Turks Decide to Fight on Until Every Possible Means is Exhausted

ALLIED ARMIES DANGEROUSLY CLOSE TO TURKISH CAPITAL ARE LIKELY TO REACH STRONGEST OPPOSITION WHEN WITHIN SIGHT OF THEIR GOAL. NO QUARTER SEEMS TO BE SLOGAN OF BLOODY WAR

SURRENDER OF CONSTANTINOPLE IS DEMANDED

ATHENS, Greece, Nov. 8.—The Greek army, commanded by Crown Prince Constantine, occupied Saloniki, the Turkish stronghold in southwestern Turkey in Europe at noon today.

London, Nov. 8.—A great battle is in progress between the Bulgarians and Turks along the line of the Tchatalja fortifications only some 25 miles outside of Constantinople.

It is generally believed that this will be the last of the remarkable series of combats which have been going on for upwards of a fortnight with little or no breathing space.

One report received from Sofia last night said that the Bulgarians had occupied the Tchatalja line, but this remains without confirmation. It probably arose from a dispatch to the Vienna Reichspost, which said the Bulgarians had occupied the town of Dellyunus outside the fort of the same name, which forms one of the Tchatalja defenses.

The same correspondent added that a fresh battle had started and was spreading along the Tchatalja line and that the fall of that town might be expected to fall any moment.

Turks Determined to Continue War.
Constantinople, Nov. 8.—There is every indication here now that the war against the Balkan allies will be continued to the bitter end as advised by Nazim Pasha, the Turkish commander in chief.

The position at Monastir and at Saloniki where large Turkish armies are concentrated, is unchanged, as far as the outside world has been informed. Neither of these fortresses can hold out long, according to military experts despite the fact that the Greek army marching on Monastir has been checked by meeting a superior force of the Turkish troops on the way and having to wait reinforcements from the army commanded by the Crown Prince of Greece.

The Montenegrins are finding the Turkish fortress of Scutari a hard nut to crack and it is again reported today that they have had to retire across the Boyana river because heavy rains and floods had made it impossible for them to keep up their commissariat service.

The Turks, like true Orientals, continue to keep the world guessing as to their true intentions. The Turkish army and people apparently want the war carried on to the bitter end and one dispatch from Constantinople says the Ottoman government has agreed to do this.

The Opera in the Making

There is great enthusiasm throughout the school over the Mikado, the opera to be given at the Training school. Practically every member of the faculty and at least half of the students are actively at work on it; the others are helping by giving their support.

The members of the cast are kept busy rehearsing. Miss Pugh is Miss Muffly's able assistant in the coaching. Miss Hill, the new piano teacher, is the very efficient pianist who never seems to tire.

A committee, composed of Mrs. Beckwith, Misses Wait and Graham, is planning and directing the stage setting.

There is much preliminary work that is as important as that in evidence the night of the performance. Miss Lewis has a group of girls bending over picturesque posters with brush and pencil.

Mr. Austin is assisting in keeping up with the finances.

Others are discussing ways and means of bringing the public to a realization and appreciation of what is in store for them. Still others are planning how to provide for the comfort of the audience.

The entire school is putting its best efforts forward to do its best for the public.

SILENCE IS NEWEST POLICY OF ROOSEVELT.

New York, Nov. 8.—Colonel Roosevelt motored to New York from Oyster Bay today and visited his editorial office for the first time since he was shot. He said he had adopted a policy of silence and had no further comment to make on the election.

He was feeling fine, he said, and had almost forgotten that there was a bullet in his chest.

VIRGINIA TOWN IS CONSUMED BY FLAMES

BROOKNEAL SUFFERS TERRIBLE FIRE WHICH CAUSES \$100,000 DAMAGE WITH ONLY 1-4 INSURED

POST OFFICE IS TOTALLY DESTROYED

BROOKNEAL, Va., Nov. 8.—Fire of unknown origin almost entirely wiped out this little town early today and caused a loss of approximately \$100,000, hardly one-fourth insured. No lives were lost. Twenty-five buildings including the postoffice, a bank, eleven stores, a tobacco warehouse and the Baptist church were burned.

Dynamite was used to check the flames, as there was practically no fire fighting facilities to cope with the blaze.

The population is about 500 and there are only three small business houses left.

