## Pitt County's Contribution to Wilson Campaign Fund

A FEW MORE HONEST, DEMOCRAT DOLLARS ARE CHEERFULLY GIVEN FOR THE PURPOSE OF LODGING "WOODY" IN THE WHITE HOUSE

You've heard about the cheerful giver? Well, let us tell you that we have quite a few in town. Yesterday the initial list of contributions to the Woodrow Wilson Campaign Fund was given out in this paper.

The ball has been rolled a little more and a few more dollars have been cheerfully added to the offering. It is the finest sentiment that prompts these people to add their contribution to the list and in but enough good Democrats continue to come up victory will be ours in November.

A good many people appear surprised to know that a presidential campaign costs so much money. When it is considered what a large country this is, and how many people must be reached by word of letter, to tell them of the benefit to be derived by placing the greatest Democrat in the presidential chair, the outlay will at once appear as most legitimate. We want to see more dollars go to the Wilson Campaign Fund from Pitt county.

## STRIKERS AND DEPUTIES MIX IT UP WITH GUNS

STRIKERS READY FOR LAW OFFICERS WHEN THEY COME TO DEMAND THEIR SURRENDER

## UTAH TOWN UPSET OVER WAR

BINGHAM, Utah, Sept. 18.—Bullets greeted 35 deputy sheriffs who attempted to draw the fires under the boilers of the great copper mines there today. From behind breastworks they had thrown up since morning, striking miners who quit work because the Utah Copper Company and several other concerns refused them an increase in wages, fired upon the officers and drove them from the mine works. No one was injured.

Earlier in the day, however, while armed strike pickets stood guard at the approaches of the various properties firing shots in the air, one of their number was wounded by Theodore Schweitzer, a deputy. The deputy had ordered the picket to cease firing. Upon his refusal Schweitzer shot the miner in the wrist.

Only one of the great copper mines here, that of the Utah Apex Mining company continued operations today. The company signed a contract with the miners a few days ago. The great Utah Copper Company, one of the most productive copper mines of the world, the Utah Consolidated, United States, Bingham-New Haven, Ohio Copper, Bingham mines and a score of lesser mines, the Bingham and Garfield railway and the ore traffic on the copper belt branch of the Rio Grande railway were closed tightly. Four thousand men mostly foreigners, were idle and almost every idle man bore a weapon of some sort. They gathered in sulky groups, discussing their grievances.

Following a conference with mine officials late today, Sheriff Sharpe, of Salt Lake county, wired Governor Spry that his force of deputies could not handle the situation.

The governor abandoned a speaking tour and hurried to Salt Lake City to make a personal investigation of the situation. All the saloons have been closed by the order of Sheriff Sharpe.

**Brotherhood of St. Andrew**  
TORONTO, Ont., Sept. 19.—Several hundred delegates, including many leading men both in the Anglican church and also the Protestant Episcopal church of the United States, gathered in this city today for the opening of the annual convention of the Brotherhood of St. Andrew in Canada. The meeting will continue until next Sunday.

## FREE DELIVERY FOR SMALLER N. C. TOWNS

TO BE PUT INTO EFFECT AT ONCE, WILL BE A SORT OF EXPERIMENT FOR FURTHER USE

## APPROPRIATION WAS MADE FOR IT

WASHINGTON, Sept. 17.—An experimental free delivery service is to be established in a number of smaller towns in North Carolina, according to an announcement made by Postmaster General Hitchcock today. The postoffice department is preparing to make this experimental service operative at once. The last Congress appropriated \$100,000 to enable postmasters to employ necessary assistants for the work. The following list, which may not be entirely correct, but is the latest given out by the postoffice department, shows the towns in the state which did not have delivery service at the time the list was made out and some of them will certainly be selected for experimental service.

