## CONVICTS RUSH MICHIGAN PRISON

### Bold Attempt to Destroy Prison and Factories

### FIREMEN CALLED TO SUBDU

#### Rebellious Prisoners are Armed With all Manner of Weapons and Fighting Back the Attacking Police

JACKSON, Mich., Sept. 3.—Rioting convicts of Jackson prison overcoming all restraint shortly before noon today entered the prison bull pens and liberated about seventy-five fellow prisoners.

An hour later the prison authorities had the convicts apparently cowed by the presence of Jackson militia companies and firemen and special officers who hurried to the scene immediately after the outbreak.

There were no fatalities but considerable property was damaged.

When the prisoners reached the yard they began ruining everything within reach and fearing they would set the factories on fire the city fire department is now aiding in an endeavor to subdue the rioters.

Hundreds of shopmen and others are on the streets surrounding the prison and the special police hastily summoned are having trouble in keeping the crowds orderly.

About 75 convicts were in the bull pens which were opened by the inmates and practically every prisoner secured weapons of some kind soon after gaining their liberty. Knives, hammers, barrel staves, etc., were used by the convicts in an endeavor to overpower the guards stationed inside the prison walls.

On seeing the fire department enter the prison yard many of the rioters fled back into the prison, while others hid in the various factory building, hoping to step over the walls when an opportunity presented itself.

It is said that during the great excitement three convicts scaled the walls and are now at liberty. As fast as the members of the local national guard companies are rounded up they are being rushed to the prison in automobiles. All militiamen going to the prison are heavily armed.

One fleeing convict, falling to halt when ordered, was shot down by a guard shortly after noon today. The prisoner was running across the yard when told to stop and refusing he was dropped with a bullet from the gun in the hands of a deputy.

That the local prison officials fear that the worst is not yet come was evident by noon, as in addition to the two local militia companies, numbering about 160 men, the Lansing company of the M. N. G. has been ordered to this city. Every man who could be induced to act as a special guard is being rushed to the prison, first being armed.

The supply of firearms at the prison has been exhausted and heavy iron rods are being made on the supply in the various hardware stores of the city.

A number of newspaper correspondents are said to have been sworn in as deputies and are unable to send reports to their papers, every man being placed under oath to remain silent regarding conditions inside the walls.

## Carolina Pennant Goes to Anderson

CHARLOTTE, Sept. 3.—The Carolina League closed its fifth successive season Monday, with Anderson winning the pennant, Winston and Charlotte clubs following in order. Anderson's percentage was .600, Winston, .573 and Charlotte .570. Both Charlotte and Winston won morning and afternoon games from Anderson and Greensboro respectively. The Anderson team has been in the lead since May 26, but clinched the pennant only a few days ago by defeating decisively both Winston and Charlotte in the critical series. The race between Winston and Charlotte for second place has been on for a month.

## ROOSEVELT GETS HIS FROM MILES

### FAMOUS ARMY OFFICER SCORES HEAVILY ON THIRD PARTY LEADER, CALLS HIM "USURPER"

### ALSO AN "ADVENTURER" HE SAYS

NEW YORK, Sept. 3.—"Adventurer!" "Usurper!" and "Demagogue!", are some of the characterizations applied to Colonel Roosevelt in an attack by Nelson A. Miles, former general of the United States Army.

General Miles' estimate of the Progressive candidate for the presidency in part follows:

"Roosevelt, the pretender—claiming honors he never won, depriving worthy and heroic men of just fame.

"Roosevelt, the insolent—who dictated and interfered in the political affairs of the South American Republic.

"Roosevelt—the usurper, who interferes in domestic as well as foreign affairs.

"Roosevelt—the demagogue, who is creating dissension and disaffection among the laboring classes.

There is no character more despicable than a hypocrite. Yet there is a man railing against the trusts, who when in office prosecuted only a few that he thought unfriendly to him, and protected the great majority of trusts of our country, and personally, actually helped to create and establish the most colossal trust now in existence."