Flames Threaten to Destroy West Virginia Town

Shepherdstown, W. V., Nov. 8.—Fire early today threatened destruction to this town, but assistance from the fire department of Hagerstown prevented a heavy loss. Three business buildings were destroyed and the Anier Hotel was damaged to the extent of about \$20,000.

The Hagerstown firemen saved adjoining property and confined the flames, which for a short time, threatened to spread through the entire town.

Son Accused of Crime, Although Father Removed Blame Before Dying

GREENFIELD, Ind., Nov. 8.—Charged with shooting his father, Dr. A. A. Staurt, aged 68, at Fortville, near here, last night, Guy Stuart, his son, was placed in jail here early today by Sheriff Jesse Cox. Reports that the son had confessed to the shooting were denied by the sheriff.

"You didn't do the shooting, did you, Guy?" Sheriff Cox said he asked the prisoner, who replied, "I wouldn't tell you if I did." Cox said that was the only reference made to the crime. Dr. Stuart heard some one at the back door just after he had gone to bed. He began an investigation and saw a man running down the backyard. He called on the man to stop and his answer was a bullet. Dr. Stuart declared it was not his son, with whom he had had trouble who did the shooting. Dr. Stuart was a widely known physician. The prisoner is 28 years old.

FOUR BECKER GUNMEN ARE PLACED ON TRIAL

ALL FOUR MEN ARE TO BE TRIED TOGETHER BEFORE JUDGE GOFF. THEY PLEAD "NOT GUILTY"

CHOOSING JURY PROCEEDS BRISKLY

NEW YORK, Nov. 8.—Five jurors for the trial of the four gunmen accused of the actual killing of Herman Rosenthal, the gambler, had been chosen when the opening day's session of the trial was adjourned today.

The four prisoners—Dago Frank, Whitley Lewis, Lefty Louie, and Gyp the Blood—were summoned before Justice Goff in the middle of the afternoon. Dressed faultlessly, clean shaven and holding their heads high, they walked briskly to their places.

The men had elected to be tried together, and Justice Goff, finding no objection from either side to this plan, the jury wheel was spun. The work was conducted expeditiously, and notwithstanding that numbers of tallmen were excused or challenged, the five selections had been made when court adjourned.

It is believed that the jury will be completed by the noon recess tomorrow.

In connection with the start of the trial today there were renewed but unconfirmed reports that the four prisoners had requested the district attorney to allow them to escape a possible death by pleading to second degree murder.

President Elect Wilson Will Not Commit Himself As to Extra Session

PRINCETON, N. J., Nov. 8.—Jos. E. Davies, Governor Wilson's western campaign manager, called on the president-elect today and told him the detail of how Illinois and some of the doubtful western states went Democratic.

The governor's attention was called to statements of Oscar Underwood and other Democratic leaders that they deemed an extra session of congress advisable to revise the tariff.

"I have noticed Mr. Underwood's statement, I have had several editorials also about immediate action", was the only comment the president-elect made.

Democrats Are Assured Partial Victory in State of California

CABINET FOR NEW PRESIDENT

Washington, Nov. 8.—Cabinet guessers got busy yesterday with this result:
Secretary of State—W. J. Bryan.

Attorney General—Senator J. A. O'Gorman, of New York, L. D. Brandeis or Samuel Undermeyer.

Secretary of the Treasury—William G. McAdoo.

Secretary of the Interior—Josephus Daniels of North Carolina.

Secretary of War—Representative James Hay of Virginia.

Postmaster General—Representative Albert S. Burlison, of Texas.

Secretary of Agriculture—Dr. Harvey W. Wiley.

Secretary of Commerce and Labor—Wm. F. McCombs of New York, Charles E. Crane of Chicago or Fred B. Lynch of St. Paul.

Secretary of the Navy—Josiah Quincy, of Boston.

It is reported that President Edwin Anderson Alderman of the University of Virginia will be offered a place in the Democratic Cabinet.

WITHIN SIX OF A MAJORITY TO CONTROL THE LEGISLATURE, WITH THE BULL MOOSE LEADING. REPUBLICANS ARE SNOWED UNDER IN ILLINOIS. IN CALIFORNIA WILSON'S LEAD IS AT PRESENT 210

WEST VIRGINIA IS STILL CALLED "DOUBTFUL STATE"

SAN FRANCISCO, Nov. 8.—Wilson took the lead again with a plurality in California over Roosevelt, with the filing of complete returns from Los Angeles county. The three precincts missing this morning showed a Wilson gain of 210 instead of the expected Roosevelt gain.