Aberdeen, Ahoskie, Albermarle, Andrews, Apex, Ashboro, Ayden, Beaufort, Belhaven, Belmont, Benson, Biltmore, Brevard, Bryson City, Burgaw, Burlington, Canton, Carthage, Chadburn, Chapel Hill, Clarkton, Clayton, Clinton, Davidson, Duke, Dunn, Eden, Efland, Elkin, Elm City, Enfield, Forest City, Franklin, Franklinton, Graham, Greenville, Hamlet, Hendersonville, Hartford, Hillsboro, Jacksonville, Kenly, Kernersville, King's Mountain, Kittrell, LaGrange, Laurinburg, Leaksville, Lenoir, Lexington, Lincolnton, Littleton, Louisburg, Lumberton, Marion, Marshall, Maxton, Mebane, Mocksville, Monroe, Mooresville, Morehead City, Morganton, Mt. Airy, Mount Olive, Murphy, Nashville, Newton, North Charlotte, North Wilkesboro, Old Fort, Oxford, Plymouth, Raeford, Randleman, Red Springs, Reidsville, Roanoke Rapids, Rockingham, Rowland, Roxboro, Rutherfordton, Sanford, Scotland Neck, Selma, Shelby, Siler City, Smithfield, Snow Hill, Southern Pines, Southport, Spencer, Spray, Spring Hope, Tarboro, Thomasville, Troy, Tryon, Vineland, Waynesboro, Wake Forest, Wallace, Warrenton, Warsaw, Waynesville, Weldon, West Durham, West Raleigh, Whitakers, Whiteville, Williamston and Windsor.

The experiments will effect deliveries to nearly 30,000,000 people in the United States now obliged to call at the local postoffices for their mail.

Mr. Spillman left this morning for New Bern.

## MEMPHIS SPECIAL HELD BY ROBBERS

Mail Car Ransacked By Two Masked Men

## FOUR CLERKS OCCUPIED CAR

Desperadoes Do Not Molest the Passengers. They Confine Their Activities to the Valuable Mail

MEMPHIS, Tenn., Sept. 18.—Two masked bandits held up the Memphis Special westbound from New York to Memphis on the Southern Railway near Stevenson, Ala., early today and after rifling registered mail pouches escaped with their booty. Posses have been formed and are in pursuit of the robbers.

Upon the arrival of the train here today postoffice officials denied that any great amount of valuables were missing, although the mail clerks admit that 34 pieces of registered mail had been stolen and that the loss will amount to several thousand dollars. The bandits boarded the mail car while the train was standing at the water tank near Stevenson, through a half open door and with the order "All hands up and everybody lie down," compelled Charles Flint, one of the mail clerks, to tie the hands of the three other clerks and then lie down himself.

The train left the water tank without any of the crew being aware of the robbers aboard.

The hold up men remained in the car for forty miles and left the train at Stevens Gap, escaping through the woods, which are very heavy in that vicinity.

Charles Flint, railway postal clerk, who lives at Iuka, Miss., was in charge. John S. Hamel, was his associate clerk. The two negro postal clerks were aboard the car.

Flint, in relating his experience, said: "It was a new style of hold-up for the two masked robbers made the four clerks lie down while they robbed the car. The train was in motion while they were at work. When they were through they pulled the bell cord and leaped off just as the train was slowing down at Stevens Gap.

"The robbers chose the lightest night of the week, it being Sunday out of New York. The registered mail is always heavier at the end of the week.

"The two masked robbers entered the door near the engine.

"The negro mail clerks, Bruce and Powers, were working near the door. Hamel and myself were at the other end of the car. I heard voices, but being busy did not look up.

"When I saw the robbers they had their revolvers leveled on us. After I had tied the hands of the negroes and Hamel they forced all four of us to lie down on the floor of the car. The robbers were very nervous. I saw a pistol in the hands of each. The other clerks say they had two revolvers. So far as I know they did not visit any other part of the train. It was a trying experience."

## Electrical Storm Last Night Did Some Damage to Lights

As announced by the weather prophet we came in last night for a severe thunder storm. Although it did not last very long, still it was with us long enough to do some damage to the electric light system and the telephones. Several transformers were put out of commission causing the street lights to look very gloomy the rest of the night.

Telephones were put out of "geopenty" and a good deal of work had to be done today to restore things to normal condition.

It is reported that a telephone pole in the vicinity of Mr. D. D. Overton's house was smashed to splinters by a bolt, whilst two little boys deserted their wheels' opposite Winslow's stables as a discharge of electricity took place uncomfortably near their path.