### The British Association.

DUNDEE, Sept. 4.—The annual meeting of the British Association, which is the most important event of the year in connection with scientific research in the United Kingdom, began this city. Professor E. A. Schaffer, the eminent Edinburgh physiologist, called the gathering to order and delivered his presidential address. The address was on the subject of the origin of life and was containing the announcement of the discovery of argon at the Oxford meeting nearly twenty years ago.

### Minnesota Awaits Roosevelt

ST. PAUL, Minn., Sept. 4.—The Progressive party leaders of Minnesota have completed all arrangements for Colonel Roosevelt's visit to the Twin Cities. The third party presidential candidate is scheduled to arrive here from Des Moines shortly after two speeches, one in the open air at the Minnesota State Fair in the forenoon, and one at a luncheon in Minneapolis immediately afterward. The speech at the fair grounds probably will last an hour, and will be a "keynote" speech for the Roosevelt campaign in the Northwest.

## Two Accidents in Spencer One Fatal

SPENCER, Sept. 3.—Jack Huffman, aged 35 years, one of a construction force on the Southern Railway, was killed and J. W. McPherson, a fellow workman, was seriously injured in Spencer yesterday. The accident was caused by the falling of a scaffold eighteen feet high, to the ground, both men falling with the timbers.

Huffman fell on his head and a heavy plank fell end wise on his chest, inflicting a deadly blow. He was carried to a hospital and died in about two hours. His home was at Elon College, to which place his body was sent. McPherson was given medical attention and will recover.

## MARTIAL LAW IN WEST VA.

### Striking Coal Miners Cause Measure

### TROOPS IN CHARGE OF SITUATION

#### Rifles and Ammunition Consigned to Coal Company Confiscated by Strikers, General Unrest is Felt

CHARLESTON, W. Va., Sept. 3.—Martial law was proclaimed in the strike affected district along Vavant and Cabin creeks this morning.

The territory under the proclamation is a mountainous stretch of about 20 miles from Kanawha river to the Fayette county line and about eight miles wide. The military commission under whose jurisdiction the community now is, consists of seven members who have been Governor Glasscock's conferees and the court-martial of six with Lieutenant Colonel George S. Wallace, of Huntington, judge advocate.

The decisive move was precipitated by the destruction of railroad property by the striking miners, who tore up tracks, in an attempt to stop the shipment of coal. There are more than five thousand of the strikers, all of whom are declared to be armed with rifles.

The express office at Cabin Creek was broken into and boxes of ammunition and rifles were broken open by the strikers, but before they could get away with them the militia put in an appearance and captured the loot.

Two machine guns, fifteen thousand rounds of ammunition and more than a hundred rifles, consigned to a coal company, were confiscated.

All wires from the strike zone have been cut and communication between the various military posts is impossible.

## Oxford Farmer Kills Brother-in-Law

OXFORD, Sept. 3.—A tragedy occurred near the western suburbs of Oxford yesterday, resulting in the death of W. P. Wilkinson, one of the most prominent farmers of Oak Hill township and member of the board of county commissioners.

Milton Hobgood, a farmer of Granville county, fired the fatal shots.

The trouble arose over the fact that Milton Hobgood and his wife did not get along well together, and she had been staying with her sister, Mrs. Wilkinson, and was on her way home this morning to spend some time with her brother, Richard Watkins, who occupies the old Lynch home.

## N. J. GOVERNOR PLEASD WITH START

### HIS LABOR DAY SPEECH IN PENNSYLVANIA AUGURS WELL FOR HIS CAMPAIGN.

### IS BEING CONGRATULATED FOR IT

NEW YORK, Sept. 3.—Greatly pleased with his reception in Western New York, Gov. Woodrow Wilson returned to New York early today from Buffalo and passed on to Trenton to transact state business.

