King Sol Smiles Gracefully on Young Pitt County as Children Parade to Warehouse-Holding Fair

Riot of Colors Streak Through Streets in an Endless Chain of Boys And Girls Carrying the Banners of Their Respective Schools

EDUCATIONAL DAY OF SECOND ANNUAL PITT COUNTY FAIR TREMENDOUS SUCCESS

More People in Greenville Today Than Ever

Under perfect weather conditions the second day of the second annual Pitt County Fair opened up with a mammoth school children's parade; a parade in which were represented all the schools of the county. From early morning until the parade began its march from the court house, Greenville was the one central point of the county. Train after train brought its load of visitors and by half past ten this morning the town was packed, jammed solid with people. The greatest and biggest crowd ever in town! That's just what educational day of the Pitt county fair did for Greenville today.

The school officials of the county are to be congratulated on this morning's turn out. From ten to ten-forty school children in formation of schools passed a given point, the line of march extending easily from the court house right up to the Gum warehouse, where the fair is holding. From the littlest tot to the young lady who will next year go to increase the number of teachers in the county was there. All happy and full of the life which belongs only to school folk. A kindly sun smiled on the youthful aggregation and a moderate breeze helped the crowd read the names of the schools inscribed in the many flags.

The parade organized in front of the court house and headed by the fair officials and township chairmen marched down Main street and into Dickinson avenue, thence to the Gum warehouse. The order of march was as follows:

Training School, Ayden graded schools, Farmville high school, Griffon graded school, Winterville high school, Grimesland school, Forbes school, Red Banks school, Bruce school, Simpson school Dist. No. 4, Chicod township Dist. No. 7, Smith Town school, Galloway's school, King's Cross Roads school, Bethel graded schools, Beaver Dam township, Tripp's Chapel school, Fountain school, Stokes school, and Greenville graded and high schools.

The streets along the line of march were packed solid with visitors most of them parents of children in the parade. Cheers were given to the favorites and the Wilson Concert Band, stationed at Fourth street, had a tune for all of them.

All of the schools maintained a perfect order during the march and but very few interruptions occurred during the progress to the Gum warehouse.

Immediately upon the arrival of the schools at the Gum a public reception in honor of State Superintendent of Instruction J. Y. Joyner, was given, and the children and young people released to enjoy the fair.

Although over 7 hundred exhibits were listed yesterday, the secretary and his assistants were again kept busy in the early part of the morning listing still more exhibits. Everybody who had anything of interest to show, entered into the spirit of the fair and wanted to be an exhibitor.

The youth of the Association could certainly never be judged by this year's performance. Although in its second year of existence, the accomplishment of the association is simply wonderful. Last year's success was considered a great one, yet the fair is this year five times as large and five times as interesting from the exhibit's point of view as it was last year. It has also, brought to Greenville more people to view it than ever were congregated in the county seat.

Everything was done as though it had been placed on wheels, not a hitch occurring in regards to any of the arrangements. The different town ship committees have all been on the spot when it came to doing their duty towards the object of the association and the result is the greatest success ever attained at a fair of this nature. The association aimed at a fair of the people, by the people and

for the people and in every instance it has accomplished what it set out to perform. But little idea as to the energy required to "get up" this fair can be obtained from the outside, yet the workers that made this great meeting of town and country, possibly deserve a world of credit.

Judging of exhibits began yesterday and already many are the proud-to-be owners. We hope to give a list of successful exhibitors at a very early date, although we wish to state that in order to be perfectly sure of our list some two or three days may have to elapse.

Disfranchisement Threatens Several Voters in Buck-State

STEUBENVILLE, Ohio, Nov. 14.—County Prosecutor Paisely was today summoned to Columbus, where on Saturday he will confer with Attorney General Hogan concerning alleged election frauds in Jefferson county.

It is said the Attorney General has been informed that conditions similar to those uncovered by Judge Glaid in Adams county several years ago, when more than two thousand voters were disfranchised, prevail in this county and the Attorney General has decided on a thorough investigation.

He will be represented by an assistant attorney general when the Jefferson county grand jury meets next Monday.

Charges of irregularities have frequently been made in connection with elections here, but legal proceedings have never been before attempted.

Girl Who Shot Mother in Pullman Sleeper in Nervous Collapse

PHILADELPHIA, Nov. 14.—United in their grief, the father, brother and finance of Miss Gladys Elizabeth Myers, who accidentally shot and killed her mother on a railroad train near Bristol, Pa., are with the girl today at a hotel in this city.

