FORTY EIGHT MORE DELEGATES ANNEXED BY PRESIDENT TAFT. DIXON ISSUE ANOTHER STATEMENT

Struggle For Indiana Delegation To-day

CHICAGO, June 8.—Forty-eight was the total number of delegates to the Republican national convention turned into the Taft column today by the national committee's decision upon contests from Arkansas, Florida and Georgia. The Roosevelt contestants lost every case as they did yesterday. Ten of the Georgia districts—twenty delegates—went to Taft in one blanket decision, both sides agreeing to their being decided upon the same argument as had served in the case of the four delegates at large which had just been given to Taft. The two remaining Georgia districts with their two apiece, soon went the same way.

With the 24 delegates—16 from Alabama and 8 from Arkansas—placed on the temporary roll of the convention as the result of yesterday's hearings, today's work runs up the total to 72 added to the Taft list since the national committee convened Thursday. The cases passed upon today were those of:

Arkansas—Third, fourth, fifth and seventh congressional districts—two delegates each; eight in all. The sixth district was not contested; the delegates are listed as unopposed.

Florida—The six delegates at large and all three districts—the entire state representation; 12 in all.

Georgia—The four delegates at large and all of the 12 congressional districts, each with its two delegates—28 in all.

Indiana Monday.
This clears the docket for the taking up early next week of the cases upon which the Roosevelt people are laying far more stress than upon those from the South, such cases, for example, as those from Indiana; which probably will be taken up when the committee convenes Monday morning. There still remain, in alphabetical order, the cases of the six delegates at large from Arizona and of the fourth congressional district of California. They may be taken up on Monday or may go over until later in the week.

It was a day of publicity for Southern Republican organizations. Starting with the last three districts of Arkansas, the committee went through that state and Florida and Georgia, in which all the Taft delegates had been contested by Roosevelt. In each instance decision was reached after full hearings of the facts in the case; and in only one instance did the Roosevelt leaders ask for a full test of strength.

In the fifth Arkansas district, where charges of violence and fraud were made by both sides, Committeeman Burnam of Kentucky asked that both delegations be seated with half a vote each. He secured ten votes for his motion, those of Knight of California, Burnam of Kentucky, Wright of Louisiana, Kellog of Minnesota, Littaur (representing Flanagan of Nevada), Duell (representing Ward of New York), Capers of South Carolina, Thorsen of South Dakota, Loose of Utah, Rogers of Wisconsin.

On this roll call, of the others who hitherto have usually voted with the anti-Taft contingent, Dupont of Delaware voted with the Taft people and Lyon of Texas and Bieber of the District of Columbia, were recorded as present, but not voting.

Not all of the viva voce votes were unanimous; negatives were heard on many of these but there was no way of surely identifying the voices.

Maryland's Capital Is Ready for Convention

CAMPS PITCHED BY PRESIDENTIAL BOOMERS

BALTIMORE, Md., June 9.—Baltimore awaits the coming of the thousand and ninety delegates to the Democratic national convention the preparation of which have practically been completed. Already the advance guard of boomers for candidates for the presidential nomination have pitched their camps on the battle ground and are laying the final plans of campaign.

Urey Woodson, secretary of the national committee will be unable to meet Chairman Mack here tomorrow as planned. He telegraphed here tonight that his wife was ill in New York and that he would be unable to be in Baltimore for several days. Mr. Woodson as secretary of the national committee has charge of the notices of contests filed by certain delegations.

Applications for tickets to the convention proceedings are pouring in from prospective visitors from all over the country and it was estimated tonight that nearly 200,000 requests for tickets had been received. As there are about 10,000 tickets to be delivered the committee is having its difficulties in making assignments.

Col. John I. Martin, sergeant at arms of the Democratic national committee, came in tonight from St. Louis and will open the headquarters of the national committee when Chairman Mack arrives.

During the week Chairman Mack will consider the numerous applications for positions of doorkeepers, assistant sergeant at arms, messengers and pages of the convention.

