## HITCHCOCK FLINGS SCORING CHARGE IN KNOX DIRECTION

**Pennsylvania Statesman Replies to Charges Against League by Knox.**

**PULLS FEATHERS OUT OF SOME OF RECENT CHARGE**

**Declares that Number of Senators Will Never Accept Changes Proposed.**

(By The Associated Press.)

Washington, Sept. 4.—Declaring the real purpose of the Foreign Relations Committee majority in amending the peace treaty was to kill the treaty entirely and that such a course would be suicidal to the United States, Senator Hitchcock, of Nebraska, Democrat leader, asserted in a Senate speech today that the majority of the Senators never would accept any of the committee changes.

The treaty opponents, he said, "crawl on the ground with a microscope searching for pitfalls" in the league of nations and overlook substantial benefits which the treaty would bring the nation. The proposal of Senator Knox, Republican, Pennsylvania, that the treaty be rejected and a separate peace made with Germany was characterized by the speaker as an insane "mixture of poltroonery and folly."

"By a vote of nine to eight," said Mr. Hitchcock, "the committee on foreign relations is to bring squarely before the Senate the question of defeating the pending treaty. Suppose the Senate should vote in favor of the Shantung amendment or any other?"

"Either the President would refuse to go further with the treaty, or he would submit the amendment to the nations associated with the United States. Does anyone believe they would accept it? Does anyone believe that Great Britain, who has already ratified the treaty and is also under a pledge to Japan with regard to Shantung would accept the Shantung amendment? Does anyone think that France, also under a pledge to Japan would ratify this change? Does anyone suppose that Japan herself would submit to this humiliation before the eyes of the world?"

**PRESIDENT WILSON SPEAKS IN COLUMBUS THIS MORNING**

Columbus, Sept. 4.—The city is decorated to receive President Wilson who makes his first speech here today in a ten-thousand mile trip across the country in the interest of the peace treaty. The street car strike did not deter thousands from crowding in the downtown section, many coming from surrounding cities to hear President Wilson. After his speech here in the forenoon, the President is to leave for Indianapolis where he speaks tonight.

**RAILROADS DEMAND WAGES TO BE INCREASED VERY SOON**

Washington, Sept. 4.—Representatives of 600,000 members of the brotherhoods on the maintenance of railroad and shop laborers have asked the railroad wage board today to adjust their wages in accordance with the principal laid down by President Wilson.

**URGES CLOSER CO-OPERATION OF FRANCE AND AMERICANS**

Paris, Sept. 4.—The Times, commenting upon Pershing's departure, said that the immense reserves of men supplied by the United States had enabled Foch to apply the strategy which won the world war and urged a closer co-operation between France and the United States.

**WOULD ESTABLISH COURTS TO SETTLE DOMESTIC FIGHTS**

Boston, Sept. 4.—An establishment of family courts to settle domestic quarrels and thus combat the growth of divorce is suggested by Chief Justice Charles Hoffman, of Cincinnati, before the convention of the American Institute of criminal law and criminology.

## PLANTERS APPEAR PLEASED AT PRICE OF GOOD TOBACCO

**Opening of the Greenville Market Has Opened up New Era in Sales.**

**LITTLE SHORTAGES OF CROP ARE NOW EVIDENT**

**Warehouses Have Been Well Filled Since the Opening Day Tuesday.**

While there has recently been no little apprehension entertained as to the possible serious shortage of the tobacco crop throughout this section of the state on account of heavy rains and flood, it is now more than evident that the situation is not as serious as one time anticipated, not particularly from the shortage, of course, but from the fact that the opening of the local tobacco market has brought about several pleasing changes in prices for tobacco since the early opening of the markets in other territories, and therefore, the season here promises to be of more than ordinary interest, even surpassing last year's record sales as far as prices go.

The opening of the local market has raised the spirits of the farmers considerably, for to tell the truth, there were hundreds of planters in every part of the county who have been in a state of indecision since the rumors regarding low prices for the year were circulated throughout this territory, and while, naturally, there were many of

**AYDEN PAPER MAY BEGIN OPERATIONS ABOUT OCTOBER 15**

**The Dispatch Makes Announcement as to Future Publication Prospects.**

The following announcement from managers of The Ayden Dispatch, the weekly newspaper of Ayden which sometime ago suspended publication on account of not being able to secure new quarters for the plant after being deprived of its former home, will be read with interest by a number of people throughout this section of the county who were subscribers to the paper, and no doubt have missed it very much since the suspension. The announcement follows:

In our issue of the Dispatch of July 24th, we advised our readers of the temporary suspension on account of not being able to secure quarters for the publication of our paper, and we are pleased to advise you that we have started on our new brick building corner Railroad and Third streets, which will be the permanent home of the paper, and hope to be able to resume publication not later than the middle of October.

Mr. W. E. Hooks has purchased an interest in the paper and the new company will be incorporated under the name of the Andrews-Hooks Printing Company. We have purchased a high-class typesetting machine (the Monotype) and are adding other equipment which will enable us to give our readers one of the best weekly papers in the country, besides one of the best outfits for handling all kinds of printing to be found anywhere in a town the size of Ayden.

Mr. Hooks who is an experienced newspaper man, will devote his entire time to gathering news and looking after the interest of the paper and soliciting subscriptions, commercial printing and advertising.

