## DEMOCRATS HAVE \$175,000 TO DATE

Fund Contributed by About 12,000 Persons

## GEN. CARR HAS GIVEN \$100

Up to Date Two \$10,000 and 5 \$5,000 Contributions Have Been Received by Treasurer Rolla Wells.

NEW YORK, Sept. 8.—Twelve thousand persons have contributed thus far to the Wilson and Marshall campaign fund. The fund at present totals \$175,000.

This was stated tonight at Democratic national headquarters, which at the same time made public a list of contributors containing, it was stated, the names of all who had contributed the sum of \$100 or more to the fund.

W. G. McAdoo the acting chairman of the Democratic national committee declared 'a political standard, had been set by this city.

"The American people," he said, "will never elect another President without knowing the sources from which financial support is drawn.

Rolla Wells, treasurer of the committee, declared that while the sum received was encouraging, it was "totally inadequate," to conduct the campaign properly, but he believed that contributions would continue.

The largest contributions made thus far was by Henry Morgenthau, chairman of national executive committee; F. C. Penfield, a wealthy Democrat of Germantown, Penn., and Geny Goldman, a New York banker. Each gave \$10,000.

Five \$5,000 contributors were received. The givers were Charles R. Crane, of Chicago, who is vice-president of national finance committee; Rolla Wells, former Mayor of St. Louis, the national treasurer; Cleveland H. Dodge and Jacob H. Schiff, New York bankers, and Hugh C. Wallace of Tacoma, national committeeman from Washington.

Among other large contributors are James B. Regan, D. W. Hyman and Jacob Wertheim \$2,500 each, J. D. Phelan, former mayor of San Francisco, \$2,000; Wm. J. Bryan, Norman E. Mack, of Buffalo, New York, national committeeman, John B. Stanchfield of New York, former Democratic candidate for Governor of New York and Perry Belmont, \$1,000 each.

The list includes: W. B. Oliver, of Baltimore, J. S. Armstrong, Baltimore and C. A. Culbertson, Washington, \$400 each. Senator Leroy Percy, E. R. McCalmont, W. Roslin, A. Brydowski, Arthur S. Brown, Senator C. S. Swanson, all of Washington, A. S. Miles, Baltimore, \$100 each; Percy, Jesse and Herbert Strauss, of Clarksburg, W. Va., \$500; Wm. L. Cranberry, Nashville, James G. Gray, Atlanta, 250; Carl Mendel, Savannah, J. S. Carr, Durham, N. C., V. T. Hardie, New Orleans, \$100 each.

## IS SIMMONS A PROGRESSIVE?

Let W. J. Bryan's Commoner Answer  
The Commoner does not take part in contests between Democrats excepting where a principle is involved. In North Carolina where Senator Simmons is a candidate for re-election, a principle is involved. He is not a progressive and it is a mystery to the outside world why a state like North Carolina has tolerated him so long.—The Commoner, August 30.

## MEXICAN WAR SEEMS IMMINENT

Mexican Rebel Leader, Zapata, Promises Reprisals For American Interference

## PRES. TAFT MAY SEND MORE TROOPS

WASHINGTON, Sept. 8.—Intervention of Mexico and the possibility of President Taft calling a special session of Congress to determine whether American troops should be sent across the line were widely discussed today by public men and in diplomatic circles.

It is known that the government has been pressed on many sides to take such a step and various accounts of what influences were being brought to bear and are related among those interested on both sides of the question.

President Taft and the state department, however, are holding to the principle that no such action should be taken without authorization of Congress. That American soldiers have been sent into China without authorization of Congress is held to be a precedent for sending troops to Mexico. In China, American missionaries were besieged and in danger of torture and death. In Nicaragua the rebels had shelled the American legation and endangering the lives of American citizens by bombarding an unfortified city in violation of the rules of international law. No such situation has been reported in Mexico.

Juan Didapp, who claims to represent the revolutionary factions here, today published a statement to the effect that Zapata, leader of rebel bands in the state of Morelos, threatened "measures of reprisal" if the United States were to intervene, "on the ground that it would be impossible for commanding officers to restrain soldiers from doing acts never done before."

Representatives of the Madero government declare there are no Americans in Morelos to suffer from Zapata's bands and that the relation of Zapata's forces to the City of Mexico is the same as would be the relation of Washington to marauding bands in North Carolina.

The news that President Taft considers the situation as a grave one and has given thought to the expediency of putting it up to Congress is expected to bring out the usual crop of reports of troops under orders to move and plans completed by the general staff of the army campaigning in Mexico.

