

AMERICAN TROOPS SHOOT BANDIT AND GET TWO CAPTIVES

Pursuing Troops Giving Mexican Bandits Race for Their Lives.

EIGHTH CALVARY STILL PURSUING IN CANYONS

Mexican Press is Bitter Against Action of the United States, Said.

(By The Associated Press.) Marfa, Aug. 21.—American troops are continuing to drive into Mexico after the bandits who held for ransom the American aviators with the cooperation of the Carranza forces. One bandit was killed and two captured by the pursuing Americans. Heavy rains have obliterated the trail but the Eight Calvary troops pushed on through canyons and are pushing on through the south passes of Candelaria. The Mexican press is bitter against the Americans who are crossing the border as additional supplies are rushed to the troops in the field. General Truneda with 250 Carranza cavalry are in camp near the Americans.

GERMAN SEAMAN WOUNDED IN FIGHT WITH AMERICANS

Copenhagen, Aug. 21.—Fights between American and German sailors at Neufahrwasser resulted in wounding one German seaman and several civilians, according to Danzig dispatches. The disorders grew out of a quarrel in a dance hall. The civilians were said to have joined the fray in an attack on the Americans, who were reinforced by French seaman and charged through the crowds. Several shots were fired from Dreystor and frontier guards dispersed the crowds.

BANDITS HOLD UP AND ROB COLUMBUS PASSENGER TRAIN

Nashville, Aug. 21.—Four bandits held up the Louisville-Nashville passenger train No. 7, between Columbia and Pulaski, and escaped with mail pouches.

WILSON ASKS INFORMATION AS TO LIVING CONDITIONS

Washington, Aug. 21.—President Wilson has asked further information as to labor and cost of the production of coal, steel, copper, meat, canned goods as means of determining to what extent it influences the high cost of living as requested in a resolution by Representative Carr.

HUNGARIAN FORCES READY FOR ATTACK NEAR GRACIAS

San Salvador, Aug. 21.—The Hungarian government forces, under General Carcamo are preparing for a campaign against the city Gracias, which is held by the revolutionaries.

HIGH WAGES ARE BEING PAID IN SHOE FACTORIES

Boston, Aug. 21.—Inquiry into the high cost of shoes by the county grand jury today developed that some shoe workers had been earning \$120 a week. These instances were few but it was testified that many made \$80 a week, while the average was about \$40. Boys have been getting \$30 a week. It was said that a pair of shoes sold by a manufacturer for \$5.50 was displayed in a store 400 yards from the factory marked \$12.

MORE TANKS ARE SHIPPED OVER ON MEXICAN BORDER

Columbus, N. M., Aug. 21.—Sixty-two more tanks recently were shipped from the army reserve depot here to forts on or near the Mexican border. It was learned today. During the last week 100 of the one-man whippet-type fighting machines were shipped to the border. Three thousand rifles also have been shipped to border points within the last few days. Army officers at the depot refuse to comment on the significance of the move.

NUMBER DIVORCES GRANTED IN FIRST DAY'S CIVIL COURT

Seven Divorce Cases Received Favorable Action in Opening Yesterday.

NINE CASES DISPOSED OF IN DAY'S HEARING

Work Was Carried on in Hurry by Officials, and Little Time Lost.

The legal grind in the opening session of superior court which convened in this city yesterday with Judge John H. Kerr, of Warrenton, presiding, was conducted unusually rapidly following the afternoon and morning session, and as a result seven divorce cases received favorable action on the part of the court with two other cases being directly disposed of before evening adjournment.

The day's session undoubtedly featured one of the most extraordinary sessions conducted in this section of the state in quite awhile, especially in severing matrimonial relations, and the seven cases receiving direct and favorable action assuredly surpass all former records in number of cases receiving disposition at one time and without great delay in bringing each issue to a conclusion. The court officials conducted the hearings hurriedly and with unusual precision, and therefore, probably more work was accomplished in the one day than is generally effected in a period of several days.

