

SECRETARY BAKER BELIEVES SYSTEM IN COURT IS RIGHT

Says Court-Martial Procedure Only Needs Slight Change in Construction.

UPHOLDS KERMAN THAT COURTS RULES ARE RIGHT

Many Officers of Nation Are in Favor of Law and Think It Necessary.

(By The Associated Press.)
Washington, Aug. 25.—In approving the report submitted to him by Major General Francis J. Kerman, head of the special War Department board on courts-martial and their procedure, Secretary Baker today took the official stand that the present system should not be changed except in minor details. Inferentially, the Secretary upheld General Kerman's view that "courts-martial have always been agencies for creating and maintaining the discipline of armies" rather than agencies for the "nice exemplification of technical rules of law."

The War Department board's report reflected the opinions of 225 officers who were circulated. More than half of these gave hearty approval to the present system, 43 condemned it as basically wrong and the remainder, a total of 67, pointed out specific weaknesses which they thought should be remedied. Temporary officers were about equally divided for and against any changes.

The most serious defect in the existing system, the report asserts, arises from the "lack of competent trial judge advocated and counsel" and as a remedy it is recommended that defense counsel be appointed for each general and special court-martial, and that special inducements be offered young officers to study law in order that they may be fitted for these and other special duties.

RESIGNATION OF ARCHDUKE ANNOUNCED IN MESSAGE TODAY

Paris, Aug. 25.—The resignation to the Hungarian government of Archduke Joseph is announced in message received by the Supreme council. A new cabinet has been formed, it is reported.

COUNCIL PLANS TO CONSIDER TREATY WITH AUSTRIA TODAY

Paris, Aug. 25.—The supreme council has planned to consider the treaty with Austria this afternoon. The treaty will probably be handed to the Austrian delegates tomorrow with five days given for consideration.

DOCK WORKMEN VOTE FOR GENERAL STRIKE, STATED

Marseilles, Aug. 25.—Dock workmen have voted to call a general strike demanding twenty francs for an eight-hour day scale.

SAYS INCREASE IN PRICES

FOOD TO MARK KENYON BILL

Washington, Aug. 25.—L. D. H. Weld, manager of the research department of the Swift & Company, told the senate agricultural committee that a further increase in the cost of food would result from the passage of the Kenyon bill for the control of the packing industry. He criticized the reports of the federal trade commission on the packing industry as inaccurate and misleading.

BELGIUM OFFICIALLY TAKES POSSESSION THRU MALMEDY

Paris, Aug. 25.—Belgium has officially taken possession of Malmédy, the district ceded by Germany under the peace treaty.

SEARCH CONTINUED FOR TWO AMERICAN AVIATORS

Santiago, Aug. 25.—Search is still continued for Lieutenants Waterhouse and Connelly, the two American aviators who have been missing since last Wednesday.

ALDERMEN ARE TO BE ASKED TO GET FIRE DEPARTMENT

Petition Will be Presented for Additional Equipment for Tobacco Town.

PEOPLE ARE GREATLY IN FAVOR OF PROJECT

Petitions Are Now Being Signed and Will be Presented Next Meeting.

Information has just been received from a reliable source that a movement has just been launched by a number of prominent citizens to bring about the establishment of a fire company in the southwestern section of this city, in which practically all of the tobacco warehouses and factories are located with a number of other important city industries, and while nothing more than tentative arrangements have been perfected in the matter, petitions have been going their rounds in various circles from time to time, and the entire proposition will be presented at the next meeting of the board of aldermen, in which a strong plea will be presented in behalf of the project.

The movement is an outgrowth of sentiment which for sometime has been centered on the necessity of a modern fire-fighting equipment in tobacco town to protect the interests of that section, and while the matter has been withheld for several months, the gradual growth and expansion of that section of the city has brought the business men to a realization that the single (Continued on page four.)

CRIMINAL SESSION OF PITT SUPERIOR COURT HAS BEGUN

August Term Opened Up in This City During Early Part of the Day.

The August term of Pitt county superior court, for the trial of criminal cases, opened in this city this morning with Judge J. H. Kerr, of Warrington, presiding and while practically the entirety of the morning hours were filled with an effort to get the cases definitely outlined for action during the week, it is believed that several cases will have received hearing by closing of the court this afternoon.

There are a number of criminal actions to be disposed of during this term including two or three capital charges, and although quick and decisive work is anticipated throughout the entire week, it is hardly probable that only a few will have been cleared from the docket at the expiration of the term. It is possible that one or two murder cases will come up about the latter part of the week, this, of course, depending entirely on the progress of the work following the opening today.