**Busy Week for Johnson**  
CHICAGO, Ill., Sept. 9.—With an exceedingly busy week, Governor Hiram W. Johnson of California, the vice presidential candidate on the Progressive ticket, left Chicago today for a two day's swing through the northern half of Illinois. After leaving this state Governor Johnson will begin his Northwest itinerary. If his present plans are carried out he will be heard in Wisconsin, Minnesota, South Dakota and Iowa before the end of the week.

DUPREE, S. D., Sept. 9.—The second annual fair to the Sioux Indians of the Cheyenne and Standing Rock reservations at Virgin Creek was opened here today in the presence of thousands of spectators from all parts of the state. The display of farm products raised by the Indians is very creditable and of considerable interest to the visiting farmers. ## Well Known Citizen Dead in Spencer

SPENCER, Sept. 8.—J. L. King, aged 35 years, of Richmond, was found dead in his room in a Spencer lodging house shortly after midnight this morning. His dead body lay across that of S. M. Jones, a room mate who was awakened by the weight of the corpse. Heart failure is assigned as the cause of the death and an inquest was held. The body was turned over to an undertaker and prepared for burial and shipped to the city of Richmond. King had been in Spencer only a month, and was employed by the Southern Railway, and is said to leave a wife and several children.

## WOODROW WILSON IN SIDE CAMPAIGN

Comes Out Against Former N. J. Senator

## "NO MORE MACHINE RULE"

The Democratic Party Program Was Once Shattered by Smith. Must Not Do It Again

SEA GIRT, N. J., Sept. 8.—Governor Woodrow Wilson, Democratic Presidential nominee, today declared war on James Smith, Jr., a Democratic candidate for United States senator from New Jersey, an office which he held during President Cleveland's administration.

Governor Wilson expressed himself in a statement addressed to the voters of New Jersey, issued tonight. He pointed out that the return of Mr. Smith to power would mean a restoration of machine rule.

Two years ago Governor Wilson opposed Mr. Smith's candidacy for United States senator but on the issue that James E. Martine was the legal choice of the Democratic primaries. The governor was sustained by the legislature. Today the governor went a step farther in his opposition to Mr. Smith by charging him with utterly defeating the program of the Democratic party once before when the tariff issue was preeminent.

The governor's statement follows: "Mr. Smith has, of course, a perfect right to offer himself at the primaries as a candidate for the Democratic nomination for senator of the United States. He is acting frankly and in the spirit of the new law and if he is preferred at the primaries, it will be the duty of every Democratic member of the next legislature to vote for him when a senator is chosen. But I feel that I ought to speak very frankly about the significance of his candidacy.

"It is not only my privilege as a citizen but my duty as the leader of my party to point out just what is involved in the matter for the Democratic party in this state and for the party in the nation.

"Mr. Smith's selection as the Democratic candidate for the senate would be the most fatal step backward that the Democrats of the state could possibly take. It would mean his restoration to political leadership in New Jersey, the moment my services as governor ended and with his restoration, a return to the machine rule which so long kept every active Democrat in the state in subordination to him and prevented every Progressive program conceived in the interest of the people from being put into effect. I speak with knowledge in this matter because at every turn of my administration, since I became governor I have found his hand against the new plans of the party—his influence working steadily but covertly against everything that has substituted hope and pride for discouragement and shame in the politics of New Jersey during the 20 months during which I have been permitted to serve the people of the state.

"It is of particularly sinister import that Mr. Smith should seek to return to the senate of the United States at this time. He was sent to the senate once before when the tariff had been the chief issue of the national campaign and when the Democrats had, for once, to relieve the people of intolerable burdens and the industry of the trammels which bound it like a straight-jacket. If the tariff could have been wisely re-

## MARATHON IN TOBACCO TOWN

Buyer and Cart-Driver Hotfoot it on Sand Clay  
The lovers of sport, that were not in the neighborhood of Haywood Dall's warehouse, missed the chance of their lives to witness a modified marathon Saturday morning.

The race was for the supremacy of the "Hot-Foot" medal and the runners represented the black and white races. It is not known who discovered the latest White Hope, but it was ascertained from the result of the contest that the "nigger" is entitled to the medal.

The contestants began their rapid career from Haywood Dall's warehouse and the White Hope, running a rear race from the start, was forced to give up when near the American Tobacco Company's factory. Perhaps the handicap of a large piece of timber he carried tightly clasped in his right hand was too much for him. However, when seen later the vanquished "Hope" had no excuse to make for his defeat, although he promised to get the best of the "nigger" at the very first opportunity.

The winner was uncomonly slow in coming back to the point from where the race started and where his dray awaited him. Furthermore, when he did come back he was ballasted with several rocks, bricks, empty bottles, timber and a flow of language which made the air turn blue around him. And, here comes the inconsistency of things material: although a winner in the modified marathon that "nigger" was given his papers.

