MOREHEAD MEN HOLD CONVENTION

Bull Moosers Are Strictly Out of it

SKINNER CALLS DUNCAN DOWN

At Bull Moose Convention Spectacular Speeches Are Made. Taft's Men Name Settle for Governor

CHARLOTTE, Sept. 4.—Upon reconvening of the Taft convention tonight the credential's committee report was quickly passed. John Motley Morehead was reelected state chairman, E. C. Duncan was chosen national committeeman in place of Richmond Pearson, who was fired. Thomas Settle was unanimously nominated there being evidence that the old feud between the Duncan and Morehead factions had spent itself in ousting the Bull Moose.

Postmaster Charlie Reynolds, of Winston-Salem, was made permanent chairman and Gilliam Grissom, secretary. District Attorney Holton moved that section 15, struck out by the Raleigh convention, be restored. This is the section which empowers the chairman and two members of the executive committee to remove a member of the executive committee or county chairman. This was adopted on motion of T. R. Roland, of revenue service. State Chairman Morehead was put across for two more years lease of official life.

Backed by this indorsement of confidence, Morehead, then made the motion declaring National Committeeman Pearson's seat vacant. This went through without discussion and on motion of ex-Congressman Morehead named ex-Committeeman Duncan to succeed Pearson. Duncan's reinstatement brought applause and Duncan took the stage amid applause and defended his course in voting for the Taft delegates to the Chicago convention.

Skinner nominated Thomas Settle of Asheville, former district attorney to customs court, of New York, for governor.

Postmaster McKesson seconded it. Settle, amid cheers, took the platform and made an enthusiastic speech of acceptance in which he scored the Roosevelt followers and condemned prohibition.

When lieutenant governor was reached ex-Judge Gaskill was nominated by Postmaster Briggs. Discussion ensued as to conferring with Roosevelt and Progressives as to a single state ticket. Duncan opposed a conference on the grounds that the others did not desire to confer, and this convention should not throw away all its work by dickering with others. Harry Skinner championed a conference and in the course of remarks said Duncan has got what he wanted. Duncan arose, "Skinner that's untrue, dishonest and indecent". There was a pass or so and it was dropped. Other nominations were made as follows:

Attorney General, David H. Blair, of Winston; secretary of state, W. J. Andrews, of Raleigh; treasurer, D. W. Patrick, of Snow Hill; auditor, J. Q. Wood, of Elizabeth City, superintendent of public instruction, C. P. Frazier, of Guilford; commissioner of agriculture, A. L. French, of Rockingham; insurance commissioner, J. H. Cook, of Guilford; commissioner of labor and printing, J. B. Gosten, of Winston; corporation commissioner, William E. White, of Alamance; John Sharpe, of Iredell. Justices of the supreme court left to executive committee.

State committee: First district, Harry Skinner; Second, D. W. Patrick; Third, A. L. Wilson; Fourth, Claudius Dockery; Fifth, Gilliam Grissom; Sixth, C. Ed. Taylor; Seventh, J. S. Lewis; Eighth, R. D. Slak; Ninth, Warren Vines Hall; Tenth, W. E. Logan.

When the Roosevelt Republicans met tonight Richmond Pearson announced the receipt of the following message from Dr. Cyrus Thompson, "Impossible to make the race". On call of counties it was found a total of 662 votes present out of 1,078, based on Republican vote. This was more than a majority of delegates.

BLACK HAND AFTER JOHN D'S MONEY

STANDARD OIL MAGNATE HAS BEEN THREATENED BY MEMBERS OF THE SECRET SOCIETY

ROCKEFELLER WILL NOT SUBMIT

TARRYTOWN, N. Y., Sept. 4.—18 negroes, armed with revolvers and repeating rifles; five savage Great Dane dogs, three deputy sheriffs from Westchester county and six William J. Burns men are guarding the Pocantico Hills state of John D. Rockefeller as the result of threats, which, it is said, have been made by members of the Black Hand society on the lives of Mr. Rockefeller himself, his son, John D. Rockefeller, Jr., and his grandchildren.

