

RAILROAD CREDITS
GAINING INTEREST
IN SENATE CIRCLE

Judge Lovett States that Roads Cannot be Restored at Existing Rates.

SAYS PROBLEM SOLELY
QUESTION OF CREDITS

There Must be Government Regulatory Machinery Included in Plans.

(By The Associated Press.)

Washington, Aug. 23.—Private operation of railroads cannot be restored at existing rates, Robert S. Lovett, president of the Union Pacific Railroad, told the House Interstate Commerce Committee during a discussion, in which he contended the railroad problem "is solely a question of railroad credit."

Howard Elliott, president of the Northern Pacific, another witness, urged early adoption of a national transportation policy, declaring delay only tended to make "all classes uncertain and unsettled." In adoption of the transportation policy he thought congress should observe four principles as follows:

Government regulatory machinery to encourage the present transportation system so that rates will pay all costs, including new capital needed for expansion of facilities; abandonment of credit method of adjusting wage and working disputes, with substitution of "a sane method of deciding these questions," including abolishment of strike; modification of the Sherman law to permit consolidation and making of Federal authority supreme in regulating rates, securities and accounts. Railroads should have the right to initiate rates, Mr. Elliott argued, adding that the Interstate Commerce Commission should have the right of suspension and review.

AMERICAN CALVARY COMBINING
MOUNTAINS FOR THE BANDITS

Santiago, Aug. 23.—The American calvary and aviators are combing the mountain passes south of the border today along a 130 mile strip, between the Pacific ocean and the Gulf of California, in search for Lieutenants Waterhouse and Connely the American flyers who disappeared Wednesday while on patrol duty, following the erroneous report that they have been found. Radio and telegraph services and carrier pigeons are being used by the scouts.

SUGGESTS BORDER PATROL
FOR MEXICO AND AMERICA

Mexico City, Aug. 23.—Louis Cabrer, secretary and treasurer has suggested that Mexico and United States establish a joint border patrol to protect lives and property as means of avoiding international complications.

RESIGNATION OF ARCHDUKE

Paris, Aug. 23.—The supreme council has not received a notice of Archduke Joseph's resignation, but expects a confirmation of the report within the next few days.

HONORABLE DISCHARGES WILL
DISPLACE ORDINARY ORDERS

Washington, Aug. 23.—The navy yard department has announced that honorable discharges will be given to all men who received ordinary discharges after service during the war with Germany.

SEVERAL THOUSAND POUNDS
STORED FOOD IS RELEASED

New York, Aug. 23.—Thousands of pounds of stored food were released for consumption after the agents of the Federal attorney's office had threatened the owners with jail sentences. Attorney Barnes said he preferred to circulate the food rather than prosecute the hoarders.

ANOTHER WHISKEY
STILL FALLS INTO
HANDS OF SHERIFF

Sheriff Dudley and Deputies Last Night Captured Still Near Grimesland.

HEBER HARDY ACCUSED
OF DISTILLING LIQUOR

Prominent Young Farmer of Section Charged With Complicity in Traffic.

Continuing their unremitting efforts in an endeavor to reduce the whiskey traffic in this section of the country, Sheriff Dudley and deputies last night made a raid in the Grimesland territory which resulted in the discovery of a still, 10 gallons of monkey rum and 1000 gallons of beer near the home of Howell Hardy, two miles southeast of Grimesland and the subsequent arrest of Heber Hardy, 26 years old son, who pled guilty of being connected with the traffic, and completely exonerated his father and brother of any complicity with the affair by statement to the sheriff before he was released under \$500 bond.

The arrest of young Hardy produced no little comment in this section of the country as the family is well connected in the Grimesland territory and of the usual type of substantial Pitt county farmers, therefore, the discovery of his participation in manufacture and dispensation of whiskey has brought about no little surprise in every section. It is not known how the information of the young man's complicity became known to the officers, for anyone acquainted with conditions would have never suspected anything of the kind and even the authorities were surprised at the final outcome of the information leading to the investigation. GENERAL DICKMAN
SAYS PAY BANDITS
TOTAL OF RANSOM

Would Pay It In Order to Insure Safety of Americans in Section.

