

## SENATE READY TO TAKE UP SHANTUNG DISCUSSION TODAY

**Peace Treaty Sidetracked Until Other Matters Are Given Consideration**  
**LEAGUE QUESTION BRINGS ABOUT SHARP WRANGLING**  
**Protests Against League Creates More Than Ordinary Antagonism.**

Washington, Oct. 8.—The peace treaty was sidetracked for three hours today while the senate debated and passed a bill to bestow upon Judge Advocate General Crowder on his retirement from the army the permanent rank of lieutenant general.

Then, at three minutes to 5 o'clock, about the usual adjournment time, the pact was called up and for thirty minutes a reading clerk struggled with the printed text until he reached the section relating to Shantung, on which the next fight will be made. At that point the senate quit work for the night.

There was no announcement regarding any decision to take up other matters in place of the treaty, and at 2 o'clock Senator Lodge, chairman of the Foreign Relations Committee, walked into the chamber while Senator Chamberlain, Democrat, of Oregon, was speaking on the Crowder bill, looking around and learning that an agreement had been made to dispose of the measure, returned to cloak room to wrestle with Republican groups over reservations.

Senator Lodge told members later that the agreement on the promotion measure was made by Senator Knox, Republican, of Pennsylvania, who introduced it, and Senator Hitchcock, of Nebraska, in charge of the Democratic forces. Senator Chamberlain, in opposing it, spoke for two hours, and there was much other debate before a vote was reached.

During the "morning hour," the two hour period beginning at noon, in which everything on and off the calendar is discussed, there was, however, a sharp wrangle over the league, due to charges that the League of Enforced Peace and other organizations were putting out propaganda in an effort to force the senate to ratify the treaty amendments.

## ATTEMPT IS MADE TO WRECK SHEET AND TIN PLATE CO

Pittsburgh, Oct. 8.—An attempt was made to wreck the plant of the American Sheet and Tin Plate Company at McKeesport today when missiles believed to be a bomb were thrown on the shipping department building. The explosion tore a large hole in the roof, but none were injured.

## BRITISH STEAMER SINKS AT SEA, ACCORDING REPORTS

Halifax, Oct. 8.—The British steamer Sierck Castle has been sunk at sea, according to a wireless from the American steamer Ael, which reports that she rescued the crew from the British steamer. Both vessels were bound from Norfolk to Europe.

## BASEBALL ENTHUSIASTS THINK REDS WILL WIN

Cincinnati, Oct. 8.—Local baseball enthusiasts are confident that today's game of the world series will be the last. Giving the championship to Cincinnati before the game starts. It is believed that Genson will pitch Cicotte but it is possible that James will be sent in to face the reds. Nothing has been heard from Moran but the Red supporters believe that he will pitch Sallee. Good weather is in prospect for today.

## URGES BRITONS TO PURCHASE FOOD IN BRITISH DOMINION

**Sir Charles Wade Tells Representatives to Make Purchases at Home.**  
**SAYS EXPORT TRADES SERIOUSLY MENACED**  
**Would Recover and Maintain British Markets in Future, It Is Stated.**

London, Oct. 8.—Instead of buying food from the United States and South America, Britons are urged by Sir Charles G. Wade, agent general for New South Wales, to buy food from the British Dominions.

"However great may be the disarming power of the League of Nations I cannot close my eyes to the possibility of another world wide conflagration and the risk of our supplies being cut off," said Sir Charles. "In our own interest and for the purpose of national defense this country must be self supporting. What we cannot produce within this island must be imported, and self-interest demands that we shall insure a constant supply of raw materials from our own kith and kin on whose co-operation we can rely, rather than be at the mercy of the changeable good will of a foreign nation."

"Our export trade again is seriously menaced alike by enemy and allies. Already the United States and Japan have made heavy inroads into British supremacy in the east. Both of these nations are already equipped and ready for keen competition in commerce with the United Kingdom, while this country is suffering from an epidemic of increasing cost and diminishing output."

