Second Annual Pitt County Fair Opens Up Under Cloud-Barred Sky

Doubtful Weather Does Not Prevent Hundreds of Exhibits From Being Put on Exhibition by Enthusiastic Fair Supporters

AGRICULTURAL AND SCHOOL EXHIBITS ARE FEATURES

Farmers Dare Pluvius and March to Gum

If it's true that it is a hard matter to keep a squirrel from a tree it is just as true that it would be a hard matter to keep a farmer from rejoicing over what he produces. Witness, the turn out of products at the second annual Pitt county fair, at present in full sway at the New Gum warehouse. The association had a great deal to congratulate itself for last year when it held its first annual fair, but this year, everything has gone beyond expectation, through this morning and well into the early afternoon, the Secretary was rushed to the limit entering exhibits. It seems that everybody that has anything to exhibit in the good county of Pitt toted it along to the Gum. The variety of exhibits is appalling. The excellence of many of them beyond description.

Of course, farming products are very much to the front, whilst the exhibits of the work of county school children speak eloquently for the industriousness of the children and the excellent guidance of the teachers in charge. Two long walls of the capacious warehouse are literally covered with examples of the good work our county schools are doing. It would be unfair to point out individual efforts of the children. Many exhibits are there that call the special attention of the visitors but on the whole, all exhibits are worthy of inspection.

The fruit stand makes one wish that the country was one's home. The country where such luscious pears and blushing apples are raised to such perfection. Cotton plants in perfect development are to be found at the fair, whilst the corn exhibits are all that a good farmer can desire for his farm. There are some flowers and nursery plant exhibits that attract the eye and remind the visitor how cheerful flowers are.

The woman's department is so complete that to attempt a description of it would take far more space than can be afforded. The samples of home made soap are wonderful exhibits of home resource, whilst the needle and embroidery work leaves absolutely nothing to be desired. It was a most happy idea of the Fair Association to have such a department in connection with the fair.

In the live stock exhibits, visitors find much to look over. Some of the finest poultry we have ever seen, are to be found there imprisoned in neatly built cages. The arrangement for accommodation for other live stock, whilst in the warehouse, yet, walked beyond the other exhibits is the best that could be made.

One of the most striking exhibits stands in the fair as you enter the Gum is that of the John Flanagan Buggy Company, the Greenville buggy manufacturers. Next to it, the Pitt Lumber Company has some samples of the work turned out of their factory, one of the improved Peanut Pickers they build being also there for inspection. Other firms have space in which to show their goods. The farmers' parade scheduled for this morning, was one time threatened by the weather, the farmers gathered around the court house at about ten o'clock and making a column from the court house clear down to Five Points and headed by the Wilson band marched to the Liberty warehouse, where Rev. C. M. Rock opened the exercises with prayer. Mr. J. L. Wooten, president of the Fair Association formally declared the fair opened and after an introduction by Mr. W. H. Moore, Mr. H. Q. Alexander, president of the Farmers' Union, addressed the farmers.

From the Liberty the farmers went to the Gum where a minute and critical inspection of the exhibits was begun. A record crowd is expected tomorrow when the school children of the

country will parade in formation to the Gum where they will be met by the State Superintendent of Schools, Mr. J. Y. Joyner.

President of Pennsylvania Lines Retires From Office

PHILADELPHIA, Nov. 13.—James McRea, president of the Pennsylvania railroad, resigned today to take effect January 1st. The resignation was presented at a special meeting of the board of directors. The directors immediately elected Samuel McRea to the position. Mr. McRea has for years served as vice-president.

Federal Authorities Do Not Wish to Let Johnson Out on Bail

WASHINGTON, Nov. 13.—No reason exists according to a brief filed today on behalf of the government by Solicitor-General Bullitt why Jack Johnson, the negro pugilist, confined in jail in Chicago on a charge of violating the white slave act, should be admitted to bail by the Supreme Court of the United States.