Marfa, Aug. 23.—Continued co-operation by the American and Mexican troops in hunt for the bandits who held the two American flyers for ransom, is still continuing. General Dickman has renewed the efforts to pay the bandits the remaining \$6,500 ransom money with which Captain Matlock escaped with after rescuing the captives. The general said that the United States should not brake word even to bandits and also that failure to pay the money might cause treachery on the part of the Mexicans in dealing with the Americans.

APPOINTED FOR GERMANS

Paris, Aug. 23.—A coal commission has been appointed to co-operate with the Germans in an effort to avert disaster threatens by shortage in Silesia.

SAYS WILSON WAS MISTAKEN
ABOUT OUR TRADE IN GERMANY

Washington, Aug. 23.—Declaring President Wilson was "mistaken" in information he gave the foreign relations committee Tuesday about resumption of trade with Germany, Senator Fall, New Mexico, a Republican member of the committee, told the senate today that during June export trade to Germany amounted to more than \$8,000,000 and that merchant ships were sailing direct between American and German ports.

On June 28, Senator Fall said, a vessel cleared from New Orleans carrying a large cargo direct to Hamburg, and later was reported as sailing from Hamburg on return.

FARMERS MEETING HERE
ON SEPTEMBER THIRD

Congressman John H. Small has arranged for a farmers' educational meeting for Pitt county to be held in Greenville on Wednesday, September 3rd. There will be forenoon and afternoon sessions, the first beginning at 10 o'clock a. m., new time. The subjects to be discussed and the men and women who will present them will prove helpful and inspiring. At least one distinguished woman will talk about home-making. Ladies and members of Girls' Clubs are urgently invited. The ladies will find Greenville's Best Room at their convenience while here. It is suggested that luncheon be brought.

This should be made a great day for Pitt county farmers, their wives and daughters. Matters of interest and importance will be discussed during the meeting.

PRUSSIAN POLICIES
SAID TO BE CAUSE
OF RECENT UNREST

World War Was Direct Result of Dangerous Sentiment of That Nation.

Berlin, Aug. 23.—"The reason why the whole world rose up against Prussia and Germany and not against England is plain to everyone who had observed the Prussian policy in Poland and the Prussian administration in Alsace," asserts Professor F. W. Foerster, of the University of Munich, writing in the Tageblatt.

"England practised much might to be sure, but it has also given the world much freedom and justice," he added. "She succeeded in reconciling the Boers whereas we were unable in forty years to regain the sympathies of the Alsations who are German to the core. That speaks volumes."

"The isolation of Germany from Hague conferences is irrefutable proof in dominating circles that Germany is possessed of different mentality than the rest of the world."

He charges Germany with having erred in the exchange of the Versailles notes on the question of guilt and states that many one-sided accusations might have been combated more effectively if Germany had not again endeavored to defend untenable positions with rank sophistries.

HOUSE AND ROOM RENT WILL
BE ON GOVERNMENT PROGRAM

Washington, Aug. 23.—House and room rent was added tentatively to the last of necessities subject to regulation under the food control act by the house today in considering the administration measure for combatting the high cost of living. Proposals to include gasoline, coal oil and raw cotton to the list were defeated, but the addition of food, feeds, wearing apparel, fertilizers and other commodities was approved without objection.

Efforts will be made in Senate to include in the food control bill amendment against rent profiteering and against excessive charges for kerosene and gasoline, which were voted down in the house.

COUNT MINOTTO WILL SOON
RENOUCE ITALIAN BIRTH

New York, Aug. 23.—Instead of sailing yesterday for Copenhagen on the Frederick VIII, as reported, Count James Minotto, son-in-law of Louis F. Swift, Chicago packer, who was detained for a brief period during the war on a technical charge because of his birth in Germany, intends not only to remain in the United States but to renounce his Italian citizenship and become an American. "Mr. James Minotto," as he prefers to be called, will apply for his final citizenship papers within a short time and drop his title.

HEROISM OF NAVY
MEMBER HONORED
ON PACIFIC TODAY

San Francisco People Pay Tribute to Memory of Lieutenant Marcus.

SHIP IS LAUNCHED WITH
NAME OF THE DEAD HERO

Conduct of Young Man Highly Praised by Officials in Naval Service.

San Francisco, Aug. 23.—The heroism of the late Lieutenant Arnold Marcus, of the United States navy, in navigating to safety the explosion-torn submarine A-7 at Manila in July, 1917, while he, himself, was suffering from fatal burns, was commemorated here today in the launching of the United States destroyer Marcus. The craft's sponsor was Mrs. Arnold Marcus, of San Francisco, widow of the young officer.