Progressives Hold Balance of Power in Illinois

Chicago, Nov. 8.—Progressives will hold the balance of power in the new Illinois legislature, complete returns received today showing that the Democrats will lack six of the majority on joint ballot while there are just enough Progressives and Republicans combined to make one more than the 103 votes necessary to elect a successor to Shelby M. Cullom as United States Senator. The joint session will muster 97 Democrats, 78 Republicans, 26 Progressives and 3 Socialists.

If this result is attained, the Democrats will be able to name a successor to Shelby Cullom and to fill the place forfeited by William Lorimer.

Falling short of the number, the Democrats may find themselves compelled to appeal to the Progressives for consideration which might give the Progressives an opportunity to name a United States senator for the short term.

Who this Progressive would be is not clear, although political experts here point to the fact that Merrill McCormick, manager of the Western headquarters for Colonel Roosevelt, might be the most promising candidate.

This is the trend of gossip among political experts in spite of the fact that Frank H. Funk, defeated for governor of Illinois on the Progressive ticket, has announced his candidacy for United States senator.

Washington Yet Doubtful

Seattle, Wash., Nov. 8.—Democrats in Washington took fresh courage today when 1,777 precincts out of 1,903 showed Ernest Lister, Democratic candidate for governor, leading by 1,986 votes. Earlier in the night his plurality dwindled to 604 and the Republicans claimed all the remaining precincts for Governor Hay. The election is still in doubt.

State officers below the governorship are divided between Progressives and Republicans, no Democrats having been elected.

Mrs. Helen B. Scott, of Tacoma, whose name as presidential elector was at the top of the Progressive ticket, probably will be chairman of the Washington electors who will cast seven votes for Theodore Roosevelt in the electoral college. She is a prominent clubwoman and charity worker in Tacoma. She was the only woman on the state ticket to be elected.

On the Socialist ticket women had the most important places. On the Republican ticket Mrs. Josephine Preston, candidate for superintendent of public instruction, was defeated.

Roosevelt Gaining in Minnesota

St. Paul, Minn., Nov. 8.—Returns coming in from the rural districts of Minnesota continue to increase the lead for Roosevelt over Woodrow Wilson. He is now 16,141 votes ahead of the presidential nominee and Progressive party leaders declare the final count will bring his plurality nearly to 20,000.

Indications are that the Socialists and Prohibitionists have both made gains over their vote of four years ago.

For United States senator, Knute Nelson, Republican, leads all other candidates, with James Mannahan, also Republican, for congressman-at-large, next.

The entire Republican state ticket has been elected.

The state legislature will be: Republican 98; Democrat 90; Socialist 1; Prohibition 1.

Rhodes, Wake Forest Freshman is Charged With Assaulting Powers

WAKE FOREST, Nov. 8.—On the charge of assault, Gordon Rhodes, the freshman who, on the night of October 28, shot and seriously wounded Frank Powers when the latter attempted to haze him, was bound over to the next term of the superior court under a \$500 bond.

Attorney Raus, of Kinston, counsel for Rhodes, waived the right of examination. The case will be tried in the January term of the superior court of Wake county.

For several days young Rhodes has been at his home in Kinston, returning today for the trial. He was accompanied by his father and attorney.

SATURDAY, NOVEMBER 9, 1912

CAMPAIGN BETS ARE PAYABLE.

Editor Josephus Daniels, of the Raleigh News & Observer, who as a member of the national committee took prominent and aggressive part in conducting the Wilson campaign, has a right to feel good over the result. That he is being mentioned for a position in the presidential cabinet is gratifying to his host of friends throughout the state, yet we doubt if his excellent paper through which he does so much good, could spare him to fill such a place.

Some papers are saying the Republican party in North Carolina is dead, but they are making a bad guess. The thing will bob up again in some shape four years hence to be a torment. Because we had such a victory this time—must not be taken to mean that there is no anti-Democratic sentiment in the state. It may come up for a fight under a new name but it will come and Democrats should not be going to sleep in the meantime.

It is getting to look like Josephus Daniels and William Jennings Bryan were not so far wide of the mark in their pre-election claim that Wilson would carry the electoral vote of every state. He certainly did not miss doing so very far.

