EDWARDS DENIES GIRL'S GILT

Her His Losing Letter Really Accidental

PRISONERS HEAVILY GUARDED

Sidna Allen and Wesley Edwards Taken to Cincinnati Yesterday On The Way to Virginia

CINCINNATI, O., Sept. 15.—Handcuffed, guarded by three stalwart detectives and accompanied by the girl who unconsciously gave the police the clue to his hiding place, Sidna Allen and his nephew, Wesley Edwards, who took part in shooting up a court at Hillsville, Va., on March 14 last and who were arrested yesterday, arrived on their way back to the scene of the crime. The trip proved uneventful, Chief of Detectives Baldwin stating that the prisoners were ideal in behaviour and in far from a dejected frame of mind. With the exception of Miss Maude Iroler, whose love for Wesley Edwards led the detectives to his hiding place, the entire party apparently relished their food and even the exchanging of jokes was not infrequent on the trip.

The younger of the two prisoners as well as the girl herself were solicitous in having a rumor denied that she had deliberately betrayed her sweetheart, Wesley Edwards. Detective Baldwin corroborated their statements and told the story of the events leading up to the capture to prove that the girl was no traitor to her lover. He said that when Edwards left Mount Airy, N. C., the girl's home he had left \$50 with her to be used to join him when he was safely secreted. The money was stolen and then replaced and in this manner Miss Iroler's father learned of it. Detective Baldwin stated that he had two of his men working on the Iroler farm and in this way learned of a correspondence between the girl and Edwards.

"The remainder is easy," said Baldwin. "We watched her. When she left, these two men, Lucas and Monday, followed her and I was right behind them on the next train. You know the story of the arrests and that is all there is to it."

The party left for Roanoke, Va., at 8 o'clock tonight over the Norfolk and Western railroad, expecting to arrive there tomorrow at noon.

With the exception of desiring to correct the statement concerning Miss Iroler, neither Edwards nor Allen would talk tonight, confining their conversation to: "It's too warm to talk."

Christian Church Convention

CLARKSVILLE, Tenn., Sept. 16.—Several hundred delegates and visitors are attending the annual convention of the Disciples of Christ of Tennessee, which was opened here today with devotional services led by Gilbert H. Easley of Knoxville. The convention will continue until Thursday night.

Kansas Fair Opens at Hutchinson

HUTCHINSON, Kas., Sept. 16.—The annual Kansas State Fair opened today under most favorable auspices and with flattering prospects for a successful week. The live stock and agricultural exhibits are the big features of the fair.

Tobacco Town Coming Back to Its Own

SUNDAY NIGHT A BUSY ONE FOR THE FARMERS WHEELING WEED TO MARKET.

After the lull of Friday, the Greenville Tobacco market came back into its own this morning, when sales were opened with a big break. Probably 350,000 pounds of tobacco were brought to Greenville last night and this morning.

Gorman & Gentry and the Center Brick had first sales and by the looks of their floors it seemed that it would be well after dinner that the second sales people, Liberty and New Gum would begin their inning. Although the Star had a considerable amount of tobacco on its floor it is question-

BAD FEELING RESULTS IN DUEL

LENOIR COUNTY FARMER AND HIS SON ENGAGE IN DUEL WITH DOC WALLACE AND HIS SON

BEN AND GUY FALKNER WOUNDED

KINSTON, Sept. 14.—As a result of a roadside duel on the Grifton turnpike at night, Ben Faulkner was painfully, though not fatally shot, his son Guy slightly wounded and Doc Wallace and his son Ed, arrested for the shooting. The elder Faulkner is said to be on the road to recovery while the boy's wounds were insignificant. At a hearing for bond both Wallaces were released on \$1,000 bail by a justice. The affair was the result of bad feeling of long standing. The Wallaces and the Faulkners are neighbors and live three or four miles from here. The Faulkners and Doc Wallace were going home at the same time and Ben Faulkner called at Wallace continually during the trip. It is said that Faulkner was drinking. Wallace turned into his yard and the elder Faulkner called him out from the house with the threat to have it out with him then and there. Wallace came out, bringing a gun and followed by his son, Ed. From his buggy in which he was riding, Ben Faulkner opened fire with a revolver and this was returned by Wallace with the shotgun. A fusillade followed and Faulkner received a charge of shot in his head and neck and the horse which he was driving was hit in the head while the back of the vehicle was filled with lead. Young Faulkner was struck by scattering shot in the back. His father not firing fast enough to suit him, Ed, Wallace took the gun from the old man's hands and continued the hostilities himself. Neither were hurt.