## BIGGEST VOTE SINCE CLEVELAND

That's What Wilson Will Do in North Carolina

## OPINION CONGRESSMAN PAGE

He Also Says That All Democratic Congressmen of the State are Safe in the November Election

WASHINGTON, Sept. 18.—Congressman Robert N. Page, who, as secretary of the congressional campaign committee, is in charge of the headquarters here, said today that he believed Woodrow Wilson will poll the largest vote in North Carolina of any presidential candidate since Cleveland was elected president. Mr. Page does not think Mr. Wilson will get as large a vote as Locke Craig, or even some of the other state candidates, but that his vote will be the largest for a presidential candidate since the time of Cleveland, he has no doubt.

Mr. Page is spending his time between the headquarters here and his district. He leaves tonight for Biscoe and will probably remain in his district for several weeks unless matters in connection with the campaign should arise which demand his attention here.

Congressman Page does not believe any of the Democratic congressmen in the state are in danger of defeat in November. He pointed out the fact that in most cases where Republicans have put up a candidate for Congress they selected a Taft man.

Speaking of that section of the postoffice appropriation bill which closed postoffices of the first and second class on Sundays, Mr. Page said he had no doubt that the law would be repealed at the next session of Congress. He thinks there should be some law requiring postoffices to be closed a part of the day on Sunday, but he does not favor the present law which prohibits patrons of the office from receiving mail at any time. He thinks it can be arranged so that offices can be kept open for a period sufficient for patrons of the postoffice to get their mail and then allow the clerks and others connected with the postoffices enjoy a holiday.

Another law that Mr. Page believes will be repealed is the paragraph in the postoffice appropriation bill putting all employees under the civil service. As the law now stands, should there be a change of administration, secretaries and other high officials under cabinet members, which heretofore have been made vacant with the going out of an administration, can not be removed without cause. This provision was evidently intended to protect the Republicans now holding high offices and will be repealed during the next session of Congress. The law runs only during the life of the appropriation act which expires July next.

J. Allen Holt, of Oak Ridge, has been appointed vice-president of North Carolina for the teachers' Woodrow Wilson campaign fund of the Wilson-Marshall Democratic association of the District of Columbia, and will have charge of collecting contributions in North Carolina. Mr. Holt has accepted the appointment.

## Roosevelt Will Pay the State a Visit Before Going North

WINSLOW, Ariz., Sept. 18.—Colonel Roosevelt passed through eastern Arizona today en route to New Mexico, where he will speak at the larger places. His physician has advised him to be more careful with the use of his voice. The strain of the campaign speeches has made his voice husky, but otherwise the colonel declares he is "bully".

After leaving Denver Thursday night, the colonel will speak through Nebraska, Kansas, Oklahoma and Arkansas. Then he goes to Memphis, New Orleans, Montgomery, Birmingham and Atlanta, thence northward through North Carolina. He will speak in Baltimore and reach New York October 2.

## Boy in Wake Forest Was Hurt by Hazers. It Now Appears

RALEIGH, Sept. 18.—In the light of recent college hazing developments in this state and the determined movement likely to result for ending for all time this practice in North Carolina, there is special interest in the fact just developed here that Russell Ferrall, a freshman at Wake Forest, is recovering in the infirmary there from the effects of hazing. He is a son of Prof. W. J. Ferrall, of Meredith College.

Nothing being heard from him here for several days, there was special inquiry made of the college authorities as to him and the information came that he was laid up in the infirmary on account of hazing.

It seems that several times right after the opening the college hazers called at Ferrall's boarding house for him, but his landlady discovered them and made the hazers clear out without their intended victim. Finally they slipped in, captured their man and put him through stunts which resulted in infirmary treatment for several days.

Assurances came from the college that Ferrall's injuries are not really serious.

## Kitchin Makes Votes For Simmons When He Shows Senators Photo

TROY, Sept. 17.—At noon recess of Montgomery court today Governor Kitchin delivered his well-advertised speech. The court house was full and a fairly large audience greeted him, when introduced by R. T. Poole.

