available Democrat" in the Present Race

### FIGHT OVER LIEU-TENANT VICTORY FOR SIMMONS' FORCES

RALEIGH, June 7.—The Democratic state convention adjourned, sine die at 6:45 this morning immediately after the supporters of Woodrow Wilson had obtained the passage of a resolution which indorsed the candidacy of the New Jersey man as the most available Democrat. The nine delegates at large however, while all regarded as strong Wilson men, go to Baltimore uninstructed but well aware of the sentiment of a majority of the delegates to the North Carolina state convention favor the former college president. Some of the Wilson supporters were in favor of sending delegates bound by instructions but these appeared to be in the minority or at least it was decided to pursue the indorsement idea. The outcome of the convention in its final moments, coming after long hours of struggling against the combined opposition was a great victory for the friend of Wilson.

The original 8 Wilson delegates were chosen on the first ballot by the following vote: W. C. Dowd of Mecklenburg, 869; A. W. McLean of Roberson, 766; R. B. Glenn of Forsyth 754; Gen. Julian S. Carr of Durham, 722; W. C. Newland of Caldwell, 688; E. J. Justice of Guilford 581; W. C. Hammar, of Randolph 555; E. J. Hale of Cumberland, 530. There were 14 names voted upon and the tabulation shows that G. Dorch of Wayne received 480, also entitling him to a seat. Josephus Daniels moved that Mr. Dorch be added to the delegation making 9 men and this motion was adopted. The remaining five voted on were: W. T. Crawford of Haywood; Hugh Chatham of Elkin; J. D. Murphy of Asheville, Charles R. Thomas of New Bern and F. M. Grice of Elizabeth City.

Defeat in the selection of delegates, the Wilson opposition adopted dilatory tactics on all moves toward a resolution endorsing Wilson. A motion to adjourn was voted down on roll call by 543 to 377. Hon. Charles R. Thomas then offered a substitute to the Wilson resolution, which declared that he state should leave its delegates to select the best man after looking over the whole field. This was withdrawn a little later and after a period of confusion a final vote was taken. The resolution endorsing Wilson was adopted by a vote of 503 to 396 and then everyone was in favor of adjourning, sure enough.

# A New Feature

By special arrangements with a large jewelry importing house we have been enabled to add to our usual stock a complete line of jewelry, of really high-grade quality, in a large and varied assortment.

## Something For Nothing

We are really going to give away any article in this assortment. No such offer as we are making has been attempted by any local merchant. Think of it—you can buy any article of jewelry in this stock at wholesaler's price.

## A Coupon with Every Purchase

Listen! This is our plan: We will give you free one 10 cent coupon with every 50 cent purchase you make at our store. These coupons are redeemable in our jewelry department for their face value. Thus, 50c in coupons and 50c in cash secures you any \$1 article. In addition to this you are entitled to one estimate with every coupon received in our great *Candle Contest*.

## How Long will the Candle Burn

Write plainly on the back of each coupon how long the candle will burn. If you are right you will receive a handsome full-jeweled Elgin Watch free. *The Candle and Watch are on Display in our show windows. Come and see them.*

We sell our goods at low prices, and give you the coupons extra.