Mr. Andrews, who is considered as good a printer as can be found in the average city shop, will handle the mechanical end of the business, thus assuring our patrons service in both newspaper and job departments unequalled in any small town in the State.

## AMALGAMATION FOR WOMEN CLUBS HAS NOW BEEN ASKED

**Women Relatives of the War Heroes to Form Plans for New Organization.**

**FIVE ORGANIZATION TO MEET AND DECIDE SOON**

**Baltimore Chapter of American War Mothers to Entertain Women.**

Baltimore, Md., Sept. 4.—Amalgamation of all organizations of women relatives of the men and women who served in the United States army and navy during the world war will be proposed at the second annual convention of the War Mothers of America which will be held here October 7, 8 and 9. The call for the convention of the War Mothers, just sent out, invites all organizations of a similar nature to attend the convention and join in the formation of a new body for which a new name may be selected.

Representatives of five other organizations besides the War Mothers, including the Daughters of Liberty, Women of American Patriots, Women's Patriotic League of America, American Mothers of National Defenders and Sammie's Mothers have been asked to participate in the movement for consolidation.

The Baltimore chapter of the War Mothers of America is making preparations for entertaining the convention. Several speakers of national prominence will be included in the program.

## NEED OF GREATER AMERICANIZATION URGED BY LAWYER

**Page Tells Association That Foreign Population Should Be Americanized.**

Boston, Sept. 4.—The need of Americanization of the foreign population of this country, better education of the native born residents in the meaning of government and harmonizing of the interests of capital and labor, was emphasized by George T. Page, of the American Bar Association, in the address at the opening session of the association's convention here today.

"We must take up intelligently," he said, "and with courage and determination, the seemingly impossible tasks that are all about us, and reconstruct and readjust the broken and disturbed condition of things, produced, on the one hand, by war, and, on the other hand, by what seems to be our utter disregard of some of the fundamentals necessary to establish and perpetuate a democratic form of government."

He characterized as "a most dangerous difficulty" the fact that lack of Americanization work had left most of the great body of foreigners in this country "wholly incapable of even becoming students of our form of government."

Mr. Page declared that the immigrants should be taught that they have no right "to place America and America's institutions second to any other nation or proposed nation on earth" and that an immigrant incapable of refusing to become an American should be "driven back to the country from which he came."

Turning to a need of a better education of the native born in their duties to society, he said:

"All our people should have proper instruction as to the meaning of the citizen's right to life, liberty and the pursuit of happiness under our constitution."

**HOOVER WILL SAIL HOMEWARD ABOUT SEPTEMBER THE SIXTH**

Paris, Sept. 4.—Hoover will sail for the United States September the sixth.

## ZIONIST READY TO BEGIN MEETING IN CHICAGO VICINITY

**Great Convention of the Jews Will be Held During September 12th.**

**LEADING MEMBERS OF NATION WILL ATTEND**

**Feature of Convention Will be Big Parade Through the Streets of City.**

Chicago, Sept. 4.—Because of the impending realization of the age-long dream of the Jews of the world, a homeland, the coming Zionist convention here, which will begin September 12 in Palestine, is attracting world-wide attention. Some of the foremost members of the race will attend, including Justice Brandeis of the United States Supreme Court; Dr. Chayn Weizmann of London, England; a member of the Palestinian Commission, Judge Julian Mack of the United States Circuit court, president of the Zionist Organization and many others.

Features of the convention will be a mass meeting at the Auditorium theatre where all the sessions of the convention will be held; a "restoration parade" through the streets of Chicago in which it is estimated more than 30,000 Zionists will participate, a ball at the First Regiment armory, and meetings throughout the city to be addressed by prominent delegates.

Plans for the "recrudescence of distinctive Hebrew culture in its cradle—Palestine" are to be outlined, it is announced. These include provision for centers of such culture; a Jewish university and school system; a great printing press; a library to be the center of world's Hebrew literary effort, and other cultural agencies.

Don't forget the Methodist Philatelic class meeting tonight at 8:30.

## SAYS HE HAS NOT LOST GREAT FAITH IN WORLD LEAGUE

**Premier Venizelos Denies that He Has Changed in Sentiment Lately.**

Washington, Sept. 4.—Premier Venizelos, of Greece, in a letter to the American ambassador at Paris, made public today by the state department, denied reports published in America that he had publicly stated his loss of confidence in the League of Nations because of the American attitude with regard to Thrace. He asked that President Wilson be advised that he had undergone no change of sentiment with regard to the proposed world society.

After quoting from American press reports as to his attitude and recalling that "the question went so far even as to occupy the senate, Premier Venizelos wrote:

"I desire, therefore, in view of the importance attached to the above news, to state categorically that I have not made the above statement, and it really grieves me to know that I could have been thought capable of it. Notwithstanding the disappointment I may feel because of the Thracian question—a very vital one for Greece—my views regarding the League of Nations, a world wide structure to which I have also contributed in the measure of my ability, have not and could not change."

**SOCIALISTS WORKING ON PARTY PLATFORM**

Chicago, Sept. 4.—The National Socialist Party, the parent organization, and two insurgent groups, the communist labor party, formerly the left wing of the main party, and the communist party the foreign language radicals after three days of chaotic meetings began work in earnest here today to formulate constitutions and platforms.