The governor spoke for nearly three hours, ten minutes of the time being given to the advocacy of the election of the Democratic ticket, state and national, and the remainder in discussion of Senator Simmons' record and in the interest of the speaker's race for the senate. The greatest ovation of the entire day came when the governor displayed the picture of Senator Simmons on the back of the lumber journal. It appeared to be a Simmons' crowd listening patiently to a man who made a good speech, despite the fact that he was saying things not altogether in line with the belief of the majority of the hearers.

Governor Kitchin did not rap the newspapers very hard, contenting himself with saying that Democratic papers, like the Charlotte Observer, were out of line with the party, and that Republican papers, like the Greensboro News, were against him. Putler's Caucasian was also mentioned as being against him. In regard to Simmons' statement that he would resign if not placed at head of finance committee, he stated that he supposed that Simmons knew that the governor would reappoint him if he did resign but he thought the best way to state it was that Simmons would not resign as he had in the past talked one way during the campaign and acted differently after election.

Senator Simmons will speak here next Monday under auspices of state Democratic executive committee.

**York Academy 125 Years Old**  
YORK, Pa., Sept. 19.—The York County Academy, one of the oldest schools of its kind in America, celebrated its one hundred and twenty-fifth anniversary today. Many visiting educators of note participated in the anniversary exercises.

NEW YORK, Sept. 18.—Today's session of the Aldermanic Investigating Committee will be largely taken up with an examination of Police Commissioner Waldo on the subject of the affidavit which, as he testified at the last session, he has in his safe in which a police captain swears that, when a lieutenant during the administration of Commissioner Bingham, he had been told it would cost him \$15,000 to obtain promotion to a captaincy.

John T. Reith, now in command of the Macdougall street station, made the affidavit. Its substance became known yesterday, though neither Waldo nor Emory R. Buckner, counsel to the committee, to whom the Commissioner has turned over a copy of it, would discuss it.

Reith was promoted to a captaincy by Mayor Gaynor and Commissioner Waldo in the first batch of promotions made by Waldo when he took office, May 29, 1911. He swears that four years ago, when seeking promotion he was advised to consult with Alfred J. Johnson, better known as "Al" Johnson, then Under Sheriff to Sheriff Nicholas J. Hayes.

Reith was promoted to a captaincy to the office of the Board of Water Supply, where he was introduced to Thomas Hassett, then Mayor McClellan's confidential adviser as well as Secretary of the Board. Hassett is now the official adviser of State Engineer Bensch.

Hassett, he swears, asked him several questions concerning his record and other personal matters and dismissed him. A week later, the Captain states, he was told to call on Johnson at the latter's residence and Johnson then informed him that the persons in a position to bring about his promotion wanted \$15,000 for their services. Reith not having this amount of money available backed out of the negotiations and was not promoted.

But he laid the facts before Commissioner Bingham, he says, and pointed out that his name had been passed when other promotions were made from the civil service lists of lieutenants eligible for promotion.

Mr. Buckner, when asked about the contents of the affidavit, said he had read it, but had no comment to make. From Alderman Curran, chairman of the investigating committee, it was learned that the committee will probe the affidavit to the bottom, summoning every person named in it from Reith to Bingham.

But while Waldo and Buckner were silent, "Al" Johnson exploded with wrath directed against Reith and Waldo. He summoned reporters to his home at No. 515 Park avenue and after discoursing liberally on the ingratitude and deceit of certain persons, handed out a typewritten statement which ran as follows:

"This man Reith I shall formally charge with perjury to the District Attorney. I never saw him but a few times in my life and never of my own seeking. My recollection of him is that he came to see me, using the name of some one I knew, asking me to help him to be promoted in the Police Department. He seemed to be afraid that his record was against him and wanted to know if there was not some one who could have him promoted for the payment of \$10,000 or \$15,000. I told him straight off that he was a fool to think that money could help him, because no one who had any real influence with Commissioner Bingham would take a dollar of dirty money. He came to see me several times afterward, begging me to help him, until he got to be such a nuisance that I had to order him out of my office.