Judge Kerr has made a splendid impression through the interested manner in which he deals with every case coming up before him, and for that reason the work of the court is greatly facilitated eliminating in waste of time ordinarily occurring from legal entanglements. (Continued on page four.)

DUDLEY IS HIGHLY PRAISED FOR WORK IN WHISKY TRAFFIC

Superintendent of Anti-Saloon League Commends Pitt Sheriff in Letter.

The following letter praising Sheriff Ernest Dudley and his deputies for their active service against the liquor traffic of this section from R. L. Davis, superintendent of the North Carolina Anti-Saloon League, will be read with no little interest by local people have been observing the activity of the officers in their effort of doing away with the whiskey traffic in the county. The letter follows:

Daily Reflector, Dear Sirs: I have just read in your issue of August 19th the splendid record of Sheriff Dudley and his deputies in the enforcement of the prohibition laws. I want to publicly commend him and his men for such faithful work and you for giving publicity to it. Such devotion to duty on the part of officers will soon rid the state of blockade stills, and such public commendation as your paper gives will influence other officers in nearby counties to go and do likewise.

I feel sure in such work the sheriff has the full support of all law-abiding citizens, whom I believe to be a good majority in every county in North Carolina, and that when the primaries and elections come on next year they will give emphatic proof of the same.

HIGH PRICE PROBE BRINGING RESULTS IN MANY SECTIONS

Palmer Says Prices Beginning to Ease Off in Many Different Lines.

SUPPLY AND DEMAND IS STILL HOLDING ITS OWN

The Difference Between Stored and Hoarded Foods is Explained.

Washington, Aug. 21.—Attorney General Palmer said today there was evidence that the government campaign to reduce the cost of living already was bearing fruit. A prominent vegetable packer of Maryland wrote Mr. Palmer that prices in many lines were beginning to ease off as it became evident that the Department of Justice meant business in announcing that criminal prosecutions against hoarders and profiteers would be instituted wherever the law was violated.

"We want to make clear, however," the Attorney-General said, "that nothing we can do can change the immutable economic laws on which prices depend. If we can increase the supply by greater production and lessen demand by greater saving on the part of the people, then the cost of living should come down. We can help this along by forcing hoarders to put of the market food held out for an advance in prices and further by holding up to public scorn or by prosecuting if congress gives us the criminal amendment to the food control law those who are guilty of trying to exact a greater profit than is reasonable and just. We are going to make the market—that is the law of supply and demand—operate normally instead of artificially."

WILSON DECLARES HE HAS NO POWER TO EFFECT PEACE

Says He Will Not Consent to Such Step Until Treaty is Ratified.

(By The Associated Press.) Washington, Aug. 21.—President Wilson says he has no power to declare peace by proclamation nor will he consent to take such a step prior to the ratification of the peace treaty by the senate in reply to the twenty written questions submitted to him by Senator Fall after the White House conference. The President further states that immediate ratification of the acceptance of the league of nations covenant would certainly reduce the high cost of living through the restoration of commerce and the reduction to normal conditions. The German overseas possession, says is nearly given in to the trusteeship of allied powers, and no title to ownership is conveyed under the treaty.

SHOOTS NIECE AND THEN ENDEAVORS TO KILL SELF

Bethlehem, Pa., 21.—Because Mrs. James Williams, aged 45, his niece, refused to go auto riding with him, W. A. Fambold, aged 60, is alleged to have fired four shots at her and then shot the weapon on himself. The woman was hit in the right arm and right side. Wambold was shot in the abdomen.

Both were rushed to St. Luke's Hospital where it is said they are not dangerously wounded.

THIRTEEN PERSONS ARE INJURED NEAR ROANOKE

Roanoke, Aug. 21.—Thirteen persons were injured in a derailment of the Norfolk & Western passenger train near Boyce, when five cars left the track.

COLORED FIREMEN HAD GAY TIME IN TOWN YESTERDAY

Races and Parade of State Firemen of Special Attraction Yesterday.

SESSION BROUGHT TO CLOSE LAST EVENING

Next Meeting of Association Will be Conducted in Concord, N. C.