Five hundred Italian laborers employed on the estate have for a long time been the prey of Black Hand society without reference. They have been forced to pay toll in unlimited amounts during the years they have been at work at Pocantico Hills. They have been forced to share their earnings with some of the greatest leaders the Black Hand has ever known. Long immune from operations, which in several cases have resulted in the killing of the victim, the society operatives evidently made up their minds that they could do almost anything without inciting Mr. Rockefeller or his son to action. In consequence the direct threats have been made on his own life, that of his son, and those of his grandchildren.

A large ransom, an unheard of figure in Black Hand dealings, has been demanded, with a penalty of death attached if it is not paid or if the police are called in, either to prevent their actions or prosecute them. The threats include advices that Mr. Rockefeller will be kidnapped and held for ransom, as will his son and his grandchildren, who are now ill with measles at the nurse at Pocantico Hills.

Frederick A. Briggs, superintendent of the estate, and a negro, Dunsen, who bosses the teamsters on the place, also have been threatened. John D. Rockefeller scarcely ventures forth on the estate in recent days unless he is accompanied by guards, who precede and follow him, standing at the four points of the compass whenever he stops. The residence is guarded night and day and the nurse looks like a prison with sentries pacing back and forth in front of and around it.

President Taft is Off With the Gout

WASHINGTON, Sept. 4.—Upon the advice of Major T. L. Rhoads, U. S. A., his personal aide and physician, President Taft took his bed for a few hours today.

It was said at the White House that the president needed rest, but that he suffered no illness other than his lame ankle. He expects to start back for Beverly tomorrow.

In addition to a sprained ankle and a sore foot President Taft is suffering from a slight attack of the gout. His comparatively long sledge of work this summer with little opportunity for usual exercise, is partly to blame for his condition.

Nimocks is Victorious Over McNeil

FAYETTEVILLE, Sept. 4.—legalized Democratic primary was held in Cumberland county today. Owing to length of the ballot, definite returns cannot be had tonight but it is generally conceded that the result is as follows: far state senate, Q. K. Nimocks over J. D. McNeil, 250 majority with 77 votes to come off for McNeills winning Hoke county two weeks since.

BLEASE WONT HAVE A PROBE

If any Fraud, Committed by Judges' Friends

SO SAYS GOVERNOR'S BROTHER

Democratic Committee Wants to Institute an Investigation Into Primary Frauds. Won't Do It

COLUMBIA, S. C., Sept. 4.—Eugene Blease, spokesman for his governor brother, bitterly fought a resolution introduced before the Democratic state executive committee today providing for a thorough investigation of all alleged irregularities in the recent primary in which Governor Blease defeated Judge Jones for the nomination for Governor.

What fraud there was, declared the spokesman, was committed by the Jones faction. Several county chairmen reported to the committee that numerous irregularities in the primary had been discovered and specific cases of alleged fraud were cited. The chairman of Governor Blease's home county announced he would not submit a report.

ADA, O., Sept. 5.—Rev. Aaron S. Watkins, the Prohibition candidate for vice president, was formally notified of his nomination at his home here today. A number of Prohibition leaders of national prominence were in attendance.

Local Building Loan Association Calls Attention in Charlotte

VALUABLE SUGGESTIONS SENT BY AN EXPERT

Charlotte, N. C. Sept. 4, 1912. Mr. D. J. Whichard, Greenville, N. C.

Dear Sir: I have noticed with great pleasure an item in The Charlotte Observer telling of the expiration of the first series of the Home Building and Loan Association of Greenville, the cancellation of mortgages and the payment in cash of the unencumbered stock. I note also your interest in this subject.

The building and loan system of acquiring the ownership of a house for installment payments, approximately equal in many cases, is most beneficial. It helps people to help themselves, but is a great savings institution. It takes the people in a city like Greenville independent in the matter of credit and puts them in position to accumulate property which would otherwise not be gotten together.

Farm Credits and Savings Association

The purpose of this letter is to suggest that the same principle be applied to credits and savings on the farm. The building and loan association is adapted to town and industrial life. This is done by making payments weekly or monthly, as the wages in the town or the factory move. In other words, the installment payments are made to be as nearly as possible coincident with the income or wages or salaries. In order to adapt the installment system of home purchase and savings to country life, all that would be necessary to do would be to make the payments four times a year, during the harvest season. In a cotton country the payments would be say one-quarter of November, one-quarter on the 1st of October, one-quarter on the 1st of December, and one-quarter the 1st of January. Thus, every time a man made a sale of part of his crop of cotton he would be in position to immediately make a payment to his farm credit and savings association.