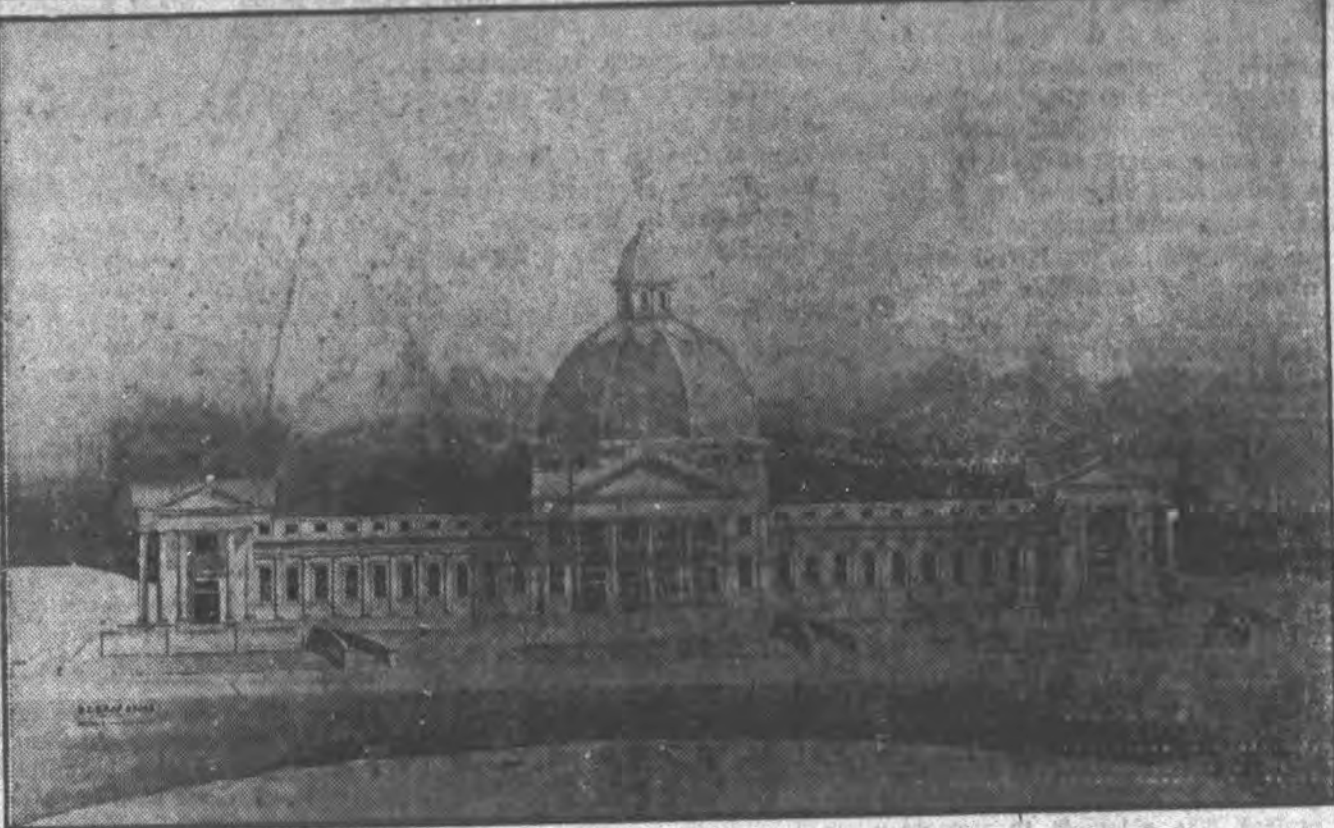

The solicitor-general pointed out while violations of the white slave act are punishable by five years' imprisonment or \$5,000 fine, or both, they are not extraditable.

"A guilty offender might be quite willing to jump any small amount of bail so as to seek refuge in a foreign country and thus avoid punishment for a crime which the public policy of this country denounces with a heavy penalty," he added.

Wytheville, Va., Nov. 13.—That Sidna Allen fired the first shot in the Hillsville court house tragedy last March was the testimony of E. C. Gillespie, deputy sheriff of Carroll county, a witness today in the trial of Allen.

Gillespie was certain that Allen had opened the shooting and had fired in the direction of Judge Massie, for whose murder Allen is now on trial.

Dr. C. B. Nuckols, who attended Judge Massie and the other victims of the court house tragedy, testified that Judge Massie said before his death that Sidna Allen had shot him.

THE ALL SOUTH BUILDING.