The 29th annual session of the North Carolina Firemen's Association (colored) which convened in this city the past Tuesday morning, was brought to a final conclusion yesterday afternoon following possibly one of the most successful and helpful meetings in the history of the organization, and while there were many things which prevented the firemen from carrying out all plans right to the minute, the short delays, however, detracted very little from the genuine spirit of enthusiasm that dominated throughout the entire two days.

The parade of the firemen yesterday at noon in which several companies representing various cities of the state participated, was probably one of the most important features of the day's occurrences, for immediately following the parade, the Greenville fire department gave a demonstration with its automobile truck, showing the quickness of action with which fires could be handled, and the essential points of connecting the hose in throwing water. This feature attracted no little attention from the colored firemen, as the truck made a run of several blocks in its dash for the hydrant, making every connection with an excellent display of speed and skill in handling the hose and making connections.

The races of the afternoon were de-

LOCAL PEOPLE TO COMBAT INCREASE OF FREIGHT RATE

Chamber of Commerce Will Take Action in Matter at Meeting Tonight.

If it costs you \$3000 annually to live now the 15 per cent railroad increase will make it cost you \$3450. If it costs you \$2000 annually to live now the 15 per cent increase will make it cost you \$2300. If it costs you \$1000 annually to live now the 15 per cent increase will make it cost you \$1150.

Can you afford to submit passively to this 15 per cent increase? The storekeeper, the business man, the man who sells goods of any kind does not have to pay this additional amount. It is added to the cost of the article you buy. The consumer has to pay the freight, plus the prize of the article wholesale, plus the cost of the article with the retailers overhead expenses and his profit added. Every man, woman and child in the State of North Carolina is effected. You, as a citizen, will have to pay your part of this tribute exacted by the railroads.

This matter will be discussed and a plan formulated to fight it tonight in the Chamber of Commerce rooms at eight-thirty o'clock. You are requested to be present if you are interested in saving to yourself this extra burden.

It is a well laid plan by the railroads, which if permitted to pass unchecked, will react commercially against, not only Pitt county and Greenville, but every city and county in the state.

Will you submit passively to this injustice, this plan of the railroads to take 15 per cent more out of your pockets?

It is not like our citizens to submit, without a fight, to any injustice. Come to the Chamber of Commerce rooms tonight and lend your voice to those who are putting up the fight of their lives in your behalf.

BELIEVES FEDERAL CONTROL RAILWAYS IS NOT GOOD PLAN

Herrick Says Government Control of Organized Labor is Dangerous.

WOULD ESTABLISH GREAT AUTOCRATIC POWER, SAID

Experience of Last Two Years Sufficient Proof of Lack of Efficiency.

Cleveland, Ohio, Aug. 21.—Myron T. Herrick of this city, member of The Executive Committee of the National Association of Owners of Railroad Securities, declared in a statement today that "the turning over of the vast system of railroad lines to the control of the government, and through the government to the control or organized labor, would be a long step toward the establishment in this country of an autocratic power that would imperil the liberties of the American people."

Mr. Herrick, who was formerly governor of Ohio and American ambassador to France, is a banker, director of the Erie Railroad and of the New York Life Insurance Company.

Mr. Herrick asserted in his statement that "the experience of the last two years with the railroads, as with the telegraph and telephone lines is ample proof that there is neither efficiency nor economy government control. He said that such control and operation would defeat the purpose for which the railroad brotherhoods were established and that it would involve a huge burden to the public as the value of the railroads was estimated at \$17,000,000,000.

ANOTHER WHISKEY TRAFFIC MEMBER TAKEN BY SHERIFF

Raid in Bethel Section Last Night Resulted in Capture of Old Offender

William Simons, colored man of the Bethel territory, was last night arrested at his home one mile of Bethel by Sheriff Dudley and Deputies following a raid of the man's home in which a whiskey still was located with several pieces of material for construction of new stills. No whiskey was discovered by the officers in a thorough search of the premises, but enough evidence was obtained to show that the still had been in operation for some little time, although it happened that activities were suspended at the time. Simons, who is an old offender, was arrested several months ago in connection with the sale of whiskey in the Bethel section, and was later given an 18 month road sentence in the county court, but took an appeal, and therefore, the sentence has been delayed until the hearing in next week's session of criminal court.