There is an unusually large number of people from every part of the county in the city today, attending the opening session of court, and as many of them are farmers neglecting their duties to fulfill their duties here, it is assured that everything is going to be done to expedite the court work throughout the week.

AMERICAN TROOPS WITHDRAWN FROM MEXICO DURING SUNDAY

Marfa, Aug. 25.—American troops have been withdrawn from Mexico after losing the trail for bandits due to heavy storms. Five bandits were killed by the Americans during the six days' hunt, but none were recaptured by the Carranzalists. It is an unconfirmed report that Jesus Renteria bandit leader has been killed. The search has started for two more American aviators, Lieutenant George Rice, U. L. Boquet, who have been missed from Royce field.

SAYS THE PACIFIC SHIPPING CENTERS MUST BE IMPROVED

American Representative Says Facilities Must be Looked After Soon.

WESTERN MARKETS ARE OF SINGULAR INTEREST

San Francisco Should be First Port to Receive Consideration, Said.

San Francisco, Aug. 25.—Shipping facilities connecting this city with the western ports of Central and South America will have to be increased very materially in the near future, if the businessmen of the Pacific Coast expect to maintain their trade supremacy in the western section of the country, affected, according to a statement given out today by Benno Schoch, the Latin-American representative of the American Finance and Commerce Company. Mr. Schoch says that Great Britain and other European nations are now entering that field with very strong competition.

"The market on the western coast of South America logically belongs to concerns doing business through the port of San Francisco," says Mr. Schoch. "And if we desire to hold our share of it, we must provide immediately the tonnage in ships to properly supply the products that markets demands. Several district lines between Japanese and American ports recently have been established."

A movement to secure more ships for South America through the Federal Shipping Boards is advocated by Mr. Schoch.

WILSON'S COURSE IN TREATY FIGHTS SUBJECT OF TALK

How Far President Will Go Is Subject of Unusual Speculation.

Washington, Aug. 25.—How far President Wilson may go in his fight for unqualified Senate acceptance of the peace treaty is a subject of increasing speculation in official and diplomatic circles.

With the group of reservation Republicans apparently determined to write their qualifications of the League of Nations covenant into the ratification itself, and with Republican leaders predicting that the Senate will amend outright the Shaunting provision and perhaps other sections of the treaty, an interesting set of possibilities present themselves.

There has been no authoritative expression of the President's probable course should the treaty be returned to him with textual amendments or reservations written into the ratification. It is told the Foreign Relations Committee Tuesday, however, that he would consider either method of qualification as tantamount to re-opening the negotiation with Germany.

Should such amendments or reservations be inserted, therefore, an eventuality which Democratic Senate leaders deny is likely, but which the Republicans say is certain—the next move would be up to the President. What he would do is a question on which those who have talked with him disagree; but a discussion of what he would be authorized to do under the law and precedents reveals a general agreement that several courses would be open.

RUMANIAN CABINET REFUSES TO ACCEPT PEACE TERMS

Paris, Aug. 25.—The Rumanian cabinet has refused to accept the peace conference decision for the division of Banat and Temesvar, between Rumanian and Serbia. Serbia, it is reported, is considering the mobilization of an army.

AMERICAN TROOPS KEEP BOLSHEVIKS FROM LAKE ONEGA

Several Motor Boats and Sailors Defending Onega Against the Foe.

THE ATLANTA HAS CLOSE SHAVE IN RECENT FIGHT

House Immigrated Committee Opening Way for Additional Actions.

Medreja Gora, Russian Lapland, Aug. 25.—Two tiny American "warcraft" a thirty-foot motor-boat from the cruiser Galveston and the twenty-four foot motor-boat from the yacht Yankton, each manned by Yankee Jack-tars and carrying machine guns and light artillery have been playing an important role in keeping the north end of Lake Onega clear of the Bolsheviki raider boats while the allied land forces moved along the shores toward Petrozavodsk.

These boats, which have been renamed Atlanta and Georgia, were brought nearly six hundred miles by rail from Murmansk and were the first Allied warcraft launched on Lake Onega. Since then British and Russian craft have been launched.

The Atlanta had a close shave a few weeks ago in a fifty minute engagement with a large Bolsheviki steamer which outranged the Atlanta's guns. Some of the shells struck within ten yards of the Atlanta which sought safety at the beach maintaining a running fire, but the Bolsheviki gave up the chase.