The governor said today that he regarded his speeches in Buffalo, especially the one at the evening meeting, as "setting the stage for the campaign," and "his first political address." He was also pleased, he said, with the manner in which the crowds applauded his speech analyzing the third party platform.

His attitude toward the third party he said, is that the social reforms proposed by its platform are admirable but the "methods of performance are impossible."

The governor said he was looking forward to his speech in New York city tomorrow night before the workmen's Woodrow Wilson League, his speech on the next Monday before the New York Press Club, and his address at the State Fair in Syracuse. All of these constitute, for the present, his New York engagements.

### Canadian Forestry Convention

VICTORIA, B. C., Sept. 4.—The fourteenth annual convention of the Canadian Forestry Association began in this city today with an unusually large attendance. The program prepared for the convention extends over three days and provides for addresses of the most practical character by many leaders in forestry and lumbering in Canada and the United States. Sir Richard McBride and a number of other public officials are taking an active part in the convention.

## Exodus of Americans From Europe Began

NEW YORK, Sept. 3.—The rush of Americans homeward bound from Europe, which has been noticeable since the first week in August, will reach its highest point during the next fortnight and by the end of September will have subsided into the normal westward tide of travel.

More than thirty thousand Americans will sail from English ports this week in the first and second cabins alone. They will crowd into twenty different ships.

### JAIL DELIVERY IN NEW YORK

#### Bold Murderer Makes Good His Escape From Tombs

NEW YORK, Sept. 2.—Reynold Frosbrey, accounted one of the most desperate men in the country and held in the Tombs on double charges of murder, escaped this morning by breaking out a cell and scaling the outer wall.

Last Wednesday he made an unsuccessful attempt by sawing through a bar over a cell window.

On July 29 Frosbrey held up and shot Morris Schwartzkops, a jeweler, in Delancey street. Schwartzkops died a few hours later and that same afternoon Frosbrey shot and seriously wounded Max Katz, a clerk in a cigar store. He is also charged with complicity in the murder of Walter Meseritz, a Flatbush shopkeeper, on February 24 last.

It was shortly after 6:30 o'clock this morning when a keeper, passing the cell near the carpenter shop, noticed that Frosbrey was not in his bunk. The alarm was quickly given and it was found that Frosbrey had forced the bars in his cell and had climbed through the ventilator, six feet from the floor.

The cell from which Frosbrey escaped was termed an isolated cell, and was considered the strongest in the prison.

As a further precaution a trusty shared it with him, but the trusty apparently slept soundly throughout the operations this morning.

## MURDER WITNESS REFUSES TO COME

### Unless Otherwise Advised By His Friends

### SAW HERMAN ROSENTHAL KILLED

#### A Night Clerk Who Was Actual Witness to the Killing, Located in England, But Refuses to Appear

LIVERPOOL, Sept. 3.—Thomas Coupe, formerly night clerk in the Elks Club in New York city, and an eye witness to the murder of the gambler, Herman Rosenthal, was met by detectives when the steamship Lusitania docked here today.

He was not placed under arrest, but was accompanied to a hotel, where he refused to make a statement until he had consulted with friends.

Two local detectives met Coupe as he left the steamer and informed him that District Attorney Whitman, of New York, wanted him to return as a witness for the trial of Police Lieutenant Becker. He willingly accompanied them to a police station, where a consultation was held, then went to a hotel.

"I am not going back to America," said Coupe today at the police station.

Coupe emphasized his reply later by saying: "The only people who could protect me are really my enemies and I doubt very much whether they are really anxious to get me back.

"I have been night manager at an expensive hotel in New York and I know something," he continued. "I you there is hardly a single policeman to be relied upon. In my case I have made my pile and am glad to be home among my friends. Certainly I am not going back to America unless my friends advise me to do so."

Afterward Coupe proceeded to Preston, about 28 miles from this city, where his father has a large dry goods business.