## LUXURY TAX GETS GREAT ATTENTION IN THIS LOCALITY

**Some Confusion Evident and Calls for Re-Printing of Partial List.**

**MERCHANTS ARE MAKING EFFORTS TO KEEP COUNT**

**Various Articles Subject to Tax Are Mentioned in Article Today.**

Owing to the fact that there are many people throughout this section of the country who have not familiarized themselves with the articles of the luxury tax which has been in force for some little time, the Merchants Association of the city, today presents the following facts for publication which were taken from the original act as provided by congress. The following articles are subject to taxation:

(1) Carpets and rugs, including fibre, except imported and American rugs made principally of wool, on the amount in excess of \$5 per square yard.

(2) Picture frames, on the amount in excess of \$10 each.

(3) Trunks on the excess of \$50 each. Valises, traveling bags, suit cases, hat boxes used by travellers, and fitted toilet cases, on the amount in excess of \$25 each.

(4) Purses, pocketbooks, shopping handbags, on the amount in excess of \$7.50 each.

(5) Portable lighting fixtures, including all kinds, and lamp shades, on the amount in excess of \$25 each.

(6) Umbrellas, parasols and sun shades, on the amount in excess of \$4 each.

(7) Hats, on the amount in excess of \$1 each.

(8) House of smoking coats, jackets and bath, or lounging robes on

(Continued on Page Five)

## BRAZILIANS READY TO BEGIN BUSINESS WITH THIS NATION

**Natives of South America Regret that Commerce Has Been Cut Short.**

Para, Brazil, Sept. 4.—There were twelve steamers today at the docks of the Port of Para, the Estado says it of commerce has been seen in this harbor a long time since such movement of commerce has been seen in this harbor. Brazilians have been looking forward to an increase in trade with the United States and it was a matter of keen regret that only one of the twelve steamers was American. Four were British, and seven Brazilians. The American vessel will be here a long time. She is the disabled Shipping board steamer "Topocaxi".

Americans in South America feel, it is said, that notwithstanding the stories of wonderful progress in American shipbuilding during the war, inspiring tales of smashed records in rivet driving, and finished ships being turned out in "marvelous time at masonry yards on the Atlantic, Gulf and Pacific coasts, it is probably true that "haste does not make speed". An American was heard to ask today as he looked at the flags flying from the masts of a dozen vessels, "Are we being left at the post?"

Henry S. Fleming, a New York engineer, has just arrived here from Liverpool. He says that at each of the four ports at which his steamer touched he saw American steamers in admirable condition.

**RAILROADS FAVOR WALKOUT UNLESS WAGES ARE INCREASED**

Detroit, Sept. 4.—A strike referendum of railroad shop laborers union showed 325,000 members who favor walkout unless a \$1 a day raise is granted.

## WILSON CONFIDENT THAT THE TREATY WILL BE RATIFIED

**Hitchcock Tells President that Treaty Will be Reported to Senate.**

**CHANGES WILL EFFECT SEPARATE PEACE, SAID**

**Compromise Agreement Now Appears to be in Sight, It is Stated.**

(By The Associated Press.)

Washington, Sept. 4.—When President Wilson left tonight on his western speaking tour in behalf of the peace treaty he was confident of ultimate ratification of the instrument by the Senate without amendment or "destructive" reservations which would require renegotiation. A final survey of the Senate situation was given the President late today by Senator Hitchcock, of Nebraska, ranking Democrat of the Foreign Relations Committee, who called at the White House at Mr. Wilson's request.

The President was informed that Republican leaders plan to report out the treaty within a few days, probably not later than next Wednesday and was assured that every amendment involving any "killing" reservation would be defeated overwhelmingly. Specific reservations, it was said, were not discussed and the President warmly approved the immediate plans of the treaty's friends to meet what Senator Hitchcock termed was a "clean-cut issue."

Before conferring with the President, Senator Hitchcock made a lengthy speech in the Senate in reply to recent attacks on the treaty by Republican Leader Lodge and Senator Knox, Republican Pennsylvania. The latter's proposal for defeat of the treaty was characterized by Mr. Hitchcock as a "mixture of poltroonery and talk" calculated to make the treaty seem "a deserter."

## BOMB IS THROWN AT MEMBER OF EGYPTIAN DELEGATION

**London, Sept. 4.—A bomb was thrown at Hussain Pasha, the Egyptian premier, at Alexandria, in demonstration following the report that the United States foreign committee had declared that Egypt should be independent.**

**SEVERAL UNITS OF FIRST DIVISION ARRIVE IN PORT**

New York, Sept. 4.—Several more units of the First Division arrived here today from France.

**AUSTRIANS ASK FOR TWO DAY EXTENSION ON TREATY**

Paris, Sept. 4.—The Austrian delegation has asked for a two day's extension on the answer to the peace treaty, which will probably be granted by Doctor Karl Reuner, head of the Austrian delegation, who expressed satisfaction with the treaty before leaving here.

**PLANS ARE ARRANGED FOR NATION-WIDE EVANGELISM**

Williams Bay, Wis., Sept. 4.—The Presbyterian New Era conference is considering plans for a national wide evangelistic campaign for church unity as a means of combating social unrest, Bolshevism and kindred theories.