This building is designed to contain exhibits of manufactured products of the sixteen Southern States, especially such as will show the processes of manufacture which prevent waste and utilize by-products.

STRANGE SHOOTING OCCURS ON A TRAIN

SCARED DAUGHTER MISTAKES MOTHER FOR A BURGLAR AND FIRES A FATAL BULLET

BEING HELD PENDING AN INQUIRY

PHILADELPHIA, Nov. 13.—Mistaking her mother for a robber, Miss Gladys Myers shot and fatally injured her early today on a Pennsylvania railroad express train as it was speeding past Bristol, Pa., about 25 miles north of Philadelphia. The train did not stop but continued on to Trenton, where the injured woman was rushed to St. Francisco Hospital.

The dead woman was Mrs. Elizabeth Myers and her home is believed to have been in New York. She was traveling from Salem, Va., to that city and her ticket was purchased at Lynchburg.

The daughter and a passenger on the train named M. R. Cuthbert, who says his home is in Lynchburg, were held by the Trenton authorities pending an investigation of the circumstances surrounding the shooting.

Miss Myers was so hysterical over the affair that she could scarcely tell a connected story. She told the police that she shot her mother in mistake for a robber and they are inclined to believe her story, although the element of mystery has been injected into the tragedy because of contradictory statements by Cuthbert and Miss Myers.

Cuthbert says he did not know the mother and daughters and only volunteered his services to them after the shooting. Miss Myers is said to have told the Trenton police that Cuthbert was a traveling companion of herself and mother.

Automobile Skids, Turns Turtle and Injures Occupants

An unfortunate accident took place this morning when the automobile driven by Heber Savage, skid on the Sand Clay road, turned turtle and spilled its occupants, injuring two of them.

Mr. Heber Smith, of near Ayden and a young lady were the occupants of the car and whilst both were hurt Mr. Smith's injuries were of a rather serious nature, it being reported that he suffered the fracture of two or three ribs.

If there can be any luck in an accident, perhaps it was so in the case in this instance, as when the car turned over the passengers fell clear of it. Mr. Smith was taken to the home of Mr. John Kittrell, here in town to await medical attention. The young lady was injured but slightly.

Bill Langford, the best referee the country today, officiated at the Penn-coming games between Yale and Michigan game, and will referee the Princeton and Harvard and Yale.

ELIZABETH CITY MERCHANT SUICIDES

H. T. GREENLEAF, A PROMINENT TAR HEEL MERCHANT, IN FAILING HEALTH COM-MITS SUICIDE

HAD SUFFERED STROKE OF PARALYSIS

ELIZABETH CITY, Nov. 13.—H. T. Greenleaf, one of Elizabeth City's most prominent citizens, died this morning at two o'clock at his home on Mathews street, from the effect of a bullet wound in the back of his head, fired by his own hand yesterday afternoon at five o'clock.

Mr. Greenleaf had been in bad health for two years or more from a stroke of paralysis. At times he was very despondent and yesterday afternoon while at home alone with his wife in a fit of despondency, he found a pistol in the room of one of his sons and fired the fatal shot.

His wife heard the shot and gave the alarm. Help was immediately summoned and he was found lying in the floor in a pool of blood.

Mr. Greenleaf was about sixty-five years old. He is survived by a widow and nine children, Messrs. H. T. Greenleaf, Baltimore; J. P. Greenleaf, Louis Greenleaf and Jay Greenleaf, of this city; Mrs. W. G. Suero, of Baltimore; Mrs. C. A. Deans, of Atlanta; Mrs. Duskworth Glover, and Mrs. E. R. Outlaw, Jr., of this city.

The funeral services will be conducted over the remains from the Episcopal church Thursday afternoon. Mr. Greenleaf was one of the most prominent business men in Eastern North Carolina until ill health forced him to retire. He was well known and was highly esteemed by the people of Elizabeth City.

Norfolk People See Coal Go Up One Dollar Higher

NORFOLK, Va., Nov. 13.—Hard coal took a jump at retail in Norfolk today of \$1 per long ton of 2,240 pounds, and soft coal fifty cents per short ton of 2,000 pounds.

The dealers say this increase was made necessary by the conditions of the coal market, which makes this fuel hard to obtain.