When Dreams Come True—His Mill Burned As He Slept

SCOTLAND NECK, Sept. 14.—John R. Askew lost his large saw mill at the 81-mile siding on the Norfolk and Carolina railroad several miles from Scotland Neck, early Thursday morning. Mr. Askew says his loss is about \$2,000, besides \$500 or \$600 worth of lumber that was on the yard and he carried no insurance. The fire was discovered about 4 o'clock in the morning and is supposed to have originated from the boilerroom as there was no fire about the plant the day before, save in this room.

A peculiar thing about the fire, Mr. Askew says, was that about 12 o'clock the night of the fire he awoke after having a dream that his mill was on fire and got up and went out in his yard and looked in the direction of his mill to see if he could see any sign of fire. He says the dream weighed on his mind so much that he could not sleep any more during the night. When he left his home in Scotland Neck early in the morning it was with grave fear that he would find his dream true and upon reaching his mill he was not surprised to find it in ashes.

J. B. SNEAD, TEXAS BANKER, KILLS BOYCE

LATTER HAD ELOPED WITH HIS WIFE TO CANADA LAST FALL. HAD ALSO KILLED BOY'S FATHER

SNEAD HEAVILY ARMED AT TIME

AMERILLO, Tex., Sept. 14.—Al G. Boyce, Jr., was shot and killed this afternoon by J. B. Snead, with whose wife Boyce eloped to Canada last fall. Snead is shortly to stand trial for the murder of Boyce's father, shot at Fort Worth January 13, as a result of ill feeling over the elopement of the son whom Snead shot today. The preface of Snead in this city was not known until after the shooting. Boyce returned only recently.

The shooting occurred within a block of the business quarter on the principal street. Shortly after the shooting Snead surrendered to the police, giving up an automatic shotgun and two automatic revolvers.

Bystanders hearing the first shot, turned to see a man apparently a tramp, with a heavy growth of beard and wearing overalls, advancing to the center of the street, firing on his victim with a shotgun.

Official and Directors of New Bank of Stokes Chosen Saturday

STOKES, Sept. 16.—The Planters Bank of Stokes, N. C., with paid capital stock of \$5000.00 was organized here on Saturday at a large and enthusiastic gathering of the business men and farmers of this community.

The stockholders number more than fifty and almost the entire number were present at the organization.

The following officers and directors were elected:

- Dr. Thos. G. Basnight, of Greenville, president.
- W. G. Stokes, vice president.
- J. W. Bailey, cashier.
- Directors: W. K. Woolard, J. L. Perkins, R. O. Congleton, D. S. Rollins, C. G. Little, L. S. Barnhill, S. J. Everett, Dr. T. G. Basnight, C. S. Carr, A. B. Congleton, D. N. Nobles, L. R. Whichard.

The territory surrounding Stokes and Whichards is one of the most favored sections of Eastern N. C. Its soil is productive, and it's people are thrifty and substantial. The bank begins business at once, with good prospects of success, and service to the community.

Five Cars Burned to Cinder in Charlotte Garage, \$7500 Loss

CHARLOTTE, Sept. 14.—Fire which originated from an explosion this afternoon destroyed five autos and practically demolished another machine in the garage of the Mecklenburg Auto company, of which George A. Howell is the principal stockholder and manager. Mr. Howell estimates the loss at \$7,500, most of which is offset by insurance. A workman was draining a gasoline tank of one of the cars and held his torch stick too near and the explosion followed. The entire interior of the garage was immediately in flames. Effective work of the fire department reduced the loss to a fraction of what first appeared to be a certain.

To Fight White Pine Rust

WASHINGTON, D. C., Sept. 16.—Hearings were commenced at the Department of Agriculture today with a view to determining the best course to be pursued to prevent the importation of the white pine blister blight into this country. The rust is a fungous disease that is now ravaging pine trees in practically all of Europe. To prevent the introduction of the rust into the United States it is probable a sweeping quarantine will be declared against European countries as to the importation of the various species of pines liable to introduce the blight.