The county court has been quite a busy place so far this week.

## RICHMOND PAPER PRAISE ATTRACTION IN CITY TONIGHT

**Richmond Virginian Speaks Favorably Pretty Baby Musical Comedy Co. \$\$**

We spoke of the chorus before, but failed to mention the costumes they wear. These are all nifty, and look as new as they undoubtedly are, for theatrical costumes are not easy to keep. The scenery looks the same way, and suits the purpose for which it was intended, through the eight scenes, or events as they are called, of the play.

The original music for the play is not excellent, except for one piece, "Wonderful Baby." Two or three popular songs are introduced in addition to "Dear Old Pal of Mine," and are well received.

Taking it all in all, it is a pleasant two hours and a half spent in the theater, and we think all of those who saw the show last night will agree and that was quite a large number.

"So Long, Letty" will be the attraction tonight and tomorrow.—Richmond Virginian.

## REUNION OF CONFEDERATE VETERANS BEGINS IN ATLANTA

Atlanta, Oct. 8.—The annual reunion of the Confederate Veterans was under full swing today. The welcome address on behalf of the state was made by Governor Dorsey and for the city by Mayor Key. The response was made by General J. E. Wood, of Arkansas, who featured the program. This was preceded by the formal turning over of the convention to General K. M. Vanzandt, of Fort Worth, Texas, commander in chief of the veterans.

## SEVERAL MATTERS TAKEN UP BY THE TOWN MERCHANTS

**Matters of Interest Considered at Session of Merchants Last Night.**  
**FAKE STOCK SELLERS WERE GIVEN THOUGHT**  
**Others Things Pertaining to Interest Local Business Given Attention.**

The Merchants Association had a very small attendance at their monthly meeting last night, and while nothing was done a multitude of matters were discussed in an informal way. Hard surface roads, sending out goods on approval, how to stop fake stock sellers from fleecing the public, the housing and boarding problems the inefficient telephone service, and how to awaken more interest in the meetings of the association were the topics talked about. Out of it all there was but one motion, which was to appoint P. L. Clodfelter, W. A. Boven and C. D. Tunstall a committee to prepare a definite program for the next meeting.

The things talked about in last night's meeting were timely enough, and points were suggested that would mean much for the town if put in effect. The next meeting with a definite program promises to get some of these things before the association in shape for action, and will be apt to bring out a large attendance.

Washington, Oct. 8.—After another good night the President appeared cheerful this morning, White House officials stated, and for the first time in more than a week expressed a preference for eggs for breakfast.

## PLEADS AT GREAT VETERANS REUNION FOR AMERICANISM

**Senator Thomas, of Colorado, Eloquent in Appeal for Greater Nation.**

Atlanta, Ga., Oct. 8.—Plea for "Americanism" were made here tonight by United States Senator Thomas, of Colorado, and Representative J. W. Collier, of Mississippi, in addresses before the opening meeting of the Sons of Confederate Veterans.

The "present radical movement," which is sweeping through the country, said Senator Thomas in the course of his remarks, is directed at the great middle class of America, "which is the arch and covenant of liberty." America is facing a crisis, he added, and now is the time for display of "Americanism—our country and its institutions against all foreign aggression."

The Sons of Confederate Veterans, Senator Thomas said, would not fail in the test and their example would be followed by the North and West in showing "Americanism, the heaven of the world."

A resolution of sympathy for President Wilson in his illness was adopted. The Son's meeting tonight was also marked by the appearance of the "Confederate choir" of Norfolk, Va., a group of a dozen young women in Confederate jackets and campaign hats, who sang Southern war-time songs and caused the veterans and delegates of auxiliary organization present to burst forth into the "rebel yell" time and again.

The veterans themselves will open their convention tomorrow with a formal gathering. Welcomes were extended to them and to the other organization tonight on behalf of the State by J. E. Pottle, of Milledgeville. Representative Collier made the response to this address and Senator Thomas delivered the annual address.