Nut, stove, egg and furnace coal went up from \$7.50 to \$8.50 per ton; pea coal from \$6 to \$6.50 per ton; Pocahontas lump and splint coal from \$5.50 to \$6.00 per ton.

Only the run-of-mine soft coal remained stationary at \$4 per ton.

Southern College Conference

Spartanburg, S. C., Nov. 14.—The heads of many of the leading colleges and academies of the South met in conference here today to discuss the question of uniform college entrance requirements and other matters of mutual interest. The conference will conclude its sessions tomorrow.

ANOTHER R. R. WRECK KILLS FOURTEEN PEOPLE

FAST PASSENGER TRAIN ON THE CINCINNATI, HAMILTON AND DAYTON RUNS INTO OPEN SWITCH

WRECK QUICKLY CATCHES FIRE

INDIANAPOLIS, Nov. 13.—At least fourteen persons were killed and fifteen seriously injured at 3 o'clock this morning when an inbound Cincinnati, Hamilton and Dayton passenger train ran into an open switch and crashed head-on into a freight train at Arlington avenue, Irvington, a suburb. The train was coming from Cincinnati at the rate of forty miles an hour.

The dead: Fred Hutchinson, fireman, passenger train, Madison, Va. C. Imholt and wife, theatrical people, of Los Angeles. Albert Allen, Los Angeles, Cal. Bert White, brakeman, freight train Indianapolis.

Joseph L. Palmer, Etawah, Tenn. Charles Clancy, aged 13, Jackson, Ky. John Clancy, aged 52, Jackson, Ky. Mrs. Clifton Chancey and son, Chester, aged 5 months, Jackson, Ky. A negro porter, passenger train. Two unidentified men and one unidentified woman.

Fifteen seriously injured were taken to the Deaconess Hospital in this city. The wreck caught fire but was put out before any damage was done. Most of the dead were found in the wreckage of the first car, which telescoped the baggage car. The engineer of the passenger train is believed to be in the wreck, but the engineer of the freight escaped by jumping.

Firemen and police worked at the wreck two hours before the first body was found. Holes were chopped in the tops of the cars and the injured supplied with water, for which they cried pitifully. "I and some others are to blame," said Carl Gross, of this city, head brakeman of the freight train this afternoon. "I left the switch open and expected one of the other brakemen to close it. The switch was not closed, the wreck occurred and I am to blame."

Gross did not mention any names in connection with his statement. The body of C. Burg, the fireman on the passenger train, was not found until this afternoon. It was buried deep under the debris of the engine cab. The body of Mrs. Clifton Chancey also was identified as Mrs. Albert Allen, wife of one of the men killed. Mr. Allen was traveling alone with Mr. and Mrs. C. Imholt.

An unidentified body was carried on the list of dead all morning, but later it was found the body had been identified earlier as Charles Chancey, one of the ill-fated family of six.

Rumor has it that Tol Pendleton, the Princeton football and baseball star, is to become a professional ball player next year and sign with the Washington Americans.

RUSSIA KEEPS HER HAND OFF

Will Let Serbia Fight Her Own Battles

AUSTRIAS' INFLUENCE PREVAILS

Turks Have A Worst Enemy To Fear, Cholera Having Broken Out Within The Army's Ranks

LONDON, Nov. 13.—All the European powers have agreed to the Turkish proposal made last week that they should inform the Balkan nations of the Turkish request for mediation and to inquire from them whether they are willing to formulate terms on which negotiations could be opened. Steps in this direction are about to be taken by the representatives of the powers.

St. Petersburg, Nov. 13.—Russia does not intend to go to war over the question of Serbia obtaining a port on the Adriatic Sea, according to Sergius Sazonoff, the Russian foreign minister.

M. Sazonoff informed M. Popovitch, the Serbian minister here, that this decision had been reached as the result of conversations between the German ambassador to Russia and himself.

The Novoe Vreyma and other newspapers denounce the Russian government's policy as one of vacillation and surrender.

Premier Kokovsoff expressed the opinion today that the dispute between Serbia and Austria would be settled by compromise.