Such an institution already exists in Germany under the name of "Land Loan Banks". An association of farmers could readily have their association borrow all the money that the members want and then loan it to the members. In each case of a loan a mortgage would be executed just the same as in the building and loan, then the farmer would com-

REBEL CONVICTS FORCED DOWN

Held Guards Terrorized For More Than an Hour

NOW AGAIN UNDER CAPTIVITY

Only Those That Evidence Any Willingness to Work are Allowed the Freedom They Ereviously Had

JACKSON, Mich., Sept. 4.—Although officials of Jackson prison declare they believe the presence of state troops thoroughly cowed the unruly convicts who figured in yesterday's riot, there was a feeling in prison circles today that almost anything was liable to happen within the next 48 hours.

Warden Simpson said he would no longer rely on a bull pen in which to house his so-called bad men, but intended to keep those who refused to behave themselves either locked in the cell rooms or handcuffed to the grating until they decided to be good.

The liberation of convicts who declared themselves ready to obey the prison's code of laws was expected to be the next important development. Adjutant General Roy C. Vandercook and five companies of militia were ready to see that none of the prisoners broke their promises.

Ever since yesterday's riot was quelled by the militia there has been a general feeling that one or more convicts nursing what the officials term fancied wrongs might suddenly try to seek revenge.

EX-INSPECTOR MAY AID ATT. WHITMAN

HELD SECRET CONFERENCE WITH DISTRICT ATTORNEY. TO WIN A COMPLETE PARADON, IT IS SAID

HAYS BEEN DISMISSED BY WALDO

NEW YORK, September 4.—Before leaving for Albany today to confer with Governor Dix relative to summoning another panel from which to select an extraordinary grand jury, District Attorney Whitman declined to say any thing about his conference of last night with Cornelius G. Hayes the removed police.

Hayes was likewise silent. It had been rumored for some time that Hayes would come over to the district attorney. His break with Commissioner Waldo, who accuses him of making a false statement in saying that Waldo had instructed him not to molest disorderly houses unless the raids were sanctioned by Waldo, brought about the inspector's demotion to the grade of captain, his removal from the Tenderloin to Staten Island and the preferring of charges on which he is to be tried.

In this situation it is said Hayes decided to go to Whitman and tell all that he knows of the so-called system.

As inspector on the police department he was familiar with its workings and if he so desires, it is said that he could give the district attorney valuable information to be used in the graft investigation. William J. Flynn, who resigned his secret service position to aid in the graft investigation here, began today his duties as special investigator for the aldermanic committee.

The committee will hold its first session on Monday with Mayor Gaynor as one of the first witnesses. Mr. Whitman left for Albany over the New York Central Railroad at 8:30 o'clock this morning and was due at the capital at 11:25 a. m.

Grant Request For New Panel Albany, N. Y., September 4.—Governor Dix today granted District Attorney Whitman's request from which to select the new special grand jury in the John Doe inquiry into the New York police department.

Two special grand juries cannot be drawn in one month and the investigation will now be delayed until October 1.

Ladies Roll "Big Bill" in the Windy City

CHICAGO, Sept. 4.—Cigar dealers in Chicago confirm the report from Kansas City that women are smoking cigars. E. C. Ingersoll, of the Stratford Hotel, said:

"Why, women have been smoking cigars in Chicago for a long time. I get so many orders from women for cigars that I could not tell you off-hand the exact amount. They don't ask for any light, small cigar, though. And I don't think they smoke it through a holder.

They usually smoke a brand that comes about two for a quarter. They select them just the same as men do, black, strong ones and light panatallas, according to their tastes.

At the Congress Hotel the sales to women have shown big increases. They sometimes say the cigars are for a husband or a brother, but we find men do not send their wives to buy their cigars," said a woman attendant.

Big Laymens Convention to Be Advertised

DURHAM, The publicity committee of the laymen's convention mapped out their plans for advertising the big laymen's convention which will be held here October 31 and November 1. They will have a press agent who will get the name of every pastor in this section and send out to them news about the convention. There will be a number of interesting features to this convention and it will be the only one in central Carolina this year.