#### Big Sale of Indian Lands

LANDER, Wyo., Sept. 19.—There was opened here today, under the direction of the Department of the Interior, the first of a series of public auctions for the disposal of 1,500,000 acres of Indian Lands. The land comprises portions of the old Shoshone and Crow reservations in Wyoming, Utah and Montana. The sale here is to be followed by similar sales at Prove, Utah and Billings, Mont.

#### Wildier Brigade Reunion

MATTOON, Ill., Sept. 19.—The annual reunion of the Wildier Brigade took place here today with a large number of veterans in attendance, including Gen. John T. Wildier of Tennessee and Maj. James A. Connelly of Springfield, Ill. The city was decorated in honor of the veterans and the citizens turned out to welcome them with a program of entertainment.

### Detective Work in Capture of Gunmen Was All A Farce

NEW YORK, Sept. 17.—For six weeks prior to their arrest, "Gyp the Blood" and "Lefty Louie," wanted as slayers and minutely described in thousands of circulars sent broadcast throughout the country, walked the streets of New York daily. Twice they attended the Mardi Gras festival at Coney Island and on one occasion they stood almost in the shadow of police headquarters while detectives supposed to be looking for them passed in and out of the buildings while for 10 minutes the gun men debated with themselves the wisdom of giving themselves up.

This is the gist of a statement given out by Judge J. G. Wable, who is defending all four men under arrest. The lawyer declared emphatically that "Gyp" and "Lefty" had not been in hiding. He went over the actions of the two men for the last six weeks during which they were in New York. Not for a minute during that time he said, could any act of the two be construed as suggestive of hiding.

Mr. Wable declared that "Gyp" and "Lefty" had walked the streets of New York and Brooklyn daily in plain sight of hundreds of uniformed policemen who were looking for them while at Coney Island had rubbed elbows with many of the 800 policemen on duty there. They were preparing to go to Coney Island again on Saturday night, when they were arrested.

While not in so many words questioning the picturesque story by the police of how the wives of these two men used automobiles and taxicabs the lawyer said he did not know where the women could get the money with which to hire the cars.

#### The Coming of the Show

Tuesday, Oct. 1st, will be show day in Greenville, the day which makes the world young and kin. Every household will be alive early on account of it, and the country cousin, arrayed in his best, will come in on the highways and byways with refreshing and blory abundance.

The fine big special train of Sun Brothers is due here before dawn on October 1st and the usual army of curious will no doubt be at the railroad yards to greet them. As tented showmen are known as hustlers, it won't take them long to unload the enormous equipment, horses, elephants and animals and assemble them at the show grounds at Munford's Park. Performances will be given in the afternoon at 2 o'clock and at night at 8 o'clock. There are no conventional numbers in the big Imperial program that will be offered. Because the hundred or more men, women and children performers are masters in their varied feats and accomplishments and bring refinement and diversion to their work. Besides the human superiority of this season's exhibition, there is a unique and wonderful trained animal display. The Sun Troupe of acting and musical elephants; educated monkeys and dogs; cleverly trained ponies; a coterie of blue ribboned cake walking horses; these all are classy features of the huge program.

In the wild beast and zoologic department are many cages and dens containing a rare and valuable collection of wild animals. Everything of worth in this field will be seen and exhibited. All of the tents are of modern build and at night time they are brilliantly illuminated. The show comes highly recommended for its absolute cleanliness and entire freedom from fakirs, gamblers and ticket scalpers. In fact, the only way that you can spend your money around the show is through legitimate channels. From the looks of things October 1st will be one of the biggest show days in the history of Pitt county.

#### Many Driven From Home

Every year in many parts of the country thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. King's New Discovery and cure yourself at home. Stay right there, with your friends and take this safe medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, croup, whooping cough and sore lungs, make it a positive blessing. 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

What We Never Forget according to science are things associated with our early home life, such as Bucklen's Arnica Salve, that mother or grandmother used to cure our burns, boils, scalds, skin eruptions, cuts, sprains or bruises. Forty years of cures proves its merit. Unrivalled for piles, corns or cold sores. Only 25 cents at all druggists.