## KISS FLAG BEFORE BEING FORCED OUT OF VIRGINIA TOWN

**One Hundred Members of Industrial Workers of the World Rounded Up.**  
**MAJORITY WERE SAID TO BE LOCAL WORKERS**  
**Approximately Half Ton of Red Literature Reported by the Police.**

Weirton, W. Va., Oct. 8.—One hundred and eighteen alleged members of the Industrial Workers of the World, captured in a raid near here today, were marched into the public square of Weirton, forced to kiss the American flag and were then driven out of town by police and deputies. Seven others, suspected of being the leaders, after kissing the flag, were taken to the county jail at New Cumberland, where they will be held pending investigation by federal authorities.

The raid was carried out without any serious disorder. Authorities of Hancock county and Weirton had been searching for the rendezvous of the alleged I. W. W., since several days ago when there appeared on the sidewalks here written threats that "the I. W. W. will get you." Last night the meeting place of the men wanted was located in an old barn on the Hancock county road, south of here. It was surrounded by heavily armed deputies and a few entered the barn. The few men in the barn sought to escape without success.

A search of the place resulted in the finding of a large quantity of "Red literature"—half a ton, it was said,—in which the flag of anarchy was extolled and the prediction made that the extremists would rule the world.

The deputies also found the names of 187 men, supposed to be members of (Continued on page eight.)

## PRETTY BABY HAS SEVERAL SPLENDID FEATURES IN PLAY

**Attraction Will be Presented at White's Theatre Tonight, Is Stated.**

Jimmie Hodges' new 1919 version of "Pretty Baby" which comes to White's Theatre tonight, October 8th. Ceases to be a warning for the safety of one's pedal extremities after the first glimpse of the curtain an invitation to the wildest delirium of syncope that has ever been offered and which will lure any audience into rare good humor, the entertainment is called "the musical comedy of the hour in two acts," which inadequately describes the array of headlines who are seen in their most fetching specialties with frills aplenty; the maze of lively terpsichorean stunts, the lavish and luxurious costumes and seven elaborate mountings of piece.

When the ball starts rolling there is a carefully suggested plot which has to do with a young lady one year wed, who on finding out via a letter that her husband has been trifling from his own hearth succeeds in winning him back to the straight and narrow path with the aid of a droll servant. Among the original principals are Eddie Raye, Eva Lappin, Johnnie O'Neil, Tom Williams, Norman Condy, Ted Shaffer, Eddie O'Neil, and the usual handsome well-dressed, well trained singing and dancing dixie chorus.

## SUPERSTITION HAS BEEN TURNED INTO PRACTICAL USAGES

**Agricultural Superstition, Experts Claim, to be of Great Assistance.**  
**OLD MAXIMS FOUND TO CONTAIN SOUND IDEAS**  
**Helpful Information to Science Discovered in Father to Son Sayings.**

Washington, Oct. 8.—The problem of taking agricultural superstitions into scientific data is being studied by experts of the department of agriculture, who declare that many old maxims handed down from father to son for generations are not really superstitions at all, but helpful information discovered by keenly observant persons.

Everybody has heard some of the old maxims. They deal with every variety of agricultural operation. Bean planting, for instance, never was done by the forefathers of the present generation except at the time of the blossoming of the blackberry bushes. When the catkins had formed on the maple trees, it was a sign from nature that early gardening might commence. And toward the close of the season, warning of frost was given by the maturing of cockleburrs.

Now, the department of agriculture, declares that there is a best time for every farm and garden operation and that some tree or shrub or plant indicates that time more accurately than all the scientific instruments can register it. It is those signs which were noted by the pioneers who laid the foundations of this country and recorded in the simple sayings handed down to posterity. Soon they will be dignified with the scientific name of "phenomena." (Continued on page eight.)

## LONDONERS TRYING TO DIVIDE POSTAL AND WIRE SERVICE

**Separation of Postoffice and Telephone Exchange Is Desired by All.**

London, Oct. 8.—Several London newspapers are conducting a campaign to bring about the separation of England's telephone service from post office department control. These papers cite the highly efficient telephone systems of the United States as an example of what might be accomplished in England.