VT. DEMOCRATS POLL BIG VOTE

Not Enough, However, to Elect a Governor

PREDICT DEMOCRAT PRESIDENT

Whilst the Democrats Polled Their Biggest Vote in Vermont, the Moosers Also Showed Up Well

WHITE RIVER JUNCTION, Vt., Sept. 4.—The close race between the three parties, Republican, Democratic and Progressive, in yesterday's election was emphasized today in the revision of returns of the vote for Governor.

Additional returns compiled and revised today from all but 14 small towns gave for Governor Allen M. Fletcher, Republican, 25,072; Harlan B. Howe, Democrat, 19,472; Rev. Frazer Metzger, Progressive 15,070; Clement F. Smith, Prohibition, 1,493; Fred W. Sutor, Socialist, 1,042

The failure of the Republican candidate for governor to obtain a majority for the first time in the history of the state in an election preceding a presidential election causes the tion of the state's executive to be made by the legislature. It is expected that the Republicans will have a substantial majority of the vote though there re nearly 81 towns yet to report on the vote for representatives. The strength of the Progressive vote was the feature of the election. The Democrats also increased their vote over two years ago. The falling off in the Republican vote was marked. Indications were that a great part of the defection went to the Progressive, although the Democrats also gained a few and a few of the Republican votes went to the Prohibition ticket.

Comparison of returns for five of the fourteen counties show that the Democrats carried Calendon county and the Republicans were successful in the Gand Isle, Orange, Washington, Lamoille counties. The result of the election is greatly encouraging to the Progressive party of the state.

Both Progressive and Democratic leaders professed to see in the result a good prospect to defeat the Republicans in the Presidential election in November in Vermont.

The fact that the Republican majority in Vermont has fallen below 25,000 is an indication, according to some political observers including Progressives and Democrats, of the defeat of the Republican national administration in November.

No Comment by Taft Washington, September 4.—President Taft arrived here from Beverly at 10:40 a. m. to formally open the International Congress of Applied Chemistry and welcome its delegates at a White House garden party. Mr. Taft expects to stay at the White House tonight and leave tomorrow morning for New York, New London, and Beverly. He declined to comment upon the election returns in Vermont.

Vermont Results Pleases Wilson Seagirt, N. J., Sept. 4.—"The fact that the Democrats more than held their own in Vermont, a Republican state and also made substantial gains mens business throughout the country," said Governor Woodrow Wilson, today, commenting on the election results in Vermont.

The governor said the big Democratic vote was very gratifying. It was difficult, however, he said, to analyze the results in Vermont on any comparative basis because the total vote was so much larger this year than two years ago, and it was hard to trace the sources of the gains.

At any rate, he said, the Vermont election indicated a heavy vote throughout the country in the coming election and he said he regarded it as significant that the Democrats had carried the cities throughout Vermont.

"One thing is sure," added the governor, "the Democrats did not lose any votes to the new party and the Republicans lost. The results are certainly encouraging."

Mrs. Lucy Mason and Mrs. W. B. Simmons, of Richmond, are visiting Mrs. T. A. Person.

Yours very truly, D. A. TOMPKINS.

**COLLEGE EMPLOYMENT BUREAUS**

There are many institutions of learning in this country that cannot boast of powerful athletic teams or colossal stadiums, colleges that are confined to, perhaps, three or four buildings, but there is not one that has not its student employment bureau. Some of these bureaus are run by the students, others are managed by the authorities, while at some colleges there is close co-operation with the local Y. M. C. A. employment committee. This is the case at Grinnell, where there majority of the students, male and female, are in moderate circumstances and about one-half of them are earning at least part of their expenses. The presence of female students at this college also makes available the employment bureau of the local Y. W. C. A. The bureau at Colorado College, maintained by the authorities, last year secured work for over 150 men. The bureau at Beloit, which is very thoroughly organized and keeps good records of its work has been able to find work for every one who has applied and some positions have been offered which could not be filled. This is an exceedingly good showing when it is taken into consideration that 73 per cent of Beloit students are earning part or all of their expenses in term time or during vacation.

**APPOINT CHALLENGING BOARD**

Recently The Reflector suggested that to conduct the primary properly there should be a challenging board or committee at every polling place for the purpose of challenging any persons not having the right to vote in a Democratic primary. One candidate refers to this suggestion as a thing unheard of. We still insist that it is the proper thing to do. It is known that at the primary held August 17th several Republicans voted. One poll holder has since told us that some whom he knew to be Republicans voted at the polling place where he officiated, but as no one was present to challenge them he did not feel that they should do so. The same thing will be repeated next Saturday unless there is a board or committee at the polling places to look after challenges. It is not a matter to be left to the poll holders, as it is their duty to pass upon the legality of a challenge after it is made. Let boards or committees be appointed.