BIG CROWD HEARS JUDGE CLARK

Senatorial Candidate Makes Fine Speech

"INTERESTS DONT WANT ME"

Chief Justice Walter Clark Well Received by a Large and Enthusiastic Clark Audience Here

At scheduled time, Chief Justice Clark, who has been a visitor in Greenville since last night, made his address in the court house.

A great crowd of Clark enthusiasts and some supporters of the other candidates gathered to hear the Chief Justice's speech in favor of his own candidacy for the United States senate.

Mr. A. A. Forbes was introduced by Mr. D. M. Clark and after a few words in which he cleverly recovered from a slip presented the speaker to the audience.

Owing to a slight cold, Justice Clark's voice was rather harsh and low at the beginning of his speech, but improved as he went on.

Judge Clark did not assail any of his competitors for the Senatorial seat, but referred to their records in as much as he considered these records as public property. In speaking of these records, it might be just as well to say that whilst Chief Justice Clark devoted some time to Simmons, and his dealings with one Lorrimer, since moved from the senate, he could not say much for the governor, for although Mr. Kitchin had been in the public eye for twelve years he had done "not a thing".

Judge Clark's anecdote to illustrate Simmons standing "off" the platform was well received by the intelligent audience.

We would like to give more details of this, the second senatorial speaking in our court house, but the hour in which Judge Clark began his speech made it impossible for us to expand ourselves and do his fine speech, the justice we would like to, had we the time.

Trinity College Has A Record Breaking Registration This Year

TRINITY COLLEGE, Sept. 15.—Up to date 400 students have registered at Trinity college for the coming year, and a number of others are looked for before the end of the month. Of this number 178 are new men, and all but six are members of the freshman class. The first week's registration at the Trinity Park School shows that there are 138 students there, and this number is considered very fine for this time of the year, for as a rule, many of the students enter the school later in the year. This makes a total of 543 new students on the campus for this year.

The college office has a number of inquiries from students who have signified their intention of entering the college sometime within the next few weeks. They have requests for application blanks from prospective students in South Carolina, and it is believed that by the end of the month, this total number will be considerably increased, although the college authorities are very much pleased with the prospects for the coming year. It is known that some of the old students who worked during the summer and have not yet begun their work this year, are expected soon.

The incoming class is fully as large as was expected, and every room in the dormitories is filled, and all the rooms in the inn, which will house many more students than the dormitories, has two beds, 147 in all. The failure to get the Jarvis Dormitory completed by the beginning of the school year, has caused a congestion in dormitory rooms. The building is constructed in sections, and the contractors have the north section about completed, except another coat of paint. It will take a month or more to get the other section of the building completed.

Detectives Go Fishing Saturday Make Biggest Catch in Police History

"LEFTY LOUI", "GYP THE BLOOD", SIDNA ALLEN AND WESLEY EDWARDS CAPTURED AFTER MANY WEEKS OF CONSTANT WORK BY "GUM SHOE" MEN. IN BOTH ARRESTS CLUES ARE FURNISHED BY WOMEN. MURDERERS MAKE NO ATTEMPT AT RESISTANCE WHEN THEY FACE DETECTIVES' GUNS. DES MOINES, IOWA, AND BROOKLYN, N. Y., ARE PLACES OF CAPTURE.

Arrest of Allen and Edwards Will Cause A Continuance of Wytheville Trial

ROSENTHAL MURDERERS COMPLETE NOW IN THE HANDS OF DISTRICT ATTORNEY

NEW YORK, Sept. 15.—The capture of "Lefty Loui" and "Gyp the Blood" was effected this morning by Deputy Commissioner Dougherty and a squad of detectives in one of the Brooklyn sections. Constant work by the detectives assigned to the case was rewarded by several clues which finally led to their arrest as they were sitting at tea in their flat with their wives.

Up to a few days ago the two criminals had been entirely in seclusion, not even allowing their wives to join them. The rumor, probably spread by the detective department, that they were thought to be somewhere out west, prompted them to get in communication with their wives and through them the detectives were led to their present abode.