**FORBES & MORTON'S NEW BRICK WAREHOUSE SALES**

Our new warehouse opened with splendid sales this week, and prices were as good as anyone could possibly ask for. Our patrons were pleased with the splendid result of the sales, in fact, no one hardly anticipated the final outcome of the opening day's activities.

Good grades of the bright leaf are demanding excellent prices, and while the inferior grades are not doing so much, the final averages show that prices are higher than last year. Bring your next load around and realize the great opportunities which have been opened up by the enlarged market facilities.

THURSDAY, SEPT. 4, 1919.

If labor should at this early date show a hostile attitude towards President Wilson's proposal for a joint meeting between capital and labor the purpose of discussing fundamental means for better relationship between the two factions it appears to us that when the time for action really comes, the labor unions are going to do everything in their power to destroy the possibility of such a proposal becoming real. President Wilson has shown unusual consideration for the working men throughout the entire nation, and the season for such decided action on the part of the laboring class is something which cannot be so very easily comprehended. It really seems that closer co-operation between the two factions would bring about closer relations for the future, for it is an assured fact that it could not possibly make matter more severe than they are at this particular time.

Women of Atlanta, have at last been recognized, in fact, they have received such instant recognition that they have been permitted to go to the polls and cast their votes in the city primaries. Quite a distinct honor, of course, but we are of the opinion that the same women who found time to go to the city election polls might have had time to apply themselves in endeavoring to fill their domestic appointments at home instead of participating in political maneuvering such as the above. Woman should be, and is, placed upon an exalted plane by men of the nation, but when they lower themselves to such an extent that they can go to the polls, breathe the vile atmosphere of the street vagabond and submit to deceptions of the respect according them, they not only place themselves in a position open to the reproaches of the politicians, but directly drop several degrees in respect accorded them.

Germany figures that only two days are going to be required to take the proposed new census in order that every person throughout the country may be enumerated and lined up for the future. The proposal certainly sounds good, but if two days only are going to be required for the census taking, we would certainly like to see the final outcome of the efforts. Fact is, officials must be of the opinion that there are very few people left to be

counted in the new records, and while it is very natural indeed for one to believe that the allies did away with thousands of people of that nation, it is nevertheless rather puzzling when considering the great work to be done in such a short time. But, the work would have been much easier had the war continued a year longer, and the enenerating would have been much easier, we are sure.

The Greenville tobacco market has started the season off splendidly so far, and while it is true that the tobacco crops of the section is much shorter than it would have been had it not been for recent heavy rains and floods, tobaccoists are nevertheless much gratified at the excellent prices which the better grades of the bright leaf are demanding at this time, to some extent making up for the shortage of the entire section. Close co-operation between the planter and warehousemen will work wonders for this market in the years to come, and in event this should become more thoroughly evident in a short time, we believe that the present season will witness a great stride towards the goal.

Parents of the city should be preparing for the opening of the city schools to be conducted the middle of this month, for it is probable that the session is going to be one of the best in the history of the school and the attendance surpassing all others. It is said that the faculty will be increased this year owing to the rapid growth of the schools, and it is to be trusted that every mother and father interested in the future of the children will exert every effort possible in making the session of a more brilliant and inspiring nature than is anticipated.

News reports appear to indicate that the Bolshevik forces along the Lithuanian front are ready and anxious to make peace now that they are completely surrounded by Lithuanian troops, and while of course, after so much fighting and disorder, it is rather hard for one to believe the disension creators are really ready to come to peace terms. It is to be hoped however, that the reports are authentic, for with this part of the factions silenced there will be only slight opportunity of any more mischief being raised from this particular source.

It is to be hoped that some of the city people who have been getting such splendid prices for their tobacco of late will turn around and invest their money in nice residences for the city. We know of nothing which would more directly benefit the investor than this, and while of course, there are many people who have other places for their money, there are some who could easily erect several nice residences and their bank accounts would never know that the surface had been scratched.

If you are both pessimistically and optimistically inclined it would be advisable that you step out of the ranks. Everything and everybody must have a certain amount of optimism in their souls, or there is little room in this section of the country for them.

**FOR SALE.**  
One of the best small farms in Martin count, 125 acres, 62 or 63 cleared. Natural drainage. Clay sub-soil. Good for tobacco and all crops adapted to Eastern Carolina. Good 7 room dwelling, two 4 room tenant houses, two good tobacco barns and all necessary out buildings and shelters, 1 1/2 mile from Everetts, on William road.

Everetts, N. C.  
4-34

PLANTERS APPEAR PLEASED AT PRICE OF GOOD TOBACCO

(Continued from page one.)

the far-seeing farmers who had faith in the final outcome of their efforts the recent heavy rains and flood which inundated several thousand acres of the bright leaf dampened the spirits of even the most sanguine, and even the optimist lost heart to some extent. Changes have taken place this week. In fact, there is not a single planter in this part of the country who is not thoroughly enthused over the bright prospects opened up through the splendid sales on this market, and as a result, there is very little doubt that the year will not be a good one for all.

Prices paid for the bright leaf at the opening of the market here last Tuesday morning were several cents higher than on the opening day last year, and while such evidence of prosperity was pleasing to both the tobaccoists and the farmer, the sales yesterday proved of a more inspiring nature than all former. If anything, the prices were indisputably higher for the best grades of tobacco yesterday than the day before, and while it is very difficult to get any definite average owing to the congestion of the market at this time, it is confidently believed that, all in all, the averages will reach the 50 cent mark.