In one year, one large American telephone company installed more new phones than have been added to London's system in forty years, one of these papers declares.

A telephone is a prized possession in what relatively few London homes have them. A resident of the British capital cannot have a telephone simply by ordering it. Lack of equipment and personnel has made expansion of the city's telephone service in arrears of requirements. A person holding a telephone contract and intending to leave the city usually advertises in a newspaper the fact and invites offers of premiums, as he has the privilege of sub-letting his contract. Contracts have been transferred for premiums from \$200 to \$500.

## KING OF BELGIANS RUNS LOCOMOTIVE OF SPECIAL TRAIN

**King Albert Gets in Cab and Runs Engine for About ten Miles, Said.**  
**RUNS BIG MOGUL WITH BIG DISPLAY OF SKILL**  
**Traveled Unofficially With Queen and Son Through Ohio and Indiana.**

Chicago, Oct. 8.—The king of the Belgians today ran the engine of his own train for ten miles. The special train on which the king and his party are travelling westward was stopped at Wauson, Ohio, while his majesty climbed into the cab of the engine and took over the throttle from the grimy pilot. The king, who has a thorough knowledge of locomotive engineering, ran the heavy train for ten miles without a jolt. Then he stopped the engine and returned to his car.

The king, travelling "unofficially" with his queen and the Duke of Brabant, passed through Ohio and Indiana today en route to California. The train was stopped an hour at Toledo, the home of Brand Whitlock, American ambassador to Belgium, where the party received an enthusiastic welcome. The stop was made by the king as a personal friend of Mr. Whitlock and not as an official visit.

At Toledo the royal party was driven from the station to the Museum of Art where there was an address of welcome by Mayor Schreiber, a brief response by the king and a few words of greeting to his townsmen by Mr. Whitlock. The route from the station to the museum was lined with citizens and thousands were banded around the building. Boy Scouts who reinforced the city policemen had a hard time holding back the throngs but they struggled manfully and did a good job of it. While their majesties were receiving the committee appointed to welcome, three little girls, the oldest about eight and the youngest not more than three, presented the queen with flowers. Her majesty received them graciously after Virginia Willis, the oldest, had started bravely with a little speech, but forgot the last of it. Elizabeth bent and kissed all three of them.

In his response to the address of welcome, the king said he appreciated the splendid feeling found in Toledo. There exists between Toledo and all Belgians a tie, and a very strong one, he said, in the person of Mr. Whitlock. "Every citizen of Belgium loves Mr. Whitlock, as well as any citizen of Toledo," he declared.

## NICHOLAI LENINE IS UNDER ARREST ACCORDING TO REPORTS

London, Oct. 8.—Advices to Helsingfors, Finland report that Nikolai Lenine, the Russian Bolshevik premier, has been placed under arrest in Moscow, according to the Exchange Telegraph to a Copenhagen correspondent. ## INSTANT ACTION IS URGED IN MEETING NATION INDUSTRY

Public Representative Desirous  
of Speeding Up Industrial  
Conference.

GATHERING MET FIRST  
IN WASHINGTON CITY

Baruch, Personal Friend of  
Wilson, Active in Direct-  
ing Affairs.

Washington, Oct. 7.—Representatives of the public evinced a spirited desire for action, rather than oratory, at the opening session today of the industrial conference called by President Wilson.

Apparently with the determination of differentiating this conference from many similar gatherings held in Washington the public's delegates demanded that sessions be held night and day, if necessary, to establish a basis for harmonious relations between capital and labor during the present abnormal economic conditions. Bernard M. Baruch, of New York, one of these delegates, was active in directing the affairs of the conference, which was considered significant in view of his close friendship with President Wilson and his frequent visits to the White House.