Burned and otherwise badly injured by an explosion of gasoline vapor in the hold of the A-7, Lieutenant Marcus refused aid for himself until he had insured the safety of the crew and beached the submarine. In a letter to Mrs. Marcus, who is the only daughter of Paul Cowles, of Chicago, superintendent of the Central Division of The Associated Press, Secretary of the Navy Daniels recently wrote:

"The conduct of your husband was that of a most gallant officer, and, though fatally injured, without regard to self, devoted every action and thought to the care of his vessel and men."

Lieutenant Marcus was a graduate of the Annapolis naval academy with the class of 1913. He had served in Mexican waters and was attached to the Asiatic fleet when he met his death. He was the son of Lady Young, wife (Continued on page three.)

MOORSVILLE GIRL
DROWNS IN RIVER

Margaret Brawley, Falkland Visitor, Drowned While in Swimming.

TRAGEDY OCCURRED LATE
YESTERDAY AFTERNOON

Lives of Other Were imperilled in Trying to Save the Young Woman.

Miss Marguerite Brawley, aged 20 years, of Mooresville, N. C., the house guest of Miss Lucy Crisp, of Falkland, was drowned at that place yesterday afternoon, while in swimming at Pillsboro Landing.

Miss Brawley reached Falkland Thursday afternoon from Wrightsville to visit Miss Crisp, with the intention of spending a week or two as her guest. Yesterday afternoon about three o'clock Misses Crisp, Brawley and Messrs. Lewis, Richard and Gorham Crisp went down to the river to go in swimming. Miss Brawley was standing on a sand bar and stepped off into a deep hole. Miss Crisp seeing that she was having trouble, swam to her rescue, and in an effort to save her, she was pulled under twice, and carried out of the water in an unconscious condition. Mr. Gorham Crisp in his effort to save the drowning girl was also pulled under twice but managed to swim to the shore, while the other two boys succeeded in carrying their sister to safety.

It was about two hours later before the young lady's body was found. Misses Brawley and Crisp were classmates at the State Normal, Greensboro, and were members of the 1910 class of that school.

Miss Brawley is from one of the (Continued on page four.)

PACKERS OPPOSED
TO LATE FEDERAL
CONTROL OF FOOD

Bill Regulation Distribution and Prices of Food Strongly Opposed.

SENATE WITNESSES SAY
THEY ARE TIRED OF IT

Important Packers Waging Strenuous Campaign to Defeat the Bill.

(By The Associated Press.)

Washington, Aug. 23.—Federal regulation of the packing industry, proposed in the Kenyon and Kendrick bills now on hearing before the Senate agriculture committee, found neither friends nor advocates in the long list of witnesses who aired their views today.

Though these testifying came from points all the way between Missouri and Georgia, and their occupation ran the gamut from farmers, through feeders, stockers, retail butchers and dealers in produce, while their opinions as to the reasons and responsibility of high cost of living were diverse and occasionally most forcefully put, the packers, all insisted, should be let alone. Interference with them, the tenor of the statements ran, would be dangerous to the consumer and everybody else.

"We've had governmental control of railroads and telephones and telegraphs until we're plumb worn out, and we don't want any more," W. P. Carpenter, stock feeder of Tarkis, Missouri, assured the committee. "I'm in favor of the man who can produce the cheapest going ahead as far as he can. That is the way to cut down the cost of living."

MEXICAN GOVERNMENT WILL
NOT RECOGNIZE PERU CHANGE

Mexico City, Aug. 13.—The Mexican government does not recognize and will not recognize the new government of Peru, recently installed by a coup d'etat according to a story printed by El Democrita, which adds that the Mexican government on the anniversary of the Peruvian independence, did not send the customary cablegram of felicitation.

The annual meeting is always largely attended by teachers from all over the state. Two thousand delegates are expected at the meeting this fall.

OFFICIALS PUZZLED OVER
SYMBOLS ON COLUMBIA RIVER

Spokane, Wash., Aug. 23.—Whether painted symbols on the rocky banks of the Columbia river, in Klickitat county, Washington, are Indian symbols or whether they are the records of early Teutonic explorers is to be submitted to experts of the bureau of Indian affairs at Washington, D. C., for their verdict.