**To The Democratic Voters of Pitt County**

Mr. W. F. Evans a few days ago published an article in The Reflector addressed "To the Democratic Voters of Pitt county," advocating an honest and fair primary and closed his address with this sentence, "Let us have a primary above suspicion and no counting of votes behind closed doors". He was then talking to Democrats and Democrats alone and his talk seemed very fair and plausible.

The very next day, Sept. 4th, I published an article in which I said I was not "cock sure" that Mr. Evans was sincere when he said he wanted a fair Democratic primary and that I was going to test his sincerity by proposing to him "that he and I shall sign and publish a letter to the poll holders at the Democratic primary, asking them to permit no one to vote in that primary but Democrats".

At the public speaking at Gardnersville Sept. 4th and in the presence of a large crowd I asked Mr. Evans to sign with me the following paper to wit:

"To the Poll Holders at the Democratic Primary:  
"We, A. L. Blow and W. F. Evans being candidates for the Democratic nomination for the Senate at the Democratic Primary to be held on Saturday, Sept. 7th, do declare and request:

"1st. That this is a Democratic Primary for the purpose of naming a Democratic candidate for the Senate. The man chosen is to bear the Democratic standard and to represent Democratic principles. It is therefore meet and proper that only those who vote with and work for the Democratic party and advocate and defend its principles, should be allowed to take part in the selection of the person who is to carry the flag of the party.

"2nd. We, therefore, earnestly request you to allow all Democrats to participate freely in this primary and that an honest record and return be made of their votes.

"3rd. That you positively decline to allow any one who is not a Democrat to take any part or vote in this Democratic Primary for any candidate."

Mr. Evans positively declined to sign this paper. There is but one reasonable conclusion to be drawn from this refusal and that is that he proposes to run in a lot of Republican votes in our Democratic primary.

It is not right for Republicans to take part in naming the Democratic candidates. Is it not certain that Republicans, if allowed to name the Democratic candidate, will, where they can, name a "near Republican" or the man they think they can beat. Is it not absurd to allow Republicans to take part in naming the Democratic candidate who is to run against their candidate? Shall we allow them to do it? I SAY NO! NO! A THOUSAND TIMES NO!

The Republicans themselves must know they ought to keep out the Democratic primaries. Their own sense of right and wrong ought to keep them out, but if they will not stay out then it becomes the duty of Democrats to refuse to allow them to vote, and I call upon the Democratic poll holders and all other Democrats to see that no Republican votes.

And now I appeal to Democrats in every section of the county to attend THEIR primary next Saturday and vote for the man of their choice. If I shall be their choice I shall be grateful for their support. I have been a hard working Democrat all my life. If I am chosen senator I shall stand for a pure Democracy and shall do all in my power to enact such laws as shall bring harmony, peace and prosperity to the people of Pitt. A wicked effort has been made to array the country people against the town people. This is all wrong and the man who does it is an enemy to both. The methods adopted by Mr. Evans to secure the nomination are vicious and bad. They do not tend to help the party or any class of the people. He has been the evangel of strife and I call upon right thinking, law abiding Democrats to go to the primary Saturday and repudiate his methods and rebuke him. It will be well for the party and for him that this shall be done.

*Alex. L. Blow*

**PRINCETON'S TRUCK FARM**

The latest enterprise of the Princeton Employment Bureau is the Truck Farm. About three acres near the campus are being put under cultivation by students. Vegetables will be raised for the use of the commons and the general market. The boys receive 25 cents an hour for an eight-hour day, which is the regular wage obtaining in the locality. During the summer months the workers will have an eight-hour day of it. About twenty-five students were enrolled for the past summer's work and they expected to put by at least \$6 a week toward expenses during term time.

The letter which Mr. D. A. Tompkins, of Charlotte, writes the editor, published in another column, is one that should be read by all persons interested in building and loan associations. Mr. Tompkins points out some lines for the extension of building and loan benefits that are indeed timely and worth consideration. He is a man of broad experience along industrial lines and what he says carries weight with it.