Turks Made Desperate Sortie
Sofia, Bulgaria, Nov. 13.—A desperate sortie was made by the Turkish garrison of Adrianople yesterday, according to the Mir. After five hours fighting the Turkish troops were driven back by the Bulgarian besiegers. The Turks lost heavily. Russia Will Only Give Serbia Friendly Support

Vienna, Nov. 13.—A significant dispatch from St. Petersburg is published today in the Neues Wiener Tageblatt. It says:

"The attitude of official circles in St. Petersburg in their judgment of Austro-Serbian relations has undergone a radical change. Foreign Minister Sazonoff has given the Serbian Minister to Russia to understand that Russia will take no direct part in the question of a port on the Adriatic, but will leave it to be settled by negotiations between Austria and Serbia, in regard to which Russia is willing to give Serbia her friendly support while avoiding any tension of the Bulgarian government has so far not shown itself favorable to the idea of entering Constantinople, according to M. Natchovitch, former Bulgarian foreign minister, in an interview with the correspondent of the Neue Freie Presse at Sofia.

Bulgaria, he said, wanted to have Constantinople and Saloniki made free cities. The Bulgarian army, he continued, would halt before Constantinople and leave the fate of the Turkish capital to the decision of the powers.

Powers Working to Avoid Widespread Conflict

London, Nov. 13.—A much more hopeful feeling prevails today in regard to the international situation created by the Balkan war.

The situation is still full of difficulties, but the attitude of all the powers in working for a peaceful settlement will, it is believed, result in avoiding an actual conflict.

Serbia, however, has not yet replied to the Austro-Hungarian suggestion that a Servian occupation of Albanian territory or of a port on the Adriatic Sea will not be tolerated. At the same time a Servian army continues its march toward the Adriatic coast, and in one report from Belgrade, it is said has actually reached Durazzo.

The Russian government, acting in direct disregard of public feeling in Russia, has notified the Servian minister at St. Petersburg that Russia will not go to war over the question of an Adriatic port. Germany regards the Albanian situation with entire confidence.

800,000 Red Cross Christmas Seals have been shipped into North Carolina through the State Red Cross Seal Commission with headquarters in Charlotte. These are being sent out to the various cities of the state to be placed on sale during December. 80,000 have been sent to Wilmington, where the sale of the seals is being promoted by a committee under the leadership of Mrs. Cuthbert Martin, president of the local Chapter of the American National Red Cross Society.

Charlotte is planning to sell 100,000 seals. 50,000 have been sent to Asheville and the same number to Winston-Salem. Raleigh gets 40,000 and other cities in proportion. The smaller cities are falling into line also. Tryon gets 2,000 seals, Oxford 10,000 and Elkin 1,500. No community is too small and none too large to have its share. All the money received from the sale of these Christmas stamps goes to help fight tuberculosis. The seals are used as decorations on Christmas letters and packages sent by mail or express and are much more decorative than much of the fancy fancy paper and ribbons used. They are very decorative and deservedly popular. Every one who buys these Red Cross Seals is helping to stamp out the dread disease, tuberculosis.

Here's one who is proud of the Pitt county fair and we believe all the folks have the same feeling about it.

Russia Keeps Her Hand Off

(Continued from page 1)

It is understood Count Von Berchtold, the Austro-Hungarian foreign minister, has proposed to give extensive privileges to Serbia in connection with the projected Adriatic-Danube railway.

Vienna appears to be even more optimistic than Berlin and the Zeit goes so far as to say that the crisis is over.

Serbia has yet to be heard from in regard to these proposals. She believes that Austria aims at her political and economic subjection which would break up the alliance of the Balkan nations. With an independent Serbia, Austria fears that her Serbian subjects would want to join their conationalists.

In the meantime the Albanian chiefs at a meeting at the seaport of Avolna have proclaimed the autonomy of their country.

Turkey is one more reported to have made a direct appeal to the Balkan allies for mediation.

Turkey is now in a better position to ask for an armistice, as it is understood strong reinforcements of Turkish troops have reached Tchatalja and might hold out there for days if not weeks. The duel between the Turkish warships and the Bulgarian artillery appears still to be in progress at Rodosto, on the Sea of Marmora.

The garrison of Adrianople has made another desperate sortie and, according to Bulgarian accounts, has been driven back into the fortifications.