In a discussion about singing we heard asked the question, what is a flexible voice? and the definition given was "one that will bend without breaking". It is up to the musicians to better that definition.

It is time to forget the campaign now and be on speaking terms again. The fellow who did not think your way had as much right to his opinion as you did to yours.

We sincerely hope Pitt County will not hold another voting primary to nominate candidates. This year's experience ought to be enough to wean the people from the primary idea.

We do not see many new hats being worn since the election, but it is rumored that there were quite a number of changes in the bank accounts.

The price of cotton and tobacco since the election, does not look like Democratic success would put an end to prosperity.

Thomas Settle is an example of a man who puts forth talent and ability in advocacy of a mighty poor cause.

The farmer with plenty of cotton, tobacco and corn is the biggest fellow in the bench.

President-elect Wilson says he will be a good listener for some time before selecting his cabinet.

Prof. W. H. Ragsdale, the old apostle of education, called at our office Thursday. When it comes to schools Prof. Ragsdale is always on his job.

What Ayden needs worse of all is a neat, modern hotel to accommodate the traveling public.

Mrs. Sudie Tripp has purchased the A. P. Murry house near the Baptist church.

Ladies' trimmed hats and caps, sweaters and a full line of underwear. J. R. Smith and Bro.

Mr. and Mrs. E. H. Hall and little Mary of Enfield are visiting Miss Lee Nichols in Ghent.

Oh! that hotel; we certainly need it.

The central conference of the F. W. Baptist is in session at Hull Road church.

The election is over; we have undergone a complete revolution in our nation; the smoke and noise of battle has cleared away and we must all submit to the inevitable where our choice was elected or not. Now, let's see if we can't build in Ayden a modern hotel.

If we are correct it was during the Democratic days of Mr. H. T. King and at the same time was editing the "King's Weekly", he urged the nomination of Hon. J. B. Grimes for secretary of state and we have seen him elected for the third term. Now, we don't want to stand at the pie counter for a handout, but we would rejoice at seeing Hon. W. G. Lamp, of Williamston, N. C., appointed secretary of the United States in President Wilson's cabinet. Mr. Lamp is worthy and eminently qualified to fill his honored position and would discharge the duties with credit to himself and honor to his state.

Tearing his shirt from his back an Ohio man flagged a train and saved it from a wreck, but H. T. Alston, Raleigh, N. C., once prevented a wreck with Electric Bitters. "I was in a terrible plight when I began to use them," he writes, "my stomach, head, back and kidneys were all badly affected and my liver was in a bad condition, but four bottles of Electric Bitters made me feel like a new man." The Safest place

for your harvest money is in this bank

Look at these two men. They have been to market their cotton. One put his money in the bank and the other one didn't. They were held up on the way home. The silly fellow who wanted to take his money home had to "deliver" to the robbers. The other was able to "give them the laugh."—His money was in the bank.

Take a lesson from this—put your harvest money in this bank like all other successful farmers. It is the safest place—withdraw it whenever you please.

Porto Rico's New Wonder

From far away Porto Rico come reports of a wonderful new discovery that is believed will vastly benefit the people. Ramon T. Marchan, of Barcelona, writes "Dr. King's New Discovery is doing splendid work here. It cured me about five times of terrible coughs and colds, also my brother of a severe cold in his chest and more than 20 others, who used it on my advice. We hope this great medicine will be sold in every drug store in Porto Rico." For throat and lung troubles there is nothing better. A trial will convince you of its merit. 50c and \$1.00. Half the Regular Fuel Supply Required

Cole's Original Hot Blast Heater, on account of the patented air-tight and gas-tight construction and patented hot blast combustion, gives perfect control over the fire.

Build Only One Fire a Winter

It is so perfect in construction that fire keeps all night— It saves the gases wasted with other stoves.
The cost of the stove is saved in fuel. \$5.00 worth of soft coal, hard coal or lignite, or a \$1.50 ton of slack or screenings will do the work of twice the amount of fuel in other stoves.
It is guaranteed to remain always air-tight, which means that it is always a fire-keeper.
Examine Cole's Original Hot Blast before you buy— Avoid imitations which only look like the genuine.

The heater with a reputation. Price \$12.00 and upward according to size and style.