After the appointment of committees on nominations and rules, the conference adjourned to meet tomorrow morning. Gavin McNab, of San Francisco, a representative of the public, was mentioned prominently for permanent chairman of the conference, but members of both committees declined to indicate what their recommendations would be.

A motion to adjourn by W. D. Mahon, one of the delegates of the American Federation of Labor, brought the first indication that the men named to represent the public, were prepared to force results. Thomas L. Chadbourne, of New York, who sat with Mr. Baruch, took the floor immediately.

"All the men on both sides and in the middle of this hall," he said, referring to the seating arrangement whereby the delegates of capital and labor were on either hand of the public's seats, "are here to work as rapidly as possible and to adjourn as little as possible; and I know that the men in the middle of this situation want to carry on these conference day and night if necessary to get through. I would like very much to see the motion changed so we can meet again this afternoon or evening."

## CRIME IS SAID TO BE ON INCREASE IN GERMAN LOCALITIES

Great Wave of Crime Occasioning Alarm in Many Parts of Country.

ROBBERIES BECOMING  
OF GREAT SERIOUSNESS

Various Schemes Concocted in Carrying Out Villany in Hun Districts.

Berlin, Oct. 7.—Germany has increasingly taken to crime since the revolution, and the once orderly empire, where pickpockets were almost unknown and holdups and robberies created a sensation, is undergoing an epidemic of crime. Probably no system has proved more effective than, in these days of uncertainty and change, playing the official or impersonating a soldier, or a policeman.

Recently two clever criminals who discovered that a certain man had concealed in his house 115 thousand-mark notes of the old type and liable to confiscation had frightened him into surrendering the money on the promise of escaping prosecution.

A real official, who had nosed out the plot, entered just in time to see the transfer of the money and reality did confiscate it, besides arresting the three men.

More successful was another false official scheme. Here a group succeeded in inducing a man who had hoarded fifty thousand-mark bills to sell them at a handsome profit. The deal was in progress when fellow conspirators, posing as officials, appeared confiscated the money and robbed the

TUESDAY, OCT. 7TH, 1919.

Race clashes occurring in many sections of the country bring calm-minded people face to face with questions which have heretofore been given very little consideration, if any at all, and consequently the time for action in remedying the deplorable state of affairs has come. Dissension among both races is appalling; particularly so among ignorant classes of negroes who have yielded to misleading influences of propaganda circulated in their midst intentionally, and invariably, with desired effect. Promise of increased recognition, greater social standards and ease from financial worries from the principal argument in part of the literature, and while in numerous cases more enlightened persons have failed to give credence to the exaggerated arguments, others have yielded to the argument, bringing about circumstances which in many instances have proven extremely alarming in scope. No one can dispute the effect of the accursed doctrine; its dangerousness has been fully in evidence for the past several days, and as a result civilization is being threatened in a way never before paralleled. To meet the situation unusual tact is a definite requisite, an absolute necessity, therefore persuasion of influential colored persons must be brought to bear in every way, while that of the white race, divining the misconception and confused sense of illiterates also must be brought in play, firmly and without thought of failure of accomplishing the purpose in view. The undertaking is a great one, but when convinced of the futility of continued unrest, the misled ones certainly will be glad to resume former stations in life with greater contentedness.

Pitt county people should make every effort possible to assist local ministers in their plans to raise an endowment fund for the proposed establishment of a memorial hospital. The endowment fund is to be raised by the ministerial association, including members of every denomination, and as their efforts directly express the sentiment of appreciative people certainly nothing more than success can be anticipated. The institution will indeed be a splendid tribute in honor of those of our country who participated so

courageously in the world war, and a more fitting token of public appreciation could not be imagined than in providing a place where suffering humanity may be relieved, and many a heart made glad in the knowledge that noble deeds of war sufferers will be perpetuated. Success in this issue, even the greatest kind of success, certainly cannot be more than a mild expression of gratitude for the achievements of Pitt county heroes, and if those who did not return were here to speak for themselves past experiences of bloodshed and ruthlessness of warfare invariably would cause them to approve of the proposed hospital and help in its establishment.