That the pictures are fragments of early history of the tribesmen of the Pacific northwest is the belief of W. S. Lewis of this city, secretary of the Eastern Washington Historical society. He believes they are 250 years old.

The theory that they are the writings of European travelers of many hundreds of years ago is held by Olaf Opsjon, a student of archeology who resides at Dishman, near this city. The same symbols also discovered by Mr. Opsjon, he says, on a big stone on the seashore north of Boston, Mass.

SATURDAY, AUG. 23, 1919.

COUNTY AGENTS HOLD CONFERENCE.

Beginning today, Farm Demonstration Agents from all over North Carolina, assemble for their annual conference. The meeting is not a general one open to the public, as will be the Farmers' Convention during the following week, but it is held for the purpose of permitting the agents to secure the data and informational matter worked out by the Experiment Station during the past year. The meeting continues through the 25th and 26th, with the agents remaining over for the remainder of the week to attend the Farmers' Convention. It is essentially a meeting of workers of men who as leaders in their respective counties are coming together informally and earnestly to discuss their mutual problems, exchange ideas, and profit by each others experiences.

In addition to studying the results of experimental work on the Station farm, some of the problems which will be discussed and studied will have to do with rural sanitation, practical lighting systems and water systems, and round table discussions as to the best methods of conducting demonstration work in the State. Approximately one-hundred agents will be here. They came first to attend the Short Course, bringing with them some of the leading young men of the rural sections of their different counties.

During the conference all of the different problems affecting the work will be discussed. The co-operative marketing of farm products and livestock by various methods will be one of the important items. Saturday afternoon will be given over to a meeting by districts. Mr. C. R. Hudson, State agent, will preside over the joint meetings while the district agents will have charge of their sectional conferences.

Greenville Chamber of Commerce is along right lines when the business men get their heads together. Moving as they did on such important matters as were considered Thursday night's meeting shows the trend of their operations. And it is not out of place right here to say that every business man in the community should be a member of and co-operating with the Chamber of Commerce.

Now that the new amendments to the food control act has received favorable consideration by congress, we'll bet the profiteers cut out so much of their crookedness before the pleasure of paying out \$5000 or serving a long term in jail is given for their participation in the excessive price game. Palmer is playing his end of the game somewhat different from what some expected, but it is more than evident now that he fully intends to bring the high prices to a final end sooner or later.

When President Wilson gets through explaining the disputed points of the League of Nations it really appears that some of the disgruntled opponents should find themselves well enough informed to cut out so much noise over something that doesn't directly concern them. The league will undoubtedly be fully efficient without so much talk, and for that reason, it really appears that the chronic grouch would learn this fact sooner or later.

When Secretary Daniels gets through travelling over the world several nations will have had an opportunity of seeing just what kind of stuff old North Carolina is capable of producing. The affable secretary is in Honolulu now, and if he makes the same impression with the Hawaiians that the islands music has found in this country, well, there is not but one thing to it—every dancer on the islands will do a continuous pirouette performance in honor of their distinguished visitor.

The Mexican government may have an idea the United States is going to continue to put up with the usual form of depredation along the border, but it is an assured fact they have something yet to learn. Rebels may destroy American life and property, but it would not do for any information to leak out that Carranza has had anything to do with the atrocities of the past.

Late news dispatches say that more than twenty Spaniards have been arrested in Mexico as a result of plotting against the Carranza government. And somebody has been whispering in our ears that Carranza didn't even know he had any controlling interest in that nation. Bandits don't believe it, anyway, if so they certainly forget easily when dealing with American people in that district.

The man who made the discovery that sixteen car inspectors in the railroad yards at Rocky Mount are on the work that four men could do, may be getting down to the cause of the railroads trying to increase freight rates to maintain the pay rolls. Cut off the surplus workers is the easiest way to save the difference.

If there were several more men like Sheriff Dudley in this county the whiskey traffic would receive such a jolt that even the blockaders would forget whether they have been selling monkey rum or participating in a war against an invincible foe.

When that \$200,000 just advanced by the war financing department to railroads and cattle growers gets in circulation, there's not but one thing about it—every person now raising perfectly good families will announce their candidacy for cattle growers.