## Enfield Man Loses \$10,000 in Notes

SCOTLAND NECK, Sept. 8.—T. Lee Whitaker was here Saturday from Enfield and while here lost several very valuable papers worth more than \$10,000. Fortunately a little boy picked up the package on the streets and going in the store of J. W. Allbrook dropped one of the papers, a note for \$9,000. Mr. Allbrook happened to notice it and picked it up. He immediately tried to find Mr. Whitaker, but he had left town returning to Enfield. After going several miles on his journey, Mr. Whitaker missed his papers and immediately began a search for them, returning to Scotland Neck. Meantime Mr. Allbrook looked up the little boy and recovered the papers.

## Cotton Manufacturers Meet

NEW LONDON, Conn., Sept. 9.—Cotton manufacturers from all parts of the country are in attendance at the ninety-third annual meeting of the National Association of Cotton Manufacturers which opened today for a three day session at "The Griswold", Aastern Point, near this city. At the opening session the members were welcomed by Governor Simeon L. Baldwin and President Edwin Farham Greene delivered his annual address. Later the governor held a reception in honor of the visiting members. Many important subjects will come up for discussion during the three days of the meeting, among them questions concerning the conduct of textile mills, tariff relations to the industry, the workmen's compensation laws of the country, mechanical equipments, cotton growing and many matters of a purely technical nature.

I wish to extend to my friends throughout the county my sincere thanks for their loyal support in the primary last Saturday.

## Tobacco Market Humming to the Tune of High Averages

## FRIDAY'S SALE MAKES STILL ANOTHER RECORD

Not since the first leaf of tobacco was sold in Greenville a good many years ago, has there been as much tobacco in town in one day as there was here last Friday. The congestion was made evident by the first blocked sale of the season, when after a strenuous day of selling two warehouses had to be "finished" and one entirely sold out on Saturday morning.

Prices kept up throughout the tremendous rush and warehouses made some record averages. Altogether there were 408,629 pounds here Friday, one warehouse alone, the New

## GORMAN & GENTRY'S BULLETIN

The market sold over four hundred thousand pounds Friday. Prices held firm, in fact the tobacco with character and quality sold higher than any time this season.

Our house had more pounds than ever sold on one flour in a single day: one hundred sixteen thousand, four hundred and seventy (116470) making an average of 16.30 for whole sale. We look for good sales all this week and advise our friends to pay attention to this order: as with such large sales, soft tobacco is bound to show a weakening; since it heats through packed on baskets or in hdds. and will not bear laying still.

**THE NATIONAL TICKET**

**LATENT POWERS OF THE SCHOOLS**

Last October the Social Center Association of America was organized at a national convention held at Madison under the auspices of the University of Wisconsin. Governor Wilson was the principal national figure on that occasion.

On the 23rd of next October the second annual convention of the association is appointed to be held at the University of Kansas, with a special rally at the great convention hall in Kansas City, Missouri.

This movement is trying to help the American people to realize greater dividends on its enormous investment in public schools.

Its leaders insist that the public school system of the U. S. is the nation's partnership incorporation of the arts and sciences—its inheritance of all the powers of the mind, derived from many ages of history in many lands. These powers of the mind consist of all the inventions and discoveries of the past, all the good ways down to our time and country from doing things that have been handed the world at large and from the generations that are gone.

Most of the wealth of the United States has been produced through the application of this heritage of common knowledge to the bare lands of this continent.

The land has, for the most part, passed out of the immediate control of the commonwealth. But the vast, inexhaustible powers of knowledge are still a part of the public domain. This domain is ruled over by the public school house. It seems to be the mission of the Social Center Association of America to awaken the people to a fuller knowledge of these latent powers.

**RAISE FOOD SUPPLIES AT HOME.**

Maj. W. A. Graham, commissioner of agriculture, in a recent statement says that during the year, 1911 \$30,000,000 was sent out of North Carolina to pay for hay, corn and meat, things that could be raised at home for which not a dollar should leave the state. While this amount is large, it is \$20,000,000 less than for the year 1910, which shows that the farmers have made considerable improvement towards raising their supplies at home. Interest in increasing production of corn accounts large-

ly for this improvement and the farmers should continue their efforts in this direction until the drain on their cash to buy food supplies elsewhere is entirely cut off. All the wheat, corn, meat and hay needed in North Carolina can be raised in the state if the farmers determine that it shall be done.

When a nominating convention is held, the office seeks the man, but in the primary the man seeks the office. By the latter method it frequently happens that the best men are put in office. Under the present plan of holding voting primaries to make nominations, it is only the office seeker who announces himself as a candidate. Such a method of selecting officers is a farce and is not conductive to the best government.

Of course the farmers want to sell their tobacco when the price is good, at the same time they should be careful not to overcrowd the market. If they hold back and sell slower it is not going to make prices any lower, but may have a tendency to make them even better.