The father, J. R. Myers, of Greentown, Pa., arrived late last night, while J. R. Myers, Jr., the brother and J. Blair Dillard reached the city from Salem, Va., early today.

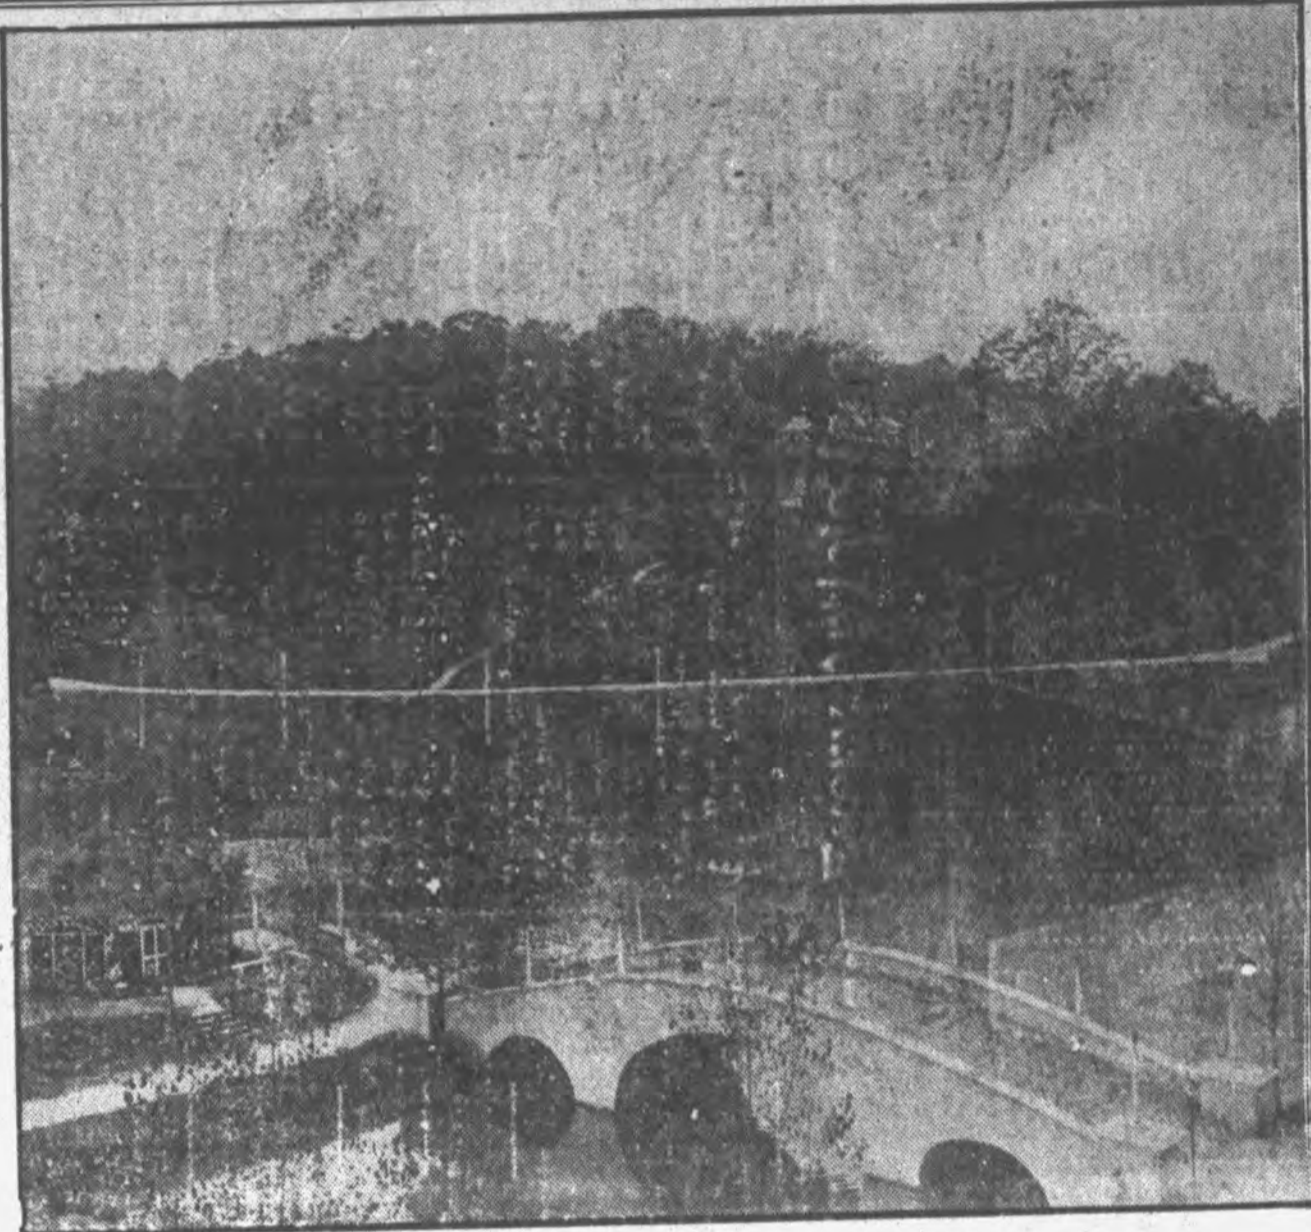

The girl was brought to Philadelphia from Trenton last night by friends. Miss Myers is prostrated over the sad occurrence and it is said she lies near a breakdown.

WYTHEVILLE, Va., Nov. 14.—When the trial of Sidna Allen, leader of the band that shot up the Carroll county Court at Hillsville last March, was continued today, a story of the tragedy in which five persons lost their lives, was told again by James Early, who was a juror at the trial then going on and by Dexter Goad, clerk of the court, who was wounded.

It was on these two men that the Commonwealth relied in the trials of the other Allen clansmen. Their stories were told in detail without variance from their recital at the previous trials.

Allen's counsel closely cross-examined both witnesses but with little effect upon their testimony.

Lotus Club to Entertain Taft
NEW YORK, Nov. 15.—The Lotus Club of this city has completed elaborate arrangements for its dinner tomorrow night at which President Taft will be the guest of honor. It president of the university he fitted up a suite of rooms in "Seventy-Nine Hall" for his office.

The above view shows the Forestry Building, completed, National Conservation Exposition. To the left of this building, as an annex, will be erected the Minerals Building. These buildings will occupy the most beautiful site on the grounds, the elevations being such as to afford a bird's-eye view of lakes, drives, buildings and amusement district.

WILSON ISSUED HIS TURKEY-DAY PROCLAMATION

IN IT THE PRESIDENT-ELECT REFERS TO ELECTION CAMPAIGN AS A PEACEFUL ONE.

"WITHOUT VIOLENCE OR PASSION"

PRINCETON, N. J., Nov. 14.—As Governor of New Jersey, President Elect Wilson today issued his annual Thanksgiving proclamation, drawing attention to the conduct of the political campaign just closed "without violence or passion."