When Dougherty and his men burst into them, they were all sitting at table. Revolvers in hand the detectives commanded them to throw up their hands. The men made no attempt to resist and readily complied with the demand. They asked for a little time in which to complete their toilets before following the detectives. This was granted. Their wives made a scene before Lefty and Gyp were taken to police headquarters, hanging to their husbands neck and crying.

With the capture of Lefty Loui and Gyp the Blood, District Attorney Whitman will be able to prosecute when the case opens next month, with all men indicted for the murder of the gambler, Herman Rosenthal.

It is now thought that the rumors that Lefty Loui and Gyp were somewhere in the west was purposely started by the detective force, in order to make the men show themselves. Evidently the plan worked, even if many days elapsed since the killing of Rosenthal. In headquarters, the capture of the two criminals, is considered as one of the finest pieces of detective work ever pulled off in New York.

Whitman was out of town when the capture was effected. He had gone to Hot Springs to examine parties who had been thrown into the company of Sam Schepps, the alleged paymaster of the murder gang. He was wired immediately by one of his assistants and his presence back in New York is expected any time, when he will probably confer with Rosenthal and Horowitz, as it is expected that the two will seek to earn immunity by telling all they know about the dealings between Becker, the indicted police captain and the gamblers.

DES MOINES, Iowa, Sept. 14.—As was the case in the capture of Lefty Loui and Gyp the Blood, the clue that led to the capture of Sidna Allen, the leader of the gang which "shot up" the Hillsville court and Wesley Edwards, another of the indicted murderers, was innocently furnished by a woman. Wesley Edwards was engaged to marry a Miss Maude Iroler, of Mount Airy, N. C., and had kept up a correspondence with her since the Hillsville tragedy. About a month ago Edwards paid the Iroler girl a visit in her Virginia home and later wrote her a letter which she lost and detectives from Roanoke working the case, picked up and finally led them to the indicted men.

According to reports the letter told of a plan which the young lady was to follow in order to reach Wesley, and become his wife. The detectives accidentally put in possession of the letter, shadowed the girl and followed her, taking the same train to Des Moines, Iowa. In that city they still followed her and finally entered the house which she had entered. This proved to be the place where Wesley

Edwards who was working as a carpenter in Des Moines, boarded.

The detectives recognized their man at once and demanded his arrest. Edwards made no attempt to resist and was handcuffed. The detectives took him to police headquarters and asked for the assistance of the local detective force to hunt down Edwards's companion. In a very short time Sidna Allen was located working in a paving gang for a local contractor. His submission to the detectives was as quiet as that of Edwards. Both men were lodged in the Des Moines station awaiting the arrival of a sheriff to take the prisoners to Wytheville where they will stand trial for their connection with the shooting up of the Hillsville court.

The trial of the Allens in Wytheville had come to an end last Friday, when Victor, the youngest member of the gang, had been found not guilty by a jury that had stayed out about thirty minutes. The capture of the two remaining clansmen will keep the wheels of justice grinding a few more days in Wytheville, when the Allen trial, for one of the most famous cases ever recorded will come to an end.

Committee to Look After and Suppress Hazing at Wake Forest

WAKE FOREST, N. C., Sept. 12.—Senate Committee from the student body was elected a few days ago. The business of this committee is to look after and suppress hazing. The following men were elected: Chairman, Henry B. Conrad, E. A. Daniels, E. P. Stilwell, O. L. Stringfield, R. A. March, B. F. McCloud, Geo. Pennal, Henry Jones and O. W. Sawe.

The junior class met a few days ago and elected the following officers:

- President, R. B. Green.
 - Vice president, O. W. Yates.
 - Secretary, C. W. Mitchell.
 - Treasurer, C. J. Carpenter.
 - Prophet, C. H. Johnson.
 - Poet, W. J. Conrad.
 - Historian, T. Hippe.
- On yesterday the sophomores met and elected the following officers for this year:
- President, Jeter McCurry.
 - Vice President, L. B. Horne.
 - Secretary, W. H. Jenkins.
 - Prophet, J. L. Camp.
 - Poet, W. J. Appleton.
 - Historian, C. E. Chambliss.