Work going on erecting one hundred thousand dollars worth of buildings at the same time is not bad for a town Greenville's size.

The old saying "Politics makes strange bed fellows" was never more applicable than in the present campaign.

Uncle Sam has come out flat and told Mexico that American citizens in that country must be protected.

Those who got left can charge it up to the fact that the other fellows got the most votes.

You hear everybody who comes this way say Greenville is the busiest town they strike.

There are a few more added to the "has been".

Edward W. Pou, who represents the fourth district of North Carolina in the national house of representatives was born in Tuskegee, Alabama, Sept. 9, 1863. From 1890 to 1898 he was solicitor of the fourth judicial district of North Carolina. While serving his third term as solicitor, he was elected to Congress on the Democratic ticket. None of the men now enjoying the eight-hour day received any reduction in wages. Some received an increase. The rates run from \$3.75 a day to machine tenders and beater engineers to 51.75 to fourth hands.

**SOME STAR CATCHERS**

**National League Men Have Nothing on Americans.**

Thomas and Lapp Did Not Suffer by Comparison With John Kling in World's Championship Series Played Two Years Ago.

For the last few years National League critics have boasted of their catchers and declared that the American league had nothing in the backstopping line to compare with Kling, Archer, Dooin, Bresnahan, Gibson and others of almost equal ability. Last year they added Chief Meyers, of the Giants, to their list of National League stars and declared the American League could not show the Indian's peer.

Perhaps they were right. Certainly Kling showed up the Detroit catchers during the world's series of 1907 and 1908, while Gibson most assuredly had it on the Tiger receivers during the battles in the fall of 1909. It was presumably the superiority shown by the National Leaguers in those three sets that caused their partisans to declare the younger circuit was weak behind the bat.

Ira Thomas and Jack Lapp, however, did not suffer by comparison with Johnny Kling in 1910, while the same pair held their own with Chief Meyers last fall. Now the American League is developing a bunch of young receivers who bid fair to compare favorably with the best in the National League before many more seasons pass by.

Jack Lapp, because of his three years in the American League, can now be considered a near veteran. He is also approaching the ranks of star-

Johnny Kling.

dom. But he is not the only one. What about Jimmy Block, who has caught many games for the White Sox this season and capably handled the deliveries of Walsh, Benz, Lange, Scott and Mogridge and batted close up to .350 at the same time?

George Stovall has installed as his chief catcher Paul Krichell, who is a graduate of the International League. This youngster is the owner of a good whip and a keen batting eye. Washington has a pair of youngsters who would bring a good round sum if placed on the market—Eddie Ainsmith and John Henry. Ted Easterly is not a youngster, but he is entering upon his second career as a backstop and has more than fulfilled expectations by jumping into the limelight as Cleveland's premier receiver. Young Steve O'Neill is another Cleveland catcher who will bear watching. Other young

catchers who are showing that they measure up to big league requirements are Nunamaker, of the Boston Red Sox, and Onslow, of the Tigers.

Grimshaw All in.

Myron Grimshaw, with the Louisville Colonels last year, but who was scheduled to join the Indians June 1, will not report. In a letter to President Sol Meyer the veteran stated that he was not in condition to play ball. He offered to report and give the Indians his best service, but the tone of his letter indicated that he is about all in as a diamond performer. President Meyer wired him not to come and lines have now been cast for another outfielder.

Purtell in the Field.

With Janyrin back in the infield at Jersey City, Billy Purtell has been shifted to the outfield, which would indicate that Bill's arm is all right again. It is only the lame arm that caused Boston to let him go.

### Stands on Record.

"The attempt to attack Gov. Wilson because of certain statements which he made in writing history and in commenting upon events of history as they appeared to him as historian, will fail signally. As one great metropolitan newspaper pointed out, Mr. Rodenberg and his kind are simply 'Blowing against the wind.' Governor Wilson is running for President on his record as a public man, and with that record the public is fairly well conversant, and it will continue to learn more as the campaign progresses.

"He is running for President on his record as governor of New Jersey, what he said and did in that capacity rather than what he wrote as a historian, chronicling events and commenting upon them as they appeared to an impartial observer whose duty it is to write of things as they are rather than as they should be or as he would have them.

"Our republican brethren are entitled to all the thunder they can make out of Governor Wilson's writings. I hope they will read them carefully and thoroughly. They will be able to gain a great deal of valuable information and when the context is read along with the excerpts which have been taken from his works for the purpose of placing him in a false light, I have no fear as to the results. All that is needed is a thorough understanding.

"Ingersoll sought to disprove Bible truths and to assail Holy Writ by the same methods which the republicans are seeking to assail Gov. Wilson."