Warehouses have been crowded since the opening, in fact, some of the houses have hardly had time to clear their floors before the sales next day, and those experiencing blocked sales the first day have not completely recovered from the unusual activity since that time. Representative buyers of various buying interests here have been sticking to their jobs persistently even under the most trying circumstances, and although everything is a hustle and bustle from opening of the sales in the mornings until the afternoons, everybody, from the boss to the dryman, appears to be happy in the fact that the chief industry of the section is receiving such recognition as it so surely deserves when considering the time and money expended in the year's work.

COMMISSIONERS' SALE OF LAND.

North Carolina, Pitt County.  
In the Superior Court.  
The Greenville Banking & Trust Co.,  
vs.  
Titus Bale, Administrator, and Titus Dale, Guardian and R. Smith & Bro. and L. T. King, Administrators.

By virtue of power vested in us by that decree of the Superior Court of Pitt county, entered in the above entitled action at the August term, 1919, we shall offer for sale to the highest bidder for cash (or for one-third cash, the balance payable in one and two years, and secured by a deed of trust) at public auction at the court house door in the Town of Greenville at 12 o'clock noon on Monday, the 6th day of October, the following described parcel of real estate, lying, being and situated in Ayden township, county of Pitt and State of North Carolina, to-wit:

Beginning at a stake on the road leading from Ayden to Elm Grove church, and running thence an easterly course with the Nobles line to Walter Barfield's line, thence a northerly course with said Barfield's line to a ditch; thence with said ditch to the road, thence with the road to the beginning, and containing one-fourth of an acre, more or less, and being the same place whereon the late W. T. Cannon and wife, M. L. Cannon lived, and being the same parcel of land described in the complaint filed in the above entitled action.

This September 5, 1919.

R. C. FLANAGAN.

### LIKE THE BOOK OF GENESIS

Description of Flood of Time of Noah  
Found Among Ancient Records  
of Chaldees.

Perhaps the tracing of the story of  
the book of Genesis is the true in-  
cination that Mesopotamia has for  
those who have time to read. The  
great boats of the Euphrates have the  
identical lines of the toy ark that can  
be bought in London. Where a pent-  
roof has been added for our purposes  
the two are one in shape. A Euphrates  
"bellum" arranged as a sickle  
barge is the toy ark of childhood. Is  
that toy ark an authentic tradition in  
its shape? It is almost certain to be.  
The Euphrates boats are pitched in-  
side and out with pitch, as was that  
ark. In these same bellums, some as  
large as 70 tons, we may find British  
batteries sailing the Euphrates and a  
modified menagerie could easily walk  
on board. One more suggestion of  
the toy shop tradition strikes the cas-  
ual observer. The tribespeople from  
the hills who work on the Tigris and  
Euphrates wear high black felt hats,  
a topper without a brim. Are Mr.  
and Mrs. Noah really correctly  
dressed?

Then on top of the discovery of the  
ark comes the more serious reading  
of a parallel version of the Bible  
story of the flood found in the cunei-  
form in Layard's tablets from the  
Royal library of Ashurbanipal at  
Nineveh, copied or collected possibly  
from Sargon's library at Accade or  
Erech, older than Ashurbanipal by  
perhaps 1,800 years. Were the stories  
of Genesis the household stories of  
Chaldea 4,000 years ago? It would  
seem so, when from Babylon is un-  
earthed a seal with the representa-  
tion of the temptation, Adam and  
Eve, the serpent and the apple tree.

### HAVE TO SEARCH FOR POET

Great Mind by No Means Easy to Find,  
and Some Can Never Dis-  
cover Him.

There was once a small but mighty  
nation, now numerous as the sands of  
the seashore, and no longer so inter-  
esting. To this nation was born a  
poet, and they made him the poet of  
all time. They took him and taught  
him all they knew—and they had  
great things to teach; and when, at  
their command, he made great dramas,  
they stood at his elbow; and every-  
thing they gave him he gave back to  
them tenfold.

England was then Shakespeare's  
land.

The poet is always amongst us; the  
difficulty is how to find him; he is like  
the proverbial needle in a bundle of  
hay.

But one thing is certain—logicians  
without love will not find him; they  
leave a desolation, and call it peace-  
—they call it culture. Critics of  
this sort will allow nothing to exist  
except themselves. No; I am wrong.  
There is one thing that admits more  
freely than themselves—the fact ac-  
complish a mundane success.—John  
Butler Yeats.

### Health in Trapshooting.

The great and popular detective of  
fiction, Sherlock Holmes, once admit-  
ted that a man's knees were the seat  
of great enlightenment and from this  
source he drew many of his deduc-  
tions. He may, therefore, scrutinize  
with interest a trapshooter's knees  
while he is in action. Do they wobble  
not? He is a seasoned shooter in  
good physical condition. Do they wobble?  
He is anxious, perhaps a little  
new at the game but so happy and  
willing to get that next target he cares  
little whether the sun shines or the  
equinoctial is on.

It is a fascinating sport without  
placing any strain on the nervous sys-  
tem, in fact, trapshooting strengthens  
the nerves. It combines sport with  
fresh air and sunshine and saves many  
doctors' bills. Physicians and nurses  
recommend the sport as a health tonic,  
and if the patients follow the advice  
given there will not be much need for  
the physician and the nurse.—Forest  
and Stream.