The proclamation says: "Another year of peace and prosperity has passed by. The life of the State and of the nation has been undisturbed by war or pestilence or disaster of any kind. We have been free to choose our own way, and have gone through the varied actions of a great political campaign without violence or passion. The hope of our people has arisen with an increase of their life, and God has been very gracious to us in all his dealings."

Members of the class of 1879 of Princeton, the Governor announced today, have arranged to give him a dinner at the University Club in New York City Friday night. It will be a private affair but will bring together one of the most distinguished classes that has graduated from Princeton.

Beside Gov. Wilson, some of the more prominent members of the class include Mahlon Pitney, associate justice of the Supreme Court of the U. S., Cleveland H. Dodge, the banker, C. H. McCormick, president of the I. C. H. Co., Dr. A. Woodruff Halsey, president of the Board of Foreign Missions of the Presbyterian Church; Lynn Helm, president of the California state bar association and member of the executive committee of the American Bar Association, R. H. McCarter, formerly attorney-general of New Jersey; Dean W. F. Magie, of Princeton; Congressman Chas. Talcott of Utica, N. L., and a number of others who have become prominent in their respective communities.

The class has contributed a dormitory to the university and its individual members have been among the chief financial supporters of the institution.

The dinner will be the first occasion on which the class has individually honored Woodrow Wilson since he entered public life. When he was president of the university he fitted up a suite of rooms in "Seventy-Nine Hall" for his office.

TREASURER McCLUNG HAS RESIGNED OFFICE

PRESENT SECRETARY TO PRESIDENT TAFT, CARMEL THOMPSON, THE PROBABLE SUCCESSOR.