A second tour of Richmond boosters will come over into North Carolina about the middle of this month. Wonder if they will bring along another car load of whiskey in bottles to hand out, like they did last year. "Raleigh's water works" is the heading we see in an exchange. Water works in a good many other places too.

The large amount of money that will be paid out this season for tobacco and cotton ought to make good times for the farmers, provided they do not have to pay out the bulk of

it for meat, hay and corn, things that Pitt county should not import a pound of.

For once the Charlotte Observer has written it "South Carolina Greenville". Now folks know who you are talking about.

What is the matter that Pitt county is not showing up in the column of contributions to the Wilson campaign fund?

Trot out your other market that can sell tobacco at fifty cents a pound like Greenville did Wednesday.

The voters of Pitt county should do some good hard thinking when they go to the primary Saturday.

Some of the so-called funny pictures are only space fillers and not worth the space at that.

If the fly is responsible for the hookworm, you can swat the fly and kill a worm.

The Vermont election gives ample cause for Democratic enthusiasm and encouragement.

The Asheville Citizen and Raleigh Times must have taken umbrage at The Reflector being awarded the mendacity medal at the last Press convention, as they both went right home and whacked us off the exchange list. Beg pardon, boys.—Greenville Reflector.

Nope. Know you were entitled to the medal and glad you got it.

But hoping you will not deserve it next time we are more than ever anxious that you continue to read this guide to truth, knowing that if you do so you will become so enamored of the truth, brightly told that you will forsake the ways of the mendacious. Howsoever you got off the list doesn't mater now. The important thing is that you are going back on again. ## Mr. Evans to Mr. Blow

Mr. Editor: It is with some sense of amusement that I read Mr. Blow's article of yesterday, in which he says he wants me to sign an agreement asking "the poll-holders" to permit no one to vote in the primary but Democrats. I wonder if Mr. Blow is sea sick from the Republican votes that went to him in the last primary? or is he figuring some scheme to better use his machinery? If Mr. Blow desires to get back to the basic principle of fairness, why not first come under an agreement that each of us shall have equal division of the poll-holders who are to pass on who is a Republican? Instead of that, he has had and will have next time in a majority of the precincts, two and in most of the cases all the poll-holders favoring his candidacy. He is in splendid shape to offer terms to his opponent.

The Democratic plan of organization provides who shall vote, and I say let every man who desires to vote the Democratic ticket vote. The Democratic vote is already about 250 short of the last campaign, and certainly there are a lot of Republicans or Democrats staying away this year? Why all this cry this campaign? Does Mr. Blow realize that he is sinking, and desires to carry the Democratic party in the hole with him?

I do not propose to weld around the neck of any white man any iron ring with the Blow stamp on it, in order to keep him out of the Democratic party. Instead of closing the door of hope to the party's continued growth, had we better not open the back door and let out some of the so called Democrats who are responsible for the things that have threatened disaster to the Democratic standard?  
W. F. EVANS.

**Uncle Ezra Says**  
"It don't take more'n a gill uv effort to git folks in a peck of trouble" and a little neglect of constipation biliousness indigestion or other liver derangement will do the same. If ailing, take Dr. King's New Life Pills for quick results. Easy, safe, sure and only 25 cents at all druggists.

**The Men Who Succeed**  
as heads of large enterprises are men of great energy. Success, today, demands health. To all is to fail. It's utter folly for a man to endure a weak, run down half alive condition when Electric Bitters will put him on his feet in short order. "Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylvania, Ga. After years of suffering with rheumatism liver trouble, stomach disorders and deranged kidneys, I am again, thanks to Electric Bitters, sound and well." Try them. Only 50 cents at all druggists.

**Meet to Discuss Waterways**  
NEW LONDON, Conn., Sept. 5.—One of the most notable gatherings ever assembled in the history of this country in the interest of waterway development was called to order at the Hotel Griswold in this city today, when the Atlantic Deeper Waterways Association met for its fifth annual convention. The visitors, who represented all of the eastern states from Maine to Florida, were welcomed to Connecticut by Governor Baldwin. No session was held this afternoon, the time being devoted by the delegates to a trip to Fisher's Island and an inspection of the great fortifications at Fort Wright. President Taft is expected to come to New London tomorrow to deliver an address at the concluding session of the convention.