Judge Foushee Faints in Court

HENDERSONVILLE, June 9.—A mild sensation was created in court just before the noon adjournment yesterday when Judge Foushee, who is presiding, fainted and fell to the floor unconscious. He had gotten up from his seat and was walking toward the door when he fell.

Medical aid was soon given him and he quickly recovered. It is believed that he became over heated and lack of ventilation in the court room was the cause of his sickness. He however, adjourned court at once to meet again Monday morning.

Final Plans for Hotel Here

The final plans for the Proctor hotel arrived in town on Saturday and were accepted by the building committee.

Bids from the contractors will be opened and contracts allowed on June 25th.

Lexington Victimized by Fire
COTTON WAREHOUSE IS BURNED
LEXINGTON, June 9.—Lexington was visited with one of the most disastrous fires in many years this morning when the cotton warehouse of the Nokomis Cotton mill caught fire. The warehouse was divided into two sections and thanks to the good work of the firemen only one section was burned. The section burned contained 295 bales of cotton. A great many bales were completely destroyed and all were very badly damaged. Just now it is impossible to estimate the amount of damage done but it is expected that it will exceed \$10,000. It is fully covered by insurance.

The fire broke out this morning about 1 o'clock. According to officials of the company, the first must have been of incendiary origin. The warehouse is situated well out of danger from the boilers and away from the railroad and there is no house close to it that ever has fire in it. The theory is advanced by local officers that the house was fired by some tramp who took shelter in the warehouse last night. So far as can be learned the mill people have no clue to the guilty party or parties.

Old Offender Landed.
Saturday night Policeman G. A. Clark picked up Noah Hardy, colored, while operating a "pocket" blind tiger. Noah is an old offender and has already served one term on the roads for tigering. Mayor Wooten sent him to the superior court under a \$200 bond for this last offense and Solicitor Abernethy will likely see to it that he gets another shovel for some more road building.

Ad. Osterhouse Ordered to Cuba

Conditions in Island's Capital Guarantee Action Taken by American Government

ONE DISPATCH SHIP SAILS AT ONCE FROM SOUTH

WASHINGTON, June 9.—The navy department, acting under instructions from the state department, tonight ordered Admiral Osterhaus to proceed forthwith from Key West to Havana with one dispatch ship and one other ship. These orders were issued by the state department after the receipt of a dispatch from Mister Beaupre reporting that conditions in Havana and suburbs of the city had assumed the character of a race war. It is probable that Admiral Osterhaus besides the dispatch ship will take his flagship, the Washington, into Cuban waters.

Minister Beaupre's message said that conditions in and around Havana had been menacing since Friday night and that last night there were anti-negro demonstrations of large proportions by irresponsible elements and that there were clashes in every quarter of Havana and vicinity. He reported that the negroes were being goaded into violence and that retaliation might have disastrous consequences. Americans and other foreigners and many Cubans he said very apprehensive and desired the sending of an American war vessel.

The state department has decided to leave entirely to Rear Admiral Usher, commanding the fourth division of the Atlantic fleet, the disposition of the American marines who are to be employed as guards for foreign owned property in eastern Cuba. That officer today communicated to the state department through the navy department an abstract of reports he had received from the naval and marine officers scattered throughout Oriente and told just where each detachment had been stationed.

Robinson, of Edenton who is indicted for the murder of Seaman Harney in this city in April. Robinson has been here in jail since the night of the crime.

Will Not Take Convention Endorsement

KITCHIN WILL FIGHT SIMMONS ON RECORDS

RALEIGH, June 9.—Governor Kit- chin was asked today if the Simmons endorsement would cause him to discontinue his discussion of the record of Senator Simmons. He replied: It certainly will not. It only justifies the course I have pursued and emphasizes the necessity of its continuance.

If the purpose of the so-called Simmons endorsement was to prevent Democrats from discussing his record, it is equivalent to a confession from his friends that it cannot stand discussion.

I shall continue to promote progressive Democracy and discuss the actions of Senator Simmons showing his departure from its principles and policies.

Photo Engravers Meet in Boston.