GIVING BACK PLACE TO HILLES

WASHINGTON, Nov. 14.—Announcement of the resignation of Lee McClung, as treasurer of the United States, was made by President Taft today. Mr. McClung tendered his resignation to the President at a conference at the executive mansion early today, and its acceptance was later announced by the President from the Executive offices, with the explanation that Mr. McClung resigned voluntarily.

It is believed that Carmel Thompson now private secretary to the President will succeed him.

Mr. McClung's resignation becomes effective as soon as his successor is appointed. The treasurer declined to discuss his retirement in any way today, but it was rumored that his resignation came as the result of continued friction with Secretary McVeagh.

Mr. McClung was one of the treasury officials named by Assistant Secretary A. Platt Andrew, as having been in continued controversy with the Secretary of the Treasury when Mr. Andrews in a letter accompanying his resignation, declared that the Secretary and his associates were not in harmony.

Mr. McClung held a two-hour conference with Secretary McVeagh at the latter's home yesterday, and it is understood the result of that conference was the offer of his resignation to the President today. He was appointed Treasurer of the United States November 1, 1909. Before that, Mr. McClung, who was a noted Yale football star, had been identified with the Southern Railway and from 1904 to 1909 had been Treasurer of Yale University.

Big Land Show Opens in Gotham

NEW YORK, Nov. 15.—Twenty-five states and several of the Canadian Provinces are represented by exhibits at the second annual New York Land Show, which was opened in the Seventy-first Regiment Armory today and will be continued until December 2. The exhibits include farm products of every kind, together with charts, pictures, models and machinery illustrating the most improved methods of raising farm products, the care of stock, drainage, irrigation, etc.

AUTOMOBILE TURNS OVER 150 FEET CLIFF

WOMAN OCCUPANT OF THE CAR PINNED UNDER WRECKAGE MEETS DEATH INSTANTLY.

MEN WITH HER REFUSE IDENTITY

NEW YORK, Nov. 14.—An automobile containing four men and a woman tumbled backward over a 150 foot precipice at the edge of Highland Boulevard in Brooklyn just before midnight last night, killing the woman, Mrs. Andrew Reid, and seriously injuring two of the men.

The men, who declined to give their names, explained that the chauffeur had lost control of his car while attempting to turn it around on the narrow roadway.

Mrs. Reid was the wife of a Brooklyn manufacturer. Her husband found her body lying in a suburban police station tonight.

He declared that he knew nothing about the ride and was unacquainted with the two injured men, who are held on a charge of homicide. After making this statement to the police Reid collapsed.

The two uninjured male passengers in the wrecked machine took to their heels after the accident and escaped. Mrs. Reid's jewelry, valued at \$6,000 was found in the pockets of one of the injured men.

Virginia Gave its Favorite Son, Wilson, a Record Vote

RICHMOND, Va., Nov. 14.—Complete returns from every precinct in Virginia in the election of November 5 show that Woodrow Wilson polled a larger vote than has ever been accorded a Democratic candidate for any office in Virginia under the new Constitution. His total is 90,338, a gain of 7,372 over the vote for William Jennings Bryan in 1908.

On the other hand the combined vote for William Howard Taft and Theodore Roosevelt, which is 46,014, is less than the total cast for Taft four years ago. The completed vote for Taft is 23,277 and for Roosevelt 21,737. Together these votes make 45,014, against 52,573 for Taft in 1908.

Wilson's majority over Taft and Roosevelt combined is 45,324.

TURKS STRONGHOLD FINALLY CAPTURED

Adrianople Reported Carried by Bulgars

MASSACRE FOLLOWS VICTORY

Servian Dispatch of Official Origin Tells of Great Victory That Was Scored by the Bulgars

Belgrade, Servia, Nov. 14.—A report that the Turkish fortress of Adrianople has fallen before the attack of the Bulgarian and Servian allies is current here but without confirmation in official circles.

Turkey Asks for an Armistice
London, Nov. 14.—With the Turkish armies beaten in every battle during the months' war and now behind the fortifications at Tchatalja defending the capital of the empire, the Ottoman government has appealed to the Bulgarians for an armistice pending the opening of negotiations for peace, according to an official dispatch received from Constantinople today.

What terms, if any, Turkey has proposed have not been disclosed. They must, however, in the opinion of diplomats, be unlimited, if they prove acceptable to Bulgaria. With the last defenses of Constantinople almost in her hands, Bulgaria is not likely to consent to an armistice except on conditions giving her full military advantage.