### Homer.

Homer is an epic poet and not a his-  
torian, so it is quite natural that he  
should have exaggerated everything  
with poetic license. Moreover, the  
events which he describes are so mar-  
velous that many scholars have long  
doubted the very existence of Troy  
and have considered the city to be a  
mere invention of the poet's fancy. I  
venture to hope that the civilized  
world will not only not be disappoint-  
ed that the city of Priam has shown  
itself to be scarcely a twentieth part  
as large as was to be expected from  
the statements of the Iliad, but that  
on the contrary, it will accept with de-  
light and enthusiasm the certainty  
that Ilium did really exist, that a  
large portion of it has now been  
brought to light and that Homer, even  
although he exaggerates, nevertheless  
signs of events that actually happened.  
—Robertson.

### You May Bet on It.

When you see a young man sitting  
in the parlor with the ugliest four-  
year-old boy that ever frightened him-  
self in a mirror clambering over his  
knees, jerking his necktie out of place,  
ruffling his shirt-front, pulling his hair,  
kicking his shins, feeling in all his  
pockets for coppers, while the unre-  
sisting victim smiles all the time like  
the cover of a comic paper, you may  
safely say that the howling boy has  
a sister who is in a room not 20 feet  
away, and that the young man doesn't  
go there just for the fun of playing  
with her brother.

### DECLINE IN HOGS

#### EFFECTS CORN AND OATS

Chicago, Aug. 29.—The \$15 hog, \$1.50  
nearer the slender purse of the high  
cost of living victim, made its appear-  
ance in the Chicago stockyards today.  
His advent was immediately followed  
by a slump in provisions and grain as  
well as live cattle and sheep. Meat  
products on the Board of Trade de-  
creased sharply in price but the de-  
clines were not evident in the retail  
market.

Corn and oats felt the effect of the  
hog and provisions decline but butter,  
eggs and poultry in large or small  
amounts were unaffected by the stock-  
yards drop. A continuance of the de-  
cline in live hog prices was looked for  
by traders who pointed out that 13-  
000 of the 25,000 animals received at  
the stockyards today were unsold and  
that 15,000 more were expected to ar-  
rive before the opening tomorrow. Cat-  
tle of the higher grades were 25 cents  
less per hundred weight and sheep and  
lambs were full 50 cents cheaper.

The drop in hog prices were the  
greatest since 1907 and traders who  
look for still lower figures pointed out  
that Eastern storage houses are be-  
lieved to be already crowded with meat  
products, leaving only a domestic out-  
look.

# M O V E D

I have moved my tailoring shop back to the old stand  
over H. A. White's office, 403 Evans street, where I shall  
be pleased to have you call when you are desirous of ob-  
taining first-class altering, pressing or repairing.

## First-Class Tailoring

I can make you a suit from \$30 to \$65. This will be  
first-class workmanship with fit guaranteed. If there  
should be any little thing wrong, it can be altered right  
here at home; you don't have to send it back to the tail-  
oring house, for I can make any alteration necessary.  
There is a difference when a first-class tailor takes your  
measure for a suit, and therefore, it will pay you to try  
me once.

# The Center Brick Warehouse

## Sells it Higher all The Time

Prices compare favorably with those of last year, in fact, better grades of the bright leaf demanded instant recognition at the opening sales, showing that instead of decreasing, the demand is growing stronger, assuring good prices all along.

The Center Brick promises its many patrons the same excellent service given last season, in fact, some better, and as for prices, well—we have always seen to it that our patrons got everything the market had to offer for their offerings.

LET US HAVE YOUR NEXT LOAD, YOU'LL BE PLEASED WITH THE RESULTS JUST LIKE YOU WERE LAST YEAR.

### AGENTS IMPORT BLOODED STOCK

A Total of 1,350 Animals Brought in During Last Fiscal Year

Reports made to Mr. E. S. Millsaps, District Agent for the Agricultural Extension Service in the piedmont region of North Carolina reveal the fact that approximately 1,350 blooded animals have been brought into this district during the fiscal year which ended on July 1 of this year. Mr. Millsaps territory embraces twenty-three counties, the figures showing that 360 registered males and 981 registered females came into these counties, due to the activities of the county farm demonstration agents. Complete returns were not obtainable from every county, due to several changes in personnel, and this probably holds the figures lower than they otherwise would be.

According to Mr. Millsaps, this importation of pure bred stock is probably without precedent in the extension work of the State. His figures do not take into consideration the natural increase of blooded stock from animals already brought in, but only those animals which have been imported from outside of the State, or from other counties. For a number of years there has been a healthy increase in home produced stock, but the new blood brought in this past year gives a great impetus to this number, and is greater than that of any other previous year.

The last census report gives the livestock population, that is cattle, sheep and hogs, to be \$78,115. If there is as much stock on the farms now in these twenty-three counties as there was then, the increase in registered pure breeds is a little more than three-tenths of one per cent of the total. The leading breeds of cattle which have been brought in are Guernsey, Jersey, Hol-

stein, Hereford, Angus and Shorthorn; of hogs, Berkshire, Duroc-Jersey, Poland China, and O. I. C.; of sheep, Hampshire and Shropshire. These seem to be the most popular breeds, though others have been brought in.