Coach Thompson arrived on the hill Monday. He is now getting the men in working condition. The old men back who worked under Coach Thompson last year are: Carter, center; Williams, guard; Britton, guard; Holding, tackle; Faucette, half-back. There are some other old men of the team of last year who will return in a few days, among these are Uttley, Billings and Bunn. Coach has made no statements about the prospects of the team for this season, further than to say he has some fine material in the freshman class.

Wake Forest is to have a glee club this year. Dr. Hubert Poteat has already called for candidates who wish to work for a place in the club. For three years Wake Forest has not had a glee club, but she will have one this year that will be just as good, if not better than any of the past. A large number of strong men are contesting for a place on the team which will compose the club and from this large number will come a glee club worthy of representing the college.

THE NATIONAL TICKET

Wilson Marshall

REPUBLICANS FOR WILSON

Thousands of progressive Republicans will vote for the Democratic nominee for the presidency, in the opinion of Rudolph Spreckles of San Francisco, close friend of Senator La Follette and long prominent in the Republican party of California.

"I have given many years of my time and support to the progressive Republican cause and to honest effort to eliminate political bosses and bring about the establishment of a just and truly representative government, and shall continue to make that fight with in my party; but I feel it my duty to support Gov. Wilson at the coming election, believing it to be the only proper course of progressive legislation in our nation at the earliest moment.

"Today I held a conference with Dr. Harvey W. Wiley, who stands out as the foremost figure in this nation as a protector of the lives and health of our children, and he informs me that he is opposed to the election of either President Taft or Theodore Roosevelt, because both failed during their administration to properly support the fight against the rich manufacturers, of harmful foods and drugs".

ROOSEVELT OVERLOOKS HIMSELF

Mr. Roosevelt declares that Barnes Penrose and Guggenheim work hand in hand with the big interests. This is all true. How about Mr. Roosevelt himself?

It was not at the solicitation of Barnes and Penrose and Guggenheim that Edward H. Harriman raised a political corruption fund of \$260,000. It was at the solicitation of Theodore Roosevelt.

It was not Barnes and Penrose and Guggenheim who, according to Dr. Harvey W. Wiley, bucked the pure food law. That was done by Theodore Roosevelt.

It was not Barnes and Penrose and Guggenheim who failed to bring the machinery of the law into play to send George W. Perkins to the penitentiary for violating the Sherman Law in organizing the illegal harvest trust; and who then accepted Perkins' millions to run for a third term for president. That was Theodore Roosevelt.

The corporation commission of the state holds that property owned by churches and used for other than church purposes, is subject to taxation. This decision grew out of the consideration of a case where a house and lot was willed to a church and the church rented it out for a residence.

So far Pitt county shows up very small in contributions to the Wilson campaign fund, only three names of Pitt countians appearing in the News and Observer list of contributors.

A British scientist says if men want to continue to grow in height until they are 40 years old, they should travel on all-fours and not stand erect.

The Republicans did not do much in the way of a ticket Saturday, but that is about as was expected.

The rat is now coming in for his share of attention as a purveyor of disease. Swat the rat.

This is My Birthday

Robert Barr

Robert Barr, the author of many popular novels, was born in Glasgow, Scotland, Sept. 16, 1850. With his parents he came to Canada as a boy and was educated in the normal school at Toronto. For some time he was engaged in teaching in Canada. In 1876 he removed to Detroit and for the next four or five years he was on the editorial staff of a newspaper in that city. He went to England in 1881 and engaged in journalism in London. Some years later, in partnership with Jerome K. Jerome, he founded the Idler Magazine. Of late years Mr. Barr has given his attention almost wholly to novel writing.

GATHERING AT INGELTARRE

About Forty Guests Entertained at Dinner

On Sunday at his pretty country home at Ingeltarre, Mr. O. L. Joyner had the tobacco buyers of the Greenville market and their office force, as well as a few intimate friends, to take dinner with him. The tables around which about forty guests gathered, were spread on one of the large porches of the home and the feast was greatly enjoyed. The chief dish was barbecue, cooked and served in real country style and many declared they had never tasted better. After dinner the guests remained through the afternoon, passing the hours most pleasantly together. Mr. Joyner is a cordial entertainer.