### Coupe Testified Before Grand Jury.

New York, Sept. 3.—Thomas Coupe, met today by detectives at Liverpool is one of the few actual eye witnesses to the murder of Herman Rosenthal. He left New York last Tuesday at midnight on the Lusitania. Two days later words reached District Attorney Whitman that he had disappeared.

Mr. Whitman said at the time that he feared this marked the beginning of attempts to spirit away witnesses, but he added that he had no legal way of detaining Coupe. He had testified before the grand jury and had been counted upon to take the stand at the trial of Becker and others charged with the murder of Rosenthal.

## N. C. Bull Moosers Will Have Candidate

### GOOD WORK BY THE HOUSE

The work of the Democratic House has been far from perfect, yet it has been fully as good as could have been expected. Its tariff work in the extra session, early in 1911, has stood the test of public discussion to a remarkable extent. It does not seem to us an exaggeration to say that without regard to party, there was general approval of the Underwood bills. When those measures, with some compromises and changes, were accepted by the Senate, through the co-operation of the Progressive Republicans, there was a more general acquiescence and approval throughout the country than has been accorded to any tariff legislation since the Civil War. President Taft's vetoes of those measures last year were not sustained by public opinion. His action again last month in vetoing tariff bills was not unexpected, inasmuch as it had been practically announced in advance that he would obstruct the path of any tariff bills that could be criticized from his argumentative standpoint. His position is one of dialectics rather than one based upon public opinion or upon facts. It should be remembered that bills relating to taxation and the public revenue that have been carefully considered and adopted by substantial majorities in both houses of Congress, are not in the nature of measures that an executive officer, even under our system, is expected to nullify.

But the relation between the executive and law-making branches of the government has now become so little a matter of right reasoning or clear thinking that there is nothing to do except to hope for the speedy coming of an area of statesmanship. Mr. Taft has repeatedly condemned the present wool schedule, although he himself signed the bill which made the law.

When both houses of Congress, under direct mandate of the people given in the election of 1910, have now proceeded in two successive years to pass bills revising the wool schedule, Mr. Taft obstructs needed reform by undertaking to say that in his opinion the exact percentage of reduction should be slightly different. These are matters that Congress has had incomparably better opportunity to study than the chief executive could possibly have had. If he had meant to go into the details of tariff revision, he should have done his

work when he had the opportunity, namely, when he called the session. In 1909, that gave us the Payne-Aldrich law. The excuses that Mr. Taft gives for vetoing tariff revision bills are of no particular consequence. The important thing is that he personally has been keeping in force all the schedules of the Payne-Aldrich enactment, while Congress and the country have been honestly striving to revise those schedules.

It is not a proper enforcement of law that does not apply to all people alike. A few weeks ago, in keeping with the annual custom, notice was given by the officials of the town, under an ordinance governing the same, for citizens of the town to have their sidewalks cleaned by the 25th of August. Quite a number of people complied with the ordinance, but perhaps as many more paid no attention whatever to the notice. As a result some of the sidewalks are clean while others are very unsightly. Quite naturally this raises a complaint from those who go to the expense of having such work done of the unequal enforcement of an official order.

A Fayetteville lawyer has called a preacher to book because he said: "the bar had some scoundrels in it". Gee whiz! just like there wasn't black sheep in every flock. We will bet there are lawyers in Fayetteville who the minister's remarks did not even ruffle. The Bible says all men are liars, but who is raising a fuss about it.

Roosevelt is out in another letter denying receiving campaign contributions. But who believes him? It has been proven on him long ago.

Raleigh is getting red in the face over the water question. At least the News and Observer takes on that color about it.

Let us drop the hint that with numerous good banks convenient it is not wise for people to be carrying much money with them or keeping it hid around the house. To do so is inviting both danger and loss.

Fall will knock the temperature out before much longer.

The business man who does not hustle to get a share of the tobacco money, is a back number.

With the Elephant at Charlotte and the Bull Moose at Greensboro, both cities should be happy.