Mecklinburg leads for the year by importing 161 fine animals, Rowan comes next with 100 to her credit, Rutherford third with 126, Catawba fourth with 107, and Wilkes fifth with a total of 92 imported. The other counties in the district run lower. Mr. Millsaps sees in this movement a greatly increased interest by the farmers in having the best stock only. This will mean that the animals will return more for the feed and care given them.

### AN INTERESTING CASE

Wife of Disabled Man Co-operating in His Re-education.

Washington, Sept. 3.—The Federal

Board for Vocational Education attempts to make a man self dependent; but in at least one case it has been found necessary, in order to accomplish this, to get the assistance of the wife of the disabled man. A seaman because of injuries received in service, developed a form of epilepsy. Not able on account of these seizures to return to his old trade, the Board's officers were at a loss as to how to place him. It was discovered that during his leisure hours at sea, he had learned to embroider and strange as it may seem, enjoyed it. A course in embroidery designing was arranged for him at the Rhode Island School of Design. While the course is given to the disabled soldier, his wife is allowed to attend the lessons, and in this way gets the full benefit. Between them both, it is hoped they will be able to support themselves in spite of his very serious disability.

### DECIDE YOURSELF.

The Opportunity Is Here, Backed by Greenville Testimony.

Don't take our word for it. Don't depend on a stranger's statement. Read Greenville endorsement. Read the statements of Greenville citizens.

And decide for yourself. Here is one case of it. Mrs. W. T. Hunter, 1112 Evans St., says: "My back ached and I was sore in the region of my kidneys. I had headaches and dizzy spells. My kidneys didn't act properly. Seeing Doan's Kidney Pills advertised I got a supply at the Warren Drug Co. and they soon brought me relief, strengthening my back and putting me in good shape again."

The above statement was given July 6, 1914 and on May 20, 1918 Mrs. Hunter said: "I still think as highly of Doan's Kidney Pills now as when I recommended them before. Doan's are just as represented and I think a great deal of this medicine."

### "Gets-It" Peels Your Corns Right Off

Two Drops Will Do It Without Fuss or Trouble. Never Fails.

There's only one way to get rid of a corn and that is to peel it off as you would a banana skin. There is only one corn remover in all the world that does it that way, and that

There's No Corn "Gets-It" Will Not "Get." "Gets-It." It is because of this fact that "Gets-It" is today the biggest seller among corn-removers on this planet. It means the end of "corn-bidding." For hard corns, soft corns, very old corns, young corns, corns between the toes and calluses, it means a quick, certain finish. "Gets-It" is applied in 2 or 3 seconds. All you need is 2 or 3 drops. An easy to do as signing your name. It does away forever with tape, plasters, bandages, knives, corn-diggers, rasors, files and blood-bringing razors. Ease your corn-pains, be corn-free at last. "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfd by E. Lawrence & Co., Chicago, Ill. GREENVILLE DRUG CO.

### TWO MAKE \$325

### ON 65 COYOTES

Marysville, Cal., Sept. 3.—Warrants for \$325 were cashed by County Treasurer Harrel D. Eich for Samuel Marple of Smartsville, here the other day as bounty on sixty-five coyotes which Marple and his brother captured in the hills between Smartsville and Brown's Valley.

Marple believes there are two species of coyotes in the hills of Yuba county. He says he has discovered litters of twelve to fourteen "dun or

dirty" colored and small sized litters of gray animals. Marple does not kill the older animals, but tracks them to their lairs, where he captures the entire families.

### ACTORS ASSOCIATION HAVE

### PREDICTED END OF STRIKE

New York, Sept. 3.—Members of the actors equity association have predicted that the strike would be ended within 24 hours, following a report that managers would recognize the union.