WILL INVESTIGATE HIGH PRICES OF SHOES, SAID

Washington, Aug. 21.—With adoption of the Igoe resolution, directing the federal trade commission to investigate increased shoe prices, the house yesterday took first legislative action toward reduction of the high cost of living.

Before adoption of the resolution, which was without a dissenting vote, the house voted down an amendment which would have extended the inquiry to other articles of clothing and food.

Mrs. E. H. Minifee and two little daughters returned this morning from a visit to relatives in Roanoke.

FIRST OPEN MOVE IN COMPROMISE IS BEGUN BY SENATE

Administration Democrats Ask for Interpretative Reservations.

REPUBLICANS WILL NOT ACCEPT ANY SUGGESTION

Opponents Stick to Convictions That Reservation Must be in Treaty.

(By The Associated Press.) Washington, Aug. 21.—The first open move for a compromise in the League of Nations fight came from administration quarters today embraced in a proposal that the Senate adopt interpretative reservations but that they be kept apart from the actual ratification of the treaty.

The overture met with no immediate success on the Republican side of the chamber. Senators of the Republican reservation group declaring they could not recede from their positions that to be effective the reservations must go into the ratification itself.

Senator Pittman of Nevada, a Democratic member of the Foreign Relations committee, presented the compromise proposal in the form of a resolution embodying in effect the four reservations agreed on by seven Republican Senators and declaring them to constitute the Senate's understanding of disputed points in the covenant.

In the Republican draft, however, it is expressly provided that the reservations "be made a part of the treaty by the instrument of ratification," a provision which Senator McNary, of Oregon, and others of the group of seven Republicans said they considered absolutely necessary if enough Republican votes are to be granted to secure ratification of the treaty.

To overcome this objection Senator Pittman proposed in a speech in the Senate that the resolution be adopted at once and submitted to the other powers who will be represented on the league council. A general debate developed during which Senator Borah, Republican, Idaho, and others took exception with President Wilson's distinction between moral and legal obligations under the covenant as expressed in yesterday's White House conference between the President and the Foreign Relations committee.

Many people express opinions, but few form them.

KEEP AN EYE ON THE TIRES AND BATTERIES

The tires that relieve your car from the shock of the road, and the storage battery that supplies current for lighting and starting are similar in several ways, according to Mr. H. M. Phillips, the local Willard expert.

It's easy to see that there is a resemblance between the air held under pressure in the tire and the electricity held ready for service by the battery. In both the tire and battery you are depending on common but invisible forces.

Of all points of similarity between tire and battery, however, the strongest is that of care required. Your tires, for instance, may go on mile after mile without giving you a bit trouble. Then on a little stretch of rough road there may come a "pop" and you're on a flat tire. The tire was a good fire up to the minute it blew, and could have been repaired at small cost, but for weeks, perhaps that spot may have been wearing deeper into the casing.

These conditions are closely paralleled in the storage battery with electricity instead of air as the force to be held in check; and the insulation in place of the tire casing. When the battery is new the insulation is perfect just as a new tire casing is free from flaws. As time goes on some slight weakness may develop. If you watch your battery these can be taken care of at very small cost and no serious trouble will come up.

No matter how perfect your tires or battery are it pays well to keep your eye on them and stop the little troubles before they develop into big ones.

JUDGES AND WHISKEY TRAFFIC.