What We Never Forget

According to science are things associated with our early home life, such as Bucklen's Arnica Salve, that mother or grandmother used to cure our burns, boils, scalds, skin eruptions, cuts, sprains or bruises. Forty years of cures proves its merit. Unrivaled for piles, corns or cold sores. Only 25 cents at all druggists.

Florida Excursion

The low round trip rates to Jacksonville and Tampa, Fla., are for tomorrow, good for going on any train with final return limit the 24th. Several Greenville people will take advantage of the low rate. The round trip fare to Jacksonville is \$8.50 and to Tampa \$10.50.

The cotton crop is going to be short.

RICHMOND BOOSTERS

Train Makes Ten Minutes Stop in Greenville

It was not known until about an hour in advance of their coming that the special train of Richmond Boosters contemplated making a short stop in Greenville. Owing to the short notice and the time of day that the train arrived, only a few of Greenville's business men could be at the train to meet them.

The train consisted of six Pullman coaches and two dining cars and had about a hundred representatives of Richmond business houses along. Many of these got off the train and mingled with the crowd at the station, distributing cards and advertising souvenirs, while a band played several airs.

Worth Consideration

It will do good to read and consider this from Cotton and Cotton Oil News: "It is strange that governments will expend hundreds of millions of dollars for navies and forts and arsenals in time of profound peace while their appropriations for agriculture are only a few paltry thousands. To build mighty battleships which are intended for destruction of life and property and to neglect agriculture, which is the support of all nations, is a policy so shortsighted and so wicked as to challenge not merely the wisdom but even the sanity of the lawmakers of the so-called civilized peoples of the earth."

Good Roads Meeting

A meeting will be held in Grimesland on Monday night, 23rd, in the interest of the proposed building of a good road from Greenville via Grimesland to the Beaufort county line. All persons interested in the movement are invited to attend the meeting at Grimesland. 2or3t

Mr. Roy H. Tucker, of Whitakers, is spending a few days in the city.

REWARD

A reward of Two Hundred Dollars will be paid for the arrest and conviction of two or more of the parties guilty of cutting the Stock Law Fence on the New Bern road, or a reward of One Hundred and Fifty Dollars for the arrest and conviction of one single person for cutting said fence.

Your Breakfast Room Made Comfortable With Fuel Supplied the Night Before

Cole's Hot Blast Heater maintains a continuous fire—also a steady even heat. It will hold fire from Saturday night until Monday morning (48 hours) without attention. It will hold fire over night with less coal than any other stove.

Open the drafts in the morning and the rooms are quickly heated with the fuel put in the night before. No other stove does this.

Burns Soft Coal, Slack, Siftings, Hard Coal or Lignite. One ton of either kind of fuel goes further and gives you more comfort than two tons, using any other kind or make of stove.

Your attention is called to the unparalleled statement made by the manufacturer of

Cole's Hot Blast Heating Stove

"For several years we have authorized our Agents to sell Cole's Original Hot Blast Heater on the guarantee as follows:

- *1—A saving of one-third in fuel over any lower draft stove of the same size, with soft coal, slack or lignite.
- *2—That Cole's Hot Blast will use less hard coal for heating a given space than any base burner made with the same size fire pot.
- *3—That the rooms can be heated from one to two hours each morning with the soft coal or hard coal put in the stove the evening before.
- *4—That the stove will hold fire with soft coal from Saturday night until Monday morning.

- *5—A uniform heat day and night, with soft coal, hard coal or lignite.
- *6—That every stove will remain absolutely air-tight as long as used.
- *7—That the feed-door is and will remain smoke and dust-proof.
- *8—That the Anti-Puffing Draft will prevent puffing.

"All we ask is that the stove shall be operated according to directions and connected with a good flue."
 (Signed) COLE MANUFACTURING CO., Not Inc.
 (Makers of the Original Patented Hot Blast Stove.)

This remarkable guarantee from the makers of this stove should be of interest to you if you contemplate buying a heating stove.

Years of use has proven that no heater—at twice the price—equals it for radiating heat, for holding fire, requiring so little attention, never giving trouble, and cutting down your coal bill one-third to one-half.

Come in and examine Cole's Original Hot Blast which is now imitated by nearly every other stove manufacturer. Price \$12.00 and upward, according to size.

No other Heater Nearly as Good.