### This is My Birthday

#### C. Bascom Slemp

C. Bascom Slemp who for some years has had the distinction of being the only Republican among the Virginia members of the national house of representatives, was born in Lee county, Virginia, September 4, 1870. He graduated from the Virginia Military Institute in 1891 and afterward studied law at the University of Virginia. After serving one year as a professor at the Virginia Military Institute he began the practice of law in his home town of Big Stone Gap. In 1905 he became chairman of the Republican State Committee of Virginia and two years later he was

elected to Congress from the Ninth Virginia district to fill the unexpired term of his father. Mr. Slemp was twice re-elected, but this year he declined to accept a nomination because of his desire to devote his entire time to his law practice and business interests.

### This Date in History

September 4

- 1804—United States ship Intrepid, blown up in Tripoli harbor.
- 1812—Captain Zachary Taylor successfully defended Fort Harrison, on the Wabash, against an attack by Indians.
- 1837—Congress convened in extra session to devise measures to relieve the financial embarrassments of the country.
- 1862—General Lee crossed the Potomac and invaded Maryland.
- 1870—French Republic proclaimed.
- 1894—Twelve thousand tailors struck in New York city, against the task work system.
- 1911—Hundreds of lives lost in floods along the Yang-tse-Kiang river in China.

There have been a number of good throws to the plate from the outfield on New York fields, Red Murray being especially proficient.

It is beginning to be apparent that all teams look alike to the White Sox, who continue to win, regardless of who opposes them.

Clark Griffith is after Eppa Rixey, the Virginia southpaw, and has made the youngster a tempting offer, according to advices.

Pitcher Bill Burns, who has played a game or two with almost every club in the big leagues, has been shipped back to Minneapolis.

Maybe Ed Sweeney has to guess what Ford throws, as has been claimed, but he is a shark at doing so. They make very few battery errors.

Eddie Collins is a hero. The Athletics' second sacker went into the grandstand at New York and beat out a fire with his bat. That's one hit Eddie doesn't get credit for in the official averages.

### The Men Who Succeed

It's utter folly for a man to endure a weak, run down half alive condition when Electric Bitters will put him on his feet in short order. After years of suffering with rheumatism liver trouble, stomach disorders and deranged kidneys, I am again, thanks to Electric Bitters, sound and well." Try them. Only 50 cents at all druggists.

### Many Driven From Home

Every year in many parts of the country thousands are driven from their homes by coughs and lung diseases. Stay right there, with your friends and take this safe medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, croup, whooping cough and sore lungs, make it a positive blessing. 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

A. Stancill and on the west by Jos. Forty years of cures proves its merit. Unrivaled for piles, corns or cold sores. Only 25 cents at all druggists.

Mr. Editor: I see in your paper of yesterday Mr. W. F. Evans has addressed a communication "To the Democratic Voters of Pitt County". Being a candidate for the Democratic nomination this is the only class of voters to whom he should address himself. But is he sincere when he does it? In view of the fact that he has tried to get Republicans to be candidates in Democratic primaries I am not "cock sure" about his sincerity. But I am going to test him. He closes his address "To the Dem-

ocratic voters" with this sentence, "Let us have a primary about suspicion and no counting of votes behind closed doors". To this I say amen. His address is to the Democrats and when he says "let us have a primary above suspicion" he is talking to Democrats and Democrats alone. Now I propose that he and I shall sign and publish a letter to the poll holders at the Democratic primary, asking them to permit no one to vote in that primary but Democrats.

### Baseball Notes.

Wiltse and Meyers of the Giants, have the best batting average of any battery in the major leagues.

Six times this season Pitcher Lew Riche, of the Cubs, has come home a winner when he faced the Gants.

Now it is Joe Tinger, of the Cubs, who has been picked to manage the Cincinnati Reds, in case Pank O'Day is given the gate.

Up to the time he joined the Athletics, Eddie Murphy had scored one-sixth of all the runs made by the Baltimore team this season.