BOSTON, Mass., June 10.—Delegates to the sixteenth annual convention of the International Association of Photo Engravers assembled in Boston today and were welcomed by Governor Foss and Mayor Fitzgerald. Mayflower Narrowly Averts Collision

President Taft's Yacht Crosses in Front of Northland and Scrapes Her Sides

TAFT ON BOARD AT TIME OF NEAR-COLLISION

OLD POINT, Va., June 9.—The presidential yacht Mayflower with the president and Mrs. Taft and a party of their distinguished guests aboard, narrowly escaped a collision early today with the steamer Northland, of the Norfolk and Washington line, not far from Point Lookout, where the Potomac river empties into Chesapeake bay. Only the vigilance of the officers of the Northland and the Mayflower and their prompt action prevented what looked for a minute like an accident.

As it happened the Northland narrowly missed the Mayflower. Officials and one or two persons on the passenger boat who were looking out only got a momentary shock. It was a perfectly still moonlight morning, with no sea running and the lights of passing vessels could be seen for miles. The few passengers awake showed no signs of panic but they looked relieved when danger was over. The Mayflower left Washington last night for Norfolk about 6:30. In addition to the President and Mrs. Taft General William Grozier, Representative Gillet of Massachusetts, Clarence H. Kelsey and Mrs. Kelsey of New York, Mrs. Newlands, wife of the Nevada senator and Major Rhodes, U. S. A., and Lieutenant Timmons, U. S. N., were invited guests.

The Northland, on her regular trip to Old Point and Norfolk, left Washington shortly after the Mayflower. Although she kept the Presidential yacht in sight until after dark and although she is a much speedier boat, Capt. Posey made no attempt to pass the president. Shortly after Northland passed into Chesapeake Bay, however, where there is plenty of sea room the officer on the watch decided to forge ahead of the Mayflower.

Compliment to Greenville Manufacturer

We happened to be in the post office yesterday when Mr. E. G. Flanagan, President of the John Flanagan Buggy Company, took his voluminous mail from the locker. Mr. Flanagan opened several letters there and amongst them we noticed, even if it's none of our business, one order from Messrs. W. A. Wren and Sons, of Norfolk. These people manufacture something like 10,000 buggies every year and that they should favor our town manufacturer with an order for some of his buggies, is a compliment to the excellency of his product. We should feel as proud of the fact as does Mr. Flanagan himself.

The Crucible.

Hard ye may be in the tumult,
Red to your battle hilts,
Blow give your blows in the foray,
Cunningly ride in the tilts;
But when the roaring is ended,
Tenderly, unbuggled,
Turn to woman a woman's
Heart and a child's to a child.

Test of the man if his worth be
In accord with the ultimate plan,
That he be not to his marrying,
Always and utterly man;
That he bring out of the tumult,
Fitter and undefiled,
To woman the heart of a woman,
To children, the heart of a child.

Good when the bugles are ranting
It is to be iron and fire;
Good to be oak in the foray,
Ice to a guilty desire.
But when the battle is over
(Marvel and wonder while)
Give to a woman a woman's
Heart, and a child's to a child.
—O. Henry.

A New Feature

By special arrangements with a large jewelry importing house we have been enabled to add to our usual stock a complete line of jewelry, of really high-grade quality, in a large and varied assortment.

Something For Nothing

We are really going to give away any article in this assortment. No such offer as we are making has been attempted by any local merchant. Think of it—you can buy any article of jewelry in this stock at wholesaler's price.

A Coupon with Every Purchase

Listen! This is our plan: We will give you free one 10 cent coupon with every 50 cent purchase you make at our store. These coupons are redeemable in our jewelry department for their face value. Thus, 50c in coupons and 50c in cash secures you any \$1 article. In addition to this you are entitled to one estimate with every coupon received in our great *Candle Contest*.

How Long will the Candle Burn

Write plainly on the back of each coupon how long the candle will burn. If you are right you will receive a handsome full-jeweled Elgin Watch free. *The Candle and Watch are on Display in our show windows. Come and see them.*

We sell our goods at low prices, and give you the coupons extra.