If the Mexican bandits are caught they will find that the ransom money is not enough to hire lawyers who can keep them out of jail.

If that increased freight rate proposition gets through we will all need somebody to ransom us out of a hole.

When those proposed reservations to the league of nations get mixed in with the principal trend of the ratification another howl will be heard from certain little fellows endeavoring to grapple with a mighty large problem. President Wilson has told them what's what in the entire issue, and it cer-

A SOLID CARLOAD OF FORDSON TRACTORS. READ WHAT MR. J. J. MAY, OF GREENVILLE, R. F. D. No 2 HAS TO SAY ABOUT HIS FORDSON TRACTOR.

TESTIMONIAL

This is to certify that I bought a Fordson Tractor, one Oliver Tractor Plow and one Disc Harrow for Tractor. I broke up and disced my farm with this Tractor. I have cut all my Oats, Wheat and Grain, ginned my Cotton and thrashed my wheat and oats. I think it is the nicest thing a farmer ever had on his farm.

It has saved me at least \$350.00 in labor alone. I have never had any trouble with the Tractor and it is now in perfect condition. I would not take twice what I paid for the Fordson Tractor if I could not get another.

If you want to save money on your farm I advise you to go to John Flanagan Buggy Co., and buy a Fordson Tractor at once. I bought this Tractor in March, 1919.

J. J. MAY.

N. B.—Mr. May was formerly a member of the board of Pitt Couny Commissioners.

WE CORDIALLY INVITE THE FARMERS TO CALL AT OUR FACTORY AND INSPECT THESE TRACTORS AND HAVE THEM DEMONSTRATED. WE WILL PROVE TO YOU THAT YOU CAN HAVE THE SAVE EXPERIENCE OF MR. MAY.

THE PRICE OF THESE TRACTORS IS \$750.00 F. O. B. FACTORY. WE INVITE YOU TO GO TO MR. MAY AND HEAR FROM HIM PERSONALLY HIS OPINION OF THE FORDSON TRACTOR. THE FORDSON TRACTOR IS MADE BY HENRY FORD, THE MAKER OF THE FORD CAR.

MARRIAGE LICENSE ISSUED SINCE REPORTS YESTERDAY

The following marriage licenses have been issued by the register of deeds for registration since the reports of yesterday:

White—J. S. Smith, of Falkland, to Ora Peaden, Falkland.

Colored—Johnnie Little, Greenville, to Anna Whitchard.

WILL URGE ALDERMEN NOT GRANT POOL ROOM LICENSE

A petition is being signed by people of the northern part of the city to be presented at the next meeting of the Board of Aldermen urging that license not be granted to parties intending to open a pool room in the building on Evans street, owned by Wiley Norcott, colored. Reasons advanced for the opposition is that patrons of such a place would disturb the residents of the neighborhood, and therefore, it is believed that the petition will receive favorable action.

DEEDS OF TRANSFER FILED SINCE REPORTS YESTERDAY

The following deeds of transfer have been filed in the office of the register of deeds for registration since the report yesterday:

Elizabeth McGlohon to J. D. McGlohon, consideration \$100.

J. E. Lane to S. Simon, consideration \$400.

J. E. Lane to C. W. Dunn, consideration \$1218.

"JOE" GOES FISHING AND FINDS SOME SNAKE

Assistant Postmaster Joe B. McGowan had a vacation day yesterday and concluded he would go fishing. Strolling along the banks of the river a little below the wharf he came on a large moccasin snake that had crawled out for a sunbath. As fish were not doing much biting, Joe decided to try some game anyway, so went after that snake. After dispatching the reptile he "took his measure" and found it to pull down 54 inches by the tape. That was some snake, and Joe avers there was no accompaniment to his supply of fish bait to make him "see snakes" either.

Mr. and Mrs. Louis Johnson and little daughter, of Greensboro, who have been visiting relatives here, have returned home.

HARRY G. MORGAN WILL BE WITH LOCAL TAILORING CO.

Mr. Harry G. Morgan, who for the past several months has been conducting a tailor shop in this city, over Frank Wilson's store, will hereafter be located with the Greenville Tailoring company as a result of an agreement with members of the firm. Mr. Morgan is a tailor of exceptional ability, and while he has only been in this city for a few months, his work during that time has established a very enviable reputation among local people desiring expert service in this line. It is expected that his late connections will increase the advantages of all parties concerned, and give the city even better service than heretofore.