Catcher Ervin and Phelps are doing the bulk of the backstopping work for the Superbas as Otto Miller is out of the game on account of malaria.

Shortstop Tommy McMillan, recently purchased by the Highlanders from Rochester, is having his second trial on the big circuit and is making good.

Armando Marsanas, the Cuban outfielder of the Cincinnati Reds, is to be presented with a \$200 gold medal by the city of Havana, when he returns home next winter.

Ray Schaik, the former Milwaukee catcher, now with the White Sox, showed Mastern fans some mighty fine backstopping during his first trip in the big show.

Detroit fans claim that weak pitching put Tigers on the sliding this year. Dubuc is the only flinger in the Jonnings troupe who has been able to do any polishing.

Fischer Baungartner has hauled good ball for the St. Louis Browns during his first season in the major leagues and looks to have the stuff to become a star flinger next season.

Joe Kelley's Toronto team is fighting every inch of the way for the International League pennant. It will

be some plunge in the headquarters of Joseph if he succeeds in copping the flag.

The Chicago Cubs have done some work without the service of "Minner" Brown this season. The star veteran has taken part in only eleven games, injuries compelling him to sit on the bench.

A Boston poet promised to write a poem for Manager Jim Callahan, entitled "Winning the Flag for Commy," but the work of the White Sox crabbed it, and the poem has been placed in cold storage until next spring.

When Cleveland defeated Washington or Boston Harry Davis sends the Athletics, his former pals, a cheer ful message giving the score. When the Senators sting the Naps, Harry has lost his pencil, the messenger boys are on a strike, or he can't find the telegraph office.

No more will the umpire announce "The batteries for today will be Walsh and Sullivan for Chicago—", for Billy Sullivan, the veteran catcher of the White Sox, has been given his unconditional release.

## Answers the Call

Greenville People Have Found That This Is Necessary

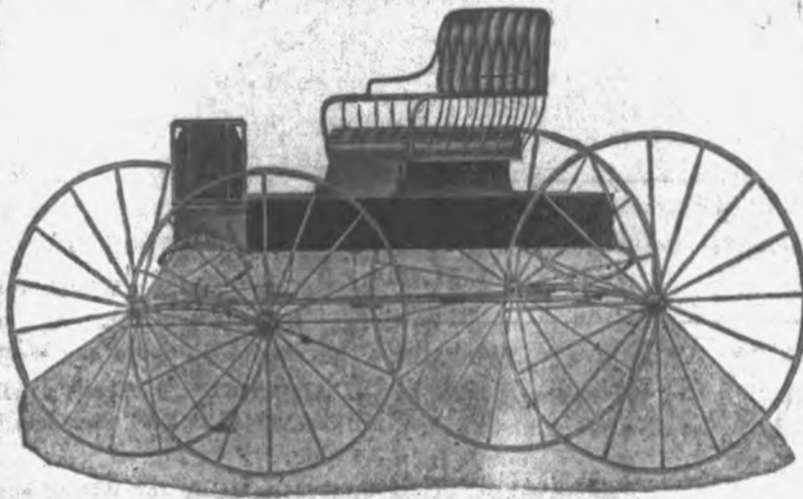

A cold, a strain, a sudden wrench, a little cause may hurt the kidneys. Spells of backache often follow. Or some irregularity of the urine. A splendid remedy for such attacks, a medicine that has satisfied thousands.

Is Doan's Kidney Pills, a special kidney remedy.

Many Greenville people rely on it. Here is the Greenville proof.

L. W. Lawrence, 311 Washington St., Greenville, N. C., says: "I am pleased to make the fact known that I have been greatly benefited by Doans Kidney Pills, which I obtained from the John L. Woten Drug Co. Too frequent passages of the kidney secretions annoyed me and I often noticed that the flow was scanty. I took Doans Kidney Pills as directed and since then my kidneys have been in much better condition."