While it was no doubt surprising to the people of England to learn of the sudden ending of the great railroad strike which has brought about a most serious situation in that county for the past several days, there is every reason to believe there are thousands of workmen and the government coming about as it did in a time when practically the entire county was on the brink of revolution, did not come any too soon, in fact from past indications it is more than certain that union leaders were contemplating unusually severe measure in obtaining their desires, and although they have not yet been definitely assured of receiving such, enough encouragement

has passed into the disorganized factions to cause them to believe in future results. England has displayed a splendid spirit in dealing with eventualities over which not even the government at the time had the slightest control, and the fact extremities and most inauspicious circumstances were avoided is a matter of no little consideration. All nations eventually must learn the lesson resulting from discontented citizenship of the working class, and when this has been forcibly impressed upon the minds of public officials, it is to be hoped future efforts will have a dominant note of discouragement in every action in interest of the masses.

The laugh is certainly on those fellows in the senate who tried to make political capital out of the few gifts admirers gave President Wilson when he was in Europe. Hoy the reputed millions of dollars worth did dwindle when the list was published.

Two brothers running against each other for mayor of Charlotte ought to make a contest of unusual interest. At any rate one cannot say anything against the other without divulging family affairs.

**— and from there we went to Japan"**

Talk about adventures!  
Men in the Navy come home with the kind of experiences that most chaps read of only in the books.  
Here's your chance!  
Uncle Sam has, as you know, a big Navy and gives red-blooded young fellows like you an opportunity to step aboard and "shove off".  
What will you get out of it?  
Just this:  
A chance to rub elbows with foreign folks in strange parts of the world.  
The chance for good honest work on shipboard—the kind of work that teaches you something real; the kind of work that puts

beef on your shoulders and hair on your chest.  
You will get 30 care-free vacation days a year, not counting shore leave in home or foreign ports.  
You will have the kind of comradeship in travel that sailors know.  
You will have regular pay; over and above your meals, lodging and your first uniform outfit—good stuff all of it.  
You can join for two years. When you get through you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.  
There's a Recruiting Station right near you. If you don't know where it is, your Postmaster will be glad to tell you.

To any Father and Mother—  
In the Navy your boy's food, health, work and play, and moral welfare are looked after by responsible experts.

**DEPARTMENT OF WOMAN'S CLUB WILL MEET TOMORROW**

The department of Health and Education of the Woman's Club will meet Thursday afternoon at 4 o'clock in the Chamber of Commerce rooms.

**THE ROUND TABLE CLUB ENTERTAINED BY MRS. S. J. EVERETT**

Mrs. S. J. Everett was at home to the Round Table Tuesday afternoon. Every member enjoyed thoroughly the hospitality of again being together in this most hospitable home. Mrs. H. E. Austin, guest of the occasion added another pleasure. The program was a continuation of the study of the Grecian Islands.

Mrs. H. L. Carr gave an interesting paper on the Isle of Crete, Mrs. Fitzgerald told some wonderful interesting historical facts about the Isle of Cyprus. Mrs. Ricks gave a reading from The Odyssey, preceded by an introduction, outlining the story and then relating the bearing of Homers writings upon the Mediterranean Islands.

The hostess assisted by Miss Madeline Higgs and Miss Bradley served a beautiful desert course.

**MRS. JOHN CHEEK DIES AT HOME NEAR WINTERVILLE**

Mrs. John Cheek died at her home near Winterville this afternoon after a long illness. Several months ago her health began failing and she was sent to a sanatorium, but she improved so slowly that she returned home.

Mrs. Cheek was before her marriage Miss Verna McLawhorn, the daughter of Mr. Lorenzo McLawhorn of the Winterville section.

She is survived by her husband, one son and one sister.

The funeral services will be conducted at her late home tomorrow afternoon the interment taking place in the family burying ground near Winterville.