Now that there are an unusually large number of whiskey cases awaiting hearings before the courts of this county, we believe that the time has come for public officials to exert every possible influence to see that the members of the traffic get everything coming to them. Pitt county will never be able to get rid, or to eliminate the whiskey traffic in the slightest way until men in judicial positions realize the importance of giving the illegitimate practice a long remembered blow every time an opportunity is presented them. The lower courts of the county, of course, have done everything within their jurisdiction in an endeavor to bring about more concerted and decided action in eliminating the traffic, but so far very little has been accomplished owing to the lack of co-operation on the part of the officials in the higher courts. The situation is indisputably plain, for as we have seen it, the men who have been convicted of transporting and selling liquor are given de-

termining punishment by members of the lower courts well acquainted with the conditions in this section of the country, but their efforts are invariably given required attention by officers of the higher courts who do not realize the severity of the local situation, and therefore, generally reduce the sentences when unmitigated punishment is the only thing absolutely essential in reducing the sale and dispensation of the vile beverages in the locality. There is nothing that can possibly bring about a change in the present deplorable conditions unless the men in judicial position in the lower courts receive full co-operation of the men higher up, and it would be well for every judge holding court in this section of the country to carefully weigh and consider the result of his verdict in every whiskey case before his decision is rendered. This is the only way that North Carolina is going to ever be able to rid itself of the demoralizing and degrading influences of the drunkard and whiskey dealer, therefore, it is only just and fair that every member of the court give the momentous question the thought which it so justly deserves.

Pitt county has accomplished wonderful results in its persistent battle against the whiskey traffic simply because it has a certain body of men who believe in doing their utmost in giving the distillers adequate punishment for the participation, but, as we have observed things recently, every force should as well lay down and abandon the fight as a hopeless one unless they are to receive the undivided attention and assistance of the men entirely responsible for a continuance of the illegitimate game at this time. It is a hopeless battle, a few persons battling against an almost invincible foe, if immediate assistance is not given, and for that reason, and that reason alone, it should be the purpose of every judge and court official to thoroughly investigate every separate liquor case coming up before them and see that the parties concerned get not the slightest sympathy.

Drastic action is imperative, and if the members of the court do not give the situation the attention that is so vitally necessary in reducing the traffic, it will certainly be useless for officials in the future to endeavor to interfere with liquor sales, because their efforts will be hopeless and without the slightest benefit to the future safety and protection to the public which they are trying to serve faithfully and efficiently.

UNJUST FREIGHT RATES.

We believe that it will be a direct advantage to every individual business man of this city to be in attendance at the special session of the Chamber of Commerce to be conducted in this city tonight for the purpose of determiningly opposing the successful increase of freight rates to all North Carolina shipping points as is being planned by the railroad administration at this time, presumably to meet the continued advancing wages of employees of the various companies of the nation.

While it is undoubtedly true that the railroads of this country have been operated at a loss to the government during the past several months, we do not see the justice of continuing to increase the freight rates simply because the railway operatives continue to demand higher pay. North Carolina people are no more justified in paying a 15 per cent increase simply because the railway employees demand an increase in wages than it would be in paying out its money for some useless purpose. There is absolutely no reason for an increase of the kind now under consideration. Simply because men demand increase in wages is no reason that they should be granted their desires. To get at the bottom of the whole matter, labor is entirely responsible for the high prices in every part of the county at the present time. Common labor is demanding more every day, and as long as this continues and people are indiscreet enough to pay it, there is certain little relief in view in the future.

There must certainly come a stopping point some time. Things cannot possibly continue as they are, and when people open their eyes to conditions as they are, and realize that as long as they continue to pay more money for services considerably less than the total amount invested, then, and not until then, will action be taken to bring down the cost of living through reducing wages. When the cost of production is lowered to a reasonable extent the situation will be entirely changed, and the man who at this time is paying twice the required sum for producing something for which there is no market will evidently find it to his advantage to lower prices.

The truth cannot be evaded. The enormity and inconsistency of the matter is plainly evident. It is the same with the railroads as with everything. There can be no change for the better until the directors of the different com-

panies are convinced that the public is not going to pay the increased rates, then, there will be only one alternative for them to take, and that is to stop recognizing the demands of the brotherhoods and organized unions. Employees of the railroads will continue demanding increases in pay as long as they receive it, they will live up to their earnings if they receive twice as much as they are paid now, and as a change is inevitable for the future, why not go about the work now.