Innoculations are available by application at the office of the health department, and in this way every person may make themselves immune.

MR. JOE ROWLETT

ARRIVES IN THIS CITY

Mr. Joe Rowlett, who has been with the American Expeditionary Forces in France, and who before entering service lived in this city, arrived this morning to visit friends and relatives. His many friends are glad to have him back.

WARNING, TAKE HEED.

All persons owning property located on the sewer lines must have installed thereon water closets by October 15th, 1919.

All persons owning property not located on the sewer lines must have installed thereon by October 15th, 1919 sanitary privies to be approved by the County Health Officer or the Town Sanitary Inspector.

All property owners who have not complied with these laws by the said date October 15th, 1919 will be served with warrants, and each and every day thereafter in which these regulations have not been complied with constitute separate offences for which additional warrants will be issued.

Greenville has enjoyed the convenience of water works and sewerage twelve or thirteen years, and yet there are numbers of houses on sewer lines that have not been connected with sewerage and the people living therein have been using open privies, to the detriment of the health of the entire town. And the town for this length of time has lost the revenue which should have gone to pay the expense of maintaining the sewer system.

The General Assembly of North Carolina of 1919 passed a State law requiring that all houses not located on sewer lines should have sanitary, fly proof privies installed by October 15th 1919. Therefore all open surface closets will have to be destroyed or converted before the said date.

The foregoing is given as a timely warning so that all persons can comply with the law by said date. These laws will be strictly enforced.

ANOTHER WHISKEY STILL FALLS INTO HANDS OF SHERFF

(Continued from page one.)
Investigation of the premises result-
ed in the discovery of a five gallon jug
of monkey rum, a dozen crates and
several jugs, which fired the officers
anticipation of greater things, and con-
tinuing their search about 150 yards
from the home a 60-gallon capacity
still was located hardly secreted from
view of people entering that portion of
the premises. A few yards away about
500 gallons of beer, ready for distilla-
tion, were located, also some kindling
wood, glass jars and other things neces-
sary to complete a still outfit.
Several hundred yards from the still
the officers run across 12 barrels of
beer, 12 or 15 empty barrels and five
gallons of the beverage that has been
imperilling the lives of so many per-
sons throughout this immediate part
of the country.

Further search was without avail,
and after all of the beer had been de-
stroyed with the still being put out
of operation, the sheriff and his men
were at the point of placing Mr. Hardy
and his two sons under arrest, when
Heber told the officers that his father
and brother were disinterested parties
in the illegal traffic. He was placed
under a \$500 bond to appear for trial
in the next term of county court.

26th day of July, 1919, the following
described parcel of real estate, lying,
being, and situated in Farmville town-
ship, in the county of Pitt and State
of North Carolina to-wit:

Being that parcel of land lying to
the west side of the road leading from
Farmville to Marlborough, and bound-
ed by the lands of B. O. Turnage, R.
L. Davis and others, and being the
same parcel of land which the said
Nathan Sanders purchased of W. M.
Lang, and whereon the said Nathan
Sanders now resides, and containing
about one acre, more or less.
This June 23th, 1919.

R. J. COBB,

ALBION DUNN, Attorney.

GLAD TO TESTIFY

**Says Watoga Lady, "As To What
Cardui Has Done For Me, So
As To Help Others."**

Watoga, W. Va.—Mrs. S. W. Gladwell,
of this town, says: "When about 15 years
of age, I suffered greatly . . . Sometimes
would go a month or two, and I had
terrible headache, backache, and bearing-
down pains, and would just drag and
had no appetite. Then . . . it would last
two weeks, and was so weakening,
and my health was awful.

My mother bought me a bottle of
Cardui, and I began to improve after
taking the first bottle, so kept it up till I
took three . . . I gained, and was well
and strong, and I owe it all to Cardui.

I am married now and have 3 children
Have never had to have a doctor for
female trouble, and just resort to Cardui
if I need a tonic. I am glad to testify to
what it has done for me, so as to help
others."

If you are nervous or weak, have head-
aches, backaches, or any of the other
ailments so common to women, why not
give Cardui a trial? Recommended by
many physicians. In use over 40 years.
Begin taking Cardui today. It may
be the very medicine you need.