Jack Gora is dotted with holes and inlets wherein a constant game of hide and seek was played during the twenty-four hours of daylight.

UNION CARMEN IN POSITION TO HEAR PLANS FOR FUTURE

In Fact They Have Accepted Committee Suggestions for Time Being.

Charlotte, Aug. 25.—While the Southern Public Utilities Company made final preparations to resume tomorrow morning the street railway service, interrupted two weeks ago by strike of its motormen and conductors, the local union at a meeting today accepted the recommendations formulated last night by Mayor McNinch, the city commissioners and representatives of a committee organized several days ago by local commercial organizations.

The recommendations of the committee were declined by President Z. V. Taylor for the company, late yesterday, following his announcement that the company had withdrawn its standing offer to deal with the local union. The committee recommended recognition of the Amalgamated Association of Street and Electric Railway Employees of America, practice of the "open shop" principle, submission of wage questions to arbitration and immediate resumption of service.

While local union leaders reiterated today the statement that the union will countenance no violence on the part of its members, the car barns are being picketed by strikers and their sympathizers.

Only a curtailed service at first is contemplated by the company, it was stated tonight by one of its representatives.

Messrs. Will Whedbee, William Tyson, George Hadley, Robert Little, Howard and Joe Moye, Richard Williams and James Fleming have returned from Laurel Park Camp, Hendersonville, where they have been spending the summer.

ANOTHER WHISKEY STILL FALLS INTO HANDS OF SHERIFF

Still, Colored Operator, and Four Gallons Liquor in Sunday Raid.

OFFICERS ATTACKED BY HUNGARY BULL DOG, SAID

But Dog, However, Failed to Detract from Determination of the Men.

Manual Whitfield, colored man about 45 years of age, was Sunday afternoon placed under arrest by Sheriff Dudley and deputies following a raid on his home two miles of Stokes in which a still and four and a half gallons of whiskey were captured after the officers were furiously attacked by a large bull dog which had been placed in proximity of the still to prevent anyone getting near the place and also to warn the distiller of the presence of strangers. The large dog viciously attacked the officers when they first approached the place, but was easily put out of commission by one shot from the sheriff's gun.

The capture of the still is only a repetition of the sheriff's past endeavors launched against the whiskey traffic of the part of the country, and while his information was undoubtedly obtained from the same source as all other, it proved as correct in the final end as other cases having a similar trend as this one.

The still was located in the woods about 150 yards from the home of the operator, and a short distance away the liquor was hidden away in the bushes with the bull dog presiding over things in that region. It was at this stage of the game when the officers met opposition. (Continued on page four.)

BILL IS PROVIDED FOR DEALING WITH IMMIGRATION, SAID

House Immigration Committee Opening Way for Additional Actions.

Washington, Aug. 25.—A new method of dealing with the incoming alien problem is embodied in a bill being prepared by the House Immigration Committee. It is regarded as the most drastic measure of the kind ever presented to congress.

Adoption of the bill would mean, its framers say, literal fulfillment of the so-called "gentlemen's agreement" between the United States and Japan with respect to immigration and would keep out Japanese coolies.

Under the Root-Tokihapa agreement, Japan is obligated to send no coolies to this country, but it charged the records disclose that they arrive by the thousands, with passports as merchants, students, and the like. Once here it is alleged, they remain, send for "picture brides" raise families and their children become citizens of the United States by right of birth.

Representative Albert Johnson, of Hoquiam, Wash., chairman of the house immigration committee, in charge of the preparation of the bill says the requirement that aliens landing at American ports must have passports with a time limit will break up the great influx of foreigners. The bill provides that aliens coming within exemption clauses of the present law must obtain passports from their own governments, vised by consular agents of the United States, and limited as to time.

Mr. J. L. Little, president of the National Bank; Mr. T. J. Moore, cashier of the Greenville Banking and Trust Co., and Mr. P. L. Clodfelter, cashier of the Farmers' Bank, have returned from the Bankers' Association in Winston-Salem.

MEXICAN OFFICERS ARE STUDYING THE POINTS AT ISSUE

Mexican Administration Desires to Reach Agreeable State With America

CABRERA TALKS PARTLY FOR CARRANZA CABINET

Several Questions of International Interest Are Up For Discussion.

(By The Associated Press.)
Mexico City, Aug. 25.—The highest Mexican government officials are making a close study of the principal points at issue between the Mexican and American governments with the view of reaching arrangements satisfactory to the United States without impairment of Mexican national interests and Mexican sovereignty, according to declarations made Saturday night by Luis Cabrera, Secretary of the Treasury, and one of the leading members of the cabinet.