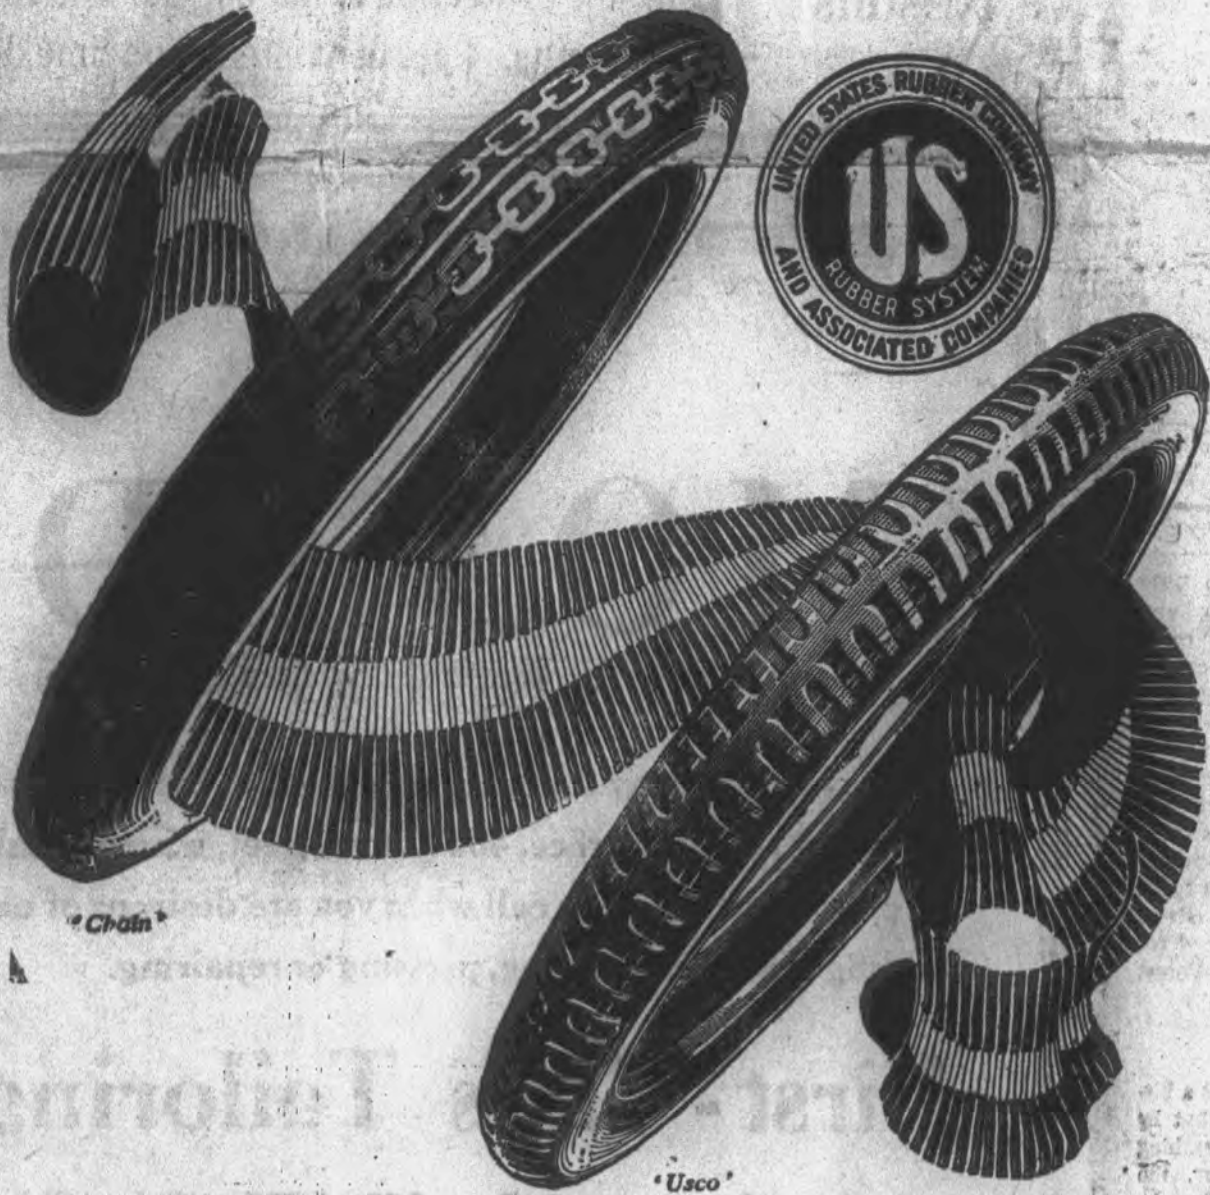

## The Adriance Mower

One of the distinguishing features of the Adriance Mower is the method of gearing. The large bevel driving gear is placed on the axle, which runs at a slower rate of speed than any of the other shafts. This large bevel gear drives the higher speeded internal gear, which, in turn, drives the straight spur pinion on the crank-shaft. This makes the Adriance the fastest cutting and lightest draft mower on the market.

On the crank-shaft pinion is located the driving clutch. It being thus placed on the highest speeded shaft. It is readily seen that the knife will start instantly when the clutch is thrown into the gear, thus preventing clogging and dragging of the knife.

Buy the Adriance and you will have the very best Mower made.

**SERG. THOMAS B. GARDNER ARRIVES FROM OVERSEAS**

Sergeant Thomas B. Gardner, brother of Mrs. Edward B. Fixter, of this city, arrived here this morning from overseas where he has been with the American Expeditionary Forces. Sergeant Gardner is an Englishman by birth and a veteran of the Boer war. After this war was over he moved to America, and when this country went into the world war he enlisted offering his services for America and the land of his birth. While overseas he took part in some of the greatest offensives and as a result of his heroic services he has eight bronze stars, each star standing for a separate engagement. Greenville extends to him a most hearty welcome.

**DEEDS OF TRANSFER FILED SINCE REPORTS YESTERDAY**

The following deeds of transfer have been filed in the office of the register of deeds for registration since the report of yesterday afternoon:  
 Jack Stutton to M. D. Adams, consideration \$312.50.  
 Elsie Hines to Addie Hines, consideration \$100.  
 L. B. Garris to J. C. Johnson, consideration \$1200.

**Help the Operators Serve You Better**

Telephone subscribers are urged to call by number and not by name. In a community of this size he operators cannot possibly remember the names of all subscribers; when you call by name you delay your service and hamper its efficiency. All telephones are known to the operators by numbers which are on the switchboard directly in front of them. The directory is your index to the switchboard and should be consulted before making a call. Call by number and help the operator serve you better.

When You Telephone—Smile.