The whole truth of the proposed increases for the future are undeniably in evidence, and in refusing to pay the increases the people of this city and the entire state are only doing what other would feel it imperative to do in the same place. The time has come when the high costs of the times must be determinedly and persistently combated, and it is up to the people of Greenville to do their part in endeavoring to prevent the increased rates. Attend the Chamber of Commerce meeting tonight.

tanglements and obscure presentation of evidence. The following cases received disposition yesterday.

James Marslander vs. Minnie Marslander, white, divorce absolute. Mamie Rogers vs. E. O. Rogers, white, divorce. John Bryan Dixon vs. Freddie Dixon, white, divorce. Henry Harris vs. Annie Harris, colored, divorce. Mary McNeil vs. James McNeil, colored, divorce. James R. Crocker vs. Emma Crocker, divorce. Carter Morgan vs. Annie Morgan, colored, divorce.

In the case of R. L. Sumrell vs. J. S. Fleming, judgment was rendered in favor of the plaintiff. The suit of the Continental Jewelry Co., vs. Walter Buck, in which the plaintiff was suing for a back account of \$192, was disposed of the defendant being completely exonerated of the charges through splendid evidence.

COLORED FIREMEN HAD GAY TIME IN TOWN YESTERDAY

(Continued from page one.)

laid for a short time owing to undeveloped arrangements, but after the reels and wagons were lined up ready for action every part of the program was pulled off with precision and accuracy. In the hook and ladder race, Tarboro won from Oxford by a narrow margin the time being 34 seconds against 35 4-5. Tarboro also won from Oxford in the grab race in 32 1-5 seconds, with Oxford coming in at the speed 34 seconds. In the Wilson and Oxford reel race, Wilson won out in a 37 second dash, the latter town making the trip in 38 seconds. In the grab race, the big attraction of the evening, Oxford won out over Wilson in 20 and 2-5 seconds, the other town making the trip in 21 4-7 seconds. The horse hose wagon race was the principal feature of the day, Greenville winning out over Wilson by several seconds. Greenville's time in this race was 30 1-5 seconds, the Wilson company making it in 40 seconds.

The next meeting of the firemen will be held in Concord, and according to the officials of the association, every effort is going to be made in making it one of the most successful in history of the association.

100 Per Cent Cured Offer Extended:

In as much as so many were unable to be treated, I will extend my offer of **CURING RUPTURE** at half my usual fee, and extend the time to September 1st. All who want to take advantage of this offer, who were unable to get here before, can do so. A good many were refused and several are under observation, as I would not take a case unless sure of a CURE. This will be your last OPPORTUNITY of getting this treatment here, as I will move to Philadelphia September 15th. So if you are RUPTURED and want to be CURED the OPPORTUNITY is yours, to be TREATED at HALF PRICE, and be CURED by the PAINLESS and BLOODLESS method, without an OPERATION, and done in ONE TREATMENT. Write a day or two ahead for an appointment.

 DRUGGIST URBANNA, VA.

Many a girl after visiting a drug store appears in the pink of condition. Yes, Hazel, a man is supposed to be landed when he owns real estate or when he invests in a marriage license.

No man is wise in the eyes of a fool. Referring to the agitation by railroad employees through the offices of their organizations in favor of government ownership of the roads, Mr. Herick said:

The Best Market In The State

GREENVILLE AVERAGED MORE THAN ANY MARKET IN NORTH CAROLINA LAST YEAR.

Gentry and Gorman are the Leaders of Greenville
The Market will open September 2nd.

WE EXPECT VERY LARGE SALES THE FIRST DAY, AND THEREFORE ADVISE SOME OF THE FARMERS TO DELAY SELLING UNTIL THE LAST OF THE WEEK AS WE BELIEVE PRICES WILL THEN BE ESTABLISHED AND HIGHER. WHEN YOU DO SELL, DRIVE TO GENTRY AND GORMAN'S AND YOU WILL GO HOME SATISFIED.