These points, as contained in a statement by Senor Cabrera Friday night on the necessity for a reciprocal border-guard service, are petroleum, legislative indemnifications, frontier vigilance and guarantees for the safety of foreigner and foreign interests in Mexico.

With three or four days according to Senor Cabrera the government officials will begin giving out to the Mexican press statements regarding the government standpoint on the questions at issue and the means which Mexico rightfully adopt to meet foreign governmental representations. The declarations of the secretary are somewhat of an indirect reply to critics of the administration who have been intimating that cabinet changes were necessary preliminary to meeting the present international problems.

SIBERIAN FORCES ARE NOW RETREATING ON EAST FRONT

Vladivostok, Aug. 25.—The Siberian forces are retreating on the east Russian front, and have planned to make a stand on the Ishim river, 175 miles east of Omsk.

WILSON MEETS MEMBERS OF RAILROAD SHOPMEN TODAY

Washington, Aug. 25.—President Wilson has cancelled several engagements in order to meet representative of the railroad shopmen who are demanding a 25 per cent increase in wages. The report of Hines on the men's demands is expected to be announced today.

IMPERIAL GOVERNMENT WILL EXCLUDE MONGOLIA, IT IS SAID

Tokio, Aug. 25.—It is reported that the Imperial cabinet has decided that it would insist upon the exclusion of Manchuria and Mongolia from the Consortium by which four great powers will assume dominant positions in China affairs.

INSURGENTS SURROUND CITY OF VALDIVISTOCK, IS REPORTED

London, Aug. 25.—Valdivistock has been surrounded by insurgents and filled with refugees, according to a Bolsheviki wireless report. A Jap squadron is reported to have arrived there.

GEORGE COHAN WILL JOIN STRIKING ACTORS OF NATION

New York, Aug. 25.—George M. Cohan today accepted an invitation to become president of an actors' organization opposed to affiliation with organized labor. This body was organized after he promised to contribute \$100,000 to it, retire from the producing field and devote his energies to the welfare of the actors.

Mrs. R. B. Wiggins, of Boston, Mass., who has been visiting in Petersburg, came in this afternoon to visit her parents Col. and Mrs. R. E. Cotton, at Cottoudale.

SOY BEANS WORMS AGAIN STARTING ON RAMPAGE

Another generation of soy bean worms, the arrival of which was predicted by the entomologists of the Experiment Station, has now put in its appearance in the Belhaven section of the state reports Mr. R. W. Leiby, Assistant Entomologist of the Agricultural Experiment Station, who is located in a field station on Broad Acre Ranch near Terra Ceia where he is closely studying the worm situation. The soy bean worm it will be remembered has done injury in this state from Sot Springs, in the west, to the coast. It has been reported as injurious from Massachusetts southward.

The vast majority of the moths have now hatched from their cocoons in the ground. They may be seen by the millions in most any soy bean field, where they readily fly upon being disturbed. These moths are now laying eggs which should hatch within a week. The eggs are green in color and smaller than the head of a pin. They are laid on the under side of the leaves or on the stems among the hairs. The young worms are about eighth of an inch long when hatched.

This brood of worms will be doing damage which is first seen by the farmer only after they are about half grown. Farmers are urged to be prepared to meet the attack as soon as they detect the young worms. A shaking of the plant will reveal their presence and the farmers are advised to examine their beans every few days for the presence of the worms. This brood can be exterminated in some fields and no serious injury will result if the beans are sprayed or dusted in time. Most of the real injury is done by worms which are half grown or older and the careful farmer who is interested in saving his beans will be on the watchout for the first sign of worms.

Mr. Leiby believes that this brood will be heavy enough to completely defoliate beans within a shorter period of time than the last brood and that the beans will suffer more, because most varieties will not be putting out new foliage as they did following the at-

tack of the last brood. Beans which are unable to maintain their foliage will die before the seed is mature. This has been demonstrated by the past brood of worms on such early maturing varieties as Black Eyebrow, Its Sun and Virginia.

A half dozen well equipped apartment houses would be a fine thing for Greenville.

COMMUNITY ORCHESTRA TO MEET TOMORROW NIGHT

The Community Orchestra will meet tomorrow night with Mrs. W. Z. Morton. Every member is urged to be present.