Turkey will have the support of the European powers in her request for a cessation of hostilities. The representatives of the various nations at Sofia have now received full instructions regarding the proposal of mediation and they held a meeting at noon today to discuss the method to be adopted for making the communication of the Turkish request to the Bulgarian cabinet.

Armistice Will Only Affect Fighting near the Capital.

The armistice asked for by Turkey will affect only the fighting at the Tchatalja fortifications while the step the European powers have taken as the object of putting an end to the war in all parts of the Balkan peninsula.

Until the powers succeed in influencing the allies in the direction of peace the fighting at Adrianople, Monastir, Scutari and in other portions of Turkey's once vast European domination will continue, no matter how Bulgaria regards the appeal made by Kiamil Pasha.

While, therefore, Turkey's recognition of the realities have smoothed the bath of diplomacy and may result in Constantinople, the Dardanelles and perhaps some other parts of her European possessions being left to her and prevent a scramble for them by the powers, there is still some serious questions to be dealt with. Among these are notably those positions of Albania and the Servian ambition to have a port on the Adriatic Sea.

The tendencies of the powers to respect each other's interests make the outlook open more hopeful especially in view of Russia's determination to not go to war about the matter. It is thought that a European conference will find a way out of the difficulties. A dispatch from Alessandria confirms the previous reports that the Montenegrin army advancing on that town has suffered a reverse.

Insinuate Bulgars are Guilty of Atrocities.

Berlin, Nov. 14.—Insinuations that the Bulgarians have been guilty of atrocities against the Turks and that the present war is more of a butchery than ordinary warfare are made by a thewar correspondent of the Vossische Zeitung.

Telegraphing from Semlin, Hungary, opposite side of the river from Belgrade, the correspondent declares he has been reliably informed that the Bulgarian troops mutilated the bodies of the Turkish soldiers after the Battle of Kirk Kiliseh and carried Turks' heads about on the points of their bayonets. He continues: "Barbarism is fighting barbarism and century old hate is fighting century old oppression."

GREAT IS THE PITT COUNTY FAIR

The second annual Pitt county fair closes this afternoon and becomes a matter of history. That it was in every way a splendid success goes without saying, and the people of Pitt county have cause to feel proud of what they accomplished. In fact there are no people anywhere who can surpass those of Pitt county in anything, for whatever they undertake to do they always do well. This fair brought people here from quite a distance and many of them who had visited several other fairs this year were frank to say that none of them went ahead of Pitt county.

The Pitt county fair differs from almost all others in that it is strictly a county fair. It consists only of exhibits of the resources of the county and a coming together of the people of the county to see their own and their neighbor's products and a pleasant mingling together of the people of the towns and the country. The schools of the county add interest by joining in making one day an educational day. While the premiums for exhibits are possibly not so large as some other fairs offer, they are made up by voluntary contributions from the people and are sufficient to cause much friendly competition among exhibitors. No charge is made either for entering exhibits or for admission, making the fair free to everybody.

Another unique and commendable feature of the Pitt county fair is that all manner of shows, concessions and catch-penny fakes that pull money out of the people are shut out.

While much could be said about the work of the officers and managers of the fair and the cause they have for their congratulation, there is a personal reason for not speaking of this except to say they put their best efforts in it and did all that could be done to make the fair a splendid success.

This is My Birthday

Gen. Robert H. Hall, U. S. A., retired, was born in Detroit, Nov. 15, 1837. In his boyhood he removed with his family to Illinois and he was appointed from that state to the West Point Military academy in 1855. He graduated from the academy on the eve of the civil war and saw active service from the beginning to the end of that great conflict. He distinguished himself at the battle of Lookout Mountain and later in the battle on the Weldon Railroad in Virginia. After the war he was for years engaged in frontier service. In the war with Spain he was appointed brigadier-general of volunteers. Later he was sent to the Philippines, where he saw much active service against the insurgents. He conducted the expedition to Binangonan, and after occupying that place he took possession three days later

of the island of Polillo. General Hall was placed on the retired list in 1901 on account of age and has since resided in Chicago.

Labor Notes.

Cleveland housemaids are demanding overtime pay and every other evening off.

Laborers are much wanted in the nitrate fields of Chile and in fallway construction.

There is a movement on foot in Providence, R. I., to increase the pay of the public school teachers.

The new Industrial Banner, printed in the interest of workers, has made its appearance in Toronto, Ont.