**END OF THE CENTURY CLUB MET WITH MRS. J. L. WOOTEN**

Mrs. John Wooten was hostess to the End of the Century Club on Tuesday afternoon. It was a most enjoyable meeting both from a literary and a social point of view.

Plans for the year's work were discussed and the club voted to continue its donation to the library and support a French orphan for the year 1920. Mrs. George Cooper, of London, England, was a visitor and in a charming and interesting manner gave a brief sketch of the part she played in the late war. Mrs. Cooper held a responsible position in the American Red Cross.

The subject for the year's study will be "The Modern Drama." Miss May Muddy made a talk in Greek Drama as a background for Modern Drama. She gave the origin of the drama and its evolution up to the present time. The Greek drama is being revived. In Berkeley, California, there is a Greek Theatre and every spring they hold a Greek festival. It was at this theatre that Margaret Angling made such a wonderful interpretation of the character of Medea.

Any one can say that their Furs are made of "carefully selected skins, skillfully fashioned, and smartly designed" yet few assertions of this sort carry any assurance of credence from the reader. ### KOREANS RECEIVE ATTENTION OF THE JAPANESE MISSION

#### Resolution Adopted Pertaining to Recent Sufferings of the People.

Kanizawa, Japan, Oct. 7.—The conference of Federated Missions of Japan has adopted resolutions concerning the disturbance in Korea, declaring that "we have been forced to believe that the reports are substantially true and that the people of Korea have endured sufferings which are unjust and unnecessary."

These sufferings in resolutions add, might easily be ended once for all if the methods of administration were divested "of that harshness and cruelty which are so strangely at variance with the high and enlightened principles according to which Japan proper is now governed and with the kindheartedness in which Japan, as a people, abounds."

The resolutions express faith that the Japanese government will inaugurate a more just system. They add: "We bear testimony to the passion for enlightenment which is an indomitable impulse throughout the heart of the nation, and which has brought about such general progress during the half century since Japan was opened to the world."

"We have rejoiced in the many improvements brought about in Korea since that country came under the authority of the Japanese government. We do not wish to condone any mistakes the Korean people may have made nor disregard the inherent difficulty always attached to such an administrative task as that in hand in Korea."

Let us wish to give clear and public expression to our unmingled sympathy with those of the Korean people to whom recent troubles have brought cruel and unmerited suffering. And we wish to give our moral support and this is the chief reason for making this statement—to any steps looking to a real and permanent bettering of conditions in Korea."

#### FUTURE WITH LIBERTY BONDS.

"In this age of unrest, it is good business policy to safeguard our future responsibilities with government securities." That represents the attitude of the order of maintenance employees, an organization of railway men, expressed through its president, W. V. Stafford.

The stand taken by the order was expressed in a communication from Mr. Stafford to the Savings Division of the treasury department announcing that the organization had purchased \$10,000 in Liberty Bonds in the open market. These purchases were not isolated investments but followed the general financial policy of the railway employees. Mr. Stafford declared Liberty Bonds would be sound as long as anything is sound, and that if the majority of Americans hold these securities, they necessarily must be interested in the stability of the government.

## MEXICO OBSTINATE IN POSITION TAKEN ON OIL QUESTIONS

Association of Producers Think  
Carranza Government is  
Justified.

### CONFISCATION THOUGHT TO BE ABSOLUTELY RIGHT

Washington, Oct. 7.—In formal representations filed with the State department, the Association of Producers of petroleum takes issue with recent declarations made in Mexico City by Leon Salinas, acting head of the Mexican department of industry and commerce and Chief of the Oil Bureau of that department, justifying the Carranza government's attitude on the confiscation question. Beside refuting statements by Salinas, the petroleum producers again charge that the acts of the Carranza government against, which they complain, are in violation of the laws of Mexico itself and in contravention of the accepted laws or nations.

"It is admitted" says the statement "that the question of proprietorship of coal lands in Mexico and the Spanish colonies was subject of contention; but nowhere in the Spanish grants or subsequent ordinances of the Spanish Crown was petroleum treated as the King's patrimony or the property of the nation. If any contention did exist it was set at rest in Mexico by the Mining law of 1884.