DEEDS OF TRANSFER FILED SINCE REPORTS SATURDAY

The following deeds of transfer have been filed in the office of the register of deeds for registration since the reports Saturday evening:

Mack Odham and wife to Ann Jones, consideration \$2500.

Next to Pitt Shoe Co.,

Greenville, N. C.

Saturday afternoon from 6:30 until 8 o'clock, master William Wright, the little son of President and Mrs. R. H. Wright, entertained a number of his little friends in honor of his eighth birthday.

Upon arrival the little guests were welcomed by the host, and escorted to the punch bowl, which had been arranged on the porch.

Several games were engaged in and the little people enjoyed each one of them. In the midst of this enjoyment, the little guests were silenced and told that it was "story telling hour." Then they all gathered together on the lawn, and Mrs. R. E. Ranson, entertained them for quite a while with most interesting "Fairy Stories." After a few more games, a delicious ice course was served.

Master Wright proved to be a most delightful host, and the little people were very sorry when the time for departure arrived.

He was the recipient of many useful presents.

RICHMOND MAN WOUNDED IN FIGHT IN EASTERN RUSSIA

New York, Aug. 25.—Anthony C. Krupar, of Richmond, Va., a Young Men's Christian Association field secretary assigned to Admiral Kolchak's forces, was seriously wounded during a clash with the Bolsheviks in eastern Russia on August 12, according to cable advices received at Y. M. C. A. war work headquarters here today. The message added that five other "Y" men under fire during the fight.

J. J. PERKINS
Greenville, N. C.

ALDERMEN ARE TO BE ASKED TO GET FIRE DEPARTMENT

(Continued from page one.)

company at this time protecting the entire city from loss by fire is inadequate to provide the necessary protection demanded by that section. The fact has been an outstanding feature in the minds of virtually every person for some little time, and for that reason it is expected that the petition will be presented to the city fathers with unusual determination and persistency.

The movement is one in which every person throughout the entire city is more than ordinarily interested because when the tobacco market is going at full blast with hundreds of careless smokers gathered in that vicinity a fire is liable to be started at almost any time threatening destruction to many of the splendid warehouses and business buildings, and for that reason it is believed that a well-equipped and competent fire company in that section, ready and waiting at a moment's notice, will insure greater ease of mind to property holders and give them a greater incentive for continuing constructive building and industrial operations in the days to come. The high insurance rate would be decreased to no little extent, with several other direct advantages being opened up when the people realize that they are adequately protected from loss by fire.

Although Greenville has a splendid automobile fire truck capable of making great speed and time at almost a moment's notice, it is not thought that it fully protects the tobacco district as it should, owing to the great distance of the territory from the fire department headquarters, and the condition of many of the old buildings capable of lending enough fuel to a small flame which in a short time would jeopardize the entire district. The direct advantage of two companies would undoubtedly be realized in a short time, and as the proposition is generally favored in every part of the city there is little reason why the advocates should not receive favorable attention when presenting the petitions at the next session of the city aldermen.

ANOTHER WHISKEY STILL FALLS INTO HANDS OF SHERIFF

(Continued from page one.)

sition, for the dog attacked viciously and without hesitation notwithstanding the display of guns in the hands of the authorities, and still, after being persuaded to keep at a distance, the animal continued his belligerent attitude which eventually became displeasing to the officials and resulted in his death.

The still was of the usual type used by the monkey rum distillers throughout this section of the state, and was ready for producing another big supply of the section's favorite beverage. Whitfield will be given a preliminary hearing during this week, and it is assured that he will receive the full force of the law as being administered to other men of his type awaiting trial for similar charges.

MR. H. S. WARD SPEAKS HERE IN THE COURT HOUSE

During the recess today in the court house Mr. H. S. Ward, of Washington, made a speech advocating his candidacy for congress.

It is up to the dental student to take drawing lessons.

Sell Your Tobacco In Greenville
The Best Market In The State

GREENVILLE AVERAGED MORE THAN ANY MARKET IN NORTH CAROLINA LAST YEAR.

Gentry and Gorman are the Leaders of Greenville
The Market will open September 2nd.

WE EXPECT VERY LARGE SALES THE FIRST DAY, AND THEREFORE ADVISE SOME OF THE FARMERS TO DELAY SELLING UNTIL THE LAST OF THE WEEK AS WE BELIEVE PRICES WILL THEN BE ESTABLISHED AND HIGHER. WHEN YOU DO SELL, DRIVE TO GENTRY AND GORMAN'S AND YOU WILL GO HOME SATISFIED.