For the last ten years the average number of days worked per week by the miners of the United Kingdom was 5.19.

During the recent session of the British Trade Union congress compulsory arbitration of trade dispute was strongly opposed.

Moving pictures, their development and production, mean study employment in all the business for about eighty thousand persons in the United States.

The New York State Federation of Labor is requesting all legislative candidates to pledge themselves to vote for a workmen's compensation measure in the next legislature.

The second move of the American Federation of Labor to reorganize the stockyards unions, broken up at the time of the great butchers' strike in 1904, will be made this winter.

San Francisco, Calif., Barbers' Union adopted a resolution that every member of that organization shall, in an effort to help the movement for union goods, wear five garments that bear the union label.

The Trade and Labor Congress has grown to proportions which have made it the great militant force in Canada for the protection of the interests of organized and unorganized France has probably the most cooperative stores and organizations of every kind for the aid of the toilers, its members.

Three of the largest labor organizations in Canada have now formed provincial federations in Ontario, the bricklayers, the brotherhood of carpenters and the printers. The musicians of the province are discussing the matter.

All male employes of the General Electric Co. of Schenectady, N. Y., receive a pension on reaching the age of 70 years, if they have been in the company for 20 years. Women are pensioned at 60 if they have completed this service.

According to records of the interstate commerce commission, within the last five years, and the great volume of the increases has come within the last three years.

The International Brotherhood of Painters, Decorators and Paperhangers has announced the result of the drawing from membership in the A. F. of L. National Trades' Department. The proposition was defeated by a 6 to 1 vote.

MRS. LARAMORE TELLS TROUBLES

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia. I suffered misery after eating, and had terrible heartburn.
I thought I had to suffer this way as long as I lived, but when I began to take Theodor's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress.
I took two small packages in all, and although that was some time ago, the dyspepsia has not returned.
I speak a good word for Theodor's Black-Draught whenever I have the opportunity."
If eating causes distress, we urge you to try Theodor's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver.
It acts gently and is without bad after-effects. Try it. Price 25c.

COTTON PICKER A SUCCESS

The Campbell-Price Picker Demonstrations in Edgecombe

INTEREST TO COTTON FARMERS

Mr. Zeno Moore, Edgecombe Farm Demonstrator, spent Tuesday night in Greenville and incidentally spoke of the tests given in that county recently of the Campbell-Price Cotton Picker.

The machines were used on the farm of Miss Lucy Staton in upper Edgecombe and the farm of Mr. G. A. Holderness, near Tarboro. In each test the picker demonstrated that a mechanical cotton picker was a reality and a resolution in the cotton harvesting is near.

The picker is driven by a gasoline engine and picks one row at the time, going at the speed of the average plow horse. It takes no trash or dirt, picking it nicer than by hand. It also picks the cotton clean from the bolls without damaging the stalk or green balls. Its capacity varies with the amount of open cotton, but it will not pay to use the picker until the cotton is near all open. Its capacity is from five to seven acres per day, depending upon conditions of the land. One man to look after the engine and run the picker and another to pack the cotton in the cotton bag or box are all required to do the work.

The costliness of the picker will bar its use by the small farmer. It costs \$5000.00 but will pay on large farms like those of Texas and some other states.

How Bad Backs Had Been Made Strong—Kidney Pills Corrected

All over Greenville you hear it. Doan's Kidney Pills are keeping up the good work. Greenville people are telling about it—telling of bad backs made sound again. You can believe the testimony of your own townspeople. They tell it for the benefit of you who are suffering. If your back aches, if you feel lame, sore and miserable, if the kidneys act too frequently, or passages are painful, scanty and off color, use Doan's Kidney Pills, the remedy that has helped so any of your friends and neighbors. Follow this Greenville citizen's advice and give Doan's a chance to do the same for you.
T. R. Moore, 918 Evans st., Greenville, N. C., says: "I can recommend Doan's Kidney Pills, for I have used them with the greatest benefit. I was troubled by lameness in my back and my kidneys did not do their work as they should. I got Doan's Kidney Pills from the John L. Wooten Drug Co., and I had not used them long before I received relief. I can say that this remedy acts just as represented.
For sale by all dealers. Price 50c. Foster Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other."

A letter received in London from a member of the American embassy in Constantinople depicts the terrific condition of the Turkish wounded arriving at the capital. The letter adds that the Turkish government has lost control of the city and seems helpless.