"Before this date neither coal nor petroleum had been developed in Mexico at all; the law of 1884 simply cleared up a matter in question. From that time therefore, rights to coal and oil were acquired by Americans under this law and the laws to the same effect of 1892 and 1910. By the expenditure of vast amounts of money, American individuals and companies have given a value to these lands relying upon the laws of Mexico. Their tenure was never questioned; in fact it was repeatedly ratified by acts of Mexican courts and the Mexican government

## KISS FLAG BEFORE BEING FORCED OUT OF VIRGINIA TOWN

(Continued from page 10)  
the organization meeting in the barn.  
Immediately deputies were sent out  
and the men were rounded up in the  
public square. There was one fight  
after another in bringing the men to  
the square, and even after they were  
corralled, there was resistance when  
the deputies gave them the option of  
kissing the flag or going to jail.  
A big American flag was strung  
across the street over their heads while  
another flag was used for the kissing.  
Most of the men were Finns and they  
were told in their native tongue that  
they must kiss the flag or remain in  
custody. Protests came from many but  
they were in vain. Some voluntarily  
took hold of the flag and buried their  
faces in it. The men were then in-  
formed that they must leave town.  
Again there was a protest from many  
but they were escorted to the town  
limits, nevertheless, and ordered to  
leave.

## SUPERSTITION HAS BEEN TURNED INTO PRACTICAL USAGES

(Continued from page 10)  
ology," which is the science of phenom-  
ena.  
Collection of natural signs into the  
science of phenology probably was  
began with a campaign against the  
Hessian fly. Experts were endeavoring  
to determine the best time for  
planting wheat so that the sowing  
would be late enough to prevent ruin  
by the pest and yet early enough for  
the grain to get a start before cold  
weather. It was easy enough to work  
out the general rule that the season  
varies four days for each one degree  
of latitude; five degrees of longitude and  
400 feet of altitude, but as now two  
seasons are just the same, the rule  
could tell only approximately when the  
farmer should do his sowing.

In seeking for a more exact guide,  
Dr. A. D. Hopkins, of the department,  
forsook the cold realm of scientific  
formulæ for "back to nature" infor-  
mation. As plants respond to climatic

conditions and not to dates, it was de-  
cided that some natural indication  
would give the information desired. It  
is now claimed that observation has  
proved that the best time for sowing  
wheat is that period between the full  
blooming of tall late goldenrod and the  
time when the white, common Japanese  
clematis flowers are nearly all gone or  
the leaves are distinctly colored on the  
dogwood and hickories.  
What has been done for wheat will  
be done for other crops, but the work-  
ing out of the signs will be a slow  
process. Meanwhile, every farmer and  
even the city gardener, have their own  
guides at hand, if they have eyes to  
see. Thus has the superstitions and  
folklore of days called primitive been  
justified by the advanced science of

The hot weather of the past week  
is giving place to some that is more  
comfortable.

Heater for the approaching winter. It will  
not only help you to enjoy a comfortably  
heated house, but invariably saves money  
at the coal pile. Cole's Hot Blast makes  
the coal pile last, and as all fuel has ad-  
vanced considerably for the winter the  
only way to cut the bill at the coal pile.

Come in and let us show you over our  
splendid selection of stoves, for our stock  
is complete. :-: :-: :-: :-:

## QUINN-MILLER & CO

# SELL AT GORMANS

The sales are much smaller today. Our Tuesday's sale of 64,000 pounds was very satisfactory and several of our customers told us we made them the best sale they had ever made. We made one customer \$125.00 on 1360 pounds which he "took in" from another house Monday. IT PAYS TO CELL AT GORMAN'S. It took over six months to raise your crop and we believe it pays to take time to ell, letting a judge of tobacco do the selling?

WE HAVE 2ND SALE THURSDAY AND 1ST SALE FRIDAY.
